27 Cents Paid For Sonora Wool

30,000 Pounds Bring Top Price; Quarter Million Lbs. Sold

Twenty-seven cents a pound was the top price paid for 30,000 pounds of choice wool by L. M. Murphy, buyer for Eisemann Bros in the sealed bid sale conducted Tuesday by the Sonora Wool and Mohair Company at Sonora.

Approximately a quarter million pounds of wool was sold in the sale at an average price of 24 cents a pound. The lowest price accepted was 25 1/2 cents.

The Sonora warehouse still has approximately a million pounds of wool remaining on hand and expects more to be added. The pool sold in Tuesday's sale included most of the smaller clips, none of the large clips on hand going in the disposal. Three clips were included in the lot for which Murphy paid the top price of 27 cents.

Roy E. Aldwell, member of the sales committee of the Sonora wool firm, announced following the sale that it was not likely that another sealed bid sale would be held this season. The wool remaining on hand likely will be disposed of in individual deals.

Another sealed bid sale has been announced by the Texas Wool and Mohair Company of San Angelo through its president, Victor Pierce of Ozona. More than a million pounds of 12-months wool will be offered at sealed bid auction next Tuesday morning at 10:30 at the warehouse of the firm in San Angelo.

Giants-Herders Split Twin Bill

Locals Again Divide Honors With San Angelo Crew

The Ozona Giants and the San Angelo Sheep Herders for the second time split a double header bill Sunday, the Giants copping the first game 5 to 1 and the Herders the second 7 to 3 in a bargain bill at the Fort Concho park in San Angelo Sunday afternoon.

The two teams split their first twin bill to open the West Texas Independent League schedule in Ozona, and Sunday's two encounters show them still about equal.

Ozona batsmen really got their eyes on the ball in the first game, blamming Peeples, the hurler who beat them in the league opener here, for a total of 17 hits. Bill Duncan yielded only five safeties to the Herder sticks. Three hits each were registered by Wade, Barbee, Weaver, Frank Russell, and Greer, while Lowrie and Cox took one each. Duncan struck out seven Angelo batters.

In the second game, Harrington allowed the Herders ten hits and two errors credited to the locals contributed to the Angelo win. Rex Russell, Giant first sacker, whose hitting has been nothing to brag about the first of the season, led the local batters in the second game. Rex got two safeties while one each was recorded for Wade, Lowrie, F. Russell, Con Cox, Greer and Arthur Kyle.

The box score follows:

FIRST GAME	
OZONA	AB R H PO A E
Wade 2b	5 1 3 0 2 0
Lowrie lf	5 1 1 2 0 0
Barbee c	5 1 3 8 0 0
Cox 3b	4 1 1 1 4 0
Weaver, cf	5 1 3 2 0 0
Russell ss	5 0 3 2 3 0
Russell 1b	3 0 0 11 0 0
Greer rf	5 0 3 1 0 0
Duncan p	5 0 0 1 0 1
Totals	42 5 17 27 11 0

Quail Is Mother To Three Baby Chicks On Jake Young Ranch

A quail who is mothering three baby chicks was the unusual discovery made recently by Jake Young on his ranch east of town. The strange combination was sighted in a pasture near the ranch house, Mr. Young said.

Whether or not the quail hatched the hen eggs herself or took charge of the brood of a hen is not known. There are no other chickens on the ranch the same age as these. Jake said, which would tend to discount the theory that the chicks were stolen from a hen's brood. The quail either hatched the eggs herself or the quail and hen had their nests in close proximity to each other and the quail took charge of the chicks as soon as they were hatched and left with them.

The quail is due for a big surprise, Jake opines, when she attempts to teach her youngsters how to fly and how to yodel the familiar quail call.

Giants Tangle With Miles Sun.

Non-League Encounter Slated For Local Diamond

Giant will meet Giant on the Powell athletic field diamond here next Sunday afternoon in a clash between the Ozona Giants, West Texas Independent League tailenders, and the Miles Giants, a strong combination which has seen plenty of action in its surrounding area since the season opened.

The game will be a work-out for the locals, who have the Sunday idle in the regular League schedule.

The following Sunday the Giants entertain the Abilene Gassers, Mose Simms' powerful combination that is battling Texon for first place honors in the standing column. Although the Giants haven't a shot at the first half pennant, they are working hard to get down to earth for the opening of the second half of the season after July 4. With the season they have had in league and non-league competition, local fans are hopeful of a much better showing in the second half.

Del Rio Stages Golden Jubilee

Border City To Celebrate 50th Anniversary July 1-6

DEL RIO, June 7.—A Golden Jubilee, commemorating the 50th anniversary of the establishment of a postoffice in Del Rio, will be staged July 1 to 6 inclusive.

A varied program to provide entertainment for the six day event will include mid-way attractions headed by the Geo. J. Loos shows, base ball games, boat racing, bathing beauty revue, dancing, a bull fight in Villa Acuna, Mexico, and many other events in which the people of West Texas and Southwest Texas are invited to participate.

The monster celebration is sponsored by the Del Rio and Villa Acuna Chambers of Commerce and the business interests of the two towns have combined to make the affair one long to be remembered.

Del Rio will "take the lid off" for the Golden Jubilee. The mid-way and carnival attractions will be placed on Main Street, and a veritable fun fiesta will be staged.

Mrs. L. J. Kittle, who has been under treatment in a Temple hospital for the past several months, returned to her home here the first of the week.

State Supervisor Praises Schools

Local H.E. Department Described As Above The Average

The Home Economics department of the Ozona High School was described as "far above the average" in equipment and in accomplishments of its course of study in a report to the State Department of Education made by Miss Sibyl Thomas, vocational home economics supervisor for the state department, who made an inspection of the Ozona school during the last week of the term just closed.

The supervisor's report was received from the department a few days ago by Supt. John L. Bishop. Miss Thomas gave unstinted praise to the operation and equipment of the department and also complimented the operation of the entire school, which she visited and inspected unofficially.

Only three minor recommendations for the improvement of the H. E. department was made by the supervisor and these have or will be observed at the re-opening of school, Mr. Bishop said. The recommendations had to do with installation of a shelf in a cloak room, a set of envelopes for filing systems and a minor change in the order of teaching of clothing and food topics for next year.

Childress Again Heads Lions Club

President Re-Elected; New Officers Take Posts In July

Hugh Childress, Jr., was re-elected president of the Ozona Lions Club at the annual election of officers held last Monday noon. He will start serving his second term as head of the club at the annual installation of officers the first meeting in July.

J. H. Miller, manager of the local branch of the West Texas Lumber Co., was elected secretary treasurer succeeding Glenn Rutledge. Other officers elected were C. S. Denham, first vice president and R. L. Flowers, Lion Tamer. A tie vote was registered in two races, that for second vice president and for Tail Twister. These places will be filled by voting at the next meeting of the club. Election of four directors for the coming year will also be on the order of business at the next meeting.

A quartet composed of Neal Hannah, J. H. McClure, Richard Flowers and Ross Huffstetler entertained the club with a few selections at its meeting Monday.

Ft. Worth Minister In Meeting Here

Jesse G. Gill, minister of a Mexican Church of Christ in Fort Worth, will open a ten-day meeting for the Mexican people of Ozona next Saturday night.

The meetings will be held in the Dramatic Club quarters in the Mexican suburb of Ozona. Rev. Gill has been minister of the Fort Worth church for the past ten years.

CARD OF THANKS

Even the loving kindness of dear friends cannot heal the hurt that is in our hearts, but without the comforting words, the kindly ministrations and the loving tenderness of these friends the burden of grief would have been overpowering. More words could never express our gratitude to you all. From the bottom of our hearts we thank you, and may you have the same comforting of friends should sorrow descend upon you. God bless you all and keep you all ways.

Most sincerely,
Mrs. Pon Seahorn
Billie and Maggie Seahorn
Joe and Batts Friend.

Rodeo Prexy

Wayne West, president of the Crockett County Fair Association, has organized the forces of that organization and is rapidly shaping things up for the greatest Rodeo, Race Meet, Stock Show and Sale in history July 3, 4 and 5.

Texas Business On The Upgrade

Employment Shows Gain Over Same Date Last Year

Austin, Texas, June 7.—The 908 establishments reporting to the Bureau of Business Research of The University of Texas and the United States Bureau of Labor Statistics had on their payrolls on May 15 a total of 63,964 workers, a gain of 3.1 per cent over the total reported for the preceding month, and, what is more important, an increase of 1.1 per cent over the total reported as of May 15 a year ago. It was the first time since March, 1930, that the number of workers had exceeded that on the corresponding date a year earlier.

"Not only is this increase from April to May an unusual one on the basis of past experience, but it is widely distributed over a great many different industries," the University Bureau's report said.

"Average weekly wages per worker declined slightly, from \$22.13 in April to \$22.02 in May, but because of the increase in the number of men on payrolls, the average weekly payroll was \$1,408,197 in May as against \$1,372,935 in April, a gain of 2.5 per cent.

"In Austin, Beaumont, El Paso, Fort Worth, Houston, Port Arthur, San Antonio, and Wichita Falls, more men were on payrolls on May 15 than on the corresponding date a year ago, showing that the improvement in employment was well distributed not only as to industries but also as to locations in the State. As compared with the preceding month, the following cities showed gains: Amarillo, Austin, Dallas, Fort Worth, Galveston, Houston, Port Arthur, San Antonio, Waco, Wichita Falls and the miscellaneous group of towns.

"Increases in the number of workers together with increased average weekly wages per worker were found in eleven industries, affecting 17,333 workers. Increases in number of workers accompanied by slight cuts in wages were reported in fourteen industries and in the miscellaneous group, affecting 38,891 on May 15. In five industries decreases in wages accompanied reductions in the number of workers, whereas in seven industries the smaller number of men on payrolls received higher average weekly wages than they did during the preceding month.

"No workers employed on Reconstruction Finance Corporation projects or other relief work are included in this report."

Room For One More In Quota Of County Reforestation Crew

There is still one more opening in Crockett County's quota for the government reforestation camps, Hugh Childress, Jr., president of the Lions Club and local registrar for the reforestation recruiting, announced this week.

One of the five applicants who were sent recently to San Antonio was turned down by army examiners, according to reports received here, and this vacancy may be filled by another applicant. David Anderson was the applicant who was rejected.

Bronchs For Use At Rodeo Bought

Wayne West Secures Outlaws To Unseat Riders July 3-4-5

West Texas is being combed for the meanest bunch of outlaw horses ever put through a chute for use in entertaining riders and spectators at the seventh annual Crockett County Rodeo, Race Meet, Stock Show and Sale to be held in Ozona July 3, 4 and 5. It was announced this week by Wayne West, president of the association.

Mr. West left the middle of the week for a tour of ranches in neighboring counties for the purpose of personally selecting the most vicious animals on the range. A number of head of these untamed outlaws have been purchased and others will be added to the herd as they are found. The fair association is planning on making the bronc busting features of this year's rodeo a real treat for fans of the western sports.

Chairmen of the various stock show and sale departments report many entries for both the sale and show. Some of the finest animals in the United States are entered each year in the local Rambouillet Sheep and Hereford cattle show and the choice sheep, cattle and goats are sold to discriminating buyers from the auction ring.

Paul Perner, chairman of the racing card, announces one of the best racing programs in many years for this year's show. There will be five horse races each day and Mr. Perner is already receiving inquiries from the leading stable owners in this section of the state. Attractive money purses authorized by the association are expected to bring many fast animals here for the daily races.

Orphanage Group To Appear Here

Entertainers From Waco Home At Methodist Church Mon.

A group of 28 entertainers from the Methodist Orphans Home at Waco will present a program of entertainment at the Methodist Church here next Monday evening beginning at 8 o'clock, it was announced this week by the pastor, Rev. J. H. Meredith.

The orphanage group included Ozona in its itinerary on a six-weeks tour of the state. The group is touring under the direction and management of Mr. and Mrs. D. D. Osborn. Mr. Osborn is assistant manager of the Waco home.

The entertainment program to be presented by the orphanage inmates will consist of vocal and instrumental musical numbers, readings and other features. There will be no admission charge for the performance, but a free-will offering will be taken to help defray expenses of the tour.

"The program will be well worth anybody's time," Rev. Meredith declared. "Everybody is invited to come and see what the church is doing for the 412 young people under its care."

Room For One More In Quota Of County Reforestation Crew

There is still one more opening in Crockett County's quota for the government reforestation camps, Hugh Childress, Jr., president of the Lions Club and local registrar for the reforestation recruiting, announced this week.

One of the five applicants who were sent recently to San Antonio was turned down by army examiners, according to reports received here, and this vacancy may be filled by another applicant. David Anderson was the applicant who was rejected.

HUNDREDS PAY LAST TRIBUTE TO P. SEAHORN

Prominent Rancher and Beloved Citizen Is Called By Death

FUNERAL MONDAY

Goat Fever Following Operation Proves Fatal Sunday

One of the largest crowds ever assembled at a funeral service in Ozona gathered to pay last tribute to the memory of W. Pon Seahorn, pioneer Crockett County resident and prominent rancher, who died in a San Angelo hospital Sunday, when funeral services were held here Monday afternoon.

The funeral services were held from the Methodist Church, Rev. J. H. Meredith, pastor, conducting the services. The local Masonic Lodge had charge of the services after the procession left the church, conducting impressive graveside ceremonies at the cemetery. A large number of out-of-town friends of the family were here for the funeral.

Mr. Seahorn died at 9:45 o'clock Sunday morning in a San Angelo hospital. He recently underwent an operation for appendicitis and a ruptured appendix was discovered. He was later found to be suffering from goat fever and after a game fight which lasted around two weeks, hope being held out for his recovery at times, he finally succumbed Sunday morning.

Cowboy In Oklahoma

Mr. Seahorn was born in Hot Springs, Ark., December 14, 1876, the son of William H. and Nettie Miller Seahorn. The family moved to old Indian Territory, now Oklahoma, when he was a small boy and he spent his boyhood in that area. His parents operated a stock farm on Cowskin Prairie near Vinita Okla. He worked on a ranch in Oklahoma as a cowboy when a young man, Will Rogers, the famous humorist, being employed on a neighboring ranch at the same time. Mr. Seahorn was well acquainted with the humorist and when Will Rogers appeared in San Angelo on one of his tours a year or so ago he inquired about the Crockett rancher.

Mr. Seahorn came to Crockett County in November, 1900, for a (Continued On Last Page)

Rodeo Program Books Out Sat.

Annual Catalogue To Be Distributed As Advertising

The annual program and catalogue of the seventh annual Crockett County Rodeo, Race Meet and Stock Show, July 3, 4 and 5, will be off the press by Saturday of this week and the books will be available Saturday afternoon for distribution.

The books are being printed by The Stockman and copies may be secured without charge for mailing out to friends over the country. These books, made possible by the liberable advertising patronage of merchants of Ozona, San Angelo and other towns in this area, are used as advance advertising for the annual show and Ozona people are urged to get copies of the books as soon as possible and mail them to friends.

Room For One More In Quota Of County Reforestation Crew

There is still one more opening in Crockett County's quota for the government reforestation camps, Hugh Childress, Jr., president of the Lions Club and local registrar for the reforestation recruiting, announced this week.

One of the five applicants who were sent recently to San Antonio was turned down by army examiners, according to reports received here, and this vacancy may be filled by another applicant. David Anderson was the applicant who was rejected.

THURSDAY, JUNE 8, 1933.

Every governmental official or board that handles public money should publish at regular intervals an accounting of it, showing where and how each dollar is spent. This is a fundamental principle of democratic government.

A LIFE WELL SPENT

It is not within our province to question the doings of an all-wise Providence, but faith in the infinite wisdom of the Creator is not sufficient to salve the ache in the hearts of us all at the stark realization that our friend, the friend of all mankind, the man who counted his riches not in terms of dollars but in terms of his friends, is gone.

Something was torn from our hearts when Pon Seahorn left us, for there was not a soul in his circle of acquaintances who could not depend upon him as a friend. His kindly word, his friendly smile, his ready helping hand will be sorely missed as we go on through life.

Uncle Pon is gone but his memory will remain fresh and vivid so long as we who have peeped into his heart and knew the sterling worth of his character survive. It is said that the good men do live after them—the memory of Pon Seahorn will never fade.

NOTHING FOR CHARITY

When our government was considering resumption of specie payment after the Civil War, Sherman is credited with saying that the only way to resume is to resume. That applies now. Every one of the prevalent thoughts seems to be, "What can I do to cut down? whom can I fire? And so on."

Commenting on the statement that "investment and employment are cheaper than charity," F. V. Keesling, attorney of San Francisco, says: "Unless there be continuous investment and employment, there will be nothing for charity."

"There is an unfortunate attitude among the people. For instance, at the golf links the other day one of the members decried the fact that there were several men employed in planting trees. When he was told that it seemed to be a highly desirable thing under the conditions, so long as the club could afford it, a clearer vision gave him a proper reaction."

You can't pile up public debts, increase taxes, discourage industry and create unemployment, without destroying the capital and earning power of the nation.

This destructive process has been going on for three years. No good fairy is coming out of the clouds and create employment. The people are going to have to create it for themselves. The good fairy will be their own desire to do something.

Every day that those of us who can afford to, delay in furnishing employment for needed and necessary work, our national wealth is reduced, taxes are increased for charitable enterprises and the day draws nearer when there will be nothing left to give for charity, and government itself will face bankruptcy through inability to collect taxes. There are millions of individuals and industries whose premises are sadly in need

repairs. The time to do that work is now. Delay is expensive "economizing."—Review, Santa Paula, Calif.

IS CRIME ALWAYS ILLEGAL?

The illegality of crime should have been effectually established in America by this time, for we are notoriously the nation with a multitude of laws. It has been observed that there is "more law and less order" in the United States than in any nation in history.

Aside from the whimsy of the statement, there is a stark, omnipresent reality. There are too many laws in America, laws of which the average citizen never hears and some of which are seldom enforced. When the occasion arises to perfect the functioning of society, the American solution is to make another law and declare another malfeasance.

But while we recognize crime outside the law, we sometime overlook injustice permitted within the law. Everyone would agree that a theft of another's property is a crime; yet, how many people have you known who have not or would not "lift" a hotel or Pullman towel?

The idea has a queer quirk of humor, for somehow or other we do not think of that theft as being the same as stealing an automobile or a bank payroll.

The literature and history of people is full of the heroized robbers who steal from the wealthy and give to the poor—the Robin Hoods, the Kit Carsons, Jean Lafittes, etc. All this seems to indicate something—that oftentimes the human conscience is a better guide to justice than the barriers devised by men to confine the unscrupulous.

BUSINESS ON UP-GRADE

Business is on the up-grade. This is not prophecy, but fact. Improvement has been registered in various basic industries—steel, copper, hogs, wheat, corn, department store sales, etc. Recently the New York Times index of industrial activity advanced for the seventh consecutive week to the high point in 17 months.

A good sign is the estimate for the U. S. winter wheat crop—337,485,000 bushels. This is 40 per cent smaller than the 1921-30 average, the smallest since 1904. It will be 45,000,000 bushels short of United States consumption. Prices jumped as soon as the official estimate was made public; the farmer smiled.

Interesting fact—it is not unusual for short wheat crops and resulting higher prices, to signify the breaking of depressions.

The trade picture is thus definitely optimistic. Low of depression was touched in June-July of last year. Since then the three general barometers—index of business activity, index of commodity prices, —have been moving up, with occasional reactions. For two months progress has been uninterrupted. The net business gain is said to be close to 25 per cent.

Say "I saw it in the Stockman."

ODD — BUT TRUE

Cartoon titled 'Of Los Angeles, Cal.' showing a man with mottled teeth and a man filing a complaint. Text: 'USES THE WATER FROM THE BOULDER DAM PROJECT AS IT IS TODAY THE NEXT GENERATION OF CHILDREN THERE WILL HAVE MOTTLED TEETH' and 'A NUMBER OF BANKS IN THE UNITED STATES KEEP THEIR WASTE PAPER FOR 30 DAYS, OR MORE - AS A CAUTION AGAINST THE LOSS OF SOME VALUABLE DOCUMENT'.

Smilin' Charlie Says

Cartoon of a man in a suit. Text: 'THAT'S ME—' and 'I'm the young lady that takes Interior Decorating seriously. I hang just the right kind of pictures in the right place. I have everything right where it will have the best effect. When I go into your home I begin by telling what is wrong with it. Where this and that should be. Some thing about the yard. The truth of the matter is that I don't know a thing about it all, but I fool myself and try to fool you.'

been lost for the same reason. The Federal Government has made a start toward economy. It will, and must, go farther. And states, counties and municipalities must fall into line. Every public official stressed tax reduction in his pre-election promises, and it is time the goods were delivered.

AIRPLANE TYPE RAILROADING

The wise men of the nation have done a lot of talking about what can be done to save the railroads but, as Mark Twain said about the weather, nobody really does anything about it.

But at last the spirit of initiative and enterprise is again seen in railroading, after lying dormant for years under legislative and regulatory handicaps.

That old pioneer, the Union Pacific System, is going to give the public something new in transportation on rails. It is the first radical change since the steam trains took the place of the stage coaches in joining the Pacific and Atlantic. While engines, cars and tracks have been improved, primary features of railroading remained the same—heavy cars, slow stops, slow starts, etc. The passenger trains have lost business to more appealing and faster types of transportation. The traveling public seemed to prefer speed to comfort.

Now the Union Pacific will offer speed plus comfort. In six months it will be testing a three-car, light weight, high speed, stream-lined, rocket-like train,

weighing only 80 tons—the present weight of one sleeping car. A 600-horsepower distillate burning engine will turn electrical generating equipment and motors. It will develop a speed of 110 miles an hour and maintain a sustained speed of 90. The train will be fully air-conditioned with forced ventilation and uniform temperature winter and summer—no dirt and no cinders. Heavy body insulation and use of rubber in trucks will reduce noise. Indirect lighting, the most restful type of seats, beautiful interior decorating, roller bearings and every modern convenience will give the passengers luxury in transportation never before attempted.

This is an answer of the Union Pacific to a railroad problem—airplane type passenger transportation on the ground.

WOMEN'S CONTRIBUTION TO THE MOTOR CAR

There is some doubt that people care to hear very much about what goes on under the hoods of their cars.

The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving.

Well, it is not essential to talk "shop"; let us talk Results.

Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture.

Power. There it is, 75 horsepower (we could say 80) at the drive-shaft for the driver's use. With less weight to pull around, the mettle of this car—its life-like response—is rather remarkable.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense—initial cost, operation, maintenance.

Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance.

Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too—color, good taste, quality, ease, safety, roominess and convenience.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS S. J. R. No. 30.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto another Section, Section 51a, which shall read as follows:

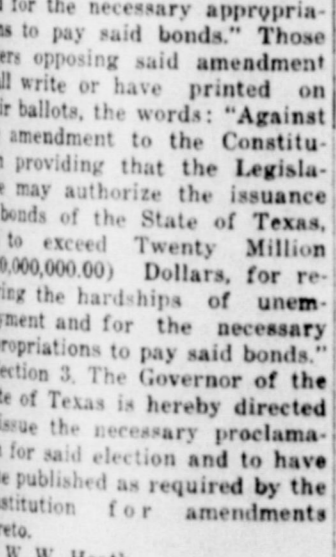

Section 51a. The Legislature shall have power to authorize the issuance and sale of the bonds of the State of Texas, not to exceed the sum of Twenty Million (\$20,000,000.00) Dollars, bearing interest at a rate not to exceed four and one-half (4½%) per centum per annum; and payable serially or otherwise not more than ten (10) years from any date, and said bonds shall be sold for not less than par and increased interest and no form of commission shall be allowed in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy distressed people and in relieving the hardships resulting from unemployment, but to be distributed over the State upon such terms and conditions as may be provided by law. The Legislature shall make such appropriations as are necessary to pay the interest and principal of such bonds as the same become due. The power hereby granted to the Legislature to issue bonds hereunder is expressly limited to the amount stated and two years from and after the expiration of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof from some source other than a tax on real property and the indebtedness as evidenced by such bonds shall never become a charge against or lien upon any property, real or personal, within this State.

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State on the Twenty-sixth day of August, A. D. 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words, "For the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds." Those voters opposing said amendment shall write or have printed on their ballots, the words: "Against the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution for amendments thereto.

Tumbling Champ

Here is Porter Johnson, Jr., of Dallas, only 11 years old, who has won the Southern A. A. U. tumbling championship despite his tender age. Porter won the title at the sectional meet in New Orleans.

A total of 2,467 carloads of dressed poultry were shipped from Texas in 1932. This is one of the smaller items in the dressed meat industry in Texas. The State is rapidly forging to the front ranks in the meat packing industry.

Mrs. C. F. Kerr of Hereford is here for a visit with her son, Bryna McDonald and family.

The Juggernaut

By Dr. William J. Schotes

OBESITY

During the "R" months most people put on five to ten pounds of flesh that is generally lost thru the summer months. The reason is that during the winter season people eat more and exercise less than they do in "the good old summer-time." Only those whose ductless glands are especially well-balanced fail to exhibit these weight variations.

I know people who are as thin as the proverbial rail that eat three times as much as their neighbor who tips the scales at two hundred pounds. I know people who are "fat and forty" that exercise in six different ways, while their thin friend never moves a muscle if he can help it.

Fundamentally, then, being fat or thin is, in my opinion, determined by the activity of the ductless glands. These are the pineal body and pituitary gland (in the head); the thyroid (in the neck); the mammary glands (breasts); the adrenals (on top of the kidneys); the ovaries and testes.

Each of these glands secretes a fluid that enters the bloodstream, and the resultant mixture regulates most of the more important vital processes. Thus, a person who is born without a thyroid gland remains a midget, and one with too much pituitary substance becomes a giant.

Study Discloses Defects

Between these two extremes we find the people who are normal in every respect, save that they are too fat or too thin. And a careful study of each case will disclose some defect in one of the ductless glands. For example, we are all familiar with the rapid gain of weight in women, after the menopause or after operative removal of ovaries. Ovarian deficiency is a well-established cause of obesity in some cases. In others, the cause may lie somewhere else.

Working on this theory some industrious persons have put on the market reducing remedies consisting of the active principle of these glands. Generally they are obtained from the glands of sheep and, although suitable for one person they may be harmful to another. Consequently preparations of this kind should be taken only under the guidance of a physician.

In no case, however, is the administration of these gland extracts sufficient. The individual must regulate his diet and exercise as well. Thus it becomes necessary to cut down on starches and sugars (potatoes, white bread pastries, candy) because these are fattening. At the same time the fats must be oxidized by exercise to prevent their accumulation in the body.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS S. J. R. No. 3.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limits further is provided that the Legislature, by a favoring vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision identical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office, department, whether created by other provisions of the Constitution or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save, that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(5). Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards therefor be not lower than those fixed by the General Laws of the State.

"(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and/or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified voters cast within the yielding defined governmental entity, and a majority of the qualified voters cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control and the county charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by

Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(7). No provision of this Constitution inconsistent with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above listed clauses on such ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and

awes of this State. W. W. HEATH Secretary of State. (A CORRECT COPY)

NOTICE OF THE PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS H. J. R. NO. 43.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsection (a), of Section 20, of Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:—

"(a). The manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication or any other intoxicant whatever except vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight, (except for medicinal, mechanical, scientific or sacramental purposes) are each and all hereby prohibited. The Legislature shall enact laws to enforce this Section, and may from time to time prescribe regulations and limitations relative to the manufacture, sale, barter, exchange or possession for sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight; provided the Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct, town or city may, by a majority vote of those voting, determine from time to time whether the sale for beverage purpose of vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcohol by weight shall be prohibited within the prescribed limits; and provided further that in all counties in the State of Texas and in all political subdivisions thereof, wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article 16, of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county or in any such political subdivision thereof, any spirituous, vinous or malt liquors or medicated bitters, capable of producing intoxication or any other intoxicant whatsoever, unless and until a majority of the qualified voters in said county or political subdivision thereof voting in an election held for such purpose shall determine it to be lawful to manufacture, sell, barter and exchange in said county or political subdivision thereof vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcoholic content by weight, and the provision of this subsection shall be self-enacting."

Section 2. The foregoing Amendment to the Constitution shall be submitted to the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933. At this election all voters favoring the proposed amendment shall write or have printed on their ballot the following words: "For the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election and to have same published as required by the Constitution and Amendments thereto.

W. W. HEATH Secretary of State. (A CORRECT COPY)

'Summer Complaint' Charged To 3 F's—Flies, Fingers, Food

Austin, Texas, June 7.—The season of the year when the most complaints are received on account of diarrhea and dysentery or "Summer Complaint" is here and the Texas State Department of Health has issued a warning to parents in regard to this, and offers the following suggestions to prevent its occurrence. The chief causes of diarrhea include impure milk, water, and contaminated foods, overheating, fever from any cause, too much sugar or cream in the diet, overfeeding and underfeeding.

Mother's milk is the safest food. However, if other milk must be used, the supply should be clean and pure. The water should be clean, pure and boiled. Any other articles of food should be fresh and clean and no unsuitable articles of food such as cake and candy should be given.

If a feeding formula is used, it should be one prescribed by a physician and it must be prepared with extreme attention to cleanliness and kept cold until used. The baby should be fed at regular intervals and should not be forced to eat when he is not hungry. The baby should be kept cool and comfortable in hot weather, should not be overclothed and should be given plenty of clean water to drink. Any infections which develop in the nose, throat, ears or other organs should receive prompt attention from a physician.

If diarrhea develops, feeding should be stopped or greatly diminished and an abundance of water should be given. Cathartics should not be given except on the advice of a physician. If the diarrhea does not improve within a short time, a physician should be called and a complete examination should be made.

The three F's, flies, fingers, and food are the three sources of danger to the baby. Flies carry disease germs to the baby and to its food. Fingers and hands that are not thoroughly washed before preparing the baby's food are likely to be germ carriers also. All milk and water that is intended for the baby should be boiled for five minutes, then carefully covered and kept in a cool place until used.

Say "I saw it in the Stockman"

Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads now defined by law shall be exempt from all taxation for State purposes; provided that the exemption shall not be applicable to that portion of the State's valorem taxes levied for State purposes remitted within the counties or other political subdivisions now receiving any remission of State taxes, until the expiration of such period of remission, unless before the expiration of such period the board of governing body of any one or more divisions shall have certified to the State Comptroller that the need for such remission of taxes has ceased to exist in such county or political subdivision; this Section shall become applicable to each county or political subdivision as and when it shall become within the provisions hereof."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and Amendments thereto.

Community Recreation Advocated By Essayist As Goal For Lions Club

(By Dorothy Johnson)

If I were a lion I would want my club to construct places of recreation in our community. There is a great need for places of recreation in this town. If there were places, such as, community tennis courts, swimming pools and other places of recreation, so many of the young boys would stay out of pool halls and have exercise and fresh air.

The young people, having somewhere to go where they would be with others, would stay off the streets and other places where they are idle. A swimming pool would be a great advantage to this town. Even if the people were charged a small fee to swim they wouldn't mind the charge because they would have so much fun swimming in a place where they knew nobody would care.

A community tennis court would be an ideal thing because more people would play tennis and that would become a general sport, with the lack of courts to play on the tennis spirit would naturally not rise very high. A community tennis court would encourage tennis playing and would more than likely make some good tennis players who could represent this county in numerous tournaments.

The city park has been well taken care of but its chief need is flowers. Flowers of all different colors and kinds in the park would make the city park an outstanding beauty of our community.

There is a real need for cleanliness on the side walks in our community. There are papers, weeds and writings on the side walks and if waste paper baskets were established in convenient places, where the public would have only small effort to put their old wrappers, letters and newspapers in them the streets of Ozona would be somewhat cleaner.

If I were a Lion I would want my Lions Club to do each of these things even if it took a number of years to do it. I really believe that with these added conveniences our community would be a much more enjoyable place to live.

Rev. and Mrs. M. M. Fulmer and family, who have been in Washington to attend the recent Southern Baptist Convention and on a vacation tour since, are expected to return to Ozona the end of this week.

Mrs. Hugh Horton and daughter, Ann, of San Angelo, and Miss Ruby Horton of Bonham are visiting Mr. and Mrs. J. H. McClure Mrs. Horton's parents here.

Mr. and Mrs. John L. Bishop and young son returned Sunday from a vacation trip to Corpus Christi and other points.

Mr. and Mrs. Royce Smith returned Sunday from a vacation trip to Corpus Christi, Brownsville, and other points.

Mr. and Mrs. Alvin Harrell leave Thursday for Chicago to attend the World's Fair.

Rev. W. D. Black of West Texas, former minister of the Ozona Church of Christ, was here last week visiting friends.

Bryan McDonald is in San Angelo at the bedside of his small son, Dick Lee, who is under the care of physicians there. Mrs. McDonald was called home Sunday on account of the illness of the small daughter, Patricia.

Fred Cox, son-in-law of Mr. and Mrs. J. H. McClure of Ozona, underwent an emergency operation in a San Angelo hospital Monday night for appendicitis. He was reported doing well the middle of the week.

Don't Get Up Nights

Make This 25c Test

Physic the bladder easily. Drive out impurities and excessive acids which cause irritation that results in leg pains, backache, burning and getting up nights. BUKETS, the bladder physic, containing buchu, juniper oil, etc. works on the bladder pleasantly and effectively, similar to castor oil on the bowels. Get a 25c box (5 grain size) from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep. Sold by Concho Drug Co. (Adv.)

Aubrey Fussell, son of Dr. and Mrs. J. A. Fussell, has returned from Austin where he was a student in the University of Texas the past year.

Glenn Rutledge returned Wednesday from a business trip to Abilene.

A. W. Glover is here from San Angelo for a visit with his grandson, Clinton Glover, proprietor of the Glover Motor Company, local Ford agents.

Business

Goes Where It Is Invited
And Stays
Where It Is Well Treated

This is an appeal to Ozona merchants and business interests. We have all had a nice long nap during the depression, but now the depression is over! It's time to be up and doing. Business is picking up and the strongest activity in three years is being seen in all lines. The producers, and ranchmen of Ozona's territory are now in line to get the best prices in years for wool, mohair, and all other produce. There is going to be money in the country—plenty of it—and it is high time that Ozona business men were awakening to the fact and reaching out to get the business which rightfully belongs here. Business goes where it is invited and stays where it is well treated! Ozona business men must realize that fact, exert real honest-to-goodness thought and effort and it won't be long until the depression will be only the memory of an unpleasant dream.

Now is the time to awaken, Mr. Ozona Business Man! Get your skirmish hat on and go out and get your share of the good business that is bound to come!

So They Went to
FLOWERS GROCERY
and bought what they
needed

Got what they wanted—at a price that they could pay.

You can do that too. Try us—see how pleasant we are to do business with. More people are customers now than at any time in the past seven years.

BAKING HINTS

Grape Juice Pie
1/2 cup of grape juice.
1 1/2 tablespoons of cornstarch.
1/2 cup of sugar.
1 tablespoon of butter.
Method:
Blend butter and sugar. Add the cornstarch. Mix with a little grape juice and stir to a smooth paste. Heat grape juice in double boiler. Stir paste into the heated grape juice and cook until it is thick, smooth and clear. Heap in pie shell or shells. Top with whipped cream.
This is pretty for a luncheon where lavender is the color scheme.

KENTUCKY BURLEY TOBACCO

"Direct From Grower To You" Old Kentucky Burley Tobacco is the cream of the finest crops Kentucky's bountiful soil can produce—ripe, rich leaves, smooth and mellow, with that rare old-fashioned flavor and fragrance that only proper "aging" can produce. We bank on it you have never tasted or smoked a finer flavored, more satisfying tobacco in all your life.

Special Offer
FIVE POUNDS
SMOKING
TOBACCO
\$1

Rich, Ripe, Old Fashioned Leaf
Our Old Kentucky Burley is no more like manufactured tobacco than day is like night—guaranteed free from chemicals and all other adulterations that conceal imperfections, delude the sense of taste and undermine the health. We use the same method our grandfathers used in preparing tobacco for their own use—every trace of harshness leaves it—nothing to "bite" your tongue or parch your taste. Thousands of tobacco lovers the world over swear by its inimitable smoking and chewing qualities.

REDUCE YOUR TOBACCO BILL—Direct from the grower, this eliminates the eighteen cents a pound Revenue Tax—all manufacturers' and middlemen's profit, thereby effecting a saving to you of 50% or more. No fancy packages, no decorations, just quality and lots of it.

MONEY SAVING PRICE
SMOKING 5 lbs. Send us One OR for Dollar Cash CHEWING \$1.00 P. O. or Express Money Order (no personal checks) and we will promptly ship you a five pound package of "Burley Tobacco."

Five pounds of Old Kentucky Burley will make 40 large packages of smoking or 50 twists of chewing.

Send 35 cents in silver and we will ship Postpaid—one pound of Burley Tobacco as a trial offer. A trial will convince you.

We have thousands of requests daily for "Samples"—our margin of profit is so small we cannot comply with these requests.

We do not ship C.O.D. orders, to do so would require a large staff of clerks. Orders must be in English language.

INDEPENDENT TOBACCO GROWERS ASSOCIATION

HUNDREDS PAY LAST TRIBUTE TOP. SEAHORN

(Continued From Page 1)

visit with J. O. Secest, his former employer in ranch work in Oklahoma. He liked the country and secured a job as cowhand on the J. S. Todd ranch in this county. He homesteaded three sections of land on that ranch.

One June 12, 1907, he married Miss Maggie Friend, daughter of the late J. W. Friend, pioneer Crockett County rancher. He sold the three sections of land which he had homesteaded and he and his bride took up the ranching business on land which she had homesteaded. There the couple made their home and the present Seahorn ranch includes part of the homesteaded land plus acreage left to them upon the death of Mr. Friend.

Prominent in Civic Life

In 1917, Mr. and Mrs. Seahorn adopted two small boys, Joe and Batts Friend, nephews of Mrs. Seahorn, and in November of the same year their first child was born. Billie Seahorn. Two years later in November, 1919, a daughter, Maggie B. Seahorn, was born. The children and foster children grew up as one family, the foster children being given the same love and care as their own children.

In 1924, the family moved to Ozona and established their home for the purpose of entering the children in school. Mr. Seahorn took a prominent part in civic affairs in Ozona, aiding in every worthwhile cause, was a member of the school board and a tireless worker in behalf of construction of the handsome new High School building, and was a member of the Crockett County Fair Association and a willing worker in its behalf. He was faithful to his church, being a member of the Board of Stewards of the Methodist church at the time of his death. He was elected president of the Methodist men's organization, the Methodist Round-Up, recently organized. He was a member of the Masonic lodge, Ozona Blue Lodge and Chapter, the Scottish Rite and of Alzaraf Temple, Nobles of the Mystic Shrine, San Antonio.

Surviving are the widow, two children, two foster children, a half sister, Mrs. Pearl Zimmerman, and a half brother, Banks Seahorn, both of Wichita Falls, Texas.

Mr. and Mrs. Will Baggett and Mrs. B. E. Ingham were San Angelo visitors Wednesday.

LAS AMIGAS CLUB

Miss Mary Childress entertained Las Amigas Club with a luncheon at her ranch home Thursday. Miss Wayne Augustine was awarded high score prize and Mrs. Bill Littleton won guest high. Miss Mildred North, who left Saturday for Waco to enter Baylor University for the summer session was given a deck of cards as a going-away gift. Others present were Mrs. Marshall Montgomery, Mrs. Alvin Harrell, Mrs. Hugh Childress, Jr., Mrs. Richard Flowers, Miss Wanda Watson and Miss Hester Bunger.

Mr. and Mrs. Massie West left early this week for Chicago to attend the World's Fair.

Mrs. Beeler Brown is in Big Lake at the home of relatives where she is recuperating from a recent illness.

Mrs. J. J. North is visiting friends in Kansas. On her way back she will go by Chicago to attend the World's Fair.

Mr. and Mrs. George Bean left Saturday for Temple. Miss Mildred North accompanied them and will go from Temple to Waco to enter Baylor University for the summer term.

Victor Pierce was a business visitor to Sonora Tuesday, attending the wool sale of the Sonora Wool & Mohair Co.

Mrs. Welton Bunger entertained members of the Sunflower Club and a few guests Tuesday afternoon at her home here.

Miss Bernice Bailey, daughter of Mr. and Mrs. John Bailey, has returned from San Antonio, where she was a student the past year in Westmoorland College.

Herman Moore was here from Barnhart the first of the week to visit his brother, H. A. Moore, local cafe operator. Herman Moore operates a cafe in Barnhart.

Miss Helen Chapman will attend the summer session of Sul Ross in Alpine. She left Saturday to be on hand for enrollment Monday.

METHODIST NOTES

Preaching services Sunday morning and Sunday night. The teachers training class will meet at 9:45, the subject for Sunday morning: "The Teacher's Authority." You are invited to the entertainment program to be given by a group from the Methodist Orphans Home of Waco at the church next Monday evening at 8 o'clock. No admission charge—free-will offering.

J. H. Meredith, pastor.

Say "I saw it in the Stockman."

RELATIVE OF OZONAN DIES IN BEEVILLE

Mrs. Benny Wilson, a niece of Mrs. A. W. Jones of Ozona, died last Thursday in a Beeville, Texas hospital following an operation. Mrs. Wilson was the daughter of Mrs. Jones' sister. She resided in Berclair, Texas. Surviving are the husband and one small daughter.

Marvin Rape, a student in the University of Texas during the past year, has returned to spend the summer here with his parents. Mr. and Mrs. I. G. Rape.
