Bank Robbers' Spotted Lions Loaf To

An excited man called Sheriff V. O. Earnest Saturday to report a hot tip on the whereabouts of the tall and short man who recently robbed the First National Bank at Bronte in a bold daylight holdup.

The sheriff's informant said that he believed he had spotted the bank robbers and that they had just robbed the Red and White grocery in north Ozona.

"The men, a long, tall one and Red and White store carrying a a period dating back into the 1951 their 1 H. B. Cox et al. sheriff. "I'm pretty sure they are feated in district play last searobbed the grocery store. You'd better get after 'em." He gave the sheriff the license number of the car the men were driving.

And Sheriff Earnest did "get after 'em" - and soon had them cornered.

The "bank robbers" turned out o be Jack Wilkins and Charles Ratliff. They had borrowed a money sack from the bank and were making the rounds gathering up the contents of the March of Dimes collection boxes placed in various places over the town. By the time they made the north side grocery store the sack was pretty full and the alext citizen thought he had the robbers red handed.

Ozona Goes Over Top By \$529 In **Dimes Campaign**

Record \$3,000 Quota Overscribed In Month's Drive

People of Ozona and Crockett county met the challenge of a record quota to support the fight against polio and when the final bell clanged on the January campaign had overscribed the quota by more than \$500.

Mrs. Jack Wilkins, drive chairman, reported the first of the week a total collection of \$3,529.64 in the campaign which produced a record cooperation on the part of organizations and individuals throughout the county and a determined campaign which sought to bring to the attention of every person in the county the tremendous need of the National Foundation for Infantile Paralysis and the local chapter for funds to continue the unrelenting fight against this dread disease.

Half of the fund collected locally will remain in the local chapter treasury to meet local poiio needs if they arise and the other half will go to the National Foundation to aid in its research and direct aid program.

The local drive was climaxed by Mothers' March on Polio or Porch Light campaign last Thursday night when a large group of workers under four captains of the Bill Brown, minister of the four sections into which the town the fund. That final effort produc-

T. A., the Club, the Sheriff's Posse and other organizations contributed to the fund and individual members worked toward its success.

Handsome sums were made possible for the polio fund through efforts of the Lions Club in sponsoring a benefit appearance here of the San Angelo College dramatic group which presented "Night Must Fall" in the girls' gym and of the Ozona Literary Club in sponsoring Mrs. Sherman Taylor's book review at the Methodist Church fellowship hall.

Football Coach Larry Wilkins and Oscar Kost signed up 68 fans who offered 10 cents a point for scores made by the Ozona High School Lions in their game against Eldorado and this effort produced \$428.80 for the fund.

All local cafes set aside one day's coffee receipts to the polio fund and Mrs .Johnnye Hoover of the Charm Shop gave one day's receipts. These efforts produced Members of the Ladies Golf several hundred additional dol-

oil field areas. Mrs. Dick eHnder-

The biggest in town!

the biggest nickel in town . . . and it buys lots of service . . . comfort and entertainment. For example, here's what 5¢ worth of electric service can do for your family:

- A penny's worth makes toast for all your family
- · Another penny swishes clean three tubs of laundry A cent's worth of electric service vacuums six
- Then there is enough left out of the nickel to fur-nish refrigeration for the family's food for hour

Where else could the average family get so much value for one small nickel ... a nickel that's now worth only 52% of its 1939 value, but a nickel that buys 17% more electric service than it did

Let your local electrical appliance dealer show you how easy it is to put electric servants to

Look what's worrying the low-priced three

THERE'S a big story in the price of this beauty-but an even bigger one in that you get for that price.

You get the highest horsepower and compression ratio ever engineered into this Buick Series-from the extra-thrifty F-263 Fireball 8 Engine newly designed for this Golden Anniversary SPECIAL.

You get an even wider front seat than this roomy Buick had before-plus a new tilt-away feature that means easier inand-out.

You get real big-car comfort, from deep, soft cushions with new zigzag type springs in both the seats and the backs.

You get the steady going and the sweet handling ease that come of a still finer Million Dollar Ride. Steering ratio is increased. Front wheels have been brought to zero-caster. And here, of course, you get coil springs on each wheel, full-length torque-tube drive, rigid and massive X-braced frame-ride features you get in no other car at the price.

But-you get the idea.

And when you realize that the figure on this big, brawny, beautiful Buick SPECIAL is just a few dollars more than you'll pay for one of the so-called "low-priced three" -we're sure you'll say: "This is for me!"

Come in and try it out-then tell us if we're wrong or right.

Lions Roar (Continued from Page 3) **Annual Staff Hard** At Work On '53 Ayer

By Janice Spencer

That Annual Staff is working hard. Wednesday Mr. Ezell from San Angelo visited the Staff meeting. The topic of discussion was a cover for the annual. Finally, a plain, hard backed one was chosen

There was much discussion as to what color this year's annual ing "The way to a man's heart is would be. Some wanted to carry out the school color, purple, while some wanted turquoise so that it tract your eye, too. would be different from all of our others. At the close of the meeting, no cover color had been decided upon.

Since annual pictures have arrived, annual staff members spend all their free time working on layouts to present to you, the student body of OHS, the best annual district win with no losses. of all in '53.

DRIVER EDUDCATION CAR IS PURCHASED

The Ozona School Board recent-Cambridge Plymouth Sedan from James Motor Company for use in Driver Education classes.

Coach Larry Wilkins, teacher of spent in the classroom. Students tween the two clubs. learned highway courtesy and nomenclature about the automobile. VOLLEYBALL During the second semester students will spend their time behind the wheel of the car getting actual experience.

The course is completed when students take and pass their driver's license.

4-H SHOWS CUT IN ON OHS MANPOWER

Gosh! How quiet school seems Couldn't it be because the 4-H boys are gone, or could it?

Yes, it seems as if all the 4-H boys have left dear old OHS to go to Houston for the annual 4-H show this week. Several got a head start on the ones that left this week since they left the latter part of last week. But don't think they get by without some school work; it seems as though some of the teachers gave them plenty to keep them busy while they aren't holding sheep or having a good time. That is a consoling thought for those of us who have to slave through school.

We really do miss the boys and hope they each get their share of awards and have a good time also.

ARE YOU MAGAZINE HAPPY?

Oh. good, the Saturday Evening Post is out! In fact, it's almost always out! Yes, this magazine must be a favorite with OHS students. (It must be all the interesting articles it contains.)

Last week .Miss Mildred North school librarian, became startled when she found her shelf of the Saturday Evening Post in shreds. There were everything from ripped pages to no pages at all in the places of readable magazines.

She requests that anyone having back issues of this magazine for 1951 or 1952 not in use to please donate them to the library. Appreciation would be in order from her and the entire reading public of the Saturday Evening Post.

WHAT'S GOING ON IN H. E.

Since all you boys are interested in girls, I know you will be interested in what they are doing in Homemaking.

For about the last two months we have been cooking. Such as Christmas candies, pies, cakes. Then just a few weeks back we prepared a meal and ate it during
