## France Agrees Not To Ask League To Condemn Germany

### IN RETURN ASKS BRITISH SUPPORT EUROPEAN PACTS Opposition of Italy And England Is Reason

STRESA, Apr. 12. (AP)—France today agreed to refrain from asking the League of Nations to condemn Germany and in return asked for British blessing on the French idea of regional European pacts within the framework of the league.

France withdrew her strong resolution of censure for German rearmament in the face of firm opposition from both Great Britain and Italy.

It was indicated that efforts would be made to get Germany into the peace system and back into the league.

The assembled statesmen today discussed what measures might be taken against nations which scrap peace treaties.

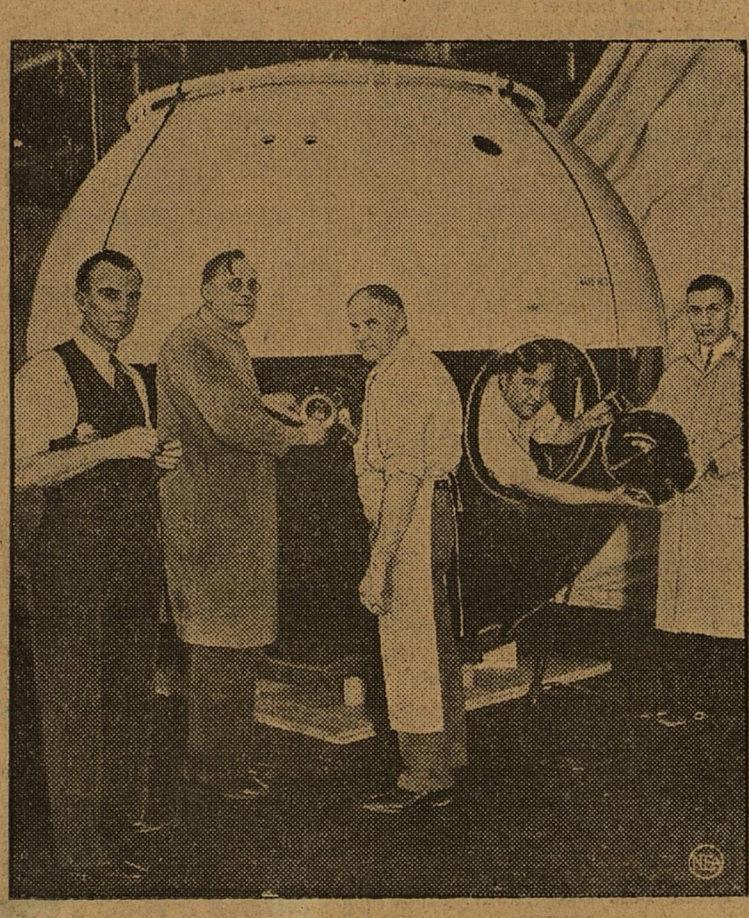

STRESA, Italy, April 12. (By Cable)—France's appeal to the League of Nations to denounce Germany's violation of the Versailles treaty was the first item up for discussion at the Stresa three-power conference, after the formal report by Sir John Simon, British Foreign Secretary, on his and Capt. Anthony Eden's negotiations.

Foreign Minister Laval presented the French case with vigor enough to satisfy his home public, but there is an impression among insiders that the French will prove less uncompromising on the subject than expected. Indeed, it is even whispered that Laval is contemplating a personal visit to Berlin, after his trip to Moscow, to see for himself whether Chancellor Hitler is as black as he is painted in certain quarters.

In this connection, the leading editorial in Thursday's Popolo d'Italia, Mussolini's most direct mouthpiece, is highly significant. The editorial throws cold water on hopes for decisive action, and suggests that the desirability of bringing in Soviet Russia and Poland to Stresa or a subsequent conference, the editorial's defiant conclusion that Italy will put trust in her own strength does not diminish the importance of this suggestion.

To the thus modified attitude of France and Italy, the tone of the British delegation forms a hopeful pendant, in that Sir John Simon's overcautious policy is not supported by a majority of the British cabinet, which appears determined that its desire to treat Germany on terms of equality will not be interrupted by the latter as proof of weakness or as condonation of German violation of the Versailles treaty. The British realize the futility of the "holy alliance" against Germany, but they believe that dignity and firmness are neither wasted nor out of place.

### Gondola Fitted Up for Strato Hop

With expert craftsmen at work fitting complicated instruments into its interior, the largest gondola yet built for stratosphere exploration is shown at Wright Field, Dayton, O., from where it will be shipped to Rapid City, S. D., for the next campaign in the upper air, set for June. The hollow metal hull, of a magnesium alloy lighter than aluminum, is nine feet in diameter, eight inches more than the gondola used in last year's hop.

### ADVANCE DRILLING THE ONLY FEATURE OF OIL INTEREST

By PAUL OSBORNE  
Except for advanced drilling depths, little of particular interest occurred in the oil business during the week past.

In northwest Andrews county, Stagner et al No. 1 Richards and McWhorter encountered a slight show of gas at 4,440 feet and drilled ahead to 4,615 feet in limestone; Wahlenmeyer No. 1 Bitter and Goebel reached a total depth of 795 feet. In the Means area, Humble No. 3 J. S. Means, estimated to be a 1,200 barrel natural well, has been drilled to 2,000 feet and will be drilled to 2,300 feet in anhydrite.

Of the Fector county wildcats, the most advanced is Penrose et al No. 1 Kloth, in the extreme west central part of the county, which is drilling in lime below 3,841 feet. Empire No. 1 Cummings is drilling salt below 2,426 feet and Gulf No. 1 Goldsmith is down to 3,620 feet in anhydrite.

In Winkler county Barnsfield No. 1 Brown-Altmann, north offset to Fox-Burton producer, is scheduled to shoot this afternoon, having drilled all pays to 3,200 feet, and showing about 130 barrels daily natural. In the northeast part of the county, Old Richardson No. 1 Walton is an 800-foot well, showing 100 barrels of gas and 2,542 feet. Siosi No. 1 Lovett, west of the town of Kermit, is reported in lime and anhydrite at 2,585 feet.

### PANHANDLE COUNTIES GRANTED \$500,000 DUST STORM RELIEF

AMARILLO, April 12. (AP)—A federal emergency appropriation of \$500,000 to fight the ravages of wind erosion in the Texas Panhandle was made available yesterday, according to telegrams received here from Congressman Marvin Jones and Carl Hinton, secretary of the Amarillo chamber of commerce, who is now in Washington.

Direct Grants  
Congressman Jones advised that the fund would be available immediately in the form of direct grants to farmers and would not have to be repaid. He said the money was to pay fuel costs for listing and cross plowing according to plans approved by the Texas A. & M. college extension service.

Hawk explained that the aid would be made available through county relief administrators, but that it would not be limited to relief clients. He said the appropriation was as additional to other emergency and permanent erosion control measures.

It is designed to bridge the gap until the national program can be put under way.

Hawk said that Governor James V. Alford and the Amarillo chamber of commerce were instrumental in obtaining the allocation.

### "Swapping" To Be Chief Interest Of Next Trades Day

Committees in charge of the Trades Day to be held here Saturday, May 4, said today that definite announcement of the location would be made in a few days. The correspondence with non-resident owners of certain lots are received.

It was planned to secure larger grounds, on account of the fact that not enough room was provided on the location used at the first exhibition.

The exhibiting of good horses, cattle and other animals again will be a feature of the Trades Day, but it is generally desired to have animals, machinery or other property brought to the fair.

The building up of a monthly event at which buying, selling and trading will furnish a new market for the products of Midland county residents was one of the chief reasons for starting the Trades Day.

### ANNOUNCE CCC TO ENROLL 360,000

WASHINGTON, April 12. (AP)—The enrollment of 360,000 men in the civilian conservation corps within the next 60 days was promised today by Robert Fechner, CCC director, after a conference with President Roosevelt about the phase of the \$4,000,000,000 work relief program.

Fechner went over with the president his recommendations for 1,500 new camps. An early presidential approval of the plan is in prospect.

### New President of United Press

Election of Hugh Baillie, shown above at his desk, as president of the United Press has been announced. Mr. Baillie, who succeeds Karl A. Bickel, has been executive vice president of the organization for four years. Mr. Bickel, who had been president since 1932, will continue as a director and member of the executive committee of the United Press.

### CONTESTANTS OF TEN COUNTIES IN SCHOOL ACTIVITY

Competition Begins This Afternoon in Debate, Tennis

Indicating a total attendance of approximately 100 students, teachers and interested citizens from ten counties, Midland became host at noon today to the annual district interscholastic league meet. The contests continue through Saturday.

Assembling at the high school auditorium at one o'clock this afternoon, the guests were greeted in short talks of welcome by Superintendent W. W. Lackey and T. Paul Barron.

Representatives of other schools, including Superintendents Murry H. Fly of Odessa, J. H. Blankman of McCombs and Decester of Rankin, also Professors L. E. Dudley and Skags of Abilene high school, Willis of McMurry college and representatives of numerous other schools made brief talks.

Songs by the Midland high school chorus, the girls' choral club and the boys' glee club, with concert readings by the entire high school were given.

Immediately afterward, the first debating competition opened in the high school auditorium. Mr. Superintendent Fly in charge.

Drawings for places in the tennis brackets also were held, with Coach Baumgartner of Midland in charge. Singles were to be held first, with doubles following immediately, and it was thought that the tennis could be completed this afternoon. Five courts were to be used at a time, four of them school courts on West Texas avenue and the other at the Thomas court on West Wall street.

Drawings for singles, which started about 2 o'clock, were as follows:  
Boys' Singles  
Doss, Seminole vs. Curry, Big Lake; Thomas, Midland vs. Hanson, Midland; Wilson, Odessa vs. Campbell, Kermit; Middaugh, Odessa; Rankin, bye.

Girls' Singles  
Fogle, Kermit vs. Moore, Odessa; Sprinkle, Midland vs. Mann, Seminole; Payne, Midland vs. Chesser, Rankin; Big Lake, bye.

The best two out of three will decide winners in the preliminary. Other contests this afternoon, scheduled to follow the debating, included extemporaneous speaking, junior high school declamations and senior high school declamations. The one-act play contests will begin at 8 o'clock this evening, in the high school auditorium. It was announced that no one will be allowed to enter the auditorium after the plays begin, and all who will attend were asked to be at the door before 8 o'clock.

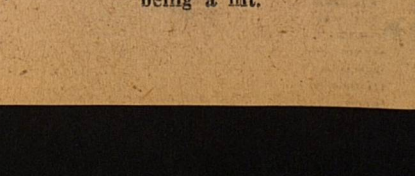

Continuation of declamations, including ward school, finals in debate, essay writing, typewriting, volley ball, junior rural declamation, senior rural declamation and the Three-R contest will be held tomorrow morning and afternoon. Finals in the one-act play contest will be at 8 o'clock Saturday evening.

The Saturday athletic events are expected to draw heavy crowds, the program to include the track and field contests. The competition begins at 9 o'clock Friday morning. At 1:30 p. m. awards will be presented, including all around championship cups and those for first place individual winners.

ISOLATION ADVANCED TO LOGICAL LIMIT

George Washington's advice to his countrymen included the warning, "In time of peace, prepare for war." The current idea at the capital seems to be to revise this to read, "In time of peace, prepare to stay out of war."

One of the most interesting things now under consideration by the administration is a new kind of foreign policy designed to keep this country clear of any scraps in which foreign nations may indulge.

State Department, Senate Munitions Committee, and the White House have been considering the outlines of this policy with the notion that a nation which plays its cards carefully can't be forced into any conflict in which its own vital interests are not involved.

It is proposed, for instance, to empower the president, in case of war among foreign nations, to halt the issuance of passports to Americans desirous of traveling through the war zone, unless their business is so urgent that they are willing to go at their own risk.

Another proposal is that the president be empowered to withdraw United States protection from all American ships which enter war zones. American exporters might trade with warring nations if they wished, but the risk would be strictly their own if they did so.

These two proposals are long steps in the direction of that national isolation which seems to be growing so popular these days. But the isolation they propose is isolation of an intelligent kind; an isolation which quite properly would place the national desire for peace above the desire of individuals to profit by a foreign conflict.

It is pretty clear that if we should repeat our 1914 kind of neutrality in a new European war, our chances of staying out of the war would be little better than they were the last time.

We insisted that American ships and American travelers had an inalienable right to go through the war zones and to do business in any market they could find; our insistence on that right finally compelled us to uphold it by force of arms—and a war which seemed very remote, when it started, at last came to our own doorstep.

Wouldn't it be a good deal smarter of us to waive that right? We might miss some very profitable business, to be sure. War orders meant big dividends to American investors in 1915 and 1916.

But in the end that trade landed us in the war—and, thereby, proved about the most expensive kind of business we ever had.

Plans now being matured at Washington point in the right direction. If we are going to follow a policy of isolation in foreign affairs, we might as well carry it to its logical conclusion.

EXAMPLE FOR BUSINESS

Probably there are few Americans who will deny that we need a system of old age pensions. There probably will be equal agreement that such a system must be operated by the federal government. Nevertheless, it is well to remember that there are some far-sighted corporations which have been quietly conducting pension plans of their own on a truly remarkable scale.

For instance; it was announced the other day that the Pennsylvania railroad system is now paying out no less than \$600,000 a month in pensions. It established its pension system in 1900. Today it has 11,000 pensioners on its rolls.

The security that such a plan gives to a large body of workers is something beyond price. If more corporations did the same thing, the demand for a government pension system would not be nearly so pressing today.

Americans enter hospitals at the rate of one every 4.42 seconds. During the sunburn season, the average is raised by backslappers.

FEMININE FANCIES

BY KATHLEEN EILAND

We notice that a club in town the other day devoted one meeting to a discussion of hobbies. We are told that the meeting was lots of fun and that hobbes covered a wide field of interests.

Hobbies, it seems to us, are most worthwhile things. They add zest to living, keep people out of ruts, and make them really interesting humans instead of just the woman who lives next door.

Hobbies are not to be confronted with the "causes" which are sometimes taken up too zealously by misguided people. Hobbies only fulfill their purposes, we think, when they are taken lazily and not too seriously. Their usefulness is over if they develop into obsessions or fanatical interests.

Some of the things that are in our opinion nice hobbies; parlor fortune telling, keeping a pet scrapbook, planning parties, amateur kodaking.

Another time when we are convinced that men get all the best of living is just after a sandstorm has piled a few pounds of dirt into a freshly-cleaned house.

We've heard of the "womanless wedding" often enough but a "womanless style show" is something else again. We'd like to know just how well these boys are going to take off the pet mannequins of women at the style show that is to be staged tonight.

Did you ever notice the exaggeration in women's gestures and conversation at a party that they conduct really rather "high society"? It is as if their physical mechanism were strung to a point where vividly shades off into nervousness.

If the amount of pre-Easter sewing being done by dressmakers in town is any indication, we should guess the depression is over.

Our idea of a darling of the gods is the Midland girl who bought seven new dresses at one time.

An active man has a lot of friends and several enemies.

A poetic young man proposed this way: Your eyes are as bright as diamonds, Your teeth are as white as pearls; Your lips are like rubies. . . . But here the girl broke in and said, "Oh, go on home. You're as green as an emerald."

However his poetic effort calls to mind a couple of clippings I've found during the last few days. One was from the pen of an Amarillo dust victim.

NATURAL LAXATIVE FOOD WINS NATION Kellogg's ALL-BRAN Helps Millions to Regular Habits Kellogg's ALL-BRAN is one of the most popular laxative foods in the country today. Millions have found it thoroughly satisfactory for correcting constipation due to insufficient "bulk" in meals.

In addition to its popular approval, ALL-BRAN has been accepted by science. Research shows it offers mild "bulk" to aid elimination. Also vitamin B and iron.

The American Medical Association Committee on Foods has granted Kellogg's ALL-BRAN its Seal of Acceptance. This delicious cereal is also approved by Good Housekeeping Institute.

Within the body, ALL-BRAN forms a soft mass which gently clears out the intestinal wastes. More effective than the "bulk" in fruits and vegetables, as it does not break down in the body.

Isn't this food better than patent medicines? Unlike cathartics, it remains effective with continued use. Two tablespoonfuls daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor.

SAND BELT CLUB LOSES ANOTHER NUMBER 1 MAN

The Midland club of the Sand Belt league took another body blow this week that will make it doubly hard for them to repeat as winners this year when it was announced that Gentry Kidd, number one man of the club, was being transferred to Pampa.

Kidd alternated with Clyde Jackson as the number one man last season, but had no serious competition for the place this season. The Midland club defeated Colorado, at Colorado, last Sunday by a 22-18 score due to some fine shooting by Morgan Neil and Dale Scruggs.

In the first foursome E. C. Nix of Colorado shot a fine 71 to defeat Kidd three and two but Morgan Neil came through and blasted an easy victory over Bob Scott by an eight and seven score. Scott has several times been West Texas champion and his defeat by Neil was one of the worst he has taken in many months. Neil shot an unimpressive 80 but 89 was the best Scott could do.

In the second flight Dale Scruggs and Frank Johnson both shot a 36 to score an easy victory over their competition six up and five to go.

In the third flight Goodwin of Colorado bested Pat Riley of Midland two and one but Don Sivalls came through to oust Geer of the Colorado team.

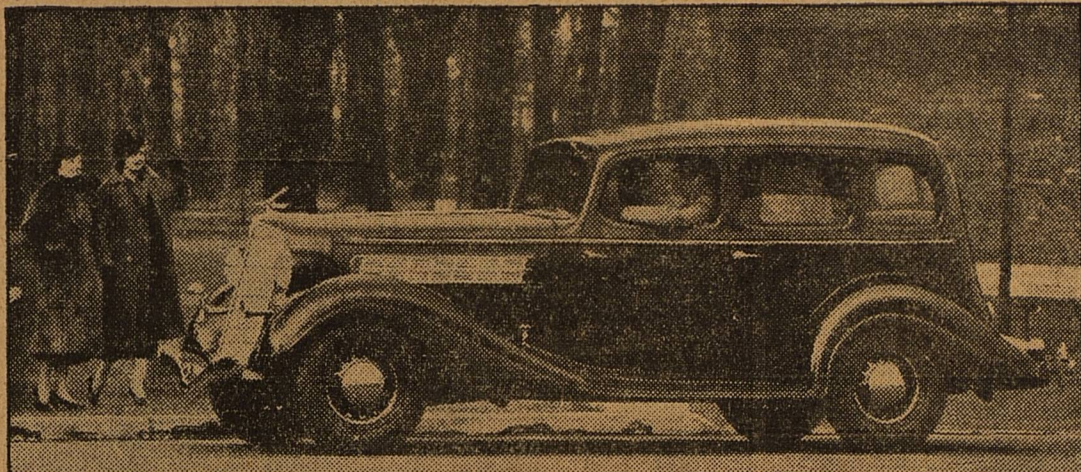

In the fourth flight matches Bill Simpson lost to the Colorado opposition but Forgeron was winner of his match.

Midland won low ball in the second and fourth foursomes while losing in the first and third.

No match is to be played by the Sand Belt team next Sunday but the Seminole club has been invited to come here and play the Cat Claw team (Midland second team).

Big Spring defeated Lamesa 24-16 last Sunday but the results of the Stanton-Hobbs game has not been announced.

TIDWELL SHOWS TO OPEN MONDAY

The first outdoor show of the season starts Monday, April 15, when the Tidwell Shows open just west of Pagoda swimming pool.

Everything this year will be new and different. A number of new shows and rides have been added to the already big organization and most of the equipment is new throughout.

The feature attraction of the Tidwell Shows this season will be the marvelous and thrilling feat of (Daredevil) Simmons, who makes a fire dive from his 100 foot ladder into a blazing tank only six feet in depth. This act is considered one of the most wonderful performances ever presented by an outdoor show.

Among the many other attractions is the Broadway Steppers, a high class minstrel consisting of 12 performers, all of whom have been featured at various night clubs and other amusement places throughout the south, and with a 10-piece colored band.

The Sky Rocket is one of the most sensational rides carried by the Tidwell Shows. This riding device is out of the ordinary and appeals to everyone who is looking for something different.

After leaving the city the show will tour five states including New Mexico, Oklahoma, Kansas, Missouri, and Colorado.

House Resolution Asks Rot Oil Probe

AUSTIN, April 12. (P)—The House today sent to its committee on oil, gas and mining a resolution proposing an investigation of the reports that thousands of barrels of illegal oil is being run daily from East Texas.

"La Cucaracha" Will Be Shown at Yucca

That the world's every source of beauty in all its natural colors may soon become the everyday component of motion pictures is indicated by "La Cucaracha," Pioneer Pictures' melodrama made by the new three-component Technicolor process and distributed by RKO-Radio Pictures. It will be an added feature in conjunction with "Rungles of Red Gap" playing Preview Saturday night and Sunday, Monday and Tuesday at the Yucca Theatre.

Convicts Get Bibles

WAUPUN, Wis. (AP)—The Gideon Bible Society, sponsor of the movement to place a Bible in every hotel room, has supplied 500 Bibles to inmates of the Wisconsin State Prison here.

Edward G. Robinson Shows at Ritz Sunday

Edward G. Robinson, the screen's outstanding character actor, will be seen in his first serio-comic role in Columbia's "The Whole Town's Talking," which will be the feature attraction at the Ritz Theatre starting Sunday.

Based on a story by W. R. Burnett, author of Robinson's greatest success "Little Caesar," and adapted to the screen by the two ace scenarists at the Columbia studio, Robert Riskin and Jo Swerling, "The Whole Town's Talking" presents the hilarious and exciting adventures of a meek, poetic office clerk who is sprung into the headlines because of his remarkable resemblance to the country's most dangerous criminal.

Lovely Jean Arthur is cast in the picture as the girl whom Robinson has always loved but has been too shy to woo. With his unexpected disintegration and newly found courage he turns the tables on his hard-boiled counterpart and crashes through a heart-stirring climax.

Also seen in the cast are Wallace Ford, Arthur Hohl, Arthur Byron, Donald Keek and John Wray, John Ford, well-known director, handled the megaphone.

Start Campaign to Rid County of Gar

BRADY, April 12. (P)—McCulloch county's gar and turtle eradication campaign began last week and will continue until the latter part of April.

Three hoop nets and four gill nets have been placed in Brady creek, one of the best fishing streams in Texas, to snare the gar and ten turtle traps are being operated. Relic labor is being used to run the traps.

PTA Members to B'Spring Meeting

A number of Midland women are attending the district PTA convention being held in Big Spring the latter part of this week. An incomplete list of those attending today's session includes: Mmes. R. E. McWilliams, Chauncey Garrison, Bryant, Herbert King, Harvey Hardison, Bob Preston, J. S. Schow, Eakin, Harper, W. G. Riddle, and Paul A. Schlosser.

Winner Tournament At Pampa Gets \$1,000

PAMPA, April 12. (P)—One thousand dollars in prize money will be guaranteed by the Pampa Junior chamber of commerce for the second annual baseball tournament that organization will sponsor at Road Runner park from August 23 to September 2 this year. Clubs winning games but not finishing in the money will be given cash prizes.

The tournament will be held after the Oklahoma Sandlot tournament at Oklahoma City and the Denver Post tournament.

Notices of the event will be sent to all of the strong teams of the southwest. A number of Oklahoma teams have announced intention of entering. The "Big Five" of the Panhandle, Pampa Road Runners, Colteco of LeFors, Phillips of Borger, Huber of Borger and Shamrock of Amarillo, will be strong contenders. The Pampa Road Runners will be defending champions.

They won the 1934 title in a great finish with Phillips of Borger.

Ludendorff- (Continued from page 1) Press Lauds Speech These outspoken words, after so many years of silence, might mean that Hitler was extending the olive branch to the old man or they might indicate the increasing power the army has in the affairs of Germany—so much so that its directing hand felt able to express his real feeling—despite anything the Nazis might say. But the chances are very strong that Hitler agreed to the speech. The best sign is that the servile German press gave echo to the von Blomberg speech by editorials which said that von Blomberg's tribute truly expressed the admiration and thanks of the whole German people. So at seventy it is not unlikely that the general may once more put on his uniform and sit at the seats of the mighty in directing the up-building of the newer and bigger German army.
