"OUT IN THE WEST, WHERE THE AIR IS PURE, THE CLIMATE AGREEABLE, AND THE PEOPLE FRIENDLY—THE BEST PLACE ON EARTH TO CALL HOME"

VOL 12 \$2.00 per Year OZONA, CROCKETT COUNTY, TEXAS, THURSDAY, OCTOBER 29, 1925 5 cents per Copy NO. 27

RIFLE CLUB ORGANIZES

At a meeting held in the District Court room last Tuesday night, several citizens of the town organized the Ozona Rifle Club. This club has for its purpose the advancement of individual members in the way of perfecting themselves in the art of pistol and rifle shooting.

The club will be associated with and a component part of the National Rifle Association, an organization that is endorsed by the Federal government as being the best in its line. All arms, ammunition and other necessary equipment will be furnished by the government free of cost to the local club. The allotment of arms to the club will consist of one .30 cal. Springfield rifle and one .22 target of best make for each five men in the club. Ammunition will be issued in the amount of 120 rounds of .30 cartridges and 200 rounds of target ammunition per man for the year. Other equipment will be issued proportionately.

It is proposed to enroll twenty men as charter members of the club, at the present time there being fourteen men enrolled, with the prospect of having several more before the end of the week.

Another meeting of the club was held Thursday night at which time the club organization was perfected, and the following officers were elected.

President, Rev. H. C. Slaughter Vice-President, Richard Flowers

Secretary, Jack Sawyer Treasurer, Floyd Harrison. Custodian, Rex Russell.

To date, the following have been enrolled as members.

M. H. Parker, who promoted the organization; Rex Russell, Jack Sawyer, Floyd Harrison, Richard Flowers, Earl Brownrigg, Royce Brownrigg, Johnnie Hokit, Rev. Slaughter, Homer Adams, Bud Luxton, Allan McKinney, Arthur McKinney, and Jim Chapman, Jr. Other names will be added as they are secured.

For the purpose of hearing the report of the various committees named, another meeting will be held Monday night in the Court room at 7:30 o'clock, to which both members and others who are interested are urged to come. The Monday night meeting will be particularly interesting for those who are desirous of joining the club, yet don't know what it is all about. On that night, the By-Laws committee will report the result of their efforts to frame a suitable set of By-Laws which will govern the actions of the club and individual members.

Questions concerning the work of the club and its organization will be gladly answered.

No public roads in my pastures, and anyone driving stock through my pastures without my permission will be liable for damages. Robert Massie.

We are prepared to make you exceptionally good prices on all your cash purchases. It will pay you to investigate our prices before buying elsewhere. We have the goods and can make prices to suit you. Chris Meinecke & Son.

GOOD P. T. A. MEETING HELD

The subject of "Religious and Moral Training in Home and School" drew the largest audience ever recorded by the local Parent-Teacher Association. The good showing in attendance was a fitting compliment to an unusually high quality program rendition. Every speaker was present and well prepared.

Different grades of the school offered a prelude of hymns, psalm readings, concert prayers and Bible stories.

Mrs. Arthur Hoover proved a most capable program leader. Her talk on "Foundation Stones in Character Building" was practical, clear and convincing. She stressed especially the inculcation of such virtues as truthfulness, honesty, modesty, and sincerity in the training of youth.

Miss Edwards summarized the religious work actually done in the elementary school and indicated needed additional instruction. She pointed out that only one Bible is to be found in the entire school and insisted that each room should possess a Bible as the foundation stone of its library. (This point scored heavily with two men who were present—one of whom was a Board member. The result was a conference with the superintendent and a recommendation from the board member that a Bible for each room be purchased. Miss Edwards pointed out that religious school programs preceding the main program could not show all the moral and religious training being done in the school, but that even if all such training could be sampled much would still be found lacking. Miss Edwards stressed the necessity of right teacher example.

Principal McNeil spoke for the high school. He admitted that little was being done in the way of direct religious instruction in the high school, but he insisted that much such training of an indirect nature is being given every day. He pointed out the daily moral precepts derived in English classes, the daily walk of Christian teachers, citizenship training, and the general disciplinary effect of the school makes for practical moral-

ity and religion.

Elder Cook climaxed the discussion with a forceful address on "Moral and Religious Training in the Home." He expressed agreeable surprise at finding so much work of a religious nature being done in the schools—the popular belief being that the public school is a pagan, godless institution. He insisted, however, that the school is under no compulsion for doing religious work—such work belonging primarily to the home and church. Only when the home fails or in order to supplement the work of the home is the teacher under obligation to undertake religious instruction. He referred to the practice of Mineral Wells, among other Texas towns, of allowing one period each week for pupils to go to the church of their choice and receive religious instruction. The school management welcomes this suggestion, and extends an invitation to Ozona church people to put this idea into practice. This is the Gary idea of religious instruction.

The last thirty minutes was given over to refreshments and a social good time. The faculty served patrons and the Junior Class. (This class was a guest of the Association during the entire program. The class is commended for its attentive attitude during the whole of a long program that must have been a little "heavy" for adolescents.) Members of the Junior Class assisted a teacher committee in serving apricot ice and cakes. Miss Thompson was chairman of this committee, energetically assisted by Miss Davis and Miss Fussell.

The following teachers and patrons were checked by the Secretary as present at this meeting. The large attendance, it will be noted, is beginning to evidence a masculine streak. Men are especially urged to be present at these meetings: Mesdames E. D. Burke, Lee Childress, Hugh Childress, Walter Childress, T. E. Cobb, Harry J. Friend, F. F. Friend, Laura Hoover, A. C. Hoover, Paul Hallcomb, Ben Ingham, Myrtle Kirkpatrick, Clay Montgomery, F. Schwalbe, Max Schneemann, Pat Lee, Strick Harvick, Roy Miller,

1—View during the conflagration that destroyed the Japanese parliament buildings. 2—Vice President Dawes, addressing New Jersey National Guardsmen at Elizabeth and renewing his attack on the senate rules. 3—Major General Leleme, commandant of the marine corps, laying wreath on statue of Count Pulaski on one hundred and forty-sixth anniversary of the Polish patriot's death.

Rob Miller, W. B. Green, Elma Graves, Albert Kay, S. G. Jones, A. E. Deland; Misses Hassie Davis, Lula Mae Evans, Chitwood, Campbell, Edwards, Benton, Kederli, Fussell; Rev. Cook; Messrs. W. W. Childress, Pink Robison, Minatra, McNeil, Kirkpatrick, and Holcombe.

S. P. TO CHANGE LOCATION

From the News.

One of the most interesting incidents of years occurred recently in the Railroad Commission monthly hearing when the man who succeeded Bean of Langtry as "Law West of the Pecos," testified and the members of the commission placed questions covering reminiscences. He was W. H. Dodd, who has lived west of the Pecos for thirty years, twenty-eight of which have been spent in Langtry. He was the only man with Judge Roy Bean when the latter died nineteen years ago in the rear of his saloon in Langtry after a protracted visit in Del Rio. Roy Bean is buried in a Del Rio cemetery, Mr. Dodd said, and a daughter placed a tombstone there some time ago.

After Bean died, Mr. Dodd was made Justice of the Peace, and held the place fifteen years. He was postmaster for nearly fifteen years, and is now. Mr. Dodd is an Englishman and re-

tains the accent of his native country. He speaks most interestingly of the West and the early incidents of that section. The old sign still adorns the front of Roy Bean's saloon which is easily seen from the car windows. It reads: "Judge Bean, Law West of the Pecos." Chairman Gilmoer asked for a photograph of the old place showing the sign, and Mr. Dodd promised to send it.

Mr. Dodd was witness in behalf of the Southern Pacific's application to change nearly fourteen miles of its track between Osman and Langtry to a new location and he said there was no objection to it. The rails now run south of Bean's place but when changed will be 500 yards north and near the main highway. Passengers on transcontinental trains will not be able to see the historic old landmark and scene of many stirring events. Bean station will be abandoned, but the old saloon is in Langtry.

Southern Pacific officials testified that the new route will save nearly five miles, place the track on the ridges above recurring washouts, eliminate many curves reducing the maximum from ten degrees to 3 degrees and do away with about 4,252 feet of bridges, the new maximum to have but sixty feet of open space.

Lee Wilson was a visitor to Dallas this week on business.

M. H. Parker left this week for a business visit to Plainview, to be gone for a week or ten days.

Everybody is getting a Radiola now. Why not let us demonstrate one of the new Radiolas in your home, at no cost or obligation? The sets will sell themselves; we only want you to hear one in your home. Come in and ask us a few questions about radios. It's our hobby. We guarantee that there is more entertainment per square inch in a Radiola than any other one thing you can put in your home. And remember that every set is guaranteed to be just as represented. You must be satisfied at all hazards.

Wilson Motor Co.

"FROZE AND BUSTED"

That's what is liable to happen to your Radiator some night if you forget and leave the water in it. We can insure you against all damage and worry by filling your car with the proper amount of "Anti-Freeze." We guarantee this not to evaporate or damage your cooling system in any way. The mixture with glycerine base with other absolutely harmless ingredients. We use it because it is recommended by some of the leading car manufacturers, and all that we ask of you is to let us test same all along to see that none has leaked out thereby weakening same. It does not evaporate, and has much higher boiling point than straight alcohol.

Better have your car filled now and run no risk. We are anxious to test your radiator at any time for you free. May we serve you?

Wilson Motor Co.

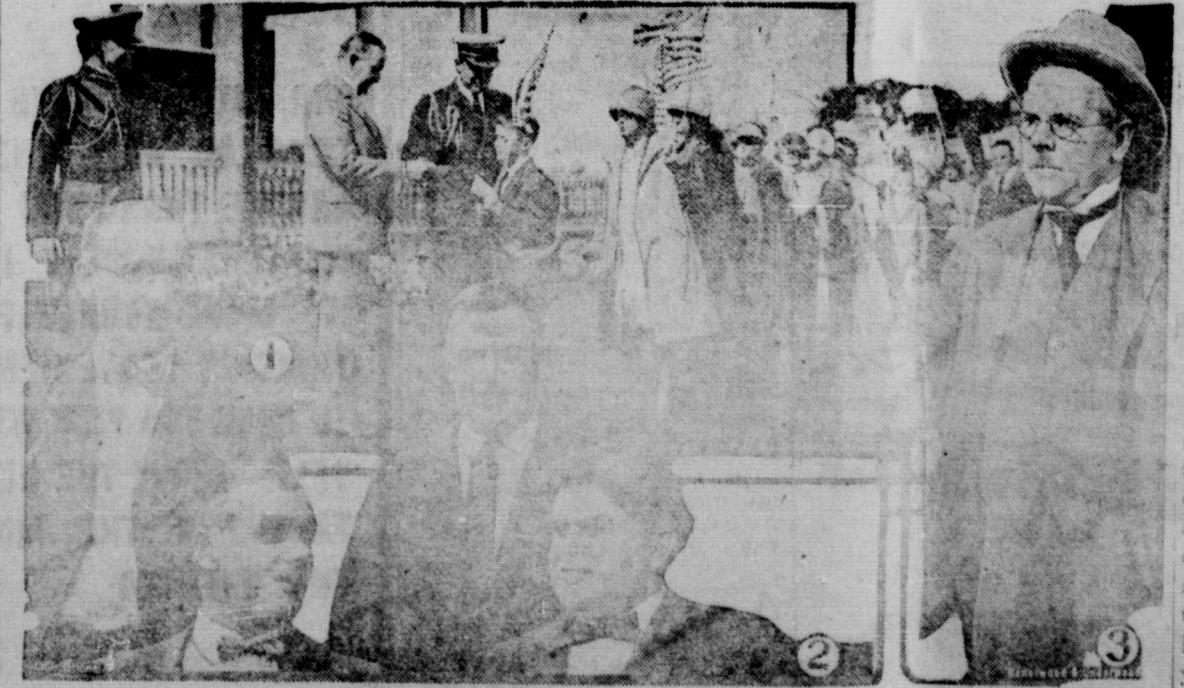

ROCKSPRINGS WINS GAME

In spite of the fact that the team fought hard and well, Ozona met defeat at the hands of the football team of the Rocksprings High School, last Saturday afternoon on the local field. Rocksprings won the game in the first few minutes of play, when they got away for a goal and kicked extra point, giving them a score of seven. Since Ozona failed to score, the scoring ended after the one touchdown, as Rocksprings was held after the touchdown, and the game ended 7 to 0 in the visitors' favor.

The last quarter, and part of the third quarter, was played in a heavy rain, which interfered to a great extent with the playing, as the water made the field heavy and slick. In the pinches, Ozona line held grimly, and no costly playmates were made against the local team.

Brown of Rocksprings was the outstanding player for the visitors, while Carleton Phillips, Taylor, Childress and Edward Deland played consistently for Ozona, as did also North and Young.

FOR SALE—Native raised Rambouillet Rams at my ranch near Mertzon, Texas. Will E. Newton.

1—President Coolidge presenting medals to New Bedford school children for proficiency in English. 2—Directors of the anthracite strike, left to right, below: Vice President Phillip Murray and President Lewis of the United Mine Workers; above: C. Murray, director general of roads and chairman of the London traffic committee, in the United States studying handling of traffic in the principal cities.

THE OZONA STOCKMAN

Published Every Thursday Morning at Ozona, Texas, the County Seat of Crockett County, by

R. J. COOKE OWNER AND PUBLISHER
JOHN H. SAWYER EDITOR AND MANAGER

Entered at the Post Office at Ozona, Texas, as Second Class Mail Matter under Act of Congress, March 3rd, 1879

OFFICIAL ORGAN AND ONLY PAPER IN CROCKETT COUNTY.

Subscription Rates, in Advance: One Year, \$2.00; 6 Months \$1.00

ADVERTISING RATES FURNISHED UPON APPLICATION.

Ozona, Texas Thursday, Oct. 29, 1925.

A CHRISTMAS EDITION IS PROPOSED

Following the custom established a year ago, The Stockman will endeavor to issue a Christmas edition of the paper that will be somewhat above the average edition. To do this, we must have the full cooperation of the people of the town. We believe that the merchants and other business men of the town will cooperate to the extent of subscribing for a liberal amount of advertising in that issue. A representative of The Stockman will call on you within the next few days and solicit from you as much advertising as you can legitimately and conscientiously afford to use. Of course, the more you use the better it will be for us, but we are asking that you use just enough for your particular line of endeavor or business, and no more.

Last year we issued a 16-page special edition, which was well received, and, judging from the reception accorded our initial effort, we believe that with a little more liberality on the part of the patrons of the paper, the issue for this year can be doubled over that of last year.

The paper will follow the same general lines of makeup that was followed last year, will be covered with a special Christmas cover in colors, and will be made as attractive as our knowledge of printing and our resources in this hop will permit. The edition will be issued the week before Christmas, in order that advertisers may receive some good for the money expended in advertising, and that they may not lose money by advertising in a paper that will be issued so near to Christmas that readers will not be enabled to take advantage of the messages found in the advertising.

If you are a believer in advertising, or if you believe in your town and its institutions, you are urged to be as liberal as possible in the amount of space that you use.

It is our intention, as stated above, to issue a paper at least twice the size of our last Christmas edition, but in order to do that every business man and firm of Ozona must be extraordinarily liberal in the use of advertising space. Our rates for advertising will be extremely reasonable, considering the character of the paper that we intend to issue, and we believe that only will your money be well spent, but that the paper itself will do great good in boosting the town in localities outside of Crockett county that are not familiar with the town and progressive people that make up its citizenship.

If you want to see your town boosted, while at the same time you may boost your own business to your own advantage and benefit, give us as much advertising space as you possibly can for our big Christmas edition. It will be money well spent in more ways than one.

JUST A STATEMENT OF FACTS

Owing to lack of help in the office, coupled with an unusually heavy run of job work, we are far behind in our newspaper work, and are not issuing a paper of which we are more than proud. Without making any apologies to anyone, we are permitted, we hope, to say that we realize our

shortcomings in a newspaper sense, know what is the remedy, and state that we are now making arrangements to correct as many defects as possible in as short a time as possible. By the first of the year we hope to have everything in condition adequate help that we may take care of any demands that may be made upon us.

OZONA HAS TWO RIFLE CLUBS ORGANIZED

Something different from the usual run of events is seen in the organization of the Ozona Rifle Club. This club, composed of citizens of the town who have seen military service in some cases and of others who have not been so fortunate (or unfortunate, depending upon the viewpoint of the individual) was organized last Tuesday night under the leadership of M. H. Parker, who acted in the capacity of promoter. Those who were present and enrolled as charter members were, in a majority of cases, very enthusiastic toward the club as providing a means for entertainment that otherwise would be lacking, and at the same time working for the physical development of the individual.

With the High School Rifle Club, Ozona now possesses two distinct rifle organizations, the purpose of which is to develop the individual members of the clubs in rifle and pistol shooting proficiency and at the same time make it worth while through the awarding of prizes and medals for individual ability.

The two clubs are directly associated with and a part of the National Rifle Association, which organization has the endorsement and backing of the National Government to the extent that arms and ammunition are furnished to each club by the government. The members of the clubs here are not members of the National Rifle Association, but are engaged for membership upon payment of a small additional fee to the Association. However, each individual member of the local club is recognized by the N. R. A. and is eligible for competition in shooting matches and contests arranged and sponsored by the association. Taken from every viewpoint, the clubs are a fine thing for the citizens of the town who are interested in that sort of activity, and have the hearty and complete endorsement of the Stockman, as well as of the editor individually.

WINTER IS JUST AROUND THE CORNER

The first real breath of winter touched Ozona this week with a norther that arrived Wednesday and Wednesday afternoon freezing temperatures were reported from parts of the county to the north. Just as a matter of interest, the editor since coming to Ozona has kept a record of first frosts that came to Ozona, and we present them herewith for your perusal: 1919, night of November 9; 1920, night of October 27; 1921, no record; 1922, night of October 31; 1923, night of October 17; 1924, night of September 29. Last year, we had our first frost at an unusually early date, the cause for which we do not know. So far this year, Ozona has no frost, although several of the northern sections of the State reported frost for Wednesday morning of this week.

NO SETTLEMENT of the French debt was reached because M. Caillaux was unable to offer terms that the American commission would accept, and the negotiations have been suspended indefinitely, the French mission returning to Paris. However, a temporary arrangement was proposed by Secretary of the Treasury Mellon and this was carried back by M. Caillaux for submission to the French parliament, which probably will agree to it gladly. This plan is that France shall pay the United States \$40,000,000 a year for five years and that at the expiration of that period the discussion of the definite funding of the debt shall be resumed. The sum suggested amounts to 1 per cent interest on the total French debt with accrued interest. In reality the payments by France would be increased only \$20,000,000, as she has been paying a like sum annually as interest on the A. E. F. war stocks she purchased in 1919.

M. Caillaux could not commit himself on the American offer, because, as he explained, he was vested with full powers to reach a conclusive settlement but held no mandate to sign a temporary makeshift agreement. But he assured Mr. Mellon he would support the plan before parliament.

Caillaux's final offer, which was found unacceptable, was that France should pay \$40,000,000 annually for the first five years, \$30,000,000 annually for the following seven years, and \$100,000,000 annually for the next 56 years, thus spreading payments over 68 years. To this was attached a "security clause" providing that France might at any time reopen the question and attempt to show that the terms should be revised owing to her incapacity to carry them out. This was objectionable to the Americans, especially to Senator Smoot, and rejection of the offer followed. Senator Borah took a hand in the affair by going to the White House and warning the President not to permit the American commission to grant to France easier terms than were granted to Great Britain. Both he and Senator Smoot told Mr. Coolidge there would be violent opposition in the senate to any such settlement as Caillaux proposed. Mr. Borah was highly displeased, also, by the makeshift plan of Mr. Mellon.

TECHITCHERIN, soviet foreign minister, balked in his attempt to persuade Germany to stand with Russia against western Europe, it is now said by Baltic diplomats to be trying to unite Russia, Poland and Turkey in an anti-English bloc. He was in Warsaw recently and induced the Poles to instruct their delegation in Moscow to begin negotiations for a political agreement. This is worrying the Baltic states considerably. Techitchev then went to Berlin to discuss a Russo-German trade treaty.

SECRETARY OF AGRICULTURE JARDINE is getting tired of waiting for the Chicago board of trade to "take steps to prevent price fluctuations" causes wild price fluctuations. Last week he issued another warning, saying: "A failure on the part of the board to take these steps immediately will leave me no alternative but to inaugurate action looking to suspension or revocation of the designation of the Chicago board of trade as a contract market."

COMMUNIST of Great Britain fared badly in the national congress of the Labor party in Liverpool, and the more conservative elements carried out their expressed determination to rid the party of the Reds entirely. Chairman Cramp in his opening speech declared the Communists were a hindrance to the labor movement and traitors to its tradition. The Reds met their first defeat when the congress by a tremendous majority refused to reverse a vote of last year by which members of the Communist party were excluded from membership in the constituent Labor party. Former Prime Minister Ramsay MacDonald, J. H. Thomas, leader of the railway men, and the chiefs of the miners all took severe whacks at the Reds, and the latter brought on their final and conclusive defeat when they demanded that Macdonald apologize to Russia for the action of his foreign office in making public the notorious Zinovieff letter just before the last election.

YOUNG Robert M. LaFollette, Jr., had a walkover in the Wisconsin election to fill the vacancy in the United States senate caused by the death of his father. His majority over the field was about 2 to 1. E. F. Dethmar of Milwaukee, who was the only "regular" Republican candidate after Roy P. Wilcox had been forced out by the national organization, ran second but never threatened the winner. The votes for the others were negligible.

GOV. AL SMITH'S campaign for the Democratic presidential nomination in 1928 was actually launched at a big picnic of the Cook county, Illinois, Democracy in Chicago. The popular New Yorker in his speech especially attacked the economy record of the Coolidge administration and promised to do much better in that line if he were sent to the White House. He made a great hit with the 100,000 persons who heard him.

ANOTHER misfortune befell the navy in the ramming and sinking of the submarine S-51 about twenty miles from Block Island. Struck by the steamship City of Rome, she sank immediately and of her crew of 301 men only three were saved. Every effort to save the men imprisoned at the vessel's hull was made, but in vain, largely because of stormy weather and swift tides. After several days divers brought up the bodies of two of the victims, and operations

to recover the others and to raise the submarine were continued. Blame for the distressing accident has not yet been fixed.

TAKING advantage of general dissatisfaction with the high rents imposed on poor householders in Panama City, the Reds there promoted a series of bloody riots which the local police were unable to stop. Therefore President Chiari called on the United States for help and three battalions of the Thirty-third infantry from Fort Clayton, in the Canal Zone, entered the city and took command of the situation. About this first thing the Yanks did was to raid the Bolshevik headquarters. One of the Reds was killed by leaping from a window. Quiet was restored in a day or so and business was resumed, but the clubs and schools were kept closed by the Americans. Printers and signers of incendiary proclamations were arrested. The Panama government recognized that there was reason for complaint of high rents and President Chiari persuaded the landlords to promise a reduction of 10

per cent for the cheaper dwellings. The American troops, which were commanded by Brig. Gen. C. H. Martin, it was announced would remain in the city until the landlords and tenants had reached a definite settlement.

We can give you as good prices as anyone for your cash. If you want to do a straight cash business, it will pay you to investigate our prices. If we can't equal prices of others for cash, There's a Reason."

BAPTIST ANNIVERSARY DAY

As mentioned briefly in our last two issues, the Baptists of Ozona will observe the first Sunday in November as Anniversary Day, in commemoration of the first year's pastorate of Rev. Slaughter, which will terminate on that date.

As a means of more properly observing the day, a program of interest has been arranged, including, among other things, a dinner at the church house, and an all-day get-together meeting. Rev. Slaughter, to show his appreciation of the spirit making the observance of the day possible, has given assurance that it will be intention to give his audience one of the best sermons that he has ever preached, and since he has preached several extra good ones since coming to Ozona, those who are present can be assured of receiving a message that will be well worth the time they spend listening to him.

It is urged that those Baptists who find themselves in town on that day stay over and make the most of the opportunity offered to get acquainted again with fellow church members. If you are on the ranch and know about the occasion, come in and make merry for the day.

Compare these Better BUICK Sedans with "Coaches"

These finer closed cars are built on the famous Buick chassis with the 21-year-proved, 60 and 75 horsepower Buick Valve-in-Head engines. Extra power!

And they have the famous "Sealed Chassis" and the new "Triple Sealed Engine." No other car, regardless of price, furnishes this completeness of protection for driving parts.

And these Buicks have the characteristic Buick charm of body profile. They are finished in Duco. They seat five full-grown people in roomy comfort. They have the Fisher VV one-piece, ventilating windshield, automatic windshield wiper, and a host of like necessities. Buick's exacting closed car standards prevail in their Fisher-built bodies.

Come in and see how much superior these Better Buick Sedans are to "Coaches", before you spend your money!

See that Aermotor Windmill
at Chris Meinecke's. The kind
that oils itself.

I have a line of fall millinery
on hand, and anyone desiring the
latest styles in fall and winter
hats can get same by calling at
my residence at Mrs. M. E.
Smith's. Prices are very reason-
able, and the hats are well
made and sure to please. A va-
riety of styles will be found so
that almost anyone can be fitted.
Mrs. J. H. Sawyer.

PROTESTANT Episcopalians in their triennial convention in New Orleans have been attracting a lot of attention. In the first place the conviction of Bishop William M. Brown on charges of heresy was confirmed by the house of bishops and, despite his resort to the civil courts, he was deposed from the ministry. Then the house of deputies voted to exclude the word "obey" from the marriage service and the proposal went to the bishops for acceptance or rejection. Next, the church abandoned its practice of filling the place of presiding bishop in accordance with seniority of consecration and resorted for the first time to election. Bishop Brent of western New York and Bishop Gallor of Tennessee were the leading candidates but neither could command a majority. Finally as a compromise Rt. Rev. John Murray, bishop of Maryland, was elected. He is sixty-eight years old and is classed as a conservative.

OF MANY witnesses heard by the aircraft board last week, the most interesting was Rear Admiral William S. Sims, retired. As has always been his habit he "talked right out in meeting," devoting his remarks especially to the Navy department and his administration at present and in recent years. This he described as "unreasonable, unscientific and unutilitarian," and he respectfully but unmistakably let the board know that his opinion of Secretary Wilbur was nothing for that official to be proud of. The department's conservatism in the matter of new weapons, marksmanship and other advances he described as unutterably stupid. He urged the necessity of a definite aircraft policy, asserting that the Navy department has not and never has had such a policy. He praised Colonel Mitchell but disapproved of his proposal for a separate air force. Four generals of the army, Summerall, Ely, Drum and Parker, also disagreed with the Mitchell plan and Ely said officers who were asking it were not playing the game because they were not supporting the other arms of the service in time of peace and lacked loyalty and discipline. All agreed that the doughboy is and always will be the decisive element in warfare.

ON THURSDAY the new prohibition enforcement machinery devised by Assistant Secretary Andrews of the Treasury department went into full operation, and as a starter in the way of economy two thousand prohibition agents and employees of the service were severed from their jobs. Some of these will be reappointed. Mr. Andrews has announced that the administrators would be held responsible for the conduct of their forces, and that they would be given a free hand in naming their subordinates in order that the latter could, in turn be held responsible to them.

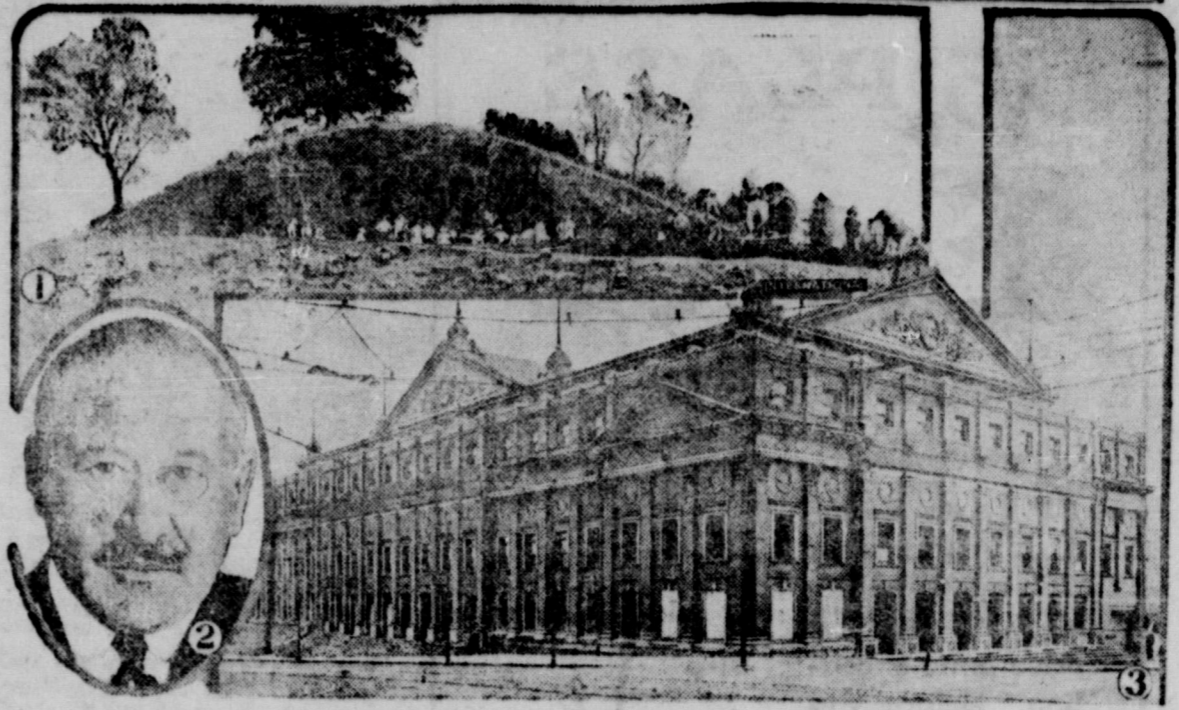

OVER the protest of Chairman O'Connor, the federal shipping board rescinded the resolutions designed to divorce the Fleet corporation from the board and readopted a resolution of 1921 under which the board keeps full control over the actions of the corporation. President Palmer of the corporation is likely to resign, for it is understood he accepted the office on condition that he have certain authority. Chicago business men are asking that the shipping board be abolished.

FOR SALE—Native raised Rambouillet Rams at my ranch near Mertzon, Texas.
12-41 Will E. Newton.

Cheap for Cash is what we offer you on everything we carry. Let us demonstrate our ability to save you money on your cash business. It will mean money in your pocket to investigate. C. Meinecke & Son.

1—West end of the Pricer mound at Bainbridge, Ohio, where excavators are finding great stores of treasures of prehistoric Americans. 2—Julius Rosenwald, Chicago philanthropist, who has pledged \$1,000,000 to fund for relief of Jews in other countries. 3—Omaha Municipal Auditorium in which the American Legion's national convention will meet October 5.

You Can Build a Charming Home Yet Keep the Cost Low

SMALL HOMES may be simple but not plain— inexpensive but not ugly. These shown on this page are little jewels, yet their cost was moderate and upkeep nothing for painting and repairs. They will be a source of pleasure and cost satisfaction to their owners as long as they live. These are fine examples of the limitless architectural possibilities with "CREO-DIPT" Stained Shingles for homes of all sizes.

"CREO-DIPT" Stained Shingles are made only of selected first quality cedar. They are Nature's own building materials, stained with Nature's own pigments and are made practically indestructible with Nature's own preservative—creosote. They are not expensive and have values not to be found in substitute materials. They will not curl, warp, rot nor fade out in streaks. The open market does not afford such quality in either stain or shingles.

"CREO-DIPT" Stained Shingles

You have a choice of 30 shades of greens, reds, browns, grays and white, 16, 18 or 24 inches long to meet limitless variety of architectural designs for both roofs and side walls.
