## MRS. INGHAM NAMED TO FILL UNEXPIRED TERM OF HUSBAND AS COUNTY COMMISSIONER

### Austin M. Buck, Pioneer Of Area, Is Buried Here

### Death Ends Long Illness For Retired Rancher Sunday

Death claimed another old timer of the West Texas livestock producing section Sunday afternoon when Austin Monroe Buck, 71, succumbed at the home of a daughter, Mrs. Roger Dudley, in Ozona following an extended illness.

Mr. Buck died at 3:45 Sunday afternoon. He had been ill for some time and hope for his recovery had been practically abandoned for a week.

Funeral services were held from the Dudley home at 2:45 Monday afternoon. Rev. R. A. Taylor, pastor of the Ozona Methodist Church, officiating. Graveside rites were conducted by the Ozona Masonic Lodge at 3 o'clock. Mr. Buck had been a member of the Masonic order for a number of years and held a lifetime membership in the local lodge.

Mr. Buck was born in Liberty county, Texas, January 8, 1865, a son of A. R. and Eliza Buck, who came to Texas before the war of independence. He was married at Coleman, Texas, on December 13, 1886, to Miss Nannie Brightman, daughter of another pioneer Texas family. To this union six children were born, four of whom survive.

Survivors include the widow, two sons, Pierce B. Buck of Shawnee, Okla., and Emmett A. Buck of Ozona, two daughters, Mrs. Roger Dudley of Ozona and Mrs. (Continued On Page 5)

### Grand Jury Finds Two Indictments In Brief Session

### Death Car Driver Is Charged; Mexican on Burglary Count

Two indictments were returned by the Crockett County grand jury, impeached Monday morning by Judge Joe G. Montague at the opening of the September term of the district court here. The jury completed its work before the end of the day and adjourned Monday afternoon.

L. C. Marshall, driver of the truck which is alleged to have crashed into and fatally injured Bruce Galyon on the highway east of Ozona, June 1, this year, was charged with negligent homicide in a bill returned by the investigators. Three men who occupied the truck with Marshall and who were held for the grand jury on charges of failing to stop and render aid, were not billed by the grand jury. Marshall was also charged in justice court with failing to stop and render aid.

Marshall was employed by the Texas Pipe Line Co., as were his three companions the night of the fatal crash. His home is in Electra. He is married and the father of five children.

Enrique Guterrez, Mexican, was charged with burglary and theft in the second indictment found by the jury. Guterrez is charged with burglary of the Roy Parker tailor shop and theft of a quantity of clothing.

Members of the grand jury were E. B. Baggett, W. R. Baggett, Hugh Childress, Jr., Charles E. Davidson, Jr., L. B. Cox, Charles Coates, Bill Hoover, Boyd Clayton, Jack Holt, Dock Lee, G. M. Couch, and John R. Bailey. E. B. Baggett was named foreman by the court.

### Widow Will Serve Until New Officers Go In Jan. 1

Mrs. Ben B. Ingham, widow of the pioneer Crockett County rancher and county commissioner, who died at his ranch home on the Pecos River Sunday evening from a heart attack, was appointed by the Commissioners Court of Crockett County to fill the unexpired term of her husband as Commissioner of Precinct No. 1, to become the first woman commissioner in the history of Crockett County.

Mrs. Ingham was named to the post held by her husband for the past several years, at a special session of the court here Tuesday afternoon. Mr. Ingham's term will expire at the end of this year and his widow will carry on the duties of his office until January 1.

Rob Miller, Democratic nominee for the office of Commissioner No. 1, which party nomination is tantamount to election in this state, will take over the duties of the office with the opening of the new year, Mrs. Ingham to serve in the three-months interim between now and that date.

### Crane Guffers Dump Ozona For Permian Title

### Giants Crippled By Injuries In Series Finals Sunday

Again Ozona drew a score of "close" in the struggle for the West Texas baseball championship. For the second consecutive year, the Giants of Ozona have gone into the championship playoff, only to poop out in the finals.

The rough-house gang of Manager Bob Osborn's Crane Guffers cinched the Permian Basin flag Sunday afternoon on the Crane sand flat, behind the shut-out pitching of Manager Osborn himself, and with the assistance of a few costly errors by the Giants and timely hits by the slugging Guffermen off Johnnie Lynum. The score was 4-0. The Crane sluggers touched Lynum for only six hits, while the Giants hit safely five times off Osborn's chunking.

The Guffers scored two in the third and two more in the fifth, errors starting the rally in each instance, and hitting in the clutch finished it.

The big bat of Carl Dorley pulled the Giants out of the mire Saturday and put them back in the running for the Permian championship. Finishing off the allotted nine innings, the two teams were tangled in an 8-8 tie. In the tenth, Lenz drew a walk. Cox was safe on a fielder's choice, Lenz being thrown out at second. Cox was hurt on the play, and Lynum went in to run for him. Heatherly was out and Dorley then slammed one of Rabb's fat ones high and far over the heads of the outfielders, already deep in the greasewoods, for a home run, scoring Lynum ahead of him and winning the only game the Giants were able to cop out of the four championship struggles.

The Guffers took the first two games of the play-off on the Ozona diamond the previous weekend and needed only one of the home series to clinch the pennant.

### FINDS OLD BAYONET

An ancient bayonet, found on the Massie West ranch, along the route of the Spanish trail and later stage line from San Antonio to El Paso, is on display at the Jones Saddlery. The ancient weapon was found recently by Wesley Berry, employed on the ranch.

### Moroccans With Spanish Rebels

This picture of four Moroccan soldiers gives an idea of the type of fighting men imported to Spain by the rebel commander, Gen. Francisco Franco, to aid in the bloody war on the loyalist government of President Azana.

### ASK DONATION CLOTHING FOR FLOOD VICTIMS

An appeal has been issued by the local Red Cross chapter for donation of clothing to go to relief of flood sufferers in San Angelo. Clothing for this cause may be left at Jones Saddlery and will be shipped as soon as sufficient quantity is accumulated.

### Miss Betty Lasley Appears In Concert Here Friday Night

Miss Betty Lasley, pianist, who was scheduled to present a concert here last Friday evening but was prevented because of floods, will appear for the scheduled concert in the High School auditorium tomorrow, Friday, evening. It was announced yesterday.

Miss Lasley is appearing under auspices of the Ozona Music Club.

### Survey Of Flood Damage Begun By Planning Board

### 15 to 20 Million Damage Estimated From Texas Streams

AUSTIN, Texas, Sept. 23—Although the flood waters of the Colorado, Concho and Guadalupe rivers are still tumbling down to the sea, an immediate survey of the flood damage has been launched by the Texas Planning Board's water resources committee. The survey is under the direction of C. S. Clark, chairman of the State Board of Water Engineers and planning board member.

A hurried survey of the flooded regions by the planning board discloses that property damage will run between \$15,000,000 and \$20,000,000. Thousands of head of livestock drowned as the raging waters of the three rivers tumbled over their banks and ran rampant over the lowlands. Hundreds of dwellings were torn from their foundations and hurled against the concrete bulwarks of highway and railroad bridges where they crumbled under the terrific pound ing of the swirling waters.

Meanwhile, Maj. E. A. Wood, director of the planning board, and Mr. Clark went to Washington to seek funds from the U. S. Geological Survey for the rehabilitation of gauging stations on these streams which had been discontinued before the record breaking rainfall which sent the rivers hurtling toward the Gulf.

Miss Dixie Davidson left the end of the week for a vacation trip to the Centennial celebrations.

### Lions Drop First Game Of Season To Iraan Braves 13-6

### Inexperience Of Locals Count Them Out Early In Contest

Bungled assignments on defensive plays early in the game accounted for the 13-6 defeat of Coach Ted White's Ozona Lions by the Iraan Braves on the Iraan field Saturday afternoon.

The Braves counted two touchdowns in the first half on flat zone passes, pass receivers being unguarded and having an open field for the goal marker. One was a 40-yard run and the other about ten yards.

Ozona's only score came in the second quarter when James Childress intercepted an Iraan pass and galloped about 40 yards for a touchdown.

The inexperience of most of the Lion squad showed up in this the opening game of the 1936 season. Coach White has an abundance of promising material but it will take several weeks to get the grid machine in smooth working order for a creditable showing against promised competition, due to the inexperience of most of the squad. The Lions held their own during the last half, solving and breaking up time after time the same plays that had scored earlier for the Braves. Defensively, the Lions looked good, but need more polishing to get offensive plays working.

### Second Stringers Beaten

The second string gridders got a tough work-out at the hands of the Iraan scrubs in the nightcap event at Iraan. The locals, raw (Continued on page 5)

### 2-Year-Sentence Given Mexican On Burglary Charge

### Enrique Guterrez Enters Guilty Plea Before Court

Enrique Guterrez, Mexican youth, drew a two-year sentence in the state penitentiary on his plea of guilty in district court here yesterday morning to an indictment charging him with burglary and theft.

Guterrez was charged with burglary of the Roy Parker tailor shop and theft of a quantity of clothing. He pleaded guilty before the court, Judge Joe G. Montague fixing sentence. The Mexican was indicted by the grand jury in session Monday.

### Driver Of Death Truck Gets Fine, 6 Months In Jail

### Marshall Convicted Of Negligent Homicide In Galyon Death

L. C. Marshall, indicted by a Crockett County grand jury Monday, was found guilty late yesterday afternoon by a jury in district court of a charge of negligent homicide in connection with the death June 1 of Bruce Galyon in an accident on the Ozona-Sonora road.

Marshall's penalty was fixed at a fine of \$400 and a term of six months in the county jail. The maximum penalty under the charge was a fine of \$1,000 and a term of one year in jail. The defense gave notice of appeal.

Marshall was the driver of a Texas Pipe Line Co. truck which struck Galyon in a bar pit along the highway about 15 miles east of Ozona, resulting in injuries from which he died a few hours later. Mr. Galyon, accompanied by Mrs. Galyon and Mr. and Mrs. Frank Wyatt, had stopped on the highway to repair a tire for Mrs. Ben Butler. The Galyon car was parked headed west in front of the Butler car, headed east, according to testimony in the trial, and the Galyon car lights were burning.

Marshall, accompanied by three men companions and one woman, wife of one of the men, was driving east from Ozona. Seeing the headlights and the parked car, the truck driver swerved to the right and into the bar pit. Galyon, who was standing in the bar pit, was struck by the onrushing truck and fatally hurt. The truck stopped a few miles down the road and then proceeded on to the Sewell Station where it was stopped and the occupants arrested.

Members of the jury passing judgment on Marshall were A. E. Deland, Earl Deland, Walter Kyle, Miller Robison, Harry J. Friend, Doug Kirby, Pink Beall, Stephen Perner, Ernest Dunlap, Joe Davidson, Hillery Phillips and Hugh Gray.

Court adjourned for the session after the opening this morning.

### EMERGENCY OPERATION

Ele Hagelstein, young Crockett County ranchman, was taken to San Angelo Saturday for an emergency operation for appendicitis. The operation was performed at a San Angelo hospital Saturday afternoon and at last reports the middle of this week, Mr. Hagelstein was doing well.

### Mertzon Pastor To Preach Here Sunday Morning

### Rev. McWhorter to Substitute For Taylor Methodist Church

Rev. J. D. McWhorter, pastor of the Methodist Church at Mertzon, will occupy the pulpit of the Ozona Methodist Church for the morning services next Sunday morning, it was announced Monday by Rev. R. A. Taylor, pastor, on the eve of his departure for San Antonio, where he is to become a member of the teaching staff at Westmoorland College.

Rev. McWhorter will deliver the sermon at the morning hour. There will be no church services in the evening. The Epworth League will meet at 7 p. m., however.

Rev. Taylor left Tuesday for San Antonio to take up his new duties. He will remain as nominal pastor of the local church until a new appointment is made at the West Texas Conference in November. He will return to hold services the last Sunday in the Conference year, November 1. In the meantime, the presiding elder and a committee from the church will select preachers for services

### HEART ATTACK IS FATAL TO BEN B. INGHAM

### Rancher, County Commissioner Succumbs At Ranch Home

### FUNERAL MONDAY

### Resident Of Crockett County Over Quarter Of Century

Shocking to the entire community and to his friends throughout West Texas was the sudden death of Ben B. Ingham, 57, long-time rancher and public official of Crockett County, at his ranch home on the Pecos River Sunday evening.

Funeral services for Mr. Ingham were held from the Methodist Church here Monday afternoon at 5 o'clock, with the Rev. Forest E. Dudley of Dallas, a brother of Mrs. Ingham, officiating. Rev. R. A. Taylor assisting. Arrangements were under the direction of Joe Oberkamp's funeral home. Burial followed in Cedar Hill cemetery with hundreds of friends from throughout the ranch sector of West Texas following the remains to the last resting place.

Death seized the pioneer rancher at 7:20 Sunday evening while he sat in an outdoor seat under a tree at his beautiful ranch home on the Pecos, a stream he loved through twenty years of ranching on its banks. Mr. Ingham, who had just reached the point where he was well on the way toward resuming a normal life after several years of misfortunes, starting with an X-Ray burn about six years ago, and continuing a few years ago with a broken leg which required several operations to repair, was apparently in good physical condition.

### Ozona To Raise Fund For Angelo Flood Sufferers

### Goal Of \$500 Expected To Be Reached By End Of Week

With a goal set at \$500, a drive was initiated here early this week, launched under the leadership of A. W. Jones as chairman of the Crockett County chapter of the American Red Cross, for a flood relief fund to be sent to benefit flood sufferers in San Angelo.

The goal was about half subscribed at last reports yesterday. The subscription list was placed in the hands of Paul Perner and Bascomb Cox and it was expected that the \$500 goal would be reached before the end of this week.

Announcement of the pending campaign was made in all churches of the city Sunday and a number of persons sent in voluntary subscriptions to swell the fund. The list of subscriptions was headed by the Ozona National Bank with a donation of \$100.

The money subscribed here will be forwarded to the Citizens Relief Committee at San Angelo to be added to the funds of around \$25,000 already subscribed in San Angelo and nearby towns. Hundreds of families made homeless by the unprecedented flood from the Concho Rivers are being cared for in soup lines while Red Cross and relief agencies are proceeding with rehabilitation programs. Enough subscriptions have been promised to swell the local fund to well over \$300 and committees at work in the solicitation report a liberal response on the part of citizens, many who subscribed earlier in the week before the \$500 goal was decided indicating their desire to raise their subscriptions.

STRANGE TO MINDS OF MEN

Perhaps it's not within our rights to find fault with the workings of the universe in which we live, but its baffling machination often beclouds our outlook and causes us to wonder what is the purpose of the great plan that takes such strange courses.

Too often, we think, in recent months, has the cold hand of death reached into our community and snatched away some beloved citizen. All must realize that the time awaits us all, but the time has been untimely for many of those who have been taken with such regularity from our midst of late, making it harder to give them up.

Death struck twice in one day in his latest visit, taking one who had lived a full and complete life, but nevertheless as fully missed, and another who had just reached the point in life where nearly a score of peaceful and comfortable years should have been his promise.

Death has cut down a beloved citizen who had battled with good cheer and uncommon fortitude, a series of adversities that had hounded him for a decade. Just when he had apparently won his long fight for a right to enjoy good health and a sound body, the grim reaper snuffed off the remaining measured draft and snuffed the candle. Another community builder, and pillar of community strength is gone and Ozona and Crockett County will sorely miss Ben Ingham, and will long remember him by his works.

IT MIGHT HAPPEN TO US

A grim reminder to residents of Ozona of what havoc that is wrought by floods is the littered area along the banks of the Concho River through the city of San Angelo.

The sight might remind one also that the same or worse situation might conceivably exist in Ozona were rains of similar proportions as those that fell on headwaters of the Conchos to fall on the water shed of the two draws that converge in Ozona. These draws present a constant menace to the very existence of Ozona, for it is entirely possible that such rains might fall in the area and it is also highly probable that were they to fall, the courthouse and a few houses on hillside or top of the hills would be all left standing in the town.

Flood and erosion control measures now being adopted by the government might well be applied to these gulches, with possibly a series of dams to hold back and spread the water, and result in the future salvation of the town of Ozona.

One of the tribe of high pressure salesmen selling advertising on menus for local eating houses is back in town stuffing pockets with the cash of merchants. These fellows work only in the small towns—they know the big town merchants have long since learned that menus are perused by hungry folk who are looking for something good to eat and not a place to buy rat traps.

Texas Downpours Worth Millions In Gains, Losses

Heavy downpours of rain which have swept West Texas during the past week have brought millions in benefits as well as losses. Ranchers gaze with pleasure on their revived ranges. Residents of San Angelo and other stricken towns roll up their sleeves and start rebuilding. Flood waters sweep downstream laying wide waste while those living on the banks of the Colorado seek high ground.

Cotton Drops With Cattle In Fair Demand

Trading in cotton through the principal markets of the country during the past week has seen a minor reduction in values but this action has been interpreted as hedging operations because small crops should normally bring prices back. Cattle trading has found a good demand for grassers and range stock, principally for winter and fall feeding in the middle west Ranges improving in the western part of Texas are expected to increase the supply of grassers and may result in minor price regressions.

Atlantic Coast Feels Effect Of Tropical Storm

A hurricane swept onto the Atlantic Coast recently, killed eight and injured hundreds, then swept out to sea. It is seldom that a tropical storm will strike as far north as this one did. Florida residents were said to have passed the word along that it is unsafe to live farther north.

Pennsylvania Police Accused Of Killing Man

Third degree methods are blamed for the death in Uniontown, Pa., of an innkeeper accused of killing a detective. The death of the detective was worth a small paragraph but the beating to death of the inn-keeper while helpless in the hands of the officers has brought about a nation-wide scandal.

Spokane Judge Defends Toy Guns As Playthings

Answering the claim of the American Congress of Parent-Teachers that toy guns are bad playthings for children, causing crime, Judge Joseph B. Lindsey, calls the claim "bunk." He says toy guns are as natural playthings for boys as dolls are for girls. The spirit of adventure, he says, should not be discouraged.

H. G. Wells Writes Obituary For Use 27 Years From Now

The great essayist, novelist and student, H. G. Wells has written his obituary in a humorous vein. Seventy years old, he says he will live to be 97. Newspapers couldn't wait that long so published his obituary in which he expresses great doubt whether he will be long remembered and refers to himself as "one of the most prolific literary hacks of that time." He referred to the turn of the century. He is now a movie director doing modern Jules Verne films for a British studio.

Ancient Fortress Scene Of History's Most Ruthless Siege

Spanish rebels entrenched in the ancient fortress of Alcatraz at Toledo, Spain, and their women and children, so far have withstood the most ruthless warfare in the history of modern man.

Dynamite blasts, sprays of flaming gasoline, bullets, bombs and shells have failed to move the rebels whose life is forfeit should they surrender. Should the rebels win, their heroism will be a national legend, but should they be defeated they will be merely rebels against a cause and their death acclaimed as a good deed. A lot depends on the way you look at anything.

Dionne Quints Prove a Problem For Movie Makers

A movie company taking the second of four scheduled pictures starring the Dionne Quintuplets has been forced to plan a \$50,000 sound stage at Callender so that

the children can be kept within range of the cameras. Movie men seem surprised that the youngsters are so active. Any mother of a large family could have told them what to expect with youngsters that age.

Pacific Shipping Preparing Plans For Long Strike

Difficulties between shipowners and employes along the Pacific Coast have come to a stage where a strike is expected soon that will tie up vessels plying the seven seas. To us in Texas this doesn't sound like it is of much importance but to Honolulu and other island places it has all the earmarks of a tragedy.

Lettuce Field Strike At Impasse During Negotiations

California lettuce fields have been torn by a strike involving several thousand pickers and packers. Armed guards patrol the district and a few strikebreakers work in barricaded sheds. In the meanwhile prices go up in the eastern markets and other lettuce growing sections profit. Efforts to negotiate have brought the trouble to a deadlock because the strikers don't want more money, merely a closed shop, which the growers refuse.

Atlantic Flyers Abandon Plane Amid Quarrels

They used to say if you want to know a man go camping with him. It seems that flying the Atlantic has the same effect. Harry Richman, crooner, and Dick Merrill, his pilot, have been in a continual squabble since their round trip across the Atlantic and now they've left their plane in the mud in Newfoundland. The same thing happened in the Levine-Chamberlain flight a few years ago. Perhaps the trouble was there wasn't any real joint purpose in the flight but personal publicity.

Clipper Ships To Take Passengers Beginning Oct. 21

The difference between purpose and lack of purpose is indicated by the Clipper ships flying the Pacific. Here the great white birds are flying regularly without fuss or furor and will start carrying passengers on scheduled trips Oct. 21. There can't be any squabbles on flights of this kind, because there is a job to be done.

Wild Boars Stage Life, Death Fight Lasting Week

Two wild boars on a ranch near Antlers, Okla., have been fighting for a week in rounds of about three minutes. More than 100 persons have watched the battle which, at last report was swinging in favor of the smaller, weighing about 400 pounds. Whatever the cause, the animals refuse to quit, except when one is seriously hurt he flees to a nearby mudhole and recuperates while his opponent waits for him.

Strike Halts Train Service In East Texas

Not all the comic characters are to be found in the funny papers.

Wiscasset's Ancient Fire Engine

One of the oldest fire engines in the United States is this one exhibited during the recent "open house" day at Wiscasset, Maine. Equipment for the fireman who manned the engine included "two leather buckets, two cotton bags, and a bed key." The latter article was used to dismantle old-fashioned beds so that they could be removed from the premises. The bags were used to hold small articles picked up in the burning house. The Wiscasset Fire society has been in existence since 1891.

Dead Sea Now Coming To Life

JESUSALEM—The Dead Sea, the strangest body of water in the world, is slowly coming to life again.

Lying 1,300 feet below the level of the Mediterranean, receiving an inflow of 6,600,000 tons of water daily from the River Jordan without an outlet, the sea has puzzled archaeologists and geologists for centuries.

Today, where once Sodom and Gomorrah stood, where David took refuge, where Herod fled when the Parthians captured Jerusalem in 42 B. C., modern science is taking out potash and bromide—and the Dead Sea area is alive with activity.

Once barren and thought useless, the sea's shoreline is now ringing with the sound of hammers as a new potash works, with a 30,000-ton capacity annually, has brought on a building boom.

Resorts put up by British capital, in and around the Dead Sea, are bringing thousands of visitors to the sea each winter, and homes and works building are springing up like mushrooms.

Great Britain is closely watching the potash processes, for the Dead Sea is her only source of potash and bromide in the empire—and it will come in handy if war sweeps Europe and the world again.

The process, though simple because of the natural function of the sea itself, is ticklish and is watched from beginning to end by three shifts of 430 laborers.

The brine is pumped from the bottom of the sea through wooden pipes into pans, which are arranged to allow a slow movement of the brine from one pan to the next. In the course of the flow the brine becomes more and more concentrated until common salt precipitates. The next step produces carnallite, or crude potash, which is shipped to refineries.

By contrast to ordinary ocean water, which contains from 4 to 5 per cent salts, the Dead Sea contains 25 per cent. No animal life is able to live in its water, and very little vegetable life.

The evaporation from the sea, its only outlet from the heavy inflow, causes strange-looking blue-white clouds to float overhead, giving it a fantastic sheen from a distance.

A city man crawled over a fence to find himself in a pasture with a vicious looking bull. "Hey, there," he called to the farmer, "is the bull safe?" "Well," replied the farmer, "he's a darn sight safer than you are."

New Charter Grants In Texas Up Slightly

AUSTIN, Texas, Sept. 23—New charters granted to Texas corporations during August were only slightly greater in number than those of the preceding month and the corresponding month last year, but the capitalization of these firms was sharply above both comparable periods, the University of Texas Bureau of Business Research has reported. The records of the office of Secretary of State show 132 new charters granted, against 131 in August last year and 128 in July. Contributing to the increase in total capitalization was the fact that there were four firms with capital of more than \$100,000 in August compared with only three in July and two in August last year, the Bureau pointed out.

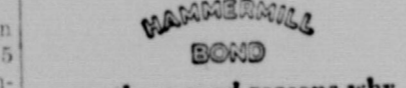

Groups showing an increase in the number of new charters granted were manufacturing, merchandising, and public service.

**Q.** Where is the largest dam of the Brazos improvement project to be erected? **E. F. B. Waco.**

**A.** At the Possum Kingdom site in Palo Pinto county. Twelve additional units are to be constructed on the Brazos and its tributaries.

**Q.** To what extent is popcorn grown in the Lower Rio Grande Valley? **E. D. Floresville.**

**A.** Newspapers report 5,000 acres in cultivation this year, producing a \$100,000 crop, with the corn bringing two to three cents a pound.

**Q.** Why wasn't the city of Mexia's name changed? As I remember Gen. Mexia was a member of Santa Anna's army and an enemy of Texas. **J. H. Q. Jewett.**

**A.** Mexia was not named for Gen. Jose Antonio Mexia, but for Gen. Enrique Mexia, who owned a large body of land upon which the city was built.

**Q.** For what is tung oil used, where and from what is it produced? **G. F., Longview.**

**A.** Most of it is used in the paint and varnish industry and in the manufacture of printing inks. The supply coming largely from China. There is now an experimental tungtree orchard in Angelina county.

**Q.** Who is now the Chief of the Indian tribes in Livingston county? **R. W., Guyon.**

**A.** Bronson Cooper Sylestine, whose Indian name is Ti-ca-i-che, a nephew of former Chief Sunsee, who died in October, 1935, and a grandson of Chief Co-la-he, the Alabama chieftain in 1836. He was installed as chief January 1, 1936 in a formal and impressive ceremony in which many Texans participated.

**Q.** What is the oldest Texas hotel in continuous operation? **B. B., Pearl.**

**A.** Probably the Excelsior Hotel at Jefferson, built in the late 50's (exact date not known). It was first called the 'Irvine House,' is still operated and is noted for its antique furnishings.

**Q.** Please sketch briefly the career of Robert Potter. **H. S., Jefferson.**

**A.** Robert Potter was born in North Carolina in 1200; served in U. S. Navy 1815-1817; member N. C. legislature and of Congress from N. C.; settled at Nacogdoches in 1835; member of constitutional convention of 1836; ad interim Secretary of Texas Navy; member of Fifth and Sixth Congresses of Republic; later located at "Potters Point" overlooking Caddo Lake, 25 miles northeast of Jefferson; was shot when diving into lake to escape feudists, March 3, 1843; buried at Potter's Point, and remains removed to Austin State Cemetery a few years ago.

**Q.** How much of Longhorn Cavern is open for visitors? **E. F. W., Houston.**

**A.** About three miles is open daily to visitors, the trip requiring about two and a half hours. Several more miles have been explored and await development. There is a good highway leading to it.

**Q.** Where is "Five Oaks Ranch" and when was it settled? **M. J., Oakville.**

**A.** In Nueces Canyon between Uvalde and Rock Springs, named because five huge trees stood in the front yard; believed to have been settled about 1847, the date of the land patent, and judging from the cabin of hewn logs put together with wooden pegs and strongly resembling the Sam Houston home built about that time at Huntsville.

**Q.** For whom was Willacy county named? **G. D., Liberty.**

**A.** For Hon. John G. Willacy, of San Antonio, who was born in

CURIOSITY MAY COST HER LIFE

This picture is a graphic reminder to parents—for many a tragedy has resulted in the home when a curious child explored the contents of a bottle "just to see what it tasted like." In its new accident prevention campaign the American Red Cross urges that all poisons be plainly marked and put out of the reach of children. This is merely one of a long list of home accident hazards which cost 21,500 lives in 1935.

Kentucky, Nov. 10, 1859, served in the Texas House and Senate from 1900 to 1916, and was honored by the Legislature in naming the county for him in 1910. He was afterward State Tax Commissioner

**Q.** What was England's attitude toward annexation of Texas by the United States? **E. B., Galveston.**

**A.** England opposed annexation and endeavored to induce France to join with it and Mexico "in deprecating all interference on the part of the United States in the affairs of Texas, or the adoption of any measure leading to the destruction of the separate existence" of the Republic of Texas. This active interest created a feeling that England had designs for the acquisition of Texas and became an issue in the presidential campaign and contributed to the defeat of Henry Clay.

**Q.** How was Caddo Lake formed? **E. P., Longview.**

**A.** An Indian tradition is that it was formed overnight, in 1812, by some kind of volcanic eruption in which many Indians lost their lives. It is fed by the waters of Cypress creek, a tributary of Red River.

**Q.** When and how was the Pilgrim Baptist Church, near Elkhart, established? **R. Y., Mansfield, La.**

**A.** When Rev. Daniel Parker came to Texas on a prospecting tour and learned that Mexican authorities frowned upon the organization of Protestant churches in Texas, he returned to Palestine, Ill., organized the Pilgrim Primitive Baptist church there, composed of colonists moving to Texas with him in 1833, and located his colony and church at Pilgrim. Other members of the church and Parker family settled a little later at Fort Parker, now in Limestone county.

**Q.** Why was a Centennial marker placed near Sarita, Kenedy county? **R. R., Robstown.**

**A.** The inscription explains: "Under this tree Gen Zachary Taylor, commanding the Expeditionary Army of the United States, sent to Texas in 1845, encamped March 15, 1846, while en route with troops from Corpus Christi to the Rio Grande."

**Q.** Who actively represented England in opposition to annexation and in what way? **E. B., Galveston.**

**A.** Capt. Charles Elliot, of the British Navy, came to Texas for that purpose, arriving August 23, 1843, urged Mexican recognition of

Texas independence and offered to cooperate with France in guaranteeing independence and the boundaries between Texas and Mexico. Even after the passage of the annexation resolution by the United States, he and Count de Saligny, the French representative in Texas, induced President Anson Jones to agree not to accept annexation for 90 days to allow him time to obtain recognition of Texas independence from Mexico in the hope of thus thwarting annexation.

**Q.** What is the official song of Texas and how was it adopted? **E. E., Abilene.**

**A.** "Texas Our Texas," composed by Gladys Yoakum Wright and W. J. Marsh, is the State song. In 1924 Gov. Pat M. Neff invited open competition for an official song. Final choice was made by a committee of musicians in 1929, and the song was accepted formally by the Legislature in 1930.

**Q.** Which State leads in honey production? **A. H., Cotulla.**

**A.** For three years California has led Texas, but producers say that Texas will regain the lead this year, due to the great abundance of nectar-producing blossoms in Southwest Texas last spring.

**Q.** When and how was the "silver bell" acquired by the Methodist Church at Jefferson? **B. N., Atlanta.**

**A.** The bell, still in the church belfry, bears an 1858 date. It is said that 1500 Mexican silver dollars, principally given by one citizen, F. A. Schluter, were melted down and cast in the bell by a New York foundry to give it a silvery tone.

**Q.** Are Texas horned toads all of the same color? **E. E., Owensboro, Ky.**

**A.** There are some eight or ten body colors, principally chocolate, light gray, and gold, with varying spots.

**Q.** What three Texas Towns have names of the same meaning, but in different languages? **G. G., Georgetown.**

**A.** Sweetwater, Nolan county, (English); Agua Dulce, Nueces county, (Spanish); and Mobeetie, Wheeler county, (Indian).

**Q.** When did the lumber industry in Texas begin on a commercial scale? **L. L., Lake Charles, La.**

**A.** In 1836, when the first machinery-operated saw mill was established on Adams Bayou, 6 miles north of the present city of Orange by Robert B. Booth, the mill having 1,500 feet daily capacity. It was not until 1841, however, that the first steam sawmill was started at Turner's ferry, where it was operated until 1847, when, because of a disastrous flood, it was moved to Green's Bluff, now Orange.

**IS IT REALLY ART?**  
After more than twenty years of agitation Port Chester, N. Y., has the model of a Spanish-American war memorial for inspection, and is all wrought up over the question of whether or not the 11-foot clay model executed by Sculptor Kari Pavany-Ilava is art. Inelegantly nicknamed "The Slob" by one faction, it is staunchly defended by another which wants to get away from the "glorification" of the soldier, and wants to show him as a fighting man, not as a "well-dressed dude." Here is the model.

SUNDAY SCHOOL CLASS CHICKEN DINNER GUESTS

Mrs. Albert Kay entertained members of the Rainbow Class the Baptist Sunday school with chicken dinner at her ranch the last of the week. Guests included Misses Jeanetta Willis, Imogene Baker, Adelia Willis, Lela Phillips, Clara Mae Dunlap, Otho and Beatrice Chapman, Berta Kay, Adele Galyon, J. Garrison, and Willena Wyatt, W. S. Willis, Mrs. Gertrude Perry and Joe Perry.

Passengers in the smoking compartment on my train were arguing about why railroad business is picking up.

A factory owner said it was because of this new Free pick-up-and-delivery of less than carload freight. This is door-to-door service with no extra charge added to the freight bill.

A traveling salesman said it was because so many passenger and freight trains now run on faster schedules.

There was a school principal in the group and he said it was because train travel is so much cheaper for passengers. He said passenger fares are at the lowest point in history, with substantial reductions if you buy a round-trip ticket—and no more surcharge for riding in sleeping cars.

One man, a farmer, said he liked something he could depend on, that's why he was traveling by train.

Another man, a newspaper reporter, said people were in favor of railroad travel because it is by far the safest. He quoted a lot of statistics from a book called, "Live and Let Live."

A banker we all know by name said railroad tax payments mean a lot in this state.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

### A. M. Buck—

(Continued from Page 1)

Billy Stewardson of Fort Stockton seven grandchildren and one great grandchild.  
When Mr. Buck was a small child, his family moved to Refugio County and in 1879 moved to Coleman county where they engaged in ranching. Mr. Buck was identified with the ranch industry from that time on, operating a ranch in Terrell County in recent years.

Mr. Buck was one of the few remaining real pioneers of the West when it was an exclusive cattle country. When he was but a lad of eleven years, he started work for the old D & O H Cattle Co. and worked for them nearly ten years, building up a stake in livestock and savings enough to go into the business for himself. He went "up the trail" with cattle herds on a number of occasions, being one of the crew of cowboys who took the largest herd ever to trek north from Beaver Lake, 15,000 head.

In 1895 Mr. Buck came to Crockett County, ranching north of Ozona. He remained there until 1926, when he moved to Terrell County.

### P. T. A. EXECUTIVES ENTERTAIN WITH "42"

Members of the executive board of the Ozona Parent-Teacher Association entertained with a "back-to-school" forty-two party Friday evening in the Hotel Ozona ballroom. ### Construction Starts On Memorial Museum

AUSTIN, Sept. 23—The erection of a permanent museum on the campus of the University of Texas came one step nearer last week when construction on the Texas Memorial Museum got underway. The imposing edifice will house many of the precious relics of Texas and will stand as a tribute to the history-makers of the Lone Star State.

Through a legislative appropriation of \$225,000 and a congressional allocation of \$300,000 from the federal government the Texas Memorial Museum fund was established. The federal government also authorized the minting and sale of 1,500,000 fifty-cent pieces to be sold at a minimum of one dollar. The profits of these sales, now being conducted by students of the University of Texas, are going into the building fund.

### SPECIAL SERVICES AT BAPTIST CHURCH

Sunday is Promotion Day in Sunday School and a Special Program is in store for all Sunday School members and friends. Come!

Sunday is the first day in our Enlistment Revival. The pastor will preach on "Some Good Promotions" at the morning hour and on "Our Church Covenant" at the evening hour. Services will be held each evening during the week with special features each evening.

We extend the most cordial and urgent invitation to all of our members, neighbors, and friends to attend everyone of the Special Services you possibly can. We need the presence, prayers, and helpful services of all. We want you. Come!

Ira V. Garrison, Pastor.

### Department Store Sales Up 16.8 Pct. Over August, 1935

AUSTIN, Texas, Sept. 23—Dollar sales of Texas department stores during August showed substantial gains over the corresponding month last year and a moderate seasonal increase over the preceding month, the University of Texas Bureau of Business Research has announced.

Reports from 87 representative Texas establishments indicate an increase in sales of 16.8 per cent over August, 1935, and 7.6 per cent over July of the current year. Sales for the year to date were 16.1 per cent greater than for the like period last year.

Cities having gains in sales above the State average in comparison both with August a year ago and the first eight months of the year included Abilene, Corsicana, Dallas, Lubbock and San Antonio.

Announcement of the award date will be made in the near future. Beeler Brown, in charge of the contest announced.

### INGHAM—

(Continued from page 1)

Mr. Ingham asked his daughter, Mrs. Bill Littleton, to prepare supper. She went in the house to prepare the meal and sent their three-year old daughter, Sue, into the yard to call her grandfather to supper. The child reported to its mother that "granddaddy won't talk to me" and an investigation by the children revealed their father dead. Death had come quietly and swiftly, the body reclining as if in sleep.

Mr. Ingham had been identified with the ranching industry in this section for more than a quarter century. He was born in Dallas, September 27, 1878, death ending his career just seven days short of his 58th birthday. He was the son of O. J. and Eliza Strader Ingham, natives of New York and among the earliest pioneers to come to this state.

Educated in the public schools of Buffalo Gap, Ben Ingham turned his interest to ranching early in life, working on the ranch of an uncle, Andy Young, in Pecos County a few years. He spent nine years in early life working on the old J. M. ranch, one of the largest cattle spreads of the West. He went into the business for himself in 1907 when he leased a ranch near Ozona, nine years later buying the 23-section ranch on the Pecos which he operated until his death.

### Married in 1906

Mr. Ingham married Miss Frankie Dudley in Ozona on September 18, 1906. Mrs. Ingham is a daughter of Elam Dudley, another Crockett County pioneer. Surviving are the widow and six children, four daughters, Mrs. Alvin Harrell, Mrs. Bill Littleton, Mrs. Bill Conklin and Miss Betty Jane Ingham, and two sons, Ben E. Ingham, Jr., and David Dudley Ingham, all of Ozona, two brothers, Harry Ingham of Stratford, Texas, and Andy Ingham of Texhoma, Okla., two sisters, Mrs. Will Gee of Covington, Texas, and Mrs. Alie Dickson of Littlefield, Texas, and four grandchildren. Among out-of-town relatives here for the funeral were Mrs. Ingham's father,

er, Elam Dudley of Godley, Texas, her sister, Miss Linora Dudley of Fort Worth, her brother and sister-in-law, Rev. and Mrs. Forest E. Dudley of Dallas, and Mr. Ingham's aunt, Mrs. Alice Young and son, A. E. Young of Burkett, Texas.

Mr. Ingham had found time in his busy life to serve his community in various ways. He served as county commissioner for nearly thirty years, was for many years inspector for the Livestock Sanitary Commission, a member of various livestock producer organizations, a Mason and a leader in civic affairs.

### CARD OF THANKS

To our friends of Ozona and all West Texas:

Words seem futile in an attempt to express our appreciation for the many thoughtful acts and expressions of kindness, the sympathetic telegrams and the beautiful flowers on the occasion of the death of our husband and father. It would be more satisfying were it possible for us to see each one of you personally and thank you, but since this is not possible, we hope all of you will understand the depth of feeling with which we offer in this manner our sincere gratitude.  
The Inghams.

Mr. and Mrs. Hugh Childress, Jr., left Monday for Dallas and Ft. Worth for a visit to the Centennial celebrations.

## Busy School Days Ahead!

The greatest aid to progress of the school child is a typewriter available for "home work" and practice writing. It not only speeds up completion of the required work but will actually raise grade averages in most instances. A typewriter will also encourage the pupil to do more than assigned work simply because he enjoys writing on the typewriter and thus will broaden his education.

### Jeffersonian Democrats Declare Stand They Will Make In Coming Presidential Election

#### Texas Democrats Will Support Landon At the Polls In November

With a full realization that our country faces a political crisis transcending all partisan interests, we Democrats of Texas now pledge our best services to the Nation upon a non-partisan basis. We reassert our belief in the Constitution, in the rights of the States, and in the Jeffersonian principle. Believing thus, we must condemn the Roosevelt Administration.

The issue before the American people today is not Roosevelt versus Landon; nor is it the Republican Party versus the Democratic Party. The issue here is the same as that which rocks the rest of the world, and that issue is regimentation versus freedom and democracy. We are confronted with a change in our form of government from a Democracy, in which the government is the servant of the people, to a Socialistic and Communistic state in which the individual becomes the servant of the state and loses all personal freedom and all property rights.

We charge that Mr. Roosevelt is not a Democrat and never has been in sympathy with the principles of the Democratic party.

We charge that Mr. Roosevelt has aided and abetted the aims of the Socialists and Communists, and has set up a board of advisers known as the "brain trust," which is largely made up of red radicals not in sympathy with our form of government.

We charge that few members of this "brain trust" have ever been connected with the Democratic party prior to the nomination of Mr. Roosevelt for President.

We charge that the key positions in the numerous bureaus set up by Mr. Roosevelt are now held by radical appointees selected for the most part by Felix Frankfurter, known throughout the country for his red radical activities.

We charge that the radicals, whether they call themselves socialists or communists, now have the nation by the throat, thanks being due Mr. and Mrs. Roosevelt, Miss Perkins (a married woman following the Russian system of not taking her husband's name), Felix Frankfurter, Rex Tugwell, and others.

We charge that all New Deal acts such as NRA, AAA, and others in which business, farmers, and the rest of us were to be regimented and directed by some bureaucrat are the brain children of radicals, one of whom is Tugwell. We will prove to you before November 3rd, by quoting Mr. Tugwell himself, that he is as red or redder than Stalin, the Russian dictator.

We charge that Mr. Roosevelt has shown no interest in the 1932 platform of the Democratic party except to repeal prohibition.

We charge that most of the New Deal bills he forced through Congress were specifically called for in the 1932 Communist and Socialist platforms. We will prove this to you before November 3rd by showing you word for word the platform of these parties and showing you how the New Deal acts met the demand of these platforms.

We charge that when Mr. Roosevelt insisted on having all relief and PWA money given to him to use at his discretion it was for the purpose of getting control of Congress, by denying any Congressman money-spending projects in his district if he voted against the President's bills.

We charge that Jim Farley, the Tammany politician and ex-prize fight commissioner, expended this money in building up a political machine to Tammanize the United States, and has succeeded in doing so to an extent that it is as vicious as it is in New York City.

We charge that the Nation cannot survive the continuation of the present, flagrant, wasteful spending far beyond its income. Mr. Roosevelt expects to continue it. Our national debt is now more than \$35,000,000,000, or approximately \$1,500 for the average family. The interest charges of 2 1/2% upon this debt amount to \$880,000,000.

The President's program of soaking the rich by increasing the taxes on all income above \$50,000 does not provide enough money to pay even the interest charges on this debt. If the entire income of this group were confiscated, it would just pay the interest charges, which as shown by the United States Treasury Department figures for 1934, was \$890,336,207. The New Dealers have put the mill-stone of debt around the necks of our children and our grandchildren. We believe these debts are being piled up for the purpose of bankrupting the Nation to forward the plans of the Communists and Socialists.

We charge that the most active bureau in Washington today is that of propaganda, through which millions of dollars of taxpayer's money is spent to misinform him and sing praises of the New Deal.

We charge that Mr. Roosevelt is wholly un dependable. His record is one of broken promises. The Nation and business cannot go forward when it cannot rely on the statements of the President.

We claim that Landon and Knox are the only national nominees defending the time-honored principles of Democracy. The most important plank in their platform is that in defense of State's rights to prevent the centralization of power in Washington, where some organized minority can seize control of our government.

We claim that we are going to carry this state against Roosevelt. The normal Republican vote is about 150,000. Add to this 50,000 Republicans who ordinarily do not vote because they feel that it is useless. Add to this 150,000 Democrats who will not vote for Roosevelt under any circumstances. You know your own community is full of this kind of Democrats. Add to this 150,000 Democrats who will gladly join us if they think there is any use to vote against him. This alone will mean the election against Roosevelt, but add to this thousands more who will vote against Roosevelt when they are shown the fallacies and frauds of the New Deal. We Democrats are not going to let the New Dealers and Tammany Jim put any collars around our necks. A Texas voter is never a yellow dog unless he is a politician.

We want you to step out on the firing line with us. Are you willing to help us in the distribution of our literature, or in getting money to forward this work? We have a large number of organizations throughout Texas. We want one in every town.

#### Luncheon Opens Season Program Of Woman's Club

#### Travelogue & English Usage Form Year's Study Program

Initiating the season's activities, the Ozona Woman's Club held its opening program and luncheon at the Hotel Ozona Tuesday noon, with nine members and two guests present.

The Centennial year motif was used in place cards and the luncheon table was decorated with dahlias. Mrs. Evert White was toastmaster for the occasion.

Mrs. Neal Hannah and Joe Haddon, guest artists, entertained with musical numbers, Mrs. Hannah presenting a piano selection and Mr. Haddon a violin number, Mrs. Hannah accompanying.

The club woman's collect was exemplified in drama when it was read and dramatized in a playlet presented by Mrs. George Bean, club president, Mrs. Ira Carson and Mrs. C. E. Nelson.

The club has a two-part study program outlined for the year, a travelogue and a course in English usage, both of which will be studied at each meeting through the season. The next meeting of the group will be on October 13, when the Riviera Into Italy will be the topic of study. Presenting parts on this topic will be Mrs. A. C. Hoover and Mrs. I. G. Rape. Mrs. Joe Pierce will sing. The English lesson will be presented by the president, Mrs. Bean.

Present for Tuesday's luncheon were Mrs. Bean, Mrs. Lee Childress, Mrs. A. C. Hoover, Mrs. P.

T. Robison, Mrs. Tip Smith, A. E. Deland, Mrs. Ira Carson, C. E. Nelson, Mrs. Evert White, Mrs. Neal Hannah and J. Haddon.

Miss Annie Lee, daughter and Mrs. Pat Lee, Crockett ranch couple, is attending business college in Del Rio, but resume her work there last week. Mrs. Lee has ordered The man sent to her daughter the coming year.

### That Extra Touch In Service That Satisfies

Just selling merchandise from a place of business is not enough to satisfy the modern buyer of necessities. Just being in business is not all that is demanded of the modern merchant.

In addition, there must be that certain something—a personal interest, if you please. It's a personal interest that prompts us to give you free delivery service any time of the day. It is a personal interest that leads us to go on personal shopping tours of the market centers of San Antonio to bring you the choicest eatables the market offers. It is personal interest that prompts us to hire home folks and pay them decent wages.

By personal interest we mean an interest in the complete satisfaction of our customers. And if ever there is a shred of justice in any complaint that reaches us, we have yet to fail to make every effort to bring complete satisfaction. That's why we say and our customers say
