Slight Drop In Tax Values For 1938 In County

Total Property Valuation For Tax Purpose \$5,619,709

A slight drop in total property valuations in Crockett county for tax purposes was registered on the tax rolls recently completed and approved at a special meeting of the commissioners Monday.

The 1938 tax roll shows a total tax valuation in the county of \$5,619,709 as against \$5,633,513 last year. The drop can be accounted for in a sharp decline in valuation of lands, this decline occurring principally in oil land valuations. A decline of 7,587 in the number of sheep in the county rendered for taxation was also noted. Cattle decreased about 1,000 head, hogs and notes rendered fell off nearly \$15,000. There was an increase of 200 head of goats.

On the basis of this valuation, a 100 per cent tax collection would mean a total tax bill for Crockett county residents of \$1,194,412.77, divided \$24,318.87 to the state, \$59,008.997 to the county, and \$36,113.833 to the district schools.

A total of 1,779,520.5 acres of land were rendered for taxation at a total valuation of \$2,293,730. Livestock listed on the rolls includes 16,492 head of cattle, 1,330 head of horses and mules, 363,783 head of sheep, 20,621 head of goats, 2 dogs, 428 motor vehicles, \$61,265 worth of goods and merchandise and \$3,525 in cash. The valuation of all companies and corporations in the county was listed at \$369,737.

A half mile of railroad in the county was assessed at \$2,500 and rolling stock of the railroad company at \$90. A total distance of 172.93 miles of telephone and telegraph lines in the county were valued at \$15,295, and 274.85 miles of pipelines valued at \$765,767.

First Meeting Of P. T. A. Slated For Monday Afternoon

Forces Affecting Youth Of Today Theme Of Year's Study

Ozona Parent-Teacher Association will hold its initial meeting of the new year next Monday afternoon at 8:30 in the high school auditorium, it was announced this week.

The theme for the local association this year will be "Present Day Forces Affecting Childhood and Youth," and the study for September will be devoted to "The American School."

Mrs. Hubert Baker will lead the opening program Monday. Clarence E. Nelson, high school principal, will speak on the subject, "Democracy in the American School." A violin solo will be presented by Miss Mildred Morris, public school music teacher, and Mrs. Stephen Perner will give a reading, "Why P. T. A.'s Fail."

The program will be concluded with a playlet, "P. T. A. Clinic," presented by a group of pupils. All parents interested in the well-being of the school system are urged to enroll in the Parent-Teacher Association and take an active interest in its work. Mrs. Elton Smith is this year's president of the organization.

SHOWER FALLS WEDNESDAY

A heavy shower of rain here Wednesday morning which covered the spotted areas as far west as the Pecos river refreshed ranges that were beginning to show effects of the hot sun of the past few days. Continued cloudiness gives promise of additional moisture to put a good growth on range grass before cold weather.

Reports to FDR

Plans for liberalizing the United States social security system will be submitted to President Roosevelt today in a report by Chairman Arthur J. Altmeyer, above. Recommendations will be submitted to the next congress.

Ozona Lions To Invade Iraan For Opener Saturday

Practice Game Slated With Second String Of Braves

Tactics learned on the practice field and in skull practice sessions will be put to the test on the playing field for charges of Coaches Ted White and Jake McCulley next Saturday afternoon when the Ozona High School Lions get their "baptism of fire" on the Iraan gridiron with the Iraan reserves as opponents.

The Iraan first team opens its district campaign on that day with the Rankin Red Devils at Rankin, leaving the second stringers to defend the home ground against the Crockett County invaders.

The Lions of 1937 took an opening-day mauling from the Iraan Braves first team, the excessive material available in the larger school being too much for the local aggregation. But this year's squad hopes to catch the Indians in an unguarded moment this year and to avenge the licking administered last year.

Meanwhile, the Lion mentors will be throwing all able bodied members of the squad into the melee, feeling out their prospects, toughening up the crew and conditioning them for the district campaign to come. Since this and the second game of the season are to be practice affairs, coaches are depending on these as an avenue for lining up the team, trying squad members out at various positions and at the same time develop various plays that are being handed the team in the daily workouts. Next week, the Lions go to San Angelo to engage the San Angelo Junior High team, final practice game before the district opener here October 1 against Junction.

Sawyer Cattle Co. Buys 5,000 Crockett Co. Mutton Lambs

Approximately 5,000 Crockett county mutton lambs have been purchased by the Sawyer Cattle company, the muttons to be range fed on the Bar S ranch, 17 miles north of Barnhart and sold in the spring on the fat lamb market.

The lambs were purchased here last week from Ralph Jones, Tom Smith, Pie Pierce, Dempster Jones, Jones Miller and Frank Friend. The Bar S plans to run from 8,000 to 10,000 muttons this year, following up a successful venture last year when about that number were fattened on the cattle ranch. The price paid for the Crockett lambs was 6 cents per pound.

Night baseball started in 1909.

September Term District Court To Open Monday

Several Cases Up For Consideration Of Grand Jury

District court opens in Ozona next Monday morning for the regular September term for Crockett county, with Judge Joe G. Monague of the 112th judicial district on the bench.

The grand and petit jury panels have been summoned to report for duty, the grand jury to report Monday morning and the petit jury Wednesday morning.

Several cases are on the docket of the justice court for consideration of the grand jury. One murder charge, that against Senobia Reveles, in connection with the slaying of a Mexican in Reveles' place of business several months ago, a negro charged with theft of a car and burglary, and two assault charges growing out of knife fights in the Mexican sector of Ozona, are among cases to be investigated by the grand jury.

The grand jury panel is composed of the following: Walter Augustine, Clay Adams, Melvin Brown, Jimmie Blaylock, W. E. Friend, Jr., Frank James, J. D. Kirby, J. L. Littleton, Marbury Morrison, Vic Montgomery, Clay Montgomery, Jeff Owens, A. C. Hoover, R. W. Bissett and G. M. Couch.

Members of the petit panel are Buster Augustine, Ed Bean, James Baggett, Ben Butler, Clifton Brooks, W. Y. Benge, C. D. Colwick, L. B. Cox, Phillip L. Childress, Boyd Clayton, Fleet Coates, John Chandler, Ray Dunlap, E. H. Chandler, Armond Hoover, Peery Holmesley, Dock Lee, Sid Mills, Watt Turner, Mike Friend, B. B. Ingham, Floyd McMullan, Chas. Black, Jr., Joe T. Davidson, Z. H. Eppler, R. L. Flowers, Joe Friend, W. N. Hannah, S. M. Harvick, Alvin Harrell, A. W. Jones, Ray Piner, Madden Read and Max Schneemann.

Music Aptitude Test To Be Given To Ozona Pupils

Standardized Test Will Determine Talent Of Individual

School children of Ozona Public Schools who desire are to be given a music aptitude test, the purpose of which is to determine the native ability of each child for satisfactory progress in instrumental music, it was announced this week by James B. Nevins, band instructor in the Ozona school system.

This is a standardized test and is to be administered under the supervision of C. S. Denham, superintendent, Mr. Nevins and Burgess Brown, who has been administering the tests throughout Texas, Mr. Nevins said.

The music aptitude test is primarily used for selecting qualified material for beginning band classes, the director said, this method having proven highly satisfactory in this type of selection. Previous musical training has no effect on the result or grade by individuals as the grade depends on the reaction of the student as he listens to the music, it is declared.

"This test offers unusual opportunity for parents to discover the degree of musical talent in their children and upon this the parent can rest assured that if the child shows this talent, he or she is passing up successful participation in the music field," Mr. Nevins said.

"The test is to be given to all who desire to take it during the next week, upon Mr. Brown's arrival. Watch for it and check the (Continued on last page.)

'Little' Business

When President Roosevelt called a conference of small business men at Washington last winter, they responded by forming their own association under DeWitt M. Emery of Akron, Ohio, above. Two thousand delegates are attending the first annual convention which opened at Pittsburgh, Tuesday, Sept. 13.

Paul Perner Lambs Set New High With 79.3-Pound Average

Mrs. Davidson At Last Backed Out Of Running For Heaviest Lambs

Mrs. Charles E. Davidson has been dethroned!

Long has she reigned with the heaviest lambs to weigh out each fall from the Barnhart loading pens. True to tradition last week, when her 900 lambs were shipped, they tipped the scales at 77 pounds flat—to top the county up to that point.

But along comes Paul Perner with 1156 huge fellows that make the rest of the county's lambs look like cut backs. By better than two pounds did the Perner lambs crash to the top of the heap—an average of 79.3 pounds. The first batch weighed out hit an average of over 81 pounds. Is there another candidate? They really grow 'em big in Crockett county.

Mr. Perner sold his lambs to Ed Gibbons of Richland Springs at 6 cents a pound.

Owens, Willoughby Fall Wool Clips Sold At 18-18 1/2c

Two of the largest fall wool sales of the current season were made recently by Ray Willoughby and J. W. Owens of Ozona. Willoughby sold his expected clip of 65,000 pounds from three of his ranches at 18 cents a pound to Arthur Broome, buyer for A. W. Hilliard & Son of Boston. The Owens clip of about 36,000 pounds from 8,000 sheep was sold to Murphey Campbell, buyer for Silberman & Sons of Chicago at 18 1/2 cents a pound.

Health Examination Of Pupils In Grade School In Progress

Health examinations are being given pupils of the first four grades in the local schools this week under sponsorship of the Parent-Teacher Association. The two local doctors, Drs. H. B. Tandy and O. A. Kirby, are donating their services in this work, and the Parent-Teacher Association has employed Miss Zoella McKisack, nurse, to assist the doctors in the examinations.

Particular attention is being paid to condition of eye, ear, nose and throat. A report will be made on each pupil and parents apprised of any recommendations made by the examining physicians for the correction of any disease conditions found. Examinations will be continued to include pupils of all the grade school.

TWO GIRLS LOSE LIVES IN AUTO ACCIDENT NEAR HERE LATE SUNDAY NIGHT

Athleen Dudley Of Ozona And Phyllis McLeod Of El Paso Instantly Killed In Crash On Barnhart Road

Miss Athleen Dudley, 18, a daughter of Mr. and Mrs. J. M. Dudley of Ozona, and Miss Phyllis McLeod, 18, who made her home with an aunt and uncle in El Paso, were instantly killed late Sunday night when the car in which they were riding overturned on the Barnhart road about four miles north of Ozona.

Funeral services were held from the Methodist Church here at 10:30 Tuesday morning for Miss Dudley, the Rev. Forrest Dudley of Dallas, an uncle, assisted by the Rev. Eugene Slater, pastor, conducting services. The body of Miss McLeod was shipped Monday night to Toronto, Canada, where two brothers reside. Arrangements were in the hands of Joe Oberkamp funeral directors.

The two girls, roommates last year at Texas State College for Women at Denton, were returning from a joy ride. A younger sister of Miss Dudley's, Gemella Dudley, had been riding with them but had alighted at her home less than a half hour before the fatal crash.

A blow-out in a rear tire is believed to have resulted in the car's going out of control at about the intersection of the old dirt road with Highway 163 at what is known as Four-mile hill. Marks on the pavement indicated the car left the pavement, swerved back, skidded to about the middle of the highway and then left the ground to turn over some seven or eight times before coming to rest astride the right-of-way fence and against a telephone post.

Miss McLeod's body was found beside the highway at a point about halfway from the spot where the car left the pavement to where it finally came to rest. Miss Dudley's body was thrown a distance of nearly 130 feet from the car into the adjoining pasture. The car came to rest atop the fence and marks on the telephone post indicated that it had struck this obstruction while still in the air, settling down on the fence with the front end in the pasture and the rear in the highway right-of-way with none of the fence wires broken.

Both girls were killed instantly. The tragedy was discovered by Mr. and Mrs. J. A. Sparks and Mr. and Mrs. Eldridge Davidson who were returning from a trip to San Angelo.

Athleen Dudley was born in Ozona December 30, 1919. She was graduated from Ozona High school with the class of 1937 and last year attended Texas State College for Women at Denton. She was counsellor and instructor in fencing this summer at Kamp Kickapoo at Rockado, N. M. While a student in Ozona High school she was one of the most popular girls on the campus. In her senior year, she was leader of the Pep Squad, won honors in dramatics and other extra-curricular activities, and was a high ranking student scholastically.

Surviving are the parents, Mr. and Mrs. J. M. Dudley, a sister, Gemella, and a brother, Jim. A large number of other relatives and a host of friends of the family (Continued On Last Page.)

Luncheon Opens Junior Woman's Club Activities

25 Members and Guests Enjoy Affair At Hotel Saturday

With twenty-five members and guests present, the Ozona Junior Woman's club inaugurated its year's activities with a luncheon Saturday at Hotel Ozona.

Mrs. Jake Young presided as toastmaster and members answered roll call with an account of their vacations. Three musical selections were given by Mrs. H. B. Tandy, soprano; Miss Ruth Graydon, pianist, and Miss Mildred Morris, violinist. Aims of the club for the year were outlined by the president, Miss Wanda Watson.

Committees for the year were named as follows: Program, Mrs. Sherman Taylor, Mrs. Ele Hagelstein, Mrs. Hubert Baker, and Miss Bess Terry; year book, Miss Wayne Augustine, Mrs. Marbury Morrison, and Mrs. Douglas Kirby; entertainment, Mrs. Walter Augustine, Mrs. Boyd Clayton and Mrs. Melvin Brown; civic, Mrs. Massie West and Mrs. C. E. (Continued On Last Page.)

SEEK LOST JEWELRY

A gold link wrist watch band worn by Miss Athleen Dudley, and a setting from a ring worn by Miss Phyllis McLeod, both killed Sunday night in the tragic automobile accident north of Ozona, have not been recovered.

Members of the families are anxious to recover these mementoes and a reward is offered to any person who will return them.

SORROW IS SHARED

Stark tragedy visited on neighbors and friends leaves a community in a daze. Every heart aches both in sympathy for the bereaved family and at the knowledge of the loss of a promising life, a life that had added beauty wherever it touched in the few short years from the cradle.

To youth life is scarcely a gamble. Reared under the protecting wing of family life, the sense of security and well being outweighs any thought of uncertainty or danger. Youth has always been thus and perhaps always will be.

Tragic beyond speaking, then, is it when this very exhilaration and exuberance leads into a combination of circumstance that results in cutting short the unconsidered future of one in the full bloom of life. Only the heart of a mother or father can know the full import of such a blow, and these bereaved parents, brother and sister can know that the hearts of neighbors and friends are anguished in sympathy, sensing as they do, rather than knowing, the numbing sorrow that tears at their bleeding hearts.

THRIFT IN THE FUTURE

The spirit of thrift must fight back to a place in the lives of Americans and in the national economy in the opinion of Albert W. Atwood, writing in Banking of August, if the country is to be saved from the corroding influences that have manifested themselves since the beginning of Federal Government relief.

The great tragedy of the whole spending theory as against the thrift theory is that it is based on a false assumption in so far as its general economic effects are concerned. The idea has been advanced by many economists that thrift pinches the national economy, that it is deflationary in effect. As a matter of fact, a dollar placed in a saving bank, or insurance or almost any other form of investment, goes immediately into productive investment.

In the modern economy the man who saves by the ordinary processes does not bury his talents, but simply turns them into a pool for employment in the production of wealth. It is a theory that will come back into good standing

THREE MEN ON A HORSE

when the people have pursued the present borrowing and spending theory far enough to bring home to them its utility in bitter experience.—Dallas News.

"RECESSION" RENDER'S PUBLIC SERVICE

Even "recessions" have silver linings occasionally. The one from which the country seems to be currently emerging should lay bare to the public gaze one grave fact, namely the rising expenditures of the federal government.

Until recently record tax receipts tended to narrow the spread between income and outgo, creating an illusion of decreased expenditures. For example, fiscal 1938 showed a federal deficit of only about a billion and a half, compared with a record deficit of nearly four and a half billions in 1936.

Expenditures have been rising steadily for the past eight or nine years. Today the regular recession with its consequent falling off of tax receipts, together with new "emergency spending" reveals, is an estimated deficit for 1938 of at least \$4,000,000,000.

The "experts" differ as to just how big a debt burden the country can stand without suffering a chaotic collapse. But most of them agree on two scores. It is doubtful whether representative government can survive national bankruptcy, and the public debt is nearing the danger point.

If the recession awakens the "average citizen" to the true state of the nation's fiscal affairs, it

will have indeed rendered a public service.

GAINING ON DEATH

During the first six months of this year, 3,670 automobile deaths were prevented in this country! That is based on a comparison of motor vehicle deaths in the first half of 1938 as against the same period in 1937. The decline in fatalities that began last November carried through encouragingly into July.

So far so good. But, as the National Safety Council points out, "This is no time to quit in our fight for safety. This is just the beginning." We've won a partial victory. Unremitting effort on the part of every motorist, pedestrian, traffic judge and law enforcement officer is needed if the victory is to be ultimately complete.

Some of the most dangerous driving months lie ahead. Traffic during September is always heavy. And with the coming of the rains, snow and ice, plus the shorter daylight hours of fall and winter, motoring presents new and difficult hazards. There will be no time for standing still and praising past achievements in safety, until December 31 has passed, and the figures are all in.

A saving of 3,670 lives is a magnificent thing. And it shows that traffic accidents, the pessimists to the contrary, can be sharply reduced. During the first half of this year, there was more and better organized community and state safety work than ever before. We have gradually learned that sporadic safety campaigns solve no problem, and that permanence and continuity of effort are vital. We are learning what courteous, "fixless" law enforcement can do. And we are also learning the excellent results that follow better traffic engineering

Early Diagnosis Only Protection Against Cancer

AUSTIN.—Deaths from cancer in Texas reached a total of 4,305 during the past year, indicating that a warning against cancer quacks and so-called cancer cures is justified by the state health department. Early diagnosis and competent treatment could have prevented many of these deaths, states Dr. Geo. W. Cox, state health officer.

"While newspapers, as a rule, do not carry advertising of this type, there are many other ways by which misinformation can reach the public. Undoubtedly there are many persons who, being thus deluged from seeking proper medical advice, unnecessarily become cancer victims, while others not having cancer, are fleeced out of much money for a so-called cure," Dr. Cox added.

"There are but two ways of treating cancer. First, by surgery and second, by the use of radium or x-ray. Treatment must be started early and in the hands of a competent surgeon. Surgery is relied upon to remove cancerous tumors and is used in nearly two-thirds of the cases. X-ray or radium is used to advantage for the remaining group. Frequently the two methods are combined. Self-medication, serums, colored lights, pastes, salves, and diets are valueless.

"The great protection against cancer is early diagnosis. Every case is an emergency and it is unfortunate that the majority of those with cancer do not seek medical advice early in the first stages of the disease. No hope should be placed in fake cancer cures or treatments. Rather, the annual physical examination and an immediate reporting to your physician of any symptoms which may be suspected to be the beginning of cancer should be relied upon. These symptoms are: any

and scientific traffic control.

You're one of the soldiers in this fight against death. The country needs your help. Keep up the good work—and make it still better.

unusual bleeding from any body opening, any lump in the breast or other part of the body, any persistent sore, particularly on the face or mouth, and chronic indigestion. These conditions may not be cancer, but sometimes they are forerunners of the more common types of this disease. Where cancer is suspected, do not delay, but consult your physician at once.

Educational Campaign On Conservation Of Natural Resources Is Recommended

Waste of Soil, Minerals, Wild Life Serious, Says Educator

AUSTIN, Sept. 14.—A comprehensive program of education in conservation of natural resources is imperative, according to Dr. Walter Hansen of the geography department of North Texas State Teachers college in the September issue of Texas Parade.

"One hundred and fifty years ago the man who could destroy the most trees in a day, that is, clear the most land, was considered a hero," writes Dr. Hansen. Seventy-five years ago the man who would plow the most sod in a day was hailed as a leading pioneer and citizen. Today the man who owns the greatest number of oil and gas wells, though there is always a high per cent of waste in the process of production is regarded as the leading citizen of the community. No wonder Americans have been called the world's greatest wasters. 'Clear the land' seems to have been the slogan of our people from the first New England settlers to the present inhabitants. Clear the land of its trees! Clear the land of its covering! Clear the land of its minerals! Clear the land of its water! Clear the land of its wild life! And finally, clear the land of its people!

"The latter is, of course, the inevitable result if present practices continue.

"Tree clearing reached its peak years ago. Only a few wooded areas in Texas remain. 'The Plow That Broke the Plains' also broke many of the plainsmen. The breaking of the sod has not only produced dust bowls, gullies, and bare rock areas, but what is even more serious, it has resulted in a tremendous loss of top soil. One expert estimates that in North Texas 75 per cent of the farm land has already lost 50 per cent of its top soil. In the case of mineral resources, we are not facing any immediate shortage, but it is folly to wait until irreplaceable minerals are gone before we are concerned with saving them.

"Unfortunately, in all parts of the United States we have upset the balance of nature. The clearing of timber, the plowing of the sod, the draining of swamps, and the polluting of streams is going on so rapidly that much of our wild life is disappearing. The loss of certain birds which consume vast numbers of crop-destroying insects is especially lamentable.

"Human conservation has received little attention. Our people think largely in terms of money values and fail to value correctly

The LIVESTOCK SITUATION
by J.A. McNAUGHTON

The great fall movement of cattle from western ranges is now getting under way and will reach its peak during the next three months. With most of the range country in excellent condition, owners of cattle have been taking full advantage of range feed and cattle are coming out carrying more weight than in several years. In many sections, summer rains provided good feed, but caused cattle to mature somewhat later than normally, with the result that it appears that somewhat burdensome receipts may be in store during October and November.

Despite relatively low prices of grains, hay and concentrates, there is a lack of optimism on the part of cattle feeders. Yet it seems probable that cattle and lamb feeding will be carried along on a larger scale than normally, as grain and hay growers feel that livestock feeding will offer the most profitable outlet for feed-stuffs. While prices of stockers and feeders are well under a year ago, range men have some consolation in the fact that weights of cattle for the most part are running much heavier, so that net prices per head will not show as much loss as the prices per pound would indicate.

On the part of range operators, there may be considerable inclination to hold back stock cattle for another year if prices are not satisfactory. They have an abundance of hay and winter feed, and some of the more important range areas which have the first good season in several years are in need of restocking.

their own kind. A still greater problem than employment faces this nation. It is that a large percentage of our population is being produced in the sections of our country where social and economic conditions are at their worst. Another problem is the rapid migration of our rural population to the city, there to be listed among the unemployed. In Texas alone, the number of farmers decreased 26,000 last year.

"The entire population of our country needs to be awakened to the seriousness of the situation. Our people must be made to realize that our country is being destroyed far more rapidly than any foreign enemy nation could possibly destroy it.

"A comprehensive program of education in conservation seems imperative at this time, a program of education centered in our public schools, but expanded to include the adult population as well. Such a program was put into operation at the North Texas State Teachers college, June 8 to July 16, 1938. This course should be but the beginning of a definite program of conservation education. Schools, city halls, and churches may well be local centers from which, instead of the old slogan, 'clear the land,' there will be heard the new slogan, 'save the land.'"

Thomas Jefferson and John Adams both died the same day, July 4, 1826, and during their last 14 years exchanged more than 200 letters.

Practicing a Famous 'Picklepuss'

Southwest Grid Games Broadcast By Humble Again

Fans To Receive Colorful Description Of Weekend Games

The Humble Oil and Refining company today announced that it will bring Texas football fans radio accounts of Southwest Conference games again this season, for the fourth consecutive year.

An ambitious program of broadcasting has been tentatively formulated by the company. Beginning with the first games on September 24, the company will broadcast all conference games and many of the outstanding inter-sectional contests to be played by conference teams. On several Saturdays, as many as four games are on the tentative schedule of broadcasts, and on two Saturdays, five broadcasts are scheduled.

Games to be broadcast and the stations over which they may be heard will be announced from week to week during the football season.

The Humble company again emphasizes that its purpose in sponsoring the broadcasts is to render an added service to the company's friends and employees and to stimulate an increased interest in Southwest Conference football. It is hoped that the broadcasts will result in increased attendance at football games throughout the state.

Kern Tips and Cy Leland will again head the list of play-by-play announcers. Other announcers are now being selected, and the complete list will be ready for release within a short time.

In connection with the broadcasts, the Humble company will also again publish the Humble

Football News. This attractive, lively football weekly has proved to be extremely popular among Texas followers of the game. In addition to covering the Southwest conference, the Humble Football News also covers high school and college football in Texas. Plans for this season include one or more feature stories every week. The Humble Football News will be distributed free by Humble Service Stations and Humble dealers each Thursday during the football season; the first issue will be in their hands on Thursday, September 22.

MOSTLY DUE

"How kind of you," said the girl, "to bring me these lovely fresh flowers. I believe there is some dew on them yet."

"Yes," stammered the young man in great embarrassment, "but I am going to pay it tomorrow."

Jones: "How is your son getting along in college?"

Smith: "He must be doing pretty well in languages. I just paid for three courses—\$10 for Latin, \$10 for Greek, and \$100 for Scotch."

NOTICE OF REWARD

I am offering
\$500 Reward

for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.

W. S. WILLIS
Sheriff, Crockett County

73 Counties Free Of Accidents For 7-Months Period

AUSTIN, Sept. 14.—Seventy-three of Texas' 254 counties had no fatal traffic accidents in the first seven months of this year, state safety officials reported today.

There were 907 persons killed in that period with over 37 per cent of the deaths recorded in 12 counties.

JUMPING AT CONCLUSIONS

Miss Ethel Childress Is Complimented At Tea In San Angelo; 150 Friends Call

Miss Ethel Childress of Ozona, whose marriage to J. Neil Smith of Kansas City, has been announced for Oct. 8, was complimented at a tea given by her great aunt, Mrs. Ralph H. Harris, and her sister, Mrs. Grady Mitcham, at the Harris home in San Angelo last Saturday afternoon. The following account of the affair is taken from the San Angelo Times:

More than 150 guests called during the hours. They were greeted at the door by Mrs. Louis Hall and Mrs. Mary March Compton.

Receiving with Mrs. Harris, Mrs. Mitcham, and the bride-elect were Mrs. Pleas Childress, Jr., of Ozona, sister-in-law of Miss Childress; Mrs. A. W. Clayton, Mrs. Frank Harris, and Mrs. Lee Henderson, aunts of the bride-to-be; Mrs. John B. Hemphill, Mrs. C. C. McBurnett, Mrs. Walter Duff, Mrs. Helen Harris Allen of San Antonio, Mrs. Ralph H. Harris, Jr., of Uvalde, Mrs. Ledyard Harris of Cline, Mrs. Jean Henderson Tupper, Mrs. Paul Smith of McCamey, Mrs. Wayne Harris, Mrs. Walter Yaggy, Mr. Ralph Leftwich, Miss Virginia McBurnett, and Miss Margaret Duff.

Others in the house party and those who assisted in serving were Mrs. Albert L. Krueger, Mrs. J. M. Lea, Mrs. Frank Cargile, Mrs. J. W. Doss, Miss Gladys Mayer, Mrs. J. Ray Robertson, Mrs. Len Mertz, Mrs. Enslie O. Oglesby, Mrs. Marian Broome Kelton, Mrs. Scottie R. Johnson, and Miss Charley Russell of McCamey.

In Gray Afternoon Frock
The bride-to-be wore an afternoon dress of gray mousseline de soie over a powder blue satin slip. It was designed with a full skirt. Miss Childress wore a turquoise ornament at the neckline, and her corsage was of orchid gladioluses tied with silver ribbon.

Mrs. Ralph Harris wore a rose lace afternoon gown, and her corsage was of gardenias. Mrs. Mitcham's dress was of lilac-colored lace trimmed with wine velvet. She wore a corsage of wine-colored carnations.

An arrangement of purple and white asters centered the mantel

METHODIST CHURCH

Eugene Slater, Minister
Calendar of Services
Sunday school, 9:45 a. m.
Morning worship, 11 a. m.
Young People Meet, 7 p. m.
Evening worship, 8 p. m.
Woman's Missionary Society
Wednesday, 3 p. m.
Mid-week service, Wednesday, 7:45 p. m.
Choir rehearsal, Thursday, 7 p. m.

There are five more weeks between now and our annual conference. We want to make this period of five weeks the finest in the present conference year. We are asking every member of the church to be a participating member. Enter into the activities that are provided. Share in all of the services. Become acquainted with the work of the church. Deepen your friendship with people and enlarge your moral and spiritual understanding through the services of the church. We want to create a friendly and helpful atmosphere in which all who share our worship will feel at home. You are cordially invited to take your place in the life of this church.

Mrs. R. B. Ingham and daughters, Miss Betty Jane Ingham, and Mrs. R. A. Harrell, and the latter's young son, Alvin, Jr., went to Fort Worth last week. Mrs. Ingham and Betty Jane returned while Mrs. Harrell stayed with the baby a few days while doctors checked up on his condition. Mr. Harrell went down the middle of the week to bring them home.

over the fireplace in the drawing room. Bouquets of dahlias in pastel shades and other autumn flowers were placed at vantage points about the long room and on the corners of the wall bookcases.

Coral-colored gladioluses and a basket filled with yellow and white chrysanthemums were seen in the sun room.

White and silver was the color scheme for the dining room. The lace-colored table was centered with a silver bowl filled with calla lilies. Silver lace vine was arranged around the bowl and reflector, and all appointments for the table were in silver. Triple holders were placed on two sides of the centerpiece and in them were white tapers. Single holders with white tapers were used on the buffet which was centered with a large arrangement of white chrysanthemums.

The reception hall and music room were decorated with low bowls and baskets of delicately colored autumn blossoms.

Miss Childress has set 10 o'clock the morning of October 8 for her marriage, the ceremony to be held at the First Methodist church in Ozona. Relatives and a few close friends of the couple will attend the wedding.

Mrs. Helen Harris Allen, her daughter, Sadie Gwin, Mrs. Ralph Harris, Jr., and Mrs. Ledyard Harris will return to their homes today, having arrived Saturday morning to attend the tea for Miss Childress.

Harvest Crops on Reclaimed Sea Land

Farmers of the new community of Weirengen, reclaimed from the Zuyder Zee in the Netherlands, gather in a rich harvest. The land on which they farm grain crops and fodder was under the sea until a few years ago, when a government-sponsored reclamation project made it available for agriculture.

Agent Of Crippled Children Division Investigates Here

V. B. Watson of Austin, field representative for the Crippled Children's Rehabilitation Division of the State Department of Education, was an Ozona visitor this week. Mr. Watson is a brother of Ralph Watson, Ozona rancher.

Mr. Watson was here to investigate two applicants for aid under the Crippled Children's division, which offers special training opportunities to those handicapped children, young men and women capable of learning some trade or profession by which they may become self-sustaining.

PATRICKS HOSTS TO FORTY-TWO CLUB

Mr. and Mrs. Joe Patrick entertained members of their forty-two club at their home Friday evening. Refreshments were served at the conclusion of the games to Mr. and Mrs. Ray Dunlap, Mr. and Mrs. Charley Butler, Mr. and Mrs. Leslie Nance, Mr. and Mrs. Masie Ray Smith, Mr. and Mrs. Al O. Fields, Mrs. Hugh Gray, Miss Betty Lee, Mr. and Mrs. Harvey Collard, Mr. and Mrs. Cleophus Cooke, Everett Finnigin and T. W. McLaughlin.

FIRST BAPTIST CHURCH

Clyde Childers, Pastor
Sunday School, 9:45 a. m.
Worship hour, 11 a. m.
B. T. U., 7 p. m.
Worship Hour, 8 p. m.

We appreciated very much the attendance last Sunday on all of our services and urge those of you who were not there to make your plans to be with us on next Lord's Day. We only have two more Sundays in this Sunday school year and we trust you will help us close the year out with a good attendance for each of these periods. Promotion Day is Sunday, September 25, and we trust you will help us make that the greatest Sunday School hour of any since we have been your pastor.

T. C. U.'s Beef Trust

Texas Christian University football teams have long been noted for their driving forward walls. The 1938 edition of the Horned Frogs will be no exception. Here are four of the "little boys" who will see a lot of action: Capt. Hale, 245 pounds; Alvin White, 220; Percov Kline, 220; and Bob Cook, 220.

Jake Beasley Weds San Marcos Girl In Ceremony Monday

Miss Tempelee Speck of San Marcos became the bride of Jake Beasley, young Crockett county rancher, at a ceremony performed in that city Monday. The bride is a daughter of Dean and Mrs. E. H. Speck of Southwest Texas State Teachers' college at San Marcos.

The young couple will make their home on the Beasley ranch, 45 miles southwest of Ozona upon their return the end of this week from a honeymoon trip. Mr. Beasley is associated with his brother, Pat Beasley, in operation of the ranch on Hoover country in this county.

MEXICAN TO HOSPITAL

Claude Russell and Dan Willis, sheriff's deputies, left Wednesday morning for San Antonio, taking Simon Barela, recently adjudged insane here, to the state hospital for the insane in that city. Mr. Russell will go from San Antonio to Austin to take the county tax rolls to the State Comptroller's office.

troop scribe for the coming school year.

This year, as every year, the troop has plans to be better. These plans, as before, will be carried out to the farthest point.

Scout Notes

By MILES PIERCE

The first scout meeting of the year started off with a big surprise! Mr. Wayne West donated eighty merit badge books to the troop, and what books they are! Each book has pictures, diagrams, and everything. The book is written so that every boy at every age can understand it. We couldn't tell Mr. West how much we really appreciate these helpful and handy books. These books will be checked out to each Scout in need of information on certain merit badges, by the librarian, Miles Pierce.

The Scouts of troop 53 will reorganize their patrols next week. The patrol leaders nominated so far are—Beecher Montgomery, senior patrol leader; L. B. Cox, the small boys patrol leader, and Miles Pierce and Bill Carson, who have not selected their patrols yet. W. B. Robertson was elected

Future Demands And Safety Guide Modern Road Construction

AUSTIN, Sept. 14.—Public opinion and the idea of safety is playing an important part in the design and construction of modern highways, Robert Lee Robbitt, chairman of the Texas Highway Commission, writes in an article in the September issue of Texas Parade.

"Very few could visualize ten years ago just what demands present day traffic was going to require of our highways of today, just as it is now almost beyond vision as to what will be required of highways 20 years hence," the article states. "Some visionary prophet may try to paint a picture of highway transportation and its practical problems, 20 years from 1938."

"The rapid development of traffic density and speed has now brought a full and definite realization of the necessity of safety in the design and construction of highways and structures to meet the demands of the traffic of today, tomorrow and even ten years in the future."

"When Texas builds wide and impressive bridges, and lays the ground work for wide, separated highways, the state is required to make, what to those unacquainted with the facts may seem, an extravagant expenditure; but to those who have a direct public responsibility and who have come to appreciate the importance of meeting the demands of the future, such expenditures are sound economic investments of public funds. As time progresses this foresight will be appreciated and commended by the public as a whole."

"Safety must and will be built into the highways of the future. The Highway Department of Texas is keeping that factor ever before it and its engineers as a guide for the future."

"Further, many existing highways have become, in many instances inadequate to meet present day traffic demands, and we are concentrating efforts to overcome the limitations and to remove the hazards as quickly as funds make possible."

"Public policy is the voice of the people. It has emphasized to the State Highway department the public demand for safer highways, and prompt and additional safeguards on existing roads."

"Full utilization and appreciation of highways can come only as safety is built into them."

"The elimination of physical hazards, reduction of congestion, and the freeing of traffic flow always yield enormous dividends in highway safety. Accordingly, the

When the Loyalists Crossed the Ebro

first consideration in highway design—compatible with funds available—is safety to the traveling public, and all possible safety appliances and rules on our arteries of travel.

"The State Highway commission, the department and all responsible agencies are struggling to make the highways of Texas safe, and they will be made more adequate and safe."

"With the cooperation of the highway user, much progress can be made toward the goal of highway safety."

MISS WATSON IS LAS AMIGAS HOSTESS

Miss Wanda Watson entertained Las Amigas club and a few guests at her home Friday afternoon. High score prize went to Mrs. Al O. Fields and bingo prize was drawn by Mrs. R. L. Flowers.

Club members present included Misses Carolyn Montgomery, Totsy Robison, Wayne Augustine, and Mildred North, and Mrs. Earle Chandler, Mrs. Dempster Jones, Mrs. Phillip Childress, Mrs. Al O. Fields and Mrs. Richard Flowers. Guests were Mrs. Hilton North, Mrs. Hillery Phillips and Miss Georgana Fullington.

LAMBS, KIDS SOLD

Beasley Brothers, Pat and Jake, who ranch on Hoover country southwest of Ozona, have sold their mixed lambs to Doug Kirby, delivery to be made about September 22. The kid crop, about 1,000 head, went to Carl Pfluger of Eden at \$3 a head.

QUEEN OF GRAPES

Miss Margaret Wiley reigned as queen of grape day at Escondido, Calif., when that nationally famous grape center staged its annual celebration.

Shakespeare Club To Be Organized By Local Pupils

Organization of a National Junior Shakespeare club in Ozona, with pupils from third to ninth grades eligible, will be perfected at a preliminary meeting of prospective pupils with Miss Merle Draper, local sponsor, on Wednesday of next week, it was announced this week.

Miss Draper was selected as local supervisor by the club's supervisor, Elizabeth Townley, on a recent visit here, and materials are now in Miss Draper's hands for launching the enterprise. Miss Draper is a graduate of the Coker School of Expression and has been a teacher of dancing and dramatic art for the past five years.

The Shakespeare club is educational in purpose and is designed to give grade and Junior High school children a combination course in speech, dramatics and story telling based on the works of the famous bard, in simplified form and in such a way that it will appear like play to them. At the same time it prepares them for their high school English courses. Clubs will be organized in groups of 30. The course is in 20 lessons and will be climaxed by presentation of a home-talent Shakespeare play or pageant.

OPERATION SUCCESS

Miss Adelia Willis, daughter of Sheriff and Mrs. W. S. Willis, underwent an operation in a Dallas hospital Tuesday morning to correct a stiff knee joint which resulted from an infection a few years ago. The operation, which was performed by a bone specialist of Dallas, was described as successful. Mrs. Willis is with her daughter.

Mrs. Roger Dudley and son, Walter, and daughter, Betty, will leave Friday for Denton where Betty will enroll as a student at Texas State College for Women.

Hillery Phillips delivred 1180 lambs at Sonora Saturday, sold to Paul Shurley. The lambs averaged 75 pounds.

Mrs. Ben Lemmons and sons, Maurice and Howard, and daughter, Rosalee, were in Dallas last week to attend the wedding of Mrs. Lemmons' nephew, Izzy Leaham of Crane. The bride was a Dallas girl.

Mr. and Mrs. Jake Short were called to Bandera Saturday at the sudden death of Mr. Short's father, who died from a heart attack.

Ozona Buick Dealer And Party Off For Flint Factory Meet

Lee Wilson, local Buick and Pontiac dealer, Bob Weaver, an employe, and Buddy Moore, left Tuesday morning for the Buick factory at Flint, Mich., where they will attend an all-day meeting of Buick dealers and salesmen with company officials to view the 1939 product of the Buick factory.

They went by Abilene where they attended a Pontiac district meeting at 2 o'clock Tuesday afternoon. From Abilene they went to Dallas to board a Texas special train for the Buick factory. After the all-day meeting Friday in Flint, the party will leave for the return, stopping in Chicago where they will see a baseball game between Chicago and Philadelphia Saturday, after which the special will continue on the return trip, reaching Dallas at 4:45 Sunday afternoon.

From Dallas the Ozona party

will drive out two of the 1939 Buicks for display here. Mrs. Wilson accompanied the party as far as Abilene, driving back to Ozona.

Ft. Stockton Woman Dies; Body To Sonora

The body of Mrs. Bud Parker, 38, who died suddenly last Thursday afternoon at her ranch home near Fort Stockton, passed thru Ozona Friday afternoon on its way to Sonora where funeral services were held. A large number of friends accompanied the body.

Mrs. Parker was the wife of Bud Parker, manager of the Lea Aldwell ranch 15 miles northeast of Fort Stockton. Her death resulted from a cerebral hemorrhage. The husband and three children survive.

Miss Merle Draper, teacher of speech and dramatic arts here, spent the weekend visiting relatives in Sonora.

Missionary Group Hears Reports On Settlement Work

The Spiritual Life Group of the Methodist Missionary Society presented the program at the regular meeting of the organization Wednesday afternoon at the church. Mrs. Carl Colwick was program leader. Mrs. Mary Flowers gave the story of Holman Hunt's picture, "The Light of the World." Mrs. Joe Pierce sang "The Call."

Talks were made by Miss Mary Riddle and Miss Mary Saldana on their social work in the local Mexican community.

At next week's meeting, the society will begin a study of Samuel's Kincheloe's "The American City and Its Church."

Present for this week's meeting were Mrs. Charles Williams, Mrs. Scott Peters, Mrs. E. B. Baggett, Mrs. Mary Flowers, Mrs. Joe Pierce, Mrs. J. A. Fussell, Mrs. Welton Bunker, Mrs. B. B. Ingham, Mrs. L. B. Cox, Mrs. John Bailey, Mrs. W. R. Baggett, Mrs. Carl Colwick, Mrs. N. W. Graham, Mrs. Victor Pierce, Miss Mary Riddle, and Miss Mary Saldana.

Drivers Of School Busses Must Pass Rigid Safety Test

AUSTIN, Sept. 14.—Texas' amended driver's license law has brought about additional safety in the transportation of school children, state police officials said today.

Regulations adopted by safety officials for the examination of school bus operators have required more thorough tests than for any other type of driver. School bus drivers must have an A or B class license with a special endorsement from the safety department.

Although the school bus law does not include such strict requirements, state police have imposed additional regulations in the promotion of safety. One of the regulations is for drivers to alight from their busses and control other traffic before the passengers are discharged.

"We are attempting to afford every type of protection to the thousands of school children riding busses," said Chief Ralph L. Buell, of the driver's license bureau.

reau "School bus drivers must be mentally and physically capable before their applications for licenses are considered."

At Wichita Falls recently, he pointed out, Captain M. L. Berry, commander of the highway patrol in that district, held a five-hour caucus with 200 school bus drivers of Northwest Texas.

HOMIE BUILDERS' PAGE

Two Stories--\$4,000

This compact small house is situated in East Hartford, Conn. It was valued at \$4,000 and financed by means of a \$3,200 mortgage insured by the Federal Housing Administration.

The good sized living room with an open fireplace also serves as a dining room. The upper floor has been developed for living purposes and accommodates two bedrooms. These rooms have direct and private access to the bathroom on the first floor.

Built-in Equipment Is Advantage To Home Comfort and Efficiency

A person who builds a home today, especially a small one, can often add materially to the comfort of the family and efficiency of the dwelling by the judicious selection of built-in equipment.

A useful but not costly feature of this type is a package receiver. This contrivance is installed in the wall of the kitchen. It has a self-locking door that opens outside and is insulated and ventilated. It is usually placed beside the rear entry for the convenience of tradesmen.

Another helpful built-in feature, particularly for homes with basement laundries and second-floor sleeping quarters, is a laundry chute. These are installed in the walls and have vertical shafts that permit soiled clothes and linens to be dropped directly to the laundry. The shafts are free from projecting edges that might catch or tear clothes. A third built-in feature that is useful in almost any home is an incinerator.

The architect or builder can give the home builder an idea of the costs and appropriateness of such installations.

READ THE ADS—SAVE MONEY

APPRAISAL FEE IS \$3 PER \$1,000 ASKED FOR

The Federal Housing Administration charges an appraisal fee of \$3 for each \$1,000 applied for by a borrower from approved private lending institutions. In no case may this fee be less than \$10.

The lender, such as a bank, savings and loan association, trust company, or other private lending agency may charge an initial service fee of 1 per cent to 2½ per cent of the original amount of the mortgage and may collect only such appraisal, inspection, and other fees as are approved by the FHA.

CONDENSATION CURBED WITH STORM WINDOWS

Excessive condensation in cold weather, which is destructive to window sash and doors may be eliminated by the proper installation of storm windows or double window units.

Much higher humidities can be maintained indoors in such weather if storm windows are used.

QUESTIONS AND ANSWERS

Q. What is meant by a "laundry tray"?

A. It is merely another name for a laundry tub.

Q. The baseboard in some of our rooms has pulled away from the floor and shows a big crack; can you suggest a remedy?

A. If there is no molding at the junction of the baseboard and the floor, have one installed, and be sure that it is nailed through to the under flooring. If there is such molding already, have it taken off and properly installed.

Q. Is it necessary to line the back of book shelves with wood?

A. No, it is not; just set the skeleton frame against the interior finish of the wall.

Q. The ceilings of our house, which is old, have been patched and repatched so many times that they are disgraceful looking. Is there any way that a smooth surface can be applied without having to take down the old plaster?

A. Yes; there is a simple way of getting a fine smooth ceiling without disturbing the old. Stretch decorators' canvas across the entire ceiling just far enough below it to escape the lowest point and fasten it to the walls with a molding. When painted this will be taut and smooth and will look well. You must be sure, however, that the old plaster is not loose. If it is, it will probably fall on the canvas and spoil the smooth effect. Better remove the loose plaster first.

Q. The floor of my living room is almost always cold. We have a cellar under the room. The floor is a single one, and the beams are open in the cellar. If I put a cell-

Pipe Pressure In New Homes Requires Check

Before the plumbing in a new house is placed in service the owner should make sure there is not excessive water pressure in the piping within the house.

Often mains in the street will be carrying water at a pressure of almost 100 pounds per square inch. If water at such pressure is allowed to enter the water lines of a house, it will cause noise whenever a faucet is opened and, in addition, will cause a strain on the water lines which may bring about leaks.

The same cause of trouble is often found in existing houses. The plumber can correct the difficulty by installing, in the water line leading from the main to the house, a pressure-reducing valve and regulating it to provide water pressure within the house of not more than 30 pounds per square inch.

ing in the cellar, would that help eliminate the coldness of the living-room floor?

A. Yes; it should help a great deal. Be sure, however, that the space between the beams at the outside walls is well insulated and that there are fire stops between the studs of the outside walls to stop drafts.

Q. What is the best location for a light switch in a living-

room?

A. There should be a switch near the entrance door to the living room, if it is at some distance from the hall doorway, to permit lighting the room without having to cross or pass through the room first. A three-way switch at the

entrance door and at the hall door permits switching light on or off at either place without retracing steps.

Season's Activity Opened Tuesday At Woman's Club Meet

Inaugurating the 1938-39 season's program, the Ozona Woman's club met Tuesday afternoon at the ranch home of Mrs. Carl Colwick for the initial session of the year.

The program study topic for the day was "Famous Women of Yesterday and Today." Miss Elizabeth Fussell gave a sketch of the life of George Elliot and Ellen Terry as women of yesterday and Mrs. Joe Pierce sketched briefly Mary Ellen Chase and Lady Astor as women of today. Mrs. Colwick discussed parliamentary law.

During the social hour that followed the program, refreshments were served to the following club members: Mrs. W. R. Baggett, Mrs. George Bean, Mrs. Ira Carson, Mrs. A. E. Deland, Mrs. N. W. Graham, Miss Elizabeth Fussell, Mrs. A. C. Hoover, Mrs. Joe Oberkamp, Mrs. George Montgomery, Mrs. Scott Peters, Mrs. Stephen Perner, Mrs. P. T. Robison, Mrs. Hillery Phillips, Mrs. Joe Pierce and Mrs. Colwick and one guest, Mrs. Chandler of Stephenville, Mrs. Colwick's grandmother.

The theme of peace, and lending a deaf ear to propaganda is to be stressed by the club this year. The organization plans also to continue its campaign for a county library.

CARD OF THANKS

Trouble has brought a realization of the value of friends. Without your tender sympathy, your willing helpfulness and your thoughtfulness in all things, we feel that we could not have borne our burden of grief. It is with hearts overflowing with gratitude, then, that we make this our simple "thank you" to you all. Words could never express the gratitude that is in our hearts.

MR. and MRS. J. M. DUDLEY GEMELLA and JIM.

OH, FOR THE LIFE OF AN EDITOR!

Out of the four or five million different pieces of type, spacing material and the like that go into the make-up of a newspaper each issue, one or more often gets out of place, and that's the one the editor hears about.

And, more often than not, when one tiny letter or figure is wrong it is at what might be termed a "crucial spot." Such was the case last week when the figure "2" got into the slot where a figure "3" should have been. Had that happened in a quotation of the national debt, say, it would have made little difference to the country at large, long accustomed to reading figures incomprehensible in connection with this subject.

But when such a substitution makes a 1929 Buick out of a 1939 Buick—then that's fightin' talk up at the Wilson Motor Co. And that's just what happened in a Wilson Motor Co. ad in The Stockman last week. That Buick slogan for 1939 is "Buick's Fine for '39" but that's where the linotyper's finger slipped. And, now, we trust the 29's and 39's are properly placed and distributed in this article.

Now, altogether, folks—"Buick's Fine For '39."

Growing Crops In Crockett County

Pictured above is a growing feed crop on the only strictly farm project in Crockett county. The picture was taken of a crop of red cane growing on a 30-acre tract broken and planted this year by Bryan McDonald, who may be seen standing in the field. The tract is located about eight miles east of Ozona. Maize, blackeyed peas, corn and watermelons were also planted. The corn produced fodder but no grain and the water melon crop was a failure, but success was registered with the other plantings. If conditions are favorable, Mr. McDonald plans to plant 160 acres next year.

Firemen Block Attempted Suicide

Like the late John Warde, who killed himself last July in a sensational leap from a Manhattan hotel, William Ahearn, a psychopathic patient in New York's Bellevue hospital, stood on a narrow ledge of the hospital's ninth floor for several hours before Fireman Thomas J. Kehoe (left) gripped him by the ankle and dragged him back to safety. The incident attracted a large crowd.

Luncheon--

(Continued from Page 1.)

Davidson, Jr.; courtesy, Mrs. Richard Flowers; membership, Mrs. Jake Young; music, Miss Ada Moss.

Officers serving with Miss Watson include: Mrs. Augustine, first vice president; Mrs. Sherman Taylor, second vice president; Mrs. R. L. Flowers, corresponding secretary; Mrs. Kirby, treasurer; Mrs. Young, parliamentarian. The recording secretary is still to be named, the vacancy having occurred when Mrs. J. O. Lusby moved to Big Lake.

Covers were laid for Miss Wayne Augustine, Mrs. H. W. Baker, Mrs. Ed Bean, Mrs. W. Y. Bengt, Jr., Mrs. Boyd Clayton, Mrs. C. E. Davidson, Jr., Mrs. Richard Flowers, Mrs. W. E. Friend, Jr., Mrs. Douglas Kirby, Mrs. Sherman Taylor, Miss Bess Terry, Mrs. C. J. Van Zandt, Mrs.

MISS FUSSELL GETS DEGREE
Miss Elizabeth Fussell returned recently from Canyon, where she received her B. A. degree from West Texas State Teachers' college at commencement exercises for the college held August 26. Miss Fussell's sister, Mrs. Charles Williams, her niece, Mrs. Joe Clayton and Mrs. A. C. Hoover attended the commencement, the party visiting Carlsbad Caverns before returning home.

Marvin and Joe Rape of Ozona and Dr. Marvin Rape of San Angelo have returned from a motor trip to Memphis, Tenn., last week.

Mrs. T. W. McLaughlin is reported improving after an operation performed here last Saturday.

Music--

(Continued from Page 1.)
results made by your son or daughter. He or she may be excellent material for the Ozona High School band and you would not want to pass up the opportunity to give your child a most valuable instrumental music education."

Massie West, Mrs. Jake Young, Miss Wanda Watson, Misses Margaret Martin, Mildred North, Jo Demmer, Dorothy Spain, Ruth Graydon and Mildred Morris, Mrs. C. E. Nelson, Mrs. H. B. Tandy, Mrs. J. A. Brashear, and Mrs. Mark Garver, Baton Rouge, La.

Two Girls--

(Continued from Page 1.)

ily mourn her loss.
Miss McLeod was born and reared in Canada. Her father died several years ago and when her mother died four years ago she came to El Paso to make her home with an aunt and uncle, Mr. and Mrs. Frank W. Seward. Two brothers, E. M. and Graham McLeod, live in Toronto. She was graduated from El Paso High

school and was a freshman last year at T. S. C. W. She had come to Ozona for a few days' visit with her roommate, the two planning to leave Friday of this week for Denton to enroll for their second year's study. Mr. and Mrs. Seward and a close friend of the family, Douglas Rice of El Paso, arrived here Monday and made arrangements for shipping the body to Toronto, where funeral services were to have been held.

Active pallbearers for the funeral of Miss Dudley included high school classmates and close friends. They were Joe Thomas Davidson, Martin Harvick, James Childress, Taylor Deaton, Jack Williams, Joe Clayton, Richard Miller, Jr., Max Schneemann, Jr., William Beecher Montgomery.

Honorary pallbearers were Elsie Bright Baggett, Blake Brown, J. T. Casbee, Yeats Causey, John Child-

dress, Grover Jones, Fred Parker and James Parker, all members of her graduating class, and Walter Bunker, Jr., Paul Hallenbeck, Phillip Schneemann, Joe Williams, Joe Couch, John Baggett, Ray Boyd, Bill Baggett, Billy Childress, Maurice Lemmon, Phil Sheridan, Joe Glenn, Bill Seahorn and L. D. Kirby.

Out-of-town relatives here for the funeral services were Mr. and Mrs. A. B. Eddleman of Grandparents of Mrs. J. M. Dudley and Mrs. Herschel Eddleman, brother and sister-in-law of Best, Richard and John Eddleman of Fort Worth, nephews, Mr. Dudley's father, Elam Dudley of Dudley, Texas, a brother, Rev. William Dudley of Dallas, a sister, Linora Dudley of Fort Worth, a niece, Betty Jane Ingham, attending school in Fort Worth.

FOLLOW THE HUMBLE ROUTE WHEN YOU TRAVEL

● Throughout Texas, you'll find Humble Service Stations conveniently located on the highways you travel. Learn to look for the red, white and blue Humble sign when you need gasoline, motor oil, lubrication and washing. For aside from the excellent quality of the products they handle—it's second to none!—Humble stations are equipped to render you Service spelled with a capital S.

Restrooms are spotless, driveways are scrubbed, bright work shines. There are free air and water for your car, free ice water, road maps, highway information for yourself. Humble station men, all neatly uniformed, are carefully trained to give your car the care it needs to keep it running right and looking good, to speed you on your way. They have a friendly, neighborly, Texas welcome waiting for you.

Next time, stop for service where you see the Humble sign.
