EXPERTS DISCUSS PROBLEMS OF RANCHING AT 7TH ANNUAL RANCHERS ROUND-UP AUG. 7-8

Experts from the field of experimental animal husbandry will outline the results of their latest experiments and field tests in their efforts to improve the livestock industry in general at the seventh annual Ranchmen's Round-Up at the ranch Experiment Station near Sonora to be held August 7 and 8. Ranching problems, such as animal parasites, livestock diseases, range vegetation, poisonous plants, wool grading and shrinkage and other topics of vital interest to the ranchman will be discussed by speakers on the program for the annual get-together of the ranchmen of West Texas.

Hundreds of visitors from the entire stock raising area are expected to visit the station for the annual Round-Up. The program will open Monday, August 7, with a general inspection of the station, a dance Monday night to be offered for the entertainment of guests. The big day of the program will be Tuesday, August 8. Entertainment features include a barbecue dinner Tuesday and another dance Tuesday evening.

The complete program follows:

Monday, August 7

2:30 p. m.—4:30 p. m. Inspection of Ranch Experiment Station, Livestock and Equipment.

4:30 p. m. Recreational period.

8:00 p. m.—9:00 p. m. Motion Pictures.

9:00 p. m. Dance.

Tuesday, August 8

8:45 a. m. Assembly call for meeting at pavilion (sheep shed)—W. H. Dameron, Superintendent Ranch Experiment Station, Sonora.

9:00 a. m.—9:10 a. m. Address of Welcome—A. B. Conner, Director, Texas Agricultural Experiment Station.

Texon Smears Giants For 2

Locals Helpless Before Powerful Oilers Assault

The powerful Texon Oilers took another healthy stride to widen their lead in the second half pentagon chase of the West Texas Independent League Sunday when they administered a merciless beating on the badly flustered and befuddled Ozona Giants in a double header win on the local diamond. The league first-half champs took the first game by a score of 5 to 3 and smothered the locals in the second by a count of 10 and 2.

A flock of costly errors in the first game and loose pitching and poorer fielding in the second took most of the interest in the game from local fans. With the heavy hitting Oilers smacking them to all parts of the lot and runners crossing the plate on fumbles in the pinches, it was a foul day for the Giant backers.

One bright spot in the afternoon's double, however, was a home run by Hodge, heavy hitting outfielder formerly with the Colorado Cottonpickers, with two men Frank Russell singled in on the third and Rex Russell was on on the fourth. Millard's error with two strikes and a left-hand hitter, caught the Oilers' fast ones and gave them a home run. It was by far the hardest hit ball ever seen in the Jewell Field diamond. Hodge failed to produce again during the afternoon, although he or three of his drives were taken out of the air in deep center field, where a fumble would have meant at least three bases.

The second game was a give-up to the part of the locals, the Oilers nipping Dunca. for ten hits and four walks, and scoring four runs on two Giant errors. The box

Baseball Benefit Comedy Postponed

'Baseball Ballyhoo' To Be Presented Next Thursday Night

"Baseball Ballyhoo," the burlesque musical comedy which was scheduled to be presented tonight, has been postponed until next Thursday night. The change in date of presentation was made necessary because of the illness of members of the troupe and their inability to attend rehearsals.

The program will be composed of a variety of comedy skits, songs and dances with music being furnished by a local orchestra. Herbert Kittle as master of ceremonies and assisted by Slim Kinzy, "Baby Ruth," supplies the laughing gas between the acts. Other features include song and dance numbers by a selected group of beautiful chorus girls and the Duncan Sisters.

The directors promise an evening of spicy, quick moving entertainment with lots of laughs for everyone.

The proceeds will go to the baseball club.

Recent Ozona Bride Honored With Shower

Mrs. Charley Butler, Mrs. Glyn Cafes, Miss Louise Crowder and Mrs. Lowell Littleton entertained with a miscellaneous shower Friday afternoon at Mrs. Littleton's home in honor of Mrs. Ben Williams, who before her marriage two weeks ago was Miss Grace Butler.

A reading by Mrs. Royce Smith, "That Old Sweetheart of Mine" and several musical numbers constituted the entertainment program. A large number of gifts for the bride were presented in novel fashion by little Billy Gritmer and Mary Elizabeth Gray, who entered the room dressed as bride and groom, the "bride" driving a toy auto with a trailer loaded with linens and other gifts, and the "groom" giving the conveyance the necessary push.

The home was beautifully decorated with daises and ferns to carry out a color scheme of green, yellow and white. There were 38 guests present. A salad course was served during the afternoon.

Ozona Boy Having "Time Of His Life" In New York City

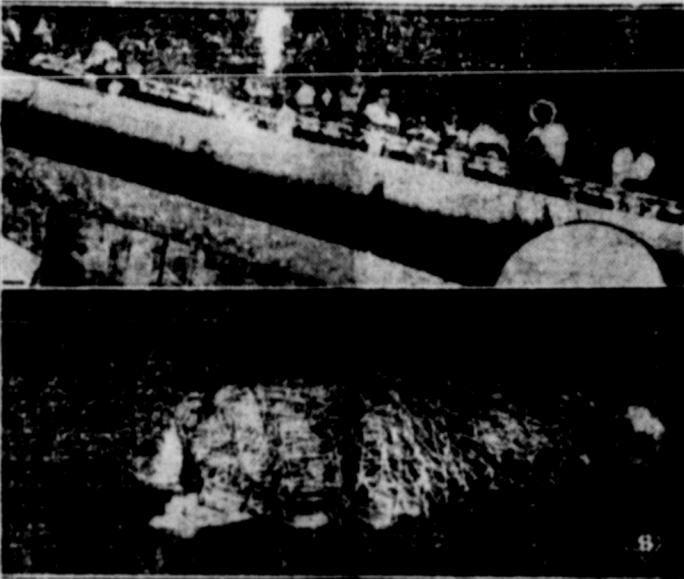

"I am having the most wonderful time of my life," writes Maurice Lemmons, son of Mr. and Mrs. Ben Lemmons, who is spending the summer in New York City with relatives while he is engaged in a study of Hebrew language and otherwise preparing himself for his confirmation in the Jewish religion.

"I can thank both of you for giving me this opportunity to see life," Maurice wrote his parents. "It is one round of pleasure. Some day in the far future when both of you are old, I will recall my young days and then do everything in my power to make you happy."

The Stockman is in receipt of a letter from Mrs. F. B. Pyle who was formerly Miss Louise Contes of Ozona, advising that they had moved from Longfellow, Texas, to Sanderson. Mrs. Pyle enclosed check for renewal of her Stockman subscription and asked that her address be changed to Sanderson.

Mr. and Mrs. Massie West were in San Angelo last week end where they consulted with architects concerning plans for a new home which they plan to build here next spring.

Three Murdered Men in Hog Wire Coffin

The lower photograph shows the bodies of the three men murdered in Fort Worth last week, shortly after they were found in the Trinity river near the First street bridge. The upper photograph shows a crowd on the bridge, just before the horribly mutilated corpses were hoisted 75 feet from the river to the bridge. Police say the bodies were cut and battered in an effort to prevent identification. The men killed were Jack Sturdivant, 24, of Eula; Harry Rutherford, 28, of Dallas, and his brother, J. B. Rutherford, 30, of Dallas.

Crockett-Grown Potatoes Shown In Store Window

Something new under the sun is on display in the Flowers Grocery window this week.

It is a half bushel or so of Crockett-grown potatoes—the old Irish kind. The potatoes were grown by Ray Piner in a vegetable garden on his ranch near here.

Crockett County boasts but one farm and one farmer—Tom Brown who raises watermelons, cantaloupes, etc. on his farm along the Pecos River on the westernmost edge of the county. Splendid, luscious fruits and vegetables are nurtured by Crockett soil, as evidenced by Tom Brown's products, and the fully developed potatoes from Ray Piner's patch. It just happens that sheep have been more profitable and the acreage is turned over to them exclusively.

Ratliff, Duncan Beat Abilene 4-3

Giant Shortstop And Hurler Shoulder Battering Load

Ed Ratliff, diminutive shortstop from Eldorado, and Bill Duncan, Giant hurler, won a ball game from the Abilene Gassers on the Powell Field diamond yesterday afternoon, with the help of Jess Wade and Conley Cox and their circus catches of the Abilene drives.

The game was a play-off of the 22-inning tie game played here a few weeks back and looked until the last half of the ninth like it was going to be just another tie. In fact, it had been agreed at the opening of the ninth that the game would be called at the end of that inning if neither team had scored.

The visitors opened up with a double-barrelled attack on Bill Duncan and his cold arm in the opening frame, rapping out four singles, drawing a walk and one runner being hit by a pitched ball for a total of three scores.

Mr. Ratliff came through in the fifth inning with a home run, scoring Duncan ahead of him, after two were out. Again in the seventh, the Duncan-Ratliff team produced, Duncan doubling and scoring on Ratliff's double. That tied the score and it was up to the Duncan and Ratliff lads again in the closing half of the ninth to win a ball game. Again Duncan doubled, with one out, and again Ratliff doubled also, Duncan trotting in with the winning score.

Ratliff scored one himself and drove in the other three of Ozona's scores. Duncan's was the other three which Ratliff's drove in. Ratliff batted perfectly in five times up, being credited with three doubles, a home run and a

Talk On Neighbors Features Methodist Round-Up Meeting

Around twenty men of the Methodist church enjoyed the monthly meeting of the Methodist Round-Up, an organization of men of the church, in the basement of the church last night. A tasty supper of sandwiches, potato salad, iced tea and pie was served by members of the Young People's Missionary Society.

A talk on neighborliness, with an interesting account of the daily lives of a group of neighbors he knew in his youth, was given by Rev. J. H. Meredith as a feature of the program. A reading in French-Canadian dialect by Dr. F. T. McIntire was also enjoyed by the group.

Miss Lois Nolen And Angelo Man Married

Miss Lois Nolen, daughter of Tom Nolen of McCamey, pioneer resident of Crockett County and former county and district clerk here, became the bride of Ramon Jones, son of Mr. and Mrs. Gus Jones of San Angelo, at a quiet wedding in San Angelo last Thursday evening. The young couple was united in marriage by the Rev. A. D. Foreman, Jr., pastor of the First Baptist Church in San Angelo, the ceremony taking place at the parsonage. The couple was attended by Miss Louise Montgomery and Henry Meadows.

BARNHART NOTES

BARNHART, Texas, July 26—A miscellaneous shower was given Tuesday afternoon by Mrs. Tom Harris at her home here honoring Miss Ethel Woodruff, who is to become the bride of V. L. Gentry, principal of the Barnhart Public Schools, on August 15. The bride-to-be received many useful gifts.

Mrs. Allen Newberry is here from Fort Worth for a visit with her parents, Mr. and Mrs. M. B. Magill.

Mrs. Metcalf and two sons are here from Fort Worth, the guests of her parents, Mr. and Mrs. Jim Shaw.

Mrs. H. M. McGlothing is ill at the home of her daughter, Mrs. Hubert Ingram in Abilene.

H. M. McGlothing, driver of the Gulf Refining Company truck to Ozona, has received word that his brother, A. V. McGlothing, is seriously ill from typhoid fever in Nixon, Texas.

D. I. Taylor was a business visitor to Ozona Tuesday.

Miss Jettie Rae Sellers is visiting her parents in Harper, Texas.

Open Lane To Dump Grounds

Sonora Road Closed; New Route Provided To Dump Ground

A new lane, 30 feet wide, has been opened from the new highway east of Ozona to the city dump ground, located along the old Ozona-Sonora road, making the dump ground again available to Ozona after closing of the old road by order of the Commissioners Court last week.

The new lane to the dump ground turns off to the north from the new highway on top of the divide about 3 miles east of town and follows the line of the Davidson, Kincaid property to the dump ground, about a mile from the highway.

In addition to opening up a new route to the dump, the county plans to employ men to re-stack the junk scattered there and to open driveways through the ground so that the trash may be dumped in a more orderly manner. The lane leads directly to the dump ground and ends there. The county plans to erect suitable signs on the new highway giving directions to the dump ground. A few loads of trash have been dumped along the new highway and Sheriff W. S. Willis is making an investigation in an effort to trace the persons who are guilty. It is a finable offense to dump trash along the highway and the sheriff has indicated that a close watch will be kept in an effort to prevent the highways becoming cluttered with unsightly junk heaps.

The old Sonora road has been closed and fenced off, the right-of-way reverting to landowners from whom it was secured. This action was taken in response to request of landowners. The Commissioners Court in session last week indicated that provisions will be made for outlets to the new highway from those ranches cut off by closing of the old road.

Eleven Gas Venders Face Indictments On Gasoline Tax Evasion

BEAUMONT, Tex., July 26—The first indictments in South Texas against gasoline dealers accused of selling "blended" motor fuel have been returned here, and 11 filling-station operators are awaiting trial in district court on felony charges.

The eleven defendants, who face a total of 13 indictments under the recently enacted Metcalf-Harmon Act, are being prosecuted by Comptroller Sheppard's new state-wide enforcement force. Specifically, they are charged with selling motor fuel having an end point of distillation above 437 degrees, from pumps that were not labeled, as the law requires, "Inferior Motor Fuel."

In the language of the layman, this means gasoline which has been adulterated with lower-grade tax-free fluids. The law requires that such blends be plainly labeled in order to protect the public and the state against loss of tax money which, although paid by the motorist, may fail to reach the comptroller.

In each case, it is alleged, the sales were made to M. B. Walker, a supervisor for the comptroller. F. G. Lamay, state chemist at Austin, is named as a witness in addition to Walker. Two of the accused dealers are named twice, as each day's violation is a separate offense under the law.

In a recent statement, Comptroller Sheppard announced that his force has increased gas tax payments from the great East Texas production area at the rate of \$2,000,000 a year, and predicted that his war against blending over the entire state would raise the total saving to more than \$4,000,000 per annum.

Mrs. Will Miller was confined to her home the first of the week on account of illness.

\$88,000 ADDED TO RENDITIONS BY CO. BOARD

Board Of Equalization In Final Session Here Saturday

RAISE OIL FIRMS

Sizable Hikes Made In Value Of Oil, Pipe Line Property

A total of \$88,644 in property valuations was added to the tax rolls of Crockett County by action of the Commissioners Court sitting as a final board of equalization last Saturday. Various oil and pipe line companies and the West Texas Utilities Company were affected by the raises.

The Humble Oil and Refining Company drew the largest hike in valuations of any of the concerns whose renditions were raised. Property which was rendered by this company for taxation purposes at \$49,015 was raised by the county board to a flat \$90,000, a hike of \$40,985. Other raises were as follows:

Gulf Production Co. and Gulf Pipe Line Co., raised from \$27,125 to \$33,445.

Republic Production Co., raised from \$2,071 to \$10,000.

The California Co., raised from \$24,260 to \$33,000.

The West Texas Utilities Co., raised from \$175,020 to \$180,000.

M. & M. Pipe Line Co., raised from \$2,702 to \$3,860.

Amereta Petroleum Co., raised from \$8,13 to \$4,600.

Shell Petroleum Co., raised from \$6,640 to \$8,000.

Standard Oil and Gas Co., raised from \$6,400 to \$15,000.

Empire Gas and Fuel Co., raised from \$1,015 to \$4,000.

Baptist Workers Meet In Open

Sunday School Group In Monthly Meet At McCollum Trap

Varying the customary plan of meeting, the July Workers Conference of the Baptist Sunday School, was held at the McCollum trap, Monday evening. Fourteen officers and teachers of the school were present including one visitor.

Superintendent A. W. Jones was in charge of the meeting, reading for the Scripture lesson the 23rd Psalm. He called attention to the place and value of the out of doors in religious experience. Pastor M. M. Fulmer spoke on "Some Lessons from the Tomb of the Unknown Soldier." Brother Fulmer recently had the privilege of visiting that hallowed spot. He called attention to the inscription on the tomb, "Here rests in honored glory an American Soldier, Known but to God."

Four lessons were suggested: (1) That the Unknown Soldier was a private soldier, (2) He fell in action, (3) He is symbolic of the unnamed heroes who have helped the world along, (4) He is known to God.

Mrs. R. O. Smith told a story, the theme of which was, "This do I for Jesus Sake," illustrating how easy it is for one to take for granted and fail to appreciate the marvelous message of the Saviour.

For the social features, games were played and refreshments consisting of Sandwiches, cakes, and soda water were served. Those present were: General officers, M. M. Fulmer, A. W. Jones, Miss Gertie Hillyer, Joe Billie Keeton; Teachers, Mrs. M. M. Fulmer, Mrs. J. T. Keeton, Mrs. S. L. Butler, Mrs. C. J. Watts, Mrs. H. A. Moore, Mrs. J. S. Whitley, Mrs. A. E. Deland, Mrs. R. O. Smith, Mrs. J. H. McClure; Visitors, Miss Gladys Kothman.

Say "I saw it in the Stockman."

BANK REFORM

The proposed separation of security banking from commercial banking should improve both.

Controlled by new regulations, the former should rise to greater dignity and respect, taking pride in the soundness of securities it offers.

Commercial banks themselves, set loose from their security affiliates, and having no further interest in promoting the sale of any securities, should gain in prestige. And commercial banks in general should regain considerable business that has been drifting away from them.

During the recent boom, it became too easy for corporations to raise funds by floating bond issues. They often borrowed in this way, from the investing public, more money than they needed, and used it to over-extend their plants and equipment. When hard times came, they found themselves burdened with heavy fixed charges. They were encouraged in this extravagance by investment bankers who profited by selling their bonds.

Hereafter they may return for many of their loans, to the banks. And the commercial banks, having no such incentive to lure them into unwise debt, may do both borrowers and themselves a service by moderate loans not built into the corporation's capital structure.—Madison Press, London, Ohio.

John Curry, bookkeeper at the North Motor Co., is in Killeen this week visiting his mother, who is reported seriously ill.

Henry Ford Dearborn, Mich.

IN ANSWER TO A LADY'S LETTER

A lady writes to say that she does not understand why an 8-cylinder car does not cost more to run than a car with fewer cylinders. She refers to my statement that our Ford V-8 develops more power on a gallon of gas than any car we have made.

The use of 8-cylinders does not mean the addition of two or four extra fuel consumers. It is not, for example, a 4-cylinder engine multiplied by two. Our 8-cylinder engine takes the fuel supply of an ordinary 4-cylinder engine and divides it eight ways. And why?

By reducing four larger explosions into eight smaller ones, we get engine smoothness and quietness. Eight-cylinders indicate the way the gas is used, not the amount. It is just the difference between going upstairs in four long jumps or in eight ordinary steps.

Two things use up gas—bad engine design and useless car weight. Besides having an engine that gets a high percentage of power out of the fuel, the Ford V-8 has a light, strong body and chassis so that no power is wasted in moving excess weight.

The only extravagance about the new Ford V-8 engine is in the building of it. The extravagance is ours—the economy is yours.

The whole question of car economy needs clearing up. An economical car gives economy all round. Price, operation, upkeep, all play their part. If what you save on gas you lose elsewhere, that is not economy.

As to upkeep, our dealers say that in recent years the improved quality of Ford cars has cut down their repair business 50 per cent. As to price with quality,—judge for yourself.

As to economy, here is the record of a stock car three weeks out of shop in Oklahoma:

On a run of 10,054 miles at the rate of 1,000 miles a day—the Ford V-8 gave 18.8 miles per gallon of gas. Not a drop of water was added to the radiator. The oil was changed once in 1,000 miles.

That should answer a lot of questions.

July 24th, 1933

Henry Ford

False Economy—

It is false economy to be without a telephone. The saving in gasoline, used when you have to drive to the store for your supplies or to your friend's house for that little "visit," will pay your telephone bill. And the added convenience and saving in time will be pure profit.

SUNFLOWER CLUB

Mrs. Pat Farr and Mrs. Eddie Johnston entertained members of the Sunflower Bridge Club and their guests at the W. E. Friend, Sr., home Tuesday evening. High scores prizes went to Mrs. Clinton Glover and Evert White. Other guests were Mr. and Mrs. W. E. Friend, Jr., Mr. and Mrs. Tom Hunter, Miss Hester Bunger, Jake Young, Clinton Glover and Mrs. Evert White.

SUNFLOWER CLUB

Mrs. Floyd McMullen entertained The Sunflower Club and a number of guests with four tables of bridge Tuesday afternoon at the home of Mrs. Bryan McDonald. Mrs. J. W. North was given a jar of candy for club high and Mrs. Jake Short an oven set for second high. Mrs. Pat Farr received ice box dishes for guest high. Other guests were Mrs. Horace D. Spaldy, Mrs. Ralph Meinicke, Mrs. Hilary Phillips, Mrs. Arthur Phillips, Mrs. Sherman Taylor, Mrs. Gertrude Perry, Mrs. Eddie Johnston, Miss Hester Bunger, Mrs. Hugh Childress, Jr., Mrs. Evert White, and Mrs. Frank McMullen.

Mr. and Mrs. Horace D. Spaldy and children of Dallas have been the guests of Mr. and Mrs. Arthur Phillips for the past week.

SONORA STOCK SHIPMENTS

Stock shipments for Saturday, the 15th included 8 cars of ewes from J. M. and M. C. Puckett, sent to market, six double decks going to Kansas City, and one double and single to Fort Worth. Prospects are for two more shipments to be made today and tomorrow, one by Aldwell Bros. and the other by Joseph Vander Stucken. Several loads of fat lambs have gone out of Sonora this week by truck. Theo Savell & Sons shipped one truck load to Fort Worth, consisting of milk fed lambs which averaged 81 pounds. It is reported this shipment brought \$6.85. A truck load of lambs was delivered in Fort Worth also for Duke Wilson. J. A. Ward, Jr., sent a truck load of grown goats to Uvalde this week with more to follow. This consignment will consist of 600 goats all told.—Sonora News.

W. E. Crowder and daughter, Miss Louise Crowder, went to San Angelo Saturday, returning Sunday. They were accompanied home by Mr. Crowder's daughter, Mrs. Jack Brewer and two children, who will visit here a few days.

Royce Smith is recovering from the effects of a splinter of steel which pierced his eye the first of this week. The steel was removed by means of a magnet by Dr. F. T. McIntire.

Houston Smith is back from a vacation trip during which he visited relatives in New Mexico.

Misses Elizabeth Perner and Louise Henderson have returned from a visit in El Paso.

STEEL ALONE IS NOT ENOUGH! —neither strong enough, nor safe enough, nor quiet enough for the body of a quality car like CHEVROLET. Why is it that every 12-cylinder and 16-cylinder car in America has bodies of steel reinforced by hardwood? Why is it that every make of car selling for over \$4000 uses bodies of exactly the same type? Why? For the same reason that Chevrolet uses it exclusively. Because every test and every experiment has definitely proved: STEEL ALONE IS NOT ENOUGH! The trouble with steel alone is that it stands just so much shock and punishment! Steel alone is also inclined to rattle and rattle. BUT—when you put the two together—a heavy, staunch steel body over tough, solid hardwood—then the hardwood reinforces the steel—and vice versa! And the result: the strongest, safest type of body, such as Fisher builds for Chevrolet. CHEVROLET MOTOR COMPANY, DETROIT, MICHIGAN

\$445 TO \$565. All prices f. o. b. Flint, Mich. Special equipment extra. Low delivered prices and easy G. M. A. C. terms. A General Motors Value. STEEL BODY + HARDWOOD REINFORCEMENT = STRONG SAFE BODY BY FISHER. NORTH MOTOR CO. OZONA, TEXAS

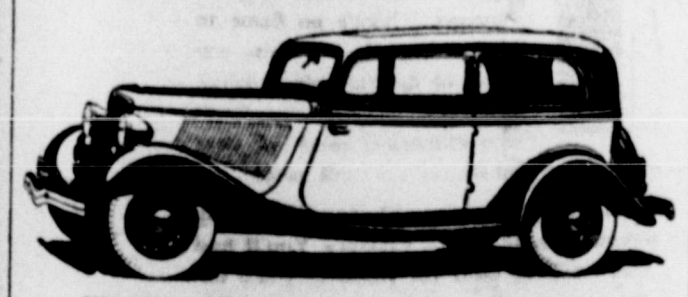

Motorists have 3 kinds of pocketbooks

ARKANSAS EDITOR VISITS SONORA

Mrs. Mark Garver, associated with her husband in the publication of the Democrat, England, Ark., was in Sonora Saturday, and visited and inspected the office of The Devil's River News. Mr. and Mrs. Garver have been in Ozona for a visit with Mrs. Garver's parents, Judge and Mrs. C. E. Davidson, Mr. Garver returning recently to England, Ark.

Mrs. Davidson is well-known in Sonora, and takes great interest in The News' "Thirty-five Years Ago" column. While here she recalled by name a number of the optimists who helped to make history in Sutton county and West Texas.—Sonora News.

Ratliff, Duncan Beat Abilene 4-3

(Continued From Page 1)

walk in five trips. Duncan gathered himself two clean doubles.

In the fielding, Wade shouldered most of the load, making at least three sensational catches that fairly robbed Abilene batters of hits. Conley Cox stretched several inches on one occasion for a circus catch of a line drive over third base. Hustling behind the plate by Barbee netted a hard put-out when he dashed under a low twisting foul ball for a third out.

It looked dark from the standpoint of local fans in the opening frame when the first man up, Cheeves, singled. Brown sacrificed and Cheeves scored on Douglas' single. Manny, Abilene catcher who was doing a fair job of pitching, walked and Barbour singled, scoring Douglas. Baugh was hit by a pitched ball, scoring Hollis in a walk. Moore struck out and Simms struck out to retire the side and end Abilene's scoring. The visitors were able to hit safely but twice more in the game,

Hollis getting a single in the second and Barbour in the eighth.

Ratliff's home run in the fifth was one of the game's sensations. It should have been but a two-base hit, but the ball was smashed down the first base line to deep right field, hit the ground with a spin and bounced far out of the playing area. Mose Simms, in right field, thought it was going to hit foul and was caught loafing while Ratliff stretched it to a homer. Both teams were credited

with two errors each by Scorer Johnny Barton.

Mr. and Mrs. B. B. Ingham returned late last week from Temple where Mr. Ingham had an examination made of his leg, broken several months ago in a fall from a horse on his ranch in this county.

Scott Peters was a business visitor to Abilene the first of the week.

Mr. and Mrs. C. J. Dugger and children, Charles Dugger and Miss Elizabeth Dugger, left the first of this week for a visit with friends and relatives in Tennessee after which they will return to Abilene to make their home in the future. Mr. Dugger has been associated with W. N. Hannah in operation of the Model Laundry here.

Mr. and Mrs. Frank McMullen and children left Wednesday for a few days stay in San Antonio.

Those Little Things That Count

Double sacking, Plenty of string, Eggs in cartons on out-of-town orders, Careful weighing of all bulk goods, Glassed goods packed against breakage, An itemized slip on each order for your convenience in checking, Mistakes average less than 1%, Promptness and our thanks.

Some of these precautions cost us but not YOU. We appreciate your orders.

MEETING THE DEMAND--

If you call for an article at Mike's and fail to find it in stock, you can go back the next day and get it. That's the kind of service that has built our business. Meeting the demand. If our customers want a certain line of merchandise, we get that line regardless. If they demand a service, we supply that service, whether it's poultry, delicatessen, garage service, dairy or whatnot.

We are in business to serve our customers. If we can make a profit on such service, well and good. If not, the customer gets the service just the same. Meeting the demand.

Our ears are attuned to the needs and wants of our customers. If our service is not pleasing you, you simply haven't told us what will please you. You are invited to make known your wants.

Eliminate the Drudgery of Scouring Pots and Pans...

The tedious and never-ending job of scouring pots and pans, you'll agree, is one of the most irksome of household duties. It is a messy, disagreeable job to begin with — and roughens your hands, irritates your disposition and wears out your utensils.

This drudgerous household task can be eliminated once and for all time from your daily routine... by the simple expedient of eliminating the old-fashioned cooking method that causes the grime and soot to collect.

... with a Modern Electric Range You Merely Wipe Them off!

Progressive home-managers throughout West Texas have found the superlative cleanliness of modern Electric Cookery one of its outstanding advantages. There's no flame to blacken utensils and cause you hours of disagreeable scouring work. And this same cleanliness also eliminates much of your other kitchen cleaning. Think of the time and money this will save!

Ask about the remarkable cleanliness of the modern Electric Range. Ask also about the sixteen startling superiorities of Electric Cookery. You'll find that this modern "Electrical Servant" will do more for you than you'd imagine anything inanimate could do... and it'll do it all and save money to the bargain! Investigate present LOW PRICES and CONVENIENT TERMS... TODAY!

Call us for an individual investigation of your use of electric energy, to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.
