Women Summoned For Jury Service First Time Here

Four On Grand Jury, Nine On Petit Jury April Term

District Judge Jim C. Langdon is going to hear some new cases for avoiding jury service in the April term of court. Instead of shearing, marking or branding at the ranch, a windmill "make down" or water gaps all will be a new twist to the "be-off" pleas.

The powder-puff jury will come to reality here when 112th district courts meets Monday, April 10. The judge will hear "I've got roast in the oven," or "I just took down my curtains" or "My house is in a mess — got a party day — the kids are sick."

Jury service for women was voted by constitutional amendment last fall and the law goes into effect here with summonses issued this week for four women for possible grand jury service and nine for possible service as petit jurors. The following are summoned to report for grand jury service at 10 a. m., April 4: Gene Williams, Mrs. Charlie Black, Bill Carson, Mrs. W. D. Cooper, Dick Henderson, Mrs. Buddy Phillips, Ele Magelstein, Frank James, O. D. Gault, Max Schneemann, Jr., W. West, Stephen Perner, Nip Blackstone, John Childress, Mrs. E. Friend, Jr., and John Coates.

Summoned for petit jury service are Roger Dudley, Jr., Mrs. Neal Hannah, Mrs. Jack Wilkins, Mrs. C. R. Fuanos, Ashby McCallan, Bob Franklin, C. W. Taffero, Richard Flowers, Tommy Harris, Sam Perner, Joe Bean, Miss Isidra Verwer, L. D. Kirby, C. Perner, Jake Stricklin, D. J. Brewer, Sr., Jess Odum, Armando Reina, C. C. Womack, W. D. Womack, Bill Baggett, Mrs. Alma Oberkamp, Ray Deland, Thomas Armstrong, Bud Coates, E. H. Chandler, C. K. Black, L. B. Cox, Jr., R. C. Ward, Victor Pierce, Chris Perner, Mrs. Boyd Clayton, Ray Dunlap, Charles Applewhite, Ben Williams, Bill Clegg, W. H. Chandler, Miss Dolly Coates, Mrs. Jess Childress and Mrs. Joe Clayton.

Ozona First In Texas To Exceed Red Cross Quota

4th In Midwest Area; Drive Still Open Through March

Ozona citizens expressed their gratitude for the wonderful job of relief and rehabilitation done by the American Red Cross in the community's greatest hour of need last June by being the first community in Texas to meet its March Red Cross Fund Drive quota and the fourth in the entire Midwest Area of the A.R.C.

Byron Williams, Fund Drive Chairman, Tuesday wired Red Cross Midwest Area headquarters in St. Louis that Ozona had exceeded its quota and received a telegram from Jack Bassett, area director, who was in charge of Red Cross operations following the flood here.

"Congratulations," wired Mr. Bassett. "Your community is the first in Texas to meet its quota and the fourth in the entire Midwest Area." Mr. Bassett directed the expenditure of approximately \$225,000 in Red Cross funds in relief and rehabilitation work here following the flood of June 28.

The Fund Drive in Ozona is not closed, Chairman Williams emphasized. It will remain open throughout the month of March, the official period of the drive, and those who may have been missed in the whirlwind campaign still have an opportunity to contribute. See Mr. Williams or send your contribution to the bank.

Fire Department Gives Curb Service As Fire Comes To The Station

A quick run by the fire to the fire station here Wed. morning resulted in a potentially damaging blaze being snuffed out without damage.

Curb service was rendered by the Ozona Volunteer Fire Department when Fireman Oscar Kost discovered a vigorous blaze amidst trash aboard the trash truck of J. E. Evans as it cruised through the downtown area on the way to the dump ground. Kost, a passenger in a car following the trash truck, told Evans his vehicle was on fire and to follow the car to the fire station. This Evans did and the big truck was rolled out doors the pump started and the blazing trash watered down by Kost and Clyde Leath, fire station attendant.

Just another service of the efficient volunteer firemen — discover 'em, bring 'em in, put 'em out.

4-H Club Wins \$395 In Prizes At Angelo Show

Group Won \$590 Prize Money, Sold Lambs For \$12,000

Against what was described as the stiffest competition ever assembled there, Crockett County 4-H Club members made a fine showing at the San Angelo Fat Stock Show last week, placing a total of 12 fat lambs and 9 breeding sheep and bringing home a total of \$395 in prize money.

Erby Chandler showed the Reserve Champion crossbred lamb at the San Angelo show. He showed first and second place heavy-weight crossbred lambs in a class of 240 entries. His total prize take from the show was \$175 on the two lambs.

Pam Jones was another big money winner in the show, with her Rambouillet rams and ewes. She topped second and fourth in the Ram Lamb class and fifth and twelfth in the ewe lamb class. Pam had the honor of showing her second place ram to the Reserve Championship and carried off \$79 in prize money.

The quality of sheep showing in the San Angelo show this year was the best ever seen, County Agent Pete Jacoby, in charge of the 4-H Club program, reported. Many good sheep never placed in the show because of the stiff competition, Mr. Jacoby declared.

Following are complete results and prize money won by the Crockett county 4-H exhibitors in San Angelo:

Heavy finewool lamb class — Mark Baggett, 38th, \$10; Bill Jacoby, 49th, \$10.

Lightweight finewool lamb class — Mark White, 22nd, \$15; Bob Childress, 31st, \$10; R. J. Everett, 25th, \$10; Mark Baggett, 42nd, \$10; Penn Baggett, 46th, \$10.

Heavyweight crossbred lamb class — Erby Chandler, 1st & 2nd, \$75; Steve Fish, 15th, \$15.

Lightweight crossbred lamb class — Bill Jacoby, 6th, \$18; Joe McMullan, 22nd, \$12.

Reserve Champion crossbred — Erby Chandler, \$100.

Rambouillet Ram lamb — Pam Jones, 2nd & 4th, \$50; Steve Fish, 9th, \$5.

Rambouillet Rams, two-tooth — Jay Miller, 6th & 20th, \$15; Pierce Miller, 16th, \$5.

Rambouillet Ewe lambs — Pam Jones, 5th & 12th, \$20.

Rambouillet Ewe, two-tooth — B. B. Ingham, 11th, 19th, \$5.

All fat lambs were sold at the end of the show. Lightweight lambs brought \$22.25 per hundred-weight and heavyweights brought \$20.25. Six head of sifted lambs sold for \$29.35. Louis Wardlaw with the Texas Livestock Marketing Assn. of San Antonio was the buyer.

Trotter Resigns As School Board Member; Moving To Barnhart

Ezra Trotter tendered his resignation as a member of the school board at the meeting of that body Tuesday evening.

Trotter will move to Barnhart where he will operate a Purina feed supply business just opened. A successor to Mr. Trotter will be appointed by the board to fill out his unexpired term.

The board at its Tuesday night meeting disposed of routine matters and prepared for the contract letting session Wednesday afternoon when contract was awarded for construction of the new school cafeteria and classroom addition to the North Elementary.

No School Friday While Teachers Away To Dist. Convention

While the teachers are away the children will play here Friday. All classes in Ozona Public Schools will be dismissed all day Friday while teachers are attending a district meeting of the Texas State Teachers Association to be held in Brownwood, Supt. L. B. T. Sikes announced this week. A big delegation of local teachers is expected to attend the Brownwood meeting.

Final Construction Of TV Cable System Complete In Few Days

Final connections and installation of pieces of equipment are being made this week to extend coverage to the entire town for television reception through Ozona's nearly completed community television system. Several days delay in bringing television service to the west and north sections of the town was encountered because of delays in material shipments.

With completion of the system, Ozonans may now have fine television reception, with access to three stations, more television than is available to residents of San Angelo, or Midland or other towns with television stations.

The local cable system offers signals from San Angelo's KTXL-TV station Channel 8, which offers some network programs; Midland's KMD-TV station, Channel 2, which reportedly soon will join a network, and WOAI-TV Channel 4 in San Antonio, NBC and CBS network station. Reception from the San Antonio station has far exceeded expectations in quality of picture received. Very satisfactory reception is being received from the other two closer stations.

The local citizens backers of the community effort to bring television to Ozona are now offering connections to the system on a cash or easy-term and low down payment plans, as low as \$25 down and 12 months to pay the balance. The installation represents an investment of approximately \$50,000.

School Building Contract Awarded To Midland Man

Cafeteria And Added Classrooms To Cost Total \$86,570

Contract for construction of the new school cafeteria and a two-classroom addition to the North Elementary school was awarded Wednesday afternoon by the school board to Herman Kraevit, contractor and engineer, of Midland.

Work on construction of the new school facilities will begin in about 30 days and is to be completed in 150 calendar days, thus will be ready for occupancy by September 1 of this year, the board announced.

The Midland contractor's bid on the project was \$86,570. His was lowest of six bids submitted, the highest bid being \$109,000. Other bidders were Chester Richey of Brady, who built the new housing units here last year; W. C. Rutherford & Son, San Angelo; J. Paul Simpson, San Angelo; Templeton-Cannon, San Angelo, and Warner Construction Co., San Angelo.

The cafeteria is to be erected on school property just north of the Junior High School building, and will serve the entire system.

Polio Vaccine May Be Given To Ozona Children

First, Second Graders Included; Wait Test Report In April

Detailed plans are now being worked out for possible administration of polio vaccine to all children in the first and second grades in Ozona Public Schools before the end of the present school term, if the vaccine is approved and licensed, Dr. H. B. Tandy, county health officer, declared this week.

As was announced by state health officials, all first and second grade pupils in public, private and parochial schools in the state are included in the planned program, which will depend on the outcome of an evaluation study now being made of the test vaccination last Spring of some 440,000 children.

The Salk vaccine, the same used in last year's tests, will be furnished by the National Foundation For Infantile Paralysis. The results of that test, on which an evaluation study is now being conducted at the University of Michigan, will be available in April. If it is found that the vaccine is effective in preventing polio, the National Foundation plans to inoculate first and second graders and all children who were part of the test group in the 1954 field trial but who did not receive vaccine at the time.

Advance planning for the mass inoculation is necessary because vaccination must start immediately after announcement of the result is made in April, and the vaccine licensed for sale, in order that the program may be completed before schools close, and thus children can be protected before the peak of the polio season.

First steps to be taken here are the preparation of the necessary parents' request forms, which will be distributed through the children. Volunteer helpers are to be recruited and doctors will give their services in the program. Administration of the vaccine will require a period of five weeks, the first two shots being given one week apart and the third three weeks later. Steps are already being taken by school authorities to assist in completing preparations for quick completion of the vaccination in the event it is approved.

The polio vaccine will be furnished from a supply being purchased by the National Foundation with March of Dimes funds. It will be made available by the National Foundation without charge for the product to state health officers for use in the groups named, if licensed by the Federal government. Supplies also will be distributed through commercial channels at the same time.

The National Foundation has financed the development and production of the Salk vaccine. Contracts were made with manufacturers for a supply of vaccine costing \$9,000,000 in March of Dimes funds. This enabled manufacturers to keep their production facilities in operation during the waiting period and be ready to go into full production as soon as the vaccine is licensed.

Commission Says Pollution Not From Oil Field

RR Commission Without Jurisdiction, But Has Opinion

Pollution of fresh water sources on ranches in the area of the World oil field in northern Crockett county is not the result of methods of operations in the field in the opinion of the Texas Railroad Commission which recently conducted a hearing in Austin at which testimony from ranchers and other interested parties and from oil operators in the field was taken.

Although admitting it is without jurisdiction in matters pertaining to pollution of fresh water sources, either surface or underground, the Commission in its ruling, declared that it conducted the hearing so that "all pertinent data could be placed of record for the consideration of all parties." The hearing was attended by Crockett County Judge Houston Smith and W. D. Cooper, manager of the Crockett County Water Control District, which administers Ozona's water system. A copy of the Commission's finding was received by Judge Smith this week.

"From the evidence adduced at the hearing," the Commission said of its findings in the matter, "it is apparent to the Commission that the operations presently being conducted in the World Field are not causing contamination of any surface area other than the saturated area immediately surrounding the surface salt water disposal pits, nor are they causing pollution of any underground fresh water strata.

"It is also clear," the ruling continued, "that there is a polluted area of the fresh water strata far removed from the World Field, the nearest indicated pollution being in excess of six miles from the field, that has a source other than salt water disposal pits being used in the World Field.

"Evidence that such pollution is not caused by World Field operations is shown by the numerous uncaused fresh water wells in and near the World Field and lying between such field and the polluted areas that by technical chemical analysis tests have been shown to contain no polluting material.

"The Commission is of the opinion that further study should be made by a proper authority relating to possible sources other than the World Field which has been decisively shown by the evidence to be a non-offender in this matter.

Houston Singers To Present Opera 'Carmen' In Ozona On April 2

Opera lovers in Ozona and surrounding area will have a rare opportunity here on April 2 to see a production of Georges Bizet's opera, the ever popular "Carmen" sung in English, a new trend in opera production now being tried in New York.

Under sponsorship of the Ozona Music Club, the opera will be presented here by a student group in the Music Department of the University of Houston, under the direction of Bruce Spencer King, chairman of the vocal division of the Music Department of the University. Mr. King is a brother-in-law of Mrs. B. B. Ingham of Ozona.

There are ten principal roles in the opera with choral background groups and minor characters. A group of young boys of grade school age is to be recruited here for parts as soldiers in one scene of the opera.

The opera Carmen is so colorful and the music so enchanting that it is a great favorite with opera-goers. Carmen is a beautiful Spanish gypsy coquette who works in a cigarette factory and Bizet wrote his opera about her various adventures. The Toreador Song, one of the best known songs from the opera, is sung by one of her admirers who charms her with the fiery tale of his daring exploits as a bullfighter. The opera has its setting in Seville, Spain, about 1800.

Noelke Outpost, Midway Lane Set In Crockett

Sun Oil Co. will drill a 1/2-mile south outpost to production in the Noelke, Northeast (Queen) gas field of Crockett County, 36 miles northwest of Ozona. It will be the No. 2-C Shannon Estate.

The project will be drilled with rotary to 2,300 feet, with operations beginning when permit is approved. Elevation is 2,827 feet.

Location, on an 836-acre lease, is 3,200 feet from the north and 4,000 feet from the west lines of 3-GG-Archer csl.

Shell Oil Co. will drill a 1/4-mile southwest stepout to production in the Midway Lane (Permian) field of Crockett County, 15 miles northwest of Ozona. It will be the No. 27 Chambers County School Land.

Location, on a 1,120.5-acre lease, is 660 feet from the south and 1,490 feet from the west lines of the northwest quarter, 4-Chambers csl

J. E. Crawford, Former Ozonan, Dies Of Heart Attack In Abilene

Funeral services were held at 10 o'clock this morning from the Llaughter-North Funeral Home in Abilene for John E. Crawford, 59, a former Ozona resident, who died of a heart attack at his home in Abilene at about 8 o'clock Tuesday evening.

Mr. Crawford, who owned and operated a barber shop here for several years before selling the business about three years ago to Frank Brown, operated an ice cream business in Abilene. He is survived by the widow, the former Mrs. Maggie Dunlap Deland of Ozona, mother of Mrs. J. P. Pogue of Ozona; his mother; two sisters and six brothers.

Attending the funeral from Ozona were Mr. and Mrs. Walter Dunlap, Mr. and Mrs. Earnest Dunlap, Mr. and Mrs. Ray Dunlap, Mr. and Mrs. Pogue, Mrs. Sam Beasley, Mrs. Hugh Gray and Mr. and Mrs. W. D. Womack.

Final Construction Of TV Cable System Complete In Few Days

Final connections and installation of pieces of equipment are being made this week to extend coverage to the entire town for television reception through Ozona's nearly completed community television system. Several days delay in bringing television service to the west and north sections of the town was encountered because of delays in material shipments.

With completion of the system, Ozonans may now have fine television reception, with access to three stations, more television than is available to residents of San Angelo, or Midland or other towns with television stations.

The local cable system offers signals from San Angelo's KTXL-TV station Channel 8, which offers some network programs; Midland's KMD-TV station, Channel 2, which reportedly soon will join a network, and WOAI-TV Channel 4 in San Antonio, NBC and CBS network station. Reception from the San Antonio station has far exceeded expectations in quality of picture received. Very satisfactory reception is being received from the other two closer stations.

The local citizens backers of the community effort to bring television to Ozona are now offering connections to the system on a cash or easy-term and low down payment plans, as low as \$25 down and 12 months to pay the balance. The installation represents an investment of approximately \$50,000.

School Building Contract Awarded To Midland Man

Cafeteria And Added Classrooms To Cost Total \$86,570

Contract for construction of the new school cafeteria and a two-classroom addition to the North Elementary school was awarded Wednesday afternoon by the school board to Herman Kraevit, contractor and engineer, of Midland.

Work on construction of the new school facilities will begin in about 30 days and is to be completed in 150 calendar days, thus will be ready for occupancy by September 1 of this year, the board announced.

The Midland contractor's bid on the project was \$86,570. His was lowest of six bids submitted, the highest bid being \$109,000. Other bidders were Chester Richey of Brady, who built the new housing units here last year; W. C. Rutherford & Son, San Angelo; J. Paul Simpson, San Angelo; Templeton-Cannon, San Angelo, and Warner Construction Co., San Angelo.

The cafeteria is to be erected on school property just north of the Junior High School building, and will serve the entire system.

Polio Vaccine May Be Given To Ozona Children

First, Second Graders Included; Wait Test Report In April

Detailed plans are now being worked out for possible administration of polio vaccine to all children in the first and second grades in Ozona Public Schools before the end of the present school term, if the vaccine is approved and licensed, Dr. H. B. Tandy, county health officer, declared this week.

As was announced by state health officials, all first and second grade pupils in public, private and parochial schools in the state are included in the planned program, which will depend on the outcome of an evaluation study now being made of the test vaccination last Spring of some 440,000 children.

The Salk vaccine, the same used in last year's tests, will be furnished by the National Foundation For Infantile Paralysis. The results of that test, on which an evaluation study is now being conducted at the University of Michigan, will be available in April. If it is found that the vaccine is effective in preventing polio, the National Foundation plans to inoculate first and second graders and all children who were part of the test group in the 1954 field trial but who did not receive vaccine at the time.

Advance planning for the mass inoculation is necessary because vaccination must start immediately after announcement of the result is made in April, and the vaccine licensed for sale, in order that the program may be completed before schools close, and thus children can be protected before the peak of the polio season.

First steps to be taken here are the preparation of the necessary parents' request forms, which will be distributed through the children. Volunteer helpers are to be recruited and doctors will give their services in the program. Administration of the vaccine will require a period of five weeks, the first two shots being given one week apart and the third three weeks later. Steps are already being taken by school authorities to assist in completing preparations for quick completion of the vaccination in the event it is approved.

The polio vaccine will be furnished from a supply being purchased by the National Foundation with March of Dimes funds. It will be made available by the National Foundation without charge for the product to state health officers for use in the groups named, if licensed by the Federal government. Supplies also will be distributed through commercial channels at the same time.

The National Foundation has financed the development and production of the Salk vaccine. Contracts were made with manufacturers for a supply of vaccine costing \$9,000,000 in March of Dimes funds. This enabled manufacturers to keep their production facilities in operation during the waiting period and be ready to go into full production as soon as the vaccine is licensed.

Commission Says Pollution Not From Oil Field

RR Commission Without Jurisdiction, But Has Opinion

Pollution of fresh water sources on ranches in the area of the World oil field in northern Crockett county is not the result of methods of operations in the field in the opinion of the Texas Railroad Commission which recently conducted a hearing in Austin at which testimony from ranchers and other interested parties and from oil operators in the field was taken.

Although admitting it is without jurisdiction in matters pertaining to pollution of fresh water sources, either surface or underground, the Commission in its ruling, declared that it conducted the hearing so that "all pertinent data could be placed of record for the consideration of all parties." The hearing was attended by Crockett County Judge Houston Smith and W. D. Cooper, manager of the Crockett County Water Control District, which administers Ozona's water system. A copy of the Commission's finding was received by Judge Smith this week.

"From the evidence adduced at the hearing," the Commission said of its findings in the matter, "it is apparent to the Commission that the operations presently being conducted in the World Field are not causing contamination of any surface area other than the saturated area immediately surrounding the surface salt water disposal pits, nor are they causing pollution of any underground fresh water strata.

"It is also clear," the ruling continued, "that there is a polluted area of the fresh water strata far removed from the World Field, the nearest indicated pollution being in excess of six miles from the field, that has a source other than salt water disposal pits being used in the World Field.

"Evidence that such pollution is not caused by World Field operations is shown by the numerous uncaused fresh water wells in and near the World Field and lying between such field and the polluted areas that by technical chemical analysis tests have been shown to contain no polluting material.

"The Commission is of the opinion that further study should be made by a proper authority relating to possible sources other than the World Field which has been decisively shown by the evidence to be a non-offender in this matter.

Houston Singers To Present Opera 'Carmen' In Ozona On April 2

Opera lovers in Ozona and surrounding area will have a rare opportunity here on April 2 to see a production of Georges Bizet's opera, the ever popular "Carmen" sung in English, a new trend in opera production now being tried in New York.

Under sponsorship of the Ozona Music Club, the opera will be presented here by a student group in the Music Department of the University of Houston, under the direction of Bruce Spencer King, chairman of the vocal division of the Music Department of the University. Mr. King is a brother-in-law of Mrs. B. B. Ingham of Ozona.

There are ten principal roles in the opera with choral background groups and minor characters. A group of young boys of grade school age is to be recruited here for parts as soldiers in one scene of the opera.

The opera Carmen is so colorful and the music so enchanting that it is a great favorite with opera-goers. Carmen is a beautiful Spanish gypsy coquette who works in a cigarette factory and Bizet wrote his opera about her various adventures. The Toreador Song, one of the best known songs from the opera, is sung by one of her admirers who charms her with the fiery tale of his daring exploits as a bullfighter. The opera has its setting in Seville, Spain, about 1800.

Noelke Outpost, Midway Lane Set In Crockett

THE PARTY LINE CHANGES

According to a top authority, J. Edgar Hoover of the FBI, the American Communist party has changed its line. It has, outwardly at least, abandoned the call for militant action and the defense of violence as a justifiable means to power.

An important footnote can be added to Mr. Hoover's warning. Government in business is socialism — and for 20 years our government went deeper and deeper into business. The more government in business we have, the closer we are to complete socialism.

PARKED IN HISTORY

A fellow can never know when some trivial act of his is going to make history. Maybe it's nothing more than parking his car on the street somewhere, and bingo! He has wrought for the ages.

James Wilmeth, who now lives near Philadelphia, is a living example of this. He thought nothing of it when he parked his automobile in front of the U. S. Treasury Building in Washington some 40 years ago.

Years later that picture was dug up and an engraver used it as his model in making the back plate for the present \$10 bills. And so Mr. Wilmeth, by no more than scooting up to the curb and stopping, parked in a niche in U. S. history; maybe a small one, but who's to say, when he is right there back of Alexander Hamilton?

Folk Music Topic At Music Club Meet

Folk lore and music education in Texas was the program topic when the Ozona Music Club met in the home of Mrs. P. L. Childress Thursday evening.

The program opened with the club singing "Texas, Our Texas." Mrs. George Russell, Jr., sang "The Yellow Rose of Texas," and "Have You Ever Been to Texas in the Spring." Lou Nell Beall played a piano solo, "The Harmonica Player." Mrs. Aaron Bledsoe sang "The Old Chisholm Trail" and "Old Paint." "The Armadillo," a piano solo, was played by Mrs. P. A. Harrell.

A quartet composed of Ross Huffstедler, Douglas Green, Hubert Baker and Byron Cleere sang two numbers. Mrs. Sherman Taylor reviewed the hymn of the month, "When I Survey the Wondrous Cross."

Hostesses for the evening were Mrs. P. L. Childress, Mrs. J. W. Howell, Mrs. D. J. Brewer and Miss Cleona Quiett. Other members present were Meses. Q. A. Brentz, R. A. Harrell, Ken Cody, Aaron Bledsoe, Frank James, Geo. Russell, Jr., Sherman Taylor, Howard Lemmons, W. N. Hannah, Ottist Pridemore, H. R. Moeck, D. B. Pettit, Roy Killingsworth, Miss Marbeth Stubblefield and R. K. Wimberly.

Mrs. H. B. Tandy has returned to her home here after attending a meeting of the Texas Council of United Church Women held in Waco. Mrs. Tandy is secretary of Status of Women of the Southwest Texas Conference, Woman's Society of Christian Service of the Methodist Church. Before returning home, Mrs. Tandy visited briefly in Austin with her son and daughter-in-law, Mr. and Mrs. Kerry Tandy.

"Some girls think the new bathing suits are indecent; others have good figures." — Chris Schenkel.

HOSPITAL NEWS

Patients admitted: Mrs. E. C. Scrivner, Mrs. Odie Haire, Mrs. Elmer D. Graves, Mr. Steve Welch, Allie Armentrout, Herracio Herrera, Jr.

Graves have a new baby girl born March 6, at 12:00 a. m. She weighed 8 pounds 5 ounces. Named Gilda Gail she is the new granddaughter of Mrs. J. M. Thurman of Ozona.

From where I sit... by Joe Marsh

Uses His Head Saves His Feet

Nobody around here can remember when Pop Turner wasn't our town's postman. He must have been toting that big, heavy mail-sack since Pony Express days.

That's why it's sometimes a shock to see him these days pulling his mail bag around in a "caddy cart," a sort of light wagon that golfers use so they don't have to carry their clubs.

"Folks sometimes holler 'fore' at me and ask me how my game is," Pop reports, "but I'm not ashamed to learn something new. Just wish I'd thought about these

golf gadgets years ago!" From where I sit, it's good to see someone come up with a new wrinkle — keeps us from feeling too regimented. For instance, perhaps you've always felt that hot milk is the only thing to drink at bedtime. Then someday you meet a fellow who prefers a cold glass of beer. Well, that's his choice — and certainly he's entitled to it. We can't expect everyone to follow our old habits to the "letter."

MORE PEOPLE BOUGHT FORD CARS IN 1954 than any other make!

Ford passenger-car sales to customers outnumbered those of any other make by thousands*

AND IT'S EASY TO SEE WHY!

Ford is the leader in styling

Motorists know that Ford has set the style trend in the industry for years. And now, with styling inspired by the fabulous Thunderbird, Ford is farther out front than ever!

Ford is the leader in V-8 power

Ford was first in its field (by 23 years) to provide the advantages of V-8 power. Since that time, Ford has built over 14,000,000 V-8 engines — more than all other makers combined! For 1955, Ford offers two new and mighty V-8's, as well as a most modern Six — all with the split-second response of Trigger-Torque power!

Ford is the leader in ride

Ford was first in its field to introduce Ball-Joint Front Suspension — the greatest advance in chassis design in 20 years. And, for '55, it's even better. Springs are set at an angle to smooth out even the tiniest bumps. It's the new Ford Angle-Poised Ride.

FORD IS THE LEADER IN ALL THE FEATURES THAT MAKE YOUR CAR WORTH MORE WHEN YOU BUY IT · WORTH MORE WHEN YOU SELL IT

**Look high
 and low...**

**1. You can buy a big, powerful
 Pontiac for less than many
 models of the lowest-priced cars
 or stripped economy models of
 higher-priced makes!**

**2. Only Pontiac gives you
 luxury-car size plus the
 sensational Strato-Streak V-8!**
Biggest car at its price (127" and 124" wheelbases) -
 Most powerful car at its price (100 horsepower) -
 Only car at any price with distinctive Vogue Two-
 Tone Styling and the riding and driving ease of the
 torsion-free, Shock-proof Chassis.

The most enthusiastic Pontiac
 owners are those who have taken
 this advice. They've looked the field
 over from top to bottom—and
 here's what they learned:

Pontiac is way up there with
 costly cars in wheelbase, roominess
 and riding ease. It's big and com-
 fortable, yet handles with expensive
 sports car nimbleness. The exciting

dash and compelling drive of the
 Strato-Streak V-8 produce the
 richest thrills in motoring. And
 Pontiac is America's most distinc-
 tive car in styling as in action.

Come in for the facts about this
 "all-time" value leader and our
 generous appraisal of your present
 car! Find out how little it takes to
 switch to modern motoring.

and you'll go Pontiac!

HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vern Sanford
Texas Press Association

Austin, Texas — Top news of the week is the arrest of Bascom Giles.

The former land commissioner was charged with conspiracy to commit theft of \$83,500 in state funds.

Giles' indictment was issued by the Travis County grand jury following investigation of alleged irregularities in the veterans' land program.

He was released after posting a \$60,000 bond—first set at \$100,000 and later reduced.

Strict secrecy has shrouded Travis County's land fraud indictments.

An unknown number of them have been made. Names of others indicted will be announced as arrests are made.

A report from the Attorney General's office reveals that since

the beginning of the veterans' land investigation in October of last year, John Ben Shepperd's office has been a beehive of activity.

Shepperd estimates he and his assistants have traveled over 18,000 miles and have put in over 41,000 man-hours of time on the veterans' land investigation.

Shepperd has met with grand juries almost daily.

Thus far, the Bexar and DeWitt Co. grand juries have returned a total of 188 indictments against eight persons involved in veterans' land sales.

In addition, the State has filed three criminal complaints in Travis County.

Ten civil suits have been filed against 25 separate promoters. The total recovery sought by Shepperd in these 10 suits is \$1,604,000.

Attorney Gen. Shepperd plans to meet with 13 different grand juries during the month of March. He forecasts that this month will see the returning of "hundreds of criminal indictments against most of the persons involved."

Shepperd has added a complete new division to his department to process veterans' and civil and criminal cases. It is headed by Cecil E. Burney of Corpus Christi, an ex-prosecutor and former president of the State Bar of Texas.

Session Passing

Half of the regular session of the 54th Legislature is gone.

Governor Shivers said he wasn't perturbed at the slow start on important tax, water, appropriations and other legislation. He hadn't expected lawmakers to finish much legislation in the first half of the session.

There still is plenty of time, the Governor believes, to complete the program.

SMART SNORTS: Rep. Herman Yezak suggests the 150-member House be cut to 100 representatives. . . . A bill by Sen. A. M. Aikin, Jr., to double drivers' license fees, won a favorable committee report. . . . Also approved was a House bill to increase college tuition fees from \$25 to \$50 a semester. . . . Rep. Joe Chapman has offered a bill to soften the driving-while-intoxicated law. Bills to create a state utilities commission for rate regulation were pocketed in sub-committees in both chambers. . . . Political talk has Senators Crawford Martin, Jerrard Secrest and Dorsey Hardeman in the 1956 races for attorney general or lieutenant governor. . . . Agricultural Commissioner John C.

White, only Democratic nominee in 1952 to reject Republican cross-filing, is being discussed as a possible choice of Texas liberals for governor.

CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 0.904 miles of Bridge Widening from jct. US 67 & US 290 east to pt. near Reagan C. L.; and from to Coyanosa Draw (Sec.) on Highway Fort Stockton, N. W. on US 285 way Nos. US 67 and 285, covered by F 1105 (3) & S 200 (2), in Pecos, Crockett & Upton Counties, will be received at the Highway Department, Austin, until 9:00 A. M.; March 23, 1955, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

There's even more to Chevrolet styling than meets the eye!

This is beauty with a bonus . . . for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield . . . a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line . . . but they are up where they can be seen for safety's sake.

The smart louvers across the hood aren't just decoration . . . they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!

motoramic CHEVROLET

STEALING THE THUNDER FROM THE HIGH-PRICED CARS!

- 1 Visored headlights
- 2 Louvered High-Level air intake
- 3 Sweep-Sight windshield
- 4 Distinctive dip in belt line
- 5 Fender-high taillights
- 6 Tasteful two-tone color styling

Again in 1954—for the 19th straight year—MORE PEOPLE BOUGHT CHEVROLETS THAN ANY OTHER CAR!

Take Potential In Ellenburger Strike On Childress Ranch

Earle M. Craig Jr., Midland, No. 1 Melissa Childress Smith, Crockett County Ellenburger discovery in 16-AB-University, 11 miles northeast of Ozona, was taking potential test.
 The strike flowed 19.9 barrels of oil in 16 hours through a 4-16-inch choke. Put on an 8-64-inch choke for seven hours, it flowed 35 barrels of oil. Tested on a 12-64-inch choke for seven hours, it made 59 1/2 barrels of oil, 16 1/2 barrels of which flowed on the last hour of the test.
 The project is being completed from open hole between 8,140-162-feet.

FORMER OZONANS OPEN SHOP IN DEL RIO 15th

Mrs. Doug Kirby and Mrs. Jack Holt plan to hold the formal opening of their ladies specialty shop, "The Ladies Horse", in Del Rio next Tuesday, March 15. The new shop, located at 304 Avenue F in Del Rio, will throw open its doors at 1 p. m. next Tuesday, with a full line of ladies wear. Mrs. Kirby and Mrs. Holt invite their Ozona friends to visit them in their new shop.
 Mr. Holt has also opened a new business in Del Rio, the Holt Lumber Co.

From The Headliner

Dear Parents,

You may be surprised at me writing to you for a change instead of your son or daughters. But being around high school kids as long as I have, I felt that parents deserve some attention.

Do you ever have any trouble understanding your teenager? Oh, I don't mean their ways or actions, I mean their talk. For instance, when you overhear a statement like this, "Got anything I can kill? I've 'bout had it. Man we've really been jettin' 'round!" do you think that they are tired of everything and are going out in a new fangled air plane to murder someone. Actually it is very simple and not a bit alarming. It only means that he has been on the go a lot lately, he is very hungry and tired and wants something to eat.

Or when you hear something like this, "Well my old Man said that I couldn't drift, so guess I'll sack out early", do you become very insulted at such a name given to you. Really there is no need for alarm because that is really an affectionate name, although you could never tell by listening.

Or perhaps you are familiar with other expressions just as popular as these. If so you will agree with me in saying, don't try to understand it, just tolerate it.

Until next week, then, I remain Sincerely,

Headliner

GOSSIP

Dear Shirley,

I guess you knew that Peggy moved to Barnhart. Brock's been working around the halls empty-handed, he doesn't have any books to carry. I imagine that the mileage on the Jones' car will go up pretty quickly.

Elizabeth is getting pretty worried about the Jr.-Sr. Dance. Jessie has a fishing trip planned for that Saturday, unless she can persuade him to change his mind that is. Oh well, she can always save that new dress until Commencement.

This last week quite a few of the girls really had long faces. All the boys in 4-H (and some that weren't) went to Angelo to the Fat Stock Show. But then by Friday most of them were returning.

Johnny Butterfield was absent most of this last week. And from what we hear he may be leaving us pretty soon. He went to San Antonio to see about getting into the air-force. I guess he really must be in a hurry to get it over with.

Sunday Ann-Sonny, Sandra-Jody and Carol Charlie decided to go see Low the bull fights were going to come out. Anyway they left for Old Mexico about noon. From what the girls say it was just sorta dirty boring. They just saw the bull-fights, then messed around awhile and ended up the trip by eating at Ma Crosby's before starting home.

Pat and Roy have the healthy outdoor sort of romance. Anyway they sure like to ride bicycles. All afternoon, Friday, Roy pumped Pat around on the handlebars.

Jessie and Lis were at the drive-in Friday. Everyone wondered what happened after the show. Jessie did they ever hit you.

Well I guess we'll close for now. Sandra and Barbara

JUNIOR CLASS NEWS

We have been working hard to get ready for the Junior-Senior Banquet which will take place Saturday night at seven o'clock in the Methodist Fellowship Hall. We have sent out invitations to all the juniors, seniors, and members of the high school faculty. There will be a very enjoyable program for those present. Benny, Carol B., Lynn, Greenie, Kent, and Ann R., will be the speakers for the occasion. Martha will play the piano prelude and a trio of junior girls will sing. During the banquet, the seniors will present the class history, will and prophesy. The dance will be afterwards in the North Elementary Auditorium. Everyone is invited to attend the dance where the Sul Ross Dance Band will play.

We think it will be great so everyone be there!

NEW LOOK FOR LIBRARY

By Lou Nelle Beall

Spring is here! Everyone has the ole spring fever. Miss North is the first, we believe, to feel energetic enough to start spring house cleaning. Did I say start spring cleaning? She has started and also finished. Miss North has "turned that library completely up-side-down." We all love the new arrangement of the tables, the librarians' desks, and reference books. Oh! I nearly forgot, maybe you haven't seen the new arrangement! Have you? I will try to explain how "super" the arrangement is but I know I cannot. The two sections of shelves are now in the center of the outside wall. These shelves are filled with reference books, poetry and short story books.

In-between the two sections you will find our librarians, Miss North and Gerald Dean Long. Here you will also find a typewriter and those original magazine hangers! The tables where we, the hard-working students, sit are placed

in columns (that makes it so very easy for the teacher keeping study hall to spy on everybody). The "new-look" of the library makes us all want to lose that ole spring fever and work very hard to make our teachers proud of us at all times.

BAND NEWS

By Darlyne Alford

At 6:30 Saturday morning the Ozona Band left Ozona heading toward Sweetwater. You see, Saturday was the date set for the yearly Sweetwater Band Festival.

Everyone was pretty hungry by the time we reached San Angelo, so the buses stopped and we climbed off. There was a drive-in across the street so you can guess where we spent our 15 minutes in San Angelo. As soon as the sponsors rounded everyone up we were on our way again. Sweetwater was sighted about 10:00 and as soon as a parking place could be found we changed our clothes and went to the warm-up room. At 11:00 we went on the stage and when we finished there we moved on down the block for sightreading. After this was finished we were free until 5:00.

During this time the Mac-Murrey Band gave a concert so just about everyone spent their free time in the auditorium listening to a marvelous concert. After this was finished, all of the bands assembled outside the auditorium waiting for the parade to begin.

We marched approximately 12 blocks and halted in front of the

City Courthouse for Mass Band. Here 3 numbers were played and the awards were presented. When this was completed we headed home, tired, sleepy but happy.

Although the band didn't win an award we won a lot of compliments and encouragement for contest which will be last of April or the first of May.

It was a wonderful trip and we all really enjoyed it.

VOLLEYBALL

Darlyne Alford

March 1, 1955 the volleyball teams, "A" and "B" traveled to Iraan for their first game of the season. The "B" team played at 7:00 p. m. and they played a very exciting game. The final score was 26-30 in Iraan's favor. The "A" team played at 8:00 p. m. and the final score of their game was 22-28 in Iraan's favor.

Everyone was a bit disappointed over their loss and they traveled to Big Lake March 3 with some determination to win. The "B" team got off to a wonderful start and kept it up all the way through to beat Big Lake 36-31. The "A" team simply couldn't let the "B" team get the best of them so they were out to win too. The team finally pulled ahead after the half

to win the game 28-17. Iraan will play in Ozona March 21 and if nothing happens Big Lake will be here March 15.

The tournament will be the 11th of March which is on Saturday and the team would really like to see the gym full.

Be sure and read your paper next week for full details on the Ozona Volleyball tournament.

Facts About Figures

Ann Ratliff

The warm days have brought a pleasant change; fresh, cool-looking cottons. Everyone is wearing them and these are the cutest this week:

Lou Nelle Beale's navy sailor dress (trimmed with red braid and a big red bow.)

Jan Jones' yellow middy (it has a band around the hips, of course, and is finished by a huge wide collar)

Carol Friends' blue cotton skirt (printed with bright colored, light little feathers)

Ann Baggett's cream colored skirt (it has peacock feathers painted from the waist band and they look so real you want to touch them to make certain they're real.) (Continued on Page Seven)

New day! New Dodge! New driving discovery!

Take command... get the thrill first hand!

You'll feel like a king! Your friendly Dodge dealer wants you to discover the new Dodge for yourself!

You'll see what it's like to rule the road in flashing style. Every flash-fashioned inch says "Let's go!"

The future is at your fingertips as you slip the PowerFite Range Selector into "Drive" position.

There's "mergo per gallon" in this 193-h.p. aircraft-type engine. Winner: Pan American Road Race.

Surprises come thick and fast! You discover smoother, safer left- or right foot Power Braking.

You'd never believe a car so big could handle so easily. Full-time Power Steering is the answer!

You have a "New Outlook" on the world. Sweep around windshield encircles you in a glass cockpit!

You feel so proud! This new flash-fashioned Dodge is stealing the "Oh's" from America's costliest cars.

You've found the "Big One!" A big new Dodge is up to 9 inches longer than competition. Looks even more!

Psst! Don't tell anybody! This big new Dodge costs just a little more than the "low price three!"

New Dodge Custom Royal Lancer V-8. You can have PowerFite automatic transmission, Power Steering, Power Brakes, Power window lifts, Power seat, assist of moderate extra cost—and well worth it!

Doesn't matter whether you're even thinking about a new car! We want you to drive the new Dodge to satisfy your own curiosity about the car that's causing so much talk. No obligation. You'll enjoy every minute. Come on in!

Drive the New **DODGE** Today!

Win a Custom Royal Lancer! 50 given away—new contest every day! At your Dodge dealer's now!

THE AMERICAN WAY

Regulation in the Public Interest

The Natural Gas Act, ruled on in a now-infamous decision by the Supreme Court in a ruling commonly known as the "Phillips Case" has been of deep concern to all of us.

More than just the regulating of the price of gas is at stake. Many persons feel — and I believe rightly so — that if the Government can control the price of gas it can control all other commodities as well.

Much effort is being put forth, especially by Members of the Texas Congressional Delegation, to correct the basic statute in this case.

The Texas members were given a helping hand recently when a Board appointed by the President for the purpose of studying the case reported that it feels the Supreme court misconstrued the basic law. Perhaps some relief in this matter will be forthcoming shortly. At least, it is hoped so.

Rumor has it that Secretary of Defense Charles Wilson will resign between March 15 and April 15.

The unofficial "word" is that if this becomes an actual fact Deputy Secretary of Defense Bob Anderson of Vernon, Texas, will

Man or Woman OWN YOUR OWN BUSINESS A new item. First time offered. Start in spare time, if satisfied, then work full time.

Refilling and collecting money from our machines in this area. To qualify you must have a car, reference, \$360 cash to secure territory and inventory. Devoting 4 hours a week to business your end on percentages of collections should net approximately \$175 monthly with very good possibility of taking over full time. Income increasing accordingly. If applicant can qualify financial assistance will be given by Co. for expansion to full time position with above average income. Include phone in application. Box 278

mail, and I wonder if some announcement concerning the situation will be given at that time.

My nomination for the world's greatest coward is the person who writes letters without signing them, or calls on the telephone and refuses to give his identity.

Many excuses are given by these persons for wanting to remain unknown, but I got a letter recently which cast an unusual light on the situation. In all seriousness, a writer informed me that he could not sign his letter "because God told me not to."

To say the least, mail received by Congressmen is most interesting. For instance, one man wrote recently to urge that the National Capitol be moved further inland as "the entire East Coast will soon be destroyed." (But he wouldn't tell us the exact date of this destruction.)

One man wrote recently and said merely: "Please send me all the information on the United States" That order is certainly large enough.

Of course, I like to fill all the requests possible for information, help and publications and I receive an abundance of such requests. One man, for instance, wrote me recently and asked for 1700 books! (P. S.: He got them, too.)

You hear a lot about suppressed groups and minorities these days, and it seems everyone has some sort of an organization fighting for his rights.

Everyone, that is, but the first American: the Indian.

It is hard for me to understand why the American Indian is still treated like a combination child and convict. He cannot own property, buy, sell, trade or make any move without first getting the

permission of the Federal Government.

Stranger still is the fact that no one seems to care. There is no hip-hooray demonstration to give the Indian his rights; no organization of note carrying on his fight and practically no concern. So, with no public uproar to help him, the Indian is still chained to the rules of the Government in his daily life.

Mrs. R. T. Newton of Dallas, Oregon, a former Ozona resident, is here visiting her daughter, Mrs. V. J. McAnally of Todd Field. Four months ago Mrs. Newton became a great-great grandmother with birth of Robert Galloway, Jr., to Mr. and Mrs. Robert Galloway of Long Beach, Calif. Mrs. Newton was a grandmother at 32, a great grandmother at 48 and a great-great grandmother at 65.

LEONA BENDER, popular radio star of KTSA says, "Every woman knows light Karo is best for cooking... and on the table..."

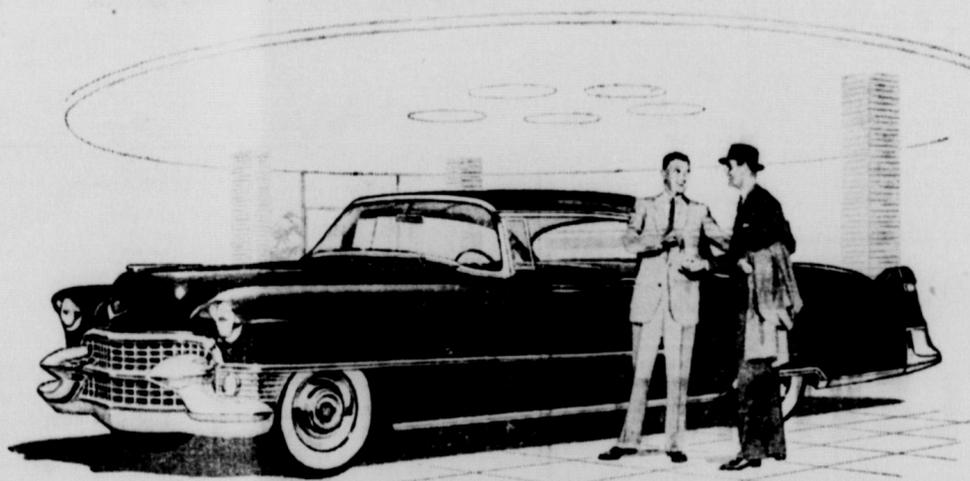

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night... it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

Cadillac

Acting on a 20-Year-Old Decision!

Let's suppose it was a couple of decades ago when a young lad, with his book strap over his shoulder and his lunch basket under his arm, started slowly down a dusty road that led to a country schoolhouse.

But his walk was short that day. For a big, handsome Cadillac—with its smiling driver traveling in the lad's direction—stopped and gave him a "lift."

And as he stood there on the schoolhouse lawn and watched the big car roll off into the distance, he made a decision. He decided that, some day, he would own a Cadillac.

And here you see him, his dream come true—taking the keys to a new 1955 Cadillac!

As a Cadillac dealer, we've been privileged many times to help make such a dream come true. And it never ceases to be a thrill.

But we do feel, in all sincerity, that many motorists

—not realizing the Cadillac car is practical as well as wonderful—wait too long to make the move.

The lowest-priced Cadillac, for example, actually costs less than twelve different models of other makes. Its economy of operation is far beyond anything you could logically anticipate from a car of Cadillac's size and luxury. And at the time of resale, a Cadillac traditionally returns a greater share of its owner's investment than any other car in the land.

If, like the gentleman in the picture above, you have been looking forward to a Cadillac of your own—you should give careful consideration to these remarkable Cadillac facts.

It is entirely possible that the time for your Cadillac has come—and, as we said, it is always a pleasure to help make such a dream come true.

Better come in and see us today.

Soil Conservation Service Recommends Use Of Abandoned Fields Now For Planting To Perennial Grasses For Higher Production

By Bob Scott, SCS

As spring is upon us and the growing season is just beginning for our grasses, now is the best time to put idle or abandoned fields into production. Under natural conditions, fields that are abandoned are very slow to grow enough grass to be of any value. By establishing these fields to perennial grasses, high production may be obtained.

A good many of the fields in the Crockett SCD are fenced, which allows for controls in order to get grasses established. The young seedlings need to be protected for the full growing season in order to firmly root themselves for maximum production and drought resistance, in this highly fluctuating rainfall area. Fences keep out livestock competition, for even one animal can prevent the establishment of a grass stand. Fences also allow for seasonal and planned use of the grass to offset periods of low rainfall in order to maintain the grass in high vigor for maximum production.

Due to the highly fluctuating rainfall of this area highest production can be obtained from native or adapted introduced grasses. The most economical benefits can be obtained from grasses for they are nature's most efficient users of moisture. The high annual cost of cultivating a crop is eliminated when perennial grasses are estab-

lished.

One of several methods of planting can be used, depending upon the situation and machinery on hand. The fields can either be planted in rows, pitted and seeded, or broadcast to grasses. Rowing the grasses allows for harvesting a seed crop easily and more water is available for the young seedlings when planted in rows and cultivated occasionally to keep weed competition down. On old fields that have not been cultivated for some time, pitting can best be used as a method of seedbed preparation with an attached seed drill for planting in one operation.

Such native perennial grasses as sideoats grama and cane bluestem are excellent grasses for planting as well as are the high producing and adapted introduced grasses — King Ranch bluestem and blue panicum. All of these grasses are available through the open market, but care should be taken to buy native grass seed that were produced locally or to the south or west. Grass seed are not adaptable to the climate if bought from a distance very far to the north. Grass drills or cotton plates will plant any of the above grasses and can be regulated to the proper number of pounds per acre. The Crockett Soil Conservation District has for rent a 3-hole grass seed planter that is adapted

for planting behind a pitting machine.

Recommended seeding rates are as follows:

- Sideoats grama 5-lb. per acre
- Cane bluestem 2-lb. per acre
- KR bluestem 3-lb. per acre
- Blue panicum 1-lb. per acre

If you plan to plant grass this spring, there are four essential steps that you must follow to insure success. These steps are outlined as follows:

First, the seedbed preparation. Young seedlings need a firm clean seedbed in order to quickly establish themselves. A firm seedbed allows for strong anchorage of the young roots and aids against wind damage. A clean seedbed gives the seedlings full benefit of the moisture. A non-competitive cover of last year's sudan or grain straw furnishes added protection from the wind as well as holding more moisture and keeping the temperature at a static level.

Second, what and how much to plant. Follow the suggested rates as listed in the above chart for average quality seed. It is usually wise to buy grass seed with the higher germination and purity tests.

Third, when and how to plant. Plant in February, March, or April, just as growing season begins and before rain. Plant with grass drill or for seed increase in regular width rows on the contour to hold the moisture.

Fourth, care after planting. Do not graze during first growing season. This enables grass to root and established for lasting ability. Graze lightly during winter leaving some grass litter on ground for moisture and erosion control. Defer during next season until stand is well established. Control weeds by mowing, cultivating, or spraying.

Your local Soil Conservation Service office can furnish infor-

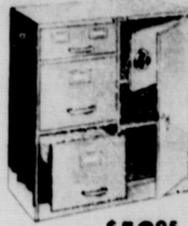

mation on grass price lists. Material progress cannot rid us of our dependency upon land; it can but add to the power of producing wealth from land.

Lock that locks all drawers, \$4.25 additional.

How Advertising helps you

BY CHARLES B. ROTH

Isn't It Expensive?

WHEN things get dull, politicians who are usually wrong on all counts, fall back on old standby. They attack the high cost of advertising.

What justification, they shout, is there for one page of advertising in the magazine LIFE costing \$17,000 or one in the venerable SATURDAY EVENING POST coming to \$12,000? Why not save that money, distribute it among the poor and needy?

Anyone who has given even a moment's thought to the process called American advertising can see how silly such arguments are. The fact is advertising does not cost money; it pays for itself.

This sounds like a paradox until you read its explanation. Which is this: By making mass production possible, advertising cuts the cost of everything you buy. Take a package of cereal, for instance. It costs 20 cents.

How much do you think it would cost you to produce and put on your breakfast table a cereal equal in nourishment and delicious taste? To begin with, you couldn't actually duplicate such a cereal,

but you could probably work out a substitute. But it would cost you many times 20 cents.

Advertising by creating a demand in the lives of millions of Americans, enabled the manufacturer to build the plants, buy the machinery, and produce this superior product for you. Do you see now why advertising is not really a cost, but a gain?

And how much, do you think, it cost that cereal manufacturer to advertise his product? Much less than you think—only 3/10 of a cent per package.

The advertising cost of other items is similarly low. To advertise a nationally-known brand of bread, for example, costs less than the wrapper costs. To advertise gasoline is less than 1/5 of a cent per gallon.

What it comes to is this: Every time you read the ads in your newspaper, every time you buy in response to them, you are putting money into your pocket. First, you know what you are getting; second, you are getting it for less than you could if it were not advertised.

The American people never had a better friend than advertising.

You can swing this beauty for less than you think

— for less than some models

of the leading smaller cars!

HOTTEST BUICK IN HISTORY

No wonder you see so many 1955 Buicks on the highway—they're setting up bigger sales than ever before in history—reaping the popularity that has already made Buick one of the "Big Three" in total sales.

DID you think you couldn't afford the price of a new 1955 Buick?

You certainly can — if you can afford any new car. And we'll proudly show our price tag to prove it.

For the delivered price of the Buick SPECIAL Sedan shown here is sharply competitive with those of the three best-known smaller cars—lower, in fact, than some models of those same cars.

Buick Sales Are Soaring

That's one big reason why Buick production and Buick sales are hitting all-time record highs today—and why Buick is outselling all other cars in America except two of the best-known smaller cars.

But an even bigger reason is this fact:

The price you pay for a Buick buys you a lot more automobile than the same money buys elsewhere.

It buys you big-car room and size and comfort and brawn. It buys you Buick styling,

Buick power, Buick handling, Buick ride steadiness — and the fun and pride and satisfaction of bossing the hottest car of the year.

And it buys you the widest choice in the industry today. For there's a Buick to fit any price range you name — the low-price SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, and the custom-built ROADMASTER.

So why not come in and see how easy it is to swing the Buick beauty you've got your heart set on? Then you'll see why the thrill of the year is Buick in a lot more ways than one.

year is Buick in a lot more ways than one.

DID YOU KNOW—

- that the Buick SPECIAL is priced below any other car of 188 horsepower and 122-inch wheelbase?
- that the Buick SPECIAL is priced below some models of the three best-known smaller cars?
- that the Buick SPECIAL gives you more pounds of automobile than any other car at its low price?

Thrill of the year is Buick

little effect on the United States cattle situation in the opinion of observers at Fort Worth, and reports that runs had dropped to a level of 9,000 head per week by the end of February indicates that likely they will be a small factor this year. Earlier in the year imports averaged 20,00 to 30,000 a week.

Boys' club steers from last week's livestock show at Paducah, Texas, topped Monday's trade at \$23 to \$26 per hundred, and some commercially fed cattle sold at

\$23.50 down. Trade was active and strong throughout the list on all cattle and calves and some sales measurably higher on all kinds. Cows sold to \$13 and \$14 were definitely higher. Slaughter calves were strong, top kinds \$19 to \$21. Stocker cattle and calves met strong demand and strong prices, with quality mainly confined to just fairly good, at best.

The last of the big Percheron and Clydesdale horses that were once the pride and joy of the Stockyards Company at Ft. Worth,

gave up the ghost last week. The remaining two, "King" and "Dude" were giants of nearly a ton in weight apiece and were sold.

Thus the tractors, or "mechanical mules" as they are called by the yard hands, are in complete control of the hauling on the yards.

However, there will always be horses on the yards since many of

the buyers use them each day in their rounds on the market. A good horse enables a man to save a few million steps and get around over the 80 acres of the market more quickly.

Sheep and lambs at Fort Worth were steady Monday with Milk Fat lambs topping at \$23.50, equalling the season's best level, and old

crop fat lambs sold at \$21 downward in the wool and shorn lambs sold from \$20 down. Feeders lambs drew \$6 to \$9. Old bucks sold around \$5 to \$6. Old wethers cashed at \$10 to \$14, and yearling muttons sold from \$17 down.

Polio Vaccine —
(Continued from page one)

"Vaccine will be given only to those eligible children whose parents sign request forms," Dr. Tandy pointed out. "It is a completely voluntary program. The forms will be distributed through the school system beginning soon. We should like to know as soon as possible how many eligible children we must provide for, if the vaccination program is carried out. If the vaccine is not licensed there will be no program, of course."

Early Easter Bunny Found By Brownies On Tandy Hill Hike

The Second Grade Brownies, with their leader, Mrs. Bud Coates, enjoyed a hike on Tandy Hill last week as part of their regular program.

The highlights of the occasion was the discovery in the flesh of the Easter Bunny, himself — or so the Brownies decided — all white, pink eyes, ears, and all. He had evidently become lost, but fortunately for him, seventeen Brownies don't miss much, and he was found under a clump of cedar. It was decided that Janis Walker, who picked him up, should be allowed to care for him first.

The next day, Brent Moore reported one white rabbit lost, and because the Brownies had been alert, and helpful to animals, the "Easter Bunny" was reclaimed.

While making a house-to-house canvass to find the owner of the rabbit, the Brownies were invited into the home of Mrs. Earl Cunningham to see some baby turkeys, the first time for many of the girls.

Mr. and Mrs. Hugh Childress, Jr., and Mrs. N. W. Graham spent a few days in San Antonio this week.

Quarterly Meeting TS&GRA In College Station March 15

San Angelo — The second quarterly meeting of the Texas Sheep & Goat Raisers' Association will be held in College Station, Tuesday, March 15, R. W. Hodge, Association President, has announced. Officials of the agricultural division of Texas A&M College are hosts to the meeting. As usual all members and all other persons interested in the sheep and goat industry are invited to attend this meeting.

"Your officers and many others have been very busy since our last meeting and I am anxious to report those activities" Hodge added.

College officials have planned a tour of the new livestock and related facilities Monday afternoon. Arrivals should be planned early enough to include this activity, he said.

All meetings, both committee and general, will be held in the Memorial Student Center. Requests for rooms should be sent to the Room Clerk, Memorial Student Center, who will reserve rooms at one of the nicer motels as all rooms at the MSC are already reserved, Hodge added.
