## District Court Adjourns After Brief Session

### Grand Jury Finds No Bills; Four Divorce Decrees Granted

Aside from four divorce pleas heard and decrees granted, approval of an agreed settlement in a suit for damages and transfer of other civil suit to Val Verde County, the September term of district court of Crockett County, opening here Monday morning, found business in its line extremely dull.

The grand jury, impaneled at the opening of the term Monday morning, held a two hour session to adjourn at noon, finding a "no bill" in the case of Lee Lohse of San Angelo, who was held in jail here on a charge of complicity in the theft of a pistol and rifle from the car of George F. Cox, liquor control board enforcement officer, here last February. Lohse was released following the action.

Divorces were granted Serafino Navarro from Rumaldo Navarro, Pedro Alva from Sircia Alva, Antonia Lopez from Manuel Lopez and Tinnie Holmsley from Perry Holmsley. An agreed settlement in the case of Ernest Brownrigg, Jr. against A. C. Hoover, for damages arising from injuries suffered by young Brownrigg while at work on the Hoover ranch, was approved by the court. The workman's compensation action styled Southern Underwriters vs Grover Yecham was transferred to Val Verde County.

Members of the grand jury were L. B. Cox, foreman, Boyd Clayton, Claude Hudspeth, Jr., E. V. Art White, J. L. Littleton, Jeff Owens, Watt Turner, Marbury Morrison, T. A. Kincaid, Jr., Roy Miller, Bryan McDonald, and Ray Dunlap. The petit jury, required to report Wednesday morning, was dismissed at once, court adjourning finally shortly thereafter.

## W. T. Utilities Cooperates In Prize Contest

### National Firm Offers \$40,000 Prizes In 10-Weeks Contest

Believing that West Texans have an opportunity to "cash in" on a national contest, the West Texas Utilities company today invites all Ozona citizens to participate in a \$40,000 contest on the "electrical standard of living."

The company will cooperate with a national firm in distribution of two grand prizes and 10 prizes each worth \$200 each week for 10 weeks, the company announced. Entry blanks may be secured at the local office.

"All you have to do is write 100 words on why the electrical way of living appeals to you," is announced. "Although similar to our recent contest for a new name for women, in which Neolectress was chosen as a substitute for housewife, there is no connection."

"In this new contest, the grand prize will be a \$12,000 all-electric home. Second prize is an \$8,000 home. Winners of these two prizes will be chosen from winners of weekly prizes. The contest will last 10 weeks, beginning at once. Both men and women may enter, sending in entries each week."

Entries must be made on the official entry blank, which gives all details and instructions. The entry blank may be obtained by request at the office here.

John Fogarty, Crockett County rancher, recently sold about fifty head of sheep on the Fort Worth market, 29 fat yearlings selling at \$7.25, and 20 feeder yearlings weighing 74 pounds going at \$6.50. Three two-year-olds averaging 80 pounds brought \$5.50.

## Stone Axe Made By Brazil Indians Is Gift Of Missionary

A stone axe, made from Amazon River rock and polished and nicked with almost the precision of machine made product, made by Indians of the Amazon River valley in Brazil, is the prized possession of A. W. Jones, local curio collector and proprietor of Jones Saddlery.

The ancient stone implement was presented to Mr. Jones here this week by the Rev. E. A. Nelson, Baptist missionary to Brazil for the past 45 years, who is in the United States on leave of absence for the summer. Rev. Nelson spoke at the Baptist Church Sunday morning and evening.

The interesting curio from South America was from a collection made by the missionary over the years. The stone axe has a curved blade, describing a perfect semi-circle, and is highly polished. A groove around the base was cut to hold the thong with which the hammer was tied to its handle.

## "Lion's Roar" To Appear As Section In 'The Stockman'

### High School Students To Issue Publication Weekly

The first issue of "The Lion's Roar", Ozona High School newspaper, published by the High School Press Club and the student body, for the 1937-38 term appears on page four of this issue of The Stockman.

"The Lion's Roar" has been published the past two years in mimeograph form, but at the invitation of The Stockman, the High School paper will hereafter appear as a section each week in this newspaper.

Welton Bunger is editor-in-chief of the Roar, with Norman Rendall as assistant. Other members of the staff includes Doris Bunger, Lurinne Townsend, Maurice Lemmons, Catherine Childress, Jack Baggett, Jeff Fussell, J. W. Johnson, Ora Louise Cox, Pete Perner, Haskell Leath, Mickey Couch, Crystelle Carson, Mary Louise Harvick and John Coates. Fisher Powell is typist.

## Moslem World Topic Of New Study Begun By Methodist Group

Study of the mission book, "What Is This Moslem World?" by Charles R. Watson, with Mrs. Eugene Slater directing the study, was begun by members of the Methodist Missionary Society in its session Wednesday afternoon. "The Status of Women" will be next week's study topic. Women of the town who are interested are cordially invited to meet with the organization each Wednesday afternoon to take advantage of this special study topic.

Present for yesterday's session were Mrs. Welton Bunger, Mrs. J. A. Fussell, Mrs. Scott Peters, Mrs. L. B. Cox, Mrs. Madden Read, Mrs. Roger Dudley, Mrs. Hugh Childress, Mrs. Richard Flowers, Mrs. Harry Perner, Mrs. Eugene Slater, Mrs. W. E. Smith, Mrs. Mary Flowers, Mrs. Joe Pierce, Mrs. W. R. Baggett, Mrs. Kate Baggett, Mrs. Bright Baggett, Mrs. Floyd Henderson, Mrs. Nadine Bernays, Mrs. George Montgomery, and Mrs. Charles Williams.

### TO JOHN TARLETON

Dudley Ingham, son of Mrs. B. B. Ingham, has enrolled at John Tarleton college in Stephenville, where he will complete work toward his high school diploma, interrupted by a broken leg suffered last winter. He plans to enter A. & M. College upon completion of his high school work.

Miss Vicky Pierce will be a student at S. M. U. this year.

## Booming Ranch Industry Sends Bank Deposits Here To New All-Time High; Past Million First Time In Decade

The ranch industry of West Texas, and ranchmen of Crockett County in particular, are riding a wave of prosperity the like of which has not been equalled in a decade.

The fact that business is booming in West Texas is attested by the surest business barometer of them all—money in the bank.

Deposits in the Ozona National Bank, at the close of business Tuesday of this week, reached a new all-time peak—\$1,106,622.30, according to a statement given out by Scott Peters, cashier. Of this amount in deposits,

\$800,000 is "cash on hand and in banks."

The Ozona National passed the million mark in deposits several days ago—the first time since the boom days of 1927. The figure at the close Tuesday represents a new high peak in the bank's history.

The record inflow of money to the bank vaults—which means money in the pockets of Crockett County folk—is, of course, occasioned by the Fall sale and delivery of lambs and wool on the prevailing satisfactory price scale of these commodities—money crops of the ranch industry.

## Music Of Earliest Texans Is Topic Of Music Club Meeting

Music for the earliest Texans, the Indians and the Spanish settlers, will be studied by members of the Ozona Music Club in the second meeting of that organization for the current season next Monday afternoon at the home of Mrs. Charles Williams, with Mrs. S. M. Harvick assisting Mrs. Williams as hostess.

The program will be under the leadership of Mrs. L. B. Townsend and will open with a discussion of the general topic, "Music Among the Indians" by Mrs. Bryan McDonald.

The "Hopi Indian Cradle Song" by David Guion will be sung by a sextette composed of Mrs. Bryan McDonald, Mrs. Hillery Phillips, Mrs. Madden Read, Mrs. Paul Perner, Mrs. W. S. Willis and Mrs. Jack Holt.

"Music in the Texas Missions" will be presented by Mrs. Jack Holt, followed by two vocal numbers, "Peter Noster" a Georgian Chant, and "Alabado" by Mrs. L. B. Cox. Mrs. J. M. Dudley, at the piano will play "At the Mission" by Steinfeldt. "Spanish-Mexican Folk Music" will be discussed by Mrs. W. S. Willis and Miss Dixie Davidson will sing "Lullaby of a Spanish Mother" and a Christmas Carol.

## Ozona-Rankin Grid Contest Here Saturday

### Lions' Spirits Are Undimmed By Decisive Iraan Beating

Sadder but wiser and more determined, the Ozona High School gridiron crew snapped into training routine this week as if nothing had happened and set their mind on the task ahead, that of meeting Rankin High eleven on the local grid Saturday afternoon in a second warmer-upper of the present season.

The Lion squad, pitted against overwhelming odds in the experienced Iraan Braves last Saturday, absorbed a terrific beating at the hands of the Pecos veterans, but so far as Coaches White and McCulley can discover, the lads have lost nothing in spirit and fight, and expect to knock off some rough edges this week to put the squad in readiness for some effective work against the Rankin visitors here Saturday.

The local second stringers, in a nightcap game with the Iraan Papooses fared even worse than the No. 1 squad.

## Ozonans, On Round-The-World Tour Hear Guns In Sino-Japanese Struggle

Mr. and Mrs. W. E. West, pictured above, are home after a trip around the world which they began early in the summer when they sailed from San Francisco.

The high spot of the journey occurred in Peking, China, where they arrived the day that hostilities between Japan and China began. The city gates were closed part of the time and the Forbidden City was also closed one day of the four and one-half days that they stayed there. The firing, which occurred every night, twelve miles from the city at Marco Polo bridge, continued during their stay and was easily heard at night.

They were able, however, to tour the city, including the Forbidden City and see most of the things of interest, and to shop, as usual.

Mr. and Mrs. West and their

party of fourteen were the last tourists to make the trip to the Great Wall of China, forty miles from Peking. The city gates were closed and no one permitted in the open country.

The train on which they left Peking left by way of the gate that led to Marco Polo Bridge. People trying to leave crowded the train to capacity, but there was an even greater congestion of people of all nations and classes trying to get into the city, seeking safety from the warring sections. They were carrying everything possible, and there were camels loaded with everything from watermelons to pianos.

Precautions had to be taken against contagion. No raw foods

## P.T.A. Launches Public Health Nurse Project

### Large Group Attends Opening Session Of Season Activity

Taking as its major objective of the 1937-38 season the employment of a public health nurse to work in conjunction with the Ozona Public Schools, the Ozona-Parent Teacher Association, under the leadership of its president, Mrs. George Bean, launched the new season's activity in a well attended initial meeting Monday afternoon.

The project to bring about employment of a public health nurse was launched by Mrs. Bean in an address to the group outlining the objectives for 1937-38. Committee from the organization will follow up the project and make

Mrs. George Bean

reports on its progress at future meetings.

An estimated 75 persons attended the opening program of the P. T. A. in the High School auditorium. Girls of the Home Making department of the High School, under the direction of Miss Ada Moss, instructor, served refreshments to the group at the conclusion of the program.

### Mexican Display

Talks by Mrs. Bean and C. S. Denham, superintendent, group singing directed by Miss Nancy Dawes and a piano solo by Miss Dawes were highlights of the afternoon's program, which was under the leadership of Mrs. S. M. Harvick. A display of Mexican handwork and curios, collected on her summer's stay in Mexico City, was exhibited by Mrs. Ted White.

Forty-eight members signed up and paid dues for the coming year. It was announced. New members of the group were special guests for the opening meeting. These honor guests were given miniature corsages on refreshment plates, these serving to identify them for special courtesies.

Officers of the P. T. A. for the current season are: President, Mrs. George Bean; first vice president, Mrs. Bryan McDonald; second vice president, Mrs. C. E. Davidson, Jr.; third vice president, Mrs. W. A. Kay; secretary, Mrs. Madden Read; treasurer, Mrs.

## OZONA-SONORA NINE GOES 2 UP ON IRAAN

### Championship May Be Decided In Third Game Saturday

#### PLAY AT SONORA

### Locals Make It Two In Row With 5-3 Thriller Here Sun.

All will be over save the shouting in the official 1937 Permian Basin League baseball season next Saturday afternoon if the Ozona-Sonora combination team comes through with a third straight win over the Iraan Oilers of Sad Sam Gray.

The combination team went two up on the Oilers with a thrilling 5-3 win on the Ozona diamond last Sunday afternoon, a fitting follow-up of the sensational performance of the locals the previous Sunday when they overcome an 8-0 disadvantage to take the game in the tenth inning by a count of 10 to 9.

The third, and what may be the final game of the championship series, is scheduled for 4 o'clock Saturday afternoon on the Sonora diamond. Should the Ozona-Sonora crew make it three in a row with a win Saturday, the two teams will taper off with an exhibition game on the Iraan field Sunday afternoon. However, should the Oilers upset the winning streak by taking the Saturday fracas, the fourth game of the championship series will be played on the Iraan diamond Sunday afternoon, with the scheduled exhibition game as a nightcap.

#### Stretch Inning Rally

A rousing seventh inning rally on the part of the home towners pushed over a total of three tallies to come from behind and to put the game on ice. Trailing by a count of 3 to 2 at that junction, the seventh started off with a near homer by Al Crostwaite, the big fellow from San Antonio. The ball was foul by a few feet, however, and the Sarge had spent his thunder and retired.

But Mangold dug in to keep the fireworks sputtering and blasted out a two base blow. Conley Cox followed with a high hard one over the centerfielder's head, for two bases, Mangold romping in with the tying run. Carl Dorley, who tied the count at two all in the fourth with a rifle shot homer over the center field fence, again delivered, a long shot over the centerfield for two bases, scoring Cox. Marvin McLeod was safe

## Mother Of Ozonan Dies In Kerrville

A. H. Wilson and family returned yesterday from Kerrville, where they were called Sunday on account of the death of Mr. Wilson's mother, Mrs. J. W. Wilson, 77.

Mrs. Wilson died at 3 o'clock Sunday afternoon. She had been in failing health for the past two years. Her husband died in Kerrville February 18 of this year at the age of 88. Surviving are eight children, six sons and two daughters, all of whom were present for funeral services with the exception of two sons and one daughter, who were unable to attend.

## San Angelo Tailor To Show New Line Woolens Here Tues.

L. Krist, San Angelo merchant tailor, will be at the Hotel Ozona all day Tuesday, September 28, with a complete showing of new Fall lines of imported and domestic woolens for men and women's suits.

Mr. Krist invites Ozonans to see this display during the day, whether or not they are planning to buy at present.

## Former Ozona Feed Dealer Buys Out San Angelo Firm

J. S. Stahl, former manager of the Ozona Feed Co. here, has purchased the San Tex Feed Co. of San Angelo from Louis Hall, it was announced this week.

Mr. and Mrs. Stahl left Ozona recently to make their home in San Angelo after sale of the local feed store to J. H. Williams and Sons.

In the San Angelo firm, Mr. Stahl will offer a full line of all kinds of feeds, making deliveries throughout the territory. Special machine mixing equipment makes it possible for the Stahl Feed Co. of San Angelo to offer special mixtures to the customer's specifications, it was announced.

**Traffic Accidents Mean Death To 187 Texans In August**

Texas highway accidents brought death in August to 187 people—an increase of 33 over July—to mark the highest monthly toll since last December when 225 were killed, according to statistics compiled by the Department of Public Safety.

These 187 deaths, the compilation stated, were the outgrowth of 1,079 crashes, 562 of which involved two or more motor vehicles. Forty of the 187 persons killed were pedestrians, the remainder passengers and drivers.

Traffic experts of the Safety Department did not offer any particular reason for the increased traffic rate, but pointed out that 72,000 more vehicles were registered in Texas this year than in 1936. Automobiles driven at fast speeds figured in most of the fatal crashes, because, the experts commented, drivers of speeding cars are usually unable to cope

with emergencies they may encounter.

Although more people were killed in the past month, there was a decided decrease in the number injured. In July 1,251 suffered injuries in all types of collisions, while the August report listed 946 injured persons.

Night hours—when drivers are blinded by approaching lights or become drowsy—still remain the period when most of the fatal accidents occur. Eighteen were killed in August during the two hours

preceding midnight, and 17 fatalities were recorded from midnight until six a. m.

Our Sunday School continues to grow in numbers and in interest. The secretary reports that our attendance for last Sunday was 423. We want to push our goal for attendance up to 150. There is a class for every member of the family and for every age group. Our officers and teachers are making every effort to be worthy of the place of service that they have accepted. We feel that their devotion to the work of the Sunday School as well as the Way of Life that they represent are worthy of the consideration of our people. You are urged to come to Sunday School and Church every Sunday.

Our morning service this Sunday will be in honor of the officers and teachers of the Sunday School. These workers will be formally installed and they will accept the responsibilities of the new Church School year at this service. Let's be in our places at the morning worship service that we may honor these friends of ours.

Let every person in Ozona attend the church of his choice every Sunday! A cordial welcome awaits you at any one of our churches.

Are you the Girl of Yesterday Who couldn't do a thing But dance and flirt and sew a seam; Or sigh, or weep, or sing? Fit alone for coquetry; for love and fancied fears— Coy in all your laughter; helpless in your tears. Just a bit of sweetness, so fragile and so fair— And useless as the perfume, in your dainty hair! And yet, you fired the hearts of men Till steel struck steel—your lovers died in Sunrise Glen. Patriots were your sons—you toiled for them; Carded, wove and spun; sowed and reaped; faced battle line To save, to succor dying men— sires, mates and sons of thine And yet, today, we meet you—hear the legend ring: Lo! The girl of Yesterday—who couldn't do a thing. —Mary Terry Gill, Abilene

Scenes and Persons in the Current News

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. Address inquiries to Will H. Mayes, Austin, Texas.

**Q** How many church denominations are there in Texas, how many church buildings and what is the total church membership?

**A** According to the United States religious census for 1936, there were 63 denominations with 15,362 church buildings and total membership of 2,280,366, Baptists, Roman Catholics and Methodists leading in the order named.

**Q** What are the dimensions of Possum Kingdom Dam?

**A** The dam, to cost \$4,500,000 located on the Brazos 20 miles above the river bed, 2,200 feet long, 90 feet wide at bottom and 15 feet wide at top. The lake created by it will extend 60 miles up the river.

**Q** Is the farm population of Texas increasing or decreasing?

**A** On Jan. 1, 1936, Texas farm population was 2,316,709; on Jan. 1, 1937, it was 2,209,700, according to estimates of the Division of Farm and Ranch Economics.

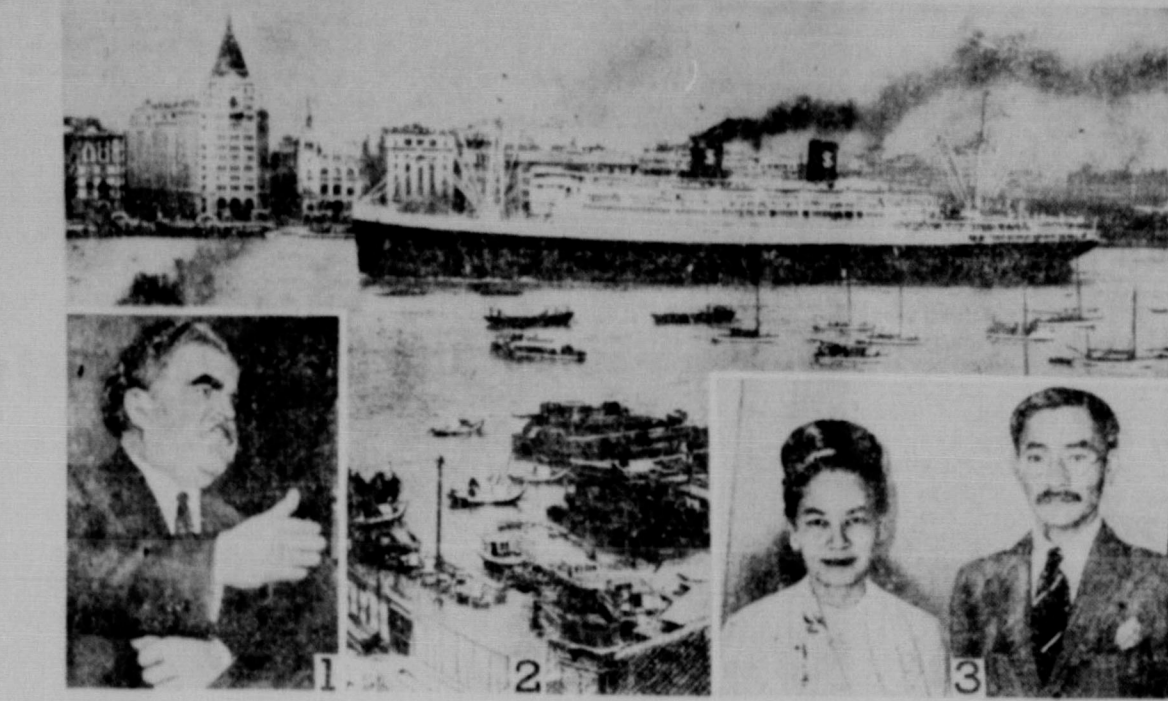

**Q** Are more people moving from Texas cities to the country than from the country to the cities?

**A** In 1936 approximately 49,000 persons moved from Texas cities and towns to farms and 96,000 from farms to cities and towns.

**Q** What Texas timbers are being used as a base for perfumes?

**A** In Palo Pinto County, oil is being brewed from cedar fence posts and shipped to France and Japan for base for fine perfumes. The cedar timber is shredded into bits, boiled to a consistency, distilled and shipped in 50 gallon containers.

**Q** What amount of rice is produced per acre in Texas?

1—John L. Lewis, chief of the C. I. O., who attacked William Green, president of the American Federation of Labor at the Milwaukee convention of the United Automobile Workers. 2—The American Dollar liner, S. S. President Hoover, bombed by Chinese planes in the Whangpoo river at Shanghai. 3—The "Sawbwa of Hsipaw" and his sister, Sao Kya Nyun, shown as they sailed from New York for their far eastern kingdom of Burma.

**A** The Eagle Lake rice section is harvesting about 14 barrels per acre this season, which is said to be a fair yield.

**Q** When was the town of Rising Star first settled and by whom?

**A** Thos. W. Anderson moved to the present site of Rising Star from Nevada County, Mo., in 1887 and opened a store in a box building 12x14 in size. When the Texas & Pacific and Houston & Texas Central railroads reached Cisco in 1881, a stage line was started between Cisco and Brownwood, 55 miles apart, and Anderson's store became the midway stagestand. Anderson then applied for a post office which was established in 1882.

**Q** How is Texas preparing to perpetuate the memory of the Old Trail Drivers of the state?

**A** By the construction of a memorial building at San Antonio as a Texas Centennial activity.

**Q** How did Galveston get its name?

**A** Galveston was named for Count Bernardo de Galvez, who was Viceroy of Mexico in 1775-76.

**Q** How did the word "Texas" become the permanent name of the country?

**A** The name "Texas" gradually grew out of the endeavor of the Hasainai Indians to express to Father Manzanet and Capt. Domingo Ramon their friendliness, goodwill and cooperation in the efforts of the priest and officer to establish a mission and presidio among them in 1690. The Indians made frequent use of the word "Tejas", having the sound of "Texas" to the Spaniards. In this way the Hasainais may be credited with unintentionally naming the country.

**Q** Who was the chief and spokesman of the Hasainai Confederacy when Father Manzanet and Capt. Ramon entered the country in 1690?

**A** Captain Grande Bigote was the grand chief, but it was regarded by the Indians as discourteous to address him by the name. It was not until his influence, power and consistent faithfulness later came to be fully recognized and both the Spanish and French sought to do him honor, that the name Captain Grande Bigote was publicly applied to him.

**Q** How did the Hasainai Indians early manifest their cooperation with their white friends?

**A** When the Frenchman, DeLisle was shipwrecked on Galveston Bay in 1699 and held captive by coast cannibal Indians, the Hasainais rescued him and took him to the French fort at Natchitoches and delivered him to his friend, St. Denis.

**Q** What are the two most attractive scenes between San Antonio and Monterrey?

**A** The Rio Grande and its valley, as seen from an upper room or other high point at Laredo and Mamulique Pass, about 40 miles north of Monterrey.

## WELCOME NEWCOMERS!

Welcome to Ozona High, all you new-comers! Draw up a chair and settle down for a pleasant year of fellowship. We realize that you Freshmen don't know the ropes as yet, but we are prepared to show them to you. So welcome to our group; we want you to feel just as much at "home" as possible. We are proud of our high school, and we are glad to have you a part of it.

And now, as we begin a new session this semester, keep in mind that the school and all its organizations are just as much yours as they are those of the older students, and that as you make friends and take a part in school activities you will find a place of your own.

Remember we are here to help you get adjusted, and here's POWER TO YOU!

## WHY HIGH SCHOOL PAPERS?

A high school paper promotes and fosters the spirit of an institution of learning.

The Lion's Roar is appearing in The Ozona Stockman through the courtesy of Mr. Ewart White, who is public spirited enough to publish this sheet free-of-charge.

May we, the student body of Ozona High School, make this effort in journalism worthy of the spirit of such citizens and worthy of the high standards set by our school.

The present staff members would like to take this opportunity to remind the entire school organization that this is their publication; of the school, by the school, and for the school; and that their news reports will be appreciated.

## THE DRINKS ARE ON US

If you are a member of the Ozona High School student body and fail to find your name in at least one issue out of every twelve publications of the Lions Roar an ice cream cone is yours at our expense.

Read the school paper!

## PRESS CLUB

The staff members of The Lions Roar plan to meet this week at the home of Welton Bunger, editor-in-chief, to organize a club for the purpose of studying news writing. This organization, composed chiefly of Senior Class members, plans to count as club members any students who have published as many as one thousand words in future issues.

A new box has been placed in the study hall for the convenience of ambitious journalists. Articles for which authors wish credit should be signed.

Help us on to a bigger and better paper.

If you don't like this first edition of the Lion's Roar whisper your complaint to us; if you like it, find a way to let everybody know.

## THE PROWLER

Maurice Lemmons

Since the boys of the Senior Class of 1937 are going to college, we wonder what some of our Junior and Senior girls are going to do.

We wonder why Mary Alyce is interested in the word "Buick"; is it a car or a person, Toots?

Ask Phillip and Sid about Betty Jane's hay ride, and see what they say.

Who knows why Lois J. turns red in the face when anybody says, "Ah, I don't care anything about it."

By the way, Crystelle and Mary Bess seemed to enjoy the hay ride very much.

Can somebody tell us who was with Haskell and Clifton last Sunday night and why it caused so much confusion?

Emogene told me that she would like to have the pleasure of meeting the person who gave her the nice cold.

We would like to know if J— and M— were sincere or only acting for us last Sunday.

Too, our curiosity is up over Joe C's big hurry to get to town last Wednesday night.

## ELECTION OF CLASS OFFICERS

The four classes in Ozona High School have met and elected their class officers for the school year 1937-38.

The Freshman Class, which is slowly and not so surely "catching on" to the likes and dislikes of upperclassmen, elected George B. Armentrout, president; Elton Smith, vice president; Jean Kinser, secretary, and Billy Jo West, reporter.

The Sophomore Class, whose members are no longer spoken of as "fish" but as upperclassmen, have elected as their class officers: Lois Jones, president; Jim Dudley, vice president; and Mary Bess Parker, secretary. A reporter has not yet been elected.

The Junior Class, whose members are eager for next year when they will be "heap big Seniors", have elected Philip Schneemann, who was president of his class last year, president; Jeff Fussell, vice president; Mary Louise Harvick, secretary, and Walter Escue, reporter.

The Senior Class has put its "well-being" in the hands of Catherine Childress, president; Betty Dudley, vice president; Jack Baggett, secretary; Maurice Lemmons, treasurer; Lurinne Townsend, reporter, and John Coates, sergeant-at-arms.

## BAND NEWS

The Ozona High School band under the direction of Mr. J. M. Edwards, has been progressing rapidly. We have approximately thirty members, and about twenty-five of them will be used for the marching band. Three drum majors and, later, a band sweetheart, who is to be elected by the student body, will complete the group.

Plans for band uniforms are not yet made.

This organization has a good start and will soon be prepared to put on a real show for Ozona High. BOOST THE BAND!

Miles: "Do you think I have a film face?"

Joe C.: "Well, it certainly looks its best in the dark."

## OZONA VS RANKIN

Sept. 25, 3:30 P. M.

The Lions will play their second warm-up game of the season this Saturday with Rankin furnishing the opposition. They will be playing a fair class B club but will have the advantage of playing on the home field and of having the humiliating experience at the hands of the Iraan Braves last week. The offense and the defense will show definite signs of improvement before the home-folks.

## SHAKESPEARE TO THE GRADUATE

The following lines from Hamlet, Shakespeare's greatest tragedy, were spoken by Laertes to his son Polonius as the latter left for school in France.

As the Ozona High School graduates are leaving this fall for school, some to be away from home for the first time, we, who are left behind and who are interested in their welfare, should like to feel that they, too, are sent away with this bit of advice; advice so sound that it has stood the test of time for better than three centuries.

Give thy thoughts no tongue, nor any unproportion'd thought his act.

Be thou familiar, but by no means vulgar.

The friends thou hast and their adoption tried, Grapple them to thy soul with hoops of steel;

But do not dull they palm with entertainment

Of each new-hatch'd, unfledg'd comrade. Beware

Of entrance to a quarrel; but, being in,

Bear it, that the opposer may beware of thee.

Give every man thine ear, but few thy voice;

Take every man's censure, but reserve thy judgment.

Costly thy habit as purse can buy,

But not expressed in fancy; rich, not gaudy;

For the apparel oft proclaims the man;

And they in France, of the best rank and station,

Are of a most select and generous choice in that.

Neither a borrower, nor a lender be;

For loan oft loses both itself and friend.

And borrowing dulls the edge of husbandry.

This above all to thine own self be true;

And it must follow as the night the day,

Thou canst not be false to any man.

Farewell: My blessing season this in thee!

## CAMPUS PHILOSOPHY

Overwork is a disease, underwork a fatality.

Proclaiming the virtues of friends is more profitable than listing the faults of enemies.

Don't be so progressive that the times are behind you.

The biggest ideas are usually expressed in the simplest words.

## RAH! RAH! OZONA!

The pep squad uniforms planned for this year have so much style and color that we feel our group will make quite a show. Purple skirts and shirts with gold slip-over sweaters and gold dinks will be worn by the regular squad, with the leaders in plain white with purple shirts. Those who support O. H. S. will really have cause to be proud of us if we march as well as the uniforms look.

The first practice began Friday, and it looks as though we shall really "go to town" this year with drum corps and majors to keep us in step.

## IRAAN VS OZONA

The Ozona Lions were rushed off their feet by the experienced Iraan Braves in the opening game of the season last Saturday. The Braves have a well balanced team that was carried over from last year's regulars.

The Lions showed a decided lack of experience but a willingness to try. This defeat dampened their spirits very little. They have been drilling hard and were in the finest physical condition possible for such a short training period.

The entire team promises to be more effective in their efforts in the next games.

## When—

Kindhearted Coach White saw a small boy trying to reach a doorbell, he rang it for him, and then said, "What now, my little man?"

The small boy answered: "Run like blazes."

Howard: "Don't you wish you were a little bird and could fly away up into the sky?"

Bobby: "Naw—I'd rather be an elephant and squirt water through my nose."

## GET ACQUAINTED PARTY

The Parent-Teacher Association entertained with a lawn party Sept. 6th at eight o'clock for the purpose of introducing new-comers.

A variety of games furnished entertainment for approximately sixty-five parent and teachers.

## LIBRARY NEWS

As school starts, it looks as if we are going to have a fine library. All but three of our librarians are "experienced hands," and we are sure these will soon "catch on."

It has been reported that many new books will soon be placed on the library shelves. We are all looking forward to their arrival.

Librarians are: Betty Lou Coates, Mary Mess Parker, Catherine Childress, W. B. Robertson, Jeff Fussell, Doris Bunger, Mary Alyce Smith, Jean Drake, and Posey Baggett.

## EYE PROTECTION

Now that school has started, we students will be using our eyes more than ever.

Dr. Martin Haberfeld has compiled the following "do's" and "don't's" for strengthening eyesight. Each of us would do well to keep them in mind:

Hold reading matter slightly below eye level and as far from eyes as possible.

Have light coming over left shoulder if right-handed, and over right shoulder if left-handed.

Don't have light too strong or too dim.

Don't read lying on back or on stomach.

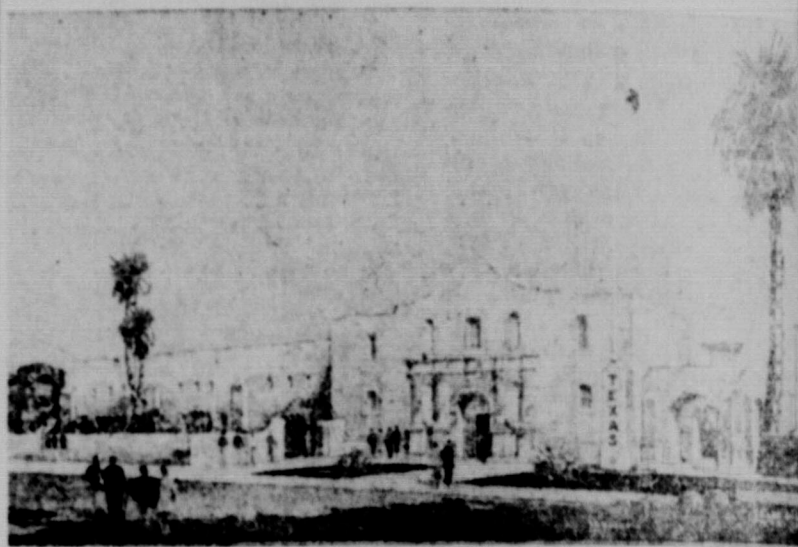

Don't read in shaking vehicle.

Consult an optometrist once a year.

If you use your eyes all day, don't read at night.

Look up into the distance every

Austin, Sept. 25—The thrilling story of Texas will be carried to New York and San Francisco world's fairs in sound and color films if the Legislature adopts plans of the Texas Planning Board. The cost of the exhibits at both fairs will not exceed \$225,000.

The sound and color film, depicting the industrial, agricultural, recreational, cultural and economic life of the state, would be shown in an air conditioned replica of the Alamo.

The planners discarded the old type of fair and exposition exhibit as being too costly and wholly inadequate to show the 50,000,000 visitors expected at New York, and the 20,000,000 the San Francisco fairmen expect to attend the Golden Gate International Exposition, just what Texas is today.

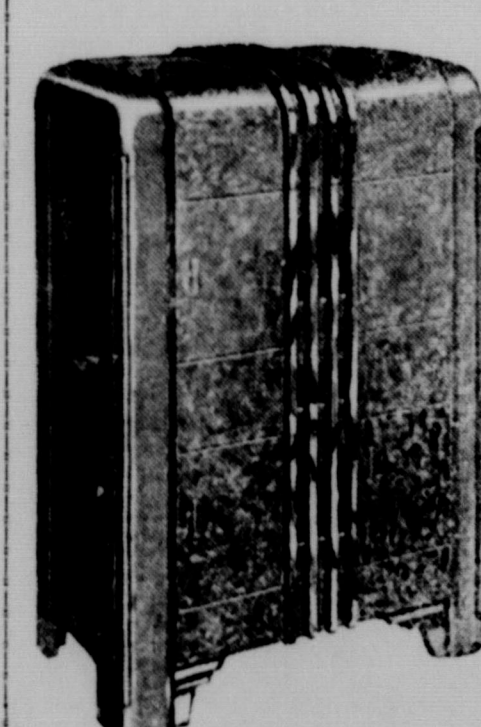

The Board chose the historic Alamo as best illustrating the spirit of Texas. Plans for each replica were drawn by Adams &

Adams, San Antonio architects who helped to design the Hall of State at Dallas. As submitted by the architects the building plans call for an exact replica of the Alamo at New York and a slightly smaller replica at San Francisco.

In each the chapel of the Alamo will be used as a lounging salon where Texans visiting the fairs may meet and rest in air conditioned comfort.

The auditorium will seat 500 persons at New York and about 350 at San Francisco. Each auditorium is modeled after the lines of the museum now nearing completion on the Alamo grounds in San Antonio.

An advantage of the sound movies, Hull Youngblood, vice chairman of the Board said, is that in the year and a half before the fairs open the cameras could get each phase of Texas life at its seasonal peak, thus assuring a presentation which would depict Texas as it really is.

## Bob Burns Will Star At Pan American Exposition

Bob Burns, bazooka-playing screen and radio star, will be presented by the Pan American Exposition in Dallas in two big free shows in the Cotton Bowl Sept. 25-26. The affair will be in the nature of a reunion of Burns' famous family, including Aunt Boo and Grandpa Snazzy from Arkansas. Free to Exposition visitors, the show will be held nightly in the Cotton Bowl seating 47,000.

### Practical Cookery

Dept. Home of Economics  
Texas State College for Women

Denton, Sept. 23—Fun is poked at beginners in the kitchen for cooking "unrecognizable" dishes, but the teasers forget that it takes an artist to disguise those staple foods which must be served over and over for the sake of balanced menus.

More power to the young housewife who dares to try out something new, who believes in putting adventure into cooking. Here are some novel recipes that can hardly go wrong, and are guaranteed to lend freshness to any menu.

#### Fried Polenta

1/2 c. corn meal, 2 c. water, 1/2 t. salt, 1/4 t. cayenne or paprika, 1/2 c. grated cheese, 1 c. tomato sauce, 3 T. fat for sauteing. Cook the corn meal in salted water, put the meal into cold water, and cook over the flame until the boiling point is reached; then cook over hot water 1 hour. Stir the grated cheese into the mush, add paprika and turn into mold. Cool until sufficiently firm to slice. Cut into thin strips and caute.

#### Hominy Fritters

1 pt. hominy mush, 2/3 c. stale crumbs, 1/2 c. milk, 2 eggs, 1 small onion, 2 T. chopped parsley, 1 t. salt, 1/4 t. pepper. Add to the mush the crumbs, beaten eggs, and enough milk to make a stiff paste (omit part of the milk if mush is moist). Stir into this mixture the seasonings and fry in hot fat until brown. Drop by spoonfuls into the fat. 1/2 c. of cheese may be added if desired.

#### Bean Loaf

2 c. dried lima beans, 1 c. dry bread crumbs, 4 T. peanut butter, 1 T. bacon fat, 2 T. grated onion, 1 t. salt, 1/4 t. pepper, 1 c. rice stock or other liquid, 1 T. celery leaves or seed. Wash, soak, and cook beans 45 to 60 minutes. Drain; when cool, chop coarsely and add crumbs and all other ingredients. Put into greased bread pan and bake in a modest oven 30 minutes.

#### Oyster and Macaroni Croquettes

1/2 c. macaroni (1/2-inch pieces), 1 pt. oysters, 1 c. thick white sauce, 1/4 c. grated cheese, 1/2 t. lemon juice, 1/4 t. paprika or cayenne. Cook macaroni until soft,

and drain. Clean and heat oysters cut into pieces if preferred. Use 1/2 c. oyster liquor and 1/2 c. milk with three T. butter and three T. oil flour to make white sauce. Mix all ingredients together and cool the mixture. Shape croquettes; dip in crumbs, in egg, and in crumbs again. Fry in deep fat.

#### Fruit Souffle

1/2 c. fruit pulp, 1/4 c. sugar, 3 eggs. Prunes or apricots are used. Stew dried fruits and rub through sieve. Bake in buttered molds or in a pudding dish in a slow oven until egg is firm.

#### Bigger and Better Bottles

Denton, Sept. 22—A whole town bottled up—such is the situation in Three Rivers, where over 100,000 bottles are turned out a day. Milk bottles, beverage bottles, food containers and medicine bottles are a few of the bottled goods produced by the large glass factory located there. The necessary

raw products are furnished by a heavy deposit of white, fine-grained sand near the town, which is located midway between San Antonio and Corpus Christi.

#### Tree Publicity Needed

Although the widespread plainlands with their romantic cowboy figures have received more publicity than any other aspect of Texas, its wooded areas could well claim their share of the glory. In 1936 the total commercial forest area was 12,624,000 acres, and three state forests in Cherokee, Montgomery and Newton counties added 5,600 more acres. Principal kinds of wood are yellow pine, oak, red gum and tupelo, but with the state forests as laboratories, experts are now making research toward growing new varieties.

#### Queer Names and Why

Five towns in Texas have every right to be dirty—their names are Mud, Clay, Earth, Sand and Grit. Among other odd names is that of Round Top, so called because it has an old log house with a round dome situated on a round hill. Origin for one of the most optimistically named towns in the state, Rising Star, has never been discovered. And then there is the town named Floydada by mistake, because some post office employe could not read the handwriting which designated it as Floydalla.

#### Seal Bros. Circus To Show Here Oct. 7

Advance men for Seal Bros. three-ring wild animal circus were in Ozona this week making arrangements for the scheduled appearance of the show here for afternoon and evening performances on Thursday, October 7.

The coming of the circus to town will be hailed in the traditional fashion with a big street parade, it was announced. It has been several years since the Seal Bros. circus has staged a street parade, but this year the show is following the old tradition of the circus—with the blare of bands, tooting of the caliope, the lumbering elephants and the gilded cages of wild animals passing in review.

Complete performances will be given both afternoon and evening. Advance notices describe the Seal Bros. show as a complete three-ring circus and wild animal show.

#### Scouters Gather At Louis Farr To Plan Fall Program

Scouters from throughout the Concho Valley Council have been extended an invitation to meet at Camp Louis Farr on Saturday, Sept. 25th, for a real kick-off for the Fall Program of Scouting. R. G. Carr, Area Commissioner, is in charge of the activities.

The program starts at 4:00 p. m. and extends to late evening. Some Scouters will remain overnight and return to their homes early Sunday morning for the religious services.

The affair is partially in the nature of a reception for the new Scout Executive, C. H. Janeway, who became the director of the Concho Valley Council during the late summer.

#### MOONLIGHT HAYRIDE ON INGHAM RANCH

Miss Betty Jane Ingham, who left the end of the week for Fort Worth, where she will attend Paschal High School, was complimented with a moonlight hayride on the Ingham ranch on the eve of her departure last week. Miss Ingham will make her home with her aunt, Miss Linora Dudley, while attending school in Fort Worth.

Guests of the evening presented the honoree with gifts, as did the hostesses, Mrs. B. B. Ingham, Mrs. J. C. Littleton and Mrs. Bill Conklin. Guests were Mary Frances West, Eloise Carson, Billy Jo West, Crystelle Carson, Adelia Willis, Noma V. Miller, Johnnie Boyd, Mary Alice Smith, Mary Bess Parker, Betty Lou Coates,

Catherine Childress, Doris Bunger, Jean Drake, Betty Dudley, Posey Baggett, Mary Louise Harvick, Miles Pierce, Roy Henderson, Jr., Sid Petty, Phillip Schneemann, Maurice Lemmons, Howard Lemmons, W. B. Robertson, Jr., Ele Bright Baggett, Sue Littleton, W. P. Conklin and the honoree.

#### MRS. POWELL IS HOSTESS

Mrs. R. F. Powell was hostess to members of the Baptist Woman's Missionary Society yesterday afternoon at her home. A discussion of "The Witch of Endor" was led by Mrs. I. V. Garrison. Others present were Mrs. Jim Patrick, Mrs. J. S. Whatley, Mrs. Clyde McCaleb, Mrs. George Inlow, Mrs. S. L. Butler, and Miss Maybelle Taylor.

Mrs. J. M. Baggett, Mrs. J. H. Miller and Mrs. Eugene Slater came home from Dallas Monday. Mrs. Baggett had gone to Denton to place her daughter, Lillian, in C. I. A.

fifteen minutes when reading. Always after reading, do the "rainbow" exercise with the eyes right, up, left, and reverse. The rainbow exercise consists of making the eyes describe an arc like a rainbow, casting them back and forth through the upper semi-circle and each time bringing them as high and as far to the right and left as possible.

**GRADE SCHOOL NEWS**

**Kindergarten News**

There are twenty-six children enrolled in kindergarten. It is the largest enrollment we have ever had. The kindergarten children are making a ranch. At present they are working on large animals and furniture for the ranch house.

**First Grade News**

The first grade is busy at the task of building a town. The town as planned will have both business and residence streets.

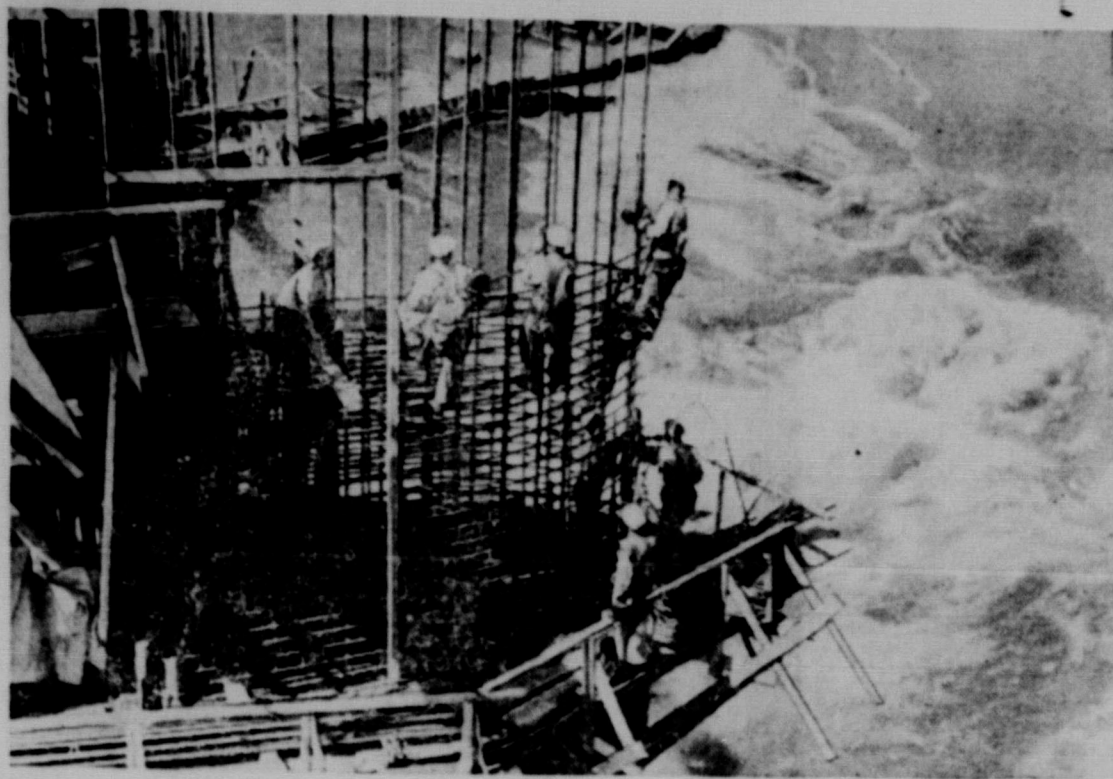

We are very happy to have Mrs. E. B. Tandy for our Room Mother and we also wish to invite all the parents to visit the room as often as possible.

Two of our children, Edward Stokes, and Arthur Runnion, have been absent because of illness.

**Second Grade Studies Indians**

We have read Indian stories.

**Work Speeded on \$32,400,000 Bonneville Dam**

Army engineers are speeding the construction of the \$32,400,000 Bonneville dam in the state of Washington. This interesting picture in which sky, water and steel meet shows workers erecting piers that will span the Bonneville river. This PWA project is a huge power, navigation and flood-control undertaking.

We have talked Indians. Indian pictures are on our walls. Boys and girls have brought teepees, moccasins, papooses, prayer sticks and pottery.

We are planning a trading post.

**Second Grade News**

Preston and Clyde are back in school. They were ill the first of the week.

**Third Grade News**

The third grade has 21 pupils.

J. D. Porter, Mildred Porter, Azalea Babb, J. W. Terry, and Billy Jo Leatherwood are with us for the first time.

The first day of school we left New York on a train and traveled to the Brown farm where we are visiting now.

The third grade is making a farm. The name of our farm is the Brown Farm.

We are studying how to build things on our farm.

I am making the silo.

Barbara Bowers.

We are making a farm. I am making the hen house.

Dick is making the beehives. I hope he does not get stung.

Muggins Davidson.

The third grade is reading the book, "On the Farm with Bob and Nancy."

Benny Gail Phillips.

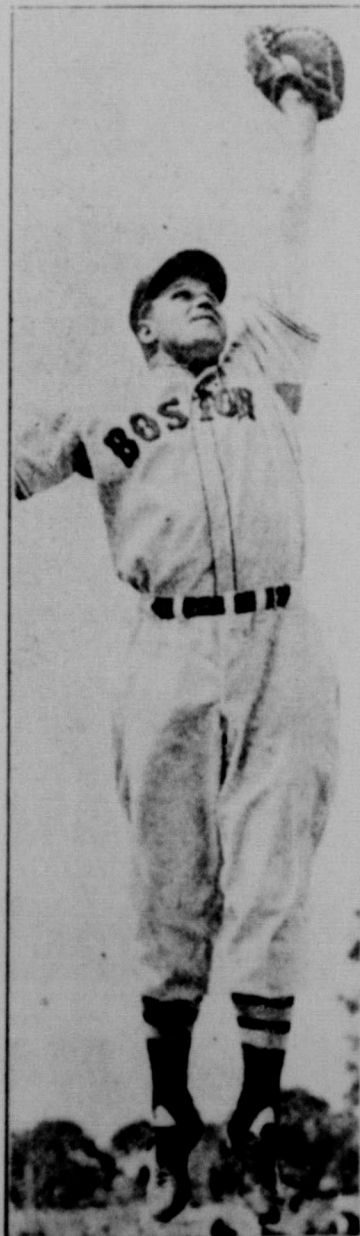

**Fourth Grade News**

The fourth grade has twenty six pupils. We have two new pupils, Ada Ballard from Sterling and Betty Jo Brown from Seagraves.

**FOXX SPARKS THE SOX**

BOSTON—Fence-busting first baseman Jimmie Foxx is being hailed as the sparkplug of the Boston Red Sox' blistering drive in the American League pennant race. Though outdistanced by the rampaging Yankees, the Sox for the first time since Tom Yawkey put together his "million-dollar team" are setting a pace that has promise of at least a second place berth by the end of the season.

Foxx, who is giving Lou Gehrig and Joe DiMaggio some real competition in the Home Run Derby, is having his best year since 1925,

when he hit .354 to lead the American League. In 1922, Jimmie exploded 44 homers, two less than Babe Ruth's major league record. Jimmie was one of the most expensive "pieces of ivory" acquired by Yawkey in his big deal with the Athletics in 1925. He had been with Connie Mack nine years when he moved to Boston.

the season will be two games with Sonora and another tie-in with Iraan.

Members of the team are: Tom Ed Montgomery, Stanley Lemmons L. B. Cox, III, Lorain Wyatt, Bill Carson, Wayne West, Floyd Hokit, Byron Williams, Billy Hannah, Mervin McLaughlin, Bland Tandy, Lloyd Coates, Roy Coates, Jake Hoover, Charles McDonald, Gene Tyer, and Henry Patrick.

**New Law Limits Speed In Towns Not Incorporated**

Sheriff W. S. Willis, in a statement issued this week, calls attention to the recent legislative act placing the speed limit of motor vehicles through unincorporated towns at 20 miles per hour.

Heretofore unincorporated towns have had no protection against speeding, other than the reckless driving laws, the sheriff pointed out, and it was difficult to get convictions in court on speeding charges. The recent enactment now fixes a definite limit and places in the hands of officers and the courts the power to control the traffic situation within these towns. Best keep your speed with-

in or very near the limit, the sheriff warns.

Mr. and Mrs. Hillery Phillips are having the kitchen and breakfast room of their home enlarged and the interior painted.

**THE FEAST**

**Banks Believe**

—in finding reasons for trusting people.

THE banks of this country are now lending some seven billion dollars to borrowers in what are generally classed as "unsecured loans" for business purposes.

This means that no tangible form of wealth such as real estate, stocks, bonds, or commodities have been pledged by the borrowers to secure repayment of these loans. They are, however, secured by a far more valuable pledge than tangible wealth. Back of each loan is the proven integrity, the good faith and determination of the borrowers to carry through to a successful conclusion the purposes for which they made these loans.

This bank is always seeking new business friendships with men whose character and abilities entitle them to credit.

**THANK YOU**

For the nice business that you have given us since we opened for business June the 19th. It has exceeded our fondest expectations and we are very grateful and thankful to you for same. We have sold and delivered 22 Buicks, and have 4 1938 Buick orders and deposits. We have sold 7 Pontiacs and have sold 36 used cars. We are proud of this record made possible by your patronage. Who wouldn't be? It is our aim and goal to put Ozona where it once was—with more Buicks per capita than any other town in the world.

**Now**

We will have on display in our show room Friday the new 1938 Buick, the greatest of them all, with three of the greatest engineering achievements in the history of automobiles. We most cordially invite you to come see this new fine car. It is the Boss of the road and America's Finest Car.

when his fly was juggled and Dorley raced home with the third run of the inning.

This man Dorley, by the way, has hung up some kind of record in the three championship series in which he has participated as a member of teams representing Ozona. In four of the games in the three series he has driven in the winning run. In the 1935 series in which the Ozona Giants contested the powerful Texon Oilers in a series which went six of the scheduled seven games, Dorley drove in the winning run with a triple which scored a teammate from first base. That was the only score of that hard fought game, the decision being 1 to 0.

The only game the Ozona team won in the 1936 series against the Crane Gulfers was by virtue of the hefty first sacker's mighty bat. That was the third game at Crane when the score was tied at 8 all in the ninth. In the tenth Dorley smashed one of the longest hits ever seen on a West Texas baseball diamond for a home run, scoring one ahead of him.

**Ties It, Wins It**

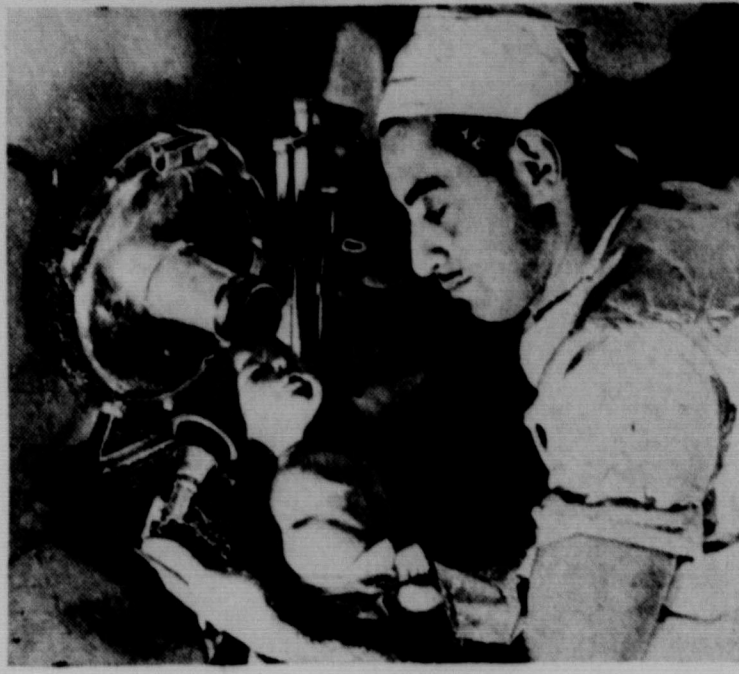

In the opening game of the present series, another extra inning affair, Dorley dropped a hit back of short to score Mangold from second for the winning run. And again last Sunday, the big fellow with the powerhouse swing smashed one of Jack Paige's fast ones smack on the nose for a homer over the center palisades for the tying run in the fourth, and in that seventh, with the score again tied a moment before, he again connected with a two-base drive to bring in the winning tally, racing home himself a moment later with one for good measure.

The locals took the lead in the first frame when Mangold was safe on Hensley's error, went to second on Cox's sacrifice and scored on Stuart's hit. The opposition evened up matters in the second when Coy LeMeilleur cracked one over the center field fence for a homer. The visitors went one up in the third with Barbee starting things off with a single, Estes drawing first as his bunt was juggled. Both men advanced their stations on Williams' sacrifice and Coy LeMeilleur lifted one to far outfield, Barbee galloping home after the catch.

Cox, Dorley and Ratliff led the attack on Pitcher Jack Paige, Cox getting three safe blows for three trips up, and Dorley and Ratliff two each. Mangold, Stuart, and Marvin McLeod hung up one each.

The big bats of Iraan, which chased a nonplussed Crostwaite to the showers under a barrage of base blows a week before, were held in check by the big righthander here Sunday, the heavy hitters from the Pecos Oil section touching his offerings for but six safe-

Mr. and Mrs. West's party did not suffer from a food shortage that did occur in other cases. While they had to go to Shanghai by way of Teinsten and were badly crowded on that detour, it only lasted an hour and a half, and they were able to embark from Shanghai without difficulty.

They came from Bombay by way of the Red Sea, the Suez Canal and the Mediterranean Sea to Marseilles and were two weeks on this leg of their travels, an extremely hot two weeks. The Atlantic crossing was made by way of Cherbourg to Quebec.

Their family was notified of their arrival in Chicago. Mr. and Mrs. Wayne West and Mrs. Alice Baker met them in San Antonio and brought them home Saturday night.
