Inter-County P.T.A. Council Meets Here Sat.

Annual Election Of Officers To Feature All-Day Session

Representatives from the three other counties composing Inter-County Council No. 29, Texas Congress of Parents and Teachers, are expected here Saturday, March 9, for a regular meeting of the Council, it was announced this week by the council president, Mrs. W. A. Kay of Ozona.

The Inter-County Council is composed of P.T.A. representatives from Crockett, Irion, Schleicher and Sutton Counties. An interesting program has been arranged and the general public is invited to attend the all-day session.

The Ozona Parent-Teacher Association, with Mrs. Joe T. Davidson as luncheon chairman, will be hostesses at luncheon and all members of the association are expected.

This meeting will be for the election of officers for the coming year and the Council President requests a good attendance of local members.

Max Eppler Named Valedictorian Of Graduating Class

Vicky Pierce Wins Second Honors For Salutatorian

Max Eppler was named valedictorian and Vicky Pierce was selected salutatorian of the senior class after a compilation of grades by a faculty committee of the Ozona High School this week. The grades were reckoned from student grades throughout the first three years and the first semester of this year.

Eppler was honored as valedictorian for a grade average of 89.03 over the three years and a half, and the salutatorian average of 88.42. Following closely in the grade score was Ernestine Watts who maintained an average of 85.3 for the three years and a half.

Commencement exercises will be held May 16 probably but the date has not been made certain. On Sunday, May 12, the baccalaureate sermon will be delivered by the Rev. Leon M. Gambrell.

Woman's Club Plans Texas Day Program Tuesday

The Ozona Woman's Club will hold its Texas Day Program Tuesday at the auditorium of the high school building. Mrs. B. B. Ingham will be director of the program, which will have as its high spot a showing of slides of the historic and beauty scenes of Texas. The roll call will call for the beauty spots of Texas and the club will sing the chorus, "Texas, Our Texas." Mrs. Royce Smith will give a reading and Mrs. Ira Carson and Mrs. George Bean will give a piano duet.

Each member of the club will be allowed to invite one guest.

The study class on international relations was held Monday at the home of Mrs. George Bean. The club will receive credit for the study course in the state rating of the clubs.

Fine Arts Program For Chapel Period

A fine arts program was scheduled on the regular weekly chapel program in Ozona High School this afternoon at 3:30.

Pupils of Miss Maxine Murdock, Mrs. Neal Hannah, Miss Nita Nelson and Joe Haddon were to be presented during the hour.

Crockett County Motorists Buying New License Tags

Although 1935 license tags went on sale in the Crockett County tax collector's office March 1, late yesterday afternoon only twenty-two plates had been issued.

The first to purchase 1935 license for his automobile was W. A. Puckett. The usual late buying rush is expected by the collector and the office has asked county residents to attend to getting tags as early as possible to avoid last minute hurry. The sale deadline is March 30 as March 31 comes on Sunday.

The collector urges all car owners to bring 1934 license papers when applying for new plates as this will facilitate issuance of the new numbers.

For the second successive year, Crockett County's passenger car plates start off with the series 206. The new numbers for passenger cars are a deep maroon with white letters.

Dr. Sellers Moore Locates Here For Medical Practice

Dr. Sellers Moore, physician and surgeon, has established offices here for the practice of medicine and surgery. Dr. Moore comes from San Antonio, where he was connected with the Christian Medical Institute until making the move to Ozona.

Dr. Moore is a graduate of the Arkansas University medical school and served his internship in Jefferson Davis hospital at Houston and the Robert B. Green Memorial hospital in San Antonio. His mother, Mrs. I. S. Moore, will arrive this week to make her home here. Dr. Moore has rented the L. B. Adams home where he will have offices and surgical equipment.

G. W. Holloman, laboratory technician late of San Antonio, came here with Dr. Moore and will bring his laboratory equipment here to take care of requirements in this field.

Alligators, Snakes, Scorpions, etc To Be Found In Science Lab

The immaculate science laboratories in the Ozona High School, unsurpassed for modernity and convenience in equipment, hold other attractions for the visitor beside their elaborate design.

Anyone with a fascination for natural life would be entertained by the setting produced by Guinn Carruthers, science teacher, and his students. Here one finds a baby alligator, a vinegaroon, and a garden of cacti in their natural haunts. In preservatives are quadruplet armadillos, tiny snakes, scorpions and other zoological species.

Tree roots in perfectly tied knots and in boomerang shape, shattered dinosaur bones (?), nature murals, and a fish pond are on display for the idle visitor.

A tour through the home economics and general science laboratories in the Ozona high school will reveal the latest fashions in school equipment.

Lemmons Announces First Dollar Day Event For Monday

In celebration of the first award of the merchants monthly \$100 cash prize next Monday, the Lemmons Dry Goods Company has announced its first Dollar Day bargain event for the same day.

On page five of this issue of The Stockman will be found the Dollar Day specials outlined for this event. The unusual bargains offered in this sale will be available for one day only, the prices being effective for Monday, March 11 only, Mr. Lemmons announced.

Mrs. Tip Smith and children of Sheffield have been stricken by the flu epidemic. Mrs. Smith is reported suffering with a serious attack.

Abandon Humble Ordovician Test On Couch Ranch

Hole Plugged At 1800 Foot Level; Rumored New Test Planned

The Humble Oil test, originally scheduled for the Ordovician level on Mrs. S. E. Couch's ranch four miles west of town, has been shut down for several days and last week was abandoned and plugged with mud.

In sequence to the word of the test being abandoned and lightly capped, it was rumored that a test may be located on the H. B. Cox ranch on the western edge of the county. There was no word from Humble officials to corroborate the speculation and the report carried no details as to depth of the possible test.

The abandoned well was capped lightly and may be re-opened later, it was learned here. Drilling had been halted greatly by several stem breaks and considerable time had been spent in fishing for tools.

The test ceased in blue shale at 1800 feet. The final halt in drilling brought the supposition that favorable formation was not being reached.

Ozona And Sonora Girl Cagers Meet Here At 4 Today

Exhibition Contest To Be Staged In Local Gymnasium

A game between the Ozona high school girls' basketball team and the Sonora girls' team has been scheduled for this afternoon at 4 o'clock. The game will be held in the local gym.

Thirteen members have been working out during the past season here under the coaching of Guinn Carruthers. They are Imogene Baker, Willie V. Coose, Louise Casbeer, Maudie Mae Couch, Allie Mae Armentrout, Ruth Ratliff, Lillian Baggett, Mary Williams, Wanda LaVerne Dunlap, Louise Boyd, Clara Mae Dunlap, Valla Freeman and Micky Couch.

A CORRECTION

Two names of participants in the beautiful colonial dance, the Virginia Reel, performed by a group of members of the Ozona Music Club in their recent guest day program at the High School auditorium were inadvertently omitted from the list of performers in last week's Stockman. These ladies were Mrs. John Bailey and Mrs. Lee Childress.

OLD CAP & BALL PISTOL & ANCIENT FLINT LOCK FROM RIFLE, REMINDERS OF EARLY WEST, FOUND IN COUNTY

Relics Picked Up By Ernest Sparkman On Display In A. W. Jones Collection

Reminders of days which when recalled mean the scanning of more than a century and visioning the parade of generations, two rusty curios, the barrel and cylinder from an old "cap and ball," and the firing piece from an old flint-lock, were presented recently to the A. W. Jones collection here by Ernest Sparkman.

Found near the sotol camp on the Sparkman ranch, the relics were brought to Ozona and placed with the fast growing collection of Spanish Trail lore owned by the Ozona boot maker and saddler. Fixed into a rigid rustiness by the long wait to be retrieved by some hand, the firing piece from an early flint lock rifle brings a note of antiquity to the shop collection. A small flint (the only

DR. CLAUDE S. BECK

Medical history was made at Lakeside hospital, Cleveland, with the performance of the first operation in the history of the world for the relief of angina pectoris, a heart ailment which in the past has been regarded as incurable and eventually fatal. The operation was performed by Dr. Claude S. Beck, a surgeon at Lakeside hospital. It may mean as much to the world as the discovery of a cure for cancer.

Born a Few Years Too Late Was This Would-Be Cave Man

Treat 'em rough and tell 'em nothing is evidently the policy of one Mexican living in Ozona Mexican quarter.

Tangling his fingers in his wife's hair, the man dragged her through the streets and otherwise used harsh measures in asserting his authority in household affairs. The sheriff's department charged in a complaint before Justice W. M. Johnigan. The Mexican was fined and warned that he had entered into a partnership, not assumed a dictatorship.

Fair Association Annual Meeting Planned This Month

The Crockett County Fair Association stockholders will convene sometime this month to elect officers for the coming year and to set dates for the annual summer rodeo and stock show.

The association last met here February 22, 1934, and at that time Wayne West was re-elected to the office of president. At the coming meeting, committees will be named to direct the various contests and showings of the summer show.

Harry Friend is recovering from an attack of the flu and asthma this week.

Lois Jones, daughter of Mr. and Mrs. Solomon Jones is recovering from a severe attack of the flu.

First Award Of Merchants \$100 Cash Prize Mon.

Participants Must Be On Hand At 4 p. m. To Win Prize

First award of the merchants monthly \$100 cash prize, to be given away on the tenth of each month, will be made in the city park downtown next Monday afternoon at 4 o'clock. Participants must be on hand to compete for the big prize. Immediately after the first award, an entirely new contest will be under way for the next prize, to be given away April 10.

Thirteen Ozona business firms are co-operating in the award of this monthly prize in its first month. They are Lemmons Dry Goods Co., North Motor Co., Joe Oberkamp, Popular Variety Store, Smith Drug Store, Ozona Drug Store, Flowers Grocery, Mike Couch, West Texas Lumber Co., Ozona Tire and Battery Shop, Ozona Hardware Co., Roy Parker and the Ozona Stockman.

Stockholders Of Hotel Re-Elect All Officials

Annual Meeting Date To Be In January Hereafter

At the annual meeting of stockholders of the Hotel Ozona Corporation last Monday the same officers were re-named to direct the company through the coming year.

Wayne West, named to succeed Jones Miller at the meeting last March, was again elected to that office at the meeting this week. The directors re-named were Wayne West, Ralph Watson, Joe T. Davidson, J. W. Owens, Paul Perner, Joe Pierce and J. A. Harvick.

The annual meeting date was changed from the first Saturday in March to the second Tuesday in January.

A quorum lacking at the first meeting Sunday, the members adjourned until Monday.

Handsome New Henderson Home Completed Here

Beautiful Residence Is One Of Finest In West Texas

The beautiful Roy Henderson residence, under construction for the past several months, was given final touches yesterday and today was termed "completed" by the contractor, H. L. McBride of San Angelo. Mrs. Henderson was in San Angelo today selecting finishings.

Fashioned on the lines of an Italian villa, the new home on the street leading out to Sonora is an elaborate interpretation of European architecture and has been under construction since last summer. The Schertz Landscaping Company of San Angelo has been in charge of designing the yard lay-out.

Seniors To Present Annual Class Play Thursday, March 28

"Once in a Lifetime" is the title of a three-act comedy drama to be presented at the High School auditorium Thursday evening, March 28, by the Senior Class of the Ozona High School. It was announced this week by class officers.

The play is being directed by Miss Nita Nelson.

19 BOY SCOUTS ADVANCED IN HONOR COURT

Impressive Ceremony Marks First Court For Troop 53

ACTIVITIES MOUNT

Ozona Scouts Training For Jamboree Contests, Camp

Boy Scout activity in Ozona was given impetus last Monday night in the Ozona High School auditorium when Troop 53 held its first scout court of honor and nineteen members were promoted from Tenderfoot to Second Class rank. Jack Stone, assistant executive of the Concho Valley Council, Joe Haddon, troop scoutmaster and the local executive committee were in charge of the court procedure, C. S. Denham, directing.

The executive committee composed of Ben Lemmons, chairman, Hugh Childress, Jr., Dr. W. A. Grandy, Richard Flowers and C. S. Denham awarded second class badges to the following scouts: Richard Miller, Ely Bright Baggett, Laverne Schwalbe, P. C. Perner, Clifton Taliaferro, J. W. Johnigan, Jack Baggett, William Beecher Montgomery, Howard Lemmons, Joe Williams, Norman Rendall, Grover Jones, James Parker, Taylor Deaton, Martin Harvick, John Childress, Max Schneemann, John Henderson and Maurice Lemmons.

Ceremonial opening by the scout's allegiance to the flag was led by Maurice Lemmons. Superintendent Denham addressed the assembly pointing to the requirements of a Scout to attain the Second Class rating.

A feature further in the program was the discussion of a Second Class Scout's progress to First Class rank by the council assistant executive, Jack Stone. The San Angelo Scout leader also pointed to the value of first aid study in the Scout program.

Sam E. Friend, 81, Uncle of Ozonan, Dies In New Mexico

Sam E. Friend, a brother of the late J. W. Friend of this county, died at his home in Las Cruces, N. M., Friday night at the age of 81. He was buried in Rogers Cemetery at Rogers, Texas, near Abilene. Mr. Friend was a pioneer settler of New Mexico and his life was identified with the up-building of the country.

Mr. and Mrs. W. E. Friend, Sr., Judge and Mrs. Chas. E. Davidson, Frank Friend and Mrs. Pon Seahorn attended the funeral. Mrs. Davidson and Mrs. Seahorn had visited Mr. Friend at his home in Las Cruces just two weeks before his death.

D. S. Magill, San Angelo Mechanic, Buys Palmer Motor

D. S. Magill, for the past eight years with the Allen Motor Sales Company, San Angelo, dealer for Chrysler and Plymouth cars, has bought out the mechanic and repair shop here formerly owned by Bob Palmer. The transaction was made February 15, Palmer vacating the Ozona shop to accept employment with the Texas Highway Department at Brownwood. The shop occupies the rear of the Dudley building.

The new mechanic announces a continued well equipped service in automobile repairing and a background of experience with all makes of cars. He plans to bring his family here from San Angelo when school is out there.

J. M. Baggett and Lillian Baggett have been suffering from an attack of the flu this past week, but both are recovering now.

D. 1935, the same being the FIRST day of APRIL, A. D. 1935, then and there to answer a petition filed in said Court on the 27th day of February, A. D. 1935, in a suit, numbered on the docket of said Court as No. 629, wherein Rosa Halff, individually and as Executrix of the Estate of Henry M. Halff, deceased, Moore Petroleum Corporation, a private corporation, Mrs. Clara Couch, W. T. Noelke, Kate V. Massey and Husband R. R. Massey are Plaintiffs, and each and all the persons, parties, firms, corporations, unknown heirs and unknown stock holders of defunct corporations you are above commanded to summons are defendants (the foregoing portion of this citation wherein those you are to summons are named being here referred to and adopted by reference for the names of the parties defendant, those you are commanded above to summons being all the defendants), and said petition alleging as the Plaintiffs' cause of action in brief as follows:

That heretofore, to-wit, on or about the 26th day of November, 1923, Henry M. Halff and wife, Rosa Halff, executed and delivered to C. W. Webster an oil and gas lease covering the following described tracts of land in Crockett County, Texas:

Table with 5 columns: No., No. of Acres, No. of Sections, No. of Tracts, and Acres. Rows list various land parcels with their respective numbers and acreages.

and containing 12,080 acres, more or less. Said oil and gas lease is now of record in the Deed Records of Crockett County, Texas, Vol. 30, Page 357, which is here referred to and incorporated herein by reference just as though set forth in full. A certified copy of said oil and gas lease is attached to this petition marked Exhibit A and made a part hereof by reference just as though set forth in full.

Plaintiffs are the owners of the fee title to said lands and premises, except that some of the defendants claim undivided interests in and to the minerals under certain portions of said lands and premises. The respective interests owned by the respective plaintiffs in and to said lands and premises are not equal, some plaintiffs owning greater interests than others, but each and all these plaintiffs do own interests and titles in and to said lands and premises which are clouded by said oil and gas lease and which give these plaintiffs the right to have said oil and gas lease adjudicated as terminated, as hereinafter prayed for. By the joining together in the filing of this suit the respective ownerships and titles of the plaintiffs in and to said lands and premises are not equal, some plaintiffs owning greater interests than others, but each and all these plaintiffs do own interests and titles in and to said lands and premises which are clouded by said oil and gas lease and which give these plaintiffs the right to have said oil and gas lease adjudicated as terminated, as hereinafter prayed for. NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

AUSTIN—The legislature reached the halfway mark in its 120-day session, with final action taken on less than half a hundred of the 1100 general bills poured into its hopper since it convened. But committees have been working earnestly on the big job of sifting the chaff from the wheat, and the year future will bring the beginning of final action on such important problems as departmental appropriations, prohibition repeal submission, race-track betting, the Centennial appropriation, public utility regulation and additional taxation—including the highly controversial sales tax.

Senator Joe Hill of Henderson, who favors resubmission of prohibition repeal, threw the liquor lobby into violent spasms with his proposal to submit a constitutional amendment that would repeal state prohibition, but would establish a state monopoly in the sale of hard liquor. It would extend the local option privilege to counties as in the pre-prohibition era, and forbid open saloons. But the state of Texas would be the only entity that could make any money out of retailing liquor—and the boys who sell or want to sell liquor hate the very thought of that system.

The state of Texas is a penurious employer sometimes. When the railroad commission was established years ago, the commissioners were given \$2500 a year to regulate railroads. Eventually, the federal government took over most of the work of that job. So when utilities were added to the commissioner's duties, the legislature gave the commissioners another \$1000 a year to regulate them. Later, regulation of the oil industry became the task of the commissioners, so another \$1000 a year was added to their salaries making \$4500 a year.

Today, oil is the main job. The supervision of the commission enables the state to collect about \$45,000,000 a year in taxes from oil and its products. The commission has only seven employees who work at regulating railroads; 24 regulate trucks and busses; 11 regulate gas companies; while 136 are employed on oil regulation. The average pay of the 136, including the commissioner, is \$135 a month. That isn't enough to keep good men, yet the commission must have good men, or its regulation suffers, and the state fails to get all the tax money it is entitled to from the industry.

There is a group in the legislature who seek to correct this situation by allocating a little more of the money the commission makes it possible for Texas to collect from its oil resources back to the commission to do a more effective job of regulation. It sounds like it might be a paying investment for the state.

Col W. E. Talbot, who once did the Republican party in Texas a notable service by his unique campaign for governor on the G. O. P. ticket, in which he forgot politics and talked about building Texas industries, is busy again in the service of his state. Building Texas manufactures, keeping Texas money in Texas, supplying our home commodities to our home markets—these things are the passion of Bill Talbot.

As the new president of Progressive Texans, Inc., Talbot has outlined a comprehensive program for that organization for 1935, that calls for this three-point objective:

1. To relieve unemployment, in-

crease consumption of raw materials, and add wealth to Texas by increasing use of Texas-made products.

2. To encourage thru information and industrial surveys, location of new industries in Texas that do not compete with those already here.

3. To bring before the people of Texas and all others interested, the opportunity for developing virgin industries utilizing Texas raw materials, such as non-

metallic products, wool, building materials, etc.

Every Texan, regardless of party, can subscribe to that platform, and those who have watched Bill Talbot work know he will get somewhere with it.

The race track betting advocates are paying the price for the legislative trickery they utilized to pass the pari-mutuel law, when, two years ago, they tacked it onto an important appropriation bill

as a rider during the last days of the session. They have found the sentiment for repeal of betting law stubborn and widespread. The repealist advocates are mostly amateurs—ministers, moralists and merchants—and they are no match for the skilled lobbyists who want to save racetrack betting. The professionals outmaneuvered the repealists on legislative procedure on several occasions.

And so, when you decide to buy your new car, may we suggest that you see and drive the 1935 Chevrolets. Then this will become your conviction, too. You will discover that Chevrolet has gone well beyond its highest standards of the past to make these the most desirable cars in Chevrolet history. Fine craftsmanship and precision engineering are evident in every line and in every part. With the result that these new Chevrolets give you much more quality than you are accustomed to getting at Chevrolet prices. Much more beauty—much more ability to serve long and dependably—and much more performance. Their getaway, acceleration, and all-round spirited action are the most thrilling ever engineered into a Chevrolet product. Yet the New Standard Chevrolet is the lowest-priced Six in the world. And the Master De Luxe Chevrolet also is offered at exceptionally low prices for such a luxurious car. Moreover, these are the most economical Chevrolets ever built, which is highly important in these days when economy means so much. Come in today. See and drive these new cars—and choose Chevrolet for quality at low cost.

OLD-FASHIONED HOME

Waco Times-Herald: After 37 years on the bench listening to tales of domestic troubles, Judge John J. Brady of Albany on his retirement offers a plea for the old-fashioned home headed by the proper sort of parent.

The judge does not think the fault lies wholly with the children. There are too many hasty marriages and lack of proper mating. There is too much "temperament"—an easy excuse for many things. The so-called problem child is the result. Originally the child was not a problem if the parents were not themselves problems to begin with.

Early Diagnosis And Treatment Is Urged For Cancer

AUSTIN, Tex., March 5—The definite increase in the number of persons dying from cancer makes the subject of tumors a timely one. A tumor is a mass of new tissue which is of no use whatever to the body.

The malignant tumor known as cancer may consist, as in the case of benign tumors, of any bodily structures such as fat, bone, connective tissue, superficial layer of skin, mucous membrane and bodily organs. They grow rapidly and may establish secondary growths far from the site of the parent tumor by means of detached cells traveling in the blood or invading the lymphatics.

Where benign tumors are concerned surgical removal usually results in permanent cure. However, in cancerous tumors surgery or irradiation (X-ray and radium) or a combination of the two, to be effective depends upon early diagnosis and prompt professional action.

While a number of cancerous growths unfortunately do not present early symptoms, many of the more common ones do. It is the deliberate or ignorant disregard of such early symptoms that has so decidedly occasioned the increase in cancer deaths.

The outstanding signals which justify a suspicion that cancer may be present, though not necessarily so, are: any lump; any unusual bleeding from any bodily opening; a persistent sore; and chronic indigestion.

To disregard these signs, which may mean cancer in an early and therefore curable stage, is to flirt with death. Most certainly it does not pay to take any chance with any kind of a tumor or manifestation that indicate the possibility of its existence.

Ozona Scout Leaders Attend Sonora Meet

Four Ozonans attended the Scout meet held at Sonora Tuesday night and were present for the court of honor held there.

Ben Lemmons, chairman of the Ozona executive committee, Dr. W. A. Grandy and C. S. Denham, all members of the local scout committee, and Bright Baggett, Jr were those in attendance.

Government Buys Over Two Million Head Tex. Cattle

Total Drouth Relief Purchases In State \$24,000,000

College Station, Tex., March 5—The government has purchased 2,013,972 cattle from 150,205 drouth stricken cattlemen and livestock men from 233 counties in Texas in the last seven months, spending an average of \$12.14 a head, according to the final report issued today by George W. Barnes, assistant state drouth director.

More than \$24,000,000 was appropriated and used in Texas in buying these cattle.

Of the total purchased, 684,455 or 34 per cent, were condemned. An average of 13 head was purchased from the 150,000 livestock men needing immediate relief.

Soon after the cattle purchasing program was initiated, 22 beef canning plants operated by the Texas Relief Commission thru-out the state were opened to furnish employment. Over 50,000,000 cans of meat were added to the food store for relief roll clients of Texas.

One June 6, 1934, at which time the eight emergency counties were organized, the first meeting was held at Amarillo in connection with the livestock purchasing program. At that time the counties were organized for cattle purchases. Other sectional meetings were held in the state to cover additional counties as fast as they were designated, or placed in the emergency classification.

Within a short time after the first meeting in Amarillo, the government purchasing program went into effect. Cattlemen and stockmen who had no feed crops were soon pouring hundreds of cattle into the government's lap.

The Texas Extension Service was charged with the responsibility of the cattle purchasing in the counties. The Bureau of Animal Industry was held responsible for furnishing the inspector who looked after the drouth cattle program. The Texas Relief Commission served as agent for the Federal Surplus Relief Corporation which in turn received the cattle after they had been purchased by the Extension Service and inspected by the Bureau of Animal Industry.

In Texas it was found unnecessary to hold educational and organization meetings in the counties. The regional meetings were attended by stockmen and county agents who were county drouth directors. At these meetings plans were outlined for the purchasing program. Through the county papers and the dailies, the people of each county were given information relative to the emergency drouth purchasing program.

The only real complaint registered by the livestock men was that purchases could not be made fast enough. From all over the state letters poured into G. W. Barnes' headquarters at College Station expressing satisfaction about the benefit derived from the program. "Immediate drouth relief came when it was most needed," according to one of the letters.

"Cattlemen and livestock men were in dire distress, as food crops and pastures had been ruined by the drouth, and they were facing the prospect of a hard winter and the loss of considerable stock and money. They realize that the payments made for their cattle saved them from disaster and enabled them to carry the remaining herds throughout the winter," another letter said.

One producer wrote rather jokingly about the problem even in his distress. He said: "I don't know what I would have done if the government hadn't bought my cattle. I reckon Uncle Sam saved me from going plumb broke."

The drouth program of the AAA in purchasing cattle, furnished a market for cattle at a time when all central markets were glutted. It enabled Texas livestock producers to carry on.

"There is no doubt in my mind O. B. Martin, director of the Texas Extension Service, announced on looking at the final report, that this program saved the cattlemen of Texas from a disaster too inconceivable to imagine."

SALARY OF LEGISLATORS

Sherman Democrat: To those who complain at the added salary paid members of the Texas legislature, now \$10 a day, information as the practice in other States will not be amiss. Seventeen States pay \$10 or more a day for their legislators' services and 21 pay between \$1 and \$10 a day.

But the significant item in the figures is that some of the States pay an annual stipend and do not have a limit on the length of the session, so that the daily pay may be lower when sessions are unusually long. This plan would seem to be more satisfactory from many standpoints, both to the taxpayers and to the men in office or seeking office.

The highest legislative salary is paid by New York and the State senators and representatives of that State receive \$2,500 a year. This gives the officials a figure that they can live on, unless perchance they reside in a metropolis and adopt its high standards. Massachusetts pays \$2,000 a year and Illinois pays \$3,500 for two years. Pennsylvania pays \$2,500 for two years and Wisconsin and California \$2,400 for two years.

Lowest salaries are paid in Michigan and Oregon, which pay \$3 a day, and in Connecticut, which pays \$300 for two-year terms with a five months session.

Special sessions are never paid on a "time and half for overtime basis," an article in the current issue of State Government magazine states. Virginia, however, pays \$360 to each man for the entire special session and Pennsylvania \$500. All of the States allow traveling expenses to and from the capitol, these ranging from 5 cents a mile to 25 cents a mile.

105 Texas High Schools Enrolled In Press Contest

AUSTIN, Tex., March 5—One hundred and four Texas high schools have signed up to participate in the Interscholastic League Press Conference this year as compared with 65 last year, according to D. C. Reddick, adjunct professor of journalism at The University of Texas and director of the conference.

"One group of the papers enrolled in the Press Conference consists of those high school papers which are published as one page in the local city papers," Mr. Reddick said. "We have five of these papers: 'The Eagle's Tale' in the Canyon News, 'The Bulldog Barks' in the Cooper Review, 'The Hi-Times' in the Dalhart Texan, 'The Bulldog' in the Marlin Democrat, 'The Corral' in the Wheeler Times.

"Such a page in the local paper gives favorable publicity to the school system, it encourages student writers by giving them an opportunity of seeing their work in print, and it gives students a chance to learn something about the newspaper and its production"

"Wild Bill" Cummings Drives Second Chevrolet

"Wild Bill" Cummings, national A. A. A. racing champion, recently took delivery of his second Chevrolet—a new 1935 Master De Luxe sedan with which he is pictured above. Cummings became a Chevrolet owner following his victory at Indianapolis last Decoration Day. In the oval he is shown as he finished the Indianapolis classic, wearing the new type crash helmet that was recently adopted by the A. A. A. Contest Board for all racing drivers in 1935.

WHAT A RACKET!

Magazine Agents Travel in Mammoth Car Town to Town

The short-cut to riches has been found. Apparently it lies in the collecting of magazine subscriptions, for a crew of six winsome lassies and the business-like young man who serves as crew manager, visited Fort Stockton Thursday afternoon in a late model Cadillac sedan.

Questioning revealed that the crew drives from town to town, spending less than a day in moderate-sized county sites. The girls work the down-town business district with an appealing story about their efforts to win a "contest," details of which are quite vague. One gathers that it is a noble effort to progress in a business and educational way, and that just one subscription is the key to success.

One hundred and twenty-five magazines are available.

"The National Circulating Company" is the organization back of the visit, but the fine car (registered in Michigan), belongs to the handsome young manager, according to one of the girls.

So much for the young ladies.

Now the appeal for help is carried to the residential districts and placed before housewives, but not by the charming young ladies, for there are equally charming young men who "attend high school" in a neighboring town (just any neighboring town seems to do) and are working in a contest to win a college scholarship so that their education may be continued in college after they graduate this coming May. In their case the appeal is subtle—one more subscription will neither spell success nor failure for them—but YOUR order will be a great factor in the success of an ambitious and deserving lad.

It is a simple matter for husband downtown and wife at home to order the same magazine at the same time, but that fact does not worry the solicitors.

The boys travel in another car. Nor is that all—in Sonora recently not only were the same tactics used as described above, but following after the girls and boys came a distinguished gentleman of middle age and courtly manner—calling on widows of the community! This latter unit in the three-way plan to bring more and better magazines to West Texas towns had not appeared in Fort Stockton Thursday afternoon however.—Ft. Stockton Pioneer.

ions, but Gov. Allred each time has exerted the pressure of his influence to put the repeal bill back on its feet. The race track owners have been a God-send to jobless lobbyists. They now have Jim Ferguson, ex-Senator McGregor, and Elbert Hooper, former first assistant attorney general under Gov. Allred—and a host of lesser fry. It is a very expensive—and probably a very expensive—lobby. You will hear much more of the race track fight before the session ends.

Poor Range Is Cause Of Heavy Stock Shipments

Movement of Livestock In Texas for Jan. Up 30 Percent

AUSTIN, Tex., March 5—Reflecting the continuance of low condition of Texas ranges and the shortage of feed on farms, shipments of livestock from Texas to interstate points and to Ft. Worth stockyards during January were materially larger than a year ago, according to Dr. F. A. Buechel, statistician and assistant director of the University of Texas Bureau of Business Research.

"Shipments of all classes of livestock totaled 4,729 cars, an increase of 3 per cent over January last year," Dr. Buechel said. "Of this total 3,326 cars were cattle, an increase of 59 per cent; 755 cars were calves, an increase of 2 per cent; 457 cars were hogs, an increase of 95 per cent, and 191 cars were sheep, a decrease of 65

per cent.

"The unusually large monthly shipments of cattle, calves, sheep, and hogs, which have been shown in reports since July are reflected in the estimate of the United States Department of Agriculture of the number of livestock on Texas farms on January 1, 1935. According to the estimate, the number of cattle and calves is 1,348,000 less than a year ago; sheep, 1,017,000 less; and hogs, 605,000 less. With the improvement of ranges which may be expected to result from the recent rains, further radical reduction in the number of cattle, calves, and sheep on Texas ranges is unlikely. But with prices of feed still high in relation to hog prices, further depletion of hogs on farms is probable.

"The total value of Texas livestock on farms as of January 1 is greater than it was on the corresponding date in each of the two preceding years. This situation arises from the fact that the

increase in value of horses and mules more than offset the decrease in value of cattle, calves, sheep, and hogs. This is true in spite of the fact that the number of horses and mules decreased substantially during the past year. Should pasturage and feed conditions improve later in the year, a sharp relative decline in livestock shipments will probably occur. Total income from livestock however, may not be adversely affected since prices have been rising sharply during recent weeks."

LIGHTING . . .

Yesterday and Today

DID YOU KNOW THAT—

Musical compositions, frequently dwelling on candle light, are but recollections of a luxury in bygone days?

That such spectacular illumination from candles would compare as only modest electric illumination today?

That one modern electric lamp (50-watt size) gives the same illumination as 48 candle light give?

That the wax candle will burn about 4 hours, necessitating 250 replacements to one replacement of the electric lamp?

That an average home today has the equivalent of approximately ten such electric lamps (50-watt size) in use, and with 24 months or 1,000 burning hours as their useful life, the two-year total lighting costs, including cost of lamps and cost of electric service, is only \$27?

That a comparable illumination from wax candles (not considering the inferior light or the danger accompanying any flame, its fine soot floating or gaseous odors) would necessitate consumption of 120,000 wax candles over such a two-year period at a cost to you of more than \$2,400, yet complete electric "lighting" service is supplied by this company and enjoyed by all members of your household for less daily costs than a cigar to one member of the household.

Further, that over half of all domestic service customers in West Texas pay less than 4c a day for all their residential electric service, including lighting.

ELECTRIC SERVICE IS CHEAP! YOU SHOULD USE MORE OF IT!

19 BOY SCOUTS

(Continued from Page 1)

The local scoutmaster announced that another court assembly will be held probably March 27 to complete the second class promotions in this troop. In two months a court of honor will be held for awarding First Class badges, the scoutmaster said.

Two dates stand out in Scout activity in this area for the months of April and May and preparations are being made here in accordance. On April 26, 27 a merit badge exhibition and rally has been slated at the council headquarters in San Angelo and the annual Camp Week is on the calendar for May 26 until June 1 at Merton. Local scouts are slated to attend the rally and attend the camp meet at Camp Louis Farr, Merton, when more than four hundred boys will be brought together.

Miller Robison, assistant scoutmaster here, and Sam Malone, who has applied for an assistant position, are cooperating with Scoutmaster Joe Haddon in training Scout teams for the coming council jamboree at San Angelo April 26, 27. The first aid team is composed of Jack Baggett, Joe Williams, William Beecher Montgomery and James Childress. Grover Jones and Richard Miller are studying Morse code for the jamboree contests and Maurice Lemmons, Howard Lemmons, J. W. Johnigan and John Childress make up the flag signal team which is being instructed by Joe Haddon. Knot tying, fire by friction and other Scout arts are being studied weekly by the troop here in preparation for the San Angelo contests. The local troop is scheduled also to compete in tests at Sonora March 28, the scoutmaster said.

Miss Maxine Murdock will present her pupils in a musicale Monday afternoon at the home of Mrs. Charles Williams. Mrs. W. J. Grimmer and Mrs. Wayne West will assist Mrs. Williams as hostesses.

Week of Prayer for Home Missions Being Observed By Baptists

Special missionary programs are being held by the Baptist Woman's Missionary Society and other groups of the church during the present week in observance of week of prayer for home missions, a period which is being observed by churches throughout the South.

The local Young Women's Auxiliary, the Girls' Auxiliary, the Sunbeams and the Woman's Missionary Society have had special missionary programs during the week. The W.M.S. is meeting each afternoon to study the Home Mission work in different parts of America. The programs have been interesting and instructive.

Wednesday being the regular day for the monthly business session of the society, a short business meeting was held after the program.
