

Former Ozona Woman Sees Mastodon Bones

Mrs. Louis Laging, formerly Miss Winnie Chapman of Ozona and a sister of Mrs. Joe Oberkamp of this city, has written her sister an account of the discovery of the bones of a giant mastodon in the Sulphur Springs valley of Arizona, near Bisbee, where Mr. Laging is a civil and electrical engineer. Mrs. Laging was among the thousands who viewed the interesting discovery and enclosed a newspaper account of the find, from which the following two paragraphs are quoted, describing the bones and telling of the excavation work being done by Dean Cummings and students of that institution.

"Cummings and the students spent most of a day excavating around the head of the giant animal and expressed amazement at its tremendous size. The teeth measure the length of a man's arm and the head is apparently seven or eight feet high. Dean Cummings and his assistants returned to Tucson convinced that a rare discovery had been made, and left a watchman on the scene, announcing that they would return to further the excavation around the remains of the animal as soon as possible.

"With the remains were found stone hammers and other implements of prehistoric man which the dean believes will aid in clarifying the history of that period and these implements the dean took with him to Tucson for a more complete examination."

Farmequip Pulverizer Being Boosted Here

Numerous inquiries coming from this section of the state has prompted the Farmers Equipment Company of Chicago, Ill., to give prospective users in this territory some information about its Farmequip pulverizer through an advertising campaign in The Ozona Stockman. The first of a series of ads to be run by this company appears in this issue.

The Farmequip, its distributors claim, is one of the best machines on the market for making agricultural lime, concrete material, road material or manure sand. It is a powerful and sturdy crusher, made along simple designs and requires a minimum of power. The machine is made on the proven principle of three swinging hammers of hardest steel, guaranteed for 10 years and sold on 30 days' trial.

Rush Work For Hotel Opening Thanksgiving

Officials Hope To Have Structure Ready For Dedication On Turkey Day Evening

Ozona's new \$130,000 hotel will be ready for its formal opening and dedication on Thanksgiving Day, according to present plans of the management and an announcement from contractors. Doubt was expressed by Judge Chas. E. Davidson at the possibility of completing the structure by that date but declared that every effort is being made to do so.

Workmen have been busy the last few weeks doing the finishing work on the interior of the structure, painting walls, installing lighting and plumbing fixtures and furnishings. Unless some unforeseen difficulty arises this work will be completed and everything will be in readiness for the opening on Thanksgiving Day, according to J. W. Fuqua, building contractor.

It has been definitely decided that a big banquet will feature the opening ceremony. The big auditorium and dining room of the hotel will be fitted out for the occasion and several hundred guests are expected to be on hand for the affair. Details of the program for the evening are being worked out by Manager C. T. Brasington and other officials of the hotel and an interesting program is promised. It has not yet been definitely decided whether or not a dance in the big auditorium and ball room will conclude the evening's festivities.

It was originally planned to call the new hotel the Hotel Ozona, but a movement to change the name has been agitated in the last few weeks but a name suitable to the officials of the hotel company has not yet been selected, but will likely be decided before the opening date.

Fixtures for the coffee shop to be operated in connection with the hotel have arrived and are being installed. The coffee shop adjoins the lobby and will be one of the most attractive hotel cafes in this section. The lower floor room which is to house a beauty shop is also being put in condition for the opening of this new business along with the hotel opening. No announcement has been made of the management of the beauty shop, although it is understood negotiations are under way for the establishment of such a shop.

Some of the most beautiful all steel furniture on the market has been selected for the hotel rooms and the furniture for the ladies parlor adjoining the lobby is especially attractive. As soon as the interior finishing work is completed, the doors of the hotel will be thrown open for public inspection, it was announced.

PRAIRIE DOG NOTICE

Be it remembered that on the 19th day of September A. D. 1925, the Honorable Commissioners Court met in regular session and members present except Com. J. W. Owens and the following order was passed:

It appearing to the Court that the prairie dog is a pest to Crockett County to a ruinous extent, and it seems to the Court, judging from the complaints, that this Court should take some official action under the statute to the end that this nuisance be wiped out of Crockett County, but the court is of the opinion that the severity of the law if strictly followed by this Court, might work unnecessary expense and hardship on owners, and hence it is considered best to make and pass this order rather by way of notice and warning that all prairie dogs must be exterminated and that at the regular meeting of this Court in February, 1927, this Court will pass an order under the Prairie Dog Statute enforcing same so far as Crockett County is concerned.

This Court, believing and expecting cooperation of land and lease owners, and desiring to assist in any reasonable way, has applied to the Commissioner of Agriculture for written formula and suggestion, as to the best ascertained mixtures and methods proper and necessary leading to such extermination, and this asked for information when received will be placed on file in the clerk's office at Ozona subject to the inspection of all; and the Clerk of this Court is ordered to mail copies to any making written request for same. It is further ordered that this order be published in the Ozona Stockman for ten issues.

Orchestra Is Formed; Plan Choral Club

Local Musicians Meet At Home Of Mrs. Moore And Organize With 13 Members

The Ozona Orchestra, composed of a group of local musicians, has been organized and plans for a choral club in which, it is hoped, every person in Ozona who is able to sing will enlist, are being outlined by local music lovers in the hope of awakening a renewed interest in music in this community and providing effective musical organization for work on various occasions where need for such a body has long been felt.

The orchestra, which already embraces a fairly full quota of instruments, was organized Tuesday evening at a called meeting held at the home of Mrs. Jim Moore. Mrs. Moore was elected director of the orchestra and Mrs. Joe Oberkamp was named librarian. Mrs. Victor Pierce will be the pianist. Other members of the orchestra who have already volunteered their services, with the instruments they will play, are as follows:

Violins: Miss Floy Friend, Mrs. Joe Oberkamp, Miss Carolyn Fox, Miss Marie Doty, and Mrs. John Bishop.

Saxophones: T. A. Kirkpatrick and John Bishop.

Guitars: Neville Davis and Hartley Johnigan.

Ranjo—Richard Flowers.

Tambourine—Miss Emma Phillips.

Several artists on the harmonica have indicated that they will probably join the orchestra and a campaign is under way to enlist the services of every person in the city who is able to play an instrument of any kind. Any body who will join the orchestra is asked to call Mrs. Moore.

The organization will meet every Thursday evening at the home of Mrs. Jim Moore. Organization of the choral club will be undertaken soon and leaders of the movement indicated that further announcement of this undertaking will be made soon.

Revival Meet Gains Interest

Rev. Cook Preaches Old Time Gospel Sermons At Church Of Christ Revival

The revival meeting at the Ozona Church of Christ got off to a good start last week with interest growing each day according to Elder Walter Cook, pastor. The devotional and praise service is under the direction of J. H. Antwine and is inspiring and the sermons are gripping.

Elder Cook is delivering some of the old time gospel sermons. His home Sunday morning on "Journey of Life" was well received by a large audience and again Sunday evening his sermon on "The Great Theme of Love" was heard by a full house.

The meeting will continue through next Sunday. Day services are being held from 10 to 11 a. m. and the evening services begin at 7 o'clock, with 20 minutes praise service. The preaching begins at 7:20, evening services closing by 8:30.

"If you are a professed follower of the Savior you should attend the morning services, as they are of especial interest to you," Elder Cook says. "You are always welcome at the Church of Christ."

CANVASS ELECTION RETURN

Election returns from both the special election held recently to decide whether or not the town of Ozona should be incorporated and the general election of Nov. 2 were canvassed by the Crockett county commissioners court at its regular meeting Monday. Reports of various county officers, depository, butcher, etc., were also heard and approved.

FOR SALE—1926 Ford touring for \$175 quick sale. Look it over, it's worth the money. —Adv. Wilson Motor Company.

Abandoning hope of state maintenance of the North and South road through Crockett county ever becoming a reality, the Crockett county commissioners court at its session Monday prepared to take over maintenance of the road by the county and passed an order for a road maintainer and tractor to replace machinery worn out by the state highway department, which used Crockett county equipment free of charge.

A tentative promise on the part of the state highway department recently to take over and maintain the highway was accepted by the county in good faith and thousands of dollars were spent by the county in getting the road in shape to turn over to the state, according to the court order. But the state has so far made no move to take over the work and the order was passed by the commissioner will complete preparations for working the road. Judge Davidson was given authority to purchase a 5 ton Holt or Best tractor and commissioner Watson to contract with Mr. Willis to operate the maintainer.

The following excerpt from the court order gives a clear explanation of the situation:

"It appearing to the court that notwithstanding the fact that this county believing that (based on the tentative promise of the state Highway Commission) the state would take over and maintain our North and South road, has spent thousands of dollars in shaping same for state maintenance, yet state maintenance of same can be seen only in the dim future, the court is forced to the conclusion that the county must prepare to maintain same itself.

"And it further appearing to the court that the state has, free of charge, used so much of the road equipment of Crockett county so long that it is worn out makes it necessary for this court to purchase new equipment, and the court after careful deliberation and investigation is of the opinion that it should purchase one Adams One Man road maintainer (weight 3000 pounds) with Scarifier attachment, cash f. o. b. Barnhart \$850 paying for same as follows: one third March 1, 1927, one third March 1, 1928, and one third March 1, 1929, and Mr. W. M. White of Comanche, Texas, salesman for the Adams people, being present and promising to personally deliver and demonstrate same showing results satisfactory to this court before this court shall accept or reject same, an executory contract was entered into."

JOINT RECITAL

Mrs. Jim Moore and Miss Carolyn Fox will give a joint recital Friday night Nov. 19, in the high school auditorium. Mrs. Moore's music pupils and Miss Fox's expression pupils will take part in a program of music, readings and plays.

The purpose of the recital is to accustom the pupils to performing in public. The public is invited. Mrs. Moore, Miss Fox, Mrs. Victor Pierce, T. A. Kirkpatrick, Richard Flowers, and probably others will form an orchestra for the entertainment.

J. R. Kersey was suffering from the flu last week end but was able to be about Tuesday.

THE OZONA STOCKMAN

Published Every Thursday Morning at Ozona, Texas, the County Seat of Crockett County, by

EVAN WHITE, EDITOR and PUBLISHER

Entered at the Post Office at Ozona, Texas, as Second Class Mail Matter, under Act of Congress, March 3rd, 1879.

Ozona, Texas, Thursday, Nov. 11, 1926

We pause today to do homage to the memory of those gallant heroes who went eagerly to battle in the ranks of a just cause, that the bloody conflict which enveloped Europe might be brought to a speedy end, and the world's stage cleared of blood and horror for peaceful pursuits.

As each anniversary of the signing of the Armistice which ended the World War arrives we are confronted with conflicting emotions—joy that one of the most terrible wars in the world's history is at an end and that our own country had such a glorious part in ending the carnage—and sadness at the terrible toll in human life exacted by the gods of war at the sacrifice of the lives of thousands of the young manhood of the world necessary to curb the lust of one nation.

Eight years is a long time in the system of things but what a little while it seems since on that memorable morning the new world was flashed to the remotest part of the world that the Armistice had been signed and bedlam broke loose all over America. Men, women and children joined in the rejoicing, mad frenzied rejoicing; the world was wild with joy.

But not all of it. The end of the war did not bring joy to the hearts of all. The cheeks of thousands of fathers and mothers, sisters, brothers and sweethearts were stained with tears, and trembling lips uttered prayers for the soul of a loved one who had bared his breast to the savagery of war and died that the world might have peace and liberty.

There have been many changes since the flow of blood on the battlefields of Europe was staunch. The world is fast settling back into its normal groove. Those of us who were spared are doing our best to carry on, to re-establish the spirit that carried our men by the thousands to battle, to set our ideals toward that high plane so that the heroes who sleep in Flanders Field might not have died in vain. At least we hope that is the case, but we wonder if after eight years the memory of those brave deeds could be dimmed in the hurry of a commercial world.

Armistice Day should be a time when we rededicate ourselves to those ideals for which America fought and to an expression of gratitude for the sacrifice of those heroes who gave their all. Armistice Day is a time to be joyful—they would want us to—but it is also a time to be solemn and serious. The most beautiful part of the observance of Armistice Day is that minute in which Americans stand at attention, silent, with bowed heads. Let us vest in grateful, reverent memory of those brave warriors who have gone there. Let's not forget this rite—it's such a small thing in comparison. Every school child should be drilled on the full meaning of Armistice Day, that the memory might be kept in full bloom throughout the year to come.

The Stockman would like to have every bit of news of happenings in Crockett and adjacent counties. In order that we may give our readers all the news, we need their cooperation and assistance. Especially do we want the stock news of this county, sales, shipments, gang news, personal news and the like. Your neighbor is interested in what you are doing the same as you are interested in what he is doing. If you will help us out by phoning or telling us all the news you will have a big part in helping us make The Stockman one of the best weekly papers in the state.

The Stockman circulation is growing rapidly; every week brings in a new quota of readers who have decided to join the Stockman family. If you like the paper, tell your neighbor or friend and let us have his name so that we can get him on the list to receive the paper regularly.

We are adding new equipment to the shop and in the near future will have some interesting news to tell you about our plans for improvements.

Ozona people are getting into a mighty bad habit. When a fellow lives in a town and does his trading somewhere else he is not only doing the merchants of his town, business men who pay taxes and spend their money here, an injustice, but he is doing himself an injustice as well. We of Ozona depend on each other for our existence and when one withdraws his support and continues to lean on the rest for his own support, it throws the scales out of balance.

There are some things, of course, that one must go else where to get, but there are mighty few of these. That Ozona merchants handle just as good quality of merchandise as those of any city ten times its size can be proven with just a few minutes investigation. Why then would one go to the city for groceries, dry goods, printing, hardware, automobiles, or anything else when the same quality of goods can be obtained here. They cost more here? Maybe a penny or so on the dollar, but did you ever figure the cost of gasoline and wear and tear on automobiles on the cost of merchandise purchased elsewhere? Think it over.

WEST TEXAS NOTES

Graham—The chamber of commerce of this city recently sponsored the building of a new road on Slater Hill about six miles north of here, raising over \$250 to apply to its improvement.

Stamford—Manager Homer D. Wade of the West Texas Chamber of Commerce, has written to various chambers of commerce in West Texas and has appealed to Federal and state authorities to resist flagrant violations report

ed against rules and regulations of the Livestock Sanitary Board in regard to movement of hogs. Reports have come to the West Texas Chamber of Commerce office here telling of this new form of "bootlegging" in which hogs are imported from border towns of Oklahoma and New Mexico and introduced to Texas farms without dipping, vaccination, inspection and proper certification required to be done under the Livestock Sanitary Board. In fractions of these regulations will be resisted to the extent of serving injunctions against hog importations made in violation of regulations.

Brady—Brady's third annual Turkey Trot Day, announced to be the greatest and most unique celebration undertaken in the Heart of Texas section, was staged here Nov. 6. Cooperation of travelling men who united in the entertainment with the Peddler's Jubilee made possible a number of stunts and features. The purpose of the day was to advertise Turkey as King in the Heart of Texas. Motion pictures of the parade were taken during the day.

REV. COOK COMPLIMENTED

Rev. Walter Cook, pastor of the Church of Christ at Ozona, arrived in Fort Stockton (Oz) Sunday of last week and conducted a series of meetings at the Church of Christ here, preaching six powerful sermons from Thursday evening to Sunday evening. He is a preacher of unusual ability and serves one of the strongest churches in Texas.

Sunday some of the members prepared a feast that would have tickled the palate of an epicure, and on account of the inclement weather, the dinner was spread in the church, where all enjoyed a hearty feast.

Mr. Cook was accompanied by his daughter, Miss Clea Mae Cook, and friend, Miss Ena Meinicke. These young ladies are very

sweet singers and not at all hard to look at.
