Rains Fairly General Over This Section

Timely Inch To Two Inch Falls Cover Wide Territory: Fine For Winter Pasturage

Following on the heels of the more or less spotted rains of Tuesday night, heavy general rains covering practically all of this portion of West Texas drenched the section Wednesday and Thursday. The rain extended nearly 500 miles west of Sander son and well over the stock raising sections to the east.

Stockmen in the Ozona section are wearing broad smiles, with soaking rains amounting to a round two inches blanketing the territory. Practically every ranch has been definitely relieved of the prevailing drought.

Falling slowly throughout the night and soaking into the ground, a fairly general rain, Tuesday night covered considerable territory in Crockett and adjoining counties, breaking what had begun to be a young drought in parts of the territory. Ozona enjoyed a fall amounting to more than an inch and water was standing several inches deep in many parts of the town. The rain extended in practically every direction from here and averaged from an inch to two inches.

Ranchmen living between here and Sheffield reported that the fall did not extend more than a few miles from Ozona in that direction but Sheffield reported a two inch rain. Jumo received a quarter inch of moisture and Barnhart and Sonora both report a good rains. San Angelo had not received any rain Wednesday morning but the skies were cloudy and indicate that the fall was not over.

To the south of Ozona, the Rob and Roy Miller ranches were left dry. The Miller Bros. have been skipped by the rain gods since last September and have had to move a considerable portion of their stock from the range. The Howard Well ranch was also skipped by the Tuesday night fall. Neither did Will Odom have any rain.

Baptist Assn. Opens Session

Eleven Towns Represented At Del Rio Uvalde Association Meeting

The Ladies Auxiliary of the Del Rio-Uvalde Baptist Association which is holding its annual meeting in Ozona this year, held their services on Wednesday prior to the meeting of the association proper which does not begin until Thursday.

The association is a large one. The Auxiliary has representatives in the twenty persons present of ten towns besides Ozona. They are: Hondo, Knippa, Uvalde, Del Rio, Eagle Pass, Spofford Comstock, Jumo, Carter Valley, and Kock Springs. Besides these towns which belong to the organization Belton and Brownwood are represented by Mrs. Susie Dalton, an instructor of Baylor College, and Dr. E. Godbold, an instructor of Howard Payne.

Chapel Exercises At School Interesting

Several interesting chapel exercises have been held at the Ozona school during the last few days. Last week an enjoyable musical program was arranged by Rev. James V. Reid, who has been holding a song revival at the Methodist church. Rev. Reid played a patriotic melody on the piano and a number of old time airs playing them as they used to be played and as they are played today.

At the Wednesday morning exercises, Mrs. W. E. West delivered an interesting lecture on Paris based on her experiences during her travel in European countries last summer. Tuesday morning at 11 o'clock the pupils of the Junior and Senior high divisions of the Ozona school went in a body to the Methodist church where special services were held under the direction of the Rev. James V. Reid, song revivalist.

PRAIRIE DOG NOTICE

Be it remembered that on the 18th day of September, A. D. 1925 the Honorable Commissioners Court met in Regular Session all members present except Com. J. W. Owens and the following Order was passed:

It appearing to the Court that the prairie dog is popular in Crockett County to a ruinous extent, and it seems to the Court judging from the complaints that this pest should take some official action under the statute to the end that this nuisance be wiped out of Crockett County; but the Court is of the opinion that the severity of the law if strictly followed by this Court might work unnecessary expense and hardship on owners and lessees it is considered best to make and pass this order rather by way of notice and warning, that all prairie dogs must be exterminated and that at the regular meeting of this Court in February 1927, this Court will pass an order under the Prairie Dog Statute enforcing same so far as Crockett County is concerned.

This Court, believing and expecting cooperation of land lease owners and desiring to assist in any reasonable way, has applied to the Commissioner of Agriculture for written formulas and suggestions as to the best ascertained mixtures and methods proper and necessary leading to such extermination, and this asked-for information when received will be placed on file in the clerk's office at Ozona subject to the inspection of all; and the Clerk of this Court is ordered to mail copies to any making written request for same. It is further ordered that this order be published in the Ozona Stockman for ten issues.

Ozona To Meet Eldorado Sat. On Local Grid

Local Hi Warriors In Good Trim, Flush With Victory Over Rocksprings

Still tingling with the 13 to 12 victory of last Saturday over Rocksprings, the Purple and Gold grid warriors will go into the fray again on their own grounds Saturday of this week against Eldorado, confident of and determined to avenge the 24 to 0 defeat administered by that team on the Eldorado field early in the season.

The fourth game of the season will start at 7 o'clock and the Ozones are planning to even the count, not only with Eldorado, but for the season's contests to date. So far the team has lost two and won one, and if they drag down a win Saturday the count will be evened.

A well aimed toe saved the day for the Purple and Gold last Saturday, each quad ringing up two touchdowns. Ozona kicked after both, while Rocksprings missed one. Ozona's first marker came on the second play of the game. The local received the kick and on the famous Bayler hidden ball play, Capt. Robt. Augustine, right end, skirted the end for a long broken field run to the goal line.

The most sensational play of the game was a 103 yard run for a touchdown made by Clayton McCollum of the locals. The Ozona battlers were backed up against their own goal line fighting valiantly to stave off what seemed a certain touchdown by their opponents, when Rocksprings attempted a pass across the goal line for a touchdown. McCollum intercepted the pass and "it out" or better than the length of the field and the winning touchdown.

Rocksprings' first touchdown came as a result of the advance from a 15 yard penalty and a long pass. The second marker for the visitors was gained on straight bucks which carried them to within striking distance of the goal and a long pass across the goal line. Several fumbles by both sides marred the game somewhat but the locals showed considerable improvement over the first two games. They are being put through long daily workouts by Coach M. Creary and are in fine condition for Saturday's contest.

The Ozona lineup in Saturday's game was as follows: Sap left end, D. Phillips, left tackle, Lee, left guard; Deland, center; Bunker, right guard; Grimmer, right tackle; Capt. Augustine, right end; A. Kyle, quarter; McCollum, left half; C. McCallum, right half; Weaver, fullback; Substitutes, W. Kyle for Weaver, Graves for Phillips.

TRUCK WRECKED

A brand new truck, belonging to Roger Dudley and driven by Grady Jolly, was wrecked on the Sheffield Hill Monday night when Jolly lost control of the machine and it crashed into the wall of the steep embankment, skirting the road. Jolly escaped without injury. The steering gear on the truck is understood to have gone wrong, the machine heading straight for the bank.

Work Is Started On New Smith Building

Work of actual construction on the Smith building on the corner across from the Dudley Garage was started Wednesday morning and it is expected that the building will be ready for occupancy within thirty days. Mr. Smith will establish a branch drug store and confectionery.

The walls have been completed on both the Perner and Oberkamp buildings and the next two or three weeks will see both of these structures completed, according to contractors.

SENIOR CARNIVAL OPENS AT PARK SATURDAY NIGHT

The annual Ozona Senior Carnival to be given by the class of '27 in the city park, will open at 7 o'clock Saturday night with a round of games that will show up Cony island as a piker, according to officers of the class.

Among the features of the carnival will be the famous IF TA, the mystery of the show. If you don't see Ipta you are going to miss a treat, the seniors declare. Other attractions will be rollette wheels, bareback riders, a movie actress, fortune telling, a grab bag and an honest-to-goodness baby show.

In last week's Stockman it was stated that M. J. Read had purchased the Harry Friend home here in Ozona and was coming here to live. This was erroneous due to a misreading. Mr. Read has purchased the Harry Friend ranch about 15 miles southeast of here. Mr. and Mrs. Read are coming to Ozona to make their home, however, he says.

Tom Gilbert Is New Poundmaster

Issues Warning To Owners Of Stock Animals Running At Large To Be Impounded

Tom Gilbert was appointed pound master for the town of Ozona to enforce the stock law here. The appointment was made by the Crockett county commissioners court at its regular session Monday.

Ozona has had a stock law in effect for several years but during the last year the county has been unable to get anybody to serve as pound master. Mr. Gilbert has agreed to act in that capacity and has sent out warnings to owners of stock that hereafter the law will be strictly enforced and all stock found running at large will be impounded.

The commissioners also appointed Joe Cardwell deputy sheep inspector under J. W. Owens. Mr. Cardwell has been acting in the capacity of deputy inspector since September 15, the court this week confirming his appointment. The inspectors are charged with the duty of inspecting all sheep and goats moving into or across the county for communicable diseases, issuing permits for those free of diseases and barring those infected.

The reports of Tax Collector Augustine, Treasurer Casbeer and Sheriff Augustine were approved by the court and the following bills were approved and ordered paid: Ozona Stockman \$6 and \$49.91, Holcomb Blanton, \$7.50; Ozona Garage \$26.65; Stafford Lowdon Co. \$49.80; and W. H. Augustine \$41.20; and Thos. E. Burke \$5.80.

See 14th Senior Carnival, Saturday October 16.

Lee Wilson, proprietor of the Wilson Motor Company plans to take V.S. Wilson to Terpie this week end where she will be under a physician's care.

Let us clean that white sweater before cold weather gets here. Our "Continuous Flow" system of dry cleaning will make it snow white again. —Adv.

Big Vote Expected In Election Here Saturday City Plans Are Outlined

First Service Held Tuesday In New Church

Methodists Have Appropriately Exercises At Opening Of Beautiful Structure

Tuesday night October 13, the beautiful new Methodist church was opened. By seven thirty the whole house including the balcony was full. The officials of the church: L. B. Cox, W. R. Baggett, John Bailey, Victor Pierce, W. W. Childress, N. W. Graham, Hugh Childress, Will Odom, C. C. Minatra, and Chas. E. Davidson occupied the rostrum with the pastor, Rev. Stanley Haver.

The formal opening was followed by an impressive service in which representatives of different organizations connected in some way with the church each came to the altar with a banner with a word upon it. John Bishop represented the school with a small banner with the word VISION; Judge Davidson represented the HELPFULNESS; the Church of Christ was represented by Miss Cook with LOVE; Mrs. Cal Wood had BROTHERHOOD for the Baptist Church; Miss Marie Doty, ALL FOR CHRIST for the Epworth League; Will Baggett SERVICE for the building committee; L. B. Cox, SELF SACRIFICE for the board of stewards; Victor Pierce, FAITH for the trustees; Mrs. John Bailey, HUMILITY for the cabinet; Mrs. Joe Pierce, CHARITY for the Missionary Society; Will Odom, PRAYER for the Sunday School; and Mrs. Pleas Childress, COOPERATION for the friends in San Angelo who have contributed to the building. The banners were draped on the chancel rail as each person passed.

In the song service that followed the congregation engaged in an old fashioned Methodist hand shaking. Rev. Stanley Haver then conducted the regular services of the revival now in progress.

Shaw Bros. Buy 12,000 Lambs In Terrel Co.

Eleven Ranchers Dispose Of Crop To California Buyers At 10 Cents Pound

C. H. Shaw of Shaw Bros. of Brawley, Calif., has been located at Sander son, Texas, since October 1 shipping out 1200 head of lambs he had purchased in Terrell county from a number of ranchmen in that section, according to P. T. Robinson, ranchman living near Sander son.

Shaw Bros. purchased lambs from the following: Meates Corder, Cecil Arvin, Alton and Hargrave, Bustin Cannon, Virgil Waters, Jim Fred, P. T. Robinson, Walter Smith, Albert Appell, Pascal Odom and Fred Montgomery. The price paid was 10 cents a pound, the animals weighing from 58 to 70 pounds. P. T. Robinson has delivered at the windmill tank 2500 mutton goats recently sold to Belcher Bros. and Montague of Del Rio, who will pasture them on their Terrell county ranch near Watkins on the S. P., recently purchased by them. The price was private.

A fairly heavy vote is expected in the election here Saturday to decide the question of whether or not the town of Ozona shall be incorporated. Considerable interest is being manifested in the matter, according to W. E. Smith, whose name headed a list of 75 voters signing a petition asking the commissioners court to call such an election. The voting will take place in the district courtroom, the polls being opened during the usual hours. Ballots and other election supplies have been prepared and everything in readiness for the balloting.

Stories have been circulated recently, Mr. Smith declared, to the effect that a prohibitive tax could be levied by the city commission in the event the voters favor incorporation of the town. This is erroneous, Mr. Smith said, the commission being empowered to levy a maximum tax of only 25 cents. The body will not necessarily levy a 25 cent tax, but that is the maximum amount it can levy. Any amount above that rate must be approved by the tax payers at the polls before the commission will have authority to levy it.

Another rumor that has been circulated, according to leaders of the movement, is that if the election carries, it will be unlawful for residents to keep cows within the city limits. This also is erroneous. A city ordinance regulating the practice of allowing stock to run at large will be no different from the present stock law now in force here, it was pointed out, barring only stock running at large on property of another without the owner's consent.

It is the hope of the leaders of the incorporation movement to bring about the laying of an 8 inch water main down the main street, installing adequate fire plugs to furnish fire protection, construction of a water reservoir on the hill to furnish pressure. The saving in insurance premiums would almost pay for this improvement, it was pointed out.

A city health organization is another ambition of the incorporation advocates. Dr. G. L. Coates has volunteered to serve for a period of one year without cost to the taxpayers. Health regulations will be passed to make the city more sanitary and to eliminate mosquito breeding places. A street paving program is not included in the immediate plans of the backers of the move, it was declared, the cost of this work being too great just at this time to consider in the initial plans of the city. Some street improvement, however, would be included in the program.

An urgent appeal has been sent out to all qualified voters to go to the polls Saturday and cast their vote to the end that the decision registered there might be a majority opinion.

Chris Meinecke, who was injured in an automobile crash last week, is able to be at his store this week. He is carrying his arm in a sling, but says he is getting along fine.

SHEARING COMPLETED

Fall shearing has about been completed in Crockett county, according to ranchmen, and with movement of the lamb crop about completed, ranch forces are settling back to comfort until cold weather sets in.

The wool market has been holding up fairly well, it is reported, with long wool giving promise of becoming firmer. Mohair is holding up strong.

John Williams of Terrell county has shipped out his entire lamb crop weighing out at an average of 75 1/2 pounds.

THE OZONA STOCKMAN

Published Every Thursday Morning at Ozona, Texas, the County Seat of Crockett County, by

W. EVART WHITE EDITOR and PUBLISHER

Entered at the Post Office at Ozona, Texas, as Second Class Mail Matter under Act of Congress, March 3rd, 1879.

Ozona, Texas, Thursday, Oct. 14, 1926.

Occasionally we hear of a silent hero, one of those fellows who go about doing things and saying little or nothing about it. It seems that several such have been unearthed in Ozona. In fact in this case it is an organization that might be termed a silent hero—the Ozona Cemetery Association.

A small band of faithful workers in the cemetery association have accomplished some things that deserve shouting from the house tops, yet there has been little said recently. Quite by accident, the fact has come to light that this little group of workers has been instrumental in making improvements at the Ozona cemetery that will be a lasting monument to their earnestness and long effort.

The association has sunk a well set up a windmill and laid a network of pipes all over the cemetery for the purpose of watering trees and flowers. The well, fortunately, was a fine producer, according to the president, Mrs. Judge Montgomery, and will be sufficient to furnish abundant water to keep the plot in splendid condition.

A big surface tank has been dug and walled in and is now full ready for use. Heretofore it has been impossible to do anything toward beautifying the cemetery, with no water, but with this improvement it will be possible to make the local cemetery one of the prettiest in the state, members of the association declare.

But those members who have been actively behind this work have reached the point where the situation is becoming critical. As is often the case, the membership of the organization has lapsed into a sort of lethargy and barely take time to applaud the good work of some other member to say nothing of doing anything themselves. And not only does the association need some action from its present members, but it needs new members. Every family that has a loved one buried in the cemetery should be interested enough in the appearance of this hallowed plot to become a member of the association and to lend a hand in beautifying the place.

In other words, the Cemetery Association is in need of a little more pep and a lot of new members. And the Stockman would like to do its bit by recruiting members and prospect

ive members of the situation and urging them to enlist not only their moral support but their active cooperation that the good work now being done by the association might be continued.

Since last week a light has been mounted on top of one of the concrete light posts on Main street. As it happened, this post is the same one that Chris Meinicke had difficulty in passing recently, a difficulty which nearly cost him his life. A call is hereby issued for some three or four volunteers to run into the other posts and see if lights will not be placed on them. Don't crowd, men.

If Mike Couch ever needs a testimonial as to the quality of his baked chickens, the conduct of this column will rise up ready to furnish it. Mike sensed our propensity for chicken and furnished us a good old fashioned Sunday dinner, whereupon we revived our old love.

There are a few essentials for the development of any community, a few rules that must be followed by the community as a whole if that community is to grow and prosper. One of the broadest and most essential of these community attributes is civic pride, a sense of civic obligation. Where there is no civic pride there is no civic development. There might be rare cases in which a town is forged ahead simply through force of circumstances out the steady, dependable and certain growth is brought about by concerted effort on the part of the citizen ship, a wide awake interest in the community's future and a willingness to work shoulder to shoulder for its development.

"Where there is not vision the people perish." Vision and a determination to reach the goal is what builds cities. Of course, there must be the background. With the background, there is certainty of development if there is a sense of civic pride and obligation, a vision and determination.

Ozona probably has one of the most promising backgrounds of any community in this section of the state. And its people have a certain amount of civic pride and determination. Vision and a sense of civic obligation are probably the two ingredients most needed for community development. A civic pride that would prompt the citizenship of Ozona

to buy from local enterprises everything that they need that can be bought here, going away for nothing except what cannot be secured here would be a step in the right direction. Ozona merchants deserve the patronage of Ozona people. They are here to serve you and they spend their money at home. Every dollar that is spent elsewhere is a dollar squandered that might have been invested in civic development.

In every community there are those staunch builders who in the face of a general indifference go right ahead piling their energy into the mill of progress, shouldering the complete load of community welfare. These are men of vision and determination. Ozona has many of them, but she needs the entire community to get behind her to maintain the pace that has already been set. Ozona is on the road to still further development, development that will come easier now perhaps than at any other time if only an enthusiastic interest can be awakened to keep the tide always at

flood stage. Let's pave these streets, next.

It's not a question of - Can I afford it? It's a question of - Can I afford not to.

CASH prices will save you money even when borrowed at the bank at 10 per cent. That's not THEORY -- it's FACT.

Don't think your credit merchant is robbing you--he isn't. "The proof is in the pudding." You don't see any of them floating in the clouds.

But the point is -- he must get more money for his wares -- to insure him against loss -- but it's pretty high insurance. YOU pay it.

We aim to help make Ozona a trade CENTER. It isn't now. Our BIG SISTER, SAN ANGELO, is.

The value of a dollar depends on its purchasing power. How far does yours go? "It's not what you make, but what you save." Are you saving on your groceries.

It is from the consumer's standpoint as well as our own that we make the move to cash basis. SERVICE is our keynote, and if we see a major change in policy will enhance it -- we can't change quickly enough.

Merchandising, unlike Ranching, is very much of a competitive proposition. Unlike, in that the former is immediately tangible, and the latter grapples with foreign competition and economic forces.

Our cash prices will not mean a price fight. We will merely equalize our operating expenses, to a faster turnover. Last year our turnover was only 18. A CASH Store's Turnover averages Forty per year. By that you can see why prices may be lowered and still show a reasonable compensation to the merchant.

Get your lips puckered for a long whistle on November first, because cash prices will be a radical change over the old basis when reckoned on percentage.

REMEDY FOR SNAKEBITE
As for what to do if bitten, observe these rules: Adv.

1. If you have a knife or sharp instrument at hand when bitten, open the wound larger so it will bleed freely, and thereby urge out some of the poison.

2. If possible, cord the bite off at once and suck the poison out with the mouth or with a cupping instrument. If you have a sore in the mouth or on the lips do not try to suck the poison out, otherwise there is no danger.

3. In cording off the bite, use a handkerchief or a belt for the cord, running a stick through it so it can be twisted and tightened.

4. Let the cord stay on a few minutes, then slacken for half a minute, then tighten again for a few minutes and then slacken. Do this several times before taking it off altogether.

5. Do not under any circumstances give the patient whiskey.

6. Give aromatic spirits of ammonia in teaspoonful doses every half hour.

7. Permanganate of potash can be put in the wound with probably some benefit. This can be secured from your druggist. —The Progressive Farmer.

Great Personages of the Bible

By REV. LEONARD A. BARRETT

Bartimaeus

BARTIMAEUS was blind. Blindness was very common in the East, due largely to sand dust and the hot rays of the sun. Congenital blindness was quite rare. Bartimaeus was not only blind, he was a beggar. "He sat by the roadside begging." While thus seeking alms from those who passed by, he overheard conversations regarding the coming of one named Jesus. Instantly he shouted as loud as he could so that Jesus would be sure to hear him. "Jesus, thou Son of David, have mercy on me." Some persons in the crowd, having been attracted to him by his persistent shouting, tried to make him keep quiet, but the more he shouted the more he became heard by Jesus, who had come near to the place where Bartimaeus was sitting. Those who heard Jesus ask that Bartimaeus be brought to him, encouraging words to Bartimaeus, saying that Jesus wanted to see him. "He of good comfort arise; He calleth thee." Bartimaeus did not lose any time. He got up at once and went as fast as he could to where Jesus was spending. When Jesus saw him He asked him what he could do for him. Bartimaeus answered that he wanted to be able to see. When sight was restored to him he was so grateful that immediately he joined the crowd of those who surrounded Jesus and was one of the group of people which followed Him from town to town.

Wonder what the sensations were when Bartimaeus first saw this beautiful world. Did you ever try to sit down for an hour and not open your eyes? It is a very difficult thing to do for most people. Imagine what a trial it must be for a person to have to go through a whole lifetime and not be able to see. Should sight be restored to them the experience must certainly be wonderful. Wonder what the sensations are when for the first time a person born blind looks into a human face. Wonder what his thoughts are when for the first time he is permitted to see a beautiful flower, a large oak tree, a dense forest, or a wonderful sunset. Blessings which are so common and natural we do not appreciate until deprived of them. If we were compelled to give up all the senses except one, which one would we keep? Would we not rather part with the sense of hearing, smell, taste, and touch before we would be willing to part with sight? An appreciation of the everyday common blessings of life brings a satisfaction and peace which cannot otherwise be obtained. Gratitude for these blessings expressed in service, especially to those who may have been deprived of them, is one more link in promoting the brotherhood of man. "Highest art is highest ministry to human need."

The following poem is by Longfellow.

When Bartimaeus at the gate of Jericho in darkness walked; He heard the crowd—he hears a break; He hears the cry—"Christ of Nazareth!" And he calls in tones of agony "Thou Son of David, have mercy on me."

The shouting multitude increased; "Blessed Bartimaeus, hold thy peace!" But still above the noisy crowd The beggar's cry is shrill and loud; "Thou Son of David, have mercy on me. Thou Son of David, have mercy on me."

Then said the Christ, as silent stands the crowd, "What wilt thou do if I should restore thee sight?" And he replies, "Oh, give me sight! I desire to follow the blind man's sight!" And Jesus answered, "Thou wilt follow me?—Thou wilt follow me?"

Then said the Christ, as silent stands the crowd, "What wilt thou do if I should restore thee sight?" And he replies, "Oh, give me sight! I desire to follow the blind man's sight!" And Jesus answered, "Thou wilt follow me?—Thou wilt follow me?"

Point of Contrast

One great distinction I appeared to perceive in seeing plainly between even the most beautiful faults of our older people and the false beauty of the modern world. In the former, from Jesus to Caligula, we had the most fantastic and unworldly thoughts, but in the most pure and genuine mother England, in the latter the most obvious thing in language the most fantastic and arbitrary. Our faulty older people sacrificed the position and position of power to the subtleties of the intellect and to the starts of wit; the moderns to the glare and glitter of the intellect, yet broken and heterogeneous fragments, or rather to an ambitious something made up half of humor and half of abstract meaning. The one sacrificed the heart to the head, the other both heart and head to pride and display.—Coleridge.

London Digs Up Old Roman

London has found new traces of a Roman town. His name was T. C. ... He lived about nineteen hundred years ago. His name appeared in the excavations for the new Bank building in Threadneedle Street. Twenty-eight feet below the surface of the ground, where several Roman wells are known to exist, the Italian wine cask about which Pencil's nose was found in the case, burned and broken up by the old cypress. CITATION By PUBLICATION

The State Of Texas.

To the Sheriff or any Constable of Crockett County—Greeting:

You are hereby commanded to summon A. E. Harp by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Crockett County, to be holden at the Court House thereof, in Ozona, Texas, on the 4th Monday in October A. D. 1926, the same being the 25th day of October A. D. 1926, then and there to answer a petition filed in said Court on the 14th day of September A. D. 1926, in a suit, numbered on the docket of said Court No. 404, wherein Mrs. Kate E. Moseley and husband M. C. Moseley are Plaintiffs, and A. E. Harp is Defendant and a brief statement of plaintiff's cause of action being as follows:

To cancel mineral deed or contract; to remove cloud from title and for damages, plaintiff alleging that she, Mrs. Kate E. Moseley, was the owner in fee to the following described land on Feb. 5, 1924, to-wit:

Section 6 Block 31 Certificate 38-4249 640 Acres in Crockett and Crane County; Section 14 Block 51 Certificate 38-4253 640 Acres in Crockett County; Section 12 Block 31 Certificate 38-4252 640 Acres in Crockett County;

Section 8 Block 31 Certificate 38-4250 640 Acres in Crockett County; 4250 640 Acres in Crockett County; Section 2 Block 35 Certificate 45-6337 124.8 Acres in Crane County; all of same being originally granted to the H. & T. C. Ry. Co.; that on said last mentioned date plaintiff conveyed said lands to B. P. Nolen, reserving one-half of the oil, gas and minerals in said lands, but granting to said Nolen the exclusive right to make oil, gas or mineral leases on same, said deed being of record in Vol. 27, page 43 of deed records of Crockett County, Texas, that on March 9th, 1925, defendant A. E. Harp represented to plaintiff that he wanted to buy her one-half interest in said minerals in said lands at \$7.00 per acre offering to pay for same before April 1st, 1925, and presented to plaintiff a deed to that effect and asked that she sign same and place same in escrow until she received the said consideration; plaintiff states that she did not have her glasses, could not and did not read same, that it was not explained to her by notary public nor did he ask her if she signed same willingly and did not wish to retract it, and that she never in fact executed any instrument conveying to A. E. Harp her mineral holdings in said lands; plaintiff states that there is of record in Vol. 40 pages 474-475 of deed records of Crockett County, Texas, an instrument which purports to have been signed by herself and husband conveying said mineral rights in said lands to A. E. Harp for \$165 consideration; plaintiff denies she signed same, or that she ever received the one dollar mentioned in said instrument; that said instrument is a cloud on her title and she asks that same be expunged; that the whole transaction was fraudulent and disgraceful; that plaintiff has been injured by reason of said instrument and said cloud on her title in the sum of \$10,000.00, and that same was fraudulently obtained and placed of record; that the residence of defendant is wholly unknown to plaintiff, that the original instrument cannot be found by plaintiff and she gives notice to defendant that if he does not produce said original instrument in the trial of said case she will use certified copies in lieu of the original evidence wherefore plaintiff prays that defendant be cited as required by law to appear and answer herein, that she have judgment concerning said fraudulent instrument, that same may be held for aught for judgment against said A. E. Harp for actual damages in the sum of \$10,000.00, and that she have peral damages in the sum of \$50,000.00, and that she have judgment for her costs of this suit and for such other and further writs as to the Court may seem just and proper.

Herein Fail N't but have before said Court, at its next regular term this writ with you return thereon showing how you have executed the same. Given under my hand and seal

For the ninth consecutive year Buick has won first choice of space at the National Automobile Shows. This is Leadership! For this honor goes annually to the member of the National Automobile Chamber of Commerce with the year's largest volume of business. For any other car to equal this would mean retaining continuous leadership until 1936—almost another decade. The industrial history of America records no more brilliant achievement than these nine successive years of Buick dominance. A PRODUCT OF GENERAL MOTORS

CITATION By PUBLICATION
The State Of Texas,
To the Sheriff or any Constable
of Crockett County—Greeting:
You are hereby commanded to
summon John S. Vaught and the

unknown heirs and assigns of
John S. Vaught by making pub-
lication of this Citation once in
each week for four consecutive
weeks previous to the return day
hereof in some newspaper pub-

lished in your County, if there

Court of Crockett County, to be
held at the Court House there-
off in Ozona, Texas, on the 4th
Monday in October A. D. 1926,
the same being the 25th day of
October A. D. 1926, then and
there to answer a petition filed
in said Court on the 21st day of
September A. D. 1925, in a suit,
numbered on the docket of said
Court No. 405, wherein J. M.
Shannon is plaintiff, and John S.
Vaught and the unknown heirs
and assigns of John S. Vaught
are defendants, and a brief state-
ment of plaintiff's cause of action
being as follows:

Trespass to try title and for
damages, plaintiff alleging that
on or about the 1st day of Janu-
ary 1926, he was lawfully seized
and possessed and owning and
holding in fee simple the follow-
ing described tract of land: Ab-
stract 2944, Certificate 96, Sur-
vey 43, Block BB, Original Grant-
ee T. C. Ry. Co. patented to Wil-
liam S. Vaught for 640 acres sit-
uated in Crockett County, Texas,
that on last said date defendants
entered on said land and pre-
mises and ejected plaintiff there-
from and unlawfully withhold
from plaintiff the possession
thereof to his damage \$3,000.00;
that the reasonable rental value
of same is \$300.00 per year;
plaintiff further alleges that for
more than three years he has
had and held peaceable and ad-
verse possession of said land under
title or color of title continuously
and he hereby specially pleads
the Three Year Statutes of Lim-
itation as set out in Article 5507
Title 91 of Revised Statutes of
1925; that for more than five
years he has had and held peace-
able and adverse possession of
said land, cultivating, using and
enjoying the same continuously
and paying taxes thereon each
year as they accrued, claiming
same under deeds duly register-

ed in the Clerk's office of Crockett
County, Texas, before the
filing of this petition, and plain-
tiff specially pleads the Five
Year's Statute of Limitation as
set out in Article 5509 of Revised
Statutes of 1925, and plain-
tiff further alleges that for more
than 19 years last past he has
had and held continuously peace-
able and adverse possession of
said land, cultivating, using and
enjoying the same and holding
same under written memorandum
of title which fixes the bound-
aries of plaintiff's claim,
which memorandum is duly reg-
istered and plaintiff hereby spe-
cially pleads the Ten Year's Statute
of Limitation as set out in
Article 5510 of the Revised Stat-
utes of 1925 of the State of Tex-
as.

Wherefore Plaintiff prays judg-
ment of the Court that defend-
ants be cited by publication to

appear and answer this petition,
and that on the trial hereof he
have judgment for the title and
possession of said above describ-
ed lands and premises and that
writ of restitution issue, and for
rents, damages and costs of suit,
and for such other and further
relief special and general in law
and in equity that he may be
justly entitled to.

Herein Fail Not but have be-
fore said Court, at its next regu-
lar term, this writ with your
return thereon, showing how
you have executed the same.
