NUMBER 46

Speaks Up On OUR TOWN

are two more essays "Town" written by O. H. School students for the recent contest sponsored by the Civic Committee of Christ's Society of Christ as a means of engaging youth toward civic duty and to find out what people think should be done to improve the town. They have spoken frankly on many things and it is considered to be Ozona's most interesting and its most attractive essays in the collection will be published later.

OUR TOWN

Peggy Newcom
I have great pleasure in writing an essay on Ozona. I'm very proud of my home town. I'm proud of our schools, our hospital, the district, the court house, and our great monument to David Crockett. And I am proud of our residential

community, like all other communities, needs improvement. The improvements that we need are the old timers here. Our town needs some things for the youth, and it is bad. Where is there for the youth to go after a football game, or any school event? We had a Youth Canteen but it could all meet, instead of riding around the town.

There is a Country Club, rather than do, they have something, whereas we just ride. When children have special place to go, they are going out of town to recreation. We can always go to play miniature golf, and some good Mexican restaurants. I call it a night; go to Big Lake, go to an out-door dance and come home; go to San Angelo and the entertainment we want to see ever thought about accidents that can happen on the highways between Ozona and Big Lake, Sonora and Delo? I'm surprised that there aren't more there, are there more teenagers from Ozona? "Millionaires Town," go to some entertainment.

Ozona, with all its money, boys and girls no alternative to go to other towns for entertainment. Everywhere else other teenagers always well, look, the Millionaire coming to our town because they don't have the money to do anything to do over there," remarks to that effect. I make a person feel funny. Other respects, Ozona is the best little town I have ever seen in, and I'm quite proud

OUR TOWN

By Doris West
Are you satisfied with our town? And of town is our town? Ozona is small, however it is the best little town in the district. It is small enough that everyone can keep up with everyone's business. The people are friendly. Ozona has something to be proud of. Our school building was the best in the district. It has a good football field and it seems to like football better every night of a game almost goes, maybe that is because they had a choice of going to the show, or staying home, and you can go to a show on any night.

Ozona is lacking in recreation. Our town needs a recreation area, even just a skating rink, a swimming pool, and a small gymnasium. If the school gyms would be after school hours or in the afternoon, I think the boys would enjoy training in the summer. The girls would like to have a swimming pool.

Things would help the people in growing up. It would help them co-operate and get together. There are other things to be done, also, such as the hospital, which was built recently and a new office that is going to be

Ozona Home Is Wrecked By Gas Explosion Sunday

Roof Shattered, Door Blown out by Blast In Flores Home

A terrific explosion which ripped off the roof, blew out window panes and blew a door off its hinges and out into the yard at the home of Felipe Flores in the Latin-American section of Ozona Sunday afternoon was attributed to an accumulation of butane gas in the home.

There was no member of the Flores family at home at the time of the explosion, consequently no one was injured by the blast. The explosion started a fire in the building but neighbors called the fire department and little damage resulted from the blaze.

Damage from the explosion was considerable, however. The entire west half of the roof was lifted into the air and dropped back on the house, breaking loose rafters at each end and parting in the center when it finally came to rest. A door in the north room of the residence, where the main explosion took place, was blown off its hinges and out into the yard. Every glass was blown from the windows in that room.

Six Places Won by Ozona 4-H Lads in San Antonio Show

Eleven Ozona 4-H Club boys, accompanied by their sponsor, County Agent, Wm. A. Bergfeld, Jr., showed livestock in the San Antonio Livestock Exposition last week, the Ozona group winning six places with their 35 lambs and two steers.

Carl Conklin showed his Angusteer to eighth place in the fat steer division while Jodie Jones, showing a Hereford steer, won 22nd place; Jimmy McMullan and Gail Garlitz, 39th and Bill Schneemann, 40th.

Most of the stock shown by the local boys will be sold at auction following the show in San Antonio this week. Other boys exhibiting at the show were Graham Childress, Brock Jones, Jr., George Bunker, Ronnie McMullan, Charlie Black and Wilburn Conklin.

Weather Station Discontinued Here But Gauges Remain

Ratliff Hdw. to Keep Rain and Temperature Records

Discontinuance of the Ozona weather station was announced last week by the United States Weather Bureau station in San Angelo and instruments set up here for weather observance and recording were dismantled and moved.

Two of the instruments, however, will remain here and will be manned by a volunteer weather observer. The temperature and rain gauge have been mounted in the rear of the Ratliff Hardware and Furniture Co. and Charles Ratliff of that firm will serve as the volunteer observer, making monthly reports to the bureau on temperatures and precipitation.

The Ozona auxiliary weather bureau station was established here several years ago and Mr. and Mrs. Leo Bawcom were in charge of records and reporting. Daily reports were made to the San Angelo station. These reports during the present winter have revealed Ozona as a strong competitor with Amarillo as the coldest spot in the state. On numerous occasions the Ozona report has been broadcast as the lowest temperature reading in the state.

Officials in the San Angelo bureau who announced the discontinuance of the Ozona station declared that the weather bureau considered its maintenance no longer necessary.

Ozona Soldier Suffers Frozen Feet in Korea; Hospitalized in Osaka

Pfc. Ramon Martinez of Ozona, attached to a field artillery unit with the United Nations forces in Korea, is in a hospital in Osaka, Japan, where he is being treated for frost-bitten feet.

Pfc. Martinez, a son of Mrs. Refugia Martinez of Ozona, wrote his mother from the hospital that his feet were being treated and it is presumed that he was a casualty of the sub-zero weather in Korea. He was engaged with his unit in shelling a communist stronghold in the central area when he became a casualty, he wrote.

Annual Junior Play, 'Hobgoblin House' Set For Monday, Feb. 26

Ozona's High School Auditorium will echo with the cries of "Hobgoblin House," a three-act mystery farce, Monday evening, February 26. The curtain will rise promptly at 7:30 p.m. on the annual Junior class play.

Sponsored and produced by the Juniors of OHS, proceeds will go toward financing the annual Junior-Senior banquet and prom and other junior activities.

The plot is set when a loving but domineering aunt, trying to prevent her niece from marrying a man whom she considers inappropriate, buys an old farm house in the Ozarks. As the play transpires, she, and the other members of the cast, find that the house is haunted. People who have watched rehearsals recently have been quick to point out that everyone is in danger of considerable anxiety and much suspense as he watches the production. Headless phantoms, screaming skulls, a murderous lunatic and a very suspicious caretaker insure a full evening's enjoyment.

Leads in the play have been taken by Norris Pogue who plays the part of Darius Krupp, the crippled caretaker of "Hobgoblin House" and Kay Kirby who acts as the slightly neurotic aunt, Pricilla Carter. Jo Ann Deaton is Marion Carter and Reta Ballinger acts Jill Carter's role as the two nieces. John Greer as Frank Harlowe and Larry Graves as Jack Loring, play the almost-thwarted lovers' roles.

Rounding out the large cast is Peggy Newcom as Susan Parkins, the English maid; Kenneth Bledsoe as Henry Goobar, the darky gardener; Maria Garcia as Della; Womack as Jim Bronson, the escaped lunatic; and David Price as Bill Wilkins, a guard at the state insane asylum.

Identity of the headless phantom will be revealed in the play. "Hobgoblin House" is directed by O. L. Davis, Jr., OHS speech instructor. Set design and construction and make-up is under the management of the speech class.

Wayland College International Choir Here Next Thursday

The colorfully dressed International Choir of Wayland College, Plainview, Texas, will sing here at Ozona High School on March 1 in the high school auditorium and the First Baptist Church, under the sponsorship of the school.

The choir, under the direction of Shelby Collier, is composed of 35 members from many states and nations.

The choir will present the first part of the program in full evening dress. The second half of the program will be resumed with members wearing costumes of many nations and singing music with a gay international flavor.

Many of the costumes have been furnished by missionaries and others who know them to be authentic.

The International Choir will make three appearances while in Ozona. They will sing for a joint meeting of the Ozona Lions Club and Rotary Club at noon Thursday. They will sing at a school assembly in the High School auditorium in the afternoon and in the evening in the First Baptist Church. The public is invited to hear the singers at the afternoon or evening concerts.

Will A. Adams, Former Ozonan, Dies In Stockton

Father of Clay Adams Of Ozona, Ratched Here 14 Years

Will A. Adams, 78, prominent Pecos county ranchman and former Ozona resident, died at 8:30 Thursday night in the Fort Stockton hospital.

He had been in poor health the past few years, but his condition became serious only several days ago.

Mr. Adams, a native of Red River county, near Clarksville, moved with his family to Llano county as a boy. While still a young man, he went to San Angelo, where he was married to the former Della Sims in 1898.

The couple ranched for several years in Schleicher county, then moved to Crockett county, where they were engaged in ranching 14 years.

Mr. Adams was among a number of Ozona ranchmen who purchased portions of the Scharbauer cattle country in the late thirties. He purchased 10,000 acres of the estate 12 miles east of Fort Stockton.

During the last 22 years, the Adamses had lived periodically on the ranch and in Fort Stockton.

Adams is survived by his widow, a son, Clay, and two granddaughters, Jane and Camille, all of Ozona.

Funeral services were held Saturday afternoon from the First Baptist Church in Fort Stockton with the Rev. George M. Baskin, pastor, officiating.

Burial was in the East Hill Cemetery, Fort Stockton.

22-Year-Old Genius Of Violin To Be Next Concert Attraction

"Not a talent, but a genius," cried Enesco, celebrated Romanian violinist, on first hearing Helen Kwalwasser play the violin. She was then 11 years old and a veteran of 9 years standing. Now at 22, she will be the next attraction to be presented here by the Ozona Municipal Concert Association.

The word "genius" has followed Helen Kwalwasser wherever she has gone, but it has not prevented her from being one of the most hardworking and painstaking artists in the world. Her father, the well known music educator, Dr. Jacob Kwalwasser, of Syracuse University, presented her with a violin at the age of three, and the medium of her genius was immediately apparent.

By the time she was six, her work was so astonishing she was engaged to appear as soloist to play a Bach Concerto with the Rochester New York Symphony and was hailed as a prodigy. She made frequent appearances after that in and about New York and at the age of 19 made her Town Hall Debut.

Methodists to Send Cash Gifts to Korea

As a part of the Week of Dedication in The Advance for Christ and His Church, Ozona Methodists will bring this Sunday, February 25, a special voluntary offering for needy Christians in Korea. Recent messages from missionaries in that war-torn land tell of children separated from their parents, masses of poor people ousted from their homes and trudging through ice and snow without shelter or food.

Methodist bishops have called on all American Methodists to give to this need, bringing their cash gifts to their churches next Sunday. Societies of Methodist women are also preparing boxes of warm used clothing to be shipped to Korea.

Local people who care to contribute to the cash offering are asked to bring their gifts to the Methodist Church Sunday, morning or evening, or to mail them to the Ozona Methodist Church, Box 42, City.

Rebels Make It Two In Row Over Airmen From Bergstrom Field

No games have been scheduled this week for the high-flying Rebels, Ozona's independent basketballers, playing-coach H. P. "Mac" McClanahan revealed.

Last Friday night, the Rebels made it two in a row over the Bergstrom Air Force Base Mustangs with a resounding 74-68 victory. Totalling the most points they have tallied in a single game this season, the win gave the Rebels a 12-2 victory skein. Swede Peltto, Lion cage mentor, tallied 38 points to lead his mates in the rampage over the service team.

Peltto states that the team hopes to secure a barrel to place at the intersection on the main highway down town to advertise the games to be played.

The team expects to be back in competition next week as it has received bids to play in several tournaments.

Two Crockett Fields Add Producer Each

Two Crockett pools have added a producer each.

Thomas & Doss No. 1 Paul Sorg, section 51-BB-GC&SF in the World field, was finished on the pump in 10 hours, rating 69 barrels of 30 gravity oil plus 10 per cent water in 24 hours. Production was from open hole between 2,379 feet, where 7-inch casing was set, and 2,579 feet, the total depth.

In the Vaughan field, Pure No. 6 R. L. Vaughan was completed on the pump in 24 hours for 149 barrels of 28.7 gravity oil plus 36 per cent water. Production was from open hole between 1,394 feet where 5 1/2-inch casing was set, and 1,465 feet, the total depth. Location is in section 61-OP-GC&SF.

Other Crockett tests, Cities Service No. 1-E Owens was drilled m- testing to 2,240 feet in lime; Blackwood & Nichols No. 1 Tippet was drilling at 5,240 feet in lime.

Students Undergo Eye Examinations

Approximately 125 Latin-American boys and girls at the South Elementary School have had their eyes examined in a program instituted the first of the week, W. M. Stoker, principal, reported.

"Many pupils are found to be near-sighted and need correction immediately for the health of their eyes," Stoker commented. Most of the pupils who were examined and found to have deficient eye-sight had no idea that there was any irregularity in their seeing, he reported. Dr. Maurice Lemmons, local optometrist assisting in the examinations, states that most boys and girls who have deficient vision do not know that their eyes are weak.

Apparatus for the examinations was borrowed from the Sonora Public Schools.

Mrs. Carolyn Hicks, first grade teacher at South Elementary, has been assisting in the examinations there.

Methodist Pastor to Speak on Divorce

"What Jesus Taught About Divorce," is the sermon topic announced by J. Troy Hickman, pastor of the Methodist Church, for this Sunday night, February 25, at 7:30 o'clock. Said Mr. Hickman, "Many good people are confused about the Christian attitude on the divorce question because we usually refer to one particular statement of Jesus which was spoken to a particular situation. This Sunday night we shall consider everything Jesus said about divorce in the light of his other teachings and principles."

This will be the second in a series of evening messages on the theme, "What Did Jesus Say?" Last Sunday night the topic was, "What Did Jesus Say About Race Relations?" Another unusual feature of the evening service is the Altar Prayer. At the close, the lights of the sanctuary are dimmed, and those who desire are invited to kneel at the altar for a moment of silent prayer.

Civil Service Exam Scheduled For Postmaster

Applications Must Be In Hands of Commission by March 13

An open competitive examination to fill the vacancy in the position of postmaster in the Ozona office has been announced by the United States Civil Service Commission at the request of the Postmaster General.

In order to be eligible for the examination, an applicant must be a citizen of, or own allegiance to, the United States; must have actually resided within the delivery of the post office for which the examination is held, or within the city or town where such office is situated, for at least 1 year immediately preceding the date fixed for the close of receipt of applications; must be in good physical condition; and must be within the prescribed age limits. The competition is open to both men and women.

Under the terms of an Act of Congress, approved June 25, 1938, the Civil Service Commission will certify the names of the highest three qualified eligibles to the Postmaster General who shall thereupon submit the name of the one selected to the President for nomination. Confirmation by the Senate is the final action.

Applicants will be required to assemble in an examination room for written tests, and will also be rated on their education, business or professional experience, general qualifications and suitability. The Civil Service Commission will make an impartial inquiry among representative patrons of the office, both men and women, concerning the experience, ability and character of each applicant, and the evidence thus secured will be considered in determining the ratings to be assigned to the applicants. The Commission is not interested in the political, religious or fraternal affiliations of any applicant.

Full information and application forms may be obtained at the post office in this city, or from the United States Civil Service Commission, Washington 25, D. C., not later than March 13, 1951.

Early Action On Oil Field Road Paving Expected

Dept. Allocates Fund For Paving Route to Vaughan Field

Crockett county Commissioners Court is making an effort to bring about early action toward construction of a paved road from the Vaughan oil field to Ozona, the first of what is hoped will be a program which will connect most of the county's producing fields with paved routes into the city.

The State Highway Department has approved an appropriation of \$83,000 for construction of about 10 miles of paved highway from the Vaughan field into Ozona and the question of extending to the Todd field and connection with all-weather roads from that area is being studied, County Judge Houston Smith said.

Since the oil companies contribute an estimated 85 per cent of the taxes to the county, the Commissioners, civic organizations and business men are pressing state officials for early action toward construction of roads to the producing fields in the county.

A preliminary survey has already been made in the route to the Vaughan field and an engineering survey is expected to be completed within the next few weeks.

Mr. and Mrs. P. C. Perner were in El Paso for the Horse Show last week.

STOPGAP MEASURE

The present price-wage freeze is largely a stopgap measure, as top government officials charged with the law's administration have recently said. As soon as possible, the whole control policy will be reviewed and necessary changes made. Some express the hope that many controls may be removed in the near future.

Be that as it may, those consumers who have believed that all that was needed to stop the price spiral was to issue an edict are clearly due for a disappointment. The roots of inflation go far beyond the farmer, manufacturer, the retailer, and the others involved in the job of producing and distributing all the things we use. It can not be too often repeated that high prices are a symptom of a disease — not the disease itself. The disease lies principally in government spending, government credit policies, so called "cheap money," and all the rest of government's activities in the broad field of fiscal policy.

Business is next to helpless when it comes to doing something about prices. The manufacturer must pay rising wages and costs all along the line. The retailer, who is most often blamed by consumers for high prices, is caught in the same squeeze, and when all his

whole sale costs go up, there's nothing he can do except pass the increase along to his customers. The consumer may complain, and cut his buying as much as possible — but that doesn't change conditions.

It is an unfortunate fact that the public was misled by some very high officials, who argued that price control was the answer to practically everything. We now begin to see how mistaken that view is. And we have yet to go after the real causes of inflation.

METHODIST CHURCH NOTES

Services at The Methodist Church next week include the following:
Sunday, February 25.

9:45 a. m., Church School for all ages. Bible Class for Men studying the Gospel of Christ in the entire book of St. Luke. Verse by verse comment by Pastor.

11:00 a. m. Morning Worship. Sermon by the Pastor on the Sixth Beatitude, "Blessed are the pure in heart." Voluntary offering for relief of Korean Christians.

7:30 p. m. Evening worship with sermon by the Pastor on "What Did Jesus Say About Divorce." Congregational singing of familiar hymns. Altar Prayer Service. Various comments by Jesus on the subject of divorce are frequently misunderstood. This sermon will consider the entire teaching of the New Testament on the subject. Wednesday night, February 28.

Want more THRILL per dollar?

WHAT are the things you hope some day to have in an automobile?

Is it power that rises to every challenge?

Is it the satisfied feeling of being a very important person there at the wheel?

Is it day-long comfort and ample dimensions that make every trip a pleasure?

Is it the durable goodness of sound construction — the sturdy strength that will outlast the years?

Well, sir, the time has come for you to take to heart these three words of sensible advice—"SMART BUY'S BUICK."

Every Buick has Fireball power — an exclusive combustion principle that makes each drop of fuel do extra duty.

Every Buick has coil springs on all four wheels — that add to your comfort and never need service.

Every Buick can be had with Dynaflo Drive,* which lends extra smoothness to all the miles you drive and saves wear on tires, engine and transmission for long-run economy.

Every Buick sparkles with added conveniences, refinements, appointments that lift these 1951 beauties far above the "utility" level and make them a special joy to own.

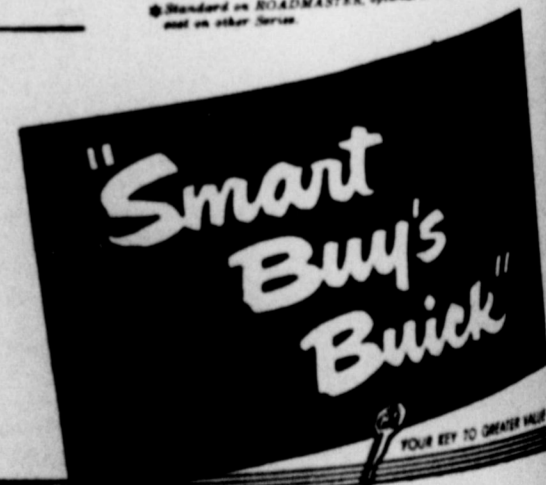

And when it comes to price—we ask you to compare Buick with the field. Come see us soon. Lots of folks are comparing and finding there's no buy like a Buick.

Standard equipment, accessories, trim and models are subject to change without notice.

*Standard on ROADMASTER, optional on other Buicks.

No other car provides all this:

- DYNAFLOW DRIVE**—sees strain on driver and car
- FIREBALL POWER**—high-compression, valve-in-head engine gets more good from every drop of fuel
- PUSH-BAR FOREFRONT**—combines smart style and unsurpassed protection
- WHITE-GLOW INSTRUMENTS**—greater clarity of sight
- TORQUE-TUBE DRIVE**—steadies ride, improves driving control
- 4-WHEEL COIL SPRINGING**—cushions ride, saves servicing costs
- DUAL VENTILATION**—outside air fed separately to right or left of front compartment
- SELF-ENERGIZING BRAKES**—hydraulic—multiply pedal-pressure five times at brake drum
- DREAMLINE STYLING**—tapered, car-length fenders, gleaming sweep-spoors on most models
- Plus:** Self-locking luggage lid, Stop-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Polished engine mounting, Body by Fisher

THE LION'S ROAR

BY STUDENTS OF THE JOURNALISM DEPARTMENT—OZONA HIGH SCHOOL

Fads and Fashions

Spring is almost here and soon

we will actually have something to report.

Meanwhile, there is a little note

worthy news around OHS — Viv More "LION'S ROAR" on page four.

Volleyball at Sonora Day Night

High School Girls team will engage the aggregation in the tilt of the season, February 23, at 8:30 Davidson Gymnasium. The purpose of this event was to direct the attention of students soon to graduate toward Christian colleges. Material on all Baptist colleges was available to the students.

Seniors Honored at Banquet by Baptists

The seniors were honored with a banquet at the Baptist Church on Tuesday, February 13. The Baptist banquet is an annual affair looked forward to each year by all the seniors. A valentine theme was very effectively put to use by the decorating committee. The traditional colors of red and white were carried on by the red valentine place cards, red candles and white table cloths. Centerpieces of red and white carnations were placed on each table.

Meet the Team —

Who is five feet, one inch tall, has blonde hair, brown eyes, loves to wear big, dangling earrings and eat fried chicken? If you guessed Tody Cunningham, you're right, and just who else would fit that description.

Tody has been an Ozonan for about five years. She was born in Comanche, but says she likes living around Ballinger best of all.

Tody, a fifteen-year-old sophomore, lists volleyball and riding among her favorite pastimes and incidentally, she's not doing at all bad in volleyball.

As to an ideal boy, she says about five feet, ten inches tall, brown hair, green eyes. Of course, about a million boys fit that description, but maybe she has some particular one in mind.

Cast Selected for Annual Senior Play

The scripts have come; try outs are over; and the cast has been chosen for the senior play, "Men Are Like Streetcars."

Maudie, a very untypical teen age girl, is played by Lois McDade. Mrs. Mason, a most typical mother, is played by Pat Hickman; Julie, a teen age friend, Elva Vitela; Joy, timid cousin, Darrene Thompson; Sylvia, the older sister, Bettye Maness; Alix, another friend, Gussie Ruth Sparks; Lysbeth, another friend, June Perner; Margaret, the maid, Helen Walker; Davey, Maudie's pushed around boy friend, Bobby Halydier; and Chi, another boy friend, Jack Sorrels, round out the cast. For the other two male characters in the play, two boys will have to be imported from another class.

DON'T FORGET

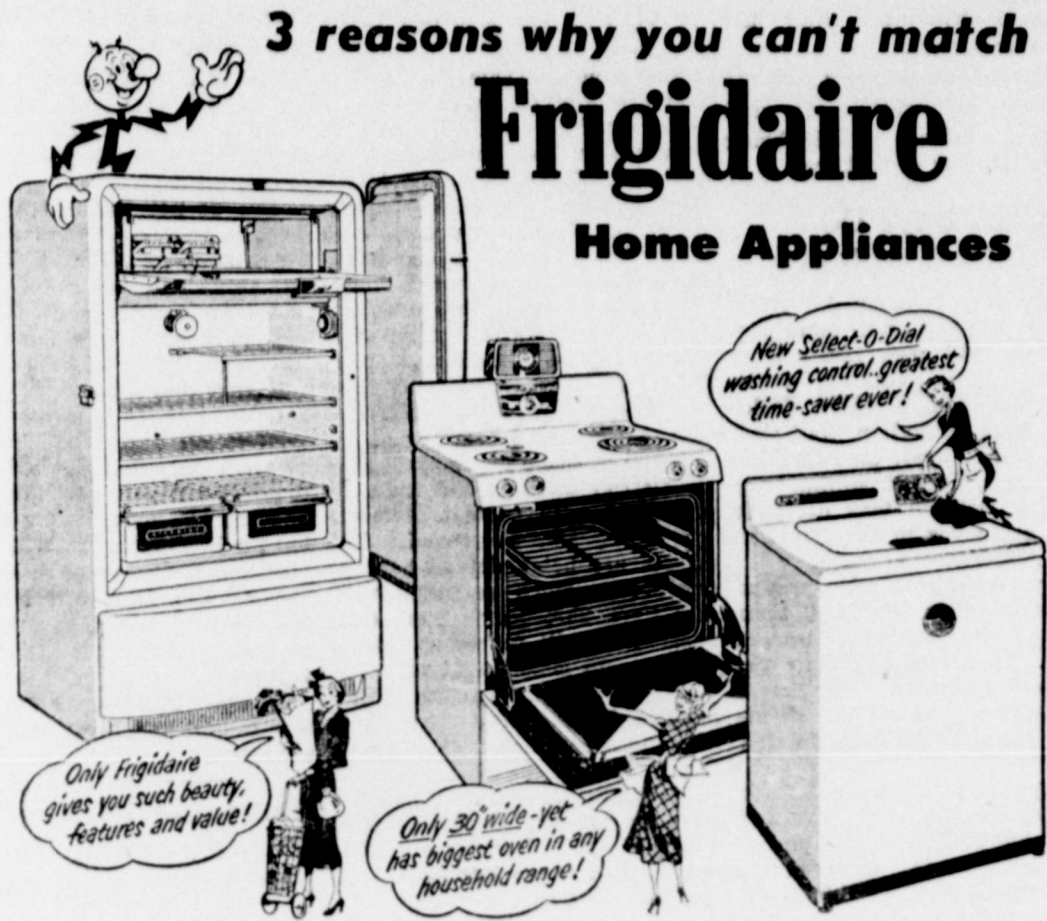

The Student Council Sox Hop on Saturday, February 24, at 7:30 at the high school gymnasium. High school and dates invited.

Junior play is to be given Monday, February 26. Don't miss it!

The first district volleyball game for this year will be played Friday with Sonora.

They're HERE! MORE POWERFUL than ever!

NEW DODGE "Job-Rated" TRUCKS

The trucks that do the most for you!

Here's what's NEW about power

You get more horsepower than ever in the new Dodge "Job-Rated" Trucks! Eight efficient engines—94 to 154 horsepower—with power increases up to 20%! You get the right power for your job with top economy. Yet, these new trucks are priced with the lowest!

Here's what's NEW about ease of handling

You can turn these new trucks sharper—in a smaller circle. Handling is easier because of new worm-and-roller steering gears, more convenient steering wheel angle, cross-steering, wide front tread, and short wheelbase.

Here's what's NEW about styling

Distinctive new lines, massive new grilles, new two-tone cab trim, and new appointments make these the best-dressed trucks on the road! Lower hood lines make it easier to see more of the road ahead. More comfortable, redesigned seats, too!

Here's what's NEW about safety

Never before such safe, smooth, quiet truck brake action—thanks to new molded, tapered Cyclebond brake linings. (On trucks 1½-ton and up, except air brake models.) Improved hand brake operates independently of service brakes.

More than 50 brand-new features...Including:

NEW! More economical performance with higher compression ratio—on models through 1 ton.

NEW! Twin carburetion and exhaust system for more power with economy—available on all high-tonnage models.

NEW! Easier bad-weather starting with new moistureproof ignition and high-torque starting motor.

NEW! Smoother ride with new "Oriflow" shock absorbers—standard on ½, ¾, and 1-ton models.

NEW! Easier-to-read instruments—now grouped in a cluster in front of the driver.

NEW! Easier loading with lower ground-to-floor height—on all models through two tons.

NEW! Smoother engine firing with "hotter" spark plugs—on all models through 1 ton.

PLUS THIS EXCLUSIVE! 4-cyl Fluid Drive available on ½-, ¾-, and 1-ton models.

Come in today for a good deal on

Just a couple of days till the sock hop. Can't wait to see what the artistic talents of OHS bring forth in the way of footwear.

4-H Club Boys Do Well in San Antonio

Wednesday, January 14, about noon, the already small male population of OHS grew just a little smaller still as Charles Garlitz, Bill Schneemann, Graham Childress, Jimmie McMullan, Gail Garlitz, George Bunger, Carl Conklin, Jodie Jones, Joe McMullan and Tom Max Robison took off over the ice and snow in the direction of San Antonio.

After arriving safely around five thirty, they ate, fed their stock and just fooled around in general. Thursday including the lifting of the lambs in the morning, observing exhibitions all afternoon and going to the show that night.

Friday the boys groomed their lambs for the show and Saturday was the big event. Charles placed twentieth, Jimmie, thirty-ninth, Gail, thirty-ninth, and Bill fortieth. Carl won eighth in calves and Jodie Jones won 22nd.

Saturday afternoon the boys tried their hand at ice skating. It seems that the younger members of the party were the more accomplished skaters.

That night they visited the Seven Oaks Club and the next morning began their weary journey home.

Announcement that the wage freeze has been relaxed to permit raises for the nation's workers certainly warranted big type. Imagine a government that has been encouraging non-production by shorter hours, and equal pay regardless of ability, finally recognizing MERIT.

News of Departments —

Quiet! Students at work! would be a very appropriate sign to be hung on room 121 these days when Typing I class takes over. Mrs. Cody has assigned a long story to be typed — not over two errors per page. (Ed. Note. The sale of typing paper has shown a startling increase in all Ozona stores.)

To continue with the tale of progress in the commercial department. The bookkeeping class is learning about the cash register. According to the students each button has a specific use, and they are learning to distinguish them.

A surprise test in that class last Tuesday caught a few of the girls who had gone to Odessa Monday definitely off guard. The test covered their study on the depreciation of fixed assets.

There is to be an interscholastic district meet in Eldorado, April 13, 14 with contest divisions for typing and shorthand. The classes are being driven hard to improve as much as possible by that time. Two teams from each department will represent Ozona. Two persons make up a team.

Congratulations to the shorthand students! The study of their whole text book has been completed. Review over the entire material is preceding study for the district meet. By the way, in this contest, they will have 80 words a minute read to them to put into shorthand and then to transcribe. The most accurate transcription, of course, wins.

The Choral Club is still busy tuning up for their spring contest. They are working on several numbers which are to be used in their program.

Never have the girls been so thankful to hear, "Let's dress, girls" and "Five times around the gym" in Miss Drake's P. E. classes. They are finally through with their long three weeks' course of health study.

'Tis said that chorus girls are unsuited for their work.

Modern brides may not know the recipe for meatballs, but they can recite a dozen for highballs.

FIFTH PERIOD REVOLUTION— Pelto's Picked Pin-Head Personnel Passes From Picture

Monday, January 19, at fifth period, the reign of "Pelto's picked pin-headed personnel" came to a bitter end, as our beloved Mr. Pelto turned over his position as fifth period study-hall keeper to Miss North, due to his taking on a new class.

But do not think that all has been in vain. No, I'm sure that all loyal members of famed fifth period study hall shall never forget Mr. Pelto nor his board of directors. Perhaps they will even make the pages of history. (Frankly, I fell sure they'll make Who's Who)

Of course, it will really be a trial to all unfortunate members of fifth period study hall to try to adjust themselves to a calm, dull uneventful, everyday studyhall, but I'm hoping that we will all survive and in the years to come we may all look back to that half-of-semester in 1950-51 and the reign of Pelto's picked pin-headed personnel.

To these persons, we would like now to say good-bye and "Oh, it's been fun."

Magazine Subscription Sales by Junior High For Activities Fund

Ozona Junior High pupils are selling magazine subscriptions this week as a student council activity, John Skinner, principal announced.

Subscriptions to 75 magazines published and distributed by the Crowell-Collier Publishing Co. are being hawked by the boys and girls. Sandra Brewer, secretary of the Junior High Student Council, is business manager of the drive.

Late Wednesday afternoon, \$324.85 worth of subscriptions had been turned in to the principal's office.

Proceeds garnered from the subscription campaign will be spent on an all-school project.

Chorus girls know the right answer to waist motion.

Isn't it marvelous that a man can walk miles by moving only two feet?

Miss Rosalie Friend, a student at Hockaday in Dallas, is home recuperating from a recent flu attack.

She came home with her parents, Mr. and Mrs. W. E. Friend, Jr., who had gone to Dallas last week for a visit with her father. Mr. Friend attended the annual Hockaday Father-Son Dinner while in Dallas.

NEW MOTOR VEHICLE

1951 License Plates

NOW ON SALE

1951 License Plates may now be installed and must be in place on all motor vehicles not later than April 1st.

Bring your last year's license receipt and your certificate of title when you come in to register your vehicle.

And suddenly....all other cars seem tame!

You can't trace the magic to any single feature . . .

All you know is that *everything* about this 1951 Packard is conspiring to make you forget there's anything *mechanical* about motoring.

You flash a wish to the new Packard Thunderbolt engine—and to its team-mate, Packard's exclusive *Ultramatic Drive*—and the road ahead is suddenly *behind* you . . . with a silent smoothness that can't be matched.

You breeze along, cradled by a Limousine Ride that's as relaxing as a lullaby—and gradually you remember you've been *missing* the old kick-up at railroad crossings, the jab of the frost-breaks, the side-thrust of winds.

And bear in mind, Packard precision-built quality will keep this enchantment alive for years to come. So come in—*drive* the greatest Packard ever built! Within ten minutes, all other cars will seem tame!

It's more than a car
—it's a

Largest Band Described by for Music Club

... of the recent Texas ... in Galveston, one of ... musical school clinics ... ever held in the ... given by W. B. Skelton, ... director, to form one ... interesting programs ... by the Ozona Music Club ... Thursday at the home ... White.

... Sutherland, program ... reviewed the life story of ... musical philosopher. Mrs. ... and Mrs. V. I. Pierce ... piano duet and Mrs. Sher ... reviewed "Cesar ... the Mystic." ... ton told the history of ... Music Educators asso ... purpose and its work ... sions, band, orchestra, ... elementary divisions. ... school band was re-

presented by five students who were selected by their Interscholastic League Music Contest divisions. Miss Helen Walker was selected to play in the All-State band, first flute, third chair. Mr. Skelton said that Miss Walker was the only musician selected from a Class B school, all others being from Class AA schools.

Miss Marion Mock, bass clarinet; Jimmy McMullan, oboe; Tom Piner, cornet, and Don Cooper, bass horn, were selected to attend the clinic classes. From this study under special teachers, Mr. Skelton will strengthen the local high school band.

The final concert of the clinic given by high school students of Texas, Mr. Skelton said, included a 600-voice choir directed by Dr. John Finley Williamson, founder and director of Westminster Choir College, Princeton, N. J. Also a concert by a 145-piece orchestra directed by James P. Robertson, conductor of the Wichita Symphony Orchestra; and an East band

of 100 pieces and a West band of 100 pieces, directed by Russell L. Wiley, director of bands and orchestra, University of Kansas, and Harold Boehman of the University of Florida.

True to tradition — Texas does things in a big way — the Galveston convention was the largest musical school or convention held in the world.

To conclude the program, Mrs. Ed Lewis of Rule, Texas, visiting her parents, Mr. and Mrs. Neal Hannah, here, favored the club with a few of her own piano and voice compositions.

Mrs. W. B. Skelton assisted Mrs. White as hostess. Others present were Mrs. Neal Hannah, Mrs. L. B. Cox, III, Mrs. P. L. Childress, Mrs. Joe Williams, Mrs. Joe Clayton, Mrs. Joe Pierce, Miss Wanda Watson and Miss Helen Walker.

WSCS Hears Report On Health of Indians On U. S. Reservations

Health problems of the American Indians on reservations was the topic discussed by Mrs. Brock Jones at the meeting of the Woman's Society of Christian Service of the Methodist Church Wednesday morning. Deplorable condi-

tions on the Navajo reservation, worst in the nation, were described by Mrs. Jones. There are 62,000 Indians on the limited lands of the reservation and health conditions are terrible. Twelve thousand Navajo Indian children living on the reservation attend no school, she said. The tribe has increased from 9,000 to 62,000 in the last 80 years.

The devotional was given by Mrs. Charley Black. Others present were Mrs. M. B. Flippen, Mrs. Tom Harris, Mrs. Stephen Perner, Mrs. T. A. Kincaid, Jr., Mrs. N. W. Graham, Mrs. Charles Williams, Mrs. P. C. Perner, Mrs. H. B. Tandy, Mrs. D. B. Pettit, Mrs. R. A. Harrell, Mrs. Floyd Henderson, Mrs. W. R. Baggett, Mrs. B. B. Ingham and Mrs. Bill Cooper.

From where I sit... by Joe Marsh

Sometimes Good Intentions Aren't Enough

... fire at the Griffin place ... do much damage last week. ... Volunteer Chief Murphy was ... angry about it. Spoke to ... of us over dinner and a bottle ... Griffin's farm is a good mile ... town," he said. "And by the ... we'd dodged all the people on ... highway who were going to ... we hadn't a minute to ... when blamed if those eight ... hadn't parked cars right in ... driveway and there was ... of people milling around the ... just gawking. Joe, tell

folks a fire's no sideshow. Ask 'em to think of the other fellow!" From where I sit, some of us need to be reminded occasionally that even though our intentions are good we may be unfairly interfering. Whether it's blocking the right-of-way of fire equipment or criticizing a person's right to enjoy a temperate glass of beer now and then—the American Way is to give way, and give the other fellow his fair "share of the road!"

Joe Marsh

Prizes Awarded to Winners in Women's Golf Assn. Contests

Winners were announced in the recent golf ringer tourney and plans for other contests were made at the monthly meeting of the Women's Golf Association at the Ozona Country Club Tuesday.

Winners in the ringer tourney, a contest to decide the greatest improvement in golf play in the month, were Mrs. Joe Sellers Pierce, first; Mrs. Joe Pierce, second; and Mrs. James Bargett, third. Golf balls were given as prizes. The ringer tourney will be continued next month and a new contest will be begun in which a prize will be awarded the player playing with the largest number of different players during the month. A flag tournament is also planned for next month. Mrs. Charley Black and Mrs. Byron Williams being named on a committee with W. E. Ramsey, club pro, to get member averages for handicaps. The flag tourney is to start March 3.

Mrs. W. B. Stuart won a prize for the lowest scores on two blind holes, selected by Ramsey. Four new members were added, including Mrs. Hillery Phillips, Mrs. Gene Thomas, Mrs. Jack Wilkins and Mrs. L. B. Cox, III.

Mrs. W. T. Stokes was named bridge chairman. In the future meetings, four members chosen in alphabetical order, will be assigned the task of preparing food for the luncheons, proceeds above expenses to go into the association treasury. Mr. Ramsey talked on golf courtesy and rules.

Present for the all-day session were Meses. Charley Black, Gene Thomas, Joe S. Pierce, III, C. O. Walker, John Childress, Dick Henderson, Byron Williams, B. W. Stuart, Albert Cowan, Hillery Phillips, L. B. Cox, III, Jack Wilkins, Jack Holt, L. B. Cox, Jr., S. A. Mann of Wichita Falls, Sherman Taylor, Cecil Walley, James Bargett, Joe Pierce, Jr., Beecher Montgomery and W. E. Ramsey.
