## ADDITION OF SECOND FIRE ENGINE GIVES OZONA DEPT. HIGH SMALL-TOWN RATING

### New Truck, Primarily For Fighting Grass Fires, Also For Town Use; Insurance Cut Expected

One of the best equipped fire fighting units of any town this size in the state is now boasted by Ozona with the addition of a new tank and pumper truck to the local department's equipment during the past week.

The new truck was added primarily for the purpose of combating grass fires in the county, but will be used as an auxiliary to the existing town fire.

The new truck, a 450 gallon water tank mounted on a Dodge truck, with booster pump operated by the truck motor, was delivered last Friday at San Angelo to Commissioner J. W. Owens and Fire Chief Joe North. Both trucks are housed in the modern fire station adjoining the North Motor Co. office and show rooms.

Both trucks operate on similar principle, the first pumper having an emergency tank capacity of 300 gallons from which water may be pumped through hose to the blaze while hydrant connection is being made, and for emergencies where fire breaks out in sections remote from fire hydrants. Both pieces of equipment are capable of pumping directly from mains or from the reserve tanks under terrific pressure, in two hoses each, and both are equipped with sufficient hose to meet any probable need.

### Fight Grass Fires

With the two trucks available at all times, the newest of the pair has been thoroughly equipped to combat grass fires in the most scientific manner, and will be available for country use without endangering the town by taking all equipment out of the city to fight country fires.

Mr. North estimates that the 450-gallon tank on the new truck will be sufficient to put out a mile of grass fire. A supply of brooms and sacks, with a container for

## Dist. President Pays Visit To Ozona PTA Meet

### Mrs. Riley of Junction Guest Speaker Here Monday

Approximately fifty members and visitors were on hand for the Ozona Parent-Teacher Association meeting Monday afternoon to greet Mrs. W. P. Riley of Junction, Sixth District president, Texas Congress of Parents and Teachers, on the occasion of her first visit to the Ozona association of the current season.

Mrs. Riley addressed the gathering on the organization and work of the association and conducted a school of instruction in association work.

The local association was also honored on the occasion, which was also in observance of the twenty-seventh birthday of the Texas Congress, with a visit from Mrs. S. T. Gilmore of Sonora, honorary life vice president of the district, and Miss Sue B. Mann of Alpine, district high school supervisor for the State Department of Education.

Mrs. W. A. Kay was program leader for the day. With Mrs. Joe T. Davidson, association president, presiding, the program opening with the devotional led by Mrs. H. B. Tandy. Joe L. Haddon, band instructor, presented a violin solo number for the afternoon's entertainment feature.

Mrs. Riley was introduced by Mrs. Bryan McDonald. Mrs. Ted White introduced Mrs. Gilmore, who talked briefly on Life membership in the P.T.A. Each of the visitors was presented with a gift.

## Huge Ballot To Confront Voters November Third

### Slate For General Election Lists Six Party Tickets

A ballot the size of a saddle blanket will be handed voters in the general election November 3 on which to register their choice of office holders from constable to president.

The ballots, delivered to the county clerk early this week, contain seven columns of candidates, six avowed party tickets, and one independent column for voters who fail to find candidates to their liking in the other six columns.

Party slates registered on the ballot include Democrat, Republican, Socialist, Communist, Union and Prohibition parties. The first two named have full slates, Democratic, of course, offering the slate of candidates from president thru all state, county and precinct offices. Republicans offer a full national and state ticket, with the exception of a few state and district offices. All other parties offer a presidential candidate and some have scattered candidates lower in the column.

In addition to the national, state and county candidates upon which voters will be called to mark their choice, there are six proposed constitutional amendments to be voted upon. The proposed amendments include creation of a state monopoly in the sale of liquors, creation of a retirement fund for teachers in state supported schools and colleges, providing for Workmen's Compensation insurance for state employees, creating a state board of pardons and paroles and limiting the governor's pardoning power, raising the salaries of certain state officials, and limiting the representation of the larger counties in the state legislature.

Absentee voting in the general election got under way this week with the casting of two ballots here. The deadline for absentee voting in person is October 30, while mail ballots must be in by October 31.

## Lions Drop Second District Tilt To Rocksprings 20-0

### Locals Drill In Hope Of Tripping Menard For Win Sat.

The strong Rocksprings Bulldogs, led by Sherrill, diminutive backfield ace of the Edwards crew, smothered Coach Ted White's Ozona Lions under a 20-0 score Saturday afternoon on the Rocksprings grid to establish themselves as one of the strong contenders for the 1936 district crown.

Sherrill crossed the Ozona goal for the game's first marker by taking a 30-yard pass from Brown, and then dropkicked for the extra point. Gentry galloped around end for five yards and a second counter, with Sherrill again dropkicking the point. The final counter was again through the air, a 12-yard heave from Gentry to Epperson.

The Lions were roundly outplayed, first downs showing 10-2 in favor of the Bulldogs.

Definitely eliminated from district running, the Lions are drilling this week to make it as hard as possible on the contenders in the three remaining conference contests on the 1936 schedule. First up in the last half of the slate will be Coach Dave Williamson's Menard Yellow Jackets on the Ozona lot next Saturday afternoon.

Coach Williamson's crew dropped a heart-breaker to the Eldorado Eagles last Saturday by the

## Smith Drug To Play Hosts At Party Friday

### Free Ice Cream Sandwiches, Music Feature Evening

The drinks are on the house, everybody's name is in the pot and the ceiling's the limit at Smith Drug Store here Friday night when Manager J. H. McClure and the store force play host to customers and friends at an "open house" party from 7:30 to 8:30 celebrating completion of store improvements, notably the open prescription laboratory.

Thomas Brooks, famous negro pianist and orchestra leader, will furnish music at the piano during the evening's festivities. Guests will be served ice cream sandwiches—and there are plenty of them on hand for everybody, Manager McClure declares. It's everybody's party; you, and you, and you are invited, he says, to listen to the famous Harlem pianist, munch ice cream sandwiches and take a look at the modern prescription laboratory.

Adopting the present trend toward glass enclosed prescription counters, where customers may see the process of compounding drugs into prescriptions, the Smith Drug Co. has completely modernized that department into one of the most attractive sections of the store.

Moved to the center of the back partition, the prescription division is housed behind a plate glass front. The interior has been completely renovated, and drugs and materials conveniently arranged. The whole is lighted by the new indirect lighting system. A neon gas sign with the word "Prescriptions" is mounted above the glass openings.

## Fulmer Accepts Call To Alpine Baptist Church

### Former Ozona Minister Back From Tenn. To West Texas Post

Rev. M. M. Fulmer, pastor of the Ozona Baptist Church for seven years, who left here three years ago to accept the pastorate of the Cavalry Baptist Church in Jackson, Tenn., has accepted a call to the pastorate of the Baptist Church at Alpine, according to information received by friends here.

Rev. Fulmer stopped briefly in Ozona a month ago on his way to Alpine to conduct Sunday services. Announcement of his acceptance of the Alpine call was made last week.

Rev. and Mrs. Fulmer and three children will move to their new location at Alpine shortly after November 1, it has been learned here.

## Mrs. Moore Will Speak Tonight At Methodist Church

### Wife Of Bishop Moore, Other Church Leaders In Meet Friday

Mrs. Arthur J. Moore, wife of Bishop Moore of San Antonio, will deliver a special address at the Methodist Church this evening (Thursday) at 7:30 o'clock, it was announced yesterday by Mrs. M. J. Read, president of the Methodist Missionary Society.

Mrs. Moore will be the principal speaker at an all-day program to be staged by the Woman's Missionary Society here Friday. In addition to Mrs. Moore, Mrs. W. A. Sandlin of San Antonio, vice president of the Conference Woman's Missionary Society, Mrs. R. L. Culbertson of the Mission Home and Training School of San Antonio and Mrs. C. F. Todd, chairman of the San Antonio Mission Board, will be here also and have parts on the Friday program.

Mrs. Moore is said to be one of the church's outstanding women leaders, and is an accomplished speaker. She has just recently returned from a tour of the Orient and has made a special study of the church's foreign missionary field. Her subject for tonight has not been announced, but local church leaders were informed that she would speak on a topic of general interest. Members and friends of the church are extended a cordial invitation to be present and to hear Mrs. Moore. A special musical program has been arranged by the choir for the session.

The program Friday will include sessions morning and afternoon at the church, with luncheon served in the basement at the noon hour for ladies of the church. All ladies of the church are urged to be present for all sessions and other friends of the church are cordially invited.

## Ozonans Attend Dist. Music Club Brownwood Meet

### Miss Carolyn Montgomery Early Delegate; Others To Attend

Miss Carolyn Montgomery was elected delegate to the district meeting of the Federated Music Clubs in Brownwood Thursday of next week, at the meeting of the local club at the home of Mrs. Hilary Phillips. Mrs. H. B. Tandy, president of the local organization and recording secretary of the district, and Mrs. Bascomb Cox, also a member of the district board, will be present at the meeting of the board which will take place Thursday night.

Other members of the club will attend at least part of the session which will last through the weekend. Representatives of the three junior federated clubs, The High School Orchestra, the Boys Choral Club and the Girls Choral Club, plan to be present on Saturday, which will be given over to activities of the juniors.

Mrs. H. B. Tandy will sing Friday night on the fine arts program.

Mrs. Ruth Hill and Miss Ada Moss were elected to membership in the Club at the same meeting.

## 3-Months Old Baby Pneumonia Victim

Funeral services were conducted at 4 o'clock Wednesday afternoon from the home for Bruce Marion Howard, 3 months old son of Mr. and Mrs. James H. Howard, who died at the family residence here at 4:30 o'clock Tuesday afternoon. Arrangements were in charge of the Joe Oberkamp funeral directors.

The child suffered an attack of pneumonia. Mr. Howard is employed at J. H. Williams store.

## HONOR COURT TO AWARD SIX EAGLE BADGES

### Young Ozona Troop To Set Council Record Tuesday Night

## OTHERS ADVANCE

### Tenderfoot, Life Scouts To Be Made At Program Here

Concho Valley Council records will be smashed next Tuesday evening when the Ozona Boy Scout troop No. 53, one of the youngest troops in the council, will advance six Scouts to the rank of Eagle, top rank in Scouting.

This is believed to be the largest number of Eagle badge awards at one Court of Honor session in the history of the Concho Valley Council.

Announcement of the Court of Honor session was made yesterday by Scoutmaster Joe Haddon.

The session will be at the High School auditorium starting at 8 o'clock, and a cordial invitation is extended all parents, all children and others interested in the Scout movement to attend.

Jack Stone, assistant Scout executive of the Concho Valley Council, will be here to preside over the Court of Honor. Bob Billington, Council executive, may also be present.

To be honored with the attainment of Eagle Scout rank at the Court will be Maurice Lemmons, Howard Lemmons, Richard Miller, Jr., Grover Jones, C. W. Taliaferro, Jr., and Scoutmaster Joe Haddon.

In addition to the Eagle Scout awards, two other Scouts, Jack Baggett and Joe Williams will be awarded Life badges and at least five others will take the Tenderfoot investiture. These are Bobby Lemmons, Walter Hill, Barkeley Smith, W. C. Brock and W. B. Robertson.

Ozona troop now has a registration of 28 Scouts. With the expected investiture of five or six to the Tenderfoot rank at the Court of Honor Tuesday, the troop membership will approach thirty-five.

The major objective of the troop and the local committee is the erection of a Scout cabin. It is understood that a considerable sum has already been subscribed to this fund, and realization of the objective is expected to be attained in the next few months. The fund is being raised by popular subscription.

Miss Alberta Kay, daughter of Mr. and Mrs. W. A. Kay, is in Ft. Worth visiting relatives and attending the Centennial celebrations there and in Dallas. She accompanied Mr. and Mrs. Early Baggett, who left the end of the week to take in the Centennial events.

## Baker Is Burned As Gas Explodes In Oven Burner

### Hartley Johnigan Suffers Severe Burns About Face and Arms

Hartley Johnigan, baker at the Ozona Bakery, was severely burned about the face and arms early Tuesday morning when accumulated gas in the big bakery oven exploded when he attempted to relight the oil fire under the oven.

Flames roaring out of the oven fire box door as the gas exploded struck Johnigan on the side of his face, neck and one arm, inflicting severe burns. After the accident, Mr. Johnigan remained at the bakery until the morning's baking was out of the oven and was taken to his home. He was reported doing well yesterday and his injuries are not thought to be serious.

THURSDAY, OCTOBER 22, 1936.

GERMANY'S GOODS

Dallas News: A Hitler spokesman threatens the world with a dumping of cheap German goods unless Germany's colonies are returned. One answer to this might be the suggestion that Germany go ahead and dump. It is difficult in this day of rising trade barriers to see how Germany could get very far with this policy. Even if she did, there is the thought that Germany might be contributing something in the long run to the lowering of the cost of the world's living. In this day of striving of one selfish man against another and one selfish nation against another, we constantly overlook the fact that cheap goods are efficiently produced goods and that efficiently produced goods add to the world's wealth. The man who discovers a way to make an article more economically and sell it more cheaply than it has been made and sold before adds indirectly to the wage of every consumer of that article.

It is difficult, however, to see a way for Germany to maintain such a policy. The threat of dumping is combined with the argument that without colonies Germany has to pay so much for raw industrial materials that nothing is left for food. Germany might dump goods for a short space but the result would be domestic collapse of industry. If Germany were as wise as she might be, she would curb her spokesmen who talk of "guns instead of butter." There is basis for sane reasoning that at least a part of Germany's colonies be more effective than the present course of asinine threats.

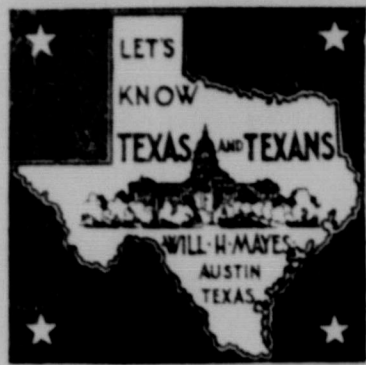

A foreign country that has been urging its King to take a wife seems to be upset just now over the prospect that he may take somebody else's.—Dallas News. Mrs. Ralph Jones has been in San Angelo for several days undergoing medical treatment.

Say "I saw it in the Stockman."

NUTS AND DOLTS

"Yesir! We'll All Be A-Flivin' Soon"

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. Address inquiries to Will H. Mayes, Austin, Texas.

Q. What Texas postoffice has the highest elevation above sea level? S. A.

A. Frijole (meaning beans) in Culberson county, at 5,600 feet.

Q. Please state the main facts in the Austin-Robertson controversy. E. P.

A. Sterling C. Robertson acquired the rights of Robert Leftwich and the Nashville Company, obtained in 1826, to colonize lands north of Austin's grant. In 1830, when he attempted to settle the land, he was informed that it would be in violation of the law of April 6, 1830, forbidding further immigration. His contract was annulled and he was expelled from the country. In February, 1831, Austin and Samuel M. Williams obtained a grant that included part of the Leftwich grant. A little later Robertson's rights were restored and a bitter feeling between the two resulted, which lasted until Austin's death.

Q. On what grounds did the Mexican government restore Robertson's right to colonize the Leftwich grant? E. P.

A. The immigration law of April 6, 1830, allowed empresarios then holding grants one year to colonize the lands. That time had not intervened when Robertson attempted to carry out his contract, nor had it passed in 1831, when Austin and Williams secured their

grant covering part of the Leftwich or Robertson grant.

Q. Tell something of Pendleton Murrah's Texas career. G. S.

A. He was a native of South Carolina; a lawyer in Alabama in early life, coming from there to Texas and locating at Marshall; served Harrison county in the Legislature in 1857; became governor of Texas, Nov. 5, 1863; left the state for Mexico in May, 1865, and died in Monterrey in July.

Q. What prominent Texans were first to advocate separation from Mexico, even at the expense of revolution? G. W.

A. Among the most prominent were Henry Smith, W. B. Travis, Branch T. Archer, William H. and John A. Wharton, James Bowie, R. M. (Three Legged Willie) Williamson, Edward Burleson, J. B. Patrick, Asa Hoxey and Alexander Horton.

Q. When was the "Houston East and West Texas" railway built? E. T.

A. Construction was begun at Houston in 1853.

Q. Was Provisional Governor Henry Smith a school teacher? F. D.

A. He taught a school at Brazoria soon after reaching there in 1827 from the Red River settlement, where he lived when he first came to Texas from Missouri in 1821.

Q. What was the attitude of the San Felipe consultation of November, 1835 with regard to separation from Mexico? T. R. D.

A. The consultation, which set up a provisional government, by a vote of 33 to 15, decided to declare for preserving the constitution of 1824, and stated that while it was "no longer morally or civilly bound by compact of union," it would stand against military despotism and maintain the right of self-government while the disorganization of the Mexican government continued.

Q. What was Austin's version of the Austin-Robertson controversy? E. P.

A. Austin claimed that the government had lost confidence in Robertson's ability to fulfill his contract, had cancelled it and expelled Robertson, that he (Austin) had failed in efforts to have Robertson's rights restored and had taken the grant to protect his own colonists by settling the lands.

Q. Where was the Austin home of the novelist, Amelia E. Barr, in which she taught school? T. W.

A. At the corner of Brazos and Willow streets, now a neglected, tumble down frame structure.

Q. Who were the nine Texans killed at San Jacinto and what has been done to perpetuate memory of them? E. G.

A. Benjamin R. Brigham, Lemuel B. Blakey, Mathias Cooper, George A. Lamb, Thomas P. Fowie, J. C. Hale, Dr. William Motley, A. R. Stevens and Olwyn J. Trask. A small marble shaft was erected in 1881 at their burial place on San Jacinto battlefield, by private subscription.

Q. What place in Texas is called "West Point of the Air"? J. H. G.

A. Randolph Field, a few miles east of San Antonio, the leading training school of the United States for Army aviators.

Q. Where was Stephen F. Austin educated? K. L.

A. At Transylvania University, Lexington, Ky.

Q. Did Stephen F. Austin have a brother in Texas? K. L.

A. James E. Brown Austin, brother of Stephen, born in Missouri in 1803; educated at Lexington, Ky., came to Texas in 1822; spent a year at San Antonio to learn Spanish language; located at Brazoria in mercantile business with John Austin, to whom he was not related, erecting a cotton gin there and engaging in coast trade. He died in New Orleans, in 1829, of yellow fever, while there on a business trip.

Q. When did Texas formally surrender to the Federal Government in the war of 1861-65? B. S.

A. The Trans-Mississippi Department of the Southern Confed-

eracy was surrendered by Generals Smith and Magruder on board a Federal vessel in Galveston harbor, May 30, 1865.

Q. Do any other states than Texas permit consolidation of city and county governments? F. G.

A. Several states have such laws. It is not a new movement even in Texas. As much as 50 years ago the Galveston Progressive Association was discussing the consolidation of the city and county government there for greater economy and efficiency.

TEACHING CHILDREN CENTENNIAL SONGS

Texas children, and grown folks as well, should learn the popular

Texas songs. "The Texas Centennial Song Book," compiled by the Public School Division of the Texas Department of Public Education for Centennial Celebrations, with introduction by John A. Lomax and Music, contains 29 best known Texas songs with both words and music.

"Knowing the songs of the homeland is as important as knowing its history."

Mailed postpaid for only 25¢. W. H. Mayes, 2610 Salado St., Austin, Texas.

I enclose 25¢ in coin, for a copy of "The Texas Centennial Song Book."

### Original Forest Area Texas Reduced To Half Million Acres

AUSTIN, Oct. 21.—Instead of original Texas forest area of 18,000,000 acres, there now is less than one-half million acres covered with old growth or timber, Mrs. Clara H. Lewis of the University of Texas Bureau of Business Research points out in an article on Texas forest resources for the magazine, "East-West." She calls attention, however, to approximately 3,000,000 acres of second growth of pine and hardwood of merchantable value and to another 4,000,000 acres covered with timber which has not yet obtained usable value.

The depletion of the State's forest resources makes it doubly important that every advantage be taken of the development of new products, both from growth timber and from saw mill waste, as a result of chemical research, she said.

### MONTGOMERY HOSTS DINNER AND BRIDGE

Mr. and Mrs. J. C. Montgomery entertained their bridge club with dinner and bridge at their ranch Tuesday evening. Guests were Mr. and Mrs. Lee Childress, and Mrs. H. B. Tandy, Mr. and Mrs. Jack Holt, Mr. and Mrs. J. North, Mr. and Mrs. J. M. Baggett, Mr. and Mrs. Claude Denham and Mrs. Ben Robertson, Mrs. George Montgomery and Mrs. L. Kittle.

Elmon and Charles Powell, Jr., were Big Spring visitors Sunday.

### STAGE BEAUTY WEARS DACHÉ'S NOVEL "CIGARETTE-HAT"

Nancy McCord, glamorous singing star of the recent Broadway hit "May Wine," and former prima donna of the American Opera Company, wears a hat designed by Lily Dache, famous New York designer, and christened the "Viceroy." This stunning model heralds a run of so-called "diplomatic" fashions, and is a particularly flattering adaptation of the new trend toward high crowns and deep backs. The trimming—of black and white crepe satin rolls made in imitation of cigarettes—emphasizes the daring peaked crown.

### Newspaper Advertising Credited By Chevrolet For 1936 Sales Record

One Of Nation's Most Successful  
Business To Use More  
In 1937

DETROIT—Chevrolet's achievement of all-time sales records in 1936, under a policy which made newspapers the front line of the company's advertising offensive, has dictated continuance of that policy in 1937, and especially in the announcement of the forthcoming new models. This statement by C. P. Fisk, advertising manager, was a feature of an all-day party which Chevrolet held for 300 newspapermen this week.

"The 1937 models are the finest Chevrolet has ever built," said Mr. Fisk. "And the advertising behind them measures up to the product itself. Last year and for several years back, we have relied primarily upon newspaper space to get our message across to the public. In light of the amazing sales achievements of 1936, it is hardly necessary to justify to you our intention of adhering to that policy this year. The newspaper will be the foundation of our advertising effort."

### MRS. TANDY HOSTESS TO FRIDAY BRIDGE CLUB

Mrs. H. B. Tandy was hostess to members of the Friday bridge club at her home last week. Mrs. Tom Smith held high score and Mrs. Hillery Phillips, second high. Other guests were Mrs. J. C. Montgomery, Mrs. Lee Childress, Mrs. S. M. Harvick, Mrs. J. O. Lusby, Mrs. W. B. Robertson and Mrs. Nadine Bernays. The house was decorated in the Hallowe'en motif, with marigolds and dahlias.

Say "I saw it in the Stockman."

### Texas Employment Shows 7.5 Percent Gain For September

AUSTIN, Oct. 21.—Reports to the Bureau of Business Research at The University of Texas from more than 1,500 Texas business establishments show a total of 79,773 employees during September, an increase of 7.5 per cent over September last year and 2.9 per cent over August. Average weekly pay rolls totaled \$1,788,723, an increase of 8.9 per cent over September a year ago and 2.9 per cent over August.

Industry groups making better than average gains were building materials, clothing and textiles, cotton oil mills, wholesale and retail distribution, food products, furniture manufacturing, newspaper publishing, petroleum refining and steam railroad car shops.

### Airplane Stunt Team To Furnish Thrills To Expo Crowds Sat.

DALLAS, Oct. 21.—An airplane dive into the roof of a house with the plane's motor wide open and its pilot strapped into the cockpit will climax a program of death-defying stunts Saturday, Oct. 24, at the Texas Centennial Exposition.

Captain F. F. Frakes, former test pilot for the Curtis-Wright

Airplane Company, will pilot the plane. This will be only one of 10 hazardous acts presented by the Frakes-DeLuca dare devil troupe who form the Thrill Show in the Cotton Bowl of the \$25,000,000 World's Fair.

Miss Jean DeLuca, 21-year-old speed demon, will drive a regular stock car over 50 sticks of dynamite, depending on her uncanny ability to escape from a wrecked car to get away quick enough after the explosion to save her life.

Never Mind Whose  
Fault It Was—  
You're Liable!

## Presenting the phenomenal facts about GULFPRIDE

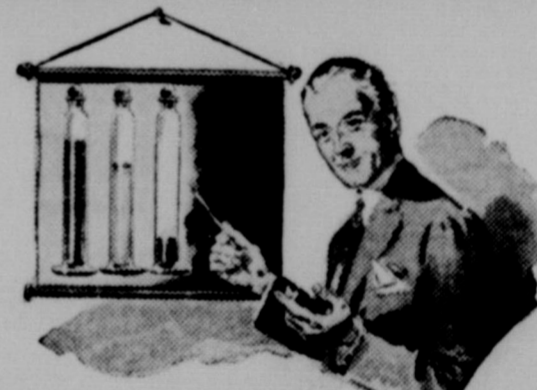

THE WORLD'S FINEST MOTOR OIL

THE facts on this page sound hard to believe. But here is the reason why GULFPRIDE—and only GULFPRIDE—can accomplish such results . . .

Gulf begins with selected Pennsylvania crude, refines it to a motor oil that equals the best—then further refines it by the exclusive Alchlor process.

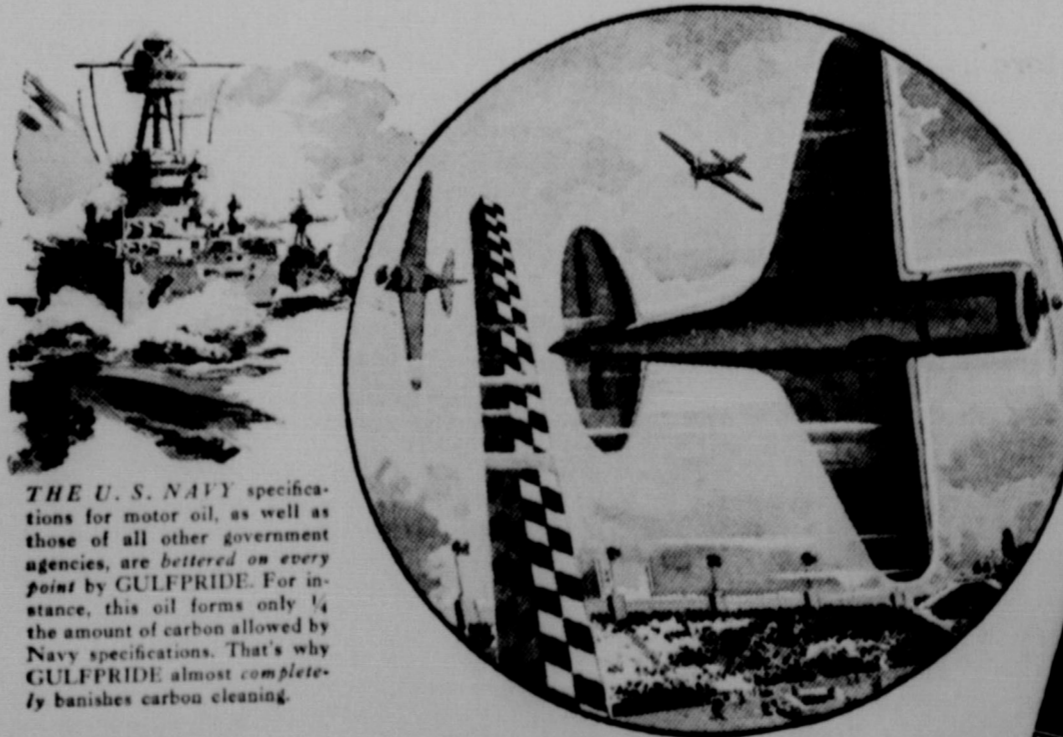

Only GULFPRIDE is made by this process—result of 15 years' research—the same scientific research that has made every Gulf product a leader.

Read the facts below. Then drain your dirty summer-worn oil and refill with GULFPRIDE now. At all Gulf dealers.

AN AMAZING TEST. Bottle No. 1 shows a mixture of 6 famous Pennsylvania motor oils. Bottle No. 2 shows them after being put through Gulf's Alchlor process. Bottle No. 3 shows the 20% waste removed from these already highly-refined oils by Gulf's Alchlor process. This process starts where others stop! That's why GULFPRIDE is the world's finest motor oil.

TOPS IN THE AIR—8 out of the 11 winners in last year's National Air Races used GULFPRIDE OIL, the identical oil you can buy for your car at any Gulf dealer. This "aviator's oil" will take you farther before you need to add a quart than any oil you ever used!

THE U. S. NAVY specifications for motor oil, as well as those of all other government agencies, are bettered on every point by GULFPRIDE. For instance, this oil forms only 1/4 the amount of carbon allowed by Navy specifications. That's why GULFPRIDE almost completely banishes carbon cleaning.

# Salary Raises For State Officials, Limiting Representation Of Larger Cities, Provided In Amendments 5-6

### Last Two Proposals On Nov. 3 Ballot Interpreted By Matocha

EDITOR'S NOTE—Following is the last of a series of explanatory notes on the six proposed constitutional amendments to be voted on by Texas voters at the general election Nov. 3. The discussions of the six proposed constitutional changes were prepared in the office of B. P. Matocha, secretary of state at Austin, and are intended solely for the information of voters and are not an attempt to bias voters in favor of or prejudice them against any one or all of the proposals.

S. J. R. No. 14

Proposal No. 5 to the State Constitution known as S. J. R. No. 14 proposes to raise the salaries of certain Constitutional Officers, namely, the Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of General Land Office, and Secretary of State.

This Amendment provides that the Governor shall receive as compensation for his services an annual salary of Twelve Thousand (\$12,000) Dollars, as compared to the Four Thousand (\$4,000) he now receives, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture.

The salary of the Attorney General would be fixed at Ten Thousand (\$10,000) Dollars as compared to the Four Thousand (\$4,000) he now receives.

The Comptroller of Public Accounts, the Treasurer, and the Commissioner of the General Land Office each hold office for a term of two years, reside at the Capitol of the State during continuance in office, perform the duties required of them by law, and now receive a salary of Twenty-five Hundred (\$2,500) Dollars per year. This Amendment would increase the salary of these officials from Twenty-five Hundred Dollars to Six Thousand (\$6,000) Dollars annually.

The Secretary of State is appointed by the Governor, with the advice and consent of the Senate, and holds office during the term of the service of the Governor. The present salary of the Secretary of State is Two Thousand (\$2,000) Dollars per year and this Amendment would provide for a salary of Six Thousand (\$6,000) annually.

H. J. R. No. 9

Limiting the representation of the larger cities is the clear intent of H. J. R. No. 9 relating to the apportionment of State Representatives for the counties of this State whose population exceeds seven hundred thousand (700,000) people, B. P. Matocha, Secretary of State, declares.

It is provided by this Amendment that no county in this State shall be entitled to or have under any apportionment more than seven (7) Representatives in the State Legislature unless the population of such county shall exceed seven hundred thousand (700,000) people as ascertained by the most recent United States Census.

In the event a county shall have a population in excess of seven hundred thousand (700,000) people, then such county shall be entitled to one additional Representative for each one hundred thousand population in excess of seven hundred thousand population as shown by the latest United States Census.

This Amendment also provides that no district shall be created which would permit any county to have more than seven (7) Representatives except under the above conditions.

Simply speaking, H. J. R. No. 9 would limit the number of Representatives in the State Legislature to not more than seven (7) from any county, unless that county had a population of more than seven hundred thousand (700,000). In that case, one more would be allowed for every one hundred thousand (100,000) above the seven hundred thousand.

PAY FREIGHT ON DIRT

Although Texas has the largest sheep and wool industry in the United States none of the Texas wool is consumed by Texas manufacturers and practically the entire output is shipped to New England in the raw state with Texas paying \$750,000 annually in freight rates on grease and dirt in sending its wool to market, according to a survey of the wool scouring industry which is being made by the Texas Planning Board.

Mrs. Wren Jackson and Mrs. Reginald Atkinson of Best were here early this week visiting relatives and friends. Mrs. Jackson is a sister of A. W. Jones.

### PERSIAN HALFBACK

Omar Fared, University of Chicago halfback, is a Persian. He displayed clever running and passing for Chicago last season. He weighs only 167 but his shiftiness offsets his lack of poundage.

### Missionary Circles Meet Next Week To Pack Orphans Box

Both circles of the Baptist Missionary Society conducted Royal Service programs Wednesday afternoon, the Lottie Moon Circle meeting with Mrs. J. T. Keeton and the Nelson Circle with Mrs. Hugh Gray.

Both circles will meet jointly at the church next Wednesday afternoon to pack the annual gift box for Buckner's Orphan Home at Dallas. Mrs. J. T. Keeton is chairman of a committee to collect material for the box. Other members of the committee are Mrs. C. B. Beil and Mrs. H. A. Moore. Persons wishing to make a donation for the box are asked to call either of these ladies.

Present for the Lottie Moon Circle meeting were Mrs. Jim Patrick, Mrs. W. B. Curry, Mrs. Martha Young, Mrs. Anderson, Miss Maybelle Taylor, Mrs. N. E. Rendall, Mrs. J. H. Williams, Mrs. T.

H. Eastman, Mrs. R. F. Powell, Mrs. Glyn Cates, Mrs. John Pettit, Mrs. H. A. Moore, Mrs. Ira Garrison, Mrs. J. A. Lightsey and Mrs. Keeton. A duet by Mrs. Williams and Mrs. Garrison featured the musical program.

At the Nelson Circle meet were Mrs. C. J. Watts, Mrs. S. L. Butler, Mrs. O. W. Smith, Mrs. J. H. McClure, Mrs. C. B. Beil and Mrs. Gray.

### STRANGE MINERAL

Vermiculite, a strange mineral which floats on water after heat treatment, has been found in Texas by the Texas Planning Board's mineral resources committee and efforts now are being made to interest industry to use it for insulation on ice boxes and hot water heaters. In the raw state vermiculite looks like mica. It is heat resistant.

Mrs. T. A. Kincaid, Sr., is in San Angelo where she is under the care of physicians.

I have now a well equipped to-date Optical Parlor. All high grade watch work. Dr. McCarty, O. D.

Suited  
"My son is a jack-of-all-trades. What shall I do with him?"  
"Buy him a drug store."

## Why shield them from every danger except EYESTRAIN?

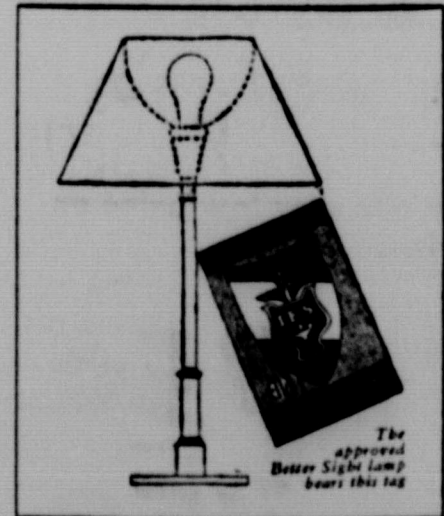

Isn't their sight worth enough to make you find out what your lighting may be doing to it?

You bundle up your children against cold and rain. You see that they are tucked snugly in bed at night. You are constantly on guard lest they be harmed in some way. You try to shield them from every danger . . . but are you sure about eyestrain?

Sight is their most precious possession. Yet do you let them read and play on the floor where the light is never adequate for even simple visual work? Can you say for sure whether the lighting in your home is letting your children's eyes develop normally? Do you know that your child has enough light for his studying tasks?

Don't guess—be sure. There has been too much guessing about proper lighting. And mainly because of improper lighting, one child in every five has defective vision by the time he finishes grade school. The ratio increases to two out of five by the time they reach college age.

The I.E.S. Indirect Floor and Student Lamp is a simple, economical way to be sure that your child is studying under proper lighting conditions. What is more, the entire family can enjoy and will appreciate this modern, better light. See these lamps on display . . . today!

Wide opening at top throws light to ceiling, eliminates shadows.

Glass bowl softens light, prevents glare.

Wide shade spreads light over wide area.

The approved Better Sight Lamp bears this tag

### 100 Apply For Age Pensions Under Texas Law

AUSTIN, Oct. 21.—Total applications for aid received by the State Assistance Commission in number this week. It has been estimated that approximately 300,000 Texans are 65 years of age or over, more than half of the aged population of the State have applied for assistance. About 150,000 are expected to be eligible under the present law.

James V. Allred announced this week that he would be the subject of correcting the present Old Age Assistance law after the Third Called Session of the 44th Legislature a revenue measure. Age assistance checks can be sent out November 1 unless the legislature provides additional funds.

### Of Filthy Flour Condemned By Health Heads

AUSTIN, Oct. 21.—A warning to flour dealers and manufacturers that low standard flour is being offered for sale in Texas today by the State Department of Health's Division of Food and Drugs. At the same time, D. Brooks, Director of this department, sent notices to millers and dealers in flour calling their attention to the law prohibiting sale of adulterated food. He also sent notices to the dealers and manufacturers on Article 707, Chapter 6 of the Texas Food and Drug Law which provides that, in case of flour:

"An article shall be deemed to be adulterated if it consists in whole or in part of a filthy, decomposed or putrid animal or vegetable substance, or any portion of animal or vegetable unfit for human consumption, whether manure or not. The penalty for violating this law is a fine of from five to two hundred dollars."

"It has long been the custom of flour dealers and manufacturers to sift flour and other cereals," Brooks said, "to resort to the practice of sifting out worms and insects from flour which has thus become contaminated and again offering it for sale to the consumer. Public who are ignorant of the fact that the flour has been infested with worms in great numbers, in many cases, dealers and manufacturers seem to labor under the impression this practice is legitimate. In our opinion, this practice is in violation of the State law. Our conclusions are based upon the results of laboratory examinations of many samples of so-called 'reconditioned' flour in which was found segments of worms, insects and their eggs, rat hairs, rat excreta, grit and dirt."

#### Brands Are Mixed

In the case of flour being sifted and resacked, it is often mixed with brands. This is in violation of a law recently passed by the Texas Legislature, which provides that each package of wheat flour, other cereal flour and corn meal shall have the net weight, name of manufacturer (meaning person, firm, association, or corporation which processed the flour or other cereal into flour, or which processed the corn into flour) and the name of the place where milled, printed or plainly stamped on it in letters and figures clearly readable; and that it shall be unlawful for wheat flour, other cereal flour or corn meal, to be offered for sale, offered for sale or within the State of Texas until it shall be so labeled. By this law it will be seen that mixed brands of flour cannot be properly identified as to place of manufacture or name of manufacturer.

Inspectors of the State Health Department are empowered to institute criminal prosecution against any person known to be adulterating or misbranding flour, as defined above, and to bring proceedings against any flour which is reconditioned."

Mr. and Mrs. H. D. Meister and daughter, Betty Jean Rinn Yoakum, and Mrs. Ella Lane, publisher of the Shiner Gazette, Monday night here on their way to Fort Davis to attend the Texas Editorial Association convention. Mr. Meister is publisher of the Yoakum Herald and president of the Texas Editorial Association.

Mr. and Mrs. Ralph Watson and daughter Wanda have returned from Dallas, where they visited the Centennial.

### Fingerprints to Prevent Kidnaping

As an aid toward the prevention of kidnapings, such as have recently occurred, the Macomb County Sheriff's office has fingerprinted more than 400 children. This will make possible a complete record of all children for future identification. Photo shows Identification Officer Patrick O'Grady fingerprinting Kathleen Arnsby, four years old and her brother Bobby, two and one-half.

### Seek To Interest Industry In Texas Mineral Resources

AUSTIN, Oct. 21.—A drive to interest out of state industries in Texas minerals was launched this week by The Texas Planning Board's Mineral Resources Committee.

The committee, armed with 33 volumes of maps showing the location of practically every important mineral deposit in the state, will search out those industries using minerals similar to those found in Texas and then will attempt to induce these industries to help develop the state's mineral resources.

Data contained in the 33 volumes was collected by the committee's mineralogists with the cooperation of several state and civic agencies and of the landowners themselves who have, in many instances, brought the attention of the committee to deposits of rare minerals.

While the drive to "sell Texas minerals" is on, the committee will continue to probe the state's great underground treasure vaults for additional minerals and new deposits.

#### BACK FROM DALLAS

Mr. and Mrs. Joe Pierce returned the first of the week after spending a week in Dallas visiting their daughter, Miss Esther Kate Pierce, a student at Southern Methodist University, and attending the Centennial celebration. They were accompanied on the trip by Miss Mary Alyce Smith, daughter of Mr. and Mrs. Tom Smith.

### THIS WEEK IN TEXAS HISTORY

(By T. S. College for Women)

#### WEEK OF OCTOBER 18

1836—Sam Houston was inaugurated president of the Texas Republic on October 22, and Mirabeau Lamar, vice president. Up to this time Houston had served as commander in chief of the Texas army.

1839—The brig, "Colorado" was delivered in Galveston on October 18. It was one of the six ships ordered for the Texas navy.

1840—Captain E. W. Jordan fought his way out of a trap near Saltillo on October 23, leaving 400 Mexicans dead.

1854—The cornerstone of the first barracks was laid at Fort Davis on October 23 by frontier guardsmen acting under orders from the war department.

Mr. and Mrs. Walter Childress returned last week from San Angelo, where Mrs. Childress recently underwent a serious operation. Mr. Childress is confined to his bed this week suffering from a severe cold that was feared to be bordering on pneumonia.

N. E. Rendall was a business visitor in San Angelo Monday.

Mrs. Lionel Slider and Mrs. William Chilton have returned to their home in Comanche, after spending a few days with their parents, Mr. and Mrs. L. J. Kittle.

Mrs. C. W. Williams of Comanche spent last week-end with her son Preston Williams and family.

Mr. and Mrs. Billy Montgomery were here from Houston this week visiting relatives.

Mrs. C. M. Tandy, mother of Dr. H. B. Tandy, who has been visiting the Tandy family here the past two weeks, will leave Sunday to return to her home in Abilene. Mrs. H. B. Tandy will accompany her for a brief visit with relatives in Abilene.

### STATEMENT OF OWNERSHIP, Management, Circulation, Etc., Required By The Act Of Congress Of August 24, 1912.

Of The OZONA STOCKMAN published weekly at Ozona, Texas for Oct. 1, 1936.

#### STATE OF TEXAS COUNTY OF CROCKETT ss.

Before me, a notary public in and for the State and county aforesaid, personally appeared W. E. White, who, having been duly sworn according to law, deposes and says that he is the publisher of the Ozona Stockman and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: W. E. White, Ozona, Texas.
2. That the owner is: W. E. White, Ozona, Texas.
3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.

W. E. WHITE.

(SEAL)

Sworn to and subscribed before me this 20th day of Oct. 1936, N. W. Graham.

(My commission expires June 30, 1937).

Mr. and Mrs. Carl Pettit, who ranch near Snyder, visited relatives here for the week-end.

Miss Totsy Robison, daughter of Mr. and Mrs. P. T. Robison, and Jake Miller, son of Mr. and Mrs. Rob Miller, both students at Abilene Christian College, spent the week-end here visiting their parents.

### FIRE DEPT.—

(Continued from Page 1)

water in which to wet them, has been placed in the fire house beside the truck for the use of volunteer fighters who will follow the engine sweeping out sparks.

With the equipment, the head of a grass fire will be attacked first by the engine, a few volunteer fighters afoot following the engine and sweeping back the sparks to prevent a new start, work which will be much lighter than required of citizens who have fought blazes with wet sacks, brooms, etc in the past.

Under pressure set at between 40 and 50 pounds, water will be sprayed a few inches in front of the burning grass by a hose operator sitting in the seat beside the truck driver. The truck being equipped with windshield, the hose operator can shield himself from the heat of the blaze while working effectively with the hose as the truck is driven along the path of the traveling fire. Grass burning along the side of the grass fire swath having a tendency to back fire and thus to spread slower, it is the theory of the fire fighting crew that the new truck will be able to control almost any blaze that might break out in the area by refilling after knocking out the lead fire, and going back to extinguish the side fires.

#### Filled In 5 Minutes

The truck is equipped with suction hose, and with the pumps reversed, the 450 gallon tank can be filled in less than five minutes from a water tank or any body of water. In fighting grass fires, the pumper, after exhausting the reserve tank, can be raced to the nearest water tank, refilled and brought back to continue the fight.

In personnel, the local fire department has eight men available at instant notice during the daylight hours, and all subject to call at night. One man is constantly on the job at the North Motor Co., available for fire fighting duty, and, day or night, other members of the force are required to respond to alarms.

All members of the garage force, report first to the fire station and if the truck is gone, they go to the fire. In cases of emergency, the second to arrive will take the second truck to the scene of the blaze. The two available trucks, with their quota of 750 gallons of water available for instant use, will make it possible for the department to have water on the fire in any town building within two minutes after receiving the alarm. In case of fire in outlying sections away from hydrants, the engines can be alternated, one pumping while the other is refilling and keep water constantly on the fire.

#### Quick Get Aaway

A spring controlled door makes it possible for one man to open the big front doors to the building housing the fire engines in a matter of seconds. A sloping floor allows the big engines to roll to a start in the event of unforeseen starting troubles. However, the batteries in both trucks are charged regularly every two weeks, a new battery being put on the trucks at two-weeks intervals, and the motors checked and kept in perfect condition at all times. Chemical equipment on the No. 2

### JUST HUMANS

By GENE CARR

"Yes, Mrs. Guff, They Say He Had So Many Stitches Put In It, They Had T'use th' Sewin' Machine On Him."

### "INFANT IN POLITICS"

Dean John R. Murdock of the Arizona State Teachers college at Tempe, Ariz., a self-styled "infant in politics," who defeated eleven Democratic candidates for the state's long congressional seat. His nomination is considered tantamount to election. He will succeed Representative Isabella Greenway, who is retiring.

### Orchestra In Auto Crash; Dance Here Friday Is Canceled

Members of the orchestra figuring in a car wreck which demolished their bus, the dance scheduled for Friday evening at the Hotel Ozona has been canceled, it was announced last night by Tommy Young, sponsor of the event. Thomas Brooks, famed negro pianist and his orchestra, were slated to play for the local dance. The orchestra members were between Odessa and Big Spring when the accident occurred. The bus was so badly damaged that it was impossible for the players to keep the local engagement and it was called off until further notice.

### MRS. DAVIDSON IS CONTRACT HOSTESS

Mrs. Charles E. Davidson, Jr., entertained members of her contract club Wednesday afternoon at her home. Mrs. Jake Short was awarded high score prize for the club. Mrs. Joe Davidson took guest high and Mrs. J. W. North, cut. Other guests were Mrs. Gertrude Perry, Mrs. Jack Holt, Mrs. Hilary Phillips, Mrs. J. O. Lusby, Mrs. Evert White, Miss Wayne Augustine, Mrs. Sherman Taylor, Mrs. Welton Bunker and Mrs. Nadine Bernays.

Dr. and Mrs. H. B. Tandy had as their guests the past week-end, Dr. Tandy's sister, Mrs. Margaret Ellis, and Miss Ann Pace, both of Abilene.

Miss Renabell Townsend underwent an operation for appendicitis in a San Angelo hospital Monday.

### Dist. President—

(Continued from page 1)

At the conclusion of the program, hostesses for the day, including Mrs. W. A. Kay, Mrs. S. M. Harvick, Mrs. Welton Bunker, Mrs. Ben Robertson, Mrs. Marbury Morrison, Mrs. W. S. Willis and Mrs. Charles Coates served a delicious salad plate. The tea table was laid with a lace cloth, with a centerpiece of marigolds.

### Lions Drop—

(Continued from page 1)

margin of a safety. The final tag was 9 to 7 for the Eagles. The former Eldorado Coach, who piloted the Eagles to a district crown, has a strong aggregation this season, and, of course, are doped to drub the Lions, but the locals are in close formation this week in the hope of concocting a potion that will trip the invaders and give the Lions their first taste of conference victory. The game will be called at 3 p. m.

Hugh Boyd, employed on the Sol Jones ranch, has returned here after receiving treatment in San Angelo for a leg injury suffered last week when a horse fell with him at the ranch.

truck, is augmented by similar equipment carried on the No. 1, the old Model T Ford truck that served Ozona for many years, but was long outmoded as fire fighting equipment.

A sizable reduction in Ozona's fire insurance key rate is expected to be granted as soon as the State Fire Insurance Commission makes a new check. The town is penalized for having two small mains, for not having a reserve tank at the water works for fire use and for other conditions, but the carefully equipped and well-manned fire department will no doubt result in a considerable saving for property owners in rate reductions as soon as inspectors can be brought to inspect the set-up.

### Penitentiary Agent Gets Prisoner Here

An agent of the state penitentiary system called by Ozona early this week with the system's "Black Maria" and took over custody of Enrique Gutierrez, local Mexican, who was sentenced to a term of two years in the penitentiary at the September term of district court here.

The pen agent had three other prisoners in the wagon cage transporting them to the Huntsville prison. One was the last of a group of negro prisoners who escaped from one of the prison farms recently. The negro was captured in Arizona. All of the other escaping prisoners were caught in the vicinity of their break.

Gutierrez was sentenced by Judge Joe Montague on his plea of guilty to a charge of burglary and theft growing out of burglary of the Roy Parker tailor shop and theft of a quantity of clothing.

### JUNIOR WOMAN'S CLUB IN MEETING TODAY

The Ozona Junior Woman's Club will hold its meeting this afternoon at the home of Mrs. J. O. Lusby. Dr. H. B. Tandy will deliver a health talk and Miss Hester Bunker will give a paper on government.

A lady in Chicago is suing her husband for divorce because, she says, he beat her twice a week for 12 years. Well, she may be justified and all that, but you'd think she'd be used to it by this time. —Appleton Post-Crescent.
