M. E. Rendall, Jr., Reported Missing In North Atlantic

Ozona Boy Was One Of Crew Of Naval Bomber Lost On Mission

Norman E. Rendall, Jr., who finished high school in Ozona and enlisted in the United States Navy before this nation was involved in the present war, has been reported missing.

News of the Ozona boy's uncertain fate came in a letter to his father from his father, Norman E. Rendall, Sr., of San Antonio, who operated a cafe here for many years, moving to San Antonio after the outbreak of war to engage in defense work in that city.

The Navy Department notified the father by telegram last week. The Department's wire was worded as follows:

"Regret to inform you your son, Norman E. Rendall, Jr., ANO 1/c, is missing. His squadron was out on a mission and has failed to return. No other details available at present. Upon receipt of further information same will be wired you."

Young Rendall and his brother, Gordon, were veterans of the Pearl Harbor attack by the Japs, both were stationed there, both in the Navy, Norman as a radio operator on a Naval patrol bomber and Gordon as an instructor in aerial gunnery.

As a member of a naval patrol bomber crew, Norman had been more than a year of combat service in the Pacific, flying for months in all theatres of war in the Pacific in a PBV patrol bomber.

On leave after over a year in combat, Norman visited his parents in San Antonio a few months ago, but his leave was so short he did not have time to visit Ozona. After his leave he was sent to San Diego for training, as an aerial gunner and presumably was sitting in that capacity when his ship was lost.

Young Rendall is believed to have been lost somewhere in the North Atlantic. "Norman was on the North Atlantic the last time we heard from him," his father wrote in the letter informing his father of the tragic news.

Motorists Slow In Applying For New 'A' Books

Less Than Half Of Expected Total Had Applied This Week

Crockett county motorists are slow in sending in their applications for the new basic "A" gas ration books, it was reported this week from the office of the War Price and Rationing Board.

Up to Tuesday afternoon, only 50 of the new books had been issued and the office staff was up to the demand. It was expected that at least 450 of the new books would be issued here.

Applications, available at all filling stations or at the board office in the courthouse, must be filled out in accordance with instructions on the blanks, information necessary being a description, license number, make, model, state registration, etc., of the car, driver's or applicant's name and serial numbers of all tires on the car. All of this information can be obtained from the original tire inspection sheet.

The new application must be accompanied by the front cover from the old A ration book and the tire inspection record. Applications inspection record sheet, will be mailed to the applicant.

Mrs. Larry Albers and son, Wayne Walter, are here from Brownsville for a visit with Mrs. Albers parents, Mr. and Mrs. Wayne West.

July in the North Atlantic

It's summer, but these bluejackets on a United States navy aircraft carrier scrape ice and snow off the flight deck as their ship lies at anchor at a North Atlantic port. The planes are Grumman Avenger torpedo bombers. A German publication recently explained the reduction in U-boat activity by stating that the use of aircraft carriers to protect Allied convoys had taken the Germans by surprise.

Scouts Of Troop 53 To Enjoy Week End Camping Trip

Lee Wilson To Take 20 Boys On Outing To Devil's River

A group of twenty or more Boy Scouts, members of Troop 53, will leave here early Friday morning to enjoy a week-end camping and fishing trip to Devil's River.

The trip is being arranged and sponsored by Lee Wilson, chairman of the local Scout committee who will accompany the boys on the trip and, with the help of other adult men who may join the party and a group of older Scouts will direct the camp activities.

The boys will leave here early Friday morning, in time to make camp on the river by noon. Baker's Crossing, on Devil's River, has been chosen as the camp site. Equipment is being assembled this week and transportation arranged. The boys will "rough it" on their two-day outing, and in the process will get training in various phases of Scoutcraft, camping, fire-building, tracking, cooking, etc. from which they may earn additional merit badges, Mr. Wilson said.

Mr. Wilson will be assisted in directing the boy's activities on the outing by several of the older Scouts and possible one or more men who may make the trip.

Boys who have so far indicated their intention to make the camping trip are Roy Coates, L. B. Cox, Joe Corbell, James Chapman, Mike Friend, Dick Henderson, Tom Ed Montgomery, Bud Meinecke, Chapo Morrison, Billy Joe McDonald, Buddy Phillips, Joe Perry, Sammy Perner, Jimmy and Nat Read, Buddy Russell, Lowell Sweeten, Marshall Sweeten, Scott Smith, and Max Word. Arthur Byrd Phillips and Joe Bean, who had not been contacted this week, were also expected to make the trip.

Mr. and Mrs. R. A. Harrell and son, Roy Alvin, and Mr. and Mrs. George Harrell have returned from Rochester, Minn., where they went for medical examination at the Mayo Clinic. While there, Roy Alvin underwent and operation on his eyes which the surgeons described as completely successful.

C. C. Doty, who makes his home here with his daughter, Mrs. Stephen Perner, is reported improved this week after being ill for the past two weeks.

Club For Service Men To Be Opened In Williams Bldg.

Citizens Committees At Work On Plans To Outfit Quarters

In order that service men might have a place where they can rest, relax, play games, take a bath, etc. while on leave in Ozona, plans are under way for the establishment in the business section of a service men's club.

The plan for the service club was launched by a committee from the women's class of the Methodist Church headed by Mrs. Chas. Williams. Other members of the committee include Mrs. Stephen Perner, Mrs. R. A. Harrell and Mrs. R. E. McWilliams. This committee, in cooperation with representatives from other organized groups in the city and interested individuals, has launched the project and will follow through to perfect an organization representing the entire citizenship which will be in active charge of management of the club quarters.

The club is to be established in the Williams building, next to the Ozona Theatre, formerly occupied by the Tri-County Abstract Co. The building, owned by J. H. Williams, has been offered to the group at a nominal rental. It is temporarily occupied, however, being used for storage but it is expected to be vacated this week.

Citizens promoting the club plan to outfit the quarters with game tables, chairs, reading material, game material, including possibly a ping-pong table, a shower bath, commode, etc. Most of this material will be donated by citizens, it is expected.

Management of the club will be on a voluntary basis, women of the town alternating in serving as hostesses during the time the men are quartered here. The quarters will be used principally by men from the San Angelo bombardier school, who are stationed from time to time at the Ozona airport in the process of training bombardier cadets.

A financial campaign to finance the club is to be launched as soon as plans are completed. Donations on a monthly basis are to be sought, with payment by draft at the bank to minimize the effort on the part of the group in charge of the operation. It is estimated that \$65 to \$75 a month will be sufficient to operate the club, to pay rent, water and electrical bills and other incidental costs. A fund sufficient to install a shower bath and to purchase what needed equipment that is not donated will be necessary to put the club in operation, and it is hoped that such a fund will be raised by voluntary donation in addition to the monthly gifts for the purpose.

Sgt. Jack Williams Writes From Post In 'North Atlantic Area'

That the Stockman is reaching him at some lonely post designated only as the "North Atlantic Area," is indicated in a letter this week from Sgt. Jack Williams, one of five sons of Mrs. Charles Williams in the armed services.

"It sure is nice to read the news from home every week in a place like this," Jack wrote.

"I wish I could tell you something about the base here but everything is censored. In fact, the papers and magazines in the States are not allowed to write of it, so I guess I will have to wait until I get home."

Wayne E. West, son of Mr. and Mrs. W. W. West, was sworn in as an aviation cadet at San Antonio Tuesday and was released to await his call to training. Billy Hannah, son of Mr. and Mrs. Neal Hannah, who reported at San Antonio the same day for active duty as an aviation cadet, will begin his pre-flight training soon. His parents had not heard yesterday where he would be assigned for training.

MISSING—Norman E. Rendall, Jr., pictured above as he was shortly after his graduation from Ozona High School, has been reported missing by the Navy Department. Rendall, radio operator and gunner on a naval patrol plane, was presumably in service over the North Atlantic. His father, formerly in the cafe business here, now resides in San Antonio.

Jake McCulley Dies In Japanese Prison Camp

U. S. Fighter Pilot, Hero Of Philippines, Taught School Here

Lt. J. E. McCulley, a former Ozonan and one of America's immortals, hero of the valiant but hopeless stand of American and Filipino forces in the Philippine Islands against the Japanese aggressors, a member of those immortal "expendables" of Bataan who fought to exhaustion and death to hold off the Jap hordes until America could brace herself and marshal her might to crush the enemy, is dead.

Lt. McCulley, one of the thousands of heroic Americans captured by the Japs at the fall of Bataan, has died in a Japanese prison camp, presumably somewhere in the Philippines.

This was the news received here yesterday by friends of Lt. McCulley in a telephone message from his father at Blanket, Texas. The sad news was transmitted to the parents of Lt. McCulley by the War Department, presumably from information gathered by the International Red Cross. No further details were given in the War Department's message other than that Lt. McCulley had died in a Japanese prison camp somewhere in the Philippines.

Lt. McCulley served as principal of the Latin-American school here for a number of years and was assistant athletic coach under the regime of Ted M. White as coach of high school athletics.

He was a veteran of the Army Air Corps long before the outbreak of war in the Pacific and was stationed with a group of American flyers in the Philippines at the time of the Japanese sneak attack on Pearl Harbor and the almost immediate attack which followed on Philippine forces.

When the American air force in the Philippines was decimated by the overwhelming Jap attacks, Lt. McCulley joined the forces of ground fighters who fought foot by foot down Bataan peninsula in a heroic stand which will be recorded as one of the most gallant fights ever staged by American forces in the nation's history, a fight which contributed immeasurably toward success of the present offensive developing against the Japanese.

Fragments of information, coming from former buddies of Lt. McCulley in the Philippines who escaped before the final collapse, indicate that the former Ozonan was with the heroic force of American and Filipino soldiers who opposed the Japs on Bataan under Gen. Jonathan M. Wainwright and Lt. McCulley is believed to have been in the left flank of the American army cut in two by the determined drive of the Japs down the peninsula.

First news of Lt. McCulley's fate was transmitted by wire from the War Department following the collapse in the Philippines, the information stating merely that he was missing. Later, through the efforts of the International Red Cross, news came that he was a prisoner of the Japanese government, interned in the Philippines.

Now the final chapter is written—another gallant American is the victim of a brutal enemy.

Ozona Boy Enters Pre-Flight Training

SAN ANTONIO AVIATION CADET CENTER—The latest class of cadets entering preflight pilot training at the San Antonio Aviation Cadet Center included 691 from Texas.

At this post, the largest of its kind in the world, they will receive training to prepare them for entry into primary flying schools, from which their course of instruction leads to basic and advanced flying schools and the silver wings of army pilots.

The new class includes one from Ozona, Wayne L. Martin, son of Mr. and Mrs. J. L. Martin.

"MOB OR MONARCH"

"American democracy builds against both mob and monarch. It also builds against both cormorant and commune. And it does these things by the simple expedient of recognizing the one man as the unit of society.

Outside of Holy Writ, the most inspired utterance of all the centuries is this: "All men are endowed by their Creator with certain inalienable rights, among which are life, liberty and the pursuit of happiness."

When the majority gets away from that basic principle, it becomes a mob.

When the men clothed with a little brief authority in times of peace gets away from the self-evident truths of the Declaration of Independence, he becomes a dictator. When a man uses government to promote private enterprise, he becomes a cormorant. When a man joins with others for the distribution of wealth, they become

a commune.

American democracy, if faithful to the self-evident truths of the great Declaration, establishes justice and maintains orderly society. If not faithfully observed, he the plea ever so attractive, and the promises ever so liberal, it becomes a case of the blind leading the blind and all people falling in the ditch of despotism." — The Houston Post.

T. A. Kincaid is in Hereford, Texas, this week visiting his son and daughter-in-law, Lt. and Mrs. T. A. Kincaid, Jr., and Tom. Lt. Kincaid is stationed at the Hereford internment camp for prisoners of war.

Mrs. C. C. Luther returned late last week from San Angelo where she had been at the bedside of her daughter, Mrs. C. W. Barbee, who underwent a serious operation in a San Angelo hospital on July 3.

EUROPEAN IMPORTATIONS NOT WANTED

In any post-war planning, says General Counsel Boynton of the Illinois Telephone Association, we face a duty of "making this country prosperous, of keeping it a country of individual initiative, free enterprise and private business."

Mr. Boynton then points out that the National Resources Planning Board "recommends large expenditures of government money for domestic projects and greater participation of government in business. In addition to the extension of government ownership, it proposes a new kind of government-business partnerships through "mixed corporations" . . . formed by private and public funds with a part of the directors elected by private investors and the other part of the directors appointed by the government . . . an European importation."

Why should millions of our soldiers who have given up years of their lives fighting to keep this nation free from the countries that perfected the "mixed corporation" ideas in order to dominate every act of their citizens and their industries, come home to a planned economy of the type they have been taught to hate?

The last twelve months have seen American enterprise out-produce the world, including the government-owned "mixed-corporation" systems which are now proposed for this country. Mr. Boynton well says: "We can continue to do our job in the American way."

Mrs. Bert Browning of Sabinal, Miss Florence Luther, a student in Abilene Christian College in Abilene, and Calvin Barbee of Ballinger, spent last week-end visiting in the home of Mr. and Mrs. C. C. Luther.

Miss Mary Alice Smith left early this week for Fort Stockton where she has accepted a position in the offices of the Army Air Corps cadet training school located there. She is a daughter of Mr. and Mrs. Tom Smith.

THE LOW DOWN from HICKORY GROVE

Everything I pick up to read, or when I tune in trying to find a station with no drama, it seems I run into the "youth problem." Youth delinquency. Everybody seems to want to throw up their hands and give up. It gives me a pain—quite sizable. The whole affair is no "youth problem" at all—it is mostly a "mama and papa problem." Delinquency begins at home.

No social worker is gonna do anything about it, in particular, except keep a nice job by talking about it and by keeping the lunch clubs in a lather on how to fix it.

And back to the mamas and papas—the cavorting ones—the ones who allow their off-spring to run wild versus staying home themselves and keeping the youngsters under control. These cavorters will disappear in time. The wheel chair or the undertaker will finally get them. The mamas and papas of tomorrow will be the Girl Scouts and the Boy Scouts of today. We can rely upon them. They will be in the saddle 15 years hence.

In the meantime, the police can handle the bad eggs quite handily if the uplifters don't barge in. A zoot-suiter should be no great problem.

Yours with the low down,
JO SERRA

You've done your bit—Now do your best.

Back The Attack Is War Cry For 3rd War Loan Drive

AUSTIN—"Back the Attack with War Bonds!"

That, Secretary Morgenthau, Jr., of the U. S. Treasury, notified Frank Scofield, Texas War Bond Administrator, will be the stirring slogan for the Third War Loan Drive in September.

Secretary Morgenthau, Jr., telegraphed Mr. Scofield that this trumpet call to Texans to invest more millions in War Bonds for our fighting forces was inspired by the march of United Nations forces against Fortress Europe and Japan's bastions in the Pacific.

"Thousands of Texas volunteers, men, women and children, who daily back our attacks on the enemy by constant sales of War Bonds and Stamps readily will rally to the Secretary's war cry for the Third War Loan Drive," Mr. Scofield declared.

The United Nations are on the march," Secretary Morgenthau said. "The first rumblings of the big offensive are being heard in all the axis nations. Thousands of our men are storming Sicily. Tons upon tons of bombs are dropping on Germany. We are attacking Jap-held territory as never before. This is a great day for us."

Asserting this means the time has come for us to really tighten our belts on the home front, Secretary Morgenthau continued:

"We have come to a most crucial period in the war. The success that we will have on the fighting fronts will depend to a considerable extent upon the degree to which we here at home are willing to work and sacrifice for ultimate victory."

Mrs. Lawrence K. Brown was taken to San Antonio Monday for medical care. Rev. Brown is with her.

Mrs. Jones: "Tobe, I'm sorry to hear your wife got a divorce."

Tobe: "Yessum, she gone back to Alabama."

Mrs. Jones: "Who will do your washing, now?"

Tobe: "Well, ma'am, it's coal and I cot's rapid."

History Of Goat Business Subject Of Rotary Talk

Some interesting highlights of the business of raising goats and the production of mohair were told to members of the Rotary Club at its luncheon Tuesday by Madison Read, one of Crockett county's leading goat raisers.

The history of the goat and origin of the domestic species raised in this country for meat and their hair was sketched briefly by Mr. Read and some of the details of selection, breeding and care of the goat were told. The speaker described the two types of goat used in this section, the B and S type goats, the former producing a flat-lock type of hair a little coarser and greasier than the latter ringlet type which produces a finer, lighter hair.

Transform Axis Stronghold Into an Allied Base

After surrender of Pantelleria, a series of patrols was organized to search for stray enemy units and snipers. At upper left three British fighters pick their way through a battered street. At upper right a bulldozer clears away rubble as the island is turned into a base for use against the Axis. Italian soldiers, marines, and sailors stand in line (bottom) waiting for transportation from the former Axis stronghold.

Plans Laid For Texas Part In United War Chest Campaign

The United War Chest of Texas has completed plans for the first state-wide unified war appeals drive ever conducted in Texas, George A. Butler, Houston attorney heading the organization, announced this week.

Plans to raise approximately \$5,000,000 as the share of Texas in the National War Fund are now being worked out following the perfecting of the state organization in Dallas, July 7. At the Dallas meeting Butler was named president and campaign chairman of the State War Chest. Gov. Coke Stevenson was named honorary chairman. Other officers include Roy Farrar, Houston banker, treasurer, and Wayland D. Towner, formerly of the San Antonio Community Chest, secretary and general manager. Twenty-one vice presidents representing every section of Texas are yet to be named by the board of directors.

"Each community and each Texas county will determine its own role in the National War Fund will be carried out by the local program," Mr. Butler announced. "In every instance, the campaign leadership," he said. "The program is one of aid to our ownboys on all fronts of war, to our allies in every corner of the globe, and to the home front."

President Roosevelt's War Re-

lief Control Board has approved the following agencies for participation in the National War Fund which plans to raise \$125,000,000 in its national campaign this fall: The USO (United Service Organizations), United Seaman's Service, War Prisoners Aid, Belgian War Relief Society, French War Relief Association, Polish War Relief, Queen Wilhelmina Fund, Russian War Relief, United China Relief, United Czechoslovak Relief Fund, United Yugoslav Relief Fund, Refugee Relief Trustees and the United States Committee for the Care of European Children.

Pre-Radar Training Course For Texans

Austin, Texas—The University of Texas has trained nearly 550 men in "round-the-clock short courses in pre-radar, Leland L. Antes, supervisor, reports.

Leaving here, the students are usually assigned to radar schools, where they learn to operate and care for the extremely complicated and expensive miracle-working military equipment which, by means of extremely short-wave radio waves, searches out enemy aircraft or seagoing vessels.

Although the University has been giving these courses since last October, only the recent lifting of military secrecy, on radar permitted this announcement, Antes said.

Young Men 18-26 Needed For Aviation Cadet Training

Young men between the ages of 18 and 26 are needed now to qualify as Aviation Cadets, according to Lieutenant Colonel Marvin B. Durette, Commander of the West Texas Recruiting and Induction District.

"Men of these ages interested in becoming pilots, navigators, or bombardiers, should contact their nearest Aviation Cadet Examining Board and apply for examination," Col. Durette said.

All men passing the mental and physical examinations will be given letters to the Army Forces Induction Station, stating they are considered qualified mentally and physically for air crew training.

"Applicants must then go to their Selective Service Board and volunteer for induction. No applicant can volunteer for induction after he has been called in his regular order number for induction."

Men of 17 years of age may be enlisted in the Air Corps Enlisted Reserve Corps by obtaining parents consent and passing the Aviation Cadet mental and physical examinations. Seventeen year olds will not be called for training until having reached the age of 18.

Break Blockade of Sunken Axis Ships

A British diver ascends from his job of cleaning up the bottom of the harbor of Tripoli. So many Axis ships had been scuttled that the harbor was completely blockaded. But the British navy managed to open a narrow passageway to allow ships to get into and out of the harbor. The Axis had sunk many ships, blown them open on the bottom, and then sunk other ships over the first group.

San Angelo Lay Preacher To Fill Baptist Pulpit Sun.

J. G. Bunyard, lay preacher from San Angelo, will fill the Baptist pulpit at the morning services here Sunday morning in the absence of the pastor, Rev. Clyde Childers, who is conducting a revival meeting this week and next at Mound, Texas.

Mr. Bunyard, proprietor of the Bunyard Electric Co. in San Angelo, has supplied at several of the churches in San Angelo in recent years and also at churches throughout the San Angelo area. He is a member of the Gideons, a group of consecrated business men who supply lay preachers and put great emphasis on distribution of the Bible, placing the Book in hotels, and other public institutions. All members of the local church and their friends are invited to hear Mr. Bunyard Sunday.

UNIVERSITY TRAINING

Byron C. Williams, second class seaman, U. S. N., has been assigned with a group of Naval trainees who will take an 8-months course of special training at the University of Oklahoma in Norman. Byron, youngest son of Mrs. Charles Williams and one of five Williams brothers now in the armed services of the United States, received his basic training in San Diego and was one of eight men out of 125 selected to receive the special training at the University of Oklahoma. He is now in the Naval Air Corps and will specialize in aviation mechanics at the University.

Rev. Clyde Childers, pastor of the First Baptist Church here, and Mrs. Childers left this week for Mound, Texas, where Rev. Childers is to conduct a revival meeting at the Mound Baptist Church beginning Friday of this week and continuing through Sunday, July 25. Mound is the Childers' former home.

Mrs. Lee Dudley Honored At Tea And Shower In Sheffield

Honoring her niece, Mrs. Lee Dudley, Mrs. H. C. Noelke entertained with a tea shower Wednesday afternoon at the club house at Sheffield.

In the receiving line with the hostess and the honoree were Mrs. Roger Dudley of Ozona, Mrs. Stewartson of Fort Stockton, and Mrs. Dudley Ingham, Mrs. Walter Dudley and Mrs. B. B. Ingham all of Sheffield.

Mrs. Tom Holmes presided at the punch bowl, and Mrs. H. M. Holmes served cake. Assisting in serving were Misses Ellisia Holmes, Betty Jane Sandel, and Wanda Owens of Sheffield, Wilma Jean Northcutt of Sanderson, and Mary Ellen Geaslin of Van Horn. A pink and white color scheme was featured, and the tea table was covered with a white cloth with pink underlay. The centerpiece was a reflected arrangement of crystal birds and a crystal ball on pink maline which caught the colors of the American flag on the wall above the table.

Arrangements of summer flowers carrying out the color scheme were used about the room.

Mrs. Nip Blackstone played the piano selections during the tea hours. About 45 guests were present, and a number of other friends sent gifts.

Mrs. Dudley's husband, Sgt. Dudley, is stationed in Tennessee with the U. S. Field Artillery.
