

THE OZONA STOCKMAN

The Only Paper in Crockett County—3,000 Square Miles Of Livestock Territory

"Out In The West, Where The Air Is Pure, The Climate Agreeable, And The People Friendly—The Best Place On Earth To Call Home"

VOL. 20. \$2.00 Per Year In Texas—\$2.50 Elsewhere. OZONA, CROCKETT COUNTY, TEXAS, THURSDAY, JUNE 22, 1933. 5 Cents Per Copy No. 11.

Amusement Park With Golf Course, Swimming Pool, May Be Realized By Use Of Federal Relief Act Funds

A public amusement park with a golf course, swimming pool, wading pool, picnic sites, tennis courts and baseball diamonds, a public recreation center for the people of Ozona, may become a reality here through the aid of funds from the \$3,300,000,000 industrial recovery act recently passed by the national Congress.

Plans of the local administering committee, named by the Commissioners Court, are accepted by the administrator.

A grandstand at the Powell Athletic Field, needed extensions to the present sewer system here, and a natural gas distributing system are other projects outlined in surveys which were prepared this week and mailed to the Texas Rehabilitation and Relief Commission at Austin.

Money from the national recovery administration is to be in the nature of loans on long terms and at low rates of interest, with 30 per cent of the amount an outright gift.

Lee Francis, field representative of the Texas Commission, of which Lawrence Westbrook is director, spent several hours here last week explaining the plans of the Texas commission for carrying out the purposes of the act in this state and urging that this community file its surveys on all eligible projects at once.

Site Is Sought
Negotiations have been started for the acquisition of a tract of land on the north edge of the town site section of Ozona belonging to the Powell Estate and under lease to T. A. Kincaid. This tract, containing a total of 160 acres, adjoins the P. T. Robinson land on the north and the Kincaid property on the south. A petition asking the Commissioners Court to open negotiations with administrators of the Powell Estate to purchase this land was presented last week by the Lions Club through its president, Hugh Childress, Jr., and the matter was brought to the attention of the executives by Judge Charles E. Davidson.

A letter received a few days ago from Judge Holloway, executor and trustee of the Powell Estate, and made a part of the minutes of the last session of the Commissioners court, advised that the land was under lease to Mr. Kincaid and that his wishes in the matter would be consulted before any disposition of the question were made. Judge Holloway indicated, however, that if it is agreeable to Mr. Kincaid that the land would be sold at a reasonable figure for that purpose.

\$250,000,000 To Texas
The group meeting Mr. Francis in conference here were advised that the park project would come under the type of projects advocated by the national act and gave as his opinion that the project would receive favorable consideration if the site is available and can be carried out as planned.

It is estimated that \$250,000,000 of the federal funds will be allotted to Texas. Widespread interest is being manifest throughout the state, according to word from the Texas commission, and communities are being urged to take advantage of this opportunity to make needed improvements and strike a final death blow to the depression.

Five Mexicans Plus Beer Equals \$82 In Fines For County

Five Mexicans plus a barrel of beer equals \$82 in fines for drunkenness and disorderly conduct.

This was the equasion resulting from a "spree" in the Mexican suburb Monday night. Jose Tobar, Bicernte Tobar, Pancho Silas, Antonio Dias and Benino Ortiz formed the quintet hailed into Justice Bryan McDonald's court Tuesday morning and assessed fines of \$1 and costs and \$5 and costs, Ortiz, Silas and J. Tobar being nicked for the heavier penalty as second offenders. The Mexicans are alleged to have gathered around the barrel of brew in the street of the Mexican settlement.

Ozona Couple Wed In Carlsbad, N. M.

Miss Dorothy Miller and J. Glen Cates stole a march on their many friends here last Friday when they slipped away to Carlsbad, N. M., where they were united in marriage by Rev. H. G. Weldon, pastor of the First Baptist Church at Carlsbad.

Miss Miller is the daughter of Mr. and Mrs. Will Miller, prominent Crockett County ranch family, and Mr. Cates has been shop foreman and linotype operator at the Stockman office the past three years.

After a tour of Carlsbad Caverns, the young couple returned to Ozona to make their home. They have rented the Richard Flowers home.

Paving Extended Past Postoffice

Loop Connecting Two Highways To Be Hard Surfaced

Another extension to Ozona's street paving program got under way this week when ground was broken on the street in front of the postoffice and the block in front of the Jones Miller and Will Miller residences to make a loop between the two highways converging in the center of the downtown section.

These two additional blocks of paving will be done under the same specifications as other street work and the state highway work now in progress, with curb and gutter work being done on contract as has been done on other streets.

A concrete sidewalk on the west side of the courthouse connecting with walks in front of the Baptist Church and along the Methodist Church building is being laid this week by the county as a finishing touch to the paving program which includes surfacing of streets on all sides of city park. The street paving work is being done by Colglazier and Hoff.

Children Of R. J. Cooke Visit Him On Father's Day

On Father's Day last Sunday, the children of R. J. Cooke gathered here to spend the day with their father. All the children were here, except Mrs. Edgar Schwartz of Boerne, who was unable to come. The following had dinner at the family residence: Mr. and Mrs. Green Cooke, and four children of Sanderson, Mr. and Mrs. J. H. Sawyer and three sons of Iraan, Mrs. Ben Jones and her friend, Miss Finnie Cove of Arden, Mr. and Mrs. Virgil Oden and three children, Mr. and Mrs. Maurice Black and baby, Cleophas Cooke all of Ozona, and Misses Dorothy and Louise Finnigan of San Antonio.

Co-Ed Slain, Fiance Shot on Lonely Road

Miss LeDelle Hammond of Kosse, Texas, was shot to death and her fiance, Ervin Conway of Bryan, Texas, was wounded on a highway near Bryan, when two men and a woman stopped them at a underpass to rob them. Conway stopped when the woman, apparently alone and in distress, flagged him. The two men ran out of the dark and opened fire at once. Conway, shot and beaten, drove Miss Hammond to a Bryan hospital before he learned that his bride-to-be was dead.

Ozona-Abilene Split 2 Games

Locals Trounce Visitors 13-1 Sat., Lose 6-3 Sunday

Had the Ozona Giants played the same brand of baseball throughout the first half of the West Texas Independent League schedule as they played here Saturday afternoon against Abilene they would have occupied the top rung of the ladder instead of the cellar position as they do in fact now.

The Giants were "right" Saturday and even Texon, the league leaders, could not have stopped that onrush that crumpled the second-place holding Mose Simms Oilers from Abilene by a score of 13 to 1. The Giants chased two Abilene pitchers from the mound and then lit in on Mose Simms himself, who went into the box to try to stem the tide.

To the splendid hurling of Bill Duncan and the top-notch hitting of the entire Giant squad goes credit for the lop-sided win. Duncan yielded but seven hits to the visitors and kept them well scattered, bearing down in the pinches to stop scoring threats. Every Giant was "right" with the stick that day, pounding the Abilene pitchers for a total of 17 hits. Rex Russell, who has been under a batting jinx the forepart of the season, found the range Saturday and led his teammates with a total of four safe blows out of five.

Giants Sign Up TCU Hurling Ace

Leading Southwest Conference Pitcher On Ozona Staff

The Ozona Giants, Crockett County's entry in the West Texas Independent League, have reorganized, refinanced and rejuvenated and will go into the second half slate of the league schedule with renewed energy and with a determination to climb several rungs up the ladder from the cellar position which they occupy in the league standing now.

With only two more games of the first half left to play, the base ball club sponsors, players and fans held a mass meeting Monday night and unanimously decided to go into the second half of the league schedule, which starts after July 4.

New blood in the Giant pitching staff has been arranged for the second half struggle. Slim Kinsey T.C.U. Horned Frog pitching ace the past season and one of the Southwest Conference top-notch hurlers, has been signed for mound duty with the Giants and is expected to report here from Fort Worth this week-end.

By special agreement with Texon, Sam Cox expects to be able to use Kinsey for one of the games against Texon there Sunday. Under league rules, Kinsey would not be eligible to play until two weeks after certification, but new players can be put in service by special agreement with opposing teams.

Law Wins Decision In 1-Round Bout Between Landlady and Tenant

A certain young man who has been employed on road work here the last several months is still pondering the ways of women as he sits hour after hour behind the bars of Crockett County's strong jail.

A "woman was the cause of it all," sighs the cell inmate as he looks up at a checkered sky through the window of his semi-permanent quarters and strokes his bruised chin.

The young man in question had allowed his board bill to become delinquent and had decided to move on to greener fields, not once considering the unpaid board bill as any hindrance to his free and easy movements. But there's where the woman comes into the case.

In this instance it was the landlady and she demanded to be paid before the defaulting boarder had moved a peg. He pleaded no funds and she stamped her foot and informed him that there would be "no clothes" until the necessary funds were forthcoming. The argument became heated

as the young man declared his intention of leaving "with" his clothes and the landlady was quite pointed in her remarks concerning the young man's family history. Whereupon, his outraged dignity cried out for satisfaction and he shouted,

"I'll dare you to come out in the street and call me that!"

"I never took a dare in my life," said the landlady as she marched straightway into the middle of the street and daintily but firmly reiterated her opinion of the young man's ancestry.

Soek! He landed a haymaker to the jaw. She countered with a right to the face but failed to connect. Zowie! He made contact with an uppercut to the head. Swish! And she missed another swing. Fists flew like ants after a rain and the landlady finally landed a "pretty good lick" as she described it.

Finding her opponent just a little too handy with his

New Contract To Colglazier & Hoff

Asphalt Topping For Highway East Awarded To Firm

Colglazier & Hoff, Inc., of San Antonio, who have the contract for caliche base and asphalt topping on a 15-mile stretch of the Ozona-Barnhart road from Ozona north, were awarded another Crockett County contract by the Highway Commission in session Tuesday.

The firm presented the lowest bid for triple asphalt surfacing on the recently completed 15 miles of Highway 27 from Ozona east to the Sutton County line. The successful bid on the project was \$37,223.

Cage Bros., who recently completed their contract for the caliche base on the Highway east of Ozona to the county line, drew the contract for triple bituminous surfacing on Highway 23 from Ballinger to Talpa on their bid of \$36,785. Other West Texas contracts awarded by the Commission Tuesday were as follows:

Reagan—18.5 miles double bituminous surfacing on Highway 99 from Big Lake to Upton County line, G. B. Dyson and Company, McCamey, \$24,017.

Sutton—3.7 miles double bituminous surfacing on Highway 27 starting 19 miles east of Sonora, east, Holland Page, Austin, \$7,150.

Midland—12.5 miles double bituminous surfacing on Highway 1, from Martin County line through Midland, Morgan Construction Company, Dallas, \$20,465.

Falls—6.5 miles double bituminous surfacing on Highway 14 through county, Public Construction Company, Denton, \$11,266.

Cemetery Tank Is Completed

Water Problem At Burial Plot Solved By New Storage

The problem of an ample water supply for beautification of Cedar Hill Cemetery here is believed solved for all time with the recent completion of a big new storage tank as an auxiliary to the storage tank already built there.

The new tank is 40 by 5 feet and will hold approximately a quarter million gallons of water. It is made of concrete set on a solid rock bottom. The old tank has been drained and is now being repaired. As soon as it is placed in condition it will be refilled and both tanks will assure an ample supply of water for upkeep of the cemetery at all times.

The excavation work for the new tank was done with labor from R.F.C. funds, but a considerable sum was expended in construction of the tank and the Cemetery Association is badly in need of funds to pay the obligation, according to Mrs. B. B. Ingham, chairman. Some of the money has been raised by contribution but the needed amount has not yet been raised and Mrs. Ingham urges that all who will donate to the fund notify her or Mrs. Gertrude Perry, secretary.

LAS AMIGAS CLUB

Mrs. Bill Littleton entertained members of Las Amigas Club and a few guests Thursday afternoon. Mrs. Jerry Pace was awarded high score prize and Miss Wayne Augustine second high. A gift was presented to Mrs. Bill Conklin, sister of the hostess, who left this week for her home in El Paso after a visit here. Other guests present were Mrs. Marshall Montgomery, Mrs. Hugh Childress, Jr., Mrs. Richard Flowers, Miss Mary Childress and Miss Hester Bunker.

R. J. Cooke left Monday for Vanderpool to visit a sick sister. He was accompanied by J. T. Keel on who visited relatives at Sabinal.

STATE ASSUMES \$228,311.82 OF COUNTY BONDS

\$50,000 Of 1914 And 1916 Issues Included In Amount

ONLY \$96,688 LEFT

\$28,967 Unexpended May Also Be Assumed By State

As a result of a recent conference between County Judge Charles E. Davidson and County Clerk George Russell and members of the state Board of County and District Road Bond Indebtedness in Austin, the state board has agreed to assume \$228,311.82 of Crockett County's outstanding road bond indebtedness, Judge Davidson reported to the Commissioners Court at its session last week.

Most of the total sum of outstanding issues of 1914 and 1916 are included in the amount assumed by the state in addition to a large part of the \$375,000 issue of 1930. Of the 1914 issue, the board agreed to assumption of \$32,863.27, leaving a total of \$1,136.73 to be paid off by the county. Of the 1916 issue, the board agreed to assume \$17,190.95, leaving only \$2,809.05 for the county to pay off.

In his report on the \$375,000 issue of 1930, Judge Davidson pointed out that the county has already paid off \$104,000 of this issue, leaving \$271,000 outstanding. The board originally promised to take over \$110,197.86 of this amount, but the Crockett County officials protested this amount and asked the board to assume the entire amount of \$271,000 less \$63,775.32, which was expended for right-of-way, or a net of \$207,224.68, the clerk exhibiting the county bond records to substantiate the claim of such expenditures.

An unexpended sum of \$28,967.08, however, was eliminated by the board and it agreed to assume \$178,257.60, leaving \$92,742. The board was urged to assume the \$28,967 item, but would not act finally on it. Another hearing on the question was promised, however, upon completion of present road building activities upon which it is being used. In the event this unexpended balance is assumed, the \$375,000 issue will be reduced to \$63,775.32, the amount expended for right-of-way, upon which the county will have to pay interest.

The report was given to the Commissioners Court, Judge Davidson said, as a basis for the next tax levy. He urged that the small remaining balances for 1914 and 1916 be paid off if possible and no levy made for them.

Help House Rodeo Visitors, Is Plea

Fair Assn. Head Urges People To List Rooms At Hotel Ozona

An appeal to Ozona residents to co-operate in housing visitors here during the seventh annual Rodeo Race Meet, Stock Show and Sale July 3, 4 and 5 was issued this week by the Crockett County Fair Association through its president, Wayne West.

One of the largest crowds in the history of the local fair is expected here during the three-day celebration this year. There will be many who can not secure accommodations in the hotels or rooming houses and there will be a great demand for rooms in private homes, Mr. West pointed out.

All those who will have rooms available during the three days are asked to call the manager of the Hotel Ozona and list such rooms for the convenience of visitors.

THURSDAY, JUNE 15, 1933

Every governmental official or board that handles public money should publish at regular intervals an accounting of it, showing where and how each dollar is spent.

FIRE LOSS REALLY ROSE

During 1932, the national fire loss amounted to about \$406,885,000. This was a decrease of approximately \$45,000,000 as compared with the previous year.

Fire remains one of our most pressing problems. In 1932 the destruction amounted to \$3.26 per capita, and in some cities it reached a figure of more than \$14.00 for each resident.

As a matter of fact, the \$400,000,000 direct loss is the least of it. The indirect loss is several times as great. Every time a place of business burns, men and women are thrown out of work.

The National Board estimates that 52 per cent of fire loss is preventable. Some authorities place the preventable loss as high as 80 per cent.

GIVE THE KIDS A BREAK

Schools out! Thousands of children all over the country are peering forth from the classrooms to spend their days out of doors during the summer months.

The schools have done a fine job training youngsters to watch out for themselves. In consequence, when the statistics of adult and child pedestrian accidents are compared, the children are shown to be better. They are more safety conscious.

In spite of this good work 2,800 boys and girls between the ages of five and fourteen were killed last year and 152,550 were injured, according to the National Bureau of Casualty and Surety Underwriters.

Drivers, give these youngsters the right of way; drive slowly and cautiously through residential districts; and watch out for the child who darts out from behind a parked car. Every daylight hour should be a safety hour now that school is closed.

Mr. and Mrs. Maudie West have returned from Chicago where they visited the World's Fair.

Better Health By Dr. William J. Scholes

SWAT THE FLY

History records no more determined and successful campaign of extermination than that waged against the well-known house-fly. And it has been amply justified.

A Menace To Health

Whatever theory for their existence may be correct, the fact remains that they are a menace to public health, and should be exterminated. If the future develops that they were a blessing in disguise, as destroyers of harmful micro-organisms, we can in turn find other ways to dispose of these forms of life.

The first step in the process of meeting the fly menace is to keep them out of the house by screening all windows and doors. Screens should be kept up from May to November.

Next in order is disposing of those that do get into the house. The most recent instrument devised for this purpose is the "swatter" with which we are all familiar. Fly-swatters are inexpensive, in fact, many merchants give them away as advertising media.

The more antique methods of extermination are poison fly paper and the well-known Tanglefoot. Both are useful, provided they are kept where the baby will not drink the one or father sit on the other.

Two many people, going on the theory that "familiarity breeds contempt," regard the house-fly as a more or less harmless insect. In so doing they are aiding and abetting an enemy of humankind who has taken an enormous toll of life.

Make one of your mottoes for this summer, "Swat the fly!" remembering that every time you dispose of one you are not destroying just that one, but three million possible descendants.

Edward Record: During a recent Mexican election several men failed to vote because they had no ammunition.

Greenville Morning Herald: And our statistical department probably figures now that the country is behind Roosevelt 103.2 per cent.

Fort Worth Star-Telegram: Hitler ordered Einstein's home searched for firearms. Einstein might retaliate by ordering Hitler searched for a Theory.

Greenville Evening Banner: Chicago manufacturer wants to glorify the American pretzel. Bending every effort, as it were.

Suing a bath establishment in Cleveland for \$15,000. Peter R. Fabey said the alarm clock didn't go off on time when he was taking an ultra-violet ray treatment.

"I'm not ashamed to shake hands with any worker." -Mrs. Franklin D. Roosevelt.

Texas waters produced 2,212,325 pounds of fish in 1932. The catch was taken from the 230 different kinds of salt and fresh water fishes found in this state. The fishing industry in Texas is one of numerous industries, which are large, but of which little is generally known. This poundage does not include shrimps, crabs or oysters.

One of the first public exhibits of Texas newspapers is being planned for the 1933 State Fair of Texas. Plans are now being worked out by newspaper men of the State, and State Fair officials. The exhibit will be judged and awards made for the best of practically every classification of newspaper printed in Texas.

"Ladies and gentlemen" said the lecturer. "I understand the language of wild animals."

From the back of the hall piped a voice: "Well, the next time you see a skunk, ask him what's the big idea!"

First Race Race Evens Football Grudge,

Here is H. S. Edwards, (left) school principal from near Mission, Texas, the winner, shaking hands with Manuel Olvera of Rio Grande, the loser, in one of the wildest races ever staged to deliver the first bale of cotton of the year to the Houston Cotton Exchange. Last year Edwards' school was beaten in a football game with Rio Grande and principal and players run out of town. Edwards determined to get even. Starting three hours behind the Rio Grande man, Edwards averaged 52 miles an hour for 400 miles to win the race.

NOT SO DUMB

One of the psychology students visiting at Howard Asylum, noticed one of the inmates wheeling a wheelbarrow upside down.

"That's not the way to push that thing," the visitor said, "You've got it upside down."

"Oh, have I?" answered the lunatic. "Well, I used to push it the other way and they put bricks in it."

Warden to New Prisoner: "If you are skilled in some particular pursuit we shall be glad to let you follow it."

Prisoner: "Thank you, very much. I am an aviator."

New Corporations Chartered in Texas Total 157 in May

Austin, Texas, June 21.—A total of 151 new corporations in Texas received charters from the Secretary of State during May, an increase of 23 per cent over the total for the preceding month, according to the University of Texas Bureau of Business Research.

Forty of the new corporations were oil companies, 33 were merchandising firms, 22 were manufacturers, 13 were real estate and building companies, 6 were banks or finance companies, 4 were transportation companies, 2 were public service companies, and 31 were included in the miscellaneous group.

Out-of-State corporations receiving permits to operate in Texas numbered 35, as compared with 25 in April, a gain of 31 per cent. Last year in May, 66 permits were granted to out-of-State corporations.

LAS AMIGAS CLUB

Mrs. Douglas Kirby was hostess at her home last Saturday afternoon. Mrs. Bob Weaver was awarded high score prize for the club and Miss Hester Bunger, guest high.

Other guests were Mrs. W. E. Jr., Mrs. E. H. Gallenkamp, Mrs. Marshall Montgomery, Mrs. Hugh Childress, Jr., Mrs. Bill Littleton, Mrs. Bill Conklin, Mrs. Richard Flowers, Mrs. Walter Augustine, and Misses Helen Adams, Mildred Davis, Ada Moss and Doris Anderson of San Angelo.

Miss Dollye Coates, bookkeeper at the Ozona National Bank is spending her vacation in San Antonio.

If your Stockman subscription has expired, we would appreciate your renewal check now.

THAT'S ME—

I'm the village cut-up. My only ambition in life is to make someone laugh. I spend hours trying to think up a clever little stunt I can pull. Oh boy, I'm a whiz. But very little of my stuff is original. Most of it is old stale gags everyone heard years ago. Nobody has much use for me except for a laugh they get sometimes. I'm just a small town comic and mean very little to anyone's life.

Don't Get Up Nights Make This 25c Test

You need this easy bladder physic to drive out impurities and excess acids which cause irritation that results in leg pains, backache, burning and getting up nights.

After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep. Locally at Concho Drug Co. (Adv)

Wife: "Let's see, what month is it they say is unlucky to marry in?"

POSTED—All my pastures in Crockett County. Hunting and trapping and all trespassing positively forbidden. Floyd Henderson. 11-1-32

It was 11:45 and conversation in the parlor was lagging. "She remarked: 'A penny for your thoughts.'"

He replied: "Why, I was just thinking of going home."

And her father yelled from the top of the stairs: "Give him a dollar, Mary, it's a bargain."

Henry Ford Dearborn, Mich.

June 19, 1933

A COMPANY THIRTY YEARS OLD

Last Friday the Ford Motor Company completed 30 years of automobile making.

It is also my fortieth year at the same job. I made my first engine in 1893, and it still runs. This is the engine that won the Selden Patent Suit—which took the motor car out of the exclusive class, and opened the automobile industry to hundreds of manufacturers who started during the last 30 years.

Some of the men who began with me that June day in 1903, are working here yet. All of the principles we laid down then, are still operative; we find that they have great survival value for the future. To date they have produced and sold over 21,000,000 Ford cars.

Although we created the automobile market we have never thought it was good for anyone to monopolize it. We have always believed that before business could be good for one, it must be good for all. Our discoveries and improvements have always been open to other manufacturers without patent restrictions.

Of course, there is one thing we cannot share—everyone must get it for himself—and that is experience. Money could duplicate our buildings and machines, but it cannot duplicate 40 years of experience. And it is experience that makes a motor car.

But the past does not especially concern me; it has all been a preparation for the future. For myself, I feel that I have just been gathering the tools to do something worth while, and that my real task is still ahead.

Great changes are upon the world. False ideas of every kind are vanishing in the general upheaval. Those who built truly on principle will survive—their service will carry over. Business integrity and commodity honor will be fully justified. And newer and better ways of living will appear.

That is the outlook for this young thirty-year old Company of ours.

Henry Ford

An Opportunity To See the WORLD'S FAIR at Minimum Cost

This newspaper has just completed arrangements through which the people of our community may attend the great Century of Progress Exposition at Chicago at a cost so low that it will be within the reach of all.

We are convinced that many residents of this territory are now planning, or will plan, to attend this greatest of all Expositions. We believe everyone SHOULD attend, particularly the school children, who will derive untold educational benefits from the World's Fair exhibits.

An opportunity has just come

to us to join the Beacon Organization, and to become the sponsor of "Beacon City" in this community. Beacon City is located on the beautiful Indian Wood Country Club grounds in the southern environs of Chicago. The Lincoln Highway leads directly to it.

All Beacon City members will find a comfortable, convenient, and congenial place of abode while they attend the World's Fair. Lodging, meals, car parking, transportation to and from the Fair, daily admission to the Fair, informative lectures and guide service will all be included in Beacon City membership.

This newspaper will represent the Beacon City plan in this territory. We have accepted this responsibility because we believe we can perform a genuine service to those of you who wish to attend the World's Fair.

If you are interested, see us. It is not too early to begin planning.

Ask for a Copy of the
Free Booklet

"The Beacon Way of Seeing a Century of Progress." It tells all about the Beacon Plan. We have a copy for you.

The Ozona Stockman

A Super Salesman Is at Your Service

No matter what your line of business is, the best salesman you can obtain in the community is the STOCKMAN.

And this salesman is constantly at your service!

The STOCKMAN does not have to knock at the door; it has been a familiar figure twenty years, and enters the home as a welcome guest.

Neither does it have to proceed slowly from door to door; it enters many hundreds of homes at practically the same time, and conveys its message to every member of the family, including the hired man.

It doesn't antagonize your prospects, or talk a sale to death.

Its salary is known to you in advance; it doesn't charge you a commission, or turn in an expense account.

It isn't loafing when it should be attending to business.

You can count on its getting there every Thursday.

Best of all, you can hire it when you want it, and just as long as you want it, without any arguments or apologies.

Decide now to avail yourself of this super salesman of the community! Follow the lead of other local and national advertisers who recognize its value and employ its services, some of them regularly each week.

Let us help you plan your campaign and place its resources at your service.

KANSAS CITY LIVESTOCK RATES ARE LOWERED

An order signed by Secretary Wallace on June 14 provides for a new schedule of maximum livestock commission charges at the Kansas City Stockyards. On the basis of 1931 business at this market, it is estimated the new rates will save livestock shippers approximately \$135,000 a year. The new schedule, (B.A.L. Docket No. 311) which goes into effect July 14, is much simpler than that now in effect. The order is the first to establish rates on the consignment basis rather than on the carload basis. The rates prescribed are graduated according to the number of animals in the consignment and are lower than either those contained in the present Tariff No. 3, used by all the market agencies except the two cooperatives, or in the tariffs used by the cooperatives.

In the new schedule prescribed by the Secretary's order no change has been made in the charges for consignments consisting of only one head. The per head charge for the first 20 head or fraction thereof in a consignment of calves has been reduced from 30c to 25c, and the per head charge for each head over 20 in the consignment has been reduced from 25c to 15c. On yearlings or light cattle the corresponding reductions are from 60c to 45c and from 40c to 25c a head. While no change is made in the actual cents shown as the charge on stock pigs, the charge of 20c a head is made to apply to the first 40 in a consignment. Over the first 50, the result being that 15c per head is deducted from the charges on 10 head of pigs in each consignment of 50 or more. The rate of 10c for each hog over 40 in a consignment has been reduced to 5c.

With respect to sheep, the first 10 in each 300 head in a consignment pay 25c a head, the same

rate as formerly, but the charge on the next 40 head is 15c whereas in Tariff No. 3 it was 20c on the next 30 head. Similarly on the next 60 head above 50 the charge is 10c per head, whereas in Tariff No. 3 a charge of 10c was maintained from the 41st to the 60th head. Also under the new tariff, the next 130 head above the first 120 head carry a charge of 2c and the next 50 head a charge of 1c, whereas in Tariff No. 3, 4c per head is maintained from the 61st to the 300th head.

Three Blind Lawmakers in Texas Legislature

OLIN R. VAN ZANDT **TOM HICKS** **LON E. ALSOP**
Three of the members of the Texas legislature during the latest session are blind. Lon E. Alsop of Carthage, serving his second term, is author of the bill that repealed the "three-day notice of intention to marry" law. Olin R. Van Zandt of Tioga, serving his third term, is one of the ablest constitutionalists in the house. Tom Hicks of Grand Saline is a newcomer, serving his first term, and is a close student of legislative procedure.

Mr. and Mrs. Worth Odum and children were here from their ranch in Pecos County for a week-end visit with relatives.

Mr. and Mrs. Paul Ferner have returned from Temple where they took their small daughter, Mary

Louise, for a tonsil operation last week.

Mrs. Charles Farr and daughter Virginia Lee, are here from Houston for a visit with Mrs. Farr's sisters, Mrs. Charles Williams and Miss Elizabeth Fussell, and

brother Dr. J. A. Fussell.

New Gulf-lube motor oil lasts 28 1/2% more miles per quart!

TO MAKE THIS TEST, WE BORROWED 6 CARS—both new and old. Leading 25c oils were tested against Gulf-lube in each car. Gulf-lube stood up 28 1/2% longer before a quart of oil had to be added!

Beats competing oils to a standstill in Speedway "burn up" test

FOR 4 days, 12 hours a day, 6 borrowed cars tested 4 of America's leading 25c oils...

And, with every step of the test supervised by the Contest Board of the American Automobile Association, here was the result—a result that amazed even the hard-boiled officials...

can Automobile Association, here was the result—a result that amazed even the hard-boiled officials...

Gulf-lube beat every oil in every car! It averaged 28 1/2% more miles per quart than the average of its competitors.

Switch to the "high mileage" motor oil. You'll say "give me a quart of oil" less often! And you'll get a better oil—the finest motor oil 25c ever bought! Get Gulf-lube at any Gulf station

GULF-LUBE THE "HIGH-MILEAGE" MOTOR OIL

University Package Loan Library Aid To Better Citizenship

Austin, Texas, June 21.—Through dissemination of information on present-day cultural, economic and political questions, the University of Texas Package Loan Library Bureau is undoubtedly making better citizens, because it is making it possible for many to become more intelligent citizens," declared C. M. Hammond, Texas feature writer, in an article published in the June 10 issue of the Texas Weekly.

The effect of this widespread dissemination of reliable information on cultural topics, economics, political questions, and the like, having and will have on the coming generation can hardly be overestimated," Mr. Hammond said. "That sound public opinion, which is so needed on the great political and economic questions that confront the people of Texas, must rest on adequate knowledge, and cannot be built up until that knowledge has permeated the entire structure of the State's citizenship. Undoubtedly, in directing the flow of reliable information on these questions into every corner and section of the State, the bureau is making better citizens, because it is making it possible for many to become more intelligent citizens."

In writing of the organization and services rendered by the Package Loan Library Bureau, Mr. Hammond said:

"The object of this bureau is to make available to the man, woman or child in the smallest community, or on the farm, a fund of current information on thousands of subjects equal to that available to those having access to the large city libraries. In a state like Texas, with 59 per cent of its population classed as rural, and at least another 20 per cent living in smaller cities and towns without adequate library facilities, the importance of the work of such a bureau is apparent. And the service which this bureau renders should be better known over the State, to the end that more people might take advantage of the

KENTUCKY BURLEY TOBACCO

"Direct From Grower To You" Old Kentucky Burley Tobacco is the cream of the finest crops Kentucky's bountiful soil can produce—ripe, rich leaves, smooth and mellow, with that rare old-fashioned flavor and fragrance that only proper "aging" can produce. We bank on it you have never tasted or smoked a finer flavored, more satisfying tobacco in all your life.

Special Offer FIVE POUNDS SMOKING TOBACCO \$1

Rich, Ripe, Old Fashioned Leaf Our Old Kentucky Burley is no more like manufactured tobacco than day is like night—guaranteed free from chemicals and all other adulterations that conceal imperfections, delude the sense of taste and undermine the health.

We use the same method our grandfathers used in preparing tobacco for their own use—every trace of harshness leaves it—nothing to "bite" your tongue or parch your taste. Thousands of tobacco lovers the world over swear by its inimitable smoking and chewing qualities.

REDUCE YOUR TOBACCO BILL 1/2 the grower, this eliminates the eighteen cents a pound Revenue Tax—all manufacturers' and middlemen's profit, thereby effecting a saving to you of 50% or more. No fancy packages, no decorations, just quality and lots of it.

MONEY SAVING PRICE
SMOKING 5 lbs. Send us One OR for Dollar Cash CHEWING \$1.00 P. O. or Express Money

Order (no personal checks) and we will promptly ship you a five pound package of "Burley Tobacco."

Five pounds of Old Kentucky Burley will make 40 large packages of smoking or 50 twists of chewing.

Send 35 cents in silver and we will ship Postpaid—one pound of Burley Tobacco as a trial offer. A trial will convince you.

We have thousands of requests daily for "Samples"—our margin of profit is so small we cannot comply with these requests.

We do not ship C.O.D. orders, to do so would require a large staff of clerks. Orders must be in English language.

INDEPENDENT TOBACCO GROWERS ASSOCIATION
McClure Bldg. Frankfort, Ky.

Sunshine Deadly To Athlete's Foot Says Health Dept.

Austin, Texas, June 21.—A common disease, popularly known as

Athlete's Foot, is due to a little mold-like growth or fungus. When this appears on any part of the body it is called ringworm. This fungus thrives best where there is moisture and warmth. Therefore the feet make an ideal place for

the growth of this germ. To have Athlete's Foot, you must get the infection from some one else directly or, more commonly, indirectly. The most common places to get the infection are around shower rooms, baths or bath houses, locker rooms, gymnasias and other places used by the public, where persons go barefoot. It is probable that at least one-half of all adults suffer from it at some time.

An individual affected with ringworm of the feet, or Athlete's Foot, should be most scrupulous about having his own towels and soap; and his socks, slippers and shoes should be worn by no one else. The use of light canvas slippers in dressing rooms would probably result in a decrease in this

disease. It has frequently been noted that those going to the seashore and exposing themselves to the sun and salt water often recover in a short time. This observation has led to the use of ultra-violet light, and, under medical supervision, this remedy is often of great aid. Infected stockings, shoes and slippers should not be worn. The Texas State Department of Health urges everyone having this disease to visit their doctor; and continue treatment until pronounced cured.

Mr. and Mrs. Roy Henderson and daughter, Miss Louise Henderson, and Miss Elizabeth Perner have returned from a visit to the World's Fair at Chicago.

Ozona-Abilene Split 2 Games

(Continued From Page 1)

trips to the plate. Frank Russell and Barbee were runners-up with three each and Wade and Con Cox gathered two each, with one each credited to Weaver, Miller and Duncan. Jack Sharp had a hard day and drew a blank in four times up.

Abilene Wins Sunday

Sunday's game was a different story. The hard-hitting Abilene Oilers took Conley Cox's offerings for a merry ride to win 6 to 3 umpires and errors giving the lead to the visitors. One Abilene batter was called safe on a play with Umpire Buck Bailey's loud amendment that he "should have been called out," for running out being called out," for running out of line. Then on another occasion, an Abilene batter circled the bags for a score on what was declared by players and spectators as a foul ball. Anyway, it was a good game and as close one as Official Scorer Johnny Barton's tabulation shows—earned runs, Ozona 3, Abilene 3.

The Giants go to Texon Sunday for a two-game series, the last scheduled for the first half of the league slate. The box scores in Saturday's and Sunday's games follow:

Law Wins—

(Continued From Page 1)

mitts, she finally backed out from the arena and seized a rock. Her opponent followed suit.

"You'd better not hit me with that rock," she warned. "Well, I guess I'd better not at that," he agreed as he dropped the missile and turned on his heel and left.

The outraged landlady promptly came to town and to the office of Justice Bryan McDonald where she filed complaint against her boarder for aggravated assault and he was fined \$25 and costs, a total of \$38. So—"He's in the jail house now!"

Perner Family Enjoy Dinners Given Honor Of El Paso Visitors

Two family dinners were given by members of the Perner family in honor of the recent visit of Mrs. Harry Perner and daughter, Carolyn, of El Paso, who spent several days here visiting with relatives.

Mrs. Hugh Childress, Sr., entertained with a family dinner at the ranch home Tuesday evening. A lovely dinner was served. Those present included Mrs. Mary Perner, Mr. and Mrs. Hugh Childress, Jr., Miss Mary Childress, Miss Catherine Childress, Mr. and Mrs. Will Baggett, Mrs. R. L. Flowers and daughter, Mary Kathryn, Mr. and Mrs. Stephen Perner and two children, Sammie and Chris Doty Perner, Mr. and Mrs. Warren Clayton Mr. and Mrs. Max Schneemann and four children, Eda, Max, Jr., Phillip and Lillian and Mrs. Kate Baggett.

Wednesday evening Mr. and Mrs. Will Baggett entertained with a Mexican supper at their ranch, honoring the visitors. Those present for this affair included the same members of the family as were present at the first dinner with the exception of Mr. and Mrs. Warren Clayton, who were unable to be present. Additions included Mr. and Mrs. Marshall Montgomery and P. J. Baggett.

Lions To Install Officers At Ladies Night Banquet Mon.

Newly elected officers of the Ozona Lions Club for the coming year will be officially installed as a part of the ladies night banquet to be given at the Hotel Ozona next Monday evening, it was decided at the Monday meeting. An out-of-town speaker will be secured as a part of the evening's program and local musical talent will be secured for the entertainment.

The Lions Club varied its weekly routine Monday by holding its meeting at the breakfast hour and enjoying a splendid breakfast prepared by the Hotel Ozona staff. The regular program features and business discussions were carried through as in the noon meetings.

Mr. and Mrs. Stephens Perner and children were in from the ranch for the week-end.

POSTED—All my lands in Crockett County. Hunting, wool hauling and all trespassing positively for bidden.

MISS PYLE HONORS MISS MOORE AT RANCH HOME

Mrs. Buck Pyle's delightfully entertained at her ranch home Monday, June 12th, with a chuck wagon dinner, honoring Miss Nancy Moore.

The afternoon was pleasantly spent in informal conversation and music. A refreshing ice course was served in the afternoon.

Miss Moore was presented a beautiful cake plate and each guest was given a dainty souvenir of the occasion.
Those attending were Miss Nancy Moore, Jerry Pace, Lois Gray, Patty Haral, Louise Ferguson, Jerry Coates and hostess—Ft. Stockton Pioneer.

Miss Doris Anderson of San Angelo is the guest of Miss McDred Davis.

Make Perfect Coffee... EVERY TIME... with These Automatic "Electrical Servants"

Authorities agree that the only perfect coffee is real French Drip Coffee. This is because a perfect brew requires three very definite things. First, that coffee grounds and water should come in contact but once... Second, that the contact should be of about 3 1/2 minutes duration... Third, that the water used in coffee-making should not be boiled, but maintained at a temperature about 16 degrees below the boiling point. When these three definite things are done, the result is a smooth, rich flavor... a clear, sparkling amber color... and an intriguing, appetite-arousing aroma.

Here are two appliances that enable you to make perfect coffee EVERY TIME! The Manning-Bowman French Drip Coffee Urn, and the Hotpoint Coffee-Maker automatically assure the perfection of all your coffee. No embarrassing failures... no disgusting "dishwater" coffee... none that would "float an egg." You'll have perfect coffee every time through the automatic perfection of these modern "Electrical Servants."

Specially priced, for a limited time only, you'll find one of these modern appliances an absolute necessity in your home. Like all electrical appliances, too, they may save money for you—for this modern way requires less coffee to produce a wonderful brew. Ask any employe for a demonstration TODAY. Convenient terms if desired!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

West Texas Utilities Company

To Those Interested--

I have 34 head of fine dairy cows as can be purchased. I have had many calls from persons who want to buy or borrow these cows. That all who are interested may be informed, these cows are pastured on the Dan Wills ranch and are not being offered for sale. However, any number or all of the herd will be sold for CASH but on no other terms. Under no circumstances will any of the cows be loaned for their feed.

This by way of answering broadcast the many inquiries that have been made recently.

If there is a person or firm willing to guarantee to carry out the aim I had set—a modern, sanitary dairy with pasteurizing equipment for Ozona, I will give them the whole

HERD OF 34 COWS FREE

As long as the people of Ozona are satisfied with backyard dairies and goat fever, and are not willing to back a sanitary dairy, Mike Couch is out of the dairy business. But when those who survive want clean milk, we are ready to deliver the goods. Meanwhile, the above offer stands in all seriousness.
