Please Pass the Biscuits

Since the last gubernatorial campaign the plea, "Pass the Biscuits" has become a famous utterance, and if it is placed in practice in affairs of government, local, state and national, it is due to become as popular as, "Be Sure You Are Right and Go Ahead,"

There is far more to the phrase or request than mere humor.

Just look about at public affairs generally and you will observe from year to year, the same old pie-eaters at the political counter. Elected once or employed today, the rule seems to be that the lucky ones appear to get into their blood and bones the idea that no one else has a right to aspire to their place and as time passes on, they even get to where they act like they think the offices and jobs belong solely to them and that the poor taxpayer has no rights whatsoever.

More happiness would accrue to the greatest number and even a higher degree of efficiency would be observed in the conduct of public business if the biscuit were passed around regularly.

There are men and women under the capitol dome at Austin who have been there year in and year out, almost since the dome was first built. Some of them act like they owned the capitol itself.

And the humorous part of their actions is in that they seem to believe that none can be found who can do as well as they can with the job.

It is interesting also to observe how many of these old political pie-eaters now on the payrolls, try to convince their boss that they supported him ardently in the last election; that if it had not been for them, his election would have been in doubt, and yet they pledge not to play politics to hold their jobs.

THE WITCH'S BREW

Most Americans would be delighted to make a contribution to Hitler's war-fund by donating Bund Leader Fritz Kuhn.—Cleveland Plain Dealer.

Russia and Finland

\*\*\*In his recent speech, Premier Molotov publicly reiterated some of the Russian demands, which he stated were justified in order to ensure the safety of Leningrad. As a matter of fact, Leningrad would not be endangered by a failure to grant the demands, while if they are acceded to, the future of Finland will be definitely threatened. What the Soviets really want is to make Finland a puppet state, just as they did the three other Baltic states. Is Stalin, in the tactics which he is using in these negotiations, stealing a page from Hitler's book? Will he negotiate a compromise, if Finland refuses to be intimidated, or has he made up his mind to get what he wants even if he has to use force to do so? It is difficult to see how Russia could make an unprovoked attack on Finland, so soon after Premier Molotov stated that the Soviets wanted to help stop the war not spread it. However, in these days when in certain countries there is no truth and nothing appears to count but force and self-interest, anything is possible.—Minneapolis Star-Journal.

No Last Frontier

"Our last frontier is gone," sigh the historians who read the history of America as the pushing forward of the frontier from the Atlantic to the Pacific. That offered to ambition and enterprise a field of unlimited opportunity. And now that we have achieved the conquest of the continent, what are we to do? Are we to lament with Alexander that there are no lands to make fruitful, to plant with wheat and corn or to drive out the buffalo and replace them with domestic cattle. The historians are right—that frontier is no more.

Yet there are other frontiers which are beyond their calculation. These frontiers are not geographical. They are not measured in miles; they are the frontiers of knowledge and of invention. The frontiers of the new sciences which year after year are being advanced from the realm of pure theory and high speculation into actualities. Our old frontier had a definite limit. That limit was reached. But the frontiers of the mind of man have no limits and no measure.

Our great-grandfathers saw steam revolutionize the world. We in our day have seen the marvels of the automobile and the airplane. Have our people come to their Pacific when we can say surely that progress is stopped? Not at all. Our genius for invention means new frontiers for us to push forward, great, new, and as yet undreamed of worlds to conquer. We are not a static people. We never have been content to sit down and be satisfied that all has been done that man can do. The great thing in our history has been our inability to stay put. We have always been pushing forward to new and larger fields of endeavor. There is and can be for Americans no last frontier.—Cincinnati Enquirer.

Common Cold Blamed Largely For Death Toll of Pneumonia

AUSTIN.—Potential victims of pneumonia, and families concerned, hold one of the keys to reduction of the death rate from this disease, according to Dr. Geo. W. Cox, state health officer. It is estimated that each year 25,000 Texans suffer an attack of pneumonia.

As a means of prevention, people should guard against the common cold, neglect of which often leads to pneumonia as a complication.

Persons who develop pneumonia will have the best chance for recovery by knowing the symptoms of the disease and placing themselves under treatment promptly after onset of illness. Typical beginning symptoms include a severe chill and fever, stabbing pain in the chest, cough with rust-colored or blood tinged sputum, nausea and vomiting, loss of appetite.

Sudden onset of symptoms as described should cause the patient and members of the family to suspect the possibility of pneumonia. Rusty sputum, usually a sign of inflammation in the lungs naturally gives rise to the question as to the cause of sickness. Examination of the sputum in a hospital or public health laboratory which serves as a pneumonia typing center, frequently shows the presence and type of the pneumonia germ, and makes clear the exact nature of illness.

Science has found effective means of combatting pneumonia, through the use of proper serum and medicine. To be most effective, these treatments must be given

early and after the exact cause of the inflammation has been determined.

During 1938, pneumonia deaths numbering 4,128 were recorded in Texas and it is necessary for all people to arm themselves with knowledge and to cooperate in measures to decrease the pneumonia death toll.

**Behind The Scenes In American Business**

By John Craddock

NEW YORK, Nov. 13.—BUSINESS—For most of the country's citizens, business and financial news last week continued to spell better times ahead. Secretary of Agriculture Wallace predicted a sharp rise in cotton prices next spring. Unfilled aircraft orders topped the \$200,000,000 mark. Wisconsin utilities are planning the largest expansion in ten years. California's credit improved when voters defeated "ham 'n' eggs," the \$30-a-year-Thursdays plan for folks over 50. The state's warrants sold at a 3 per cent interest rate compared to 4 per cent demanded by investors prior to the election.

Railroad carloadings declined less than seasonally. Department store sales for the year will be about six per cent ahead of 1938, it was predicted, with further gain in prospect for 1940. The RFC and FHA launched a program for building 50,000 to 100,000 homes costing only \$2,500 a piece. Better domestic demand and increased export of meat was forecast for 1940. Capacity operation of automobile plants was seen at least until February. True, the stock market declined during the week, a possible danger sign, but most observers attributed the drop to sales of securities by Great Britain to obtain cash for purchase here of materials and manufactured products.

WASHINGTON.—Manufacturers with small shops in the less heavily industrialized sections of the country may stand a better chance of receiving orders from the allies for war materials than larger manufacturers, some observers here believe. It is pointed out that small companies can more readily convert their plants to war production and concentrate

**Ashes of Japanese Soldiers Home for Last Rites**

Japanese priests are shown receiving the remains of hundreds of soldiers who died fighting in China or on the Mongolian border. It is a familiar sight at railway stations throughout Japan as the ashes of the 18,000 Japanese casualties had resulted in the few weeks of fighting with Soviet troops along the Manchukuo-Outer Mongolia border before a truce was declared.

attention on special orders. The possibility of British loans for plant expansions is foreseen, by means of large advance payments accompanying initial orders. The British embassy last week announced creation of a central organization to coordinate Great Britain's purchases in the United States and Canada, indicating that the time is fast approaching when substantial orders for food and materials will be placed.

PRICE TREND.—With the bureau of agricultural economics predicting that commodity prices will average at least slightly higher in 1940 than this year, consumers can expect little relief from the higher price levels established since the war's outbreak. Already in Detroit motor car manufacturers are talking about raising automobile prices in the spring. In steel circles it is considered likely that first quarter prices will be upped somewhat despite efforts of the administration in Washington to restrain steel prices. The one exception to the gradual upward tendency of all prices is automobile tires on which three leading manufacturers last week announced reductions ranging from 12 1/2 to 14 per cent. In view of the more than 20 per cent increase in crude rubber prices since the war, this action came as a surprise to tire dealers and motorists. Undoubtedly it's a "break" for the consumer, and should stimulate "off-season" sales, thereby aiding employment in rubber factories. Whether tire prices at such low levels can be sustained, however, is indeed questionable.

NEATEST PLAY.—When the old grad returns to the campus this month with the little woman for the "big game" the day's expenses will set him back an average of just \$23.85, the National Consumers Tax Commission figures.

But he won't see the day's neatest play—a "sneaker" that will ab-

stract at least \$5.95 of his expenditures to pay for indirect taxes, according to the commission. Following him, from pre-game anticipation to post-victory celebration, visible items and shifted taxes will throw the average fan for the following estimated losses: cab fares \$3.50, including 75 cents worth of taxes; flowers, \$1.50, with taxes 10 cents; lunch, \$2.50, taxes 75 cents; cigarettes, 45 cents, 25 cents taxes; train fares, \$4.40, taxes 40 cents; dinner \$7.50, taxes \$2.50. Total merchant sale, \$17.90. Total taxes, \$5.95.

"Lipstick Plus," a new device which has interchangeable cartridges for the various colors that women seem to require, day and night... A radically different type of toothbrush, still in the experimental stage, the head of which is at a sharp angle on the end of a metal shaft, styled after a dentist's light, thus facilitating the brushing of the back surfaces of the teeth... To facilitate carrying electric razors in your pocket, some models are now being packed in cigarette cases, tobacco pouches and vanity boxes... "Telephone Hosiery," new idea in merchandising silk stockings—an Indianapolis department store

prints its telephone number on every pair sold to make reordering easy. Colors are named after other city telephone exchanges, making them easy to remember.

Miss Mary Bess Parker was confined to her bed during the first of the week due to a head cold contracted during the football game Saturday.

Elmo Burman and Charles Williams were among Ozonans witnessing the football game in Col-

**WINTER ISN'T AS DREARY SINCE WE GOT A TELEPHONE**

Actually, it seems like a busy season! People call up to offer Jim or the boys a job somewhere. Betty keeps her 4-H Club girls going by telephone—and now and then the superintendent calls her for a substitute teaching job. I couldn't call it a dull winter—or lonely either, when I can talk to my friends any time on the telephone, no matter how bad the roads are!

IT PAYS TO HAVE A TELEPHONE—ESPECIALLY IN WINTER!

**WOMAN'S PLACE**

You hear a lot—from men!—about woman's place, but the consensus of opinion is that her place is just about anywhere she elects to make it... We know, for example, that throughout the United States she drives automobiles many hundreds of thousands of miles per year, and that she spends literally millions of dollars annually for motor fuels, motor oils and automobile maintenance... So, quite naturally, we make a special point of pleasing the ladies; we do everything we can to make driving an automobile pleasant and comfortable for them... This service is so well organized with conveniently located, completely equipped, capably staffed, clean Humble Service Stations, that many Texas women have shifted the entire care of their cars to Humble's shoulders: the nearest Humble Service Stations remind them when their cars need lubrication, when oil needs changing, when batteries should be refilled. As a result, their cars run right and look good... So can yours—if you, too, will shift the care of your car to Humble's shoulders. Begin today—stop for service at the nearest Humble sign!

Beautiful lines, mechanical perfection, comfort and performance, plus luxurious appointments and greater value for less money, have created an unprecedented demand for BUICK and PONTIAC for the 1940 season.

As a result, despite the production congestion in Buick and Pontiac factories and the consequent difficulties of getting delivery on the new models, we have broken all previous records for deliveries of the new cars at this season of the year. Naturally we are proud of this record and proud too that every one of these new owners of Buick and Pontiac cars for 1940 are enthusiastic boosters. They have found that the new Buicks and Pontiacs live up to the most extravagant claims made for them by their manufacturers. They have experienced the super power, the extreme comfort and grace of exteriors and have become convinced that theirs is the greatest buy in the new car field. You too can own a Buick or Pontiac.

Rain which fell Friday and Saturday provided water in lots of marsh areas and in the divide lakes which have been dry for some time, and will open up some hunting territory that appeared worthless to sportsmen a week ago.

More ducks were reported flying south and waterfowl hunters opened the 45-day duck, goose, coot and jacksnipe seasons yesterday.

The Skinny Friend ranch near Alpine is the setting for the hunting trip that Bud Kincaid, Spot Friend and Gene Williams are enjoying this week.

Mr. and Mrs. Victor Pierce and Mr. and Mrs. Jake Miller left yesterday for Alpine where they plan to spend several days hunting on Mr. Pierce's ranch there.

Another relic was added to A. W. Jones' collection in his saddle shop this week when P. T. Robison brought in an old side-saddle stirrup that he had found on his ranch north of Ozona. The stirrup was guessed to be from forty-five to fifty years old as Mr. Robison has been living in this territory for 38 years and is certain that no side-saddle has been there since he bought the land.

First activity in the fall wool market in more than a month was reported from Mertzson recently when a small lot of short wool sold for 27½ cents a pound. Local growers are still holding their clips, however, and are confident that the market will improve in the next few weeks. Wool going in the Mertzson sale was reported as low grade wool.

Pre-season quotations on furs are somewhat discouraging to prospective trappers and ranch owners who share in the annual harvest of small varmints in this area, according to information in the hands of local fur dealers.

Bill Baggett sold 100 cut back yearling ewes to J. T. Tumlinson of Carrizo Springs at \$4.20 per head. They were delivered at the ranch Wednesday.

O. K. Harkey, San Angelo com-

mission dealer, loaded out 76 steer calves for Ad Harvick Monday sold to Bryan S. Hunter, president of the Missouri Livestock Commission Company of St. Joseph, Mo. The calves brought 10 cents and were estimated to weigh 425 pounds.

Seven and a half cents a pound is the price given two Ozona ranchmen for their lambs last week by the Mann Commission Company of San Angelo when R. L. Flowers counted out 1517 mixed lambs through the firm to Ray Willoughby and Ed Bean sold 1,540 mixed lambs off his ranch to Mr. Mertz of Kansas at this price.

J. H. Williams and son, Troy, recently sold 450 lambs to a Sheffield party at 7¼ cents net.

**Member Of Humble Drilling Crew Is Married In Morton**

Friends here of Jake Porter, driller with the Humble Oil and Refining company crew stationed here during the drilling of the Humble deep test four miles south of Ozona, have learned of his marriage Sunday, Nov. 12, to Miss Marian Taylor of Morton.

The marriage took place at the home of the bride's parents. The bride, who was attending Texas Technological college in Lubbock before her marriage, is the daughter of Mr. and Mrs. Charles Taylor.

The Humble drilling crew was moved from here to Morton where they are engaged in the drilling of another well. Mr. Porter has been with the Humble company for several years.

**ATTEND BAPTIST CONVENTION**

Mr. and Mrs. A. C. Hoover, Mrs. J. P. Pogue and son, Ronald Norris, left Tuesday for San Antonio where they plan to attend the Baptist general convention there. Mrs. Hoover and Mrs. Pogue were appointed messengers from the Baptist church here to the convention. Ronald Norris will receive treatments for ringworm on his head while there.

he claims, is the reason he must hurry right along with his romancing. If he waits until his hair is all out, Lady Romance might close the door in his face. And the Little Brother can look at me and know what the lack of sweet romance and womanish attention will do for a man. Make him a fatalist, a pessimist, and an unbeliever in all good things.

Here at home today, the Little Brother and I have swapped some mighty good lies. Mine were the tallest, his the more interesting. However, neither of us are good story-tellers.

Which is strange, too, when you consider that Papa was one of the best story tellers that ever wove a romance with words. He could go out on a turkey hunt and never fire a shot and come back and still tell the most fascinating yarn about what he saw and did on that hunt. I wish I had his abilities. I wish the Little Brother did.

If the Little Brother could talk, he could tell some good ones of his experiences in the jungles of Venezuela and the Dutch Guiana, strange stories of strange peoples, the kind of stories I like to hear. But, like me, he stumbles around, seeking the right word, seldom finding it, butchering a story that Papa would have made as vivid as a moving picture show.

Every child should be trained from infancy to put into words what is in his mind. Every time I hear some stupid grown person stopping a child that's bubbling over to tell a story with "Children should be seen and not heard," I want to sock somebody in the puss. If more children were allowed to be heard more often, there'd be less time left to their elders for shooting off their brainless prattle. If more children were heard more often, we'd have better story tellers in this world. And if there's anything this world needs, it's good story tellers, writers who do not lose track of the truth in the agony of putting their thoughts into words.

And if you do not think that clear, straight-forward thinking and writing is agony, just sit down some day and start trying to pound out the hazy ideas that fog your brain.

Look at the above example: I start with an account of the Little Brother's home-coming and wind up on the subject of writing. Can't think straight today. Too glad to see the Little Brother again.

Many guests were present for the benefit bridge and forty-two party given in the ballroom of the Hotel Ozona Tuesday night by the Ozona Music club.

Admission charge was 25 cents per person and the proceeds from the evening's entertainment went toward paying for the bass horn purchased for the high school band. A profit of \$21.50 was made.

Small paper bass horns were given the guests, as they arrived and they were greeted at the door by Mrs. S. M. Harvick, president of the Ozona Music club; Mrs. Alvin Harrell, head of the program committee; Mrs. H. B. Tandy, finance committee chairman, and Mrs. Paul Perner, publicity chairman. The entertainment committee consisted of Mrs. George Neersta, Mrs. Neal Hannah, Mrs. Clyde Childers, Mrs. J. A. Barrow and Miss Jo Demmer.

Chrysanthemums, autumn leaves and berries decorated the ballroom and candy was sold by Dorothy Hannah, Mary Louise Perner and Gem Ella Dudley. Coffee and French doughnuts were served.

Bridge players were Mr. and Mrs. Scott Peters, Mr. and Mrs. Lowell Littleton, Mr. and Mrs. James Flynt, Dr. and Mrs. George Neersta, Mr. and Mrs. Roy Henderson, Mr. and Mrs. J. M. Ray Dunlaps Are Hosts At Forty-Two

Members of the Friday Forty-two club gathered at the home of Mrs. Ray Dunlap last Friday afternoon.

Mrs. Leslie Nance received the high score prize while Mrs. Audra Moore won the bingo award. Traveling prize was given to Mrs. Lloyd Johnson.

Mince meat pie and coffee were served to Mrs. J. A. Barrow, Mrs. Bruce Drake, Mrs. Audra Moore, Mrs. A. E. Deland, Mrs. Roy Parker, Mrs. Joe Patrick, Mrs. Leslie Nance, Mrs. J. S. Whatley, Mrs. W. S. Willis, Mrs. Hugh Gray, Mrs. O. D. Busby, Mrs. Lloyd Johnson, Mrs. Charles Butler, Mrs. H. C. Townley, Mrs. Charles Powell and Mrs. Joe Billy Keeton.

Mr. and Mrs. Lowell Littleton came home Sunday from Lubbock where they had been visiting Mrs. Littleton's parents, Mr. and Mrs. R. E. Hardeberger and Phil Hardeberger, who has been staying with the Littletons for the past six weeks, returned to his home there. They also stayed in Morton several days visiting friends before coming home.

Mr. and Mrs. Leslie Nance had as their weekend guests, Mrs. Nance's parents, Mr. and Mrs. E. Laughlin, and her sister and brother-in-law, Mr. and Mrs. H. S. Easley and son, Marion, all of Blanket, Texas.

Mr. and Mrs. Bryan McDonald were to leave shortly after noon today on receipt of word that the two-year-old son of Mr. and Mrs. Bill Kerr of Hereford was critically ill. Mr. Kerr is Mr. McDonald's half brother.

Four new 1940 Dodges and three Plymouths have been delivered by the James Motor Co., local distributors. New Dodges went to Mrs. T. A. Kincaid, Jr., Vic Montgomery, Slick Miller and Watt Turner, while Plymouths were delivered to H. L. Warner, Sam Wills and Mrs. Marbury Morrison.

Bill Grimmer in Winfield, Iowa. They attended the Iowa State and Notre Dame football game on Armistice Day.

Many Ozona college students returned to their homes over the weekend for the annual Armistice Day football game between the Lions and Sonora Bronchos. Phillip Schneemann and Joe Williams returned Sunday to Lubbock where they are enrolled in Texas Tech. Mary Margaret Harris, daughter of Mr. and Mrs. Tom Harris, spent the weekend here. She is enrolled in John Tarleton at Stephenville. Home from Texas University is John Childress to visit his brother and sister-in-law, Mr. and Mrs. Pleas Childress, Jr. Billie Gene Linthicum, who is attending T. C. U. in Fort Worth, returned to her home in Barnhart for the weekend and visited in Ozona Saturday.

Marvin Rape, student at the University School of Medicine in Galveston, has written that he is especially fond of work there this year. Marvin is the only freshman in the school asked to make a speech at banquet recently, honoring the medical students. Thomas Davidson needs a Texas map with no detours. Austin. Last weekend he started to the football game in College Station—or rather Phil Sheridan thought he had because Joe had Phil's ticket to the game. For some reason he never did get up in College Station and had to get another ticket. When did Joe Tom become interested in law and politics? Miss Mary Louise Harvick, a freshman at Stephens college in Columbia, Mo., spent the past weekend visiting Mr. and Mrs.

Brother Of Ozonan, A&M Student, Wins Prize By Writings

Sam Smith of Marathon, Texas, senior animal husbandry student at Texas A. and M. college and a brother of Mrs. Vin Jeffries of Ozona, recently won first place and a prize of \$10 in a contest sponsored by "The Cattleman," magazine. The prize was offered for the best discussion of the picture used on the cover of the November issue of the magazine. The picture was of a Hereford yearling being scrubbed by two attendants in preparation for a show.

This is not the first time Smith has won a prize by his writing. Last year he won a trip to Chicago to the International Livestock Exposition by taking first honors in an essay contest on livestock and marketing sponsored by Swift & Co.

Mr. and Mrs. Lee Wilson returned last night from Dallas where they went to get two new Pontiac cars for the local showrooms of Wilson Motor Co.

Mr. and Mrs. James Baggett and daughter, Elizabeth Ann, left yesterday for a few days visit with relatives and friends in Kerrville, San Antonio, and Austin. They plan to attend the Texas University and T. C. U. football game in Austin Saturday. Miss Elizabeth Coose will join them in Austin, the party planning to return home Sunday.

Miss Betty Jane Ingham, who is a senior in the Pascal high school in Fort Worth, returned to Ozona to spend the weekend with her mother, Mrs. B. B. Ingham. Betty Jane was accompanied by Mr. and Mrs. Jack Baggett and Miss Linaora Dudley. Mrs. Ingham returned to Fort Worth with her daughter to visit there for several days.

Paul M. Hallcomb was a San Antonio visitor Saturday and Sunday.

Mrs. Albert Kay of Fort Stockton is an Ozona visitor this week. Mr. and Mrs. Kay ranched north of Ozona before moving to Fort Stockton.

Mr. and Mrs. Frankie Jones spent last weekend in San Angelo visiting Mr. Jones' parents, Mr. and Mrs. M. M. Jones and family.

Mr. and Mrs. Evridge Davidson were weekend visitors of Mr. Davidson's parents, Mr. and Mrs. L. C. Davidson of Granger.

Mr. and Mrs. Charlie Davidson and their daughter, Muggins, and Mr. and Mrs. Sherman Taylor spent the past weekend in Austin.

Recent Bride Is Honored At Joint Three-Club Party

Mrs. Lee Childress and Mrs. Phillip Lee Childress honored Mrs. William Albert Childress with a bridge and forty-two party in the Lee Childress home Friday. A gift was presented the honoree, who was Miss Mary Jane Koy before her recent marriage.

The Las Amigas club, the Sunflower club, the Friday Bridge club, and the Forty-two club members were included. Prizes were won by Mrs. James Baggett for high score and Mrs. Ele Hagelstein, second high, for the Las Amigas club. For the Sunflower club, Mrs. H. B. Tandy won high and Mrs. Joe North made second high. Mrs. W. E. Smith and Mrs. Tom Harris were the high and second high score winners for the Friday club and Mrs. Stephen Perner high at forty-two. Mrs. Madden Read second, with Mrs. Hugh Childress, Jr., for guest high.

The Thanksgiving theme was used throughout the party and fall flowers helped to decorate the house. Miniature ice cream turkeys, cake and spiced tea were served to the guests.

Others included were Mesdames Wayne West, O. A. Kirby, Joe Pierce, Fred Deaton, Monroe Baggett, Claude Hudspeth, Jr., Hudson Mayes, Joe T. Davidson, J. M. Dudley, Mike Friend Roy Henderson, Hugh Childress, Sr., W. E. Friend, Jr., Floyd Henderson, N. W. Graham, Mahlon Robertson, Paul Perner, Bright Baggett, Johnnie Henderson, Evert White, T. A. IF ONLY WE HAD KNOWN
WHAT WE KNOW NOW!

By MILES PIERCE

It seems that everyone says that. The older a person is, the more he realizes his mistakes. When I see a freshman deliberately evade his lessons simply because he can find other things to do, I want to choke him. Of course, he doesn't realize that all of his high school work will be based upon the foundation that he should now be getting. There are exceptions to every rule, this one included: "If only we had known then what we know now!"

When I get out of college, I'll be saying the same thing about seniors in high school. Why not? As one grows in mind, surely he should grow in knowledge. But let's get away from the local community. Let's go to war. (That is, go to war only in imagination, which should be the only type of war, anyhow.)

HISTORICAL QUARTERLY
MAGAZINE LIBRARY

LOST TRADITION

Forty-two volumes of "The Southwestern Historical Quarterly" have been added to the shelves of the high school library. These books carry articles concerning Texas and the Southwest. For example, in volume 39, there is an article entitled "The Earliest Printing and First Newspaper in Texas." These quarterlies have much valuable and interesting information that will appeal to the student who is interested in Texas and her history.

For a school of this size, the Ozona high school has an excellent magazine library. The library receives many magazines each month. These magazines cover a wide range of subjects, namely, fiction, mechanics, science, and current history. Some of the magazines that the library takes are The Reader's Digest, The American, Popular Mechanics, Popular Science, Collier's and Pathfinder.

We think that once a tradition is made, it cannot be broken, and, if it is broken, disaster, will follow. However, we find that with the fall of a tradition, life goes on as always with no one's seeming to notice. Such an incident happened on Powell Field on November 11. The moral I want to point is that everyone should keep his spirits up and certainly not let the fall of a cold tradition mar his progress. The basketball season looms ahead with the promise of many victories. Let's get in shape.

ROUSING PEP RALLY
HELD IN GYM FRIDAY EVE.

Although it was cold and damp, a nice crowd attended the pep rally that was held in the gym Friday night. The band, pep squad and football boys were seated on the gym floor.

While waiting for everyone to arrive, the crowd was entertained with a few numbers played by the band.

Pep leader Johnnie Boyd took charge of the rally which began with everyone singing the school song. After two songs, "Hail, Hail" and "Old Sonora High, She Ain't What She Used to Be," were sung, Mr. Denham gave a pep talk, a yell was given and the football boys, Bud Cox, Fat Thurman, Joe Couch, W. C. Brock and Bill Carson gave their views of the game with Sonora. Roy Henderson gave his view of the game also. "Peruna" was sung, and a yell was giv-

Ozona High's Colorful Band And Its Director

Director Norman Heath, left, of Ozona High School Band, has done a good job of developing a finished musical organization for the school. The 45-piece band, with its majorette, Dorothy Hannah, twirlers and mascots, is a major attraction at athletic events and on the maneuvers and marches executed on the march from the school to the contest field. Above, the band is pictured in march formation on the school campus.

Odds and Ends

By NOMA MILLER

What's a little rain and mud to the Ozona younger set? As far as slowing things down a bit at the dance Saturday night at the Hotel Ozona, I don't think "Old Man Weather" had any luck.

"Off to college kids" that were home for the weekend were Phil Schneemann and Joe Williams from Tech, Mary Margaret Harris from John Tarleton and Billie Jean Lanthicum from T. C. U. With these "kids" being in town there was quite a bit of cur-rousing around during the two days.

Not having Herbie Kay's orchestra or any other good orchestra near by, the music was furnished by a nickelodeon. This included music by several famous orchestras and bands.

The dance tags were small flags with "Ozona vs. Sonora, Nov. 11, 1939" written on them. Ozona and Sonora colors decorated the ballroom on each side.

Most all the Sonora students who attended the game, were at the dance.

The Ozona High School Choral club met for the first time on Nov. 7 in the auditorium. Mr. Springer, the high school principal, was in charge of the program. Mr. Springer, who recently directed the Coleman Choral club, is encouraging the school students to take part in the choral club activities.

The theme of the songs that were sung were fitted for Armistice. Some of the songs were: "America," "God Bless America," "Little Liza Jane," "Long, Long Trail a Winding," and many others.

The high school students will continue in such a manner for a few weeks on Tuesdays. The students who are not interested in the choral club will discontinue the work. Both classical and popular songs will be sung.

The seniors who are now hoping they will get to rest for a few days after writing several themes on the story, have finished study of "Macbeth," after many long hours of hard work. "Macbeth," we all should know, is one of the greatest dramas that has come from Shakespeare's pen. For the facts of the story, Shakespeare went to the "Chronicles of England, Ireland and Scotland," by Raphael Holingshed.

This study of Shakespeare's "Macbeth" is one of the most interesting pieces of literature studied this year.

en. After the band played a number, Captain Jim Dudley said, "It may be a little damp tomorrow, but it certainly won't damp our spirits any." Everyone sang "I Want to Be a Zona Lion" and the pep squad girls, Tincy Kirby, Lottie Jo Owens and Mary Faye Lucas gave pep talks. A yell followed.

Last, but not least, Coach White gave his views of the game in saying that Ozona hadn't been beaten by Sonora on the Ozona field for 12 years and they weren't going to start now.

The pep rally adjourned with the singing of the school song.

Band Improves Marching, Says
Drum Majorette Dorothy Hannah

Expect Better Appearance At State Contest In Spring

"Seeing Jack's ability to twirl and strut gave me the inspiration to be drum majorette," said Dorothy Hannah. Dorothy made her first appearance as drum major of the Ozona high school band at a pep rally before the Big Lake game in the 1938 season.

The majorette's chief duty is to give the signals for the various marching maneuvers. All signals are worked out beforehand, and the band knows what each signal means and when to go into certain formations.

Such signals as the carriage of the baton, counter-march signals, left and right obliques, halt and forward march are standard among all drum majors. These signals are written out and explained in a special drum major's manual. Other signals are made to suit the maneuvers and occasion.

"There is a complete understanding between the drum majorette and the band concerning all signals and maneuvers," stated Dorothy.

"It is quite frightening to think that the drum majorette assumes the whole responsibility of the maneuvers of the band. In both the giving of signals and in their timing, the drum majorette must not make a mistake, as a mistake

1940 Invitations
For Graduations
Chosen By Class

A meeting was called by the senior class last Friday afternoon for the purpose of selecting their graduation invitations.

Mr. Ezell, a representative from the Schmidt Engraving company, who had with him a various selection of invitations, was present at the meeting. Approximately ten were submitted and the class finally made a selection of a three fold invitation having an etching of the auditorium entrance and also carrying a metal seal of a lion.

On the first inside leaf the card is carried. The second leaf carries the invitation proper. Seen on the third leaf are the class roll, class colors, class motto and class flower.

The student's orders will be placed about February 1, and the invitations are hoped to be received about April 15. Approximately 2500 will be ordered.

She: "What did you say?"
He: "Nothing."

She: "Of course. But how did you express it this time?"

H. E. LUNCHEON

A series of luncheons is being had in the H. E. III class. Dorothy Hannah entertained Jean Drake, Tincy Kirby and Mrs. Russell with a luncheon Friday. The luncheon was served English style and colored leaves were used to decorate the table. The menu consisted of stuffed bell peppers, creamed asparagus, sliced tomatoes, molded fruit salad, hot biscuits, butter, lemon pie and milk.

DOROTHY HANNAH

would throw the entire band off.

"If the band keeps working as it has been, I don't see why we shouldn't make a better appearance at the state contest this year than last. Last year the contest was new to Ozona entries, but after our having seen better bands perform, I think that we will show much improvement in this year's contest."

Dorothy received her new uniform shortly before the contest last year. Her first appearance in the new uniform was at a pep rally when the band marched down town in Ozona before leaving for Abilene.

Band Marches
Armistice Day
Despite Weather

Although there was a slight drizzle last Saturday afternoon, the band managed to brighten the town before going to the football game. Entering the park from the east side, the band halted in the spiral formation and played "Raleigh March" and "The Concert In the Park." The cold, cutting wind did everything but aid the members while playing, as the horns were cold and music wasn't exactly stationary. Despite all of these impediments, the band played exceptionally well. At a signal from the drum majorette, the band marched out of the spiral formation, through the park to the north end, and out into the street, facing south. This was one time the majorette and twirlers didn't object to "working up a heat" by strutting and prancing while marching through town to Powell Field. It was thought at first that the band would have to swim through the gate to reach the stands, but cardboard and wooden "stepping stones" kept the bright uniforms "high and dry."

Just before the kickoff of the game, the Ozona and Sonora bands combined to play "The Star Spangled Banner" in dedication to November 11, Armistice Day.

Heavy hanging clouds and a slight rain prevented the march that had been planned by the Ozona band, but rousing music was furnished throughout the entire football game.

Old Tradition
Falls As Game
Won By Broncs

Fracas Played In Rain
Before Large Crowd
On Powell Field

The hopes of the Ozona high school for a successful season in football were shattered last Saturday when their bitter rivals, the Sonora Bronchos, beat them 16-6 in a great mud battle. Off and on during the game, rain fell in fine mist, making the ball very slick and hard to handle. Both teams probably intercepted more of each others passes than they completed themselves.

The Bronchos drew the first blood, counting on a 40-yard run by Trainer in the first period. Trainer then made the conversion.

But the Lions didn't give up there. Late in the second quarter, they intercepted a Broncho pass deep in enemy territory. On straight running plays they advanced the ball to the 1-yard line. There, on the fourth down, Dudley made a costly fumble as he drove into the line, and Sonora recovered in the end zone for a touch-back.

On the kickoff, starting the second half, a Sonora back fumbled as he was hit hard by Donald Wilson and Bobby Lemmons recovered for Ozona on the Broncho 30-yard line. But this time, on the fourth try, they made the touch-down. On a fake place-kick Dudley's pass to Wilson fell short.

Early in the final chucker, a charging Sonora lineman, Cooper, blocked an attempted Lion punt. Cox of Ozona recovered across the goal line, giving the Bronchos a safety.

On the resulting free kick from the 20-yard line, a Sonora lad made a fine runback to the Ozona 25-yard line. This boy, Trainer, again took charge and engineered a drive for the Bronchos. He crashed thru the line from the 2-yard line for the tally. Again he converted.

The game ended with the ball changing hands several times on intercepted passes.

For the winners a little Freshman guard, Cooper, was outstanding on defense. He was the "fifth man" in Ozona's backfield. Trainer with his passing and running was practically the whole show on offense.

The Ozona line regained some of its lost prestige Saturday. The Bronchos were unable to crash the forward wall of Wilson, West, Thurman, Couch, Keeton and Coates. Donald Wilson played an exceptionally good game with his hard tackling and blocking. Smith also got in a few good blocks.

Next Saturday, the Lions won up their season in a game against Eldorado, who has already clinched the district championship. They play at Eldorado.

INDIAN ARTS SHOWN
IN H. S. AUDITORIUM
BY CHIEF DEERFOOT

Pum, Pum, Pum! The war tom-tom of our ancestors sounded in the high school auditorium Friday afternoon. The tom-tom was played by Chief Deerfoot of the New Mexico Reservation.

Chief Deerfoot presented an act which explained the pottery made by the Indians, rugs made by the Indians, and the marksmanship of a true American.

In the bow and arrow act, Chief Deerfoot hung a balloon on a wall and shot an arrow very close to it to explain the air resistant force against the arrow. When the arrow struck beside the balloon, the balloon bounded away. This is how Chief Deerfoot explained the air resistant force.

The next arrow that Wahoo (I mean Chief Deerfoot) shot pierced the balloon. In shooting the bow and arrow, Chief Deerfoot would glance at the target and turn quickly releasing the arrow.

Several war dances and chants were demonstrated, the Chief showing how the real Indians gave a war-whoop. "The sound is produced in the throat and not in the mouth," he explained.

As many beautiful rings and pottery were shown to the audience, the Indian stated, "In distinguishing the rugs and tribe that made them, the design of the rug is considered."

THE
Prowler

By
Howard Lemmons

Well, girls, J. K. (Killer-Diller Colquitt) is on the loose again. He has given up all relationships with the finer sex in other towns and cities (other than Sonora).

A certain senior girl must think a lot of herself. Why she thought she would lead the Pep-Squad at the pep rally is far beyond me. Pee-Wee and Shorty have something else besides the numerous books to give their attention to now. They may become brothers-in-law in the years to come. They go with two sisters from Sonora. They not only took them home after the dance, but they paid the another visit Sunday.

Mustard and Joe B. also went with two Sonora girls. Mustard, must say that you have good taste.

Miles, who escorted Helen to the dance, seemed very discouraged after he reached the dance. Miles where did all of your enthusiasms go.

Jean seemed to be kept very happy over the past weekend. Jean has college improved him?

Scenes at the dance: Mr. Springer trying out a new dance with the school secretary... dancing with a member of the Sonora band... Pee-Wee cutting in on the Gossip Writer continually while he was dancing with a sweet girl from Sonora... Jim Dudley sitting out nearly every dance and not giving the girls a break... Mary Perner tiring out about 11:30 p. m. J. K. and two other boys matching coins to see who would get to dance with the "Ball of the Ball"—J. K., you lucky dog.

Before the dance, a certain Senior girl tried to get a certain Junior boy to take Tincy to the dance Saturday night. Nice rating "Red."

The Senses

By Kirby-West

SEEN—

J. K. was actually working. Somehow the girls wrapped him about a broom-handle, and he swept the ballroom for the dance.

The band shivering and shaking as it had to march to the field Saturday afternoon.

Miles trying to keep his feet warm Saturday afternoon.

Many ex-students home over the weekend. Joe Williams and Phillip Schneemann from Tech; Billie Jean Lanthicum from T. C. U.; Mary Margaret Harris from Tarleton; Betty Ingham from Paschal high school in Fort Worth.

The Lions playing a good game of ball Saturday.

A mob trying to put up "Welcome, Sonora" signs on the east road.

Roy, Johnnie, Joe and Helen stuck in the mud.

HEARD—

Noise and more noise when Ozona made its touchdown.

Ella laughing when a man bumped his head. It hurt!

A loud yell that scared the girls in chapel.

That Noma wouldn't march, and didn't let the director know until the very, very last minute.

That Ella got bold Sunday night, and told Miles that he was too, too, too much.

Bobby saying that "school work was more important than anything else." When did you change your views, Bob?

FELT—

Cold, rain and wind. It may be OK, but when one is marching in it—it isn't so good.

Chagrin. One of our traditions has been lost. Sonora beat us on our own field for the first time in twelve years.

Hard knocks. Pee-Wee really took the knocks in the game Saturday. Do you dream when you are out cold?

SMELLED:

Got a bad cold this week. Didn't smell anything.

TASTED—

Eddie seemed to be the main attraction at school Monday. He couldn't have been those cherries covered with chocolate, could he girls?

Luncheons. Dorothy is a good cook—so we hear.

Bitte, Willie Louise.

Mrs. Jabber: "When you proposed to me you said you'd rather live in eternal torment with me than in bliss by yourself."

Jabber: "Well, I've had no wish."

## As Captive Poles Labor in German Prison Camps

Many of them are at work constructing buildings to house prisoners, others labor with pick and shovel, thus releasing more manpower for German military duty.

### Care Of Teeth Is Health Essential For School Child

AUSTIN.—Children brought up according to the three "R's" of health have a very good chance to escape the discomforts and accompanying ill-health that comes from dental disorders, according to the Texas state department of health. This season of the year, when the children are getting adjusted to school routine, is a particularly appropriate time to give special thought to the physical as well as the mental aspects of a child's development. The child who is physically fit makes much better progress in school, than does the boy or girl who is below par. Parents can help to keep their children fit by carefully following the rules of mouth health in bringing up their children. The three "R's", of course, are not "Reading, 'Riting and 'Rithmetic, but are "Right" foods, "Real" cleansing, and "Regular" office visits, which are as important to mouth health as the old three "R's" are to mental development. The teeth and other mouth tis-

ues depend for their original structural strength and their continued resistance to ill-health on the quality and quantity of building materials made available in the food one eats. The first set (baby or foundation), of teeth obtain their materials from the mother before a child's birth. The permanent set may depend on the diet of both the mother and the child itself. Consequently, the diets of both should be rich in calcium, phosphorus, and in those vitamins that seem to affect mouth tissues, with special emphasis on vitamin "D" which is found principally in sunshine, codliver oil and fish. That is, there must be the "right" food in the diet for strong, decay-resisting teeth.

"Real" cleansing means twice-a-day thorough brushing of the teeth with effort to reach every tooth surface, and finally, the equally thorough flushing of the mouth with some mild antiseptic liquid or saline solution. The germs that play the part of tooth and gum destroyers in the diseases known as dental decay and pyorrhea are more active in unclean mouths. Real cleansing will help to prevent their activity. But it is unwise to place complete dependence for dental health

on the first two "R's". So 'Regular' dental office visits should be made if only to assure one's self that the mouth is healthy. These visits permit your family dentist to discover defects when they are small and to correct them before much damage is done. Naturally these corrections are much more easily made than those which have gone unattended.

The Georgetown Country club may be able to lay claims to being the only golf club in Texas which is raising wild turkeys. That club has two hens, a gobbler and 13 young roaming its course and the surrounding woods and the big birds are being protected. There will be no open season on that bunch of turkeys if the club members can help it.

Texas has four species of poisonous snakes, but three of them are a variety of sub-species. The largest number of sub-species is boasted by the rattlesnake family. There are ten, namely pigmy or ground rattler, Willard's, Prairie, Western diamond back, green velvet, diamond back, green rock, mountain, black tail and cane snake. There are two varieties of copperheads and three of coral snakes, but there is only one member of the moccasin family which is poisonous. It is the cottonmouth.

sit down in the woods or fields without looking, nor rest your hand on a rock without first scanning it.

One Chambers county landowner, following the recommendations of game department game managers, is flooding 20,000 acres of marshland by means of wells he has drilled and plans to make more money from his leasing of the land to duck hunters than he will through all other means on his other land holdings. He planted \$200 worth of seed to produce plants for duck food last spring and the game department is watching the experiment with considerable interest. Last year, without the aid of additional plantings, the owner cleared \$2,000 the first two days of the duck hunting season. Dry weather forced him to flood his marshes, but the cost was negligible considering the profits he expects to take.

amount collected in the final month of the taxpaying period last year, when collections totalled \$71,031.87.

The largest individual saving was realized by the Texas-New Mexico Pipeline Co., which concern saved \$338.69 on a total tax bill of \$11,289.49. The Pecos Valley Power and Light Co., which has a tax bill in this county of \$7,410, saved \$222.30 by paying the tax in October. Of individual ranchers in this county who paid up for the maximum saving, Judge Charles E. Davidson made the largest saving of \$32.70 and J. W. Henderson, Jr., saved \$31.63.

The discount system continues through November and December, the saving being reduced to 2 per cent in November and to 1 per cent in December.

### Car Damaged In Highway Accident

L. D. Kirby met with another casualty in his car Friday night when a man, his wife, and nine children driving along the west highway in a Model T Ford ran into his 1938 Chevrolet car, denting the left rear fender. The automobile has been in San Angelo for repairs until last night when Mr. Kirby went up after it.

The other accident occurred about six weeks ago when the right rear fender was bent.

### Bottle Babies Thrive on Milk Diet

These bottle-fed babies are perfectly content with a diet of milk, rolled oats and corn syrup. Captured in their Nevada homeland four months ago, the antelopes were turned over to the Washington state game department and are being kept on a secluded ranch near Portland. The black spots on their heads are the beginning of antlers.

### Hunting Season—

ing doves are oiling up their rifles and scatter guns in preparation for trips afield. Texas' duck season gets the jump on turkey, deer and javelina by a single day. Firing at the migratory birds got under way with a volley on November 15 and will continue until December 29. Flights of both ducks and geese are heavier this year than last, reports to the game department indicate. Too, the birds moved in from the north from ten days to two weeks earlier than last season, making many old-timers predict early winter for the inhabitants of the North.

Sportsmen are reminded that the bag limit on ducks is ten per day with the possession limit being twenty. They are allowed to take four geese this year and have eight in their possession. However, canvasbacks, redheads, buffleheads and ruddy ducks are restricted. Hunters cannot take more than three of each of these species in a single day nor have more than six in possession, or their aggregate of these species cannot be more than three per day and six in possession.

The annual invasion of deer country will get under way today, November 16, when the season on both whitetail and mule deer opens. The whitetail season continues until December 31 with the bag limit being two bucks per season. The season on mule deer is the same as on whitetail except west of the Pecos river, where November 16 to November 30 are the dates and the bag limit is one deer per season.

Despite a drouth which reduced the range, deer are going to be

### Mrs. Carl Colwick Is Local Chairman TCU Homecoming

FORT WORTH, Nov. 15.—Mrs. Carl Colwick has been named local chairman in Ozona for the "Homecoming Boosters Committee" of Texas Christian University.

Homecoming will be observed in connection with the T. C. U.-S. M. U. football game in Fort Worth Saturday, December 2. A get-together reunion dinner of alumni and ex-students will be a feature of the occasion.

"The response to date, together with the advance sale of tickets for the football game, indicates that we will have one of the best attended Homecomings in the history of the university," reports Roy G. Tomlinson of Fort Worth, president of the general association of alumni and ex-students.

A special reunion of all Add-Ran College (forerunner of T. C. U.) students is being arranged. Mrs. Colwick is one of a statewide "Boosters Committee" of 60 appointed by President Tomlinson. Each member will promote interest in the Homecoming among the T. C. U. exes in his particular community.

Mr. and Mrs. Hugh Gray are in Temple this week undergoing medical treatment.

plentiful again this year and indications are that even more than 35,000 taken last season will fall before the heavy loads of sportsmen's rifles this season. Deer have spread since last season into several counties, which had not raised them for many years. This is due, it was pointed out by game department officials, to the department's program of stocking and to the natural drift of the big game animals from range upon which feed is becoming more scarce due to an overabundance of deer.

Texas, with most of the javelinas which remain in the United States, is expected to see many hunts for those wild and often ferocious animals, which are the only native wild hogs in the United States. They are found in several counties of Southwest Texas and are protected this year for the first time, a bill having passed by the 46th legislature limiting sportsmen to two javelinas a season. The open season is the same as that on deer.

Turkeys were hard hit by the drouth this year and probably fewer were raised than in any year during the past decade. There will be turkey for the hunters but they will be far from plentiful and an appeal is being made to the sportsmen by the game department officials to restrict their shooting of the big birds as much as possible so that there will be seed stock next season with which to replenish the range. The bag limit on the Thanksgiving bird is three gobblers per season except in the 21 counties having the universal hunting and fishing license. There only two birds may be killed.

Quail hunters who have looked over their favorite fields with an eye to the opening of the bobwhite season on December 1 are cheering mightily these days. Quail are reported more plentiful than in many seasons and these reports are reaching the game department from the majority of the sections of the state. The quail season continues until January 16. The bag limit is 12 and no hunter may take more than 86 in any one week.

### New Educational Method Discussed At Faculty Meet

Progressive education was the general topic of discussion when members of the faculty of Ozona schools met for the first general faculty meeting of the current school term Tuesday in the home economics department quarters.

Gene Hollon, grade school principal, spoke on the subject, "The Meaning of Progressive Education," and Miss Zelma Scott on "The Superiority of Progressive Education." Miss Dorothy Spain spoke on "Progressive Education and Public Relations."

Progressive education was described as the method by which pupils are taught the essentials of living, to fit them for better living as individuals; education of the whole child, physical, mental and emotional. Progressive education differs from the traditional formula of "sitting and listening," whose purpose was to fill the pupil with information rather than providing him an opportunity to grow through pupil participation.

Miss Jo Demmer, first grade teacher, spoke on "Reading Readiness," a new teaching method which studies a child's mental development and makes no attempt to teach him to read until he is ready to learn.

Students of the home economics department served the teachers pie and coffee.

T. A. Kincaid, Jr., Martin Harvick, Bud Kincaid, James Childress, Bill Seahorn and Joe Friend were among the Ozonans attending the football game in College Station Saturday.

George Vic Montgomery joined Mr. and Mrs. R. H. Halbert and their daughter, Bobby, last Friday in Sonora to motor down to College Station for the Texas A. & M. and S. M. U. game.

tained.

It is important that certificates of title be retained, it was pointed out by Claude Russell, deputy in the office of Sheriff Willis, for if they are lost or destroyed the car can not be registered, sold or traded until duplicate certificate is obtained by payment of an additional fee, and such loss or destruction might result in delay of several weeks in registration or sale of a car.

The certificate of title is just like a deed to a lot, it was pointed out. The law was passed with a view to making theft and sale of stolen cars more difficult.

### FIVE DEFENDANTS

Justice of Peace W. M. Johnigan reports five defendants constituted this week's callers when he opened justice court to hear the charges. Fined \$1 and costs on charges of drunkenness and disturbing the peace were Ira Sapp, Emmett Sapp, Raymond Salinos, Antonio Burtiagio, and Manuel Longoria.

Bobby Galyon was also fined \$1 and costs on a charge of drunkenness but the fine had not been paid up to the middle of the week.

Mr. and Mrs. R. P. Lynn and son, Bascomb, and Bert Kincaid, all of San Angelo, spent Sunday here visiting Mr. and Mrs. T. A. Kincaid.

### More Than Hundred Attend Methodist Family Night

More than a hundred people, men, women and children, enjoyed a "family night" party in the basement of the Methodist church last night.

Supper was served at 7:30 to the entire group, the meal consisting of baked ham, potato salad, green peas, hot rolls, pie and coffee. After the supper, the guests enjoyed a number of old fashioned games.

Mr. and Mrs. Boyd Lovell and children, Norma, Darlene and Robert returned Monday from a weekend visit in San Angelo.
