## SHOWERS RELIEVE DUSTY RANGES

### INTERNATIONAL COWDEN MAKES 95 BARREL HEAD

Other Wildcats Are Being Closely Watched

By PAUL OSBORNE  
International No. 1 Cowden, Ector county operation seeking production in the Harper area west of Odessa, made a head of 95 barrels early this morning, according to reports. The well is rebuilding derrick which was pulled in when it was attempted to lift the string of 10 inch pipe a few days ago.

Elsewhere in the West Texas part of the Permian Basin, the principal activity was in advanced drilling depths of wildcat wells. In Andrews county, Honolulu and Llano No. 1-B Parker, drilling a half mile south-west of the No. 1 discovery well southwest of the town of Andrews, is drilling ahead at 1,135 feet in red rock, while farther north, west of the Means area, Wahlenmaier No. 1 Bitter and Gochie has reported a hole full of water in drilling to 1,115 feet in red rock.

Of the Ector county wildcats, Penrose et al No. 1 Kloh, in the extreme west central part of the county, is nearest a verdict, being at 4,030 feet in limestone. Empire No. 1 Cummins, northwest Ector, encountered gas in the Yates sand at 2,680 feet, and is preparing to drill ahead. Landreth No. 1 Cowden Brothers and Sisters, in the same vicinity, is drilling anhydrite at 3,630 feet, while their No. 2 Schaubauer is rigging up standard tools. Gulf No. 1 Goldsmith has reached a total depth of 3,970 feet, reporting only a mill or cubic foot of gas from 3,900-95 feet.

Close watch is being kept of progress in Sid Richardson No. 1, Wagon, northeast Winkler county wildcat operation, which is reported to have drilled the highest lime section in the county. Total depth is reported at 2,735 feet, where an estimated million and a half cubic feet of gas cleaned the hole and caused operators to attempt to re-log. Sisti No. 1 Lovett, in Garza county, just west of the town of Kermit, has drilled plug after setting seven inch pipe at 2,595 feet, where there was a show of gas and the well was standardized.

In Upton county, Landreth No. 1 Sweetie Peck has drilled to 3,010 feet in red rock. Gulf No. 103 McElroy, deepest operation in the town, located in western Upton county, is drilling a shale gas well in limestone. Gulf No. 102, in the same area, drilled to 2,425 feet, where it was standardized.

### WTCC DELEGATES TO PLAINVIEW TO GET A FREE FEED

STAMFORD, April 19.—Something unique in the way of West Texas Chamber of Commerce, is being planned in the making for Tuesday, May 14, which is the second day of the WTCC's 17th annual general convention, assembling this year at Plainview.

The Westex Chamber is going to blow itself for a free-for-all banquet for all conventionists wearing the convention badge, it will not be a formal affair at all, but a sort of basket picnic whereat it is anticipated that a thousand or so conventional visitors will be entertained by James V. Alford, young governor of Texas; with it is hoped the governors of Oklahoma and New Mexico and other out-of-Texas speakers and visitors; and with the next presidents of the regional Chamber.

These will be the honor guests of the evening—the first time the organization has attempted to bring them all together and publicly honor them. Since its No. 1 convention, held at Mineral Wells in 1919, the West Texas Chamber has had 15 presidents of whom four have died. These are C. T. Herring of Amarillo, first chief; A. B. Spencer of Crosbyton and Fort Worth, elected at Plainview in 1922 and re-elected at San Angelo the next year; H. P. Brelsford, Sr. of Eastland, elected at Abilene in 1920; and R. Q. Lee of Cisco, elected at Mineral Wells in 1923.

Eleven Living  
The balance—eleven—are living and in excellent health. They are, in the order and with dates of their election, Clifford B. Jones of Spur, 1921; C. C. Walsh of Dallas (then of San Angelo), 1924; Arthur P. Dugan of Littlefield, 1925; B. W. Haynie of Abilene, 1927; Aubrey Bourland of Vernon, 1928; W. B. Hamilton of Wichita Falls, 1929; Charles E. Combes of Stamford, 1930; Houston Harris of San Angelo, 1931; Wilbur C. Hawk of Amarillo, 1932; Walter D. Cline of Wichita Falls, 1933; and James D. Hamlin of Parwell, 1934.

More about banquet plans is given by Jed R.K. WTCC convention manager who is already in Plainview working out details.

Our past presidents not only will be honored guests, but a committee from that group will be actively in charge. We are not planning this as a brass collar affair, but as a catch as catch can meal open to every person who registers.

"We expect to pull it in the general convention hall Tuesday night, May 14, starting at 7 o'clock. Governor Alford will extend greetings and (See WTCC DELEGATES, page 4)

### Apple Blossom Queen

A beauty from Czechoslovakia, will reign as queen of the famed apple blossom festival in the historic Shenandoah Valley of Virginia this year. Third girl of foreign parentage so to be honored is Nela Veverka, shown here in a recent portrait. Daughter of her country's minister to Washington, Miss Veverka has been a capital resident seven years, finishing her education there. More than 100,000 visitors are expected at the festival in Winchester, Va., May 2 and 3.

### SOVIET MILITARY AIR FORCE CHIEF URGES COUNTRIES UNITE AGAINST WAR

MOSCOW, April 19. (AP)—M. Khrushch, chief of the Soviet military air force, issued an appeal today through the authoritative organ Pravda urging all countries to unite in the face of what was declared German preparations for an aerial, chemical and bacteriological warfare.

### DALLAS BOY SHOT BY A POLICEMAN

DALLAS, April 19. (AP)—Mike Collic, former Dallas high school football star and University of Texas student last year, was shot in the chest early today, by policeman H. C. Leach, with whom he had an altercation on the street.

### Lubbock Editors Injured in Wreck

Injuries were sustained by Chas. A. Guy, publisher, and Chas. Watson, Jr., day editor, of the Lubbock Avalanche-Journal, in an automobile accident, Wednesday night. It was learned here by Mr. and Mrs. C. C. Watson, parents of the Lubbock man.

Guy still was in a hospital, suffering from a slight brain concussion, it was reported here. Watson, whose nose was injured and who had several stitches taken in a severe head gash, was out of the hospital and improving.

Although details of the accident were not given, it was learned that the two were returning from Plainview where a hundred Lubbock people had attended a dairy show.

### BRIGGS RECOVERING

Norman (Lefty) Briggs, formerly of Midland and now living in Odessa is recovering from pneumonia after being critically ill for several days.

For the last two days Briggs has been under an oxygen tank and today doctors said he would get well unless he might have a relapse.

They will be confined rigorously to the American side of the Pacific, at no time coming closer than 2000 miles to Japan, nor within several hundred miles of waters which are to be covered later in the summer by maneuvers of the Japanese fleet.

During the American maneuvers, the Asiatic fleet will play the usual courtesy calls at the Japanese ports of Yokohama and Kobe.

"Problem XVI" is believed to

### ATTEMPT TO PUSH SOCIAL SECURITY BILL TO PASSAGE

Predict Approval by A Democratic Majority

WASHINGTON, April 19. (AP)—Calling the House session earlier than usual, Democratic leaders today strove to push the administration's social security bill to passage before adjournment tonight.

Speaker Byrnes and other House leaders predicted that despite promises of Republican attempts to change the bill that it would be approved by a Democratic majority in the House ways and means committee.

### WORK PROJECTS IN LOUISIANA AND IN GEORGIA STOPPED

WASHINGTON, April 9. (AP)—Administration of relief funds in Georgia—whose Governor said yesterday that President Roosevelt was radical and predicted a third party in 1936—was taken over today by the federal government.

Harry L. Hopkins, relief administrator, appointed Miss Gay B. Shepperson, present state relief administrator, to head the federal set-up.

By The Associated Press  
WASHINGTON, April 19.—Amid a give and take of hard words, two administration spokesmen yesterday struck at Senator Long of Louisiana and Governor Talmadge of Georgia through the public works and relief funds.

Secretary Ickes, asserting that Long had "halitosis of the intellect," and adding that he did not "know how to do business" with Talmadge, held up four public works projects in Louisiana and cancelled the same number in Georgia.

"Action Counts"  
Harry L. Hopkins, the relief administrator, speaking within half an hour after the hot words of Ickes, remarked that "the only thing that counts is action; words mean nothing."

He, thereupon, disclosed he had taken the administration of relief in Louisiana out of the hands of Governor Long, lieutenant, and indicated he might have to give relief in Georgia through the cities rather than the state because of a lack of state appropriations.

The federal officials spoke at press conferences a few hours after Long and Talmadge had come from Louisiana and Georgia.

What They Said  
From Long had come word that he was coming back to Washington and "nail Ickes' ears back" in a senate speech Monday. Talmadge had said that President Roosevelt was "radical in the extreme form" who could see only those persons whom his secretaries permitted to come in. He predicted a third party in the next election.

Informed of the Long ear-nailing threats, Ickes said: "With or without benefit of body-guard? I'm not making any boasts. I wouldn't attempt to meet Emperor Long or Governor Talmadge in a face-to-face jurgations and expelives. The trouble with Senator Long is that he is suffering from halitosis of the intellect."

He said the laws which are being pushed through the Louisiana state legislature would put the handling of public works funds in the state in the hands of the state highway board and prevent the federal government from supervising the spending.

### Call for Peace Becomes Call to Battle

The nation-wide student strike against war was turned into a series of miniature riots at several points, notably Los Angeles, where police sought to break up a gathering. Two high school girls were casualties of the ensuing battle.

Here is an exciting sidelight of the pacifist demonstration—one group of students in Los Angeles Junior High School seeks to take down the American flag, displayed by the strike leaders.

### Lions Club Host Sunday to Hundreds Midland Kiddies with Easter Egg Hunt

Every boy and girl of Midland and Midland county, under the age of 12, is invited to attend the annual Lions club Easter egg hunt Sunday afternoon, George Philipous, general chairman, said today.

The hunt will be staged at the end of Illinois street, where it joins the Andrews highway, in the western section of Midland, starting at 3 o'clock.

Prize eggs will be included in the hundreds of eggs hidden at the grounds. Those finding eggs with names of firms in them are asked to go to those places of business following day to receive prizes.

Don Gabbert, head of the committee securing prize eggs, said many firms were giving several prizes, and it was believed the egg hunters would get even more treasures than in past years.

From 500 to 600 children have attended the egg hunt during the past five or six years. The grounds are divided for different ages of children, assuring all an equal chance.

Boy Scouts will assist in hiding the eggs and in patrolling the grounds, Lions club officials said. Sermon—Midland High School Chorus and United Chorus, three pianos.

Invocation—Rev. J. E. Pickering—"Who Shall Roll Away the Stone?"—Morse—Midland High School Chorus and United Chorus, three pianos.

Scripture—"Matt. 28:1-20"—Rev. Winston Borum—"One Sweedly Solemn Thought"—Ambrose—John M. Cowden Junior High School Glee club (150 voices, from balcony).

They Have Taken Away My Lord" (Easter anthem)—Harrington—Midland High School chorus and United choir, three pianos.

Sermon—"The Risen Lord"—Rev. K. C. Minter—Benediction—Rev. W. J. Coleman—Recessional—"Sweet Bye and Bye" and "Till We Meet Again"—Bells—Midland High School Band.

King Boris Appoints  
A New Cabinet Head  
SOFIA, April 19. (AP)—King Boris today commissioned Andrea Tschirski, diplomat and historian, to form a new Bulgarian government to succeed that of Petko Zlateff, which resigned yesterday.

### PRECIPITATION HERE .25 INCH; HEAVIER TO EAST

Many Texas Sections Get Relief From Long Drouth

Dust covered ranges of the Midland cattle area were "washed off", some sections receiving moisture to stimulate grass and weed growth considerably, early this morning.

The precipitation at Midland was .24 inch, at the airport .16 inch, and heavier to the south and east. Light showers were reported along the highway from Monahans to Midland.

Farmers reported that there already existed a fair bottom season, and that with a little more rain planting could begin generally over the county. Some were believed ready for planting as result of the rain early this morning.

Ranchmen reported their pastures benefited even from the effect of washing dust off of the grass and weeds. Cattle had shown noticeable bad effects for over a week because of eating the dusty plants after dust storms had blown over this area from the Corn Belt and Panhandle regions.

The John M. King ranch east of Midland, the S. R. Preston ranch southeast and other areas reported a half inch of moisture. D. A. Ray, whose farm lies about eight miles south and slightly east, said the rain there measured an inch.

Schaubauer Cattle company reported showers about like at Midland at the South and North Curtis place and light at Five Wells.

Motorists driving here from Seminole said they drove into a sprinkle of rain. The precipitation increasing gradually toward Odessa, and heavier toward Midland.

Utilities companies today had reports of showers at Seminole and Winters and vicinity, a three inch rain, Abilene lake .38 inch, Baird .25 inch, Cisco and Eastland .50 inch, Sweetwater light sprinkle.

Rain reports from the state's electric chair early today for the murder of his former wife, Zelma Arnold, on a Breckenridge street in September, 1932.

Arnold late Thursday gave up hope of escaping the electric chair. "I believe it's all up for me," he told guards at the penitentiary.

The doomed wife slayer had expressed hope earlier in the day that Acting Governor Ken Regan would commute his sentence to life imprisonment. It was also understood here that efforts would be made by relatives of Arnold to get Walter Woodul of Houston, who acted as governor, to extend clemency to the Breckenridge man.

Doye Arnold, Breckenridge man who twice received the death sentence for the murder of his divorced wife, Zelma, in 1932, was sentenced to the electric chair March 4, this year, by Judge Milburn S. Long in 42nd district court at Baird.

Mrs. Arnold was beaten to death with a rock on a Breckenridge street, September 10, 1932. Arnold was convicted for murder in 42nd district court at Baird on March 16, 1934, and for almost a year he sought to have the case reversed in the court of criminal appeals. However, it was affirmed early this year.

At Arnold's first trial at Breckenridge, Judge W. C. Glazener, principal assessor the death penalty, but the case was reversed and remanded for new trial. Transferred to 39th district court at Haskell, it resulted in a hung jury, and was sent to Baird.

Those present were: A. Harry Anderson, Ed M. Whitaker, John L. McGrew, W. A. Yeager, Ollis A. Kelly, Allan Tolbert, R. B. Cowden, E. D. Scruggs, J. J. Gossett, Ray V. Hyatt, Leo Bradshaw, Geo. W. Glass, Horace Newton, and P. O. Moore.

STANTON, April 19. (Special)—At a special session of the Board of Education W. C. Glazener, principal of the high school, and W. V. Stephenson, principal of the elementary school were reappointed for another school year. Glazener has an A. B. degree from the College of Arts and Industries, while Stephenson has a similar degree from Hardin-Simmons University. Each has had one summer term of graduate work at the University of Texas. Both Glazener and Stephenson were given increases in salary.

It's easier to get the water out of stockings than out of stocks.

### Reject Municipal Gas at Lubbock

By The Associated Press  
LUBBOCK, April 19.—Lubbock voters who elected a mayor and two commissioners on a gas rate reduction platform a year ago Thursday turned down proposed issuance of \$1,300,000 bonds for construction of a municipal natural gas system.

The vote was 869 against and 371 for the bonds. City commission sponsored the issue.

### VISITS FATHER

Glen Mays of Denton is here visiting his father, Howard Mays, attorney. He is accompanied by Miss Esta Lou Reynolds, niece of the Midland lawyer.

### BUYS YEARLINGS

J. E. Hill is receiving today at Monahans two loads of mixed steer and heifer yearlings, bought from John H. Edwards.

### Late News

WASHINGTON, Apr. 19. (AP)—A new and vigorous protest against Germany's failure to make interest payments of approximately \$2,000,000 due to American holders of Daves bonds, due April 15, was made by the United States today.

WASHINGTON, Apr. 19. (AP)—Still standing firmly behind the administration, the House today refused to strike from the social security bill a section levying taxes on incomes and payrolls for old age annuities.

WASHINGTON, Apr. 19. (AP)—Naval officials said today that at least 12 huge patrol seaplanes would fly from San Diego within the next two weeks to remain in Alaska throughout the summer.

A POLITICIAN IS HURT

"We now know that it has become sinful for party organizations to accept contributions. We know that it is especially sinful to accept contributions when the parties who give them do or hope to do business with the administration."

With such lofty sarcasm does Francis Poulson, state Democratic chairman for Ohio, reply to Federal Relief Administrator Harry Hopkins' revelation that the Ohio Democratic machine has been collecting "campaign fund contributions" from firms which sell supplies to the state relief administration.

You could not get a better sample of the blind insolence of the politician. Such elegant sarcasm about it being "especially sinful" to shake down people who hope to do business with you!

Why, of course it is especially sinful—and anyone but a politician can see it at a glance. How can we hope to make our democracy work smoothly, when party leaders have such an arrogant obtuseness to the ethics of decent government?

Well, anyway, Japan seems to have what it takes.

**Barstow Man Owner 45 Colonies of Bees**

BARSTOW, April 19. (AP).—J. W. E. Bashman is the leading bee man in this section. He once shipped four carloads of bees out of the state, the freight being \$1,650. He has been in the business 35 years in Nebraska and in Bandera county and Barstow, Texas. At one time he owned 800 hives but now has only 45 colonies.

The market on comb honey is 12 1/2 cents a pound at present. Bashman said in 1919 he sold \$6,000 worth of honey, which was his best year.

**INVESTMENT SERVICE**  
Investment service for members of the Mesquite troop, Girl Scouts, will be held at the American Legion hall, Saturday afternoon at 2 o'clock.

Mothers of the girls and Rotary Annas are invited to attend.

**Contestants Leave For Alpine Meet**

Members of the winning Midland team in the district interscholastic meet here last Friday and Saturday are entering the regional meet to be held in Alpine today and tomorrow. Midland will have 16 contestants in the literary and athletic events. Literary events will start today but the track and field events will not start until tomorrow. Entries in the literary events left Midland yesterday and spent the night in Alpine preparatory to the starting of the contests today.

Those making the trip for Midland high are: in the literary events, C. A. Goldsmith, James Walker, Jessie Lou Armstrong, Mary Howe, Robert Howe, Jack Cusack, Kenneth Webb, Melba Lee, Agnes Mae Tyler and Edna Mae Elkin. In the track and field events Sam Midkiff, David Wafford and J. D. Montgomery were the Midland contestants. J. B. Thomas will represent this district in tennis singles by virtue of his winning over all opposition in the meet held here.

The students were accompanied

designed to place supervision of the federal expenditures under state board, block New Orleans refinancing in federal court and compel the appointment of elections officials to serve at the polls by local boards ruled by the governor.

All opposition was swept aside as both houses went through their routine today in the mid-stages of enacting into law bills which have brought the fresh outbreak in Long's war with the Roosevelt administration.

**SELLS BULL CALVES**  
George Glass this week sold four pure bred Hereford bull calves to W. A. Estes of Monahans. He had six choice calves from a small lot of registered calves, and the four were selected by the Monahans rancher from that number. Glass plans to expand his pure bred herd.

**LEAVES FOR ABILENE**

Mrs. Dora Russell Barnes, extension service clothing specialist, who has been in conference with Miss Myrtle Miller, home demonstration agent, since the closing of the two-day school held at Stanton this week, left this afternoon for Abilene.

invitation to be on hand, but there will be no long-winded speeches from anybody. We will have short bits of music from fifteen or twenty town quartets and bands. Then, girls from our member towns who are taking part in the Fiesta will put on a short revue for us. The "My Home Town" contestants will be introduced.

"The big idea is to make this affair a tribute to our past presidents and to offer a quick but comprehensive view of things going on in the convention."

**Contest Entries**  
Rix reports receipt of entries from 16 more towns in the My Home Town Contest, and five more entries in the poster contest. In the former the new entries are from Quitaque, Ralls, Pampa, El Paso, Amarillo, Dalhart, Floydada, Slaton, Vernon, Memphis, Olton, Burk Burnett, Lubbock, Brownfield, Breckenridge and Tahoka. The new poster entries are from Dalhart, Slaton, Memphis, Olton and Tahoka, bringing that list to 29 to date, as against 30 at the close last year.

Definite word has been received from seven more towns that they will have bands on hand and are asking that quarters be reserved for bandsmen. These are: Ralls, Lubbock, Amarillo, Wichita Falls, Slaton, Memphis, and Denton. From all parts of the territory requests are reaching Plainview hotels for room reservations, indicating all space will be taken ahead of time with the strong probability that the Plainview Chamber of Commerce will have to go into the residential districts for help.

Eighteen towns reports Rix, have nominated their 1935-36 WTCC directors, those being: Abernathy, Amarillo, Anton, Burk Burnett, Channing, Clarendon, Leon, Del Rio, Pollock, Midland, Olton, Ralls, Rober, Seymour, Slaton, Spur, Vernon and Wichita Falls. The first named has nominated two former WTCC presidents, Walter D. Cline and W. B. Hamilton, along with Marvin Smith. Amarillo has an ex-prexy as a director, too, in Wilbur C. Hawk, and so has Spur in Clifford B. Jones.

**Conventions Work**

Work of the convention will clear through the 200-odd directors from the 127 affiliated towns as they sit at luncheon and breakfast the three days of the big show. The program will come to them via the convention's work committee, of which Wichita Falls' Hamilton will be chairman. Serving with him are:

R. E. Nichols, Vernon; Clifford B. Jones, Spur; Arthur P. Duggan, Littlefield; Houston Harte, San Angelo; Wilbur C. Hawk, Amarillo; H. C. Custard, Cleburne; L. E. Saunders, El Paso; Hamilton J. Overstreet, Texas; B. F. Bludworth, Brownwood; Spencer A. Wells, Lubbock; W. C. Hearne, Shamrock; A. M. Smith, Breckenridge; Price Campbell, Abilene; Gen. John A. Hulen, Fort Worth; Lawrence H. Amadio, L. A. McDonald, Denton, and T. B. Galaher, Amarillo.

Nichols also will preside over the convention's territorial development conference; Jones over the agricultural conference; Duggan over the tax conference. These three important group meetings will work during the afternoons.

so will the governors of Oklahoma and New Mexico if they accept our

**Movie Prize Contest Ends; Mail Answers**

We saved the toughest for the last. When you've discovered who these dancers are, and what dance they are performing, you can congratulate yourself that you've done well. This is the fourth and last of a series of famous movie dances which are included in The Reporter-Telegram's movie-dance contest. Ten persons will win a pair of tickets each to see George Raft and Carole Lombard perform the tango-dance in the motion picture "Rumba," when it opens at the Saturday night preview at the Yucca Theatre. The ten will be those whose correctly identified movie-dance photos are the first received.

Clip this photograph. On the blanks below, write the name of the artists, the name of the dance, and the name of the picture in which it was performed. Then mail it with the three previously published, to the Movie-Dance Contest Editor, in care of The Reporter-Telegram. Speed is recommended—for remem-

year's spring and fall mohair have been shipped to Houston for storage by Del Rio warehouses in the last week.

**Shafter Mine Running 250 Tons of Ore Daily**

SAN ANGELO, April 19. (AP).—The American Metals mine at Shafter, said to be the second largest silver producing mine in the United States, is running 250 tons of ore daily through its 150-ton mill and is employing about 200 men. J. Howard Hell, independent mining operator from Terlingua, Brewster county, said here.

Hell said about 500 flasks of quicksilver are being produced monthly in the Terlingua district, the metal being worth \$76 a flask, or \$1 a pound. Around 400 men are working in the district.

Mule teams haul the quicksilver from the mines to Marathon and Alpine in a two-weeks' trip, making about 15 miles daily. Texas leads in quicksilver production.

Hell said many new claims are being staked in the district. There is much lead and silver activity in the Chinal mountain and Shafter areas and across the border in Mexico.

The Shafter mine was shut down in 1932 but the rise in the price of silver brought re-opening in 1934.

**Take-Off Deck Lengthened**

NORFOLK, Va. (AP)—Efficiency in airplane take-offs and landings is expected to increase when lengthening of the flight deck aboard the U. S. S. Ranger, airplane carrier, is completed. The deck was ordered lengthened 60 feet, following a conference between ship's officers and Navy Department officials.

**Ohio Boy Checker Champion**

LIMA, Ohio. (AP)—Ulrich Pyles, 11, has laid claim to the state's checker championship for his age and backers have issued a challenge with the claim. In a game crises with adult players, he won 13 of his 17 games, including one from a veteran checker player.

**Authorities Predict Mohair Price Raise**

SAN ANGELO, April 19. (AP)—Texas wool and mohair authorities are predicting a substantial jump in the price of mohair. Several firms have placed buyers in the field offering 20 cents for grown hair and 30 cents a pound for kid hair, an increase of two cents per pound over recent offers.

The price rose 2 cents a pound when a Boston concern represented by D. E. and Jack Hughes of San Angelo purchased about 400,000 pounds of kid and grown hair at various concentration points at 18 to 20 cents for the grown and around 30 cents a pound for the kid hair.

The activity led many West Texas observers to predict that mohair may be started again on one of those sensational price rises that in the past has seen it jump 30 cents a pound over a period of a few weeks.

With the mohair price turning upward also came brighter prospects for the wool growers. During recent days there has been a noted improvement of sentiment and early shorn lamb wool which had been selling for 18 cents a pound is now going at 19 cents and higher. Another indication of improvement was the purchase of a carload of 12-months wool by J. M. Vaughan of San Marcos at 22 cents a pound, a new high in recent months. The wool market has ranged from 14 to 21 1/2 cents a pound recently.

Steamship rates on wool and mohair out of Texas points will be increased nine cents per hundred pounds effective April 25, shippers' representatives here have announced. From San Angelo the combined rail-steamship rate to eastern ports is \$1.14 but beginning April 25 it will be \$1.23 per hundred.

About 1,700,000 pounds of last

**Finds Watch Lost Two Years**

PORT CLINTON, O. (AP)—A watch Carlton Taylor, of Toledo, had lost two years ago at Camp Perry, near here, seat of the National Rifle matches and National Guard summer training post, was found recently by Col. Harry Kerr, keeper of property at the reservation. The timepiece was on the firing line of the 1,000-yard range, where Taylor had dropped it while firing with the Toledo Rifle Club.

Egg shells are covered with a natural mulluginous coating which delays entrance of harmful germs into the interior. Washing the eggs softens this viscid coating and hastens its deterioration.
