First Check For Cattle Arrives

P. L. Childress Gets First Pay From Government

The first government check in payment for cattle purchased from drought stricken ranches of Crockett County was received in the mail here Tuesday afternoon for P. L. Childress, J. S. Barlow, in charge of the office records in the cattle buying program, announced yesterday.

The check was in payment for 159 head of cows and calves accepted for shipment and around 40 head condemned and killed.

Mr. Childress' herd was the first inspected and appraised by the government representatives, Louis Stewart, appraiser, and Dr. C. C. Young, veterinarian. The herd was appraised and inspected ten days ago and the contracts, drawn up after delivery of the cattle, were forwarded six days before receipt of the check in payment.

57 At Dinner For Judge Davidson On His 78th Birthday

Children and grand children and ranch employes of Judge Charles E. Davidson formed the crowd of 57 taking part in a dinner given on the lawn of the Davidson ranch home last week in celebration of Judge Davidson's 78th birthday.

Mr. and Mrs. Bob Campbell and Miss Marion Campbell of Pasadena, Calif., were the only out-of-town guests. Mr. Campbell and Miss Marion Campbell are a nephew and niece of Judge Davidson. Mary Jeanette Grimmer, daughter of Mr. and Mrs. W. J. Grimmer, and a granddaughter of Judge and Mrs. Davidson, especially enjoyed the occasion because it was also a celebration of her eighth birthday.

Work Is Resumed On Golf Course Crew Goes To Work Wednesday Building New Greens

Work of completing the Lions Club Golf course, on the Will Baggett ranch north of Ozona, was started up again Wednesday morning when Carl Dorley, foreman in charge of the work, took his crew out to begin the work of building the other four greens for the course.

Five holes have already been completed and opened to play. Members are playing these five holes daily and as the golfing form is being gradually worked up again, the reported scores are getting lower and lower. On the basis of scores on the five holes played, several are already shooting in the low forties for the nine holes. The five completed holes are in a circle, permitting their play back to the starting tee without difficulty. The work now in progress on the other greens and fairways will not interfere with play on the five now open.

As soon as the four greens are completed, work will start on clearing the tall grass from the fairways on these holes, the clearing of trees and brush having already been completed on the entire course. A few additional members were signed up this week and two or three more are needed now to put the course in first class condition. Thirteen months of play on the first year's dues will be allowed members signing up now. For the next six weeks, members of the Lions Club will take turns at providing the weekly luncheon for the members and the luncheon fees of the club turned into the golf fund. This will make available an additional estimated \$50 for completing the course. The club meetings will be held in the basement of the Methodist Church.

2,000 Present At Hudspeth Outing

Combines Barbecue Picnic, Rodeo and Political Rally

Approximately 2,000 persons were present for the all-day barbecue, picnic and political rally held on the Claude Hudspeth ranch on Devil's River Saturday for the announced purpose of furthering the candidacy in this section of J. H. Walker, for reelection as commissioner of the general land office of Texas.

A large number of Ozona folk attended the meeting, some staying all day and others going down for the afternoon's events. Judge Charles E. Davidson of Ozona presided at the morning gathering when a number of candidates for state office, including Mr. Walker, C. C. McDonald, candidate for governor, Carl Runge, candidate for United States Congress, and others spoke from the improvised platform.

A barbecue dinner was served the throngs at noon and during the afternoon the crowds were entertained with band concerts, goat roping contests and other entertainment. A dance on an open-air platform in the evening concluded the day's festivities.

Blazing Oil Stove At Johnigan Home Does Slight Damage

An oil stove which flared up in the bathroom at the W. M. Johnigan home Tuesday caused slight damage to the wall and curtains. The blaze was quickly extinguished before more serious damage was done.

The fire was reported to the telephone office and the electric siren installed on top of the telephone office was blown, bringing a number of volunteer fire fighters to hand to battle possible flames. The fire was extinguished by members of the household, however.

Crockett Lambs Sold At 7 Cents

Five Double Decks Delivered At Barnhart Past Week

Five double decks of mixed lambs from Crockett County ranges were delivered at Barnhart the past week for shipment. The lambs were purchased by the John Clay Commission Co. of Fort Worth at 7 cents a pound, it was reported here.

The shipment was made up of lambs from the flocks of W. J. Grimmer, Charles E. Davidson, Jr., Mrs. Charles E. Davidson, Sr., Early Baggett and Mrs. Pon Seaborn.

QUICK-WITTED DRIVER 'OUTRUNS' FIRE IN SEVEN-MILE DASH AS BED ROLL ON REAR BUMPER BURNS DOWN TO EMBERS

Dr. and Mrs. W. A. Grandy and Mr. and Mrs. Jim Armour had an experience as novel as it was exciting while returning Saturday from the Hudspeth ranch on Devil's River where they attended the all-day outing and political rally.

The party had tied a roll of bedding and camp equipment on the rear bumper of the car and a few miles south of Ozona they looked back and saw smoke curling up from the bed roll. Stopping the car, they made an attempt to remove the blazing cargo, but it had been fastened on in such a manner and the blaze had reached such proportions that they were unable to remove it.

The blaze was directly over the gasoline tank and was licking the back of the car, threatening to envelope the entire machine. Mr. Armour and Dr. Grandy then quickly decided that the only way to save the car would be to keep driving and to throw the flames away from the car by means of the back lash of air.

Leaving Mrs. Armour and Mrs. Grandy on the spot in their haste, they drove the car, a Ford V-8 seven miles down the road before the flaming mass had burned itself out to such an extent that it could be kicked free of the car. The car was only slightly damaged in the unusual mishap, the paint being burned off the metal tire cover on the spare and the rear end slightly scorched. It was thought the roll was fired from the exhaust.

CATTLE SALES BRING \$90,000 INTO COUNTY

8,365 Head Offered By 80 Ranchers To Government Agency

37% CONDEMNED

1,593 Head Killed Out Of 4,346 Appraised To Date

The government cattle buying program, for the relief of ranchers in the drought areas, will bring approximately \$90,000 in cash to Crockett County, it is estimated by officials in charge of the buying campaign now in full swing in this county.

This estimate is based on the number of head already signed up for government inspection and appraisal as announced by J. S. Barlow, in charge of office records in this county. Eighty ranchers in this county have offered cattle for sale to the government on the scale of prices offered, the eighty listing a total of 8,365 head.

A total of 39 ranches had been visited by the inspectors and appraisers up to Tuesday night and a total of 4,346 animals inspected and appraised. Of this number, 1,593 were condemned and killed on the ranches, or approximately 37 per cent of the total number. The government appraisers have accepted 2,753 animals as suitable for shipment to canning centers, this number representing a money value of \$47,689.

The cattle accepted for shipment are being loaded on cars from the shipping pens at Barnhart, Big Lake and Rankin, an effort being made to alternate these shipping points as much as possible to avoid congestion.

To Tuesday night there had been a total of 18 carloads of cattle loaded from the Barnhart pens, R. O. Smith, county relief administration, receiving the cattle at that point and directing the loading. The total shipments to date from Barnhart was 41 cars up to Tuesday night. The government is providing feed for the cattle while they are being held in the pens awaiting shipment. It was estimated that around 800 head were on the road to Barnhart yesterday.

Goats Coming For Week-End Series

Blondy's Crew Due For Surprise In Meeting Revitalized Giants

Blondy Cross may find the Ozona Giants not the soft pickings he thought them to be when he brings his flock of Angoras here next Saturday and Sunday afternoons for a week-end league series on the Powell Field diamond.

The San Angelo crew will face a revamped Giant line-up and a nine much more potent than the crippled team they played here last Sunday. And had it not been for the fact that the Giant infield handed the game to the visitors on a silver platter, that crippled team would have plastered the Goats in decisive fashion.

Another pitching recruit, now being sought by the Giant management, will likely be given a chance in one of the games, while the veteran Pat Caraway will burn 'em up in the other. Brown, who was out of last Sunday's game, will likely be back in harness and the lines are out for another outfielder, to lend the much needed strength to the Giant stick work.

Mr. and Mrs. Stewart Pitcock of Los Angeles, Calif., are the guests here this week of Mrs. Minnie Crumley and Miss Ada Moss. Mrs. Pitcock is a niece of Mrs. Crumley's. They have been in Des Moines, Iowa, visiting relatives.

McMullens Hosts At All-Day Party On Ranch Tuesday

Mr. and Mrs. Frank McMullen were hosts at an all-day party on their ranch Tuesday. Members of the Sunflower Club and others were guests of the day. The ladies participated in an afternoon party following luncheon served them at noon and after a dinner at night the men joined the group for a night party.

During the afternoon, the men guests enjoyed a goat roping contest on the nearby Louis Hersey ranch. Those present for the evening party were Mr. and Mrs. Charles Black, Mr. and Mrs. A. D. Holland, Mr. and Mrs. Louis Hersey, Mr. and Mrs. Hudson Mayes, Miss Ludee Hersey of Big Lake, and Mr. and Mrs. Floyd McMullen. Mr. and Mrs. Charles E. Davidson, Jr., Mr. and Mrs. Bryan McDonald, Mr. and Mrs. W. E. Friend, Jr., Mr. and Mrs. Ashby McMullen, D. K. McMullen, Sr., and D. K. McMullen, Jr., Miss Pete Friend, Bob Sims and Mrs. Eddie Johnson of Ozona. High score prizes went to D. K. McMullen, Jr. and Mrs. Chas. E. Davidson, Jr.

Mrs. Charles Williams and children will leave Saturday for Kerrville to attend the Methodist Assembly next week.

Mrs. Sam Beasley and daughter, Sammie Sue, are spending the week in Winters visiting friends and relatives.

Miss Mary Williams will attend Camp Waldemar for girls at Kerrville, opening Sunday for a six-weeks term.

Mrs. Walter Kyle who has been visiting friends and relatives in Dallas the past two weeks, is expected home the first of next week.

Absentee Voting Light In County

Only Three Voted; Four Ballots Are Mailed Out

Absentee voting has been unusually light so far since the opening of the voting period, according to George Russell, county clerk. Only three have voted absentee ballots in person at the clerk's office while four ballots have been sent out in the mails upon request.

Persons who expect to be away from their voting precinct on the day of the election, July 28, may cast their ballots absentee during the period twenty days before the election up to three days before.

Absentee voting in person closes July 25 and balloting by mail closes the following day, July 26. The absentee ballots are kept sealed until the day of the election when they are turned over to the election judges for counting.

Oiler Sticks Are Still Too Potent

Champions Topple Ozona 8-4 In Exciting Frcaas

It was the same old story, the final count, but it was told in a different, more exciting manner near the finish of the game, when the Texon Oilers, nemesis of the Ozona Giants and some other teams that could be named in the league, smacked the baseball to parts near and far to win one of the most exciting games of the season here yesterday afternoon by a score of 8 to 4.

The champions went to work on Pat Caraway in a big way in the opening game. With two hits and two errors, two scores were chalked up for the champs in that frame. Flop Harris, grunting hurler for the Oilers, was in the box and for two innings looked as if he wouldn't allow the Giants a smell of the leather. But in the third, Weaver, Ratliff and Dorley with successive singles, pushed over a run, and again in the fourth, Brown doubled and Andrews brought him in with a single.

The Oilers, however, widened their lead in the third with three runs, when with two outs, Gardner singled and went to third on Kern's error in right field and scored on Barbee's single. Conley tripled, scoring Barbee, and Burton singled scoring Conley. With Hallanan up, Burton was out stealing at second, to retire the side.

The big moment for Ozona fans came in the eighth, when R. Russell, Brown and Andrews singled successively for one score and Bill Grimmer, playing baseball for the first time in several years, went in to hit for F. Russell and singled, scoring Brown. Weaver was out at first to stop the rally, with the tying run on third base.

The Oilers stretched themselves in the ninth to take a safer lead, crushing over three runs on a couple of errors and three hits. The locals were impotent in their half of the final frame, but the fans had had a great time, despite the fact that the game was lost.

The box score follows:

OZONA	A	B	R	H	P	O	A	E
F. Russell, ss	4	0	0	0	1	2

Giants Dish Up One To Angoras

Angelo Flock Growingly Receive Domination 4 to 1

It wasn't the jinx, nor providence nor the umpires—just ragged baseball that allowed the San Angelo Goats, the Simms-Cross-Sanger alibi aggregation, to come out in the lead 4 to 1 in an exhibition game on the Ozona diamond Sunday afternoon with the Ozona Giants.

An infield hit, a sacrifice, an error and a hit scored one in the first inning for the visitors. In the fourth, an error put a runner on, and a two-base hit brought him in from second where he had advanced on a sacrifice. That was two on errors. Then in the fifth, another error started the fireworks, the first man up reaching first on a miscue. A long fly, another error and a hit and two more runners had crossed the home plate.

The Giants scored their lone tally in the ninth when Weaver was safe on an error. Dorley walked, Rex Russell forced Weaver at third, Dorley stole third and scored on Andrew's roller to second which forced Russell at second but a fumble allowed Andrews to make it safely to first. Greer ended the rally with an easy roller to first.

The Giants were in a batting slump of the rankest sort, Cox, Greer and Caraway getting one single each off the offerings of Lefty Mark Hanna while their teammates were unable to get a good feel of the ball in their several trips to the plate. Caraway allowed the visitors only six hits that were well scattered, two in the first inning, one in the fourth one in the fifth and two in the sixth, the visitors going hitless in the other five innings. But ragged fielding, with a magnificent total of six miscues marked against them, lost the game for the Giants being earned.

Masons To Meet Saturday Night

Important Business To Be Taken Up At Regular Session

Members of the Ozona Masonic Lodge are urged to be present for the regular meeting of the lodge next Saturday evening in the lodge rooms.

WIND EROSION AND DESERTS

St. Louis Globe-Democrat: There is good sound reason back of the uneasiness recently expressed in the Forest Service at Washington that—in the recent dust storms that swept a number of States of the Middle West—the Nation may be witnessing early steps in the creation of a new American desert. For the erosive influence of wind and water, either singly or in combination, is what makes deserts.

Not that the two notable dust storms that rose in a number of Middle Western States this spring and deposited many million tons of topsoil in other States that did not want it are anything new in the way of dust storms save for their wide extent and their severity because of drouth conditions and the persistent strong winds that made them possible. For the wearing away, though in milder form, has been going on ever since prairie sods were destroyed either by farming or stock-grazing operations and dried and unbound topsoils thus bared to the mercy of strong winds and running water.

The point is that other fair lands both of America and of older countries have gone the same way and that there is probably no way of preventing history repeating itself unless we improve our practices of soil conservation and employ better ways to protect land surfaces exposed to the wear and tear of the elements, surface water as well as wind. It has been estimated that the ravages of erosion have already ruined 21,000,000 acres of American farm land that was once productive, much of it, of course, in the older sections of the East and South, and most of the damage, no doubt, caused by surface waters.

But recent generations of farmers have laid great areas of the dry prairie States bare and winds have joined the waters in destruction, with the unprecedented drouth of the present spring bringing the situation to the attention of the entire Nation. Some sections of the dust-storm area were stripped of topsoil clear down to the hard-pan and millions of tons of dirt removed along with the seed and wheat sprouts it contained. Soil that was not removed to distant and innocent States, even as far removed as those on the Atlantic seaboard, was deposited like drifted snow nearer home, covering fences in some instances and depositing inches of unwanted soil on growing crops.

Million In U. S. Never Crawl In Tub

Washington, July 17.—All the cities are not in yet, but it be-

comes as quite a surprise to you to learn that depart-

ment of commerce has been sending fellows around asking: "Good morning, madam, have you a bathtub?"

Some of the American citizens are out to be rugged individuals who took the position that has come to the point where they can't take a Saturday night without telling the bureau of and domestic commerce it, then what this country is less government in business. They slammed the front door and fell in with the spirit of thing, however, and invited commerce department fellow to see the bathtub, ring and all.

It is not that anybody has been patriotic to offer to take a bath for representatives of the United States of America, but this survey is in its infancy.

Turns from 14 cities indicate approximately one-third of population never gets wet un-derneath a rainstorm with- out an umbrella. Most of them don't take a bath if they want on account of not having a bathtub.

Some can't afford one. Others take the position that bathing is comparatively untried new-fan- tasy and they don't get mixed up in it until they find out whether it is here or there. Look what happened to the nation.

Chiggers Do Not Bite, They Dig In Like Prairie Dogs

According to the Dallas Journal "chiggers" do not bite. The Journal says:

If you live in the South you probably are familiar with pulex and sarcopsylla penitans.

If you live in the North you doubtless also have your little troubles, even if they haven't such distinguished names.

In other words, you Southerners who have been doing a good deal of scratching lately likely are the victims of chiggers (also known as chigoes, chegoes, eigers or the funny combination in the first paragraph).

Although thousands of persons in Texas and other States where the climate is warm will assure you they are familiar with the general eating habits of the chigre, very little is known about the private life of the insect—his or her trials and tribulations.

While chiggers are doubtless very fond of each other in a romantic sort of way, their most obvious affection is that which they have for the human being.

And particularly they "love" those who include picnicking, hunting, fishing and other such outdoor sports among their avocations.

Once chiggers become attached to an individual they cling to him until death releases their hold, which is more than one can say in favor of some of one's other associates.

Erroneously, according to Dr. J. Russell Smith of Dallas, persons frequently complain of being bitten by chiggers. Dr. Smith, who says he has personally come in contact with thousands of pulex and sarcopsylla penitans in his day, insists they do not bite.

"It would be most unethical for a chigger even to think of biting," said Dr. Smith. "They burrow."

He explained that chiggers just plow their way right down thru the first few layers of their victim's skin. Their presence sets up an irritation which is usually intensified by persistent scratching—not of the chigre—but the chigre's prey.

"Don't scratch them," advises Dr. Smith, although the doctor's intimate friends confidentially say that he is one of the most skillful chigre scratchers in his neighborhood.

If you leave the chigre alone, he's supposed to die in a few days, leaving you nothing to worry about but his sisters and brothers.

Here's a tip from Dr. Smith that may prove helpful. Chiggers simply abhor salt water. It usually causes them to die before they have completed their tunneling.

Some say that if you rub sulphur on your body after exposure to chiggers the result, as far as the chigre is concerned, will be similar to that obtained when salt water is applied. But there's always the question of whether one prefers sulphur to chiggers.

CHEVROLET 520,000 IN SIX MONTHS

A record-breaking demand has sent Chevrolet production to its highest point in four years

SINCE January 1st Chevrolet has produced Half Million cars and trucks. This tremendous total has broken all Chevrolet records for the last four years and here is the reason behind it! No other Manufacturer has so much to offer as Chevrolet.

Chevrolet is the only low-priced car to give you patented Knee-Action, and only patented Knee-Action gives you shock-proof steering combined with the new jolt-proof gliding ride. Chevrolet alone in its field provides Fisher bodies with genuine No Draft Ventilation—the safest and most comfortable bodies built today. No low-priced car but Chevrolet has safe, sure, cable-controlled brakes, the sturdy Y-K frame, and a dozen and one other important features. Do you wonder that the trend is to Chevrolet?

Let these features guide you when you buy your low-priced car. Don't accept anything less than all of them. And let yourself be guided by Chevrolet's popularity. As everyone knows, every buyer of a product is a recommendation, and Chevrolet can show you hundreds of thousands of them in only six short months!

Cubans Greet an Ex-President

HADSON GRAU San Martin, former provisional president of Cuba, was carried on the shoulders of the welcoming committee as he arrived at Havana from Mexico on the liner Sierra Vertana. Although he refrained from a formal declaration, he intimated that he would accept the nomination of the Revolutionary party to run for the presidency in the next election. Grau San Martin was so affected by the reception that he had to have medical treatment.

SCANDALS

Dear customers—lots of dust has blown across the road since T. G. had the pleasure—and I'm sure it's been mutual—of addressing a note to you all and of sitting on the street corners and listening to the compliments and compliments hurled into space at me. Would have been some three or four months sooner, if I had not had so much trouble—financial and marital. You know friend White forwarded a certain check to me together with a note purporting to have been written by W. E. Lucas in which said Lucas opined to be pining for the good old days when men were men and T. G. dished it out in a workmanlike fashion—Well, to make a long and uninteresting story long—and more uninteresting, when I received this check for the vast amount of \$7.80, I in a fit of abject-mindedness or anemia or something, proceeded to marry my land lady's daughter, thereby getting a \$125 board bill for the trifling sum of \$2.75 with a nice little supple to spare. Everything was Rosy (yes that's her name) until my mother-in-law came around one morning with the look resembling the Terrible Turk in her eye, and demanded legal tender in lieu of the certain scrap of paper mentioned above. Mr. Lucas' check had come home to me—there was a little notation in the margin which said "SIG" and when I looked up sig in the dictionary, I was more mystified than ever. You can imagine my embarrassment. Suffice to say "All Hell that ends Hell." Any way, I'm back in Ozona trying to get a new start in life and struggling to make \$10.00 a week support me as well as pay \$25.00 a week alimony.

I understand that Texon and Del Rio have a baseball team this year. What to keep us from getting a bunch of our stars together, organize a compact little aggregation and challenge all comers. T.G. has taken it on himself to interview a few of the boys and met with unprecedented co-operation from all sources. Everyone seems to be of the opinion that there would be a distinct drawing card for the town and help us to sustain our reputation as THE BIGGEST LITTLE TOWN IN THE WORLD. For the past few years, owing to the influx of Soft ball, the grand old game has suffered but I feel certain that it can be revived and climb back to its former eminence provided we go out in a business way. Below follows just a suggestion for a lineup that ought to knock 'em all over West Texas:

Catcher, T. Casbeer; pitcher, Smith; 1st base, N. Weigzell; 2nd base, H. Hubert; (outside of mistakes of Del Rio, this man would be the most colorful player in West Texas) short stop, J. Strick; 3rd base, E. Zippa; left field, N. Hokit; center field, T. McK; right field, J. Armentrout; Utility, A. Andrews, R. Russell, Green.

If this lineup meets with your approval, we hope to get a game with Moses Simms, who is undergoing to lead San Angelo out of sports wilderness, either Friday or Saturday of this week, and are on a set up of this character to put us in trim for the boys of Del Rio or the Texon team in the week following. Any suggestions will be duly appreciated.

Speaking of the Golf Bug, which has hit the burg—I, G. Rape has us that he thought a Caddy something to keep your supply of tobacco in.

The dumbest crack we have heard was when A. W. Jones asked Shorty Lawrence if he had even seen Max Baer to which Shorty replied, "I didn't even know he had a bear."

Mary Frances West, daughter of Mr. and Mrs. Wayne West, will attend the six-weeks session of Waldemar, girls' camp, which opens there Sunday.

Bill Buttery, prescription clerk of the Ozona Drug Store, left today for Austin where he will attend a special course in pharmacy at the University of Texas the next six weeks.

ROBERT MASSIE COMPANY Superior Ambulance Service 324 Angelo, Texas Phone 444 Day or Night

Miller Robison and Oscar Kost are spending a few days on the Robison ranch in Pecos County this week aiding in disposing of the carcasses of condemned cattle killed by the government purchasing agents in the drought relief cattle buying program.

Miss Ada Moss, home economics teacher in the Ozona High School, returned this week from Austin where she attended the first six weeks session of the University of Texas summer school.

Mr. and Mrs. J. S. Whatley and Mr. and Mrs. Beeler Brown were in Ranger Sunday to be with Mr. Whatley's mother, who is seriously ill.

METHODIST NOTES

Preaching Sunday morning at eleven o'clock. Subject, "What We May Expect Religion to Do for Us." Preaching Sunday night at 8:15 in the park.

Beginning next Sunday the 22nd and continuing over Sunday the 29th, there will be held at the Assembly Grounds at Kerrville a Camp Revival and Discussion Group Meeting. Bishop H. A. Boaz will be the revival preacher preaching each night, different pastors will preach at eleven o'clock each morning.

Cottages are for rent on the ground at from \$5 to \$10 for the week. Good meals will be served at the cafeteria at very reasonable rates, either by the day, meal or week. The camp has an abundant supply of fine artesian water. The nights are cool and it is a delightful place to spend a week's vacation.

Affon Gilbert was rushed to San Angelo Sunday night following an acute attack of appendicitis. He underwent an operation in a San Angelo hospital immediately after arrival there and at last reports was resting well.

When Minutes Count . . . Electric Appliances Are the Answer!

When it is a matter of doing things in a hurry and doing them well you can trust an electric appliance with the job.

The automatic feature with which most of them are equipped, turning the heat on and off as required, makes them especially trustworthy.

These handy household appliances are fast becoming household necessities. Every day new ones are being developed to lend their assistance in lightening the homemaker's tasks.

Inspection of the complete line of Electric appliances at our store will reveal that many of them are much less expensive than you thought. Also you will welcome the easy terms at which they can be purchased. No obligation.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

Chevrolet Sales For June Break All Records Since 1929

DETROIT, July 17—Chevrolet's record-breaking sales continued their advance in June, shattering all monthly records since May, 1931, and achieving the highest June total since 1929, officials of the Chevrolet Motor Co. announced today. Retail sales for the month, as compiled from dealers' reports, were the basis of the announcement.

The showing is considered especially notable in light of experts' predictions that automotive volume in general would fall off some 12 per cent during June. Instead of receding, Chevrolet sales showed a gain of more than 12 per cent. Dealers credit Chevrolet's new low prices, which took effect June 2, with upsetting the prediction so far as Chevrolet is concerned, and paying the way for this substantial increase.

Mr. and Mrs. Charles E. Davidson, Jr., went to San Angelo Monday to take Mrs. E. K. Williams, Mrs. Davidson's aunt, who has been here visiting the last few weeks. Mrs. Williams took the train at San Angelo for her home in Temple.

Miss Ethel Mae Green of Sylvester, Texas, is the guest of Miss Louise Crowder.

next week with her aunt in Colorado.

Mr. and Mrs. Clint Shaw, Mr. and Mrs. T. C. Harris and Mrs. Hubert Holmes attended the old settlers reunion at the Hudspeth ranch near Comstock, Saturday.

Mr. and Mrs. E. E. Bailey were business visitors in San Angelo Monday.

Mr. and Mrs. H. A. Moore are on a vacation trip to Colorado.

Mr. and Mrs. Joe Oberkampff were visitors to San Angelo Monday.

P. L. Childress and two children, Miss Ethel Childress and John Childress, left Monday morning on a vacation trip to Canada.

Mr. and Mrs. J. R. Bailey and Miss Bernice Bailey returned Monday from Temple where Miss Bailey underwent a tonsilectomy.

Supt. and Mrs. C. S. Denham of the Ozona schools, returned to Ozona this week from Austin where they have been attending the summer session at the University of Texas.
