"Out In The West, Where The Air Is Pure, The Climate Agreeable, And The People Friendly—The Best Place On Earth To Call Home"

VOL. 20. \$2.00 Per Year In Texas—\$2.50 Elsewhere. OZONA, CROCKETT COUNTY, TEXAS, THURSDAY, AUGUST 3, 1933. 5 Cents Per Copy No. 17

## Paving On East Road Starts Mon.

## Trail East To Be Given Three-Course Surface Treatment

Asphalt topping of the fifteen-mile stretch of the Old Spanish Trail from Ozona to the Sutton County line east will begin Monday of next week, according to E. E. Menger, superintendent for the Colglazier and Hoff Construction Co., contractors on the job.

Crushing of rock for this job has been under way the past several weeks, a sub-contractor having this job. An average of 300 yards a day of crushed rock has been turned out by the big crusher east of town.

A triple surface of asphalt and rock is to be placed on this highway to meet federal specifications. The first layer of rock will be of larger size than placed on state highways and the second coat will be the same size rock as that placed on the state jobs, with a finishing coat of fine rock the same as that used on the other roads.

The hard surfacing work will start in town, Mr. Menger said, and the city street finished first. Rock for the street work will not be laid, however, until contractors are ready to begin surfacing work, to avoid scattering of the rock by traffic.

## Crockett Lambs Sold At 5 Cents

## 10,000 To 12,000 Head West-Carson Muttons Are Contracted

A trade involving the 10,000 to 12,000 mutton lambs of West Brothers and Carson, was closed yesterday by Roy Hildreth, northern order buyer at 5 cents a pound. The first shipment goes forward from Barnhart to Omaha on August 15, and is expected to weigh about 75 pounds, right off the range. The other lambs will move from September 1 to October 10. Last year West Brothers and Carson sold their lambs in November and the 6,000 head weighed 76 pounds. They went to Omaha and Colorado feeders who did well with them. Now they are back for more. The ranchmen marked up sensational lamb crops this spring more than 100 per cent. They are holding back their ewe lambs. Shipment will be made from several points, Barnhart, Comstock, Dryden. They have immense ranch holding, stocked lightly. Last year they moved out a good percentage of their lambs to the terminal markets where they sold to the killers.

Mr. Hildreth also bought 1,500 mixed lambs from Preece Miller of Big Lake at 5 cents a pound. It runs his purchases since Monday of last week to 24,000 head.

### METHODIST NOTES

There will be no preaching services during the month of August at the Methodist Church. The pastor and family will be visiting their old home in Decatur Co., Indiana, and the Century of Progress at Chicago. The Sunday School will be conducted as usual. We trust that the Methodist folks will visit the Baptist during this period, as they will have preaching services each Sunday. We expect to be back in time for the monthly Round-up, and in time to be ready for the return of the folks from the ranches for the fall school term.

J. H. Meredith, P. C.

Mrs. Ben Lemmons left today for St. Louis and Chicago, where she will purchase fall and winter merchandise for the Lemmons Dry Goods Company store here. She will be joined by Mr. Lemmons at Mineral Wells, where he has been under treatment of physicians the past several weeks.

## Miss Mildred North To Receive Degree From Baylor Univ.

Special to the Stockman:

WACO, Texas, August 2.—Miss Mildred North, of Ozona, will be one of the graduates from Baylor University at the summer exercises of August 16, Dr. W. S. Allen, vice-president and dean, announces. Miss North will receive her bachelor of business administration degree at that time.

She will be one of about 64 graduates.

Dr. H. Y. Benedict, noted president of the University of Texas, will deliver the commencement address in the afternoon of that date. Dr. Benedict is known widely for his work in mathematics and astronomy.

## Sutton To Vote On Local Option August 26 Election

In compliance with a state law requiring commissioners' courts to call elections to decide local option questions in liquor-selling the Sutton county commissioners' court is expected to order such an election to be held concurrently with the vote on constitutional amendments August 26. One hundred and ten voters of the county have signed a petition requesting that the election be called by the court which next meets August 14.

The state law provides that the court must call the election in any county or political subdivision in which local option has been voted provided a petition bearing names of one-tenth the number of voters as cast ballots in the last election for governor. Since the vote in last year's race was less than 800, the petition has a considerable margin.

The action of the signers is not necessarily an indication of their sentiment. It is simply a request that in the interest of economy the local option question be settled at the time of the other election, without additional expense.

The court, in calling the election, is following the law, and neither does it, nor its members express a view on the question by so doing.

Wet sentiment is strong throughout this section, and a vote rescinding local option is expected.—Sonora News.

## Pipe Unloaded For Gas Mains

## Information Still Lacking On Availability Of Supply

Several hundred feet of pipe, four inch mains and two inch pipe for lateral mains, have been unloaded on Ozona streets the last week in preparation for the installation of a natural gas distribution system here.

So far no ditching work has started, this presumably being held up pending arrival of all of the necessary pipe. The pipe is being placed along the principal streets and alleys of the town.

Definite information as to the availability of the supply of natural gas for the city's system is still lacking. So far as is known here, right-of-way for the supply from the well on the Massie ranch has not been secured. Office quarters for the company have been outfitted in the Bunger building and a welding crew is here welding the big mains and laterals as they are being laid.

Rev. and Mrs. J. H. Meredith left Monday for a month's vacation. They will be joined in San Antonio by their daughters, Misses Ruth and Mary Meredith, and will visit the old home in Indiana and will also visit the World's Fair in Chicago during their travels. Church services will be suspended during the month.

Mr. and Mrs. John L. Bishop and son, Larry, are Ozona visitors to the World's Fair at Chicago.

## When Twister Cut Three-Mile Swath Through Oak Cliff

Here is a scene in Oak Cliff, the part of Dallas lying west of the Trinity river, after a tornado ripped its way through blocks of peaceful homes Sunday afternoon. Three were killed, twelve were injured critically and scores more were in hospitals when the skies cleared after the ravaging wind had gone its way. The path was about a block wide and several miles long, jumping some sections with the fickleness so typical of these death-dealing funnels.

## Ozona's Water Supply Is Pure

## No Contamination Is Found By State Chemist In Examination

Ozona's water supply, coming from 300-foot wells on top of the "waterworks hill," was pronounced pure and free from any form of contamination in a report from the bacteriological laboratories of the State Health Department at Austin received by the water works office here this week.

A case of typhoid fever and a few isolated cases in the Mexican quarter of the city has led health authorities to an investigation of possible sources of contamination. Two specimens of the local water supply, one taken from a tap in the downtown section and another at the wells, were forwarded to the state chemists for examination. Both were pronounced free from contamination.

Health authorities are convinced that the typhoid fever cases here were contracted elsewhere and that the germ spread was not due to some local source.

## Stock Shipments Increased In Tex.

## 3 Pct. Drop In June But 6 Month Period Shows Gain

Austin, Texas, Aug. 2.—Livestock shipments to Fort Worth and interstate points amounted to 3,980 cars during June, or about 3 per cent less than the 4,095 cars during the same month last year, according to the University of Texas Bureau of Business Research. Cattle shipments were slightly larger than those of last year, while calf shipments were somewhat smaller. On the other hand hog shipments were more than double those of June, 1932, while shipments of sheep were only about half as great.

For the first six months shipments of all classes combined totaled 29,618 cars, against 26,633 cars during the corresponding period last year, an increase of 11 per cent. Shipments of cattle for the entire period increased 4 per cent, calves 31 per cent, hogs more than 100 per cent, while sheep decreased 14 per cent.

Ship Movement Drops  
"Shipments of sheep to the Ft. Worth market were only about 40 per cent as large as in June last year, while hog shipments to this market from Texas points were almost three times as great as those a year ago," the Bureau's report said. "Normally, shipments of sheep to Fort Worth during the spring months greatly exceed those to out of State points, while in the fall, the reverse is true. During June this year, however, shipments to out of State points were comparatively close to those to Fort Worth and were a little larger than a year ago. A marked increase occurred in shipments of sheep to Chicago while an equally

## Mrs. Rutledge Sells Beauty Shop Here To San Antonio Women

Mrs. Ruth Rutledge has announced the sale of her beauty shop, the Bluebonnet, located in the Hotel Ozona, to Miss Luella Plennens and a Miss Dugan of San Antonio. Miss Plennens will operate the shop, taking charge Monday, August 14. Miss Dugan is night supervisor of the Nix Hospital in San Antonio.

Mrs. Rutledge returned the first of the week from San Antonio where she has been ill for several weeks, being confined four days to a hospital there. She was accompanied home by Miss Plennens and Miss Dugan, who closed the deal for purchase of the shop before returning to San Antonio.

## 20 Miles Of Chinese Elms Planted Along Hiways Near Lubbock

The Lubbock Station's introduction of the Chinese elm in 1919 and its extensive propagation and distribution of this tree throughout West Texas since that time has resulted in the planting of thousands of trees in this region every year. This past spring, through cooperative efforts between civic leaders in Lubbock, the State Highway Department and the Experiment Station, plans were worked out for planting an avenue of Chinese elms for two miles on each side of the five main highways leading out of the city.

These trees, which were planted on well prepared ground and are cultivated and watered by the Highway Department, are making a nice start this year, according to D. L. Jones, superintendent of the Lubbock Substation. This roadside planting of Chinese elms equal to a single row twenty miles in length required about 4,000 trees, 1,000 of which were furnished by the Station for further trials and demonstration of this tree for roadside planting in West Texas.

## MISS JEAN HENDERSON BECOMES BRIDE OF CLIFTON H. TUPPER IN SAN ANGELO

Miss Jean Henderson, daughter of Mr. and Mrs. Lee Henderson, became the bride of Clifton H. Tupper, Jr., at a twilight ceremony last evening at the Henderson home, 1010 Alta Loma Circle.

In the presence of relatives and close friends of the couple, gathered on the terrace and lawn of the home, the Rev. Paul Reese, pastor of the Emmanuel Episcopal Church, performed the marital rites. The single ring service was used.

The setting for the wedding was laid on the terrace of the home, the beds of petunias and verbenas furnishing the color for the occasion. For the altar, the Rev. Mr. Reese stood just outside the double French doors leading onto the terrace. An embankment of ferns and palms formed the background in front of which was an archway entwined with clinging ivy.

As the pre-nuptial music, Mrs. Lyndon F. Webb sang "At Dawning" by Cadman. Miss Jane Marg-

## Abilene Coming Again Sunday

## Mose Simms And His Gassers To Tackle Giants Again

Mose Simms and his Abilene Gassers, who last Sunday smeared the San Angelo Sheep Herders for a double win, will again invade the Crockett County park Sunday for a double header encounter with the Ozona Giants.

The Gassers and the Giants have matched bats twice this half of the West Texas Independent League schedule, the first time to go for a 22-inning tie and the second being a nose-out for the Giants 4 to 3. Duncan and Rathoff teaming up to drag the locals to a win over the invaders.

Slim Kinzy, who pitched 20 of the 22 innings against Abilene and held the Gasser batsmen powerless, will probably start the afternoon's activities from the pitcher's mound for the Giants Sunday. Bill Duncan, who beat Abilene in the playoff game last week, has joined the Rule baseball club. Information is not available as to who will pitch the second game here Sunday, but it is likely that a pitcher will be imported for the game.

### SUNFLOWER CLUB

Mrs. Frank McMullen entertained members of the Sunflower Club with a luncheon and bridge at the ranch home of her mother, Mrs. Charles E. Davidson Tuesday. High score prize went to Mrs. Gertrude Perry. A delicious luncheon was served to the following guests: Mrs. Massie West, Mrs. Arthur Phillips, Mrs. Evert White Mrs. Clinton Glover, Mrs. Ralph Meinecke, Mrs. J. W. North, Mrs. Jake Short, Mrs. Walter Augustin, Mrs. W. E. Friend, Jr., Mrs. Floyd McMullen, Mrs. Gertrude Perry and Miss Hester Bunger.

## NRA PLAN IS ADOPTED BY OZONA FIRMS

## Nearly 100 Per Cent Sign-Up By Business Concerns Here

## HOLD MASS MEET

## General Adoption Follows Round-Table Discussion

Ozona merchants, business and professional men have lined up nearly 100 per cent strong with the President's National Recovery Administration and Tuesday, August 1, the effective date of the blanket code promulgated by President Roosevelt, saw a number of the handsome blue eagles on a red background, the N.R.A. insignia, on display in windows of Ozona business firms.

A consignment of the five million letters dispatched by the president to every employer in America was received by Postmaster J. R. Kersey here and a copy of this letter, together with the president's "Reemployment Agreement" and a blank for the employer to sign signifying his assent to the tenets of the plan placed in the hands of every employer in Crockett County.

The N.R.A. insignia, the blue eagle with the letters NRA in red and the word "Member" underneath and the slogan "We Do Our Part" across the bottom, is being distributed through postoffices throughout the nation. Employers who are willing to sign up the agreement, may get the insignia for display by taking the signed slip to the postmaster.

Merchants and business men of Ozona met at a mass meeting at the Hotel Ozona Monday evening for the purpose of discussing the blanket code and agreeing on its application locally. The meeting was arranged by the Lions Club and the NRA plan was explained by Houston Smith. After a round-table discussion practically every business man present agreed to sign the agreement and to abide by its provisions.

The agreement limits the number of working hours per week in various classes of industry, prescribes minimum wages, and minimum hours of operation. The agreement also specifies that prices of merchandise shall not be increased by more than is made necessary by increased production replacement or invoice cost of merchandise. It also calls upon signers to "support and patronize establishments which also have signed this agreement and are listed as members of N.R.A."

A noticeable increase in employment over the nation has resulted from inauguration of the blanket code and the separate industrial codes submitted by various lines of industry. There will likely be but a few additional jobs available here for the balance of the summer, but adoption of the code will likely increase employment with the beginning of the fall and winter months.

Dr. and Mrs. J. A. Fussell and family returned Friday from the Bwayne Hughes ranch near Mertz on where they spent a day or two fishing and enjoying an outing.

Mr. and Mrs. Roy Henderson attended the wedding of Miss Jean Henderson to Clifton H. Tupper in San Angelo Tuesday evening.

"No BUSINESS in any town should allow a newspaper published in his town to go to press without his name and business being mentioned somewhere in its columns. The man who does not advertise his business does an injustice to himself and the town.

The life of a town depends upon the live, wideawake and liberal advertising business man."—The American Bankers' Magazine.

THURSDAY, AUGUST 3, 1933.

GREETINGS FROM TEXAS

It is an old Spanish custom for the governors of the several states to send greetings to each other on historic days in the life of particular states.

It may be that in accordance with this custom greetings will be sent on Texas Independence Day by the Governors of Iowa, Arkansas and Missouri.

Right now the authorities in these states are busy trying to see which one can get the privilege of trying one Buck Barrow, who as recently as last March was turned loose upon society by the grace of "Ma" Ferguson's good help mate and wood and water carrier.

Since the Barrow brothers were turned out of jail and upon society they have terrorized a whole section of the middlewest with robberies, kidnappings and high-way holdups.

The Star passes on to you a phrase it saw the other day—to you and to the others who will join your ranks this spring. That phrase is, Yesterday is dead!

The country has been bogged down before. It is going to begin to pull out shortly, just as it always has pulled out. But mark this, Business is not coming back just as it was before. It never does, after going through the wringer.

A lot of the old leaders and old methods have passed out. A new bunch of aggressive and resourceful young fellows will come stamping up to grasp new opportunities.

For yesterday is dead! New opportunities, mind you. Not the opportunities of the last decade. Those are gone, if experience is a guide, recovery will not come in orderly fashion, along the old lines.

Perhaps these will be in new products of science, in inexpensive novelties, in house cooling, in cheap farm lands. Men who live in the past will overlook these opportunities. They will be thinking of things as they were in 1929.

But the alert young crowd will jump at the new chances, develop them, build up with them as business builds up.

Yesterday is dead! Have you heard of the flu-fiu bird that flies backwards? It wants to see where it has been. It doesn't give a darn where it is going. Don't be a flu-fiu bird.

You youngsters, seize any decent job that offers. But keep your eyes open. Be ready for new conditions, new ideas. Your humble job may have possibilities that the old order did not reveal.

Remember, Yesterday is dead—Kansas City Star.

Space is being arranged at the 1933 State Fair of Texas for more than 300 Texas manufacturers to exhibit in the Texas Manufacturing Show, it has been announced by Holmes Green, director in charge of the exhibit.

Simple Addition A new five-and-ten-cent store had been opened by a man named Cohen. A woman came in one day and selected a toy for which she handed the proprietor a dime.

"Excuse me, lady," said Cohen, "but those toys are fifteen cents." "But I thought this was a five-and-ten-cent store," protested the customer.

THAT'S ME—

I'm the sophisticated whelp that has been places and done things. I have been every place and know all about every racket. To hear me tell I'm plenty tough. Al Capone is my running mate, and it must be straight alcohol to bother me. Just sit down a few minutes and I'll tell you about a few of my wild experiences whether you want to hear them or not. Talk is cheap, so why not make the most of it.

A VICTORY FOR GOOD GOVERNMENT

Walter Lippman, whose comments on national and international affairs are in a class by themselves, points out in one of his recent articles that the passage of the economy bill by Congress "introduces a principle into the American political system which, if it is understood and made permanent, can do more to purify American politics and elevate the character of the government than any political reform in our history."

This principle of government, according to Mr. Lippman, is that of appropriating money only on the recommendation of the executive. If this principle were applied in all governmental procedure it would do much to improve the American body politic, he believes.

Appropriations originating in Congress have been the bane of American political life. With few exceptions, Congressmen are sent to Washington, not to legislate in the interests of the whole country, but to get as much plunder for their districts as possible. Because of this relationship between Congress and appropriations, members of that body are subjected to the greatest pressure from lobbyists for various organizations, each one seeking some favor at the hands of the government. If a Congressman does not accede to these demands, he is soon marked for political execution. Mr. Lippman believes that this condition accounts for the fact that there are so few outstanding men in the halls of Congress.

It is almost too much to expect that the principle contained in the economy bill will become a permanent policy of the American government but it is tremendously significant that even a step in that direction has been made. A milestone has been set up on the road to a more efficient and economical government to which the future statesmen can point. The economy bill will be known in the future as a victory for truly representative government.—Selma (Cal.) Irrigator and Enterprise.

Say "I saw it in the Stockman."

THAT KID OF YOURS

Does the fact that your kid is disorderly cause you hours of worry and anxiety? He's probably just full of life, and his spirit of exuberance is seeking a natural outlet.

Give him some toys to occupy his mind. He will break them, of course, but when he does, teach him to mend them. It will be good training in the matter of thrift and conservation, and will be valuable to him in later years.

Children are full of life, if normal. They crave constant action. If you curb that action you stunt their intellect, destroy their natural incentive, and reduce them to the status of young molluscoides.

THE MAIN TENET OF SAFETY

Safety on the highways is principally an attitude of mind. Better cars and roads won't attain it. Indeed, they tend toward the opposite result. It has long been the experience that when a stretch of poor road is converted into a broad, straight, smooth highway the number of accidents increase—because motorists overestimate the safety factor. They lose the sense of caution that a poor road naturally creates—and the death and injury rate booms.

The same thing is true of automobiles. The manufacturers give us cars with better brakes, surer steering, more perfectly balanced bodies—and we abuse them to the point where the automobile accident rate breaks all records.

The "safety attitude" isn't a particularly difficult one to develop. It is simply to drive as we'd like the car approaching us to drive. Don't cut corners, nor pass on curves or hills, nor drive on the wrong side of the road, nor fight for the right-of-way, nor drive so fast you cannot stop in the assured clear distance ahead. Almost every accident, minor or severe, occurs because someone violates these simple rules.

Possibly a better phrase for safe driving would be "courteous driving." Discourtesy on the highway is always the friend of accidents. If you'll make up your mind to drive the way you think the other fellow should drive, the accident rate will be due for a severe beating in the future.

Where "Bloody Barrows" Left Path of Crime Over Nation

Here is the map of the red trail of the "Bloody Barrows," Clyde and Buck, West Dallas killers. It hangs in the office of Sergeant D. E. Walsh, head of identification of the Dallas police department, who has kept the trail from the beginning of the Barrow careers until today. Six little black pins scattered over Texas, Oklahoma, Arkansas and Missouri represent murders; nine green pins in Texas, Oklahoma and Louisiana indicate auto thefts; eleven red pins in Ohio, Indiana, Iowa, Missouri, Arkansas, Oklahoma and Texas stand for assaults to murder; three yellow pins in Texas, New Mexico and Louisiana indicate kidnappings; and seven blue pins in Louisiana, Texas and Arkansas are for robberies. A red string traces the trail in chronological order. "I guess the little ball of twine will represent Clyde only in the future," said Walsh, when Buck Barrow died in Iowa.

Life-Saving Method Valuable Knowledge In Case of Accident

Austin, Texas, Aug. 2.—This is the height of the season for water sports and many are foolhardy enough to venture too far and tax their strength beyond endurance or run unnecessary risks in or on the water. It is tragedy enough to have a drowning accident but far greater tragedy if no one present knows how to save life by artificial respiration.

Dr. John W. Brown, State Health Officer, states that the "Prone Pressure Method" is the accepted method for restoring life from drowning. It includes the following steps:

Place patient stomach down, one arm stretched above the other bent, with face resting on it.

Rescue measures should begin at once and continue rhythmically until natural breathing is established—this may take four or more hours.

The procedure is:  
1. Kneel, and straddle the patient below the hips placing hands on small of the back with fingers over the lowest ribs, tips of fingers just out of sight.

2. With arms straight, while counting one, two, swing forward bearing weight on body firmly but not violently.

3. Swing backwards while counting one, straightening up and thus relieving pressure — this allows air to be drawn into the lungs.

Rest in this position for two counts.

4. Repeat these movements rhythmically, forward and backwards, without interruption, about twelve to fifteen a minute, until natural breathing is restored.

5. Meanwhile, if assistance is at hand, a physician should be sent for, patient's tight clothing should be loosened at neck, chest or waist and patient should be kept warm.

6. Patient should not be moved from this spot until he is breathing naturally and then should be carried in a lying position to a place where he can be kept warm and receive expert medical attention.

Mrs. Hugh Chidress, Jr., was taken to San Angelo Wednesday evening for an operation for appendicitis.

Melba Jane Fulmer, daughter of Rev. and Mrs. M. M. Fulmer, has been ill the past week.

Cleophus Cooke, son of R. J. Cooke, is ill at the home here from an attack of scarlet fever.

Betty Grimmer, small daughter of Mr. and Mrs. W. J. Grimmer was operated upon for removal of her tonsils at Dr. F. T. McIntire's office Tuesday morning. She is recovering nicely.

Mrs. Fayette Schwalbe suffered a badly wrenched knee the first of the week when she fell from a fence at the ranch while picking figs from a tree.

Mr. and Mrs. L. B. Townsend are in San Angelo with their small daughter, Ruth Lavagne, who is ill with an attack of appendicitis. She was to have undergone an operation this morning, but word had not been received here.

Tom Bond of Sonora was an Ozona visitor last week.

West Texas World Fair Special Tour Leaves August 19

Fort Worth, August 2.—The only official West Texas World Fair Tour train will sweep through West Texas August 19.

The tour is endorsed by the West Texas Chamber of Commerce and sponsored by the Fort Worth Junior Chamber of Commerce.

Passing through West Texas Cities along the Texas & Pacific and Fort Worth and Denver City lines early August 19 the train will arrive in Fort Worth in time to depart for Chicago 2:55 p. m. that day.

The tour will run from August 19 to August 26, with four full days and nights in Chicago. Dates for the official tour were arranged so that the party would be in Chicago on "Texas Day" at A Century of Progress.

Members of the party will be permitted to spend their four nights in Chicago in their Pullman berths. Arrangements have been made for purchase of round trip railroad tickets from home stations, with round trip Pullman tickets from Fort Worth.

On the tour, in addition to visits to the World Fair Grounds, there will be an all-city sightseeing tour of Chicago, a three-hour, 50-mile trip; a night tour of the city and a night boat trip on Lake Michigan, around Chicago harbor, for a view of the lighted fair grounds from the water.

The West Texas Chamber of Commerce is assisting in distribution of tickets through its directors throughout the area and its member chambers of commerce in West Texas Cities. Tickets also may be obtained from Texas & Pacific and Fort Worth and Denver City Agents.

Glenn Rutledge is the Sec'y of the West Texas Chamber of Commerce.

Proportionate rates have been announced for patrons in West Texas cities, based on the rates from Fort Worth, which are: \$25.35 for coach ticket; \$29.05 with two persons in upper berth; \$27.70 with one in upper berth; \$31.85 with two in lower berth, and \$33.35 for one in lower berth.

Mrs. Robert Austin, who is here from Fort Worth for a visit with her parents, Mr. and Mrs. J. R. Kersey, has returned from a two-weeks stay in Amarillo and Lubbock. She will remain here a few days before returning to her home in Fort Worth.

Mrs. John W. Henderson and daughter, Dorothy, Mrs. George Montgomery and daughter, Carolyn, and Mr. and Mrs. Floyd Henderson and family attended the wedding of Miss Jean Henderson, daughter of Mr. and Mrs. Lee Henderson, and Clifton H. Tupper in San Angelo Tuesday evening.

Mrs. Pat Farr is ill at the home of her parents, Mr. and Mrs. W. E. Friend, here. She is reported suffering from typhoid fever.

Oran and Alma Fincher will arrive today to join their mother, Mrs. Elsie Fincher, for a short visit here with relatives before returning to their home in Houston.

Mr. and Mrs. Clyde Leath and children have returned from a vacation trip.

Charles Coates is suffering from an injury to his eye received Monday while repairing a windmill. A sliver of steel was embedded in the eye ball.

Dr. and Mrs. H. B. Tandy and children have moved from the Frank Taylor home to the Richard Flowers home.

Mr. and Mrs. Glyn Cates have moved from the Richard Flowers home to one owned by Mrs. F. A. Gray across the draw.

Mrs. Ashby McMullen was in San Angelo for the wedding of her sister, Miss Jean Henderson, who was married Tuesday evening to Clifton Tupper at the home of the bride's parents, Mr. and Mrs. Lee Henderson in San Angelo.

LOOK!  
A BARGAIN  
IN A  
New "Coleman"  
Gas Pressure  
Range

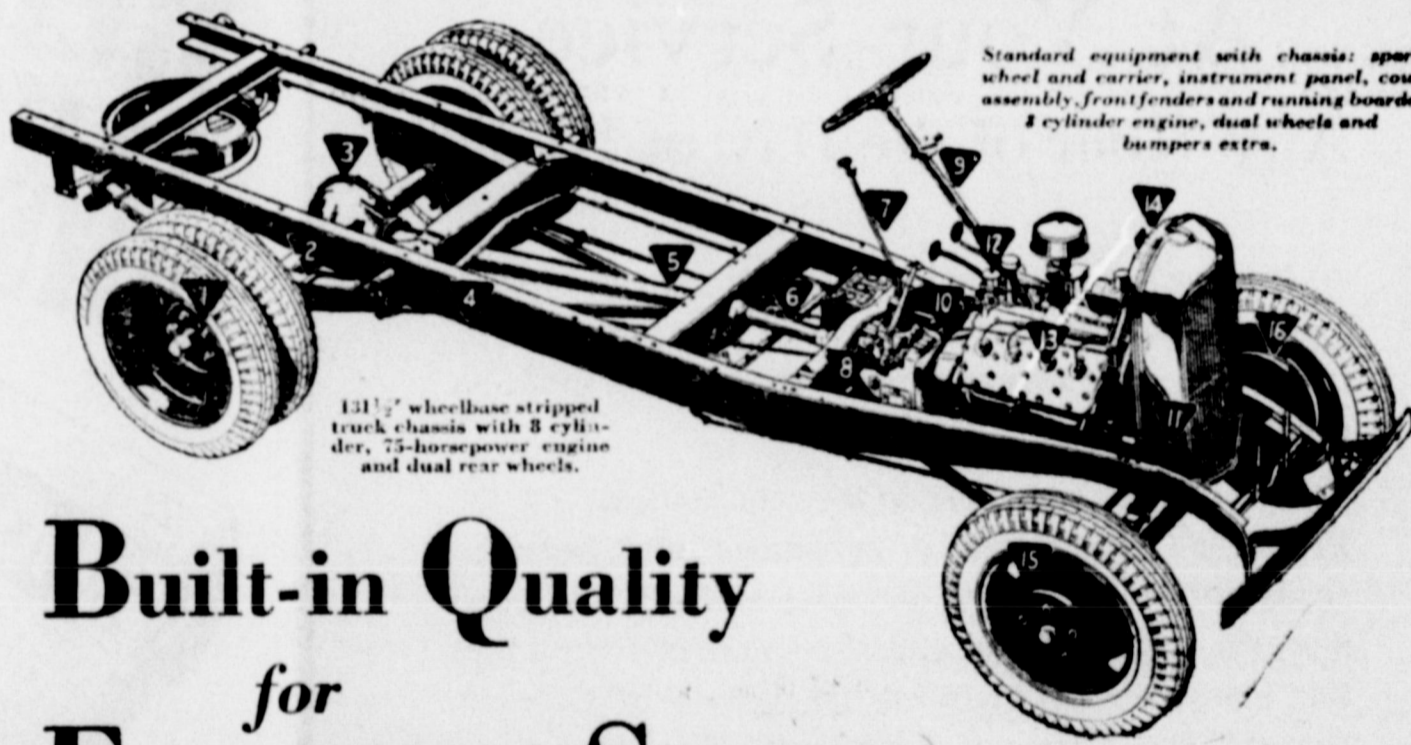

This is a beautiful white cabinet, four-burner range that offers all the convenience of city gas. This Instant-Gas Stove on the Coleman Safety Instant Gas principle, lighting instantly at the burner—just like natural gas. It makes and burns its own gas from regular gasoline. THIS IS A NEW STOVE—NEVER BEEN UNCRATED

The regular retail price is \$33. Will sell for \$25 cash.

OZONA STOCKMAN

THE NEW FORD TRUCK

Standard equipment with chassis: spare wheel and carrier, instrument panel, coil assembly, front fenders and running boards. 8 cylinder engine, dual wheels and bumpers extra.

131 1/2 wheelbase stripped truck chassis with 8 cylinder, 75-horsepower engine and dual rear wheels.

Built-in Quality  
for  
Economical Service

1. Heavy duty double-roller bearings located well under load center of rear wheels.
2. Semi-elliptic rear springs distribute load stresses along widely supported points on frame. Frame supported 25 1/4 inches behind axle.
3. Floating rear axle with straddle-mounted driving pinion; ring gear alignment assured by thrust plate.
4. Rugged frame of specially selected carbon steel, wide and deep—substantial support for bodies.
5. Full torque tube drive with tubular steel rear radius rods.
6. Enclosed tubular steel coupling shaft fitted with two heavy duty universal joints. Easily serviced. Provides clutch-transmission service without disturbing rear axle.
7. Four-speed transmission with gear train on anti-friction bearings in all forward speeds.
8. Front radius rods attached to main crossmember by rubber insulated ball and socket joint.
9. Easy steering. 17 to 1 gear reduction. Automatic adjustment of bearings.
10. Clutch throwout bearing lubricator cup extends through floorboard.
11. Full automatic spark advance through vacuum controlled brake assures correct timing at all operating speeds.
12. Mechanically operated diaphragm-type fuel pump.
13. New down draft carburetor—efficient and economical. 75-horsepower V-8 engine available at moderate additional cost.
14. Effective fan and large radiator, two impeller pumps assure adequate cooling for truck motor.
15. Brakes designed especially for truck service. Separate emergency brakes.
16. 16-inch drums on all four wheels—unusually large total braking area.

### Stock Shipments—

(Continued From Page 1)

sharp decline occurred in shipments to Kansas City and Oklahoma City.

Los Angeles received a considerably larger number of Texas cattle and hogs which was partly offset by a smaller number of calves and sheep, but the total shipments to this market were about 13 per cent greater than in June last year.

#### Truck Shipments Gain

The method of transporting livestock to the Fort Worth market has undergone a radical change during the past year. In June, 1932, rail shipments constituted 72 per cent and truck 28 per cent of the total, while in June of the current year the proportion by rail was 36 per cent and by truck 64 per cent. Whereas, last year in June the number of cattle shipped to Fort Worth by rail and by truck was about equal this year, twice as many were shipped by rail as by truck. Last year only about half as many calves were transported by truck while this year three times as many were shipped by truck as compared with rail. A year ago the number of hogs shipped by truck and rail was about equal while this year almost twice as many came by truck. Half as many sheep came by truck last year while this year truck shipments exceeded rail shipments by about two-thirds.

Considerable change is to be noted in the relative number of livestock shipped from the various districts of the State in comparison with June last year. For example, in contrast with other parts of the State there was a marked increase in the number of cattle and calves shipped from the southern high plains and Trans-Pecos country compared with a year ago. This fact probably reflects the shortage of range feed on account of the prolonged drought.

Mary Williams, daughter of Mrs. Charles Williams, underwent an operation for removal of her tonsils at Dr. F. T. McIntire's office Wednesday morning. She was reported doing well this morning.

### Henderson-Tupper—

(Continued From Page 1)

The veil itself extended beyond the dress train. Her bouquet was formed of Briarcliff rosebuds and lilies of the valley with showers.

The bridegroom and his best man, John Y. Rust, Jr., approached the altar from the right. Preceding the bride were her sisters, Mrs. Ashby McMullen of Ozona as matron of honor and Miss Helen Henderson as maid of honor. Little Betty Henderson, daughter of Mr. and Mrs. Floyd Henderson of Ozona, was the flower girl. She wore a little frock of blue net. Her basket was filled with pink rose petals.

Mrs. McMullen wore a frock of russet brown and Miss Henderson was in yellow. Both dresses were identical in design, having been made of tuck net with an inset in the back of a flare, ending with a demi-train, of rows of net ruffles. These dresses were worn over slips of the colors of the frocks and their shoes were of harmonizing colors. Both the matron of honor and the maid of honor carried arm bouquets of marigolds.

After the ceremony, the bride

cut the wedding cake, slices of which were served with an ice course to the guests.

Mr. and Mrs. Tupper left soon after for a short wedding trip. They are to return in about a week and will be at home at 611 South Jefferson Street. For traveling, Mrs. Tupper wore a tailored two-piece suit of navy blue rough crepe, using matching accessories. The dress had touches of white angel skin cloth and the coat featured the broad shoulder, large sleeve effect.

C. H. Tupper of San Antonio, father of the bridegroom, arrived in the afternoon for the wedding, joining Mrs. Tupper and their daughter, May, here who have been visiting with Mrs. Tupper's parents, Mr. and Mrs. W. A. Wright. The bridegroom is a member of the Wright & Tupper law firm. His father has an advertising agency in San Antonio and was at one time a partner in the San Angelo Evening Standard.

The bride's parents have their home here and extensive ranch interests in Crockett County—S. A. Times.

Dempster Jones was ill a few days with the flu last week.

### RABBIT BITES DOG; NOW, THIS IS NEWS

The following is taken from the Bartlett Tribune, a copy of which is sent by Harry Matthews, formerly employed on The Stockman staff, now with the Tribune:

A rabbit that fights dogs has been discovered in Bartlett.

Monday morning a large Belgian Hare belonging to R. F. Cochran escaped from its pen behind the Cochran grocery store.

The rabbit was playing in a sand pile in the alley behind the Miller Motor Co., when a stray cur happened along and made a jump for it. Instead of making for cover, the rabbit turned on the dog, and to the dog's great confusion, bit it on the leg and chased it about half a block.

The rabbit then returned to its sand pile, when another dog happened along and with a bark of

glie pounced at it. Again the rabbit put up a fight, bit the dog several times and gave chase. The dog disappeared around the corner with its tail between its legs.

Mayor R. W. Miller, Jack Coker and others will vouch for the truth of this story.

Later, the rabbit was captured and penned up to safeguard some cows staked nearby.

Say "I saw it in the Stockman"

## Uncle Sam's Business

We have contended for years that the only justification for ours, or any other business, is to the extent of our public service.

We—or any other businesses are public service institutions. Whether we should be regulated or not is becoming important.

That you, as producers, need more revenue is evident. That you, as a consumer, need more and varied commodities at times is evident and the ability to pay is paramount.

We believe that the N.R.A. is one way out of the woods. This sudden transition in business modes will require your patience with us. We will make no unreasonable prices. We have always been fair—we always will be.

## At Your Service Any Hour of the Day or Night

Yes, we have enlisted in the N.R.A. plan and wholeheartedly endorse the plan if it will put men to work, raise living standards and relieve the business situation over the nation.

We propose to adhere to the requirements of the President's reemployment agreement and have already added one man to our force and will add three more soon. We will add a hundred more men if we find that many necessary to serve the people of Crockett County. Our hours are fixed by the demands of our customers and it is not within our province to change them. Crockett County people keep us here to serve them and serve them we will so long as they demand it.

## Cooked Foods

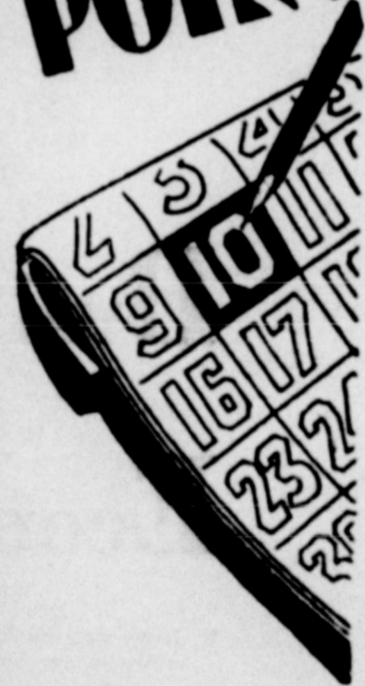

"Tommy," our frail 300-pound colored cook, is getting her range in order preparatory to turning out that old Southern style cooking. Eat it here or take it with you. She will be ready to serve you by Sunday. Watch for the menu.

"The Store That Lowered Prices In Ozona"

# HERE is the POINT

## The 10th is One Week from Today!

If you have not yet paid your water bill, remember that you have but one more week in which to pay your current bill. We are grateful for the co-operation we have been receiving in carrying out the new policy announced recently. A few have been negligent and have saddled on us the unpleasant task of discontinuing water service. But only a few—most of our customers have been convinced of the necessity and justice of our stand.

The human mind is prone to forget. Hence this new reminder that another "deadline" is approaching. Don't let it catch you napping. Remember—

## It Costs You a \$1.00 Penalty To Resume Service

If your water service is discontinued for non-payment of account, a service charge of \$1 is made for renewing service when bill is paid.

Delinquent customers who are unable to pay all of their back bill must keep current accounts paid in full and make satisfactory arrangements for taking care of balance.
