## Davidson Lambs Top Weight With 73 Pound Average

### First Of Deliveries In Mass Sale Are Made This Week

Mrs. Charles E. Davidson has again topped the weight figures for Crockett County lambs, it is conceded by growers, when her lambs were delivered at Barnhart this week at an average weight of 73 pounds.

Charley Davidson, Jr., Joe Davidson also delivered their lambs at Barnhart. Charley's weighing up at an average of 69 pounds and Joe's at 67. Bill Grimmer's and J. M. Baggett lambs were among other deliveries of the week.

All of these lambs were received at Barnhart by Jess Elrod, purchaser of approximately 50,000 head of Crockett County lambs in a recent mass sale by some thirty Crockett County growers. The lambs brought 8 cents a pound and are to be consigned to northern feeders.

Mrs. Davidson's choice lambs numbered approximately 1,000 head and will bring her \$5.84 a head.

## Mrs. Hill Not To Return To Teach Piano Class Here

Mrs. Ruth Hill, who taught piano in connection with the public schools here last year, will not return to resume her classes during the coming school session, she has informed C. S. Denham, superintendent of schools, Mrs. Hill's home is in Kennedy, Texas.

A successor to Mrs. Hill has not been selected, the superintendent said.

## Balloting Begins For Selection Of PB All-Star Team

### Picked Players To Contest Texon In Labor Day Classic

Texon is making preparations for the annual Labor Day celebration, a feature of which is the annual baseball game between a team of Permian Basin All-Stars and the Texon Oilers.

Announcement was made this week by Fred Haddock of Texon, secretary of the league, of the opening of the vote contest for selection of players for the all-star team. Fans of the area will pick their all-stars to contest the Texon team, players receiving the largest number of votes being chosen on the 15-man team which will be pitted against the strong Texon team.

Votes may be sent in at once to Fred Haddock at Texon. Ozona fans took a big interest in last year's balloting through which several players on the Giant squad were selected for the team and the local manager, Slim Harriss beat out Manager Bob Osborne of the Crane Gulfers for the managerial job with the all stars.

A big percentage of Ozona-Sonora team players are expected to be selected on the 1937 all stars.

## Ozona Youths To Attend Institute At Menard Aug. 16

At least six, and possibly more young people of the Ozona Methodist Church will form the Ozona delegation to the District Institute to be held in Menard August 16 to 20, it was announced this week by Rev. Eugene Slater, pastor.

A splendid program has been arranged for the Institute and the young people are looking forward to it as one of the high spots of the year's activity, the minister said.

## Youngest Mother Has Second Baby

Mrs. Daniel Gonzales, thirteen years old, of Port Arthur, Texas, proclaimed the youngest mother in the world 18 months ago, recently gave birth to another baby. She is shown with Robert Lee (left), and Estella Alice (right). The first baby was born in January, 1936, before the child-mother was twelve years old. The second was born less than a month after the mother was thirteen. The father is twenty-two, a refinery worker and a musician.

## McCullan Sells 6,000 Lambs At \$5.50 Per Head

### T. A. Kincaid of Ozona Buyer; Delivery September 15

Crockett County lambs set the pace in price this week with the sale of 6,000 head at a new high by-the-head price of \$5.50.

The sale was made by Frank McCullan, who ranches in the northwest part of Crockett County, with headquarters at Big Lake. Buyer was T. A. Kincaid of Ozona. The lambs are to be delivered at Rankin September 15.

## Water Works To Be Paid \$40 Annually For Each Fire Plug

Crockett County Commissioners Court, sitting in session here this week, granted the application of the Ozona Water Works for a stipulated annual payment for upkeep of the eleven fire hydrants in the town of Ozona.

The court granted the water company an annual compensation of \$40 for each fire plug for maintenance and water supply used in flushing mains and fighting fires.

Mr. and Mrs. Will Baggett and Mrs. B. B. Ingham have returned from a vacation visit to Yellowstone National Park and other points of interest.

## Study Proposed Ranch Road Thru Serving 09 Area

### Residents Of Section Petition Court For Graded Road

Ranchers living in the vicinity of the 09 ranch north of Ozona may get a better road outlet to Highway 163 as a result of action of the Commissioners Court here this week in naming a committee from the court to study the best route for a connecting road.

The court's action was in response to the request of a delegation from the 09 community for a road through the A. C. Hoover or Bissett pastures a distance of three or four miles. The court named a committee composed of Commissioners Rob Miller, E. R. Kinser and Charles Black and Bill Littleton and County Surveyor Bill Conklin to meet a committee from the petitioners on the site Tuesday morning. A study of the situation was made by the group, its report to be made to the Commissioners at the next session.

## Infantile Paralysis Causes Cancellation A & M Short Course

Because of prevalence of infantile paralysis in various sections of Texas, the annual Farmers' Short Course and Agricultural Agents' meeting, scheduled at A & M College August 16 to 20, has been cancelled. County Agent C. J. Van Zandt was informed by telegraph yesterday.

The telegraphic notice was sent out by H. H. Williamson, state director of A & M Extension Service. Mr. Williamson stated in his wire that no cases of the disease had been reported at the College but that because of existence of the disease over the state, the state health officer, Dr. George W. Cox, had advised against holding the Short Course, which would draw young people together from all sections of the state.

## Derrick Erected For Moore Bros. Perner Deep Test

### Preparations Near Complete For Ordovician Test

The water well has been drilled and derrick erected on the site of location for a scheduled Ordovician test to be drilled on the Paul Perner ranch in this county by Moore Bros. of Midland. The well is to be drilled with Diesel powered rotary equipment.

Moore Bros. No. 1 Perner is scheduled to go 8,000 feet unless production or sulphur water is found at a higher level. The test is to be drilled by Loffland Bros. of Tulsa. Ben Barlow, head driller for the company, is making his residence here during drilling operations.

Location for the well is in the center of the northwest quarter of section 37, block 2, I&GN Ry. Co. survey.

Mr. and Mrs. Carl Pettit were here this week for a visit with Mrs. Pettit's parents, Mr. and Mrs. George F. Davis. Mr. Pettit returned to the ranch near Snyder, while Mrs. Pettit will remain here for a further visit with her parents.

Mrs. Clinton Glover and daughter, Joanne, returned yesterday to their home in Ballinger after a visit here with Mrs. Glover's parents, Mr. and Mrs. N. W. Graham.

Mr. and Mrs. Lowell Littleton will leave the end of this week on a vacation trip during which they will visit relatives in Lubbock and Abilene. Mr. Littleton is assistant cashier of the Ozona National Bank.

## 61 Runs Chalked Up By Two Teams In Brace Games

### Ozona - Sonora, Iraan Nines Divide Honors In Slug Fests

Sixty-one scores in two ball games was the record or near record hung up by the Iraan and Ozona-Sonora ball clubs during the week-end.

Fans who witnessed the slugfest at Iraan Saturday afternoon, in which Sam Gray's league-leading contingent blasted down the Ozona-Sonora combination by a count of 14 to 10, thought they had about as much for their money as two ball clubs could standup to give them.

But the two contingents outdid themselves in Sunday's game at Sonora, wherein the Ozona-Sonora lads, first half title holders, nosed out the second-half threat by a lone tally. The count was 19 to 18! It was a twelve-inning, 39-hit, 37-run ball game that almost continued "far into the night," the locals finally pushing over one in their half of the twelfth to untie the deadlock and win the day.

Iraan held a 15-5 advantage to the last half of the seventh, when the big sticks of the twin town team began to boom. In that half of the inning the locals chalked up nine runs, pushed over three more in the eighth to take a two-run lead. The visitors tied up the game in their half of the ninth with two tallies. Both teams scored one in the eleventh—and the ball game went on. Iraan failed in their half of the twelfth and the locals' one run in that frame did the work.

Lefty White flung the nine for the Station team. Eddie Ratliff coming over from third to chuck the last three in fine fashion. Iraan pitched its entire staff, including Manager Sam Gray, who started, B. Paige, Williams and Jack Paige. The Ozona-Sonora nine gathered twenty hits and the Iraan crew nineteen.

The split leaves Iraan still in the lead for the second half championship. Crane, scheduled to meet the defunct McCamey Macks, was idle, as was Roy Gardner's Texon crew.

The Standings

Team	G	W	L	Pct
Iraan	10	7	3	.700
Crane	8	5	3	.625
Ozona-Sonora	10	5	5	.500
Texon	8	3	5	.375

Schedule: Saturday—Iraan at Texon; Sunday—Texon at Iraan.

## Childress Ranch Fire Burns Over Near 2 Sections

### Blaze Started From Edge Of Pavement On Highway

A grass fire, starting from the edge of the pavement on the Ozona-Barnhart highway, burned over nearly two sections of grass and on the P. L. Childress estate ranch north of Ozona Tuesday afternoon.

Both fire trucks from the Ozona department, each equipped with water storage tanks for emergency fire fighting, were used in beating back the rapidly spreading flames. A number of volunteer fighters from Ozona assisted in fighting the flames.

It was believed that a cigarette or match, thrown from a car passing along the highway, set off the fire, which spread from the right-of-way into the adjoining pasture on the west side of the highway.

Another fire in that vicinity Sunday, on the Joe Pierce ranch, was brought under control with little damage. The fire from the lane spread over a small area inside the pasture fence before being extinguished.

## Marshall Montgomery Leases 12 Sections Geo. Thompson Place

Marshall Montgomery will take possession October 1 of a twelve-section ranch which he has leased from George Thompson on the Pecos River in this county.

Mr. Montgomery also purchased 1500 head of ewes now on the place and will buy additional sheep to stock the ranch to capacity. Mr. and Mrs. Montgomery will make their home on the ranch as soon as they take possession.

## PB Teams Vote To Finish Schedule With McCamey Out

### Withdrawal To Leave Two Of Four Idle Each Week-End

Representatives of the four teams remaining in the Permian Basin League after withdrawal of the McCamey Macks, cellar dwellers since opening of the season, in session at Texon Tuesday night, agreed to continue the schedule as originally arranged with the exception that all McCamey games listed will be cancelled and omitted from consideration in computing team standings.

The McCamey team folded up after a severe beating at the hands of the league-leading Iraan Oilers the previous week-end, but announcement was not made until late last week, making it impossible for other teams to rearrange the schedule to provide a game for the Crane Gulfers and the Texon Oilers last week-end.

Under this arrangement, two of the four teams will remain idle, so far as league competition is concerned, each week during the remaining four weeks of the season. The set-up gives Crane and Texon teams six more games each to play and Ozona and Iraan four more each.

The Ozona-Sonora team will be idle the coming week-end, the games having been originally scheduled with McCamey, while the Iraan Oilers and Roy Gardner's Texon crew mix it Saturday in Texon and Sunday in Iraan. The following week-end finds Ozona-Sonora tangled with Crane, August 28 and 29 will see all four teams in action, Ozona-Sonora against Texon and Crane against Iraan, and the final week, September 4 and 5, puts Crane and Texon in battle for the title.

## Conservative Spending Urged Under Soil Act

Until definite information is available as to allowances that are to be made for the various range practices under the Soil Conservation program, ranchers who are depending on the government payments to cover their expenditures should stay well under estimated allowances, County Agent C. J. Van Zandt advised Crockett County ranchers in a statement this week.

So far it has been impossible to get definite assurance of full approval of estimated allowances, the agent said, and it is feared that these estimates may be cut. Ranchers who do not want to exceed the government allowance in expenditures for this purpose are urged to hold expenditures to 75 or 80 percent of estimates, at least until more definite information is available.

### CHILD RECOVERING

Mrs. John Bowers returned last night with her daughter, Barbara, from Abilene, where the child was taken last week to a hospital for treatment for a severe illness. Attending physicians found the child suffering from a glandular disturbance which was brought under control, and she is now well on the road to recovery. Mr. Bowers, cashier for the West Texas Utilities Co. here, returned earlier in the week from Abilene.

## Delinquent Tax Payments Sought By County Heads

### Commissioners Order Attorney To Take Necessary Steps

Crockett County squared off for action in bringing about payment of delinquent taxes due the county when the Commissioners Court here this week passed an order directing County Attorney N. W. Graham to take charge of the matter of collecting such delinquent taxes.

The court observed in its order that a number of taxpayers had allowed taxes to become delinquent, and ordered the tax collector to prepare a delinquent list, bringing it down to date.

The county attorney was directed to take steps to collect any and all delinquent taxes, bringing suit, if necessary, in any instance to secure payment of delinquent amounts.

## A & M Engineer Here To Check Tank Building

### Inspection To Be Made Of Construction Under Soil Plan

H. R. Bentley, agricultural engineer from A & M College of Texas, is scheduled to be in Crockett County today for the purpose of inspecting dirt tanks being constructed by local ranchers under the Soil Conservation program, it was announced yesterday by C. J. Van Zandt, county agent.

Mr. Bentley will inspect the work that is being done on the Max Schneemann, Tippet, Ollie Parker and other ranches where tanks are being constructed to retain flood waters. The engineer will give the local Soil Conservation office definite instructions for measuring the tanks to determine the yardage of dirt, the basis upon which payment is made for the construction work. A few concrete header tanks are being built or contemplated under the program, payment to be made for such construction on the basis of the number of cubic yards of dirt which would have been necessary to hold the same amount of water as the concrete retainer walls.

## West Texas Scouts Offered Swimming Life Saving Course

Swimming and life saving will be made available to Scouts of San Angelo and vicinity each Thursday afternoon at Lake Nasworthy, during August. In response to requests of many Scout Leaders, an opportunity is being given by the Senior Scout Unit of San Angelo for their brother Scouts to learn to swim. Beginning, First Class and merit Badge swimming as well as taking life saving test, so that they may qualify for higher rank during the winter months, will be taught.

The Scouts will gather each Thursday afternoon at 5:30 at Lake Nasworthy. Instruction will continue for one and half hours. Scout Leaders in the Concho Valley Council are invited to bring their Scouts and join in the instruction period. A water carnival will be held at the close of the course on September 2nd.

### TO BUILD NEW HOME

Mr. and Mrs. Frank McCullan have awarded contract for construction of their new home in Big Lake. Kay Johnson, Ozona contractor, has been awarded the contract.

C. J. Watts, former Ozonan, now operating a filling station in Odessa, was a business visitor in Ozona yesterday.

THURSDAY, AUGUST 12, 1937

THERE'S A NEED EITHERWAY

Should the defense of William McCraw, attorney general, of the \$22 school apportionment prove to be based on law, or on lack of law, there should be an amendment of the law, if the former, or enactment of a law, if the latter.

For if Texas taxpayers are to be required to pay on a rate established by an appointed board, responsible to no one, then indeed is the hope for tax reduction, or even for no increase, utterly hopeless.

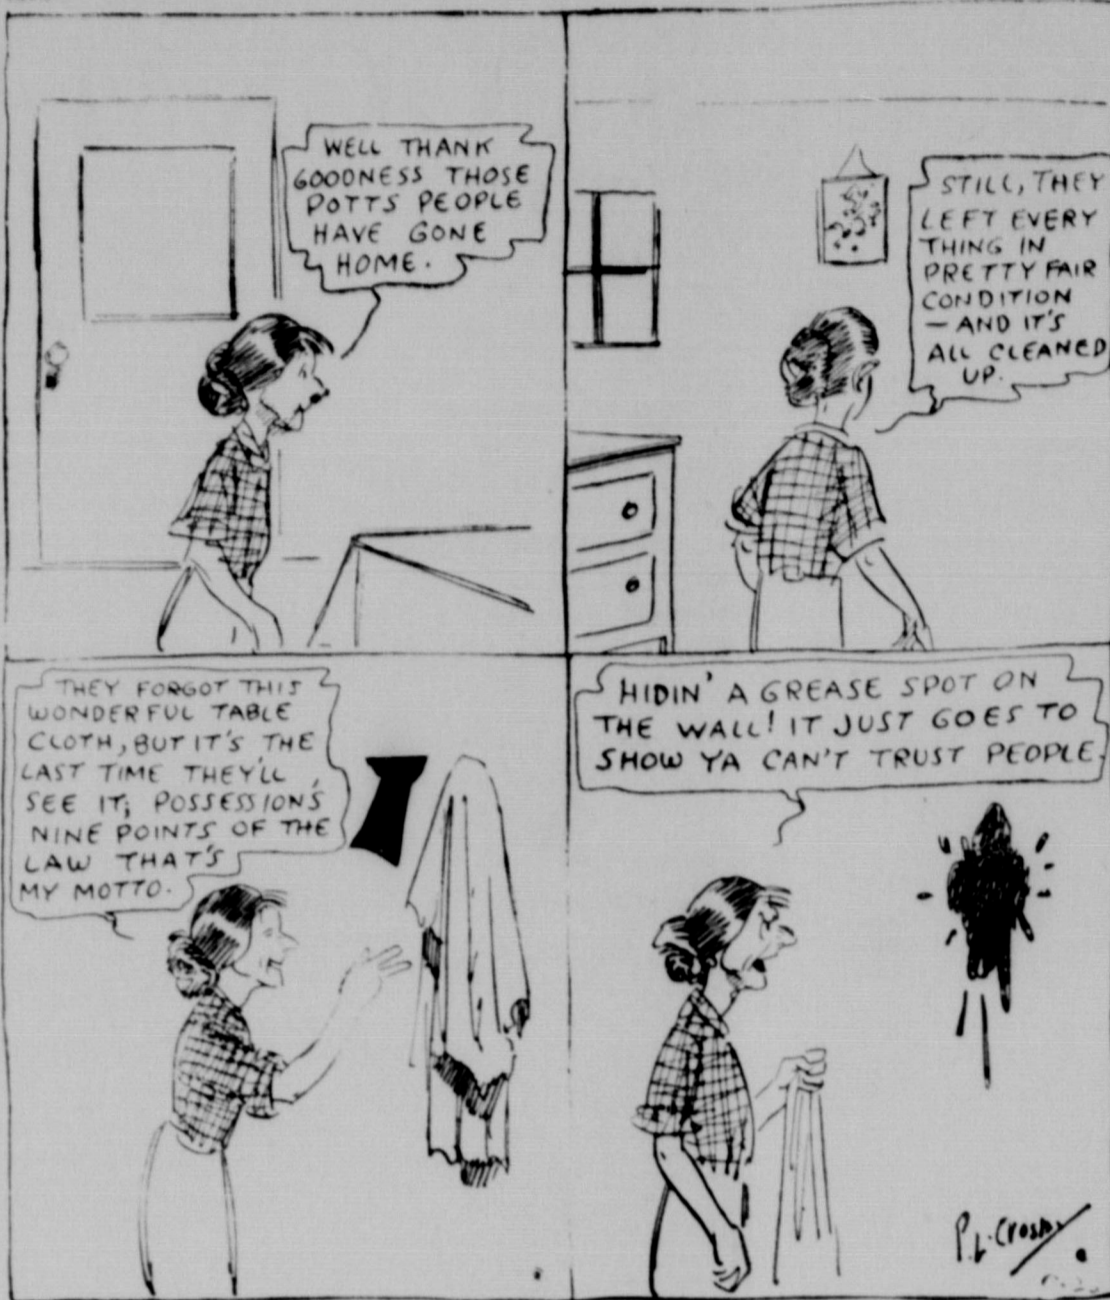

If the State Board of Education has the legal power to set a tax rate—and that is what was done when it set an apportionment at \$22—then the regents of the University should have the same authority to say how much money that institution shall get, the Sanitary Livestock Commission and all other such bureaus the same power.

The Times takes off its hat to no one in its interest in the cause of education in Texas, and files of The Times for more than 50 years will show that it makes this assertion with proof to back it. But The Times objects to any person or any commission or any other authority or self-appointed authority making a tax levy while the constitution says that such levy is the duty of the Legislature and no other.

The 35 cents limit on school and general levies was put in the constitution to limit even the legislature. That body, in turn, authorizing the action of the Auto-

By PERCY CROSBY

Three Rooms and Bath.

matic Tax Board, provided that as much as 17.50 must be provided. When more than that is needed, let the Legislature, the elected representatives of the people, say so, or let those who believe the Board of Education should have tax levying power submit to the people a constitutional amendment giving that power. —S. A. Times.

NO EXCUSE FOR IDLENESS

Down in South and East Texas, relief authorities are issuing ultimatums to those on relief rolls that they "go to the cotton patch" or else. Cotton farmers are crying for pickers, and the government relief organization is at last making a move to release their "clients" to private employment.

A similar move in West Texas would possibly make available the much needed labor in the widespread prickly pear digging opera-

tions now in progress. If there is an able bodied man on relief in West Texas now he should be sent to the pear infested hills and draws of West Texas, where ample employment is now available.

Many ranchers and prickly pear digging captains are finding difficulty in getting enough men to carry on the operations. The idle in these parts nowadays should be thoroughly investigated, and if they don't have "visible means" they should be shown to the nearest field of operation.

Moving of Crockett County's always choice crop of lambs is an annual Fall inspiration. This county's lambs, and wool crop as well, always commands the respect of buyers, brings premium prices, because of careful breeding and development of flocks. An estimated 300,000 lambs will move out of this county this fall.

Joe Sellers Pierce, III has leased the Pierce south ranch from his father, who will take over operation of the north ranch, located a few miles north of Ozona, which young Pierce has had under lease. Sherman Taylor is leasing a part of the Pierce land to the south of Ozona.

Mrs. A. W. Jones will conduct her classes in expression and dramatic arts during the coming school session. Classes will begin with the opening of school.

BETRAYAL

Love beckoned and I followed; Her sign invoked no loss, And yet, she left me stricken Before a wooden cross.

Love beckoned and I followed; She led me to a mart And bought a jeweled casket That held my bleeding heart.

Love beckoned and I followed; I was her passive slave, She vanished when I stumbled Upon a new-made grave.

—Ruth Averette, Fort Worth, Author of Salute To Dawn.

THESE THINGS I ASK

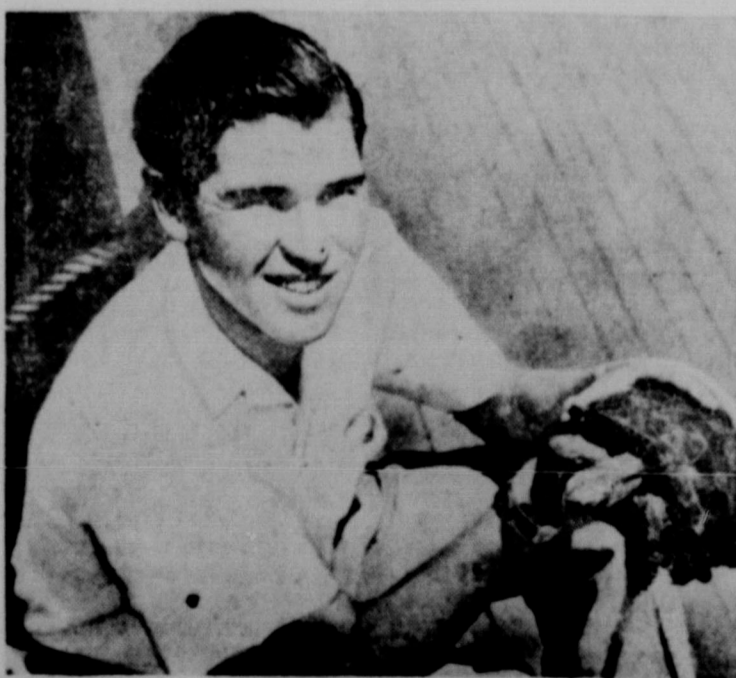

A little band upon my finger, A little home in which to linger; Two little tots upon the floor, A friend and neighbor right next door.

A little money laid away, A little dream from yesterday, A little hope for dim tomorrow, To be a mother and a wife Is all I ask of you, O Life.

—Edna Brewer Abbott, Big Spring.

Neither beauty nor Brilliance may ever be bought

Socialite Back From Wild Life Hunt

Bronzed George Vanderbilt, twenty-three-year-old socialite, pictured aboard his yacht, Cressida, on his return from a 20,000-mile, six-month cruise in the South Seas during which he gathered about 20,000 wild-life specimens for the Philadelphia Academy of Natural Sciences. George is shown with Tag-Along, the tortoise-mascot he picked up on the Galapagos islands.

On a bargain bench. Margie B. Boswell, Fort Worth, Author of The Upward Way

MY MAN

My man is a quiet man, Loving his home, But I have a restless heart I long to roam. He wants a little house Down in a glade, I dread the thought of it— Too much shade. He thinks an apple tree Right for the door, I choose windy pines And great ocean's roar. But, O my love's a true man And dear is my home— My heart stays with him, While my wild dreams roam. —Elsie Parker, Dalais.

Mrs. Morris Miller of Snyder is here this week for a visit with her mother, Mrs. F. W. Wyatt. Mr. Miller will come the end of the week to take his wife home.

WEST TEXAS LBR. CO. "Serving West Texas"

### Practical Cookery

Dept. Home of Economics  
Texas State College for Women

Denton, August 11—Good stand bys are a boon to every cook, and when a dependable, easy-to-fix dessert appears it is time for rejoicing.

The answer is—Gelatin. Not the plain, monotonous gelatin concoctions that friend husband will make remarks about, but clever variations that draw requests for second helpings.

**Foundation Recipe—Lemon Jelly**  
2 T. gelatin, 1 c. cold water, 2 c. boiling water, salt, 1/4 c. sugar, 1/2 c. lemon juice. Soak the gelatin in cold water for five minutes and then dissolve in the boiling water. Add sugar and stir until dissolved; add lemon juice. Strain into wet moulds and chill.

Other jellies are made in the same way, except the fruit juice is substituted for the hot water in the recipe, and 2 T. lemon juice are added instead of the half cup full in the recipe.

#### Orange Whip

Prepare as foundation recipe and allow to congeal a little and then whip.

#### Mocha Sponge

1 T. gelatin, 1 1/3 c. strong boiled coffee, 1/2 lemon juice, 1/4 c. sugar, 2 egg whites, salt. Soak the gelatin in cold water for five minutes and add to the hot coffee; then add the sugar and lemon juice. Strain into a pan and set in a larger pan of chopped ice; cool slightly and then beat, using a Dover beater, until the mixture is quite stiff. Add the whites of the eggs beaten until stiff, and continue the beating until the mixture will hold its shape. Turn out into a wet mould and chill thoroughly. Serve with whipped cream.

#### Blanc Mange

2 T. gelatin, 4 c. milk, 1/4 c.

### BIG ONES THAT DIDN'T GET AWAY

(Upper left) R. P. Lincoln, noted outdoor enthusiast of Minneapolis, had a tussle with this big lake trout; (upper right) mountain trout caught by Napoleon Nadeau; (lower right) bass beauties like these are a common sight in land of 10,000 lakes (photos courtesy Sports Afield).

sugar, 1 E. vanilla, and 1/4 t. salt. Soak gelatin in half cup milk for five minutes. Scald the remaining milk with the sugar and add the soaked gelatin.

#### Fruit Bavarian Cream

1/4 c. cold water, 1 c. fruit juice and pulp, 1 T. lemon juice, 1 T. gelatin, 1/2 c. sugar, 1 1/2 c. heavy

cream, beaten until stiff, salt. Soak gelatin in cold water 5 minutes, and dissolve by standing cup containing mixture in hot water. Strain into fruit juice mixed with lemon juice. Add sugar and when it is dissolved set bowl containing mixture in pan of ice water and stir until mixture begins to thicken; then fold in cream. Turn into wet mould, and chill. Use canned pineapple, fresh or canned strawberries, raspberries, peaches or any preferred fruit.

#### Marshmallow Pudding

1/2 c. cold water, 1/2 c. boiling water, 4 egg whites, 1 c. sugar, 1 t. vanilla, 1 t. strawberry, 1 t. lemon extract, 1 T. gelatin (level). Soak gelatin in cold water for 5 minutes. Add boiling water and

place over hot water until gelatin dissolves. Cool, but do not chill. Stir sugar into dissolved gelatin. Beat egg whites until very light and to the eggs add the gelatin and sugar, a few spoonfuls at a time, beating constantly. Divide quickly into three parts.

To the first part add strawberry extract and color pink, to the second part add vanilla and do not color, to the third part add lemon extract and color green. Mould in layers in a tube pan. Sprinkle a layer of chopped nuts between each color. Chill, cut in slices and serve with whipped cream.

OZONA TEXAS

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. Address inquiries to Will H. Mayes, Austin, Texas.

**Q.** Where were the bones of those who drew the black beans at Hacienda Salado, Mexico, interred in Texas, and how were they obtained from Mexico?

**A.** They rest, along with those of Dawson and his command, (killed at Salado Creek, near San Antonio) on a beautiful hill on Kreiche's Bluff (now known as Monument Hill) near and overlooking LaGrange and the Colorado River valley. During the armistice in 1847, Walter P. Lane's battalion, then at Zacatecas, had 20 men at Conception, about 50 Mexican leagues from where the Salado victims were buried. Eleven of these 20, without orders or permission, went to Salado and under protest dug up the bones, placed them in sacks on horses and hurried to camp before the 500 Mexican lancers at Cedral, a few miles away, could intercept them. The remains finally reached Gen. Taylor's Army and were moved with it until the war ended.

**Q.** What are the dimensions of the monument erected by the State on the court house square at LaGrange and what inscription does it bear?

**A.** The shaft of marble, 18 feet high, rests on a limestone base 3 feet and 8 inches square. The base carries the word, "Texas" above crossed swords. The side facing west bears the inscription, "Erected by the State of Texas to the memory of her defenders, Captain N. H. Dawson and his command, who fell at the battle of Salado, Texas, September 18, 1842." On the side facing north is: "To the memory of the men who drew the black beans and were shot at Salado, Mexico, March 24, 1843." The words, "Mier Prisoners" are

Scenes and Persons in the Current News

1—The late Guglielmo Marconi, father of radio, who was accorded a state funeral by Italy following his death recently. 2—Secretary of Treasury Henry Morgenthau (left) shown with Arthur DeSousa Costa (center), and Secretary of State Cordell Hull following a conference in which the United States agreed to sell \$60,000,000 worth of gold to Brazil to aid the southern republic in bolstering its currency. 3—Chinese soldiers typical of the troops now warring with Japanese soldiers in North China.

on the south side. The shaft bears two flags at half mast crossing each other, with the Lone Star as a crown. The top is ornamented with a cap and urn.

**Q.** How does Texas rank with other southern states in illiteracy?

**A.** Defining an illiterate as "a person over 10 years of age, who cannot write in any language." Oklahoma has the smallest illiteracy percentage of the southern states (2.8 per cent); Texas is next, with 6.8 per cent; South Carolina is highest with 14.9 per cent. The illiteracy in the southern states is largely among the negroes and in Texas is increased largely by the large negro and Mexican population.

**Q.** What states exceed Texas in one office of employment in Texas population and in what order?

**A.** New York, first; Pennsylvania, second; Illinois, third; Ohio, fourth; Texas, fifth, according to the census of 1930, when

Texas had 5,824,715. At that time California was given 5,677,251, ranking sixth. If the increase in growth of Texas, and California the past 7 years has been proportionate to that of the period from 1920 to 1930, California is now slightly ahead of Texas in population.

**Q.** Was there ever a place in Texas known as Mountville?

**A.** Mountville was a thriving community in Washington County in 1836, in which Miss L. A. McHenry and her sister, Mrs. Ayers of Kentucky, were conducting a boarding school for girls when the Texas revolution began.

**Q.** When was Mary Hardin-Baylor College moved to Belton and what schools did it succeed?

**A.** Baylor Female College became the name of the first girl's school established in Texas when it was moved to Belton in 1886 from Independence, where it was started by a Miss Trask, from Boston, in 1834-35, that place then being known as Cole's settlement. In appreciation of a large gift the name was changed a few years ago to Mary Hardin-Baylor College, to include the name of one of the donors.

**Q.** May a person hold more than one office of emolument in Texas at the same time?

**A.** It has frequently been ruled that he may not, even if the offices be appointive, and the remuneration of either or both offices be in fees of office rather than salaries.

**Q.** When was the present constitution of the State of Texas adopted and in what way?

**A.** A constitutional convention drafted the present constitution in September, 1875, and it was adopted by a vote of the people, February 15, 1876.

**Q.** How long have women been serving as notaries in Texas?

**A.** The first were appointed to this position by the legislature in

1887, there being two women among 5,000 appointments made at that session.

**Q.** At whose instance was the "duelist" paragraph placed in the Texas constitution?

**A.** It is said that Sam Houston had the "duelist oath" inserted because of his forced participation in a duel, to which method of settling differences he was strongly averse.

Know Texas

News Bureau Texas State College for Women

Growing Up

Denton, August 11—The Lone Star State's wide open spaces are closing up. Although Texas still ranks low on the amount of population per square mile, it shows a greater per cent of increase since 1920 than all but five of the forty-eight states. According to the 1930 census the number of people had grown to 24.9 per cent of the 1920 tabulation, a figure topped only by the states of California, Arizona, Michigan, Florida and New Jersey. The total population by this last census was 5,824,715, which placed Texas as the fifth largest state in the United States.

Pick Any Climate

Rainfall in Texas varies from more than 50 inches in some parts of Southeast Texas to less than 10 inches in the west toward El Paso. Maximum snowfall is over 25 inches in the Panhandle, but snow has never been seen by some people in the Valley and other Southern points.

Complicating Matters

More than 500 types of Texas soils have been discovered and studied by the Texas Agricultural Experiment Station at College Station, even though all counties have not yet been surveyed. This diversity of resources has brought newly-recognized problems to

farmers, and according to W. T. Carter in a Texas Soils Bulletin, "The Success of agriculture in Texas depends upon the appropriate use of the soils, which constitute the most valuable resource of the state."

THE SCOTCHMAN'S GIRL

My sweetheart is allergic. Which in case you wouldn't know Means she's sensitive to certain foods And flowers and things that grow. For instance, lobster gives her hives And candy gives her rashes! Perfumes annoy, and boy, oh boy! The saving THIS in cash is! As soot and dust work havoc With her nose, we seldom ride By train or car; right where we are My girl is satisfied. In fall, she has hay fever, And a rose cold in the spring; And so, you see, my sweetheart Hardly costs me anything. I daren't send her flowers, And I mustn't send her candy— She's a Honey, saves my money, And everything's just dandy!

— Ruth Plumly Thompson.

Lesson In Etiquette

Small Boy: (In front of dentist's showcase) "Oh mama, when I have to wear false teeth, I want that pair!"

Mother: "How many often have I told you never to pick your teeth in public."

Salesman: "Yes sir, I can guarantee that this refrigerator will actually pay for itself in a short time."

Prospect: "Fine! Put one away for me. When it has paid for itself, send it out to my house."

POSTED: All my lands in Crockett County, Hunting, wood hauling or any form of trespassing will be vigorously prosecuted. BERT COUCH. 8-13

### Seek Harmonizing Of State - Federal Dove Regulations

#### North Zone Dates Sept. 15 - Oct. 31; Major Conflict In South

Austin, August 11—The Texas Legislature, meeting in special session next month will be asked to harmonize State and Federal regulation dealing with mourning dove and white-winged dove shooting. It was announced here today by Will J. Tucker, Executive Secretary of the State Game, Fish and Oyster Commission.

Such action, it was explained, would prevent future confusion such as exists at present as a result of several conflicting open seasons in Texas, and would restore hunting opportunities in a large area in which, because of conflicting regulations, no hunting at all will be allowed this year. The contemplated law would provide dove hunters with maximum hunting privileges offered under Federal regulations.

"The Game, Fish and Oyster Commission of Texas," Tucker explained, "does not have the authority to make regulations to take care of the present emergency, as is afforded game administrative bodies in many other states and, therefore, it is powerless to relieve the present mixup."

"Before the last session of the Legislature," he continued, "Texas law provided an open season in the north zone of Texas during the months of September and October, and in the south zone from Dec. 1st to Jan. 16. The law applicable to the south zone was changed by creating what is called the Coastal zone, for which two open seasons were provided, one during the period Oct. 1 to Nov. 30, and the other during the months of September and October. However, a portion of the south zone, comprising 18 counties and portions

### LET THE SPARKS FLY WHERE THEY WILL

of 15 others, was permitted to remain with an open season extending from Dec. 1 to Jan. 16.

"The Federal authorities in Washington announced, while the Texas Legislature was in special session last June, that except in the Panhandle an open season for mourning doves and white-wings would not be permitted earlier than Sept. 15. Governor Allred submitted this matter to the Legislature. A bill harmonizing State and Federal regulations was passed in the Senate but failed of final passage in the House.

"The officially announced Federal regulations provide an open season for mourning doves and white-wings in the Panhandle from Sept. 1 to Oct. 31, and in the remainder of the state from Sept. 15 to Nov. 15.

"As matters stand, however, Texas dove hunters, if they act in compliance with Federal and State regulations, must adhere to opening dates fixed by Federal authorities and to closing dates fixed by State law.

"The penalties for violating Federal regulations are somewhat more severe than those provided by State law.

"Many members of the Legislature have said that when they meet in special session in September the conflicts which exist at this time will be ironed out thru passage of a bill coordinating the two sets of regulations. If this is done there will be an open season in the Panhandle counties during the months of September and October and in the remainder of the State during the period from Sept. 15 to Nov. 15. This would wipe out the old zone lines that have here-

before existed in Texas, but would create a new Panhandle zone."

Tucker explained that Federal authorities permit an earlier season in the Panhandle because of the open nature of the country, coupled with its high altitude and the known fact that mourning doves leave that section earlier than they do other sections of the State.

In that part of the north zone apart from the Panhandle Section an open season for both kinds of doves will open Sept. 15 and close Oct. 31. The zone line separating the north and south zones is the Southern Pacific railway in Val Verde and Kinney Counties, the north boundary of Uvalde and Medina counties, the Southern Pacific and the Missouri Pacific railways in Bexar County and to Austin in Travis county, the H. & T. C. railway from Austin to the Brazos River, up the Brazos to the Beaumont branch of the Santa Fe, along that road to its junction with the H. E. & W. T. railway and following that road to the Louisiana border.

#### METHODIST CHURCH

Evening Worship 8:30 p. m.  
Mid-Week Service, Wednesday, 8:30 p. m.

Ozonia's representation of Intermediates and Young People will go to Mognard on Monday, August 16, for the District Institute. A splendid program has been arranged, and this Institute will really be one of the high experiences in the year's activity. Although we do not know just how many persons will go from Ozonia, it seems at the present that we shall have at least six. For any further information concerning the Institute please call the church office.

This church honestly believes that it is a good thing for people to go to the House of the Lord. We want to encourage people to cultivate that habit. This church, along with the other churches in Ozonia, welcomes you to its services.

#### Olds Announces \$45 Increase In Prices

Increase of \$45 in the price of all Oldsmobile models, effective Monday, August 9, was announced today.

"The increase in Oldsmobile prices at this time partially reflects the rise in costs of labor and material that has been experienced during the past six months," said D. E. Ralston, Oldsmobile general sales manager.

C. L. McDowell, local accident insurance salesman for the North American Accident Insurance Co., was a business visitor to San Angelo Monday and Tuesday.

Mrs. Wm. D. Jones, mother of Ralph and Dempster Jones, young Crockett County ranchers, is in a San Angelo hospital where she is recovering from a recent illness.

Mrs. Joe Pierce and her mother, Mrs. Kate Moore, who has been visiting here this summer, left this week for Bay City, Mrs. Moore's home, where she will spend the winter.

Reduced prices on Tetrachlorethylene worm capsules for sheep. See Floyd Hidley, Hotel Ozonia 1

Dim Patrick of Corsicana was here for a visit with relatives last week.

Mrs. Ben Lemmons is expected to return this week from a fall buying trip. She was accompanied by her son, Maurice.

#### MICKY COUCH IS COMPLIMENTED AT PARTY

Mrs. Bert Couch entertained with a supper and swimming party at the ranch last week complimenting her daughter, Micky, the occasion being her seventeenth birthday. A buffet supper was served on the lawn. Dancing furnished diversion during the rest of the evening.

Enjoying the evening were Misses Dorothy Faye Drake, Elizabeth Coose, Dorothy Hannah, Maggie Seahorn, and Mary Williams, Mrs. Neal Hannah, Mrs. Mahlon Robertson, Mrs. L. C. Pyatt, William Beecher Montgomery, Joe Couch, Howard Lemmons, Buddie Moore, Jack Baggett, Charles Williams, Joe Clayton, Richard Miller, and Doug Adams of San Antonio.

TAPPING RUBBER TREES ON FIRESTONE PLANTATIONS IN LIBERIA

From these plantations comes an ever increasing supply of the world's finest rubber. Economies in producing raw materials, manufacturing and distribution make it possible for Firestone to give you so much for your money.

**DON'T RISK YOUR LIFE ON SMOOTH WORN TIRES DO YOU KNOW**  
THAT last year highway accidents cost the lives of more than 38,000 men, women and children?  
That a million more were injured?  
THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to unsafe tires?

At right is a section cut from a smooth worn tire, with non-skid protection worn off. Tires in this condition are liable to punctures, blowouts and skidding.

At left is section cut from a new Firestone Tire. Note the black, non-skid protection against skidding, blowouts and punctures. Come in and see a demonstration.

TEXACO PRODUCTS IN THE DUDLEY BLDG. OZONA Phone 219 TEXAS

# Why Firestone STANDARD TIRES are EXTRA SAFE

**YOU GET EXTRA PROTECTION AGAINST BLOWOUTS**—eight extra pounds of rubber are added to every 100 pounds of cord by the Firestone patented Gum-Dipping process. By this process every fiber in every cord in every ply is saturated with liquid rubber. This counteracts dangerous internal friction and heat that ordinarily cause blowouts.

**YOU GET EXTRA PROTECTION AGAINST PUNCTURES**—because under the tread are two extra layers of Gum-Dipped cords.

**YOU GET EXTRA PROTECTION AGAINST SKIDDING**—because the tread is scientifically designed.

**YOU GET LONGER NON-SKID MILEAGE** because of the extra tough, long-wearing tread.

Firestone Standard Tires give you all these extra value features because they are first-quality tires built with high-grade materials and patented construction features. You SAVE MONEY because you buy this high quality and extra value at such low prices.

Before leaving on your vacation trip, join the Firestone SAVE A LIFE Campaign by equipping your car with a set of new Firestone Standard Tires—today's top tire value.

### Wool And Wheat Factors In Hike Of Farm Incomes

#### U. Of T. Bureau Sees Future Gains In Live-stock Income

Austin, Aug. 11—An increase in farm cash income for Texas during June is reported by Dr. F. A. Buechel, assistant director of the Bureau of Business Research at the University of Texas. Using the average monthly farm cash income during the sixty months from January, 1928, to January, 1932, as a base and adjusting for seasonal variations, farm cash income had increased nearly 64 per cent over the base period in June, against 54 per cent in May and 8 per cent in June, 1936, Dr. Buechel estimated. Thus the improvement from May to June last year was 6 per cent and from June last year to June of the current year the gain was 52 per cent, he said.

"Much of this phenomenal gain in farm income during June reflects the increased shipments and improved prices of live stock and wheat," Dr. Buechel explained. "In the Edwards Plateau region wool shipments also contributed materially to the sharp increase in income."

Dr. Buechel predicts that farm cash income during the remainder of the year will maintain the favorable year to year comparison. In the wheat areas of the state July comparisons with a year ago are expected to be even more favorable than those of June and income from live stock and live stock products should be maintained on the higher level in comparison with last year, which has prevailed for many months.

#### JULY BRIDE IS HONORED AT SHOWER

Mrs. Sam Fowler of Junction the former Miss Margaret Ella Drake of Ozona before her marriage July 5, was honored at a miscellaneous shower given at the Roy Parker home Monday afternoon. Hostesses for the occasion were Misses Lillian Baggett, Imogene Baker, Elizabeth Coose, Athleen Dudley, Clara Mae Dunlap, Alberta Kay, and Maggie Seahorn and Mrs. Byron Stuart.

Receiving the guests were the honoree, Miss Imogene Baker.

#### ROBERT MASSIE COMPANY

Superior Ambulance Service  
San Angelo, Texas  
Phone 4444 Day or Night

Miss Christine Schraub of Junction, Mrs. Bruce Drake, Miss Dorothy Drake and Miss Athleen Dudley, Mrs. Byron Stuart presided over the bride's book, and Miss Maggie Seahorn and Miss Elizabeth Coose were in the gift room.

Pink and lavender, the chosen colors, were used in decorating the dining table, at which presided Miss Alberta Kay and Miss Lillian Baggett. Miss Dorothy Hannah was at the piano. About forty guests called during the afternoon.

Out-of-town guests here for the affair were Miss Christine Schraub of Junction, Miss Bill Douglas of Midland and Misses Luetta and Guggles Marion of Sonora.

Mrs. W. A. Kay left last Friday for Fort Worth to visit relatives and friends.

Mr. and Mrs. Floyd Henderson are in San Antonio this week.

I. G. Rape was a business visitor to Iraan this week.

V. I. Pierce, Crockett County breeder of registered Ramboulllets, attended the opening of the Hill Country Fair at Junction this week.

Mr. and Mrs. Jones Miller have returned from Nolanville, Bell County, where they attended a recent camp meeting. The Ozonans attended a camp meeting at the same spot fifty years ago.

Mrs. Hugh Gray, who has been visiting her mother in Coleman the past two weeks, is expected to return to her home here the end of this week.

Dr. Grace Sherburne is visiting with relatives in Lemoni, Iowa.

Mrs. T. A. Kincaid is able to be about again after a severe heart attack last Thursday night.

Frank Severns, head driller for the Superior Oil Co., sinking a deep test on the J. S. Todd ranch in this county, left with his family this week for a vacation trip.

Miss Erma Lee Wilson, daughter of Lee Wilson, is here for a visit with her father.

Norman Rendall, son of N. E. Rendall, suffered a broken collar bone when he slipped and fell early this week.

Lula Mackey, colored maid employed by Mrs. T. A. Kincaid, suffered a broken leg Monday in a fall at the Kincaid home.

Mr. and Mrs. Charles Coates and two children, Lloyd and Jack Collins, visited Carlsbad Caverns this week.

Dr. John Sherburne is taking advanced work in his profession at Kansas City.

Miss Leta Powell, deputy county and district clerk under George Russell, is enjoying a vacation this week, visiting friends and relatives in Spur and other points.

Mrs. Coralie Meinecke, employed in the law and abstract office of N. W. Graham, is on vacation this week, visiting friends and relatives in Comanche.

Mr. and Mrs. Ira Carson were San Angelo visitors this week.

#### Indians Topic For Missionary Study Of Baptist Women

Members of the Woman's Missionary Union of the Baptist Church met yesterday afternoon at the church for a business and social meeting. The program was led by Miss Maybelle Taylor, the discussion being on the American Indian.

"The Indians Our Hosts", was the topic discussed by Mrs. J. T. Keeton. "The Red Race" was a discussion presented by Mrs. H. C. McCaleb and Mrs. J. T. Patrick discussed "Present Day Problems". Mrs. George Inlow talked on "Indian Baptists."

Mrs. S. L. Butler presided. Next week the society will meet for a Bible study program at the home of Miss Maybelle Taylor.

Mrs. Strick Harvick, Martin Harvick and James Childress visited Mrs. Harvick's daughter, Mary Louise, at Camp Waldemar, near Hunt, Texas, last Sunday.

Mr. and Mrs. Roy Henderson, and Roy, Jr., have returned from a vacation trip through the northwest states.

#### Puzzled

Goofus: "I'm scared! I just got a letter from a man telling me he'd shoot me if I didn't keep away from his wife."  
Rufus: "Well, all you have to do is stay away from his wife."  
Goofus: "Yeah, but he didn't sign his name."

There's NEWS in the advertisements. Read them.

#### Methodist Woman's Missionary Group In Study Program

Mrs. Will Baggett and Mrs. Richard Flowers were hostesses to members of the Woman's Missionary Society of the Methodist Church yesterday afternoon at the Baggett ranch home.

Mrs. J. A. Fussell led the worship program. Mrs. Richard Flowers discussed the topic, "Christian Missions and Rural Life," and Mrs. Mary Flowers talked on the "Witness of the Resurrection." Mrs. Kate Baggett read the scripture lesson after which Mrs. Fussell presented a story, "Risen In deed."

A feature of the program was a study of the minutes of the annual West Texas Conference of Missionary Societies. A business session was presided over by the president, Mrs. L. B. Cox. Luncheon was served after the program. Present for the day were Mrs. L.

B. Cox, Mrs. Richard Flowers, Mrs. Mary Flowers, Mrs. B. Ingham, Mrs. J. A. Fussell, Mrs. Kate Baggett, Mrs. Mary Per, Mrs. Welton Bunker, Mrs. J. Baggett, Mrs. Chas. Willie, Mrs. Eugene Slater, Mrs. B. Baggett, Mrs. Ragsdale and Mrs. W. R. Baggett.
