Ozona Students To Get Medals

Sons Of American Revolution To Reward Good Citizenship

Two grammar school graduates of the 1933 class, a girl and a boy, will receive a medal for excellence in those qualities which tend to build the good citizen, the awards to be made by the National Society, Sons of the American Revolution.

Rev. J. H. Meredith, pastor of the Ozona Methodist Church, and state chaplain for the Sons of the American Revolution, has announced the proposed awards, which will be made by him at the close of the present school term, on behalf of the Society.

Heretofore medals have been awarded only to boys, one out of the seventh grade each year upon the occasion of presentation of grammar school certificates. This year, however, Rev. Meredith has announced that two medals will be awarded, one to a girl and one to a boy from the class.

The pupils to receive the medals will be selected by their classmates and faculty. About two weeks before the commencement exercises, the class will select by popular vote five nominees for the honor, both girls and boys. From these groups, the principal of the school and all teachers who have had the nominees in classes will select the winners by majority vote.

"Since the Society has as one of the chief purposes the stimulation of a vigorous patriotism, they believe that such a purpose is to be secured only as the youth of our schools become imbued with high ideals of character and citizenship," the announcement of the medal awards declares. "Through its State and Chapter organizations this medal will be awarded annually to the pupil, boy or girl, in the graduating class of each elementary school who shall have best exemplified the principle of good citizenship." Qualities to be considered in making the award as set out by the rules of the Society are "Dependability as evidenced by punctuality, truthfulness, honesty, loyalty, trustworthiness and self-control; Co-operation as evidenced by the record in respect for authority, respect for property, respect for the rights of others and courtesy; Leadership as evidenced by what the pupil has done to make the school a better school; Cleanliness in speech and personal habits; Patriotism as evidenced by loyalty to, and knowledge of, the purposes expressed in the preamble to the Constitution of the United States."

Woman's Club Play Delayed By Absence Of Member Of Cast

Enforced absence of one member of the cast has resulted in a delay in fixing the date for presentation of the home talent play to be given here under auspices of the Ozona Woman's Club, it was announced this week by Mrs. W. J. Grimmer, club president and director of the play. Norris Creath, a member of the cast, will be away the next ten days on a tour with the S.M.U. Glee Club as master of ceremonies. Date for the production will be announced as soon as he returns, Mrs. Grimmer said.

The play to be presented by the Woman's Club is entitled "Second Childhood," a three-act farce comedy. Members of the cast include Norris Creath, Jimmie Walker, Herbert Kittle, Bryan McDonald, Bill Conklin, Mrs. Dixie Brown, Miss Tessie Kyle, Miss Elizabeth Ferner and Mrs. Bill Conklin.

Mrs. W. T. Conley and Ben Boykin of El Paso were guests of Mrs. Grace Turney here Monday. They were returning after a few days visit in Austin with Shelia Conley, who is a senior at the University of Texas.

Puppy Love Party Ends in Tragedy

Tragedy stalked through a San Antonio rooming house Friday night after two boys rented a "room with two beds" and brought two girls there. Five minutes after the door to the room was bolted, a shot was heard, and Miss Constance King, inset in the lower photo, was found dead. Upper photos show Leonard Poss, left, James Hobbs, right, and Miss Wannie Mann, center. Below is the bedroom with a detective pointing to the spot where Miss King's body was found. All of the participants in the party were 18 years old, and high school students.

Missionary Meet To Start Sunday

Rev. E.O. Mills To Conduct Services Using Japan As Subject

Rev. E. O. Mills, missionary to Japan, will arrive Monday to lead in a Missionary Revival which opens Sunday at the Baptist Church to continue one week.

Missionary Mills will speak each evening from Monday to Thursday on "Japan," illustrating his messages with stereoscopic pictures of this picturesque land. He will speak again Sunday at the evening hour on the same subject.

Bro. Mills' long years of service in Japan qualifies him to speak with authority on Japan and her religious needs.

The Missionary Revival will open Sunday at the morning service with the pastor, Rev. M. M. Fulmer, preaching on the subject "The Bible and Missions." The subject for the evening hour will be "The Church and Missions." Services will be held each evening at 7:45. The church extends a cordial invitation to the community to attend this missionary revival.

Ozona Boy In Cast Of Light Opera To Be Given At T.C.U.

Special to the Ozona Stockman: FORT WORTH, Feb. 1.—Vicki Montgomery of Ozona is a member of the cast of 19 that will produce the first original light opera at Texas Christian University on the evening of February 7.

"Moonlight Mesa," is the name of the production, the music being composed by Dr. H. D. Guelick, head of the School of Fine Arts, and the book and lyrics by Dr. Rebecca Smith, head of the department of English.

The scene of the opera is laid in the Southwest, and is concerned with a Broadway millionaire who goes to a West Texas border ranch to learn the cattle business. Of course the ranchman has a daughter who has been educated in an Eastern University.

Musical production will be furnished by the T.C.U. Orchestra, under the direction of Prof. Claude Sammis.

A new Chevrolet sport coupe was delivered this week to Bert Couch, Crockett County ranchman, by the North Motor Company, local Chevrolet dealers.

Slow Progress In Todd Deep Well

Drillers Make Little Headway In Extreme Hard Formation

After the second unsuccessful test for oil and gas showing, Stanolind Oil and Gas Company and others' No. 1 Todd deep test on the J. S. Todd ranch in this county was making slow progress this week in deepening through extremely hard formations, believed to be chert.

Reports here the first of the week indicated that only two inches had been made by the drill bits in two days, with three bits being flattened Monday. The hole tested dry at 7,735 feet and previously at 7,357 feet.

Stanolind and others' No. 2 Todd, in section 28, block WX, is drilling around 700 feet in brown lime, it was reported. This well is a shallow test being drilled to validate leases on the property before February 23 if the deep test proves unsuccessful by that date.

Continental's No. A-1-23 Todd, west of the deep test, was reported fishing at 1875 feet the first of the week. Continental's No. A-1-23 was drilling at around 500 feet.

Miss Maxine Murdock Presents Pupils In Piano Recital Tonite

Pupils of Miss Maxine Murdock, piano teacher, will be heard in recital at the High School auditorium this evening beginning at 7:30 o'clock. The program will consist of solos, duets, ensemble numbers and two vocal numbers by Mrs. Bryan McDonald, with Ted White playing the violin obligato.

Pupils who will have a part on the program include Louise Bean, Mary Jeanette Grimmer, Elton Smith, Gordon Rendall, Mary Frances Bean, Betty Grimmer, Normal Rendall, Crystelle Carson, Barbara Elizabeth Couch, Mary Alyce Smith, Betty Lou Coates, Ora Louise Cox, Mary Louise Harvick, Esther Kate Pierce, Vicky Pierce, Maggie Seahorn, Mary Williams, Gene Montgomery, and assisting will be Mrs. Strick Harvick, Mrs. J. P. Pogue, Mrs. V. I. Pierce, Mrs. Bryan McDonald, Miss Patti Raiza, Mrs. Bascomb Cox, Mrs. W. J. Grimmer, Mrs. Royce Smith, Miss Norene Allison and Miss Maxine Murdock.

100 Present For Missionary Meet

Zone Session Develops Interesting Program Here Wednesday

Approximately 100 persons attended the Zone Meeting of the Missionary Societies of the Methodist Church of this district held at the local church all day Wednesday. Representatives were here from Sonora, Eldorado and Merton. Sonora society was represented by 14 members, Merton and Eldorado six each.

The delegation which was to have come from San Angelo was unable to get here on account of the injury of Rev. S. L. Batchelor, presiding elder, and his daughter in an accident at Merton Sunday morning. A car in which Rev. Batchelor and his daughter were riding was struck by a train at Merton and both were slightly injured. Rev. C. E. Moreland, pastor at Merton, and Rev. W. H. Marshall, pastor at Eldorado, were present with their delegations.

Mrs. J. R. Smith of Merton was elected chairman of the zone group at the election of officers at the close of the session. Mrs. Tharp of Merton was named secretary-treasurer. The next group meeting will be held at Sonora on April 27.

The program was devoted to a study of missionary problems and worship services. Lunch was served in the basement of the church at the noon hour, members of the adult Missionary Society and the Young Peoples Missionary Society of the local church acting as hostesses. Mrs. Scott Peters is president of the adult society and Mrs. Marshall Montgomery heads the Young People's Society.

Ozona Girls Cage Squad Drops Game To Merton 26-22

Merton High School girls took the big end of a 26 to 22 score on their own court Wednesday afternoon against the Ozona High School girls basketball squad. The game was played on an outdoor court and the advantage was thus in favor of the Merton lassies. A return engagement on the local gymnasium court is expected to produce a different return.

Efforts are being made to arrange games in the near future with teams from Eldorado and Barnhart. The Barnhart girls won their first encounter with the locals last week by a score of 25 to 15.

Distribute Red Cross Clothing

Committee Asks Help In Placing Material Where Needed

A large quantity of outing, shirting and sheeting, as well as ready-made clothing supplies have been received by the local Red Cross Chapter for distribution among the needy of Ozona, it was announced this week by Rev. J. H. Meredith, chairman of the committee on distribution of this material.

Rev. Meredith has asked that persons who know of families needing clothing or any of this material notify him or any member of the committee which includes the pastors of the churches, Mrs. Albert Kay, Mrs. P. T. Robinson or Mrs. Scott Peters. Such notification will facilitate distribution of the materials.

Coat sweaters, stockings and underwear are included among the ready-made clothing. Bolt goods are available for making up clothing and a consignment of gingham suitable for dresses will be available in the next few days, the shipment having gone astray, falling to arrive with the other materials.

Vera Mae Couch And L. O. Herndon Wed In Carlsbad

Miss Vera Mae Couch, niece of Mike Couch, local grocer and dairy operator, and L. O. Herndon, employed by the Stanolind Oil and Gas Company now drilling a deep test on the Todd Ranch in this county, were married sometime Tuesday in Carlsbad, N. M., according to word received here by friends.

Miss Couch and Mr. Herndon left early Tuesday morning with the announcement that they were bound for Carlsbad and matrimony. They will start their honeymoon tour with a trip through Carlsbad Caverns and will return to Ozona in about a week to make their home.

Beethoven Music Club Plans Cowboy Program Thursday

The Beethoven Music Club will have a cowboy program in the auditorium of the Junior High School building Thursday afternoon, February 9, at 3:15. Cowboy costumes will be worn by members. The program will be as follows:

Roll Call—Sheep or Cattle brand.

Boys' Quartet—Cowboy songs, Neighborhood Orchestra—Cowboy ballads.

Chorus—Home on the Range—Mrs. Neal Hannah.

Story—Clifton Talliferro.

Lions Net \$39.50 From Magician's Appearance Here

Ozona Lions Club realized a net profit of \$39.50 from the appearance of Birch, the magician, in the High School auditorium last Thursday evening. The auditorium was packed almost to capacity and was well pleased with the splendid program of illusions and tricks of magic.

Escape from a wooden box made by the West Texas Lumber Company here, disappearing a tiny pony, suspended from the ceiling of the stage, shooting a bird into a common light bulb and many other thrilling illusions furnished plenty of entertainment for the big crowd.

LEAVE ON BUYING TOUR

Mr. and Mrs. Ben Lemmons will leave Sunday for Dallas where they will start their annual Spring and Summer buying tour for the Lemmons Dry Goods Company here. At Dallas, Mr. and Mrs. Lemmons will meet representatives of eastern wholesale houses and will select a part of their new spring and summer merchandise there. Mrs. Lemmons will return from Dallas in about a week, while Mr. Lemmons will go on from there to St. Louis, where he will complete the next season purchases. Mr. and Mrs. Lemmons have announced that they will buy a complete new stock of spring and summer merchandise, with all the newest styles and season's colors in ready-to-wear for women, men's and children's clothing.

Giant Mexican Eagle Captured In Trap On Montgomery Ranch

A giant Mexican black eagle, having a wing spread of seven feet eight inches from tip to tip, was captured in a trap by Judge Montgomery on his ranch Monday. The big bird was brought to Ozona and displayed by Joe Oberkamp.

The bird was uninjured by the trap and was in perfect fighting trim when brought to town. Judge figures he has eliminated one of the "leaks" in his business this spring by cutting down by one on his "boarders" that believe in the "eat more lamb" slogan.

Mrs. Scott Peters is a visitor to San Angelo today.

TAX PAYMENTS, REGISTRATION OF AUTOS OFF

Taxes And Licenses Fees Both Show Big Decline

MAY EXTEND TIME

Legislature Considering Law Making Limit March 1

While payment of 1932 taxes is estimated to have gone well over fifty per cent, registration of automobiles and trucks fell far under the totals for previous years, estimates from the tax collector's office here yesterday indicated.

With legislative action in sight providing an extension of time for registration of automobiles and trucks, however, local registrations are expected to reach near the customary total by the new time limit set, provided the bill now before the legislature becomes a law.

A bill to extend the time limit for registration of motor vehicles to March 1 was reported favorably by unanimous vote of the House committee on highways and motor traffic Tuesday and reports from Austin indicate that this bill has an excellent chance for passage through the legislature when its turn for consideration comes. It is being rushed through the legislature as an emergency relief measure.

The deadline for registrations passed at midnight Tuesday, and under the present laws, heavy penalties apply on registrations after that date.

A final check-up on payment of property taxes here will not be available for two weeks or more, according to Sheriff W. S. Willis. A large part of payments coming in the last few days of the tax paying period, the collector's office was swamped as last-minute taxpayers and auto owners thronged the office to escape the penalties on delinquents.

Busby To Hold Revival Meet

Minister Coming For Annual Spring Meeting Here

Rev. Horace W. Busby, well-known evangelist of the Church of Christ, will open his annual Spring revival meeting at the local Church of Christ about the middle of February, it was announced this week by L. N. Moody minister.

The meeting will continue two weeks, lasting through the balance of February. Definite announcement of the date for opening the meeting will be made next week.

THURSDAY, FEBRUARY 2, 1933

Every governmental official or board that handles public money should publish at regular intervals an accounting of it, showing where and how each dollar is spent. This is a fundamental principle of democratic government.

ROBBING PETER TO PAY PAUL

In your left-hand trousers pocket you have the sum of fifty dollars. In your right-hand pocket is another fifty. For a period of time you spend entirely from the left pocket, until the fifty suffers a alarming depreciation. Then you begin spending from the right pocket. Would you consider this economy and reduction of expenses? You certainly would not. It is unimportant whether the dollar comes from one pocket or another, whether your left hand or your right passes it out.

But, when tax commissions and politicians announce a program of tax reduction, it usually does precisely what has been described above.

It takes a dollar off the property tax and puts another dollar on the income tax. It shifts burdens from an inheritance tax to a sales tax. It discovers intangible taxes—supposed to lower some other tax, but increases the total volume of tax money taken from individuals and industry. And so it goes.

The average tax reduction program is a farce and misrepresentation. It robs Peter to pay Paul. It does not recognize the fact that there is but one way to lower taxes—to spend less money.

Keep the pocket illustration in mind next time your public officials announce an economy drive. See if they actually do lower the cost of running the government, or simply dip into your other pocket. Then act accordingly.

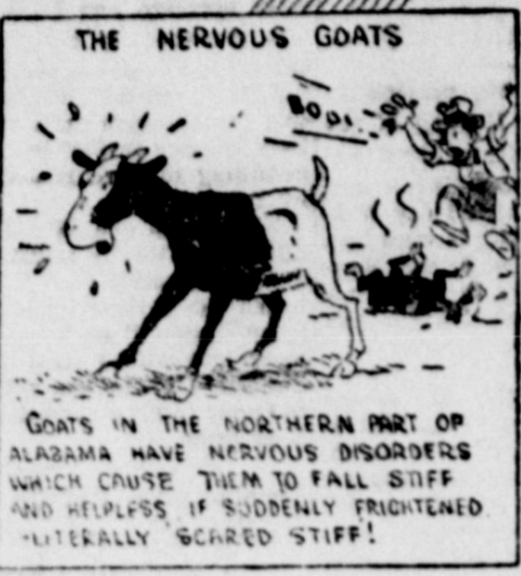

THE LITERARY MOUNTAINS

It was not so very long ago that London was the literary center of the universe. The great publishing houses were there; the greatest accolade an American writer could receive was acclaim from the English critics. As a result, American literature took to aping its foreign cousin, and for a while the "fashionable" American authors were more English than the English.

All that has changed. England still has her great literature—but the highest literary mountains are to be found in this country. The American book publisher leads the world—not merely in the promotion of sales, but in bringing before an audience new talents, new ideas, new and vital experiments. Much of this he does without hope of gain, knowing from experience that deficits are almost inevitably the result of adventuring of this kind.

We need not, however, feel sorry for the American publisher because of that. He has earned a very definite reward. It is to the presses of America that much of the world now looks for pungent volumes of criticism and political philosophy; for the greatest biographies; for the most important fiction. America has produced a native literature and in it are names which are almost as familiar in Paris and Vienna and Leningrad and Cracow, as in San Francisco and New Orleans and Bank Center. It is a literature

ODD — BUT TRUE

LIVESTOCK SHIPMENTS FOR DECEMBER SHOW INCREASE

Anatolia, Texas, Feb. 1.—Livestock shipped from Texas during December amounted to 2,573 cars, an increase of about 2 per cent over the 2,518 cars shipped in December, 1931, according to the University of Texas Bureau of Business Research. The only class of livestock to show a decline in shipments was cattle, in which there was a drop from 1,812 cars in December, 1931, to 1,185 in December, 1932, or 34 per cent. The other classes of livestock, however, showed marked increases in shipments, calves increasing from 421 cars in December, 1931, to 722 cars in December, 1932, or 71 per cent; hogs from 96 cars to 176 cars, or 83 per cent; sheep from 189 cars to 490 cars, or 160 per cent.

For the entire year 1932 interstate shipments of all classes of livestock totaled 47,173 cars, a decline of 6 per cent from the 50,053 cars during 1931. Shipments of sheep to interstate points of 7,278 cars were 15 per cent greater than the 6,456 cars shipped in 1931; hog shipments of 3,119 cars were 30 per cent greater than the 2,408 cars the previous year; calf shipments were practically unchanged, being 8,998 cars in 1932 and 8,159 cars in 1931; cattle shipments of 28,768 cars in 1932 were more than 15 per cent below the 33,990 cars in 1931.

which, because it is fundamentally native to a land, is really international in spirit.

And the better American publishers who have given so much of time, effort and hard-earned money to aiding that development, when more profitable, if less commendable, enterprises beckoned, deserve more of the credit than they generally receive.

Boy Scout Week To Inaugurate 10 Year Program Of Growth

With the approach of the 23rd Anniversary Week of the Boy Scouts of America, all the Scouts of the United States are making preparations for their part of the birthday celebration, which will be held through the week of February 8-14th.

Of especial significance during Boy Scout Week this year is the launching through every city and town of the nation of the Boy Scout Ten Year Program of growth and development. Through this program the Boy Scouts are planning to multiply their effectiveness by four during the ten year period. At the end of that period it is estimated there will be 350,000 men working in the ranks of the Boy Scouts as Scoutmasters, Troop Committeemen, and Leaders of various capacities. To achieve this objective, there must be 59,100 Troops with an average of 22 Scouts per Troop.

Of equal importance is the second factor that the Scout Training to be received by each such prospective citizen shall be of such length and of such quality that there will be practical insurance of Scouting results at 21. This means that each boy should have had at least four years of Scouting experience.

There are other considerations of the Ten Year Program that will be more fully explained in the Anniversary Week Program.

The Ranch District Field Meet for the Scouts will be held at Sonora Friday night, January 20, at the Boy Scout Hall. The chief contenders for the Ranch District banner are Junction Troop 20, and Sonora Troop 19.

SCANDALS By THE TOWN GOSSIP

T. G. makes the prediction that the Depression is over—anyhow, as far as the firm of Joe and Stump is concerned. These boys, full of energy, pep, ambition, new ideas, or what have you, have evolved a device which promises to aid materially in the future happiness and peace of mind of the citizenry of Ozona and surrounding country. The boys have had a sign printed and now have it displayed in a place where it catches the eye of all advising us to "HAVE YOUR LIGHTS TESTED NOW". T. G. has been noticing the thing for some time and wondering exactly what meaning was intended to convey; he had the erroneous impression that it had something to do with the testing of headlights, but imagine our surprise when we were told that these ingenious fellows had actually perfected an apparatus which, though built along the same lines of Eddie Cantor's Speech-making machine or Will Rogers Vote testing invention, yet is distinctly different and serves an entirely different purpose. For example, suppose you have been on a more or less wild party and you have an alibi framed up for

the wife which you feel will stand the acid test such as "I sat up with a sick friend." Now before springing it and taking a chance on the wife picking it to pieces, we simply run around to Joes' and Stumps', breathe this little falsehood into the mechanical ear—if the lie will stand up a light flashes green—if not, a red light appears and you had best begin framing a new one. The boys tell me that anyone with any degree of originality is able to concoct a most plausible story in three or four attempts. Need we go further? Is there any doubt that this is indeed a boon for the tired working man? Now we can all go home with a glow of virtuosity on our countenances, resting assured that—pshaw, here I start out extolling again.

Have you ever heard of the whoofle bird? He flies backward—he doesn't give a darn where he's going; he just wants to know where he's been.

We asked Bryan McDonald how he came to get in the habit of wearing a mustache and he replied that it just seemed to grow on him.

Here's one that has that old mother Goose jingle about Peter Pumpkin eater—backed off the slate—Repeat after me aloud: A skunk sat on a stump, the skunk thought the skunk stunk, and the skunk thought the skunk stunk. (Oh, well, now, try it again.)

THAT'S ME—

I'm the madam that runs everything. I start with my house, I broke my husband's spirit long ago, and won't let him have a thought of his own. Then if I belong to any club or organization I run it or don't belong. I know more about everything than anyone, and how I hate to take an order. People seem to avoid me, and they better for I'll tell them how to run their business if given half a chance.

ROUGH to your finger

ROUGH IN YOUR STOMACH

It's easy to say they're all alike—and easy to prove they are NOT. Dissolve a genuine Bayer Aspirin tablet in water, pour it off, feel the fine powder that coats the glass. Do this with some other tablet; see what coarse particles are left! They feel as sharp as sand, even to your finger. How must they affect those delicate membranes which line your throat—your stomach? For immediate relief from headaches, colds, sore throat, neuritis or neuritis, lumbago, rheumatism, there's nothing like Bayer Aspirin. It cannot depress the heart.

Let's Try Tuggin' at our own bootstraps

For many weary months we have been waiting for a turn in the business tide. We have been looking hopefully on the efforts of the Reconstruction Finance Corporation. We have been watching interestedly the progress of the many relief measures which have been attempted or proposed to boost stagnant business.
Any one or several of these agencies combined, may eventually pull us out of the doldrums.
But—in the meantime—while we're watchfully waiting for the tide to turn; why not take a tug at our own bootstraps? Why not see what we—OURSELVES—can do to lift Ozona to a better business level?
Here is something concrete and common sense which we can start RIGHT NOW:

We can start spending more Ozona made dollars here in Ozona. We can start buying more of everything we need for our homes and businesses from Ozona stores. We can start patronizing more Ozona professional men. We can start using more Ozona products. We can hire more Ozona labor.

When we turn our eyes from far away fields to those here at home, we'll be surprised to find them every bit as green or perhaps a little greener. We'll be surprised to find Ozona bargains just as those in San Angelo. We'll be surprised to discover that most of Ozona services are just as good as any we can find.

Finally we'll learn a lot more about Ozona than we ever knew before—what she has to offer US—what she really IS. And we'll appreciate our home city more because we've had a hand in helping her along.

Mrs. Leta Hawkins And Clinton Glover Married Here Wed.

Mrs. Leta Hawkins became the bride of Clinton Glover at a simple wedding ceremony at the home of the bride's parents, Mr. and Mrs. N. W. Graham at 9 o'clock Wednesday morning. The home was decorated with cut flowers and pot plants. Rev. J. H. Meredith performed the ceremony in the presence of members of the families.

Mrs. F. T. McIntire sang "I Love You Truly" with Dr. McIntire playing the piano accompaniment. Dr. McIntire also played the wedding march. Sandwiches, coffee and cakes were served following the ceremony, after which the couple left on a short wedding tour. They will make their home in the Will Adams house here.

Mr. Glover is employed in the office of Ekline Martin, resident engineer for the state highway department here. He is the son of Mrs. A. A. Glover of Austin, formerly of San Angelo. Mrs. Glover, her daughter, Miss Marie Glover, a student in the University of Texas, Mr. and Mrs. Bill Glover of San Angelo, and the bridegroom's grandfather, Mr. Glover of San Angelo, were here for the wedding.

Truck Drivers!

Are You Supporting a Competitor?

If you are buying groceries from a man who is in competition with you in the truck business, can you afford longer to do it? Did you know that your business is being attacked behind your back with price-cutting competition while you are being slapped on the back when you go in to buy your groceries? Think—then decide whether the alleged cheap prices are really cheap. Compare ALL the items in your purchase and see if they ALL are cheap.

Investigate the activities of this trucking grocer and see if you aren't losing some business that is being taken at cut prices just to squeeze you out—then decide if the established merchants of Ozona, that have worked with you and for your best interests for years past, don't deserve your trade.
