GIANTS TAKE DOUBLE BILL FROM OXON FOR TOP RUNG POSITION PERMIAN LEAGUE STANDINGS

Giants Come From Behind To Beat Champs

Coming from behind in both to snatch victory from defeat, Ozona's hustling 1935 runners-up in the Permian Basin championship marred the defending champions, Snipe Conley's Texon to the cellar position andelves mounted the top rung of the 1936 season's running in Permian loop with a twin victory over the Oilers here Saturday and Sunday.

While the Giants were sweeping the season opens here, the teams in the circuit, McCreary, Iraan, Wink and Crane did their double bills to leave

The Standings	W	L	PCT
Giants	2	0	1.000
McCreary	1	1	.500
Iraan	1	1	.500
Wink	1	1	.500
Crane	1	1	.500
Oilers	0	2	.000

Games This Week
Saturday and Sunday:
Ozona at Texon.
McCreary at Wink,
Iraan at Iraan.

High and dry on the top of the heap, Wink, infant of the Permian, nosed out the Crane lads Saturday but were smothered 11 in Sunday's tilt. Iraan redoubled things with an 18-5 victory Saturday after losing Saturday's encounter to the McCreary Gulfmen

Saturday's game here was an exciting affair, with the score one-all up to the final frame, when Dorley drew a pass, added on Weaver's single, and

Ozona Cafe Man Is 'Black Widow' Spider Victim

E. Rendall Recovering From Bite Of Poison Insect

E. Rendall, proprietor of the Lantern coffee shop, was an unwilling subject to a Black Widow spider "experiment" early Sunday morning.

Mr. Rendall is nursing a badly swollen finger as a result of the bite of one of these much discussed insects. He was asleep when the insect nabbed him on the finger. A severe itching sensation was the only immediate noticeable effect. A short time afterward, however, pain followed and continued more than 24 hours. A "handmade" specimen of the dangerous spider was killed in the bedroom. This is Mr. Rendall's second encounter with a Black Widow. He has bitten on the hand several times ago. In each instance he washed the flesh at the point of the bite and applied a strong antiseptic solution.

Giants Play House Of David Team Here At 4 O'Clock Today

Ozona baseball fans will have an opportunity to see the bewhiskered House of David baseball team in action on Powell Field diamond this afternoon when the famous long-haired players engage the Ozona Giants, Permian Basin league top-notchers, in an exhibition game here.

The game is scheduled to start at 4 o'clock this afternoon. One of the features of the game will be the famous "pepper game," an exhibition in clever handling of the baseball put on by a group of the "bearded fellows."

Mrs. Davidson Is Re-Elected Head Parent-Teachers

Other Officers Chosen At Session Of Group Here Tuesday

Mrs. Joe Davidson was re-elected president of the Ozona Parent Teacher Association Tuesday afternoon when the association met to elect new officers for the coming year.

Mrs. Vic Pierce was elected first vice-president, Mrs. S. M. Harvick, second vice-president; and Mrs. George Montgomery, third vice-president. Mrs. Hillery Phillips was named secretary and Mrs. Welton Bunger, treasurer. Mrs. W. N. Hannah will be the pianist for next year and Miss Elitabel Tilroy will direct the Mother Singers. Mrs. Ted White will be historian and Mrs. Ira Carson parliamentarian.

The nominating committee was composed of C. E. Nelson, Mrs. Paul Perner, Mrs. John Bowers, Mrs. Ray Dunlap and Mrs. C. J. Watts.

Mrs. Charles Williams gave a report of the Father-Son Banquet of the Boy Scouts sponsored by the association and Mrs. W. N. Hannah gave the school news. A letter to the association in congratulation of their success with the sponsorship of the local Scout troop was read from Bob Billington.

The treasurer reported \$21.66 balance on hand and reported that dishes had been purchased for the association and placed in the H. E. Department. The fourth grade was awarded the attendance picture.

HARLEY SADLER

Harley Sadler and his own company, America's largest traveling stock company, will open a three-day engagement in Ozona April 30 under auspices of the Ozona Baseball Club, the club to share in receipts of the show. On one of the three nights, Sadler and his company will present his Centennial year tour featured play, "The Fall of the Alamo," an elaborately staged spectacle, written by Mr. Sadler himself. The opening play will be "Merton of the Movies."

Rev. Foreman Speaks At Student Assembly

Meeting in the study hall, the student body of the Ozona High School was addressed by the Rev. A. D. Foreman, Jr., who is conducting a revival at the Ozona Baptist Church this week.

The Rev. I. V. Garrison, pastor of the local church, introduced the speaker who talked on San Jacinto Day and the things in life that really count. The speaker closed his talk with the first Psalm and Rev. Garrison dismissed the students with a prayer.

Surveying All New Deal Agencies

These three men, left to right, Dr. Luther H. Gulick of New York, Charles E. Merriam of Chicago and Louis Brownlow of Washington, D. C., have been named by President Roosevelt as a special committee of three which will survey the multitudinous New Deal agencies to ascertain which shall be scrapped, reduced or molded into the permanent framework of the government. Gulick was a director of the New York bureau of municipal research and of several similar bodies. Brownlow is a journalist and public administrator. Merriam is professor of political science at the University of Chicago.

Rev. Meredith To Preach Here Sun., Taylor To Uvalde

Ministers To Exchange Pulpits To Preach To Old Friends

Rev. J. H. Meredith, pastor of the Uvalde Methodist Church, and for eight consecutive years pastor of the Ozona Methodist Church, and Rev. R. A. Taylor, present pastor here and for three years pastor at Uvalde, will exchange pulpits next Sunday, visiting with and preaching to old friends again.

Rev. Meredith is scheduled to arrive in Ozona Saturday. He will preach at the morning hour Sunday and participate in the Epworth League programs Sunday evening. There will be no services at the church Sunday evening, however, on account of the revival meeting now in progress at the Baptist Church, Rev. Taylor announced.

Rev. Taylor left this morning for Kerrville, where he will spend the night, going to Uvalde by way of San Antonio Friday. He will attend district conference in Junction starting Tuesday and continuing until Wednesday noon. Others from the Ozona church who are expected to attend the Junction meeting are the elected delegates from Ozona church, W. R. Baggett, John R. Bailey and Dr. J. A. Fussell, and the ex-officio delegates, Paul Perner, chairman of the board of stewards, R. L. Flowers, Sunday School superintendent, and Mrs. Madden Read, president of the Missionary Society.

Language Topic Of Woman's Club Meet Tuesday Afternoon

"Free Speech and Plain Language," by Albert J. Nock, an Atlantic Panel program which was to have been the study topic at a meeting several weeks ago, will constitute the program topic at the regular meeting of the Ozona Woman's Club Tuesday afternoon at the home of Mrs. Ira Carson, with Mrs. I. G. Rape as assisting hostess.

The program will be directed by Mrs. Scott Peters, with Mrs. Joe Pierce, Mrs. Rape and Mrs. George Montgomery as helpers. A piano duet will be presented by Mrs. Vic Pierce and Mrs. Strick Harvick.

Definite decision will be reached at this meeting on the study course to be adopted by the club next year, and a full attendance of the club membership is requested.

Earl Langford, local plasterer, is critically ill here, suffering from an attack of pneumonia. Mr. Langford's parents former Ozona residents, are here from Ozark, Ark., to be with him during his illness.

Urges Connection To Sewer Before Materials Moved

WPA Supervisor Says Government To Re- claim Pipe

Crockett County stands to lose several thousand dollars in labor and material for extending its sewer system unless some action is taken at once toward making use of this material and available labor.

This is the statement of Bryan McDonald, WPA supervisor for Crockett County. A sufficient quantity of house connection pipe is allotted to Crockett County for extending the system to houses not yet connected. Mr. McDonald said, but unless the project is carried to conclusion within a short time, this material will be reclaimed by the government.

If there is any resident who contemplates connecting to the sewer system now or at a later date, or if there is a possibility of connecting at some future date, such persons are urged to communicate with Mr. McDonald at once before the available material is reclaimed by the government.

New Paramount Show Purchased By J. R. Kersey

Ozona Theatre Opera- tor Now Owner Of Both Show Houses

A deal whereby J. R. Kersey, veteran moving picture theatre operator in Ozona, became the owner of both of Ozona's movie houses, was completed early this week.

Mr. Kersey purchased the new Paramount Theatre from L. R. Scott, who has operated the show since last December. Mr. Kersey took immediate possession and has presented the week's program of pictures in the new house this week.

For the present, pictures will be shown each night in the new show building, the Ozona Theatre, located in Mr. Kersey's building, adjoining the postoffice, being closed except for possibly two nights a week when a show will be given for negroes and Mexicans. On special occasions, it may be used to take care of larger crowds than can be accommodated in the Palace, original name of the new show, which will be adopted for future use.

Dr. and Mrs. Gary Campbell, who have been here the past week visiting Dr. Campbell's uncle, Judge Charles E. Davidson, and family, left today for their home in California.

Colorful Pageant Is Presented By School Students

'Texas Thru The Ages' Elaborately Staged On School Lawn

Elaborately staged, skillfully executed and set on an outdoor stage where principal setting was a representation of outstanding events and places of historical interest in the development of Texas, the pageant, "Texas Thru The Ages," was presented by pupils of the Ozona schools on the school lawn Wednesday evening to a big crowd of interested citizens.

With an outdoor lighting system arranged through the cooperation of the West Texas Utilities Co., the pageant was colorful and beautiful, with beautiful costuming and historically correct portrayal of the high points in the development of Texas from the days of the aboriginal Indian through the French, Spanish and Mexican occupation of the territory, the successful fight for freedom from Mexico, the state's participation in the Southern rebellion and final acceptance of the state into the Union of the United States.

Forming the background for the presentation was a replica of the Alamo, Texas shrine of liberty, done on cardboard. This "set," some 18 feet long and ten feet high, was the work of Guinn Caruthers, manual training teacher in the high school.

The pageant was presented under the direction of Misses Norene Allison and Myra Bishop, with the entire faculty and student body assisting.

Candidate

H. L. WINFIELD

H. L. Winfield, Fort Stockton rancher and oil man, who is a candidate for the State Senate from the 29th Senatorial District which includes Crockett County, and Mrs. Winfield spent last night in Ozona. While here Mr. Winfield contacted voters and furthered his campaign for the Senatorial post.

Poster Contest Winners Chosen In Junior High

In the poster contest for Junior High School and sponsored by the Ozona Woman's Club, winners were announced this week.

In the fifth grade, first place went to Bernice Green, second place to Billy Hannah and honorable mention to Eddie Cooke, Mary V. Graham and Helen Choate. Sixth grade winners were Leo Williams, first; and Bill Freitag, second. Honorable mention went to Bobbie Lemmons, Peggy Hardin, and Sybil Luther. Jean Drake was first place winner in the seventh grade, Jim Dudley was second place winner and those receiving honorable mention were Opal Oathout, Howard Lemmons and W. B. Robertson.

First and second place medals will be awarded and ribbons will go to those receiving honorable mention. Judges were Mrs. Joe Pierce, Miss Elizabeth Fussell, and Mrs. Johnnie Henderson.

WOOL THEFT INVESTIGATED BY OFFICERS

Lee Henderson Barn Is Raided And Quanti- tity Stolen

ARREST MEXICAN

Man Held Here For In- vestigation In Sale Of 71 Pounds

One arrest has been made and Sheriff W. S. Willis and special deputies employed in curbing livestock thefts in this county are investigating theft of a quantity of wool from the Lee Henderson ranch over the week-end.

One Mexican is being held in the county jail pending further investigation into the sale by the Mexican of 71 pounds of choice long wool. The Mexican claimed to have found the wool on the Barnhart road. He sold the wool, a number of clips of fine long wool, to another Mexican and the latter sold it to a local dealer.

Mr. Henderson reported the theft of a quantity of wool from his barn on the ranch early this week. County officers have issued a warning to wool buyers that the purchase of wool under questionable circumstances, or from persons who can not make satisfactory explanation of their possession of fleeces, may lay such purchaser liable to prosecution as an accomplice in the theft, should it be proven theft.

Valuable Book On Wool Tariffs Donated Library

W.W. West Contributes Unusual Volume To School Library

One of the most valuable of recent contributions to the Ozona High School library was made recently by Wayne West.

Mr. West contributed a volume of reprints of articles published over a period of the last 29 years relating to wool tariffs, wool labeling, weights and measures. The volume is edited by Samuel S. Dale, and contains about 175 reprints of leading articles on the subject of wool.

At present there are only 120 such volumes in the leading reference libraries of the country, and each is placed under a pledge that the books will not be circulated. Reprints used cover discussions of wool tariffs and revisions from 1908 to 1930, descriptions of the origin and development of the straight-line method of adjusting tariff rates, discussions of the wool goods labeling question, reform in the textile associations, livestock production, analysis of fibre, etc.

Select HE Girls Represent Ozona Schools At Rally

Five Local Students To Compete In State Meet In Angelo

Tryouts for the State Home Economics Rally to be held in San Angelo on April 23, 24 and 25 were held this week and winners were announced by Miss Ada Moss, instructor of home economics in the local schools.

In H. E. I., Ora Louise Cox will represent the school in the "Selection of Play Equipment." In H. E. II., Lillian Baggett will represent the school in the "Selection of Materials and Finishes for a Tailored Dress" and Allie Mae Armen-

THURSDAY, APRIL 23, 1936.

THAT OVERDONE ART

Waxahachie Light: A lot of lies were told in the World War. It stands to reason that a lot of lies will be told in the next one.

It will be recalled that in those days propaganda meant baldface falsifying in most instances. Little regard was held for the truth.

Some of the propaganda stories were shameful. Remember them?

Let's not forget the one about the little boys of French and Belgian parentage being torn from their mother's clutches and their arms being cut off so they couldn't shoulder arms against Germany.

Americans shuddered. Their hearts fairly ached.

At the close of the war a group of well-to-do people of this country, their feelings touched by these terrible stories, sent emissaries to France to find the maimed children with an idea of providing them with artificial hands.

Well, what happened? To make a long story short, the commission hunted for months, but not a single lad was found to have suffered such maiming at the hands of invaders.

So that burst that bubble, that big windy as it were.

When you consider how completely the press is dominated by militarists in some of the European and Asiatic countries, you may well guess at what will happen in the next war.

There will be plenty of blab about fiendish practices. It will be well for America to temper her judgment with the recollection of the hoax that was turned loose in the last one.

Pittsburg Gazette: We are guilty of doing some bad things in this country, but we should be very careful not to repeal business.

Mrs. Helen Taylor of Houston is expected to arrive this week-end for a visit with her mother, Mrs. W. H. Augustine, and members of the family.

Mrs. W. A. Kay left today for Sweetwater where she will attend a three-day conference of the Sixth District Parent-Teacher Association.

Mrs. Boyd Cox of Rankin and Mrs. Bob Murchison of Fort Stockton are here this week visiting their mother, Mrs. Mary Perner, and other relatives.

Oldsmobile Sales For March Highest In Company History

Oldsmobile retail sales in March were greater than for any month in the long history of the company. Oldsmobile production scheduled for April is the highest ever set up by the company.

Retail sales in the last 10 days of March were 26 per cent greater than Oldsmobile's best previous 10 day period. More than twice as many Oldsmobiles were sold at retail in March as in February.

These were the statements today of D. E. Ralston, Oldsmobile vice president and general sales manager.

"Oldsmobile dealers delivered 11.5 per cent more cars in March than in April of last year, the record month up to this time. March retail sales were 19 per cent above those of the same month in 1935.

"Sales for the first quarter set a new all time high, being 21 per cent greater than those of the first three months of 1935, the previous record.

"Because of the tremendous and growing demand for Oldsmobiles, the production schedule for this month has been stepped up 20 per cent over that of a year ago, when the month's output set a new high for Oldsmobile.

A SOUTHERN HEROINE

One of the unsung heroines of the rural South is described in the following brief biography found in the current Progressive Farmer.

They are burying this quiet Sunday afternoon a woman who some forty-odd years ago came to a little 50-acre hillside farm and a two-room log cabin within sight of here.

She reared a family of her own of 10 children, and also 13 orphans, and was started on a flock of orphaned grandchildren when she died. Whenever a family was broken up by death she managed to get her hands on the little children, and to feed and clothe them with her own.

One would have said that the little farm was hardly able to support her own family, much less any additions. Yet somehow it did. Time after time they faced the loss of their home, from doctor bills and hospital bills. Yet somehow they managed to pay out and start again. Today she leaves a neat little cottage free from debt.

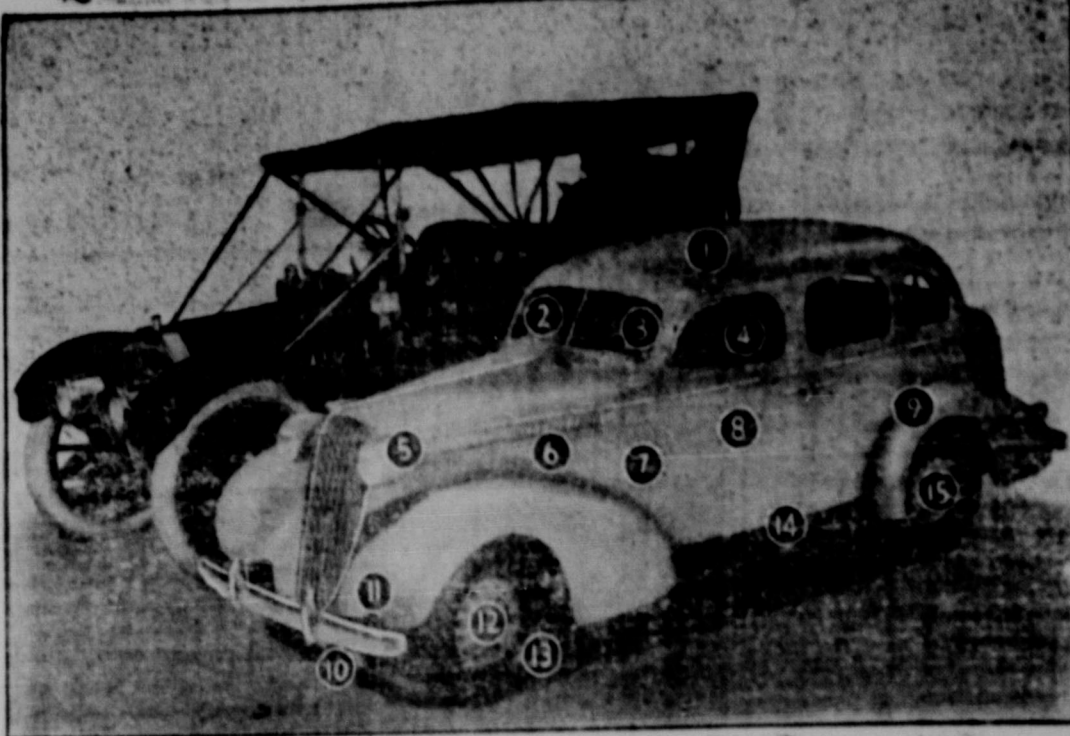

A woman of tremendous constitution, for a long time she carried the burdens of two or three families and seemed to thrive on it. The only reason she did not rear more children was because they were not within her reach. She played no favorites—they were all her children, her own or those of the community. She did not know that the things she did not the life she lived was one of heroic sacrifice, minus the sensationalism or display we usually associate with heroism. Nor did she care. But she knew an orphan when she saw one, and exactly what to do about it.

WHO GOT THE TAR?

Chief Clerk (to typist): "Miss Fairwon, I would suggest that you do not write letters to your fiancé during office hours. Smith, Jones Company write me that they have received notice of a shipment of love and kisses instead of the tar and axle grease they ordered."

Mrs. Henry Garden and young son, Ralph Hugh Garden, are here from Belton for a visit with her parents, Mr. and Mrs. Ralph Watson.

QUARTER CENTURY OF AUTOMOBILE SAFETY

A score of major improvements in motor car design reveal the progress made in safety by automobile manufacturers during the last 25 years, D. E. Ralston, Oldsmobile vice president and general sales manager, points out. Fifteen of the more important changes made in the interests of safety are illustrated in the above comparison of 1911 and 1936 model Oldsmobiles. 1—The solid-steel Turret-Top has replaced the fabric top. 2—Windshield wipers, unknown in 1911, now provide clear vision in bad weather. 3—Center-control steering has demonstrated its superiority over the less positive, harder handling type of steering system. 4—Safety Glass all around has replaced ordinary glass. 5—Multi-beam lighting provides maximum illumination for every driving condition, in contrast to the inadequate acetylene gas lamps of 1911. 6—Greater acceleration has given the 1936 Oldsmobile the additional flexibility needed to master modern emergencies. 7—The positive shift starter has replaced the hand crank, eliminating that hazardous task. 8—Closed car bodies of steel, giving protection all around to modern motorists, were undreamed of in 1911. 9—The ride stabilizer has minimized body roll, improved ease of handling and increased safety. 10—The turning radius has been greatly decreased. 11—Knee-Action wheels, with heavy coil springs, have replaced the flat leaf type, front springs, and have vastly improved comfort and ease of control. 12—Sixteen inch safety-steel wheels provide safety impossible with the early forty two inch wooden ones. 13—Low pressure tires, with safety-tread design, replacing the high pressure type, minimize skidding and blow-out dangers. 14—Lower center of gravity results in greater roadability and riding comfort. 15—Four wheel Super-Hydraulic brakes have supplanted the uncertain two wheel mechanical brakes.

SAVE US FROM OUR FOLLY

Marshall News: One cheering thing that is happening in Texas is that one city after another is voting against bond issues. And this is being done when the government is proposing to supplement the amount the cities will agree to tax themselves with generous free grants. But most cities that have accepted these free grants have found out that it's mighty expensive.

The government has so many rules and regulations about wages to be paid and hours to be worked and so many balls of red tape to unwind that instead of it being a free grant it adds more to the cost than the free grant amounts to. Yet it is remarkable how little interest the voters often take in these elections that pile burdens of debt for the taxpayers to liquidate.

At Waco a few days ago a bond issue of nearly half a million dollars was submitted to the voters. There were 3,547 persons qualified to vote but only 420 exercised that right. Now the people of Waco can howl about high taxes but they have no one to blame for the fact that \$242,000 of the bonds carried. Most of our taxes are because of our own folly, and the fear of being called an old fogey unless we vote for every bond issue that some fellow with an axe to grind proposes.

Some day we will realize we can't spend ourselves into prosperity and that the lesson learned through the bitter centuries that the way to prosperity lies along the way of thrift and saving.

Dallas News: The Dionne quint's Dr. Dafoe is about to publish a "Guidebook for Mothers." Our guess is that few mothers wish to be guided along the Dionne path.

WHY EDITORS ARE SUSPICIOUS

Stanford (Kan.) Courier: If the newspaper reporter isn't too enthusiastic when you say you have some news, there's a reason. He wants to know whether it actually is news or something else.

Many organizations, both national and local, ask newspapers if some news would be acceptable. The editor or reporter is always glad to get news and answers in the affirmative. Perhaps the first two or three offerings are real news, something of interest to readers, actual events or happenings.

But it isn't long until good old propaganda rears its head. The "news" turns out to be an exposition of the theories of the organization, a mild form of advertising to promote the aims and objects cleverly worded reasons why there should be more members. In many cases, the publicity is to help some one hold a job at a satisfactory salary.

Newspapers are usually generous in giving free publicity to worth while undertakings. But demands always far exceed what is reasonable. Many of those responsible for supplying the news either can not or will not distinguish between events and free publicity. They think in terms of putting over an idea instead of providing interesting information.

Anyone worth his salt around a newspaper office knows the readers soon tire of this stuff. A few who are particularly interested in a certain organization or undertaking may read it, but 99 per cent of the subscribers hardly give it a glance.

When the editor tries to do something about it, he takes a chance on incurring the ill will of a few persons. They are likely to think the newspaper unfriendly just because the paper wants more

MISS CHAPMAN PRESENTS PUPILS IN PIANO RECITAL

Miss Wayne Chapman will present her piano pupils in recital Monday evening, April 27, at 8 o'clock at the high school auditorium. The program will consist of solos and ensemble numbers. Special features will be selections by the pre-school rhythm band and "La Comparsa," an Afro-Cuban Carnival Procession, which will be played at five pianos by Mrs. H. B. Tandy, Mrs. V. I. Pierce, Mrs. Bryan McDonald, Miss Norene Allison, and Miss Wayne Chapman.

TO TEACHERS MEET

C. S. Denham, superintendent of school, and Miss Mildred North, teacher in the commercial department of the Ozona High School, left today for Alpine where they will attend a convention of the Trans-Pecos Teachers Association a division of the Texas State Teachers Association. The convention will last through the weekend. Accompanying the local teachers was Miss Mary Williams, who will compete in a regional typewriting contest at Alpine. Miss Williams won a place in the district typing contest at Fort Stockton recently.

news and less publicity and propaganda material. Consequently, editors and reporters are probably overly suspicious and like to find out what is offered comes within shooting distance of the correct definition of news before they grab it.

POLITICAL ANNOUNCEMENTS

The Stockman is authorized to announce the candidacy of the following for the offices mentioned subject to action of the Democratic primaries:

For Sheriff, Assessor and Collector of Taxes: W. S. WILLIS (Re-election) R. F. POWELL

Just recently read a glowing account by a modest Englishman on how he won the war. If those European yaps don't quit trying to hog the glory for winning the war, it's going to embarrass our veterans to a point where they won't accept their bonus money.—Sanderson Times.

They "Saved" the Bremerton Navy Yard

The motorized forces of Fort Lewis, Washington, were moved to Bremerton navy yard, a distance of 80 miles, in record time to repulse an attack by a mythical enemy. The photograph shows a portion of the four-mile long motorized unit on the road in the early morning hours.

Registration Of New Cars Shows Increase In Texas During Mar.

AUSTIN, April 22—A sharp increase occurred in new passenger car registrations during March over both the preceding month and the like month last year, according to the University of Texas Bureau of Business Research. Reports from twelve representative Texas counties show total sales of 5,373 cars, an increase of 34 per cent over February and 14 per cent over March, 1935. Sales for the first two months exceeded those of the corresponding period last year by 13.9 per cent.

It is again regarded as noteworthy that the gains over last year were confined to the intermediate and highest price brackets, the Bureau's report shows. Sales in the lowest price group showed a slight decline.

COLORFUL STAMPS ADVERTISE TEXAS

DALLAS, Tex., April 22—Thousands of pieces of mail, moving out of Texas, soon will carry gaily colored sticker-stamps to call the attention of friends and business associates of Texans outside of the state to Texas and its Centennial celebrations.

The stamps in sheet and booklet form, are being distributed by the department of publicity for Texas Centennial Celebrations, Dallas, as part of its work of advertising the state and the Centennial. They are available to anyone who asks for them and who will agree to use them on mail going to other states.

Say "I saw it in the Stockman."

Over \$24,000 Home Loans Made By HOLC To Home Owners Here

SAN ANTONIO, April 22—Home owners in Crockett County have received loans, for refinancing purposes, from the Home Owners' Loan Corporation, amounting to \$24,253, as of January 2, 1936, according to an announcement made by H. P. Drought, State Director of the National Emergency Council for Texas. This total represents 11 individual loans to home owners.

The total amount of loans closed in Texas by the Home Owners' Loan Corporation as of January 2, 1936, was \$101,823,418, representing 43,741 individual loans. Six hundred and fifty-nine applications were pending on the above date.

As of March 26, 1936, 1,000,749 loans, amounting to \$3,031,168,924 had been closed by the Home Owners' Loan Corporation throughout the United States. The average loan amounted to \$3,030. On March 26, 1936, 17,963 loan requests remained on file with the Corporation.

Two aristocratic looking gentlemen were discussing their family affairs one day. One was worried about the conduct of his son, saying: "I don't know what to do with him. He went out with a girl about a month ago and caught trench mouth from her."

"That's nothing. Likely to happen to any young man," said the other.

"But it is something. He gave it to our hired girl—and then I got it and gave it to my wife."

"Say! You'd better do something

about him. Good lord, maybe I've got it now!"

A scientist recently discovered a new planet. Instead of letting it go at that he amplifies by stating that a piece from the planet, big as your thumb would weigh 1000 tons. And we swallow it without gulping. But if our neighbor was to paint his yard fence, hang out a sign "Fresh Paint," not one in a hundred would believe it until they dabbed their fingers in it.—"Column Right," Sanderson Times.

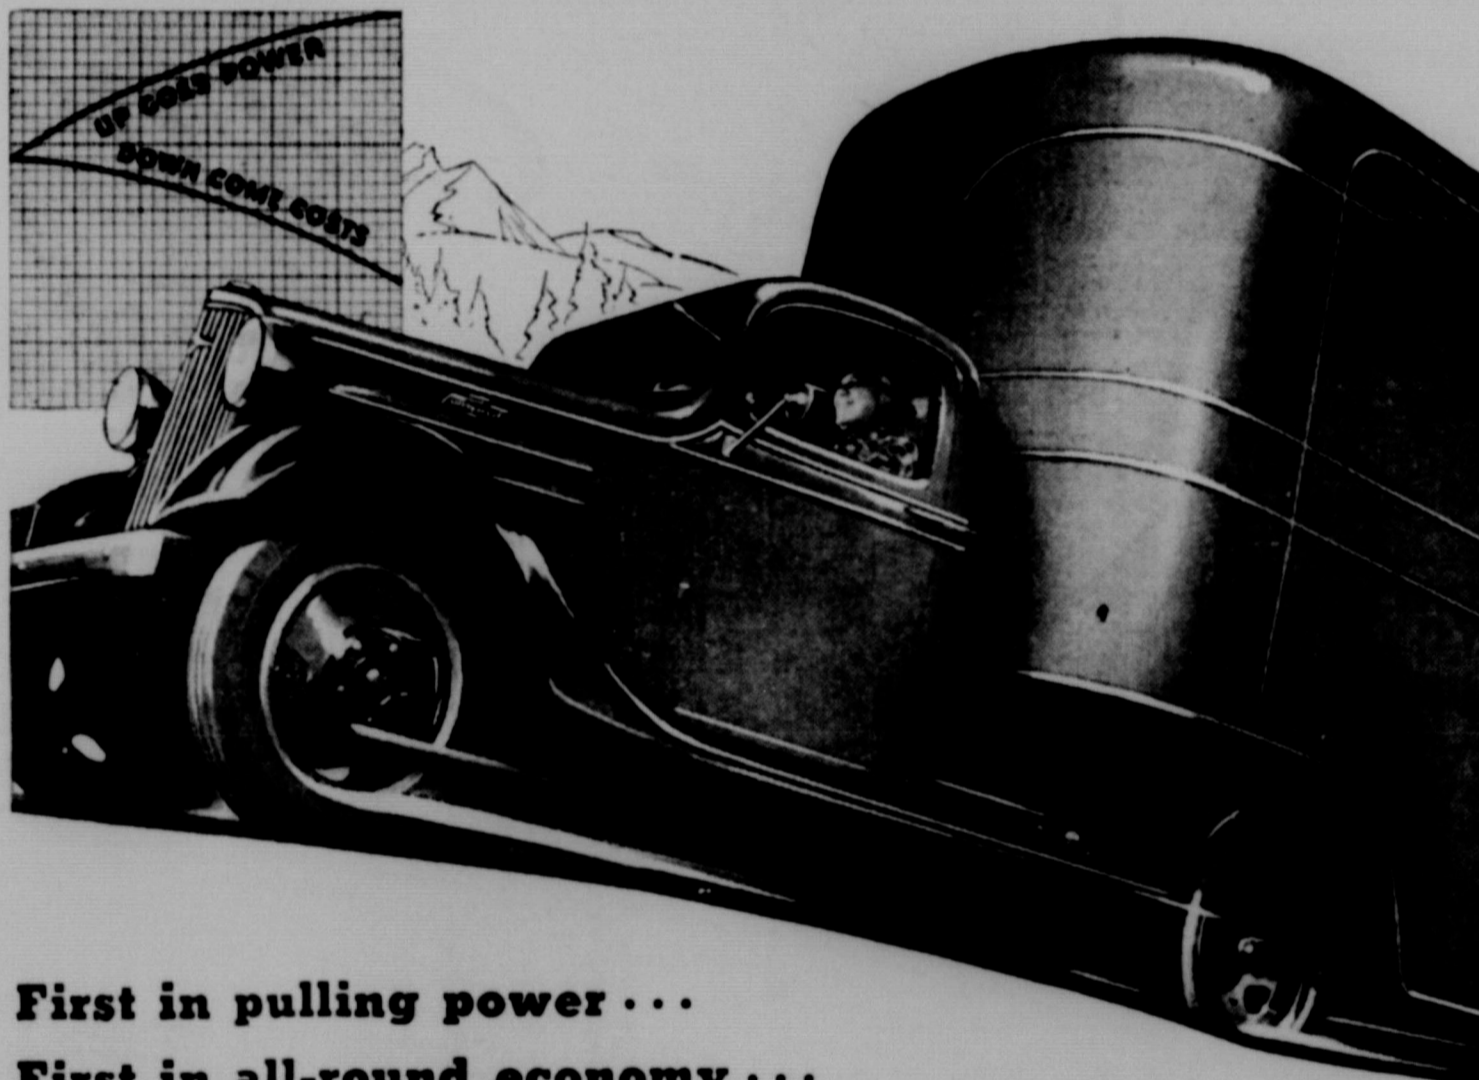

NOTICE TO THE PUBLIC

This is to notify the Public that any person hauling wood or entering O. B. Trap Co. for any purpose other than what it is used for will be prosecuted to full extent of the law and that all officers of Crockett County have been notified to this effect.

Also that this McCullum Trap is not a Community Horse Trap, and that any horses found there that do not belong to a member will be held until \$1 per head per day is paid.

First in pulling power ...
First in all-round economy ...
WORLD'S THRIFTIEST HIGH-POWERED TRUCKS

IN TRUCKS, it's pulling power that counts ... and the new Chevrolets for 1936 have the greatest pulling power of any trucks in the entire low-price range! Moreover, they give you this greater pulling power with the lowest gas and oil costs, lowest maintenance costs and maximum all-round economy!

They are the world's thriftiest high-powered trucks; and the whole secret of their extra pulling power, extra thrift, extra safety and dependability is the fact that they have a combination of features not found in any other low-priced truck.

These new Chevrolets alone have a High-Compression Valve-in-Head Six-Cylinder Engine, the most efficient engine built for all-round duty ... a Full-Floating Rear Axle of maximum ruggedness and reliability ... New Perfected Hydraulic Brakes, giving the quickest, safest, "straight line" stops ... and New Full-Trimmed De Luxe Cab for driver comfort, with clear-vision instrument panel for safe control.

See or phone your Chevrolet dealer for a thorough demonstration—today!

Texas Produces 18% U. S. Wool; 80% Of Mohair

State Is Highest Ranking In Union In Production Figures

Here are some very interesting figure-facts relative to the production of wool and mohair released by the State Department of Agriculture.

There was produced in the United States in 1934, 338,675,466 pounds of wool. The State of Texas produced 52,564,478 pounds of this, or approximately eighteen and one-quarter per cent of the nation's entire wool clip.

For the same year there was produced in the United States 12,818,512 pounds of mohair with Texas producing 10,348,853 pounds of this or approximately eighty per cent.

The West South Central section of the United States, which includes Texas, Arkansas, Oklahoma and Louisiana, is the largest mohair producing area; the production for this section for 1934 being 10,431,976 pounds.

The next largest producing area is the Mountain section which has a total production of 1,559,230 pounds with the State of Arizona ranking first with a total production of 709,977 pounds.

In the production of wool, the Mountain section, composed of the states of Montana, Idaho, Wyoming, Colorado, New Mexico, Arizona, Utah and Nevada, ranks first with a total production of 142,241,797 pounds. The state of Montana took the lead in that area with a production of 35,888,219 pounds for 1934.

The ten ranking states in the production of wool are:

Texas, 52,564,478; Montana, 35,884,219; Wyoming, 33,048,638; Utah, 29,314,317; Oregon, 18,236,724; Ohio, 17,889,238; Idaho, 17,185,346; California, 16,041,304; New Mexico, 12,597,415; Colorado, 12,176,912.

Number of goats and kids of all kinds in U. S. January 1, 1935, 4,093,441; in Texas, 2,368,763.

Number of sheep and lambs shorn in U. S. in 1934, 42,910,743; in Texas, 7,311,359.

Snake Bite Season Suggests Caution

AUSTIN, April 22.—Spring fever, that seasonal malady which accompanies the first warm days and early blossoms, has become more or less of an epidemic, Dr. John W. Brown, State Health Officer, reminds the citizens of Texas with some suggested precautions.

The most outstanding symptom of spring fever is the urge felt by both old and young to get out into the open as often as possible. While people are getting all the benefits possible from contact with Mother Nature, Dr. Brown urges the use of common sense precautions.

"Some of the glamour has been taken from the swimming hole by the modern pools," Dr. Brown said "but it is more than offset by the sanitation and safety devices which promote health and save lives. Swimming now can be learned by everyone, without the needless sacrifice of lives and without the constant threat of typhoid fever which is a hazard of every out of the way swimming place."

"With the first excursions into woods and fields in quest of wild flowers, everybody should remember that about 75 per cent of snake bites occur on the lower extremities. Snake bites could be prevented to a large extent by wearing boots or heavy leggings and being cautious."

"If one should be bitten by a rattlesnake, prompt action is necessary and a physician should be obtained as soon as possible. No time should be lost in removing the poison by suction. Apply a tourniquet above the wound and make cross-cut incisions over the fang marks. Suction should be applied for at least half an hour. The most dangerous fluid is farthest away from the wound; its absorption must be prevented as it is the source of the systemic poisoning. Release tourniquet every 10 or 15 minutes for about a minute at a time."

"Obtain the services of a physician at the earliest possible moment."

Tom Gilbert, one of Ozona's old-timers, is seriously ill at his home here this week.

MISS EXPOSITION

Betty York of Santa Monica, Calif., who, as winner of the Spring Bathing Beauty contest at the California Pacific International exposition at San Diego, was chosen as "Miss Exposition of 1935."

THIS WEEK IN TEXAS HISTORY

WEEK OF APRIL 19

(By T. S. College for Women)

1835—The legislature of Coahuila and Texas closed forever on April 21.

1836—The decisive battle of San Jacinto was fought April 21, and Santa Anna was taken prisoner. April 22 was the first real free day in Texas. Before that time her people had merely declared their independence.

1844—Former president Van Buren states in a letter that he regarded the annexation of Texas without the consent of Mexico dishonorable. The letter was published and cost his renomination for the presidency.

1882—An act was passed April 22 repealing all laws granting lands to persons for the construction of railroads, canals and ditches, and the policy of extending public aid to railway constructions came to an end.

GIANTS TAKE—

(Continued from page 1)

advanced to third on Stuart's sacrifice. Weaver going to second. Dorley scored the winning run when Meyer's grounder bounced off Haven's glove.

Buchanan Stars

Lefty Buchanan, Giant twirler, turned in a good day's work on the mound and at the plate. The visitors were able to connect for but five safeties off Buchanan's offerings. A double by Gardner, followed by McMillan's single in the first inning accounted for Texon's only score of the game. Buchanan drove in the score that knotted the count and put the Giants in position to win in the eleventh. The slack was taken up in the seventh inning when Meyer drove out a double. Buchanan's single pushed him across the plate to tie the score. It was Lefty's second hit of the afternoon. He was officially credited with only two but actually got three, the base umpire admittedly calling one screwy in the tenth when the left hander beat out a grounder cleanly. Buchanan, Meyers, and Lenz led the Giants in hitting, each getting two safeties. One each was gathered by Cox, Heatherly, Dorley and Weaver.

Sunday's game was another thrill-filled affair for local fans. This game again saw the Giants come from behind in the seventh inning, this time to push out in front with a lead that was never overcome. The Giants were trailing four to two to that eventful frame, with the Oilers hitting Soldier Al Crostwaite for the first time since the Randolph Field hurler has been on the Giant staff, and Wally Ritter, Texon ace, doing fairly well in holding the Giant batsmen until that seventh.

Meyers started the seventh-inning rally by rapping out a single. Frank Russell followed suit, Meyers going to third. Crostwaite was safe when Gardner dropped Barbee's throw to load the sacks. Ritter weakened and walked Lenz, scoring Meyers. Cox forced Russell at the plate, but Crostwaite scored when Flop Harris, who had relieved Ritter, momentarily juggled Heatherly's grounder, Heatherly being thrown out at first.

Dorley Drives In 2

With the score now tied, runners on second and third, Carl Dorley cracked out his second hit out of an official three times up to score the two runners for the necessary margin to win the ball game. Dorley was out stretching his hit to second trying to get in scoring position, with two already out.

The big soldier from San Antonio had warmed up by that time and after the sixth inning not a Texon runner dabbled a toe on first base to stay. Texon's lead-off combination of Brown, Gardner, Barbee and McMillan scored three of the four Texon runs, that combination scoring one run each time it came to bat save in the seventh inning. The other run was made by the tail-enders in the sixth.

The Giants had their batting eye trained in mid-season form, in the week-end series. They turned in eleven safe blows in Sunday's game off the offerings of Ritter and Harris. Lenz was credited with two singles, Dorley with two singles, Meyers with a double and

single. Crostwaite with two singles, Bob Weaver with a double and Stuart and Russell each a single.

Big Crowds Hear Rev. Foreman In Revival Services

Special Baptist Meeting Will Close Sunday Night

Splendid crowds are in attendance each service of the revival meeting now in progress at the Ozona Baptist Church, with Rev. A. D. Foreman, pastor of the First Baptist Church of San Angelo, doing the preaching.

Services are being held twice daily, short services each morning at 10 o'clock, and the regular evening service at 8:00. Two additions have been made to the church since the revival opened, each by letter. One confession of faith has also resulted from the special services.

Selected groups within the church organization are being assigned sponsorship of coming services. Ladies organizations have sponsored morning services during the first part of the week. Tonight's service is sponsored by all officers and teachers of the Sunday School and Friday night will be B.T.U. night. The meeting closes Sunday night.

Eighteen football boys of the Ozona High School went fishing on the Pecos River at Tarde Springs from Friday until Monday of the past week.

Guinn Carruthers and Coach Ted White accompanied the boys and in addition to fishing, the party explored caves in the vicinity.

45-Year-Old Copy Minutes of First School Board of Ozona Reveal Struggles of Pioneers Starting System

\$139.50 All Cash On Hand In School Fund But 6-Months Term Was Managed

If members of the present board of trustees of Ozona schools think they are having a hard time directing the affairs of a modern school system, with an annual maintenance fund of approximately \$30,000, consider the problems that faced the first school board in Crockett County.

With only \$139.50 in cash on hand, from the general school fund, the first board of trustees was faced with the problem of equipping a school, employing teachers and operating the school for a minimum period of six months. And they did it!

Details of establishment of Ozona's first school, in 1891, are given first hand in a copy of the complete minutes of the first school board uncovered recently in the office of Judge Charles E. Davidson, venerable Crockett County judge, who appointed the board and served as ex-officio county superintendent, as he now does. The minutes, transcribed by the late John Young, pioneer resident and former tax assessor of Crockett County, were found among records kept in Judge Davidson's office during recent renovations made in the building and

were clipped from the book and turned over to the school to be preserved in its museum.

Written in the flowing style of the period, the ink faded to the familiar brown hue of ancient documents, but still plainly legible, the minutes record the appointment of the first board, its orders for desks and other equipment to start the school, the employment of the first teacher, borrowing of money from the county to finance the school through the term, and end with a full accounting of the stewardship of the trio of trustees and the county judge and a notation instructing the secretary to turn over the minutes to their successors "with our sympathy". Inscribed and underlined in red ink at the bottom of the last page, below the Spencerian signatures of S. T. Smith, president of the board, and Secretary Young, are these words, "End of Minutes of the 1st Board of Trustees." And what a day's work that first board had done!

The minutes of the first board opened with a recording dated September 22, 1891. "Be it hereafter remembered that on this the 22nd day of Sept., 1891, that Chas. E. Davidson, County Judge, Crockett County, Texas, has appointed S. T. Smith, J. M. Sowell and John Young trustees Ozona School Dist. No. 1 and at a called session same day at the School House the following business was transacted," the minutes read.

"It is hereby ordered that we accept bid from Burlington School Furniture Co. for the following furniture for Ozona School House, delivered freight prepaid to San Angelo, Tex. Jewett Automatic Desks—10 size B Double, 10C Double, 10D Double, 10E Double; 1B Double rear, 1C Double rear, 1D Double rear, 1E Double rear, the former at \$4.25 (\$170), the latter at \$3.75 (\$15), making total of \$185. Interest to Mar. 1st, 1893, \$22, making total of \$207 for which we have this day given an order on County Treasurer of Crockett Co., Tex., to be paid Mar. 1, 1893. In the election for officers, S. T. Smith was elected president, J. M. Sowell treasurer and John Young, secy. There being no further business, the board adjourned subject to call of the president."

The minutes were signed by the president, S. T. Smith, father of Mrs. W. E. West and O. W. Smith of Ozona, and Mr. Young. The next recorded session of the board was October 3, 1891, a called session at the Sowell Hotel, all three members of the board being present. The big order of business on this occasion was recorded as follows:

"It is hereby ordered that Co. Judge Chas. E. Davidson be and he is hereby empowered to select a teacher for the Ozona School for a period of six months beginning Oct. 19, 1891, and to promise him \$75 per month provided he comply with his contract and do his whole duty as teacher according to law and said Chas. E. Davidson is instructed to secure A. A. Quinlin if possible, if not possible, to secure W. Zimmerman of McKinney, Tex., if he can and if he cannot get either of the above, then to do the best he can. Said Chas. E. Davidson is further ordered to secure lumber sufficient to ceil school house in Ozona, provided

he can get it at expense of E. M. Powell. He is also ordered to get blackboard paint if he can get it on 12 months time and if he cannot get it on time to do the best he can."

The 45-year-old minutes show the next meeting of the board on October 20, 1891, to ratify contract with A. A. Quinlin as teacher at a salary of \$75 a month, the first school in Ozona being then ordered to commence on "Wednesday, Oct. 21st, 1891, and it is further ordered that all pupils under 8 years of age shall pay tuition at the rate of one dollar per month and those over 16 two dollars per month, payable at the expiration of each month."

At the expiration of the first month of school, it was apparent that the school had grown to such an extent that another teacher was necessary. Consequently, the board met on November 21, and authorized employment of Mrs. Amy Ketchpaw as assistant teacher for a period of five months at a salary of \$35 per month. Things were evidently going smoothly with the new school and its two teachers until the limited funds were exhausted. The minutes record a session of the board at the office of the County Judge on Feb. 11, 1892, wherein it was stated the chief object of the meeting was to borrow \$500 from the County Commissioners Court of Crockett County. The loan was obtained thru co-operation of the commissioners and the school was "heeled" for the rest of the term as events proved.

On April 14, 1892, the board met in next to its final session. The schools had closed the day before and the minutes recited that all required reports of teachers had been made and ordered all unpaid salaries be paid to teachers. The monthly salaries paid the two teachers were listed on the minutes, the total expenditures for salaries that first year being \$619.75.

The final meeting of the board was held in the office of the county judge on June 30, 1892, when a final accounting was made and the duties of office relinquished by this pioneer board to its successors. "The collections made by J. M. Sowell, treasurer of this board, have all been expended for fuel, stove, etc.," the final minutes recited. The statement of accounts as spread on the minutes was as follows:

Oct. 1, 1891—By Cash, Gen. School fund—	\$139.50
Feb. 11, 1892—By cash borrowed from county—	\$500.00; total \$639.50
Total amt. pd. teachers	\$619.75
Cash to Boykin Hdw. Co.	15.30
Com. on \$139.50 to S. A. Sowell, treasurer	1.39
Total	\$636.44
Bal. with County treasurer	\$3.06

The minutes concluded with this statement:

"Whereas F. M. Drake, A. W. Mauldin and J. W. Friend have been elected and qualified as our successors in office, the secretary of this board is hereby instructed to turn over these minutes to them with our sympathy. There being no further business, the board adjourned, sine die.

S. T. Smith, Pres.
John Young, secretary.

Sa; "I saw it in the Stockman."

Mission Study Held By Girls Auxiliary

"Gospel Triumphs in Argentina and Chili" was the mission study book discussed by the G. A. of the local Baptist Church, Monday afternoon in their regular meeting.

Mrs. I. V. Garrison opened the meeting with prayer and also taught the lesson.

Those present were Mary Elizabeth Gray, Rozelle Pharr, Allene Cooke, Donita Stahl, Mary Frances Bean, Louise Bean, Vera McCaleb, Mrs. Garrison and Mrs. J. S. Whitley who closed the meeting with prayer.

SPEECH ARTS RECITAL

Mrs. Gerald Williams will present her pupils in a speech arts recital in the High School auditorium next Tuesday evening, starting at 8 o'clock. All persons interested are cordially invited to be present.

Mrs. Mary Ferner, who was ill several days last week, is able to be up and about again.

STOCKMAN OFFICE PLANNED IN GENERAL CLAS

The Stockman this week has the ranks of local business men that have been building on the Spring in new dress with the and interior renovations. The interior of the Stockman office has been completely refitted, wiring and lighting fixtures installed and equipment about to make an entirely new appearance and a more convenient arrangement. The work is still in progress but the entire job will be completed in the next few days.

Dr. and Mrs. F. T. McIntire, daughter, Joyce, visited here Sunday. They were here for the day in the home of Mrs. Wayne West.

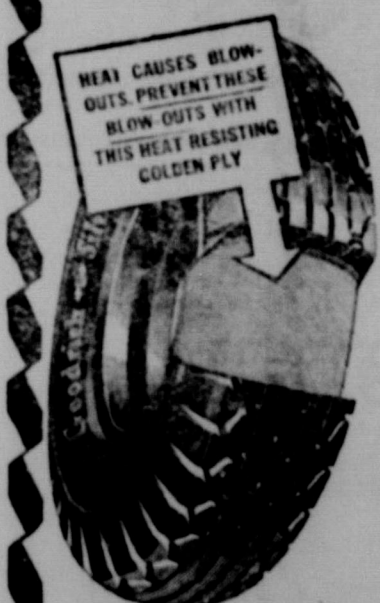

Afton Gilbert, son of Mr. and Mrs. Tom Gilbert, is here to visit with his parents during father's illness. Young Gilbert came here from Northern California, where he has been employed the last year with a prospecting surveying crew, formerly located in Ozona for a time.

WARNING!

WE'RE SPECIALISTS IN BLOW-OUT PROTECTION. THAT'S WHY WE SELL SILVERTOWNS—THE ONLY TIRE WITH THE LIFE-SAVER GOLDEN PLY

This Tire May Save Your Life

When you buy a tire, you're interested in three things—safety, mileage and price—and our business depends on being able to deliver merchandise that meets those requirements. That's why we sell Goodrich Golden Ply Silvertowns tires.

The Life-Saver Golden Ply is built into every Goodrich Silvertown to give you the protection you need from dangerous, high-speed blow-outs. The Silvertown tread is specially designed to resist "rain-slick" skids. All of the rubber that goes into every Silvertown is toughened by special processes to give you months of extra mileage.

And all of this extra safety and extra mileage is FREE because Silvertowns cost no more than other standard tires.

See us today and let us demonstrate how you can play safe with Silvertowns and save money in the bargain.

GIVE YOUR CAR A "MIRROR-LIKE" SHINE
Goodrich Wax-Prep Cleaner
Goodrich Lustre Wax

Goodrich Wax-Prep Cleaner, quickly, safely removes all weather film, grease, oil and dirt. Lustre Wax outlasts ordinary waxes with a protective high-lustre finish. Makes the old car look new.
