Mandalay Taken As Japs Advance

BIG SPRING WEEK

BY JOE PICKLE

If it is anything like as splendid as it was last year, you will be making a mistake to miss the piano ensemble program at the city auditorium this evening.

While on this subject of music week, it might be noted that Bill Dawes is to pat 1,400 children through a series of songs in their All-Victory Sing at the city auditorium which leaves no room to seat spectators.

If you aren't familiar with sugar rationing procedure by now, we suggest you make a thorough study of plans announced in this issue.

Comes an announcement from Washington that no well is to be abandoned until maximum recovery is effected.

Right now tire applications on file are three times the quotas given Howard county for June.

Last week the city commission took under advisement the matter of a local health unit, chiefly because the state department of health has offered us a building contingent upon formation of such a unit.

Big Spring is getting up in the "literary" world here of late. Tuesday a book written by Curtis K. Bishop, former Big Spring man, will be issued by Steck Co. of Austin.

Results from rat poisoning in the rural sections have been spotted, according to reports, but in Big Spring it has been rather successful.

Trinity Keep On Threatening

LUFKIN, May 2 (AP)—J. E. Nabers, highway department engineer, tonight advised persons living in the Trinity river bottomlands near Riverside to get out immediately in view of rapidly rising water.

Surprise Blackout

CHARLESTON, S. C., May 2 (AP)—Charleston had an unscheduled blackout tonight at 11 o'clock. The city was plunged into darkness quickly, about 30 minutes earlier the coast guard asked Charleston radio stations to broadcast an alert.

There was no official explanation.

Virtually All Burma Taken As Japanese Drive Nearer China

LONDON, May 2 (AP)—Mandalay, the Pagoda-crowned city made famous by a song, was claimed today by the invading Japanese army, which apparently was driving ever-widening wedges between the British and Chinese defenders of the fragment of Burma which remains in allied hands.

Lashio, the terminus of the famous Burma Road to China 135 miles northeast of Mandalay, was captured from the Chinese on Wednesday in a push which now has carried the invaders north of Hsenwi, only 45 miles from the border of China.

A Chungking communique said the Japanese had been repulsed with heavy casualties at an undisclosed point north of Hsenwi. Today imperial headquarters in Tokyo, in one of its rare communique on the long months of bitter battle in Burma, claimed that Mandalay was taken from the British yesterday and that the occupying forces had destroyed all the city's vital military establishments.

While the allies did not acknowledge the loss, informed quarters said the metropolis of upper Burma probably soon would fall if it had not already done so.

A British communique from New Delhi, India, made the plight of the allies gloomily evident. It said all British troops on the Mandalay front were being withdrawn "from a position north of the Irrawaddy."

The British also announced defensive destruction of road and rail bridges across the tributary Myingye river and that two spans of the famous Ava bridge had been demolished.

Allies Wreck Jap Ships And Planes

ALLIED HEADQUARTERS, Australia, Sunday, May 3 (AP)—Allied planes scored a direct hit on a Japanese transport, damaged another, capsized a tender, destroyed six Japanese planes and damaged six more in fierce new action over New Britain and New Guinea yesterday, General MacArthur's headquarters announced today.

It was announced further that three Japanese flying boats were destroyed at Salamaua, on the northeast New Guinea coast, last Thursday.

Ickes Rejects Texas Request For Oil Flow

WASHINGTON, May 2 (AP)—Petroleum Coordinator Harold Ickes today rejected a request of the Texas railroad commission that the state's May petroleum production be increased from 960,000 to 1,500,000 barrels daily.

Ickes said such a boost would work "in direct opposition to the best interests of the war program."

Commissioners Jerry Sadler and Olin Culberson balked yesterday at Ickes request for the lower production figure, saying it was a starvation allowance and would not even supply local needs.

Publishers Face A Charge Of Sedition

KANSAS CITY, Kas., May 2 (AP)—A father and son—publishers of a Wichita, Kas., weekly newspaper—were indicted today by a federal grand jury on a charge of sedition.

The indictment accused Elmer J. Garner, 70, and his son, James, 45, with acts "tending to discourage the recruiting for the enlistment service of the United States and to cause insubordination, disloyalty and mutiny in the armed forces."

Biddle Gets Lashing From Sen. Wheeler

Senator Criticizes Attorney General For Muzzling Arnold

WASHINGTON, May 2 (AP)—Attorney General Biddle's refusal to permit Thurman Arnold, head of the justice department anti-trust division, to testify before a house committee on a bill involving quittions of alleged labor "racketeering" was characterized by Senator Wheeler (D-Mont) today as an infringement on the right of free speech.

In scathing tones, Wheeler told reporters that never in a long career as chairman of the senate interstate commerce committee and head of numerous special investigating committees had he encountered such an attitude on the part of a cabinet officer as Biddle had taken in the present case.

"I don't believe that any cabinet officer ought to stifle the personal views of any of his men," Wheeler added. "I do not think that freedom of speech should be denied to a government employee any more than it should be denied to anyone else."

Biddle's ruling was made known yesterday by Chairman Hobbs (D-Ala.) of a house judiciary subcommittee before which the bill is pending. Hobbs made public a letter from Biddle in which the attorney general said he would prefer not to have Arnold appear before the subcommittee since the bill involved controversial issues and was not a departmental measure.

The bill would outlaw interference with interstate commerce by threats of violence or coercion and is admittedly aimed, among other things, at the practice by unions in some cities of demanding that truckers hire union men to unload cargoes.

In recent testimony before the committee on another bill to require federal registration of labor unions, Arnold charged that organized labor was guilty in some instances of coercive and restrictive practices damaging to other elements of the national economy.

The Montana senator said he looked upon Biddle's ruling as a part of what he described as a "policy of muzzling" which he said was being followed by the government.

French Hold General Who Eluded Nazis

NEW YORK, May 2 (AP)—General Henri Honoré Giraud, the elusive French officer whom Germany captured but couldn't hold in two wars, was reported in custody near Vichy tonight, the center of an argument between Vichy and the Germans over his return to the Nazis after his last spectacular escape from Koenigsberg fortress.

First reports from highly reliable European informants said he actually had been handed over to the Germans during the day but later he was returned to detention near Vichy with his future inconceivable doubt.

The Germans, who offered a 100,000-mark reward for his capture before he made his way to unoccupied France by way of Switzerland, were said to be exerting considerable pressure in discussions under way at Vichy to regain their former captive.

Go To Nearest Elementary School -- Sign-Up For Sugar Cards Begins Everywhere Monday

John G. Public and family will find out this week about wartime rationing.

On Monday and Tuesday -- when all city elementary schools will be closed--registration of all individual consumers of sugar, from birth to the oldest, will be effected here. For those who cannot register on those days, facilities for registration will be maintained between the hours of 8 p. m. to 4 p. m. on Wednesday and Thursday.

21 Dead, Missing After Tornadoes

By The Associated Press Tornadoes lashed viciously at portions of three states late yesterday, leaving 21 persons dead or missing, many others injured, scores of homes demolished or damaged and much other property damaged.

Northeastern Oklahoma suffered heaviest, but eastern Kansas and central Illinois also felt the terrifying effects of the capricious twisters.

1,000 Scouts To Congregate In Big Spring

Possibly 1,000 Boy Scouts and their leaders will congregare here this weekend for the annual Round Up, major event of the Buffalo Trail council.

Council officials at Sweetwater said they were anticipating a record event, and Dr. W. E. Hardy, heading up local arrangements, was preparing on that basis.

Site of the big camping and contest tourney will be the same as for the past several years in the city park extension. Climax, as usual, will be a barbecue dinner Saturday furnished by friends of scouting in Big Spring.

Festivities start at 4 p. m. Friday with assignment of camping sites for the individual troops of the 16-county area, and prospects are that there will be more than three score troops represented this year.

1,819 Wet, 1,602 Dry Votes Cast

Margin Narrower Than In Last Of County's 7 Elections

Legalized sale of alcoholic beverages continues in effect in Howard county, by decree of the voters who went to the polls in a local option election Saturday to return a "wet" majority of 217.

The complete, unofficial count from all 14 of the county's precincts was 1,819 wet; 1,602 dry.

Thus, advocates of legalized sale had chalked up their sixth victory in seven contests on the issue since national repeal. The tabulated vote total of 3,421 was above the aggregate of 3,196 recorded in the November, 1940 referendum—and the wet forces had their margin reduced. In the last election they had a 508 majority.

The story in Saturday's voting was the same as in the past: Big Spring—plus Vincent—versus the rural boxes. All five precincts representing the city's balloting ran up wet majorities, while the rural boxes were overwhelmingly dry.

The city's wet majority was 564, as against 712 in 1940, and the total vote in these boxes also was up about 65. While the total wet vote Saturday was substantially the same as that in the last election—1,819 as compared with 1,832, the drys picked up from 1,344 in 1940 to 1,602 Saturday.

Table with 3 columns: No. Box, Dry, Wet. Lists precincts like Big Spring, Vincent, etc. with their respective wet and dry vote counts.

Musical Comedy In Color Is Current Feature At The Ritz

Betty Grable, Vic Mature, Jack Oakie A Co-Starred

Take Betty Grable's blonde loveliness, Vic Mature's appeal, Jack Oakie's inimitable brand of humor and set them in Technicolor against a background of South Sea romance and heaps of tip-top music, and you have the kind of screen entertainment to be found in 30th Century-Fox's "Song of the Islands," which is at the Ritz theatre today and Monday.

Assisting in the romantic doings are such stalwarts as Thomas Mitchell tangling cinematically with George Barbier; Billy Gilbert, in the hilarious role of an erstwhile cannibal; Elie Hattis, major exponent of Hula "jive"; and Harry Owens and His Royal Hawaiians, ace interpreters of island music.

The story is fraught with romantic possibilities and paced for grand fun. You can be sure that Miss Grable and Mr. Mature make the most of their opportunities.

The plot tells the story of Vic's arrival on a Polynesian island to run his father's cattle ranch with the assistance of Jack Oakie. Betty's father, played by Thomas Mitchell, has been feuding with Vic's father, George Barbier, for years over the right to use Mitchell's property for the shipment of cattle. Mitchell refuses to have the island "spoiled" by so-called modern improvements.

Vic and Betty fall in love, of course, but Barbier arrives on the island to start high-pressureing Mitchell again. The resulting altercation breaks up Vic and Betty's romance. But the kids don't give up without a fight. How the situation is finally resolved is something you must see!

You'll roar at Jack Oakie's antics with sundry love-sick maidens, and for eye-filling entertainment there's nothing like Betty Grable and her cohorts doing their Hula dances under the tropical moon. Vic Mature again proves himself heaven's gift to the matinee idol trade by turning in a great romantic performance.

The tunes, written by Mack Gordon and Harry Owens, have what it takes for your hit parade, and their interpretation by Harry Owens and His Royal Hawaiians will have plenty of moviegoers longing for the grass skirt. Walter Lang turned in an unusually smart directorial job from a script fashioned by Joseph Breen, Robert Pirosh, Robert Ellis and Helen Logan.

1,302 Aliens Put In Prisons In US

WASHINGTON, May 2 (AP)—Attorney General Biddle announced today that 1,302 aliens have been ordered interned for the duration of the war.

This represents more than half of the 2,545 who have been arrested as possibly dangerous and given hearings. Of the remainder, 875 have been paroled and 371 have been released outright.

By nationalities, the Japanese showed the highest percentage of internment—633 or about 47 per cent of the 1,302 individuals interned. Biddle ordered internment for 556 Germans and 113 Italians.

Year-Around School Operation Studied

AUSTIN, May 2 (AP)—The state department of education is studying the advisability of year-around operation of public schools, a proposal made recently by J. W. Studebaker, U.S. commissioner of education.

State Superintendent L. A. Woods said the plan had been under consideration for several weeks and information from all sections of the state was being analyzed in order to obtain a composite picture of possibilities.

Famed Story—One of Jack London's notable novels, "The Adventures of Martin Eden," has been put into celluloid, and the picture shows as the Sunday-Monday feature at the Ritz theatre. Glenn Ford and Evelyn Keyes have the principal roles in this story about life's greatest adventurer.

Burma Battle—As timely as today's headlines is the Queen theatre's feature for today and Monday, an adventure romance which has for its background the efforts to supply China via the Burma Road. Laraine Day, Barry Nelson and Keye Luke have major roles in the picture, titled "A Yank On The Burma Road."

Reader Believes Investing Tenth Of Incomes In Bonds Is Small Request

To the Editor: Until December 7, 1941 the people of the United States had a country that gave you every luxury, everything a person could ask for—DEMOCRACY. We had a wonderful time—go, do and say whatever we wanted.

Who was responsible? Our forefathers. The men and women who strived, worked, fought and died so this country could be as it is now. December 7, 1941 is the time when grown people of the United States should resolve:

I lived and enjoyed a wonderful life and now I put that behind me and will sacrifice everything, as my forefathers did, so this country will remain a free country for my children and my children's children; and they can be as proud of me for my sacrifice as I am of my father and his father.

A soldier is making \$21 a month, working sometimes 24 hours a day—that is their duty in this war. Now we, the citizens of our beloved country, are working 40 hours a week, making a good salary and the Government, the lead-

ers of our country, has asked—not requested—that every working man buy or loan—not give—to his Government 10 per cent of his salary to the war effort.

Your boys, friends, citizens and pals are now at the front fighting our enemy, an enemy who is trying to enslave everyone of us to work for nothing, and yet we won't loan 10 per cent of our salary to the Government to equip our boys with guns, tanks and planes to protect us. It doesn't make sense.

I think the Government is too light on us to ask for only 10 per cent but that is all they want and yet they can't get it.

Everyone is looking and asking: "What can I do? What is my duty? How can I help?" The answer is simple and easy. Do without some of the luxuries that you now have and buy and buy bonds and stamps. Do this until it skims your pocketbook to the bone; for if you don't, our odds are greater of losing the one thing our forefathers fought and died for—Freedom.

JACK Y. SMITH.

Many Patriots Give Uncle Sam Cash

WASHINGTON, May 2 (AP)—Some patriotic Americans haven't been buying war bonds and stamps, Secretary Morgenthau disclosed today—they've been giving Uncle Sam the money.

He reported that during April the treasury received \$65,151 in gifts for the war front. These came from 2,401 donors, the largest for any month since such contributions began rolling in after the fall of France.

French Train Wreck Kills 50 Germans

NEW YORK, May 2 (AP)—Between 40 and 50 Germans have been killed in another train wreck in occupied France, reliable reports reaching New York said tonight.

German authorities immediately made sharp reprisals and arrested a large number of hostages, according to these reports. The wreck, it was reported, occurred near Rouen, the scene of a wreck only a week ago.

'Martin Eden' Based On Jack London Novel

Alive with the power and sweep of a mighty adventure, Columbia's "Adventures of Martin Eden" is the feature for today and Monday at the Lyric theatre. Based upon Jack London's thrill-teasing novel, world famous as his greatest, the new film is said by Hollywood to be as lusty, as brawling, hot-blooded and human as anything ever screened, a motion picture stirring as a storm at sea, tempestuous as a tropic hurricane.

Story of a two-fisted fighter whose indomitable spirit could not be tamed, whose crashing fists had made him feared from Tahiti to Singapore, from Frisco to Cadix, "Adventures of Martin Eden" has won unqualified praise for its moving, magnificent excitement. Martin Eden, in the London masterpiece, is a brawler turned poet, who courageously, unflinchingly faces death so that his words may destroy brutality and injustice and the land may be as clean as the oceans he loves.

A young star who has appeared to brilliant advantage in half a dozen fine films, Glenn Ford's performance in the title role is said to make him the first major contender for 1942 acting honors. Similarly fine performances have been turned in, according to report, by Claire Trevor, waterfront girl who joins with Martin Eden in his fight against oppression; Evelyn Keyes, beautiful society girl whose becoming smile cannot soften a man hardened by the pounding fists of a hundred enemies, and Stuart Erwin. Erwin, deserting his comedy roles for an intensely dramatic one, that of Martin Eden's ship-mate and friend, is also considered a contender for high acting honors.

Burma Road Is Background Of Lyric Film

Taking advantage of the newspaper headlines about China's famed Burma Road, the trail for supplies to the Chinese armies, "A Yank on the Burma Road," which plays today and Monday at the Lyric theatre, is called a neat, compact action drama.

Actually the Burma Road element only provides the background for an action romance story. It serves an admirable purpose, however, giving excellent atmosphere which is sharply realized in the Metro-Goldwyn-Mayer picture.

The performances are all good, particularly that of the leading man, a newcomer named Barry Nelson. Playing opposite Laraine Day in the role of a New York cab driver, Nelson gives a vigorous and punchy performance which should guarantee his being seen in many more pictures.

Miss Day does her usual excellent job in the role of a renegade flyer's wife who talks her way into a ride on Nelson's caravan in order to join her husband in Chungking, where the husband is held prisoner by the Chinese.

Nelson becomes the leader of a fleet of trucks traveling the Burma Road, following his single-handed capture of two killers in New York. Meeting Miss Day in Rangoon, he falls hard. The thrills of their trip come thick and fast, climaxed in as neat an ending as has come from Hollywood in a long time.

Stuart Crawford, in the role of the flyer, turns in a fine job in his brief spot. Keye Luke is effective as Nelson's right-hand man and interpreter, and others in the cast include Ben Yung, Phillip Ahn, Knox Manning and Matthew Boulton.

United States Service Troops Active In African War

Step-Up In Work At Airport Due

Operations at the municipal airport may step up perceptibly soon. There were indications Saturday that a general contract might be negotiated, or may even now be closed. Already considerable dirt work has been done by Brown

& Root, contractors for this phase of the army school work here. Arrival of equipment for effecting railroad spur cuts on the site property was on hand, but there was no indication about when the spur itself might be started by the railroad.

The city was ready to file its pre-approved plans for a WPA project to extend water and sewer lines to the airport in conformity with army requirements. This phase of the work is to be completed before work is undertaken for expanding sewage disposal and water production facilities. Plans for the plant enlargements, and the power pumping equipment at the city park reservoir, however, are being drafted.

The physical property of 1,484 colleges and universities in the United States is valued at \$2,556,074,571.

Equipment Of USA Appears In Desert

CAIRO, May 2 (AP)—United States service troops in steadily increasing numbers are in positions supporting the main British desert army and air forces ranged against the threatening German Afrika Korps of Marshall Erwin Rommel.

Major Gen. Russell L. Maxwell, commander of the North African mission, permitted disclosure of their presence from here for the first time today, although American uniforms and huge troops bearing the "U. S. A." letters have been seen in growing strength for several weeks.

One officer of the U. S. mission is Major Elliott Roosevelt, son of the president, who started his military career as a captain in Ohio less than a year ago. Gen Maxwell emphasized that the soldiers stationed in this torrid area, barring the axis conquest of Egypt and the Suez Canal, were entirely service personnel—mechanics, technical experts, supply specialists and trainers.

Their job is to support combat troops of the British, Indians and South Africans, Free French and New Zealanders poised on the desert front 80 miles west of Tobruk in Mussolini's colony of Libya. Swarms of American-made fighter planes and bombers are fighting daily in the battle of Libya and most of the British have been trained in a technical school in Egypt.

Navy Asks Ferry Pilots, Instructors

DALLAS, May 2 (AP)—Naval aviation cadet selection board offices for Oklahoma and Texas here today announced that the Navy needs skilled aviators to serve as instructors and ferry pilots and men who can qualify as gunnery officers.

For gunnery officers, men between 19 and 38 years old who have had experience with firearms are eligible.

All flyers with instructing or commercial flight experience, who are between 21 and 40 years old, have high school educations and who hold commercial pilot licenses are needed as instructors.

Men applying for the ferry service must have at least 1,000 hours in the air, 100 in ships with 300 or more horse power engines and 300 hours in cross country flight.

French Are Aware United States Will Act Against Axis Line-Ups

Interpreting War News—

By KIRKE L. SIMPSON
Wide World War Analyst
Developments in the Washington-Vichy crisis precipitated by return of axis-minded Pierre Laval to political power may be impending with the arrival of Admiral William D. Leahy in this country.

Fresh from personal contacts with all members of the new Vichy triumvirate, the American sailor-ambassador left the capital of unoccupied France on his way home.

President Roosevelt, in his recent fireside broadcast, left no doubt here or in France that any

French yielding to Nazi pressure for military aid against the United Nations would lead to reprisals.

Leahy was called home "for consultations" as a gesture to emphasize the Washington view that Laval is a Nazi stooge, a virtual Quisling.

Before he left Vichy, however, the former American chief of naval operations talked at some length with Marshal Petain, still nominally the sole source of authority at Vichy, with Laval and—above all in importance—with Admiral Jean Darlan. What Admiral Darlan may have said or implied to his fellow sailor-statesman could greatly clarify Vichy-Washington relations one way or the other.

For it is Darlan, not Laval, who is designated heir-parent to Petain as chief of state. It is Darlan, not Laval, who commands all Vichy French military forces of land, air and sea. And Darlan's last public word on the question of surrender of the French fleet or French colonial bases to Hitler was "never."

That was almost a year ago when there was no apparent possibility of Franco-American hostilities as a result of whatever action Vichy might take in implementing "collaboration" with Nazi conquerors. The United States was not then at war with the axis.

The situation is now altered. American warcraft and battle planes, Mr. Roosevelt has said, are operating in combat over all oceans and all continents against the axis. The Mediterranean as well as the southeastern Atlantic are included. Mr. Roosevelt's reference to the Mediterranean was particularly pointed for French ears.

In his broadcast Mr. Roosevelt noted that American heavy bombers, the flying fortresses that are striking heavy blows at Japan, also soon would be joining the British Royal Air Force in "fighting for the liberation of the darkened continent of Europe."

"The United Nations will take measures, if necessary, to prevent the use of French territory in any part of the world for military purposes of the axis powers," he added.

The "if necessary" clause of that warning is significant. Leahy's full report on information and belief as to what the Laval reinstatement under Nazi pressure portends, or what the attitude of Petain and, most of all Darlan, may now be toward linking France militarily with the axis effort could go far to shape American policy toward Vichy France in the immediate future.

Four Men Die In Crash Of Bomber

BROWNSVILLE, May 2 (AP)—Four men perished today in the flaming wreckage of a twin-motored army bomber which crashed and exploded near the Brownsville airport.

The army said names of the victims would be disclosed tomorrow or Monday after next of kin had been notified. The home field of the plane was not announced.

Witnesses said one motor went dead causing a wing to strike the ground.

Finally Captured in San Antonio -- 'We Do Everything Good,' Says Nazi Pilot Who Shrewdly Crossed U. S. A.

SAN ANTONIO, May 2.—A handsome young German bomber pilot who roamed 2,000 miles over the United States following his escape from a Canadian concentration camp, was held here today by the Federal Bureau of Investigation. Apparently headed for Mexico, the 23-year-old flier, Lieut. Hans Peter Krug, was caught in a small hotel here last night, thanks to the sharp eyes and suspicious nature

of the hotel's manager. The FBI furnished the manager with a card of pictures and information regarding persons wanted. Krug registered Friday afternoon under the name of Jean Ehl, Brooklyn, N. Y. The hotel manager, whose name was withheld, detected a similarity between the guest and the FBI pictures, and noted also that he spoke with a thick German accent.

Late last night the manager called the FBI. Two agents and two city detectives went to Krug's room. At first the German refused to unfasten the latch chain but finally admitted the officers and submitted to capture.

M. W. Acers, FBI special agent in charge of this district, said he was awaiting instructions from Washington as to Krug's disposition. It was believed the decision rested with Canadian authorities.

The aviator, who was shot down by British anti-aircraft fire Aug. 23, 1940 and later transferred to a concentration camp at Bowmanville, Ontario, escaped April 18. His experience in the United States has been "stupid," Acers said the youth told him. "The majority are utterly stupid," Krug said, "and glib."

He said he had been stopped about eight times for investigation but that he always was released when he produced his forged papers, which distinguished him as a carpenter who had worked on the fire-guzzled liner Lafayette, formerly the Normandie.

A soldier riding with him on a bus asked him why he didn't join the army and Krug replied he was en route to enlist.

Because of his youthful appearance a waitress once refused to serve him beer, Krug told Acers, but relented when he showed her his forged papers.

In his two traveling bags the Nazi lieutenant carried tinners foods, chocolate bars, a home-made knife, a pistol, German officer's epaulets, and a map which detailed his route—from Detroit, where he was assisted by a German native who is a naturalized American citizen to Chicago, New York, Harrisburg, Pa., Louisville, Nashville, Tennessee, Dallas and Brownwood, Tex.

Director of music and educational work at East Fourth Baptist church is Roy Lee Williams, above, who is being installed today. He will be assisted by Mrs. Williams. He is a student in Hardin-Simmons university, and will come to Big Spring only for weekends until the end of the present semester, then will move here to live at 606 East Fourth. He was with the church briefly last summer for revival and vacation Bible school work. The church is observing interdenominational day today and is seeking an attendance of 500 in connection with the quarterly building fund campaign.

Jumbo Shrimp Make Run On Gulf Coast

PORT ISABEL, May 2 (AP)—A record run of giant jumbo shrimp near here has prompted the army to relax restrictions against boating on Gulf gunnery ranges for trawlers converging here from as far away as Mobile, Ala.

General Seafoods, Inc., has sent in a fleet of 24 boats. Western Shell company of Corpus Christi brought in 26 and a Port Lavaca fish company sent 14. Added to the local fishing fleet well over 100 boats have been putting out from this little port early each morning and returning late each evening loaded down with thousands of pounds of jumbo shrimp.

During the two weeks of the run to date over 700,000 pounds of shrimp have been docked. Boatmen are drawing a record high price of seven cents per pound.

A large part of the haul is being frozen into five pound boxes. Each boat is capable of bringing in a haul of 2,000 to 4,500 pounds each day. At the rate of seven cents per hundred the boatmen are thus making from \$140 to \$315 each day.

The Harlingen army gunnery school lifted restrictions which had kept the fishermen south of Brazos Santiago pass due to the gunnery training over the gulf north of there. The fishermen will now be allowed to work four miles north of the pass and they predict record-breaking hauls in the next few days.

East, Midwest Refineries Told To Make Fuel Oil

WASHINGTON, May 2 (AP)—Immediate readjustment of refinery operations in the east and midwest to increase industrial fuel oil output—which would mean a reduction in gasoline production—was called for today by the Office of Petroleum Coordination in a new move to relieve the heavy oil supply situation along the Atlantic seaboard.

The announcement made no mention of a possibility that the reduced motor fuel output might mean new curtailment of gasoline consumption.

One official previously had said, however, that readjustment of transportation facilities to meet the eastern petroleum emergency might spread gasoline consumption curtailments to all states east of the Mississippi.

Local Singers Go To Angelo Meeting

A group of local singers, headed by Paul Attaway, pointed for San Angelo Saturday evening to participate in the second meeting of the West Texas Singing Convention.

It was to be the first session of the convention since its organization here last year. Attaway was elected as vice-president of the unit at that time.

The convention properly embraces all territory west of the western boundary of the East Texas Singing Convention, and hundreds were expected to attend despite transportation difficulties.

Weather Forecast

WEST TEXAS — About the same as on Saturday except somewhat colder over the Panhandle.

EAST TEXAS — Cooler north-west portion and extreme north portion. Showers near upper coast and northeast portion Sunday.

Rev. Haislip Begins Third Year In City

The Rev. Homer W. Haislip today begins his third year as pastor of the First Christian church in Big Spring.

The past two years have been fruitful for the local congregation. More than 100 new members have been added to the church, about \$2,500 in debts has been paid off to leave the church debt-free, and the budget has been increased. Plans are well underway for an educational building, to be constructed after the war.

Previously Rev. Haislip served Central Christian church in Galveston and Chestnut Avenue church in Fort Worth. He is a contributor to many religious publications, and is district director of young people's work.

"Power to Preval" will be his morning topic, while the 8:15 p. m. subject is "The Christian Warfare." E. B. Bethel will sing "On Life's Highway" at the morning hour.

"Earmarks of a Live Church" will be the morning topic and "Building for Permanence" the evening subject of the Rev. Ernest E. Orton at the Church of the Nazarene today.

The Rev. R. E. Bowden, pastor of the Main Street Church of God, will preach on "In the Other Person's Place" at the 11 o'clock hour. Evening sermon topic will be "The Three Doors." Young People's meeting is scheduled for 7:30 o'clock.

Edith Gay will be guest soloist at the First Presbyterian church Sunday morning at the 11 o'clock service. Sermon by the pastor, the Rev. O. L. Savage, will be "Reality of Unseen Things." The evening worship at 8 o'clock will be a sermon on "The Extraordinary Life."

Banquet Honors Garden City's Senior Class

The 10 members of Garden City high school's senior class were honored at the Crawford hotel Saturday evening with the traditional banquet tendered by the junior class.

In all there were 64, including guests and teachers attending the affair, which carried out the Hawaiian motif in keeping with a patriotic note centered around remembrance of Pearl Harbor.

District Attorney Martelle McDonald was speaker of the evening, counseling seniors to seek out "the highways to happiness" which he said were "being your own pilot, knowing where you're going, living up to your word, being fair to your fellow man and keeping up your chin." He was introduced by N. P. Taylor, superintendent.

Luther Rainwater presided as toastmaster and invocation was by Mrs. Walter Teak. Carolyn Cox gave the welcome address, directed to the seniors. Rualine Cox, accompanied by Marceline Hightower, sang and Helen Rountree and Beth Spargman teamed in a duet number. Janet Barber gave a toast to men in the armed forces. Horace Underwood a toast to the seniors and Robert Lawson, the response. With Attie Lee Cook leading, a group song concluded the program. This was the third of the banquets that Garden City students have staged here.

Here 'n There

Definitely — bombs would be worse but the wind did a pretty good job on Willard Sullivan's drug store. High winds cracked the show window of his store so that it had to be boarded up. But Sullivan didn't overlook the chance for a sale — of defense stamps. He put up a sign on the boarded up show window reading, "Wind did this. Bombs would be worse" and then plastered the board with reminders to buy United States defense stamps.

Regular meeting of the school board is set for Monday at 8:30 p. m. Among items of business scheduled to come before the board is the election of teachers.

Ben LeFevre and J. M. Greene were in San Angelo Saturday at a district United Service Organizations meeting, at which plans and quotas for the forthcoming USO drive will be discussed.

John W. White, with the department of interior rodent control division, will be back here during the week to assist in continuation of the local rat extermination campaign. Concerns interested in having rats poisoned at the place should leave word at the chamber of commerce for White.

Among those taking off Saturday for fishing junkets were Mr. and Mrs. N. R. Smith and party, H. W. Whitney, J. D. McWhirter, and J. D. Stempbridge.

A Mexican, who undertook to "shoot up" the negro quarter here Friday night was reclining in the city jail Saturday, contemplating on the difficulties of the task.

Effect of the tightening of traffic regulations, particularly on marking for over-time parking, is reflected in the number of \$1 fines paid in the last three days — 17 in all.

36 Enrolled In Night Class At Colorado

COLORADO CITY, May 2 — Thirty-six boys, most of them of high school age, are enrolled in the Vocational Agriculture night school, being taught in Colorado City five nights a week.

Inaugurated as part of the defense program, with the primary purpose of teaching farm boys to repair farm machinery, the classes have grown in scope and interest until courses in automobile mechanics, welding, and general mechanics have been added.

The school is being taught by Noble Walker, under the supervision of F. C. Shillingburg, vocational agriculture teacher in Colorado City high school.

Malone And Hogan Clinic-Hospital

G. W. Ringener, son of Mr. and Mrs. Jim Ringener of Coahoma, underwent surgery Friday morning. Doyle Robinson has returned home after surgery.

Charlene Grissom, daughter of Mr. and Mrs. C. M. Grissom, route 2, underwent surgery Friday night. The Dutch worked copper mines in New Jersey in 1860.

Enemy Planes Seen Scouting Over Area

ALLIED HEADQUARTERS, Australia, May 2 (AP)—The entire region of Townsville, far north on Australia's east coast, was put on guard against a surprise invasion or air assault today as the result of the first appearance of mysterious scouting planes over that strategic area and numerous signs that the Japanese are preparing new blows in the Australian theatre.

The flight of the two suspect planes over Townsville at 30,000 feet altitude in good observation weather yesterday was reported by General Douglas MacArthur's headquarters.

Allied antiaircraft batteries opened fire and interceptor planes took the air, but were unable to over-haul the strangers.

This first appearance of presumably hostile planes in the Townsville area followed a warning yesterday by Gen. Sir Thomas Blamey, the Australian chief of allied land forces in Australia, that "increased enemy activity means he has some further plan," and reports that a considerable Japanese naval force is concentrated around Jaluit in the Marshall Islands north-east of New Guinea.

Transports and supply ships also have been reported landing new forces in the New Guinea and New Britain areas in recent days.

Townsville, 700 miles below the northern tip of Cape York, might well be the first objective, if the purpose of such enemy concentrations is to strike at Australia's populous east coast instead of attempting a laborious and time-consuming campaign across the arid western or northern region.

The small city of Townsville is behind the great barrier reef, but if the Japanese safely penetrated the mined off-shore waters and made a landing they would find themselves on the coastal railway which reaches southward 800 miles to Brisbane and 1,200 miles to Sydney.

Indications that the recent Japanese reinforcements in the New Guinea-New Britain area may have been large was seen today in the warning of the Fort Moresby correspondent of the Melbourne Herald that American and Australian airmen at that base were up against heavy odds.

More planes, bombs and men are urgently needed if Port Moresby is to be held, he said.

Knox Visits Corpus Christi Naval Base

CORPUS CHRISTI, May 2 (AP)—The naval air station here, already the world's largest, will continue to expand as long as the war lasts, Secretary of the Navy Knox said today.

The secretary left this afternoon for the west coast for an inspection aimed at increasing the security of harbors and ports against sabotage or sea attack.

P. T. A.—Mrs. William Kietzer of Portland, Ore., president of the National Congress of Parents and Teachers, is to preside at the organization's convention at San Antonio, Tex., in May. Session theme is: America Strong, with Spirit Free.

BRIEF—Brevity is the soul of this diminutive wartime bonnet concocted by Lilly Dache out of non-priority materials. Red roses nestle in plaster bows of a vivid yellow color.

Elevator Strike in New York Ends

NEW YORK, May 2 (AP)—Thousands of foot-wear New Yorkers went to work in better spirits today—a strike which had stopped elevators in 800 apartment houses was ended.

The strike was called off at 7 o'clock last night at the request of the National War Labor Board, which promised a hearing in Washington "at the earliest possible moment."

National PTA Convention Opens Today

SAN ANTONIO, May 2 (AP)—Dedicated to the protection of American children in wartime and the preservation of the educational system despite the great stress imposed by world conflict, the National Congress of Parents and Teachers opens its annual convention here tomorrow.

Officers declared it would be the most important session in the history of the 2,600,000-member organization, the largest service group of men and women in the nation.

Mrs. William Kietzer of Portland, Ore., president, said "we find ourselves confronted with new and unpredictable demands in carrying out the great obligation we have assumed."

"The war has brought new physical hazards to which children may be exposed; health hazards are more pronounced, and emotional and social hazards beset us on every side."

The convention, which opens with a vesper service tomorrow evening at the Alamo, shrine of Texas liberty, will probe for the answer to every war-induced problem relating to children.

Evacuation of children, salvage campaigns, advice to parents, interpreting the war to children, the importance of recreation, encouragement of home gardening—these subjects will be discussed in the general sessions and clinics.

At the pre-convention meetings, Mrs. Albert L. Gardner of Parth Amboy, N. J., was elected chairman of the national chairmen's conference. Donald W. MacKay of Santa Fe, N. M., was elected vice-chairman.

Mrs. Benjamin Kendrick of Newmarket, N. H., was elected president of the state presidents' conference. Mrs. Fagan Cox of Monroe, La., was chosen vice-president and Mrs. C. C. Clark of Gulfport, Miss., secretary.

Recruiting Officer For Coast Guard Here Wednesday

The U. S. Coast Guard now makes it possible for young men 17 to 35 years of age, who have no criminal record, and who are able to pass a physical examination, to enlist in the oldest military service in the United States. Advancement is particularly rapid at this time.

Ex-Coast Guardsmen, ex-Navy-men, ex-Marine Corps, and ex-Army men can now reenlist, and the age limit for these men is 45 years old.

The Coast Guard makes it possible for young men to continue on in the service with the specialized trade that they have been following in civil life.

Men with special experience as auto mechanics and lathe operators will be given an opportunity to enlist as motor machinist's mates.

Men who are registered for the draft are eligible for these enlistments, and it is suggested that prospective draftees contact the Coast Guard recruiting officer who will be located in the post office building at Big Spring, Wednesday, May 6, all day.

Double Crews On Rural Light Line

Crews will be doubled Monday in an effort to complete the Caprock Electric Cooperative "B" section extension long before schedule.

By Saturday poles had been set on more than 12 miles of line out of Stanton and holes were dug and poles scattered for an additional 20 miles.

Two framing crews were at work and everything was being placed on the poles but the wire and transformers.

McClure Electric Co., contractors, intend to get 50 miles of poles all set and ready before starting on the wire stringing, said O. B. Bryan, cooperative superintendent.

He anticipated that would require about 10 days yet.

However, once underway on the major scale planned by McClure, there should be no hitch over the 183-mile route in Martin, Midland, Glasscock, Howard, Dawson and Borden counties.

Objective is to complete the job within 60 days, said Bryan after conferring with Jim McClure, head of the contracting firm. All materials are on hand or in transit.

The actual number of languages computed by the French Academy is put at 2,796.

One extra plane...

... or extra tank, or extra gun, or extra ship completed tomorrow may, in a few months, turn the tide on some distant battlefield; it may make the difference between life and death for some of our fighting men."

—PRESIDENT ROOSEVELT,
February 23, 1942.

Would you be the one who failed to help buy that plane, tank or ship—by failing to buy your share of Bonds? Could you sleep nights knowing that American boys were being killed because you and others "put off" doing your part?

Remember, they are OUR boys now—from your State, your town, perhaps your very home. They're out there risking their lives—giving their lives—so that America, your free America, can live. And just as you are counting upon them to give everything they've got, so they are counting upon you to give everything

you've got—by working harder than you ever have before and by investing in Bonds to the very limit of your powers!

Can they count on you? Make your answer ring clear and true—let our boys know that every man, woman, and child in America is behind them 100%! What's In A Name? Nothing Exclusive, Court Asserts

NEW YORK, May 2 (AP)—Family names are not copyrighted and if Adolph E. Finkelstein and his wife find happiness in assuming the name of Ferris it is all right with the New York state supreme court.

Finkelstein desired to change his name originally because of the odium attached to the name of Adolph and adopted the name of Arthur L. Ferris. Four attorneys named Ferris questioned his right to use the name of a distinguished colonial family.

The attorneys—Clarence C. Ferris, Henry S. Ferris, Emory L. Ferris and Gilbert Ferris—listed their forebears and said they were "unwilling to have any confusion as to who is who among the persons bearing the name of Ferris."

Justice John E. McGehean, in

replying to their plea to vacate the order signed by him on April 3, giving Finkelstein the right to assume the new name, yesterday said:

"The right to the pursuit of happiness asserted in the Declaration of Independence permits any American to forsake his original name for another.

"If Mr. Finkelstein and his wife will find happiness in assuming the name of Ferris—that is satisfactory to this court. Family names are not copyrighted. Every famous man has namesakes not related to him through blood or marriage."

War Duties For Rural Texans Are Outlined

COLLEGE STATION, May 2 (AP)—An organization to give every rural Texan specific wartime duties was outlined by Extension Director H. H. Williamson today at a meeting of the A. & M. service.

County land use planning committees will be invited to serve as agricultural victory councils for the duration of the war.

All Texas communities will be divided into neighborhoods with instructions to pass from the county council through community leaders to neighborhood leaders and thence to every rural family.

Provisions will be made to pass information up from farms through the councils to headquarters.

The system will be open for use by the U. S. Department of Agriculture war board.

Williamson said the organization would be completed by May 23. Meetings of various federal and state agency leaders will be held May 4 at Amarillo, Lubbock, Seymour, Dallas, Mt. Pleasant, San Angelo, Brownwood, Temple, Livingston, San Antonio, Houston and Laredo. The plan will be perfected and 25,000 leaders enrolled at these meetings.

"This is the greatest opportunity to serve rural Texas that has ever been presented to the extension service," President T. O. Walton of A. & M. declared in an address.

AAA Payments Over \$40,000 In Mitchell

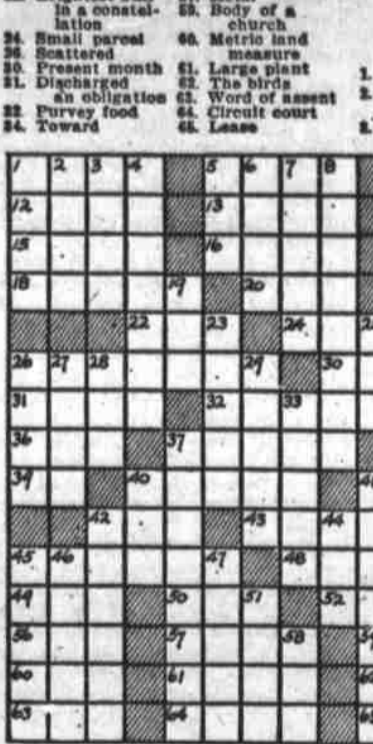

COLORADO CITY, May 2 — One hundred forty-eight checks amounting to \$27,185.71 have been received by the AAA office here for distribution to farmers and ranchmen of Mitchell county. This brings the total paid on the soil conservation program in the county to \$40,235.59.

Sixteen thousand horses died of influenza in New York City in 1872.

Crop Damage Not Great

Opinions differ, but not a great many farmers reported damage to crops from Saturday's whipping winds.

Some young cotton may have been hurt, but not much of it is up. That which has come up is mostly in tight land where there is less sand blowing to do damage.

Some fruit was blown from trees, but since trees normally shed a good portion of the young fruit, it was not generally felt that the crop was greatly injured.

Of greater extent was damage done to the soil itself, with the hard, dry winds whipping much needed moisture out, and badly eroding freshly plowed fields in sandy areas.

Mead, Norman To Go On Air

W. L. Mead, operator of Mead's Bakery, and C. W. Norman, manager of J. C. Penney Co. department store, will be speakers on a special program over radio station KBST today from 4 p. m. to 4:30 p. m.

The occasion is an announcement concerning observance of Dollar Day Monday. There also will be a series of musical offerings in connection.

For the regular chamber of commerce program Tuesday, Cornelia Frazier and Betty Joe Pool will be heard in a vocal duet. Vocal selections will be given by Betty Frazier, Lorena Brooks, and Mary Alice Cain, and Eva Jane Darby will be at the piano.

Colorado Friends Stick Together As Soldiers

COLORADO CITY, May 2 — Uncle Sam has not split up a Damon and Pythias duet from Colorado City. Charles Watson and Cecil Smith enlisted in the United States Marines the same day, December 26. Together they entered the enlistment station. Together they signed on the dotted line.

After a necessary silence they wrote home to their families recently — together. They wrote wanting the hometown paper and because it costs "lots" to send it air mail they volunteered to read just one — together. They boasted of shark fishing still together. They fish on their time of somewhere in Hawaii.

Watson is the son of C. D. Watson and Smith is the son of Mr. and Mrs. E. E. Smith. Another son of the Smiths enlisted in the Marines the 26th of January. So far he hasn't caught up with the other two, but it may not be long now. His last letter was headed San Francisco.

Railroads To Cut Out Frills

WASHINGTON, May 2 (AP)—Reduction or elimination of "luxury equipment" on railroads, such as club, lounge, parlor and sleeping cars is "imminent," Joseph B. Eastman, defense transportation director said today.

Declaring that essential military and civilian travel must not be impeded, Eastman said ODT was planning restrictions on passenger travel, elimination of duplication services on competing railroads, lengthening of limited schedules to include more stops and diversion

Markets At A Glance

NEW YORK, May 2 (AP)—Buying in today's short stock market stretch again centered on utilities and specialties, with most industrial and rails ignored.

The list exhibited considerable hesitancy at the start. Demand for the utility section flattened out somewhat although gains for favorites ran to around 4 points. Small minus signs were well distributed at the close.

Varying opinions regarding tax proposals of the house ways and means committee and their effect on individual corporations made for selectivity in the share division, brokers said.

Among stocks getting support were preferreds of West Penn Electric, American Power and Light, Standard Gas & Electric and Electric Power and Light.

American Telephone craved more of its recent losses. Eastman Kodak and Du Pont established fairly wide gains on relatively meager turnovers.

Resistant were General Motors, Chrysler, N. Y. Central, Consolidated Edison, North American, Pa-

cific Gas, Montgomery Ward, Boeing, American Can Texas Co., Anacosta, Kennecott and J. C. Penney.

Lacking rising inspiration most of the time were Bethlehem Steel, Santa Fe, Great Northern, Glenn Martin, American Smelting, Yellow Truck, General Electric and Allied Chemical.

Wins Big Prize Missed By Famous Father, Equipoise

By SID FEDER
CHURCHILL DOWNS, LOUISVILLE, Ky., May 2 (AP)—A dream came true along Churchill Downs' heart-breaking stretch today when the son of a great thoroughbred won the richest Kentucky Derby of them all.

A dozen years after a last minute breakdown robbed his daddy, Equipoise, of his chance at the prized necklace of roses, Mrs. Payne Whitney's Shut Out ran his heart out in a stretch struggle to win for his famous father.

All the long-way down, "heartbreak boulevard" he went all out, and finally he hit the wire 2-1 lengths in front of Alsab, the fine little juvenile champion of last year, who came back a long way toward his two year old heights with today's driving effort.

It was a double-barreled triumph for the "bum" of Mrs. Whitney's fashionable Greentree stable, whose name was wished on him because of the fact his owner is a Brooklyn Dodger fan, for even as the field of 15—largest since War Admiral whipped 19 others in 1937—paraded to the post and the traditional hush fell as "My Old Kentucky Home" drifted out, the Greentree stable bosses still regarded Ekky's son as only its second best bet, not nearly the horse his mate, Devil Diver, was.

And the bettors, who poured \$631,198 into the mutual machines on the Derby alone, made the two-part entry favorite at \$5.80 for \$2 virtually exclusively because of what they thought of the Diver.

SHUT OUT

But in the final pull, only Shut Out and Alsab survived, and the Diver and all the rest of the top contenders in this widest open Derby in history found out why they call it "heartbreak boulevard." That last quarter mile got him, and he faded to sixth place, trailing not only the first two home, but also Valinda Orphan who faltered to third.

And back of Diver, came other high-and-mighty pre-Derby standard bearers as the imported Hollywood in ninth place, and handsome Apache in eleventh. Far down the track at the finish and all but out of sight came the little fellow from Texas, Requested, who never got in it and was eased up to 14th place.

But despite the defeat of all these, the flying son of the chocolate soldier warmed the hearts of a crowd that apparently felt the touch of war. They knew every one of these hardboiled "invaders" in the get-together variously estimated at \$9,000 to \$10,000 that this "spittin' image" of the big boss of another generation was winning this one for daddy.

That was the big thing, even more than the \$64,225 pay-check he picked up in this 68th and most valuable of all derbies or the prized necklace of roses that goes by tradition, to the winner, or the \$5,000 gold cup that is also in the prize package.

Ironically, once more, Eddie Arcaro guessed wrong. As contract rider for Mrs. Whitney's stable, the swarthy little Kentuckian, generally regarded as the best jockey in the business, had his pick of Devil Diver or Shut Out. All last year, able to make a name for himself in Twenty Grand and Bold Venture, he picked Shut Out, because he thought the chocolate galloper was the best of the two. But in most cases, the Diver stole the honors. Throughout this last pre-Derby week, he hesitated between the two.

Finally, yesterday, he chose the son of St. Germain's, who already had stred two other top derbies in Twenty Grand and Bold Venture. So Wayne Wright, the square chinned 25-year-old from Resburg, Idaho, was called in to handle Ekky's baby.

He brought the colt out of the crush at the gate on top, eased him back to fourth place at the half-mile, then waited in the third slot until the field was well around the stretch turn before giving him the word. Shut Out, home he came, as a bewildered Arcaro disconsolately admitted he couldn't figure out just what happened. It could not be learned definitely tonight, but it would be a good guess to say that Eddie will be riding Shut Out in the Preakness next Saturday.

Champions Named In Junior Tennis

ARLINGTON, May 2 (AP)—The Texas junior college tennis singles championship went to Frank Jones of Hardin junior college who defeated Carl Knox, NTAC's sharpshooter 6-2, 6-3, today.

The doubles championship was taken by Frank Whaley and Gordon East of Corpus Christi Junior college, Corpus Christi, who beat Bill Hadden and Frank Floerke of Schreiner 6-2, 6-0.

In the girls tennis singles a new feature of the junior college conference Jean Stewart of NTAC became the first girls champion with her 6-4, 7-5 win over Winnie McGlothlin of San Angelo junior college, San Angelo.

Alma Lee Sison and Rosemary Walker of Corpus Christi Junior college defeated Edith Hegbourn and Peggy Odom of Hardin Junior college, Wichita Falls, 6-1, 8-6, 6-2 to claim the girls doubles championship.

Texas Track Team Takes 3-Way Meet

Tops Rice Despite Owls Monopoly On First Places

HOUSTON, May 2 (AP)—Rice captured first place in eight events today but Coach Clyde Littlefield's University of Texas team again cashed in on their insurance by picking up enough scattered points here and there to win the annual little conference track meet from the Owls and Texas Aggies.

The Longhorns, winning five first events and tying with Rice in another, scored 64 1-3 points. Rice tallied 56 and the Texas Aggies, minus the services of Captain Roy Buckle, hurdler and relay team member, 49 1-3.

Texas A. & M.'s greatest freshman team in history scored 70 1-3 points to win the meet among the first year men with Rice a good second with 60 1-3 and the University of Texas a poor third with 33.

Bill Cummins, sensational Rice sophomore hurdler and one of the most versatile trackmen in the Southwest conference, was high individual scorer with 15 points.

Cummins eclipsed Fred Wolcott's conference record in the 220 yard low hurdles when he negotiated the distance in 23.9 seconds. Wolcott's mark is 25 seconds flat. Bill's performance today, however, will not count as a new record, as standards are set only in the conference meet. Bill won this race easily as well as the 120-yard high hurdles. He was second in the broad jump, was fourth in the pole vault and also fourth in the mile relay.

No other conference marks were touched but Captain Harold Hall of the Owls electrified the stands with an amazing anchor run in the mile relay. Trailing Jean Wren of Texas by some 18 yards when he took the baton from Bill Spiller, the lanky Owl who set the conference quarter mile record of 47.8 last spring, paced the Longhorn in a thrilling stretch drive to win by three yards. He was timed in 47.4 seconds.

The Longhorns won the 400 and 800 yard runs, Mac Umstatdt running fine victorious races in each; the mile with Harry Hafernick the victor; the 440 yard relay and the javelin throw with Cheatham getting the best distance.

The Longhorns' David Small tied with Rice's Bobby Lay for first place in the high jump.

But the orange and white were potent "down the line" picking up points in all of the 16 events except the shot put and the 440-yard relay.

Steer Squad Improves In Two Weeks Of Rehearsals

Hugh Cochran Making A Place For Himself In Dibrell's Backfield

Short on material but long on spirit, the Big Spring high school football hopefuls are beginning to show some very definite improvement after two weeks of practice.

Saturday found John Dibrell, coach, happy over the way his boys were responding if not over the prospects for next autumn.

"They're looking pretty good," he said. "They have a splendid attitude, and that's the thing that makes me hopeful. The boys looked a lot better in their last scrimmage of the week than they did earlier."

Another youngster up from the Yearlings, for whom he was a star last season, suddenly came from comparative oblivion toward the end of the week. He was Hugh Cochran. After failing to look too impressive in earlier workouts, Hugh appeared to be getting into the groove and was breaking into the first team backfield combination more and more.

Having whittled his 235 pounds down to a mere 218, Doyle 'Hunk' Stewart, ponderous fullback, was continuing to look better. For such a mere shadow, he was turning on increasing power with his runs and blocks, and Dibrell was apparently pleased.

Dewey Stevenson, running from the quarter or blocking slot on Dibrell's maneuverable T formation, looked to have his position well in hand. Ernest Bostick, handy as a runner and also fairly accurate with his passing, was being tutored to call some plays from his halfback post. Red Adams, who is fast on the start and speedy downfield, looked much better Friday. Billy Mims, who rounds out Dibrell's first backfield combination, was shifty and tricky, hard to catch and hold.

Looking down the years, Dibrell has another backfield combination—members of it with three years left in school—working as a unit. And it is a smoother unit on shifts than the first string. John McIntrish runs from the quarter, Bobby Barron and Lowell Matlock from half posts and Bobby Sison from the fullback. Coach Dibrell also has four youngsters just entering high school practicing together for another back combination.

In the line L. Kennedy is looking good enough at tackle that Bobby Boykin has been released for much duty at guard. Glen Brown, who with Boykin and Peppy Blount, constitutes the elite circle of lettermen returning, is at the other tackle. Robert Coffey, remarkably scrappy for his 138 pounds and Darrell Webb, improving and growing, are working for the guard slot opposite Boykin.

Barclay Wood now is alternating with Billy Bob McDonald at the pivot post. Out on the terminals Big John Urey, a Yearling hot-shot, and Wayne Dearing are having a spirited fight for one place while Peppy Blount is steadily looking better than ever on his pass receiving. Dibrell is working with him on the defense and on his blocking and Peppy should have his greatest season next fall.

The traditional clash with the seniors—the boys who won't be back next year—has been set for Tuesday, May 19, announced the coach. That ought to tell more than anything what Big Spring can hope for in the way of a bunch of scrappy riders.

All But Blind, He Bowls 289

WICHITA FALLS, May 2 (AP)—Climaxing 30 years of bowling, Walter Ehlerst has rolled a 289 game and that's news if you know Walter Ehlerst.

You see, his total vision is only one-twentieth of normal and he never sees the pins fall.

But 289 is a score most any bowler would like to have even if he couldn't watch the pins fly.

Ehlerst lost the sight of one eye through an injury and has only enough vision in the other to see to the left side for two or three feet.

But that hasn't stopped him in his favorite pastime. The 289 is the highest the furniture dealer has ever bowled, even during the first 30-odd years he participated in the sports when his eyes were all right.

Since he can not see the pins Ehlerst must play on position and direction. He lines himself with the two gutters, then shoots down the alley. If he misses, a teammate will tell him what pins are left.

So accurate is Ehlerst's roll with a last-minute hook, that if he is lined up right the ball strikes in the pocket like a machine.

He averages 15 or 20 games a week, holding his own with the less handicapped legiers.

Kangaroos can jump a fence eleven feet high.

Pirates Whip Bums Second Time, 10-5

PITTSBURGH, May 2 (AP)—The Pittsburgh Pirates landed on three Brooklyn pitchers for 17 hits today and whipped the Dodgers, 10-5, for a sweep of the two-game series.

Although he was tagged for a dozen hits, southpaw Aidon Wilkie went all the way for the Bucs, who pulled to within two games of the league-leading Dodgers.

Curt Davis opened on the mound for the Brooks with a record of three wins and no defeats, but the Pirates chased him to the showers before the end of the first inning with four hits and as many runs which handed him the loss.

The paid attendance of 17,210 was the largest Saturday crowd here since 1934, when Sunday baseball was legalized.

GIANTS TAKE SHUTOUT

CHICAGO, May 2 (AP)—Cliff Melton shut out the Chicago Cubs on six hits today in pitching the New York Giants to a 1-0 triumph.

The Giants bunched two of their half dozen blows off Paul Erickson in the third inning for the only score of the game.

BOSTON 1, ST. LOUIS 0
ST. LOUIS, May 2 (AP)—Sibby Slat's home run in the fifth inning gave the Boston Braves a 1 to 0 victory over the St. Louis Cardinals today in a game cut to six innings by weather conditions.

REDS WIN 4-3

CINCINNATI, May 2 (AP)—Johnny Vander Meer outstayed four Philadelphia pitchers today to lead the Cincinnati Reds to a 4-3 victory. Eddie Joost hit a home run for the victors.

Records Due To Fall At Schoolboy Meet

AUSTIN, May 2 (AP)—The talent is so good that interscholastic league officials are ready to mark up three and possibly four new records when the cinders stop flying in the annual schoolboy track and field championships here Saturday.

Based on records developed at regional meets Thomas Jefferson of San Antonio and Sunset of Dallas appeared as team favorites although the dope sheets indicated individual first place honors would be widely spread.

But San Antonio's representatives promised to hog the first division with Jefferson, Alamo Heights, Edson, Brackenridge and Lanier probably in the vic column.

Preliminaries were scheduled Friday with finals marked down for Saturday.

Endangered, in the opinion of the league officials, were the marks for the high hurdles, shot put and high jump.

Favorites on the basis of district and regional carnivals included:

100-yard dash—Bill Blackburn of Sunset and Charles Parker of Jefferson.

400-yard dash—Bill Sheldon of Alamo Heights.

220-yard hurdles—Billy Baxter of Uvalde.

800-yard run—Jim Hoff of Sunset.

One-mile run—Santos Belton of Lanier.

Pole vault—Charlie Criswell of Columbus and Kirby Moore of Edson.

Indians Best Senators For 13th Straight

WASHINGTON, May 2 (AP)—The league-leading Cleveland Indians pounded three Washington hurlers for 15 blows to blast the Senators, 13 to 8, and stretch their winning streak to 13 straight games today.

Jim Bagby, nocking his fifth consecutive win, limited Washington to eight blows, including successive home runs in the ninth by Bruce Campbell and Bobby Estalella.

The Indians landed on big Buck Newsom, Washington's starting moundman, for five runs in a wild third inning uprising featuring Jeff Heath's three-run homer.

A'S 7, WHITE SOX 6

PHILADELPHIA, May 2 (AP)—Catcher Hal Wagner's hit in the ninth inning sent Bob Johnson home with the winning run today to give the Philadelphia Athletics a 7-6 victory over the Chicago White Sox. Orval Grove, White Sox rookie pitcher, hit a home run with the bases empty in the third inning.

TIGERS TRIP YANKS

NEW YORK, May 2 (AP)—Rudy York's fourth and fifth home runs of the season accounted for all the Detroit runs today as the Tigers tripped the New York Yankees, 3-1, behind the five-hit pitching of Tommy Bridges. It was the Tigers' second straight victory over the world champions.

SOX EDGE BROWNS

BOSTON, May 2 (AP)—Ted Williams' ninth inning homer with Johnny Pesky aboard, gave the Boston Red Sox an 11-10 decision over the St. Louis Browns today in a slugfest which saw the clubs banging out 27 hits between them. The Sox came from behind twice to clinch the verdict.

Sets New Mark In Pole Vault

BERKELEY, May 2 (AP)—Cornelius "Wonderman" Warmerdam, the new American eagle, soared to a new world record again today. The Piedmont study hall professor pole-vaulted over the crossbar at 15 feet 6 7/8 inches, crashing all existing outdoor records.

Although Warmerdam has a higher jump, 15 feet 7 1/8 inches, made in Boston February 14, it was made indoors. When and if the International Federation meets to compare records, it is probable the indoor mark will not be given the same consideration as the standardized outdoor mark. Warmerdam himself considers this his world record.

It cracked the mark he set last June 6 at Compton, of 15 feet 5 3/4 inches. Among other things, it also broke the Pacific association meet record, in which he was competing, and the stadium record, all held by none other than himself.

Poloists Play In Lamesa Today

Big Spring's poloists travel to Lamesa again today, for a game that is more or less a fill-in affair, but which is designed to furnish the customers action nevertheless.

A tilt between San Angelo players and Lamesa's aces had been scheduled for the afternoon, but Angeleons could not make the trip.

M. H. Bennett, Rip Smith, Lloyd Wasson and Lewis Ris will join up with Gus White, Jr., to play against Walter Lawrence, Bryan Fulkerson, Elmo Smith of Lamesa and John Dublin of Midland.

Some of the locals mixed it with Lamesa riders last week, with the game ending in a draw.

Refugio Lad Takes School Golf Title

DALLAS, May 2 (AP)—Seventeen-year-old James Beardsley of Refugio edged away from Paul Lay of Highland Park (Dallas), to win, 10 and 8, on the twenty-eighth hole of their final match today to capture the Texas state high school golf tournament championship. Results of other finals matches included:

City Softball League Gets Into Play Tuesday Evening

Humble Reduces S'west Buying

HOUSTON, May 3 (AP)—A 20 per cent reduction in the purchase of all kinds of crudes in southwest Texas was announced today by the Humble Oil & Refining company.

The cut in purchases became effective at 7 a. m. today. It will continue until further notice.

On February 20, the company cut its purchases of high grade, low octane grades of crude in southwest Texas by 50 per cent.

The announcement of the general reduction in purchases was made in a statement issued by H. C. Wiess, president of the company.

Mr. Wiess pointed out that the February reduction was made because of "the acute shortage of transportation facilities and the accumulation of excessive stocks of high gravity, low octane crudes in southwest Texas."

Brazil furnishes about 65 per cent of all the coffee in the world.

Leading Lady—The vivacious brunette is Dorothy Cannon, leading lady of Harley Sadler's dramatic company, which makes its annual visit to Big Spring this week. The popular showman brings new plays and new vaudeville acts to town for a week's engagement in a tent theatre at the showgrounds on West Third street. A presentation will be at 8:30 each evening. Special features include the Flunket family and a strobelt musical review.

Border Conference Will Play Frosh

NOENIX, Ariz., May 2 (AP)—A conference faculty representatives concluded their spring meeting here today by electing C. A. Stangel of Texas Tech as president to succeed E. J. Knapp of Texas Mines.

D. A. Shirley, West Texas State, was named vice president, and C. Z. Leisher, University of Arizona, was re-elected secretary. F. C. Osborn, Arizona State Teachers college at Flagstaff, retired as vice president.

Last night the faculty representatives decided to allow freshmen to play on varsity football teams next fall to help strengthen competition in the face of a loss of manpower to the armed forces.

Aggies Close Home Season With Win

COLLEGE STATION, May 2 (AP)—The Texas A.&M. Cadets celebrated the closing of their home Southwest conference season today by defeating Texas Christian 18 to 2.

The Aggies collected 25 hits, six of them by John Scoggin in his six times up. Four of Scoggin's blows were doubles. He played center field two innings, caught five innings and wound up by pitching the last two in which he allowed no hits and no runs while fanning three Frogs.

Charlie Stevenson marked up his eighth conference victory, but his string of scoreless innings was broken at 28. He left the mound in the sixth and finished in right field.

Tommy Hitchcock In Military Assignment

LONDON, May 2 (AP)—Tommy Hitchcock, a polo star, World war air ace and London banker, has joined the list of American celebrities appointed to London posts with United States forces.

Now a major in the air corps, Hitchcock arrived with U.S. Ambassador John G. Winant to become assistant military attache for air. His appointment follows those of Robert Montgomery, formerly here as naval attache, and Douglas Fairbanks, now in with the navy.

Schreiner Grabs Junior Track Title

ARLINGTON, May 2 (AP)—The flying Schreiner Mountaineers of Kerrville won the track and field championship of the Texas Junior College Athletic conference here Saturday piling up a total of 106 1-2 points.

The North Texas Aggies with a total of 64 1-2 points won second place and Paris Junior College with 19 1-2 points played third. Kilgore College took fourth with 17 1-2 points. Others were Victoria 7, Weatherford 4, and Texas Lutheran 2.

Farmers Vote For Wheat Crop Quotas

WASHINGTON, May 3 (Sunday) (AP)—Farmers voted almost three-to-one for continuance of a federal marketing control program for wheat in a referendum yesterday on the basis of incomplete returns from 20 of the 40 wheat-growing states.

With about a third of the votes tabulated, the results were: 28,966 for marketing quotas and 23,070 against. This was a majority of about 73 per cent. A two-thirds margin was required.

In Howard county there were 25 farmers eligible to vote. Of these, eight balloted, all favoring the marketing quotas.

NTAC Shooter Takes Golf Championship

ARLINGTON, May 2 (AP)—Billy Lancaster, NTAC golf ace from Longview, won the Texas junior college golf championship here Saturday by defeating John Pace, Tyler sharpshooter 1 up in eighteen holes.

NTAC golfers made a clean sweep of honors, winning the team play medal with a score of 148. Other teams entered were John Tarleton, Schreiner, Ranger and Tyler.

Arizona Wins 11th Straight Crown

TEMPE, Ariz., May 3 (AP)—University of Arizona, scoring points in all except one of the 15 events, won its 11th consecutive Border conference track and field championship here tonight.

Arizona scored 72 points, Arizona State Teachers College at Tempe 58, Texas Tech 16 1-2, West Texas State 7 1-2, Hardin-Simmons University 7, Arizona State Teachers College at Flagstaff 2, and Texas Mines 2.

Schedule Is Lined Up For Eight Teams

Play in the city softball league starts Tuesday with eight teams lined up for the season's chase and with only one league operative this year.

Quick Lunch will meet ABC Club at 7:30 p. m. and the Boy Scouts will tangle with the Lions club at 9:15 p. m. in the nightcap. Thursday evening Garcia Grocery plays Vaughn's in the opener and Radford meets the Big Spring State Hospital in the curtain dropper.

Thus all see action the first week. League rules call for a \$250 fee with or winner of the straight season's play to receive 33 1-3 per cent of the amount and the balance to be divided 44 1-3 per cent and 22 1-2 per cent to the winner and runner-up in a Shaughnessy play-off.

This play-off, incidentally, will pit the top team of scheduled play against the fourth place unit and the second place club against the third place team, best two out of three. Winners meet in a best three out of five series for the title.

Fast pitchers—those who qualify for a faster league play—will be barred from action in the league and a majority vote of the executive committee will determine when a pitcher is ineligible.

Each team must furnish a new ball or one in good enough condition to meet approval of the umpire, who ever he may be. Team managers agree on umpires at game time. Players and transfers are controlled by a 10-day limit regarding eligibility. Minimum number players with which a team may start is seven, and if at the end of five innings of play one team has a 10-run advantage, the game is called.

The schedule for the season follows:

Tuesday, May 7—7:30 p. m.—Quick Lunch vs. ABC CLUB; 9:15 p. m.—Boy Scouts vs. Lions Club.

Thursday, May 7—7:30—Garcia Gro. vs. Vaughn's Sweet Shop; 9:15—Radford's Gro. vs. B. S. State Hospital.

Cincinnati Sells Two Outfielders

CINCINNATI, May 2 (AP)—The Cincinnati Reds sold two outfielders for cash tonight—Ernie Koy to the Philadelphia Phils and Frank Secory to the Milwaukee Brewers of the American Association.

General Manager Warren Giles did not disclose amounts involved.

Koy, big 29-year-old Texan, came to Cincinnati early last season from the St. Louis Cardinals. He entered the majors with Brooklyn in 1938 and went to St. Louis in the 1940 season when he hit .301. He batted 341 in 60 games with the Reds last year.

Navy Flier Killed In Denton Crash

DALLAS, May 3 (AP)—Ensign R. R. Hamby, 27, naval flight instructor at Hensley Field, was killed and a companion seriously injured today when their training plane crashed while attempting to take it off the Denton airport.

Technical Sgt. Irving R. Hayden of Brooklyn, N. Y., a marine, was taken to a Denton hospital in a serious condition.

Hensley Field officers who investigated the accident said the pair were on a routine training flight.

NATIONAL AND INTER-AMERICAN MUSIC WEEK—will be observed this week beginning with an outstanding program Sunday evening at 8 o'clock at the city auditorium by the piano ensemble. Sponsored by the Music Study club, Music week is observed each year in Big Spring with programs presented free of charge for public enjoyment. Today's concert by the music ensemble features in one group of selections, fifteen pianists playing together on five pianos. Another group of selections will show the ensemble with two musicians each at four pianos. The ensemble is directed by Mrs. Omar Pitman.

Assisting in the program Sunday afternoon will be the Parent-Teacher Association Mother Singers. This organization representing the grade school and high school units of the P. T. A. was formed four years ago. Mrs. Barnard Lamun is director.

The piano ensemble pictured at left includes front row, Elsie Willis, Mrs. J. H. Kirkpatrick, Mrs. C. W. Norman, Mrs. King Sides, Mrs. W. K. Edwards, Jr., and Mrs. R. W. Thompson. Back row shows Mrs. Ann Gibson Houser, Mrs. Larson Lloyd, Helen Duley, center, Mrs. G. H. Wood, Mrs. H. G. Keaton and Lillian Hurt, and right, Roberta Gay, Mrs. J. H. Parrott and Mrs. J. P. Kinney, Mrs. Omar Pitman, director, is pictured at the back.

Pictured below are the Mother Singers. Reading from

left in back row are Mrs. Randall Pickle, Mrs. Buel Fox, Mrs. John Davis, Mrs. Joy Stripling, Mrs. W. S. Satterwhite, Mrs. M. A. Cook, Mrs. B. E. Freeman.

Second row, Mrs. O. L. Nabors, Mrs. H. G. Keaton, Mrs. V. H. Flewellen, Mrs. R. C. Clark, Mrs. G. W. Chowns, Mrs. B. E. Winterrowd, and front row, Mrs. J. P. Kenney, accompanist, and Mrs. Bernard Lamun, director.

In addition to the Sunday afternoon program, a radio program of American Music will be given by the members of the Music Study club over KBST on Wednesday afternoon at 5:15 o'clock. Friday night the high school band directed by Dan Conley, will give its annual program at 8 o'clock with the junior band included on the program.

Music Week activities will close Saturday with a program and tea by the Allegro Music club and a luncheon by the Junior Music club.

This week, set aside each year by proclamation of the Mayor of Big Spring, is observed in order that the accomplishments and abilities of musicians may be recognized and that the influence of music, its spiritual and cultural effects, may not be forgotten.

This year, Music Week is not only recognizing the talents of American and South American musicians but of all the peoples of the United Nations and allies of the United States.

Music Week Proclamation

WHEREAS President Franklin Delano Roosevelt and other high officials of the United States have recognized the great value of National and Inter-American Music Week by endorsing its general observance; and

WHEREAS groups of Big Spring citizens, headed by members of the Music Study club, have arranged an outstanding program of special events in connection with our own city's observance of Music Week, each of these programs being free to the public; and

WHEREAS, it is recognized that the cultural growth of any city is synonymous with the enrichment of its community and individual life, and that a better understanding and appreciation of good music is one of the best means of this enrichment; and

WHEREAS, observance of Music Week this year stresses inter-American music, with a view of acquainting the public with music of our South American neighbors and other countries and paying tribute to their works; and

WHEREAS, observance of Music Week this year stresses programs where local musicians, the high school band and junior musicians are given due credit for their studies and accomplishments, so that appreciation and enjoyment of music is put on its widest basis.

NOW, THEREFORE, I, as mayor of the City of Big Spring, do hereby set aside and proclaim the week of May 3-10 as MUSIC WEEK in Big Spring, join individuals and organizations in promoting the success of its observance, and call upon all citizens to assist likewise, to the end that the cultural standards of our city may be maintained and improved.

Signed
G. C. DUNHAM,
Mayor of Big Spring.

Seniors Give Three Act Play

Standing members of our community from now on will be "That Crazy Smith Family" which was introduced to the public Friday night in the City Auditorium at 8 o'clock.

"That Crazy Smith Family" was the title of the senior play chosen this year and directed by Mrs. Thurman Gentry.

Ma and Pa Smith (Gloria Nell and Horace Bostick) by their antics proved to be the craziest of the Smiths. Following them were their children Sally (Betty Bob Diltz) crazy about art; Tony (Paul Kasch) crazy about football; Buddy (Dean Miller) crazy about being a pugilist; and Betty (Virginia Douglase) crazy about herself and twirling.

Complications set in when the love affairs of several of the young couples got confused. Julie Weston (Robbie Piner) tries her wooing powers on Tony, which makes Barbara Weatherly (Evelyn Flint), who is a meek girl, become quite a different person and accept a date with Stewart Brandon (Lem Nations).

Characters who also gave outstanding performances were Aunt Bella (Bettye Newton) who finally got her man, the absent-minded Professor Slattery, (Hayes Stripling) and Dick Jones (Calvin Boykin) who finally understands Sally's art.

Providing the sound effects which seemed to be the hit of the show were Jack Riggs and Wofard Hardy.

Between acts entertainment included Domingo Castillo with songs accompanied by Reta Debenport, Edwin Harris and Max Wheeler played electric guitar numbers. Corneille Frasier sang two selections accompanied by Mrs. Bruce Frazier. Shirley June Robbins sang two numbers accompanied by Mrs. Anne Gibson Houser.

Proceeds from the play amounted to \$217.75.

After the play the cast was entertained with a banquet and dance at the Home Cafe.

McCarty's Leave On Honeymoon Following Wedding Ceremony

Lois Williams, Albert McCarty Married Here

Lois Williams, daughter of Mr. and Mrs. H. S. Williams of Big Spring, and Albert McCarty, son of the Rev. and Mrs. McCarty of Shelbyville, Ind., were married Thursday morning in the home of the bride's parents.

The bride wore a street length dress of navy blue with white accessories. Her two sisters, Edwanda Williams, and Mrs. Delilah Williams Robertson, were her only attendants.

Lois was a member of the Williams Family Orchestra and played the saxophone, piano, and accordion. She was graduated from Big Spring high school in 1939 and has taught music since her senior year in high school. Mrs. McCarty will be back in Big Spring, after her honeymoon, to teach her students each Saturday.

McCarty was graduated from the Shelbyville, Ind., high school in 1935 and was graduated from a business school in 1937. Since then, he has been employed in the Cox Jewelry Store in Sweetwater.

The couple left immediately for Indiana with Mr. and Mrs. Charles E. Robertson, of Lubbock, the bride's sister, the former Delilah Williams, on a double honeymoon. While they are gone the two couples plan on visiting Chicago, St. Louis and Niagara Falls.

After a two week visit the couple plan to make their home in Sweetwater.

Miss Laneous Notes

By MARY WHALEY

If you read the headlines and get a headache or listen to people talk and get a headache, it is hard to keep feeling happy about the world in the year of 1942. All the premises on which people based their lives and the lives of their children have been swept away "for the duration."

Sometimes, if you are worrying sort, things seem so black that frowns of despair get to be second nature and sighs of regret for the way things could be over take you.

But there is one thing that folks forget about that is important to remember. We are all in this mess together. And that's no small crowd, about 130 million people.

That many people can solve any problem. If all the silk stockings are gone and we girls have to wear lisle or cotton ones, well, so what? Everybody else will be wearing them too.

If all the rubber tires are gone and nobody has automobiles. What's griping you? Nobody else will have a car either. If you give up sugar and maybe some other things, you aren't riding in the boat alone, brother, there is quite a crowd with you.

If when we win the war, a depression the like of which we've never seen comes along, why collapse? If you don't have any money, neither will anybody else.

We don't mean to sound like Aunt Polly, but it just occurred to us that we better grab an ear with the rest of the crowd and paddle until this is over. There are 130 million people around and all sitting in the same seat in the same boat. Together they can complete anything.

MARGO'S

It takes all kinds of people to win a war — Soldiers and Sailors — Politicians and Businessmen — Farmers and Laborers — Wives and Sweethearts — and MOTHERS. Mothers because they are a part of the force behind the fighting force — because they wait for the peace that will send their sons home and because while they wait they work.

Because they are the unsung heroines of this war, let's make MOTHER'S DAY, May 10, one thing they will long remember — Let her know how proud you are of the job she is doing. Remember to tell her — with a gift — Something Special — Choose it at MARGO'S.

Do You Fit This Typical Club Woman Picture?

By BESS STEPHENSON
Written For The Associated Press

FORT WORTH, May 1 (AP) — What is the typical general federation club woman like? Not so bad, Her hair is white or turning white. She's long past the age and architecture of Rita Hayworth. She calls them corsets instead of girdles and thinks it's more economical to buy cologne than to buy perfume. She has two children, one grown and one nearly grown, and a husband who is good-hearted, indulgent and wholly solvent. She doesn't diet.

She came to the convention here with five evening dresses, all stunners.

One is a little on the bizarre side and she hasn't had the nerve to wear it yet, but the others are lace and brocade beauties or soft pastel chiffons which make her feel just right.

She bought two orchids the day she got here. They last her all week. When she gets back to the hotel at night, she sends 'em down for cold storage and a bell boy delivers them back to her at 4 p. m. the next day.

She wears the orchids as though they were grown for her particular use.

She brought four pieces of luggage and will begin cramming pamphlets, bulletins, notes and souvenirs into a packing box Saturday to send home by parcel post.

She will take sides and get into a fight as quick as anybody when one comes up, but she's always awfully sorry it happened.

She is so feminine that she can spend a full hour and a half dressing up, when she knows there's not going to be a man in the house all evening.

She can sit up lively all through a long afternoon session if the speaker has wit. If he's a statistician, her chin will be drooping on her bosom.

She has been to 10 general federation conventions before this one. She knows women in nearly every state of the union.

She thinks men are more interesting, though, really don't you? She thinks her husband's awfully nice and she will, if you twist her arm, get out a picture of her son to show you.

The typical federation club woman is no one in particular, you understand. Just a mythical average. The one she looks, or would like to look like most, however, is Mrs. George M. Jaqua of Winchester, Indiana, past president of the Indiana federation.

Federation Delegates Wind Up Activities After Five Day Meet

Local Group Returns Home Here Friday

FORT WORTH, May 2 (AP) — Delegates to the fifty-first annual meeting of the General Federation of Women's Clubs were relaxing today after five days of what many of them termed "the most serious convention in our history."

Closing program of the convention, was the annual "junior night" last night, with junior club women honored in the impressive flag procession.

The junior club women forecast their part in the country's war effort, to which the general federation has renewed pledges, and made new ones.

A large majority of the delegates and visitors, who represent every state in the union, Canada, Cuba and Mexico, remained in Fort Worth today to be guests at a western style supper to be served from a chuck wagon. An entertainment program will include numbers by the famed Hardin-Simmons University Cowboy band from Abilene.

One hundred and eighty reservations have been made for the federation's "good neighbor" post-convention tour to Mexico. Mrs. John L. Whitehurst, general federation president, Mrs. J. W. Walker, Plainview, the Texas president, and Mrs. Volney W. Taylor, Brownsville, will head the party, leaving here at 10 p. m. today by train.

Returning home from the convention was Mrs. V. Van Gieson, delegate from the Hyperion club, who was accompanied to Fort Worth by Mr. Van Gieson and Mrs. J. B. Young.

Others from here who attended sessions were Mrs. A. E. Wade, Twila Loman and Mrs. Thomas J. Coffee.

The Palace of the Governors in Santa Fe, now a museum, was built in 1610 and served as a seat of government nearly 300 years.

Students Schedule Many Dates For May Entertainment

Activities for the Big Spring high school students include a band concert for Friday, May 8th, at the city auditorium. State meet activities will begin on May 8th to last until May 9th.

Journalism class students will give a barbecue on May 22nd for the Corral staff and on May 29th the shorthand class will have a barbecue.

Friday morning the freshmen class edition of The Corral was issued with Wynelle Wilkerson as editor, and the junior class edition will come out on May 16th. Joan Switzer will be editor. Seniors will put out a 22-page edition on May 22nd with Jack Riggs as editor and Verna Jo Stevens as assistant.

High school teachers also plan a barbecue for May 5th, an annual affair, at the city park.

El Rodeo, yearbook, was scheduled to arrive here sometime next week, so students were advised.

19 Teach First Aid In Mitchell County

COLORADO CITY, May 2—Mitchell county now has nineteen qualified teachers of first aid, according to W. R. Charters, Red Cross chairman of first aid.

In addition to the forty-six business men who completed a ten-hour first aid course last week, twenty Junior high pupils are enrolled for an afternoon course. Monday night in the District Court room there will be a meeting of all other citizens interested in the course for the forming of new classes.

A class of negro citizens will be organized along with as many other classes as the number enrolling demands.

— Red Cross Calendar —

Cosden Chatter—

By TOMMIE MCCRAY
R. L. Tollett left Big Spring Saturday night, April 20th, for a trip to Chicago. He has now left Chicago and is spending the weekend in Washington, D. C.

W. D. "Scotty" Scott is back at work at the Big Spring Bulk Station after recovering from an illness of several months duration.

Evelyn Merrill and Sara Reedy are in Fort Hill, Okla., this week end where they attended an officers' club dance.

Mr. and Mrs. J. W. Burrell and J. L. King are leaving for Austin Sunday.

One of our electricians, Paul Holden, and a group of city employees are having a big time fishing at Miles, Texas.

Luke LeBlou and Jack Smith left Saturday morning for San Antonio to attend the Texas Bowling tournament.

Corporal J. B. Allen, an ex-Cosdenite was a visitor in the office Saturday. He brought his friend, Sergeant Orville Howell along with him to meet the gang. J. B. is stationed in the William Beaumont Hospital in El Paso.

Mrs. "Choc" Smith and Mrs. Clyde Garner, Jr. have been working in the credit department for the past week.

Sam Hefer left the office Thursday on a business trip which will take him to Albuquerque and Gallup, N. M.

Here's some real news — Mr. and Mrs. Bob Ward are spending the weekend in Big Spring, Texas. Mrs. Homer Hart and her sister, Mrs. Olan Harris, of Loveland, left Friday for Corpus Christi to visit with Mrs. Harris' son who is stationed at the Naval Base there.

In the meantime, Hoople Hart is attending the Wild West Rodeo in Lorraine. He is going to try his luck at roping a calf or two. Hear tell that he's pretty good, too.

Mrs. Rip Smith was a visitor in Abilene last week.

Mr. and Mrs. Hollis Webb are the proud parents of a daughter born last week.

E. A. Gabriel, tank car sales manager, made a trip to Pueblo and Denver, Colo., last week. He finally got back to Big Spring Saturday in spite of h... and high water, and we do mean literally. It seems he attempted to return by airplane — plans being grounded, his next attempt was by train — a railroad bridge being washed out halted this — his next attempt was by bus on which he finally arrived here hours late and dollars short.

Bill McCamey, J. A. Selkirk and J. D. Stitche, members of the Texas Defense Guard, were really on the job Thursday night guarding the P-38 Interceptor planes.

J. E. Mull returned to the office Saturday after an extended trip which took him to Chicago and St. Louis, Mo., and Cincinnati, O.

Howard County HD Delegates To Attend All Day District Meeting

Mrs. Phillips To Preside Over Session

An all-day meeting of district six of the Home Demonstration association will be held Monday in San Angelo presided over by Mrs. Hart Phillips, Overton club, district president.

Reports from each county in the district will be given at the meeting that has as its theme, "All Out for Victory."

Miss Fontilla Johnson, county agent, will attend a district agents' meeting in San Angelo on Monday also.

Mrs. W. F. Heckler, R-Bar club, will be representing the group as council secretary.

Others to attend from Howard county are Mrs. Ross Hill, Overton delegate, Mrs. Steve Cantrell, Center Point delegate, Mrs. J. H.

Reaves, R-Bar delegate, Mrs. Porter Hanks, Vealmoor, Mrs. Hecker, R-Bar, Mrs. G. E. Farris, Coahoma.

Howard county reports will deal mainly with results of first aid study which will be given in a skit.

Pilotless Plane Goes Barnstorming

TUPELO, Miss., May 2 (AP)—A pilotless army plane circled W. D. Partlow's barn lot, hit the ground and then bounded neatly through a big door into the barn hayrack.

The two fliers had bailed out after they lost their way to Key Field at Columbus, Miss., and run out of gas. One engine was shaken loose and the plane's wings were splintered when it struck the earth.

PARTNERS, ALL, WITH UNCLE SAM

To win the war... that's the common aim of every American... and every man is now a partner of Uncle Sam... soldier, laborer, executive. The one fights on the battle front, the others on the production line and the home front... each doing his part in a mighty effort to bring Victory to our Cause and a permanent Peace which means security for all peoples.

Cosden, too, is linked in this partnership, bending every effort to maintain vital production of needed crude oil products, processing and distributing, in a manner to accomplish the most good.

Cosden helps the West Texas producer, in taking and processing his oil — over 435,000 barrels every month — and helps the nation, in distributing finished products where they are needed.

Dedicated to Service ...

It is with pride that AMF Co. today presents to its West Texas friends a store completely modernized to meet the exacting tastes of those friends. The completion of our remodeling work—a program that has been carefully planned and painstakingly executed—is, we feel, another milestone in the march upward of AMF Co. to keep pace with the progress of West Texas.

We believe that we have here a department store of the function and design that the founder of this firm envisioned years ago... and which is in the spirit of the founder's aim to build here one of the outstanding merchandising institutions dedicated to service for its patrons.

This, too, is YOUR new store. May you be at home here and enjoy it.
