LITTLE REJECTS CONDEMNATION

Roman Soldier, Favorite, Comes Through to Win Derby

PAYS ONLY \$4.20 ON \$2.00 TICKET TO THE BETTERS

Whiskolo Is Second And Whizzaway Third

ARLINGTON DOWNS, April 20. (AP)—Roman Soldier, the favorite in the betting odds, took the \$15,000 added Texas derby today on a sloppy track when he came from behind in the last 150 yards to win by two lengths in front of Whiskolo. Whizzaway finished a good third.

Roman Soldier got away fifth at the post and trailed in the same position all the way until he had entered the home stretch when jockey Lester Bakaski applied the whip and the Sachsenmaier and Reuter horse responded with such a burst of speed that he left all opposition trailing him.

Roman Soldier paid \$4.20, \$3.60 and \$2.80. Whiskolo of the Milky Way Farm stable, with jockey G. Moellup, paid \$3.60 and \$3.60. Whizzaway, ridden by jockey K. Knott with colors of the Genesee stable, paid \$3.20.

Further, liked by many, fell on the back stretch but neither horse nor jockey were injured. Wayne Wright was riding the Jones stable horse when he was struck.

Roman Soldier is a Kentucky Derby eligible and given a good chance in that race when it is run.

Roman Soldier's first horse to be nominated for the rich stake and also the first to be named through the entry box, went to the entry post with a brilliant record behind him, which included stake race victories at Hialeah Park, Miami, Fla., and a triumph in his Texas debut.

Cohort colt was given a brilliant ride by jockey Bakaski, who was astride Light in his 1934 triumph when he led Hickory Lad and the highly-favored Risikulo to the finish of the nine furlongs.

LA. LEGISLATURE ADJOURNS AFTER SATISFYING HUEY

BATON ROUGE, April 20, (AP)—The Louisiana Legislature today put the finishing touches on Huey P. Long's newest legislative feat, the bill passing the bill giving the state administration control of all elections.

Senator Coleman Lindsey, administration floor leader, sent up a number of amendments to the bill, revealing that the measure was returned to the calendar yesterday in minor changes today.

The legislature, the fifth special session in the last nine months, adjourned sine die a short while later after passing a few more minor declarator bills for Huey and the Senate made plans to return to Washington to renew his attack on the Roosevelt administration in the Senate Monday.

Rupert Peyton, anti-Long representative, openly announced on the House floor that he was seeking co-operation of the Senate in the passage of laws giving state control of federal relief monies.

Midland Rotarians To Visit Big Spring

Headed by Father Edw. P. Harrison, member of the Rotary conference publicity committee, a group of Midland Rotarians will go to the Big Spring club's meeting Tuesday for a special program, inviting that group to the district conference here May 6 and 7.

Man, Seven Children Burned to Death Sat.

St. Emile De Loretteville, Quebec, April 20, (AP)—Alphonse Renaud and his seven children were burned to death in their summer cottage here today when a kerosene lamp exploded and set fire to the wooden structure, Mrs. Renaud was ill in a Quebec hospital at the time.

Black Colts to Meet Tahoka Tigers Today

The Midland Black Colts and the Tahoka Black Tigers will inaugurate the baseball season for Midland this afternoon when the two clubs meet at 3:30 on the field west of town.

It will be the first game of the year for the Midland colored boys but they say they are in shape and ready to go. Clinton, a curve baller, will probably be the pitcher for the Black Colts.

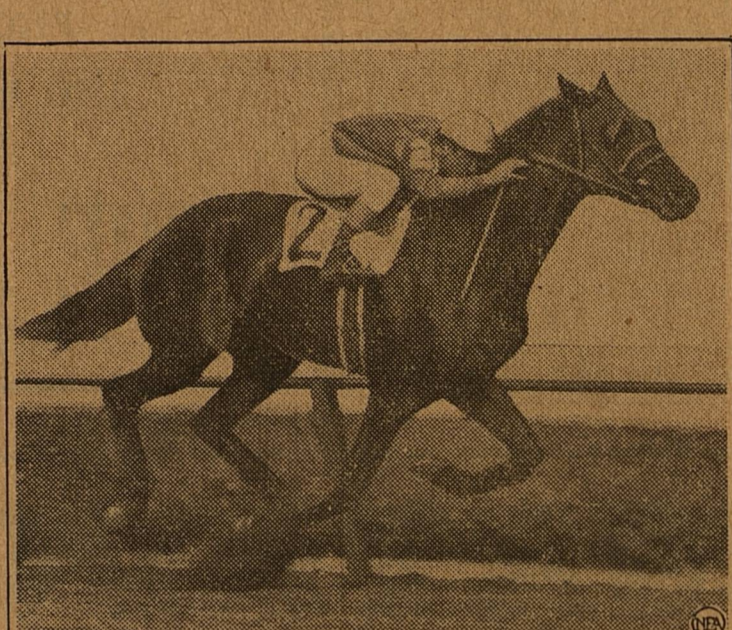

FOULOUS OFF COURSE

Major-General Ben Foulous who was expected to arrive at the Midland airport Friday afternoon apparently veered off his course due to bad weather and landed at Baltimore where he spent the night.

His aide, Major Sparks, spent Friday night here.

One plane was reported landing at the airport Saturday, a Waco-C from Tucson, Arizona, with Rashin owner and pilot.

Winner Texas Derby

Roman Soldier, Sachsenmaier and Reuter horse, came through in the Texas Derby at Arlington Downs Saturday, rewarding his owners with a \$15,000 first prize purse.

Midland Man On Governor Staff

It's Colonel Scharbauer now! Lieutenant Colonel Clarence Scharbauer of the Governor's staff received his commission yesterday morning, direct from the executive department, state of Texas, as follows.

"In the name and by authority of the State of Texas, to all whom these presents shall come—greetings: Know ye, that Clarence Scharbauer is hereby commissioned Lieutenant Colonel, Governor's staff, under the laws of the State of Texas, with all rights, privileges and emoluments appertaining to said office.

In testimony whereof I have hereunto set my name and caused the Seal of the State to be affirmed at the City of Austin, this 17th day of April, A. D. 1935.

(Signed: E. Woodil, Governor of Texas; Gerald C. Mann, Secretary of State.)

A letter from the Hon. Woodil, acting as governor while Governor Akers is in Washington on his legislative, accompanied the lithographed commission requesting "Colonel" Scharbauer's acceptance of his appointment.

Midland men today sent expressions of commendation to Lieutenant Governor Woodil, thanking him for the recognition of the West Texan by appointing him to the governor's military staff. Scharbauer wired his acceptance.

BRUNO'S COUNSEL SAYS WILL APPEAL TO SUPREME COURT

BLAIRSTOWN, N. J., April 20. (AP)—Egbert Rosencrans, counsel for Bruno Richard Hauptmann, announced today that the Hauptmann case would be taken to the United States Supreme Court, if necessary.

Rosencrans filed with the prosecution 143 assignments of error as the opening step in the appeal to the highest New Jersey court from the conviction and death sentence of the Flemington jail guard for the Lindebergh baby kidnaping murder.

"Hysterical mob spirit surrounding the jury unduly influenced the jury against the defendant," Rosencrans said in the assignment of error.

"The presence of Colonel Charles A. Lindebergh unduly influenced the jury by presenting a picture of a bereaved father whose sorrow the world demanded a sacrifice.

"Inflammatory summation of the state's counsel, which went far beyond the evidence, prejudiced the jury against the defendant." "Varying theories of state as to the guilt of the defendant and unsupported by the evidence.

"The jury approved the state's theories and witnesses and thereby impaired a free and unbiased verdict.

Rosencrans said that the assignment of error was being filed today but causes for reversal may not be filed until next week.

CAT CLAW LEAGUE IS RE-ORGANIZED

Announcement was made yesterday that the Cat Claw Golf League had been re-organized and the Midland club will play their first league game next Sunday when they journey to Odessa to meet a ten-man team of that city.

The following men: Paul Oles, K. P. Hart, Wells, Bill Bailey, M. D. Johnson, McWilliams, Dave Blevins, Earl Whitcomb, Earl Moran, Charley Mix and Blunt are requested to report to Pat Riley sometime this week so that he will know which ones can make the trip for the game.

Any other members of the ladder desirous of making the trip are urged to do so.

The newly organized north half of the league finds Midland, Hobbs and Seminole, members of the league last season, along with Odessa, a newcomer to the cat claw.

In the south half of the league McCamee, Crane, Iran, Ft. Stockton, and Alpine compose the membership.

The winners of the north and south halves will meet in a post season match to decide the winner of the league.

TO ASSIST AT HUNT

Boy Scouts will assist members of the Lions club in hiding eggs for the Easter egg hunt to be held this afternoon at 3 o'clock at the intersection of West Illinois street and the Andrews highway.

ACCOMODATIONS FOR ROTARIANS BEING ARRANGED

Anticipating a possible attendance at the Rotary conference May 6 and 7 which will be too heavy for the hotel accommodations, committees here are making arrangements for accommodations in private homes, in order to locate overflow crowds there with a maximum of convenience.

Plans are being made to reach at No. 73 or No. 13 on week days, will list the bedrooms. A price of \$1.00 per person per day has been set for the rooms. These will be used after hotel accommodations are exhausted or if some of the delegates prefer to be located in private homes.

TWO DAY RAIN TOTAL .54 INCH

Rainfall, which Thursday night registered 24 inch at Midland, was augmented by drizzling rain during Friday and another shower early Saturday, bringing the total for two days to .54 inch.

Clear skies and a warmer sun started this week in the plant growth. Dust, which had settled on plants for more than two weeks during intermittent dust storms from the north, was washed away and cattle were aided by the cleaner pasturage.

Farmers reported that planting started this week in some sections, especially to the east and southeast of Midland.

Showers were reported to have fallen during the night in scattered areas of West Texas.

20 Locations Give Spurt to West Texas Oil Activity; Yoakum Co. Wildcat Will Be of Particular Interest

In far western Andrews county, 1,980 feet from the north line and 660 feet from the east line of section 4, block A-37, public school land, a well was drilled to a depth of 4,801 feet.

In the Pukama area, of southern Andrews, where Fuhrman recently brought in the best well to date for the county, Republic has made location for No. 1 Boner, 440 feet from the north line and 1320 feet from the east line of the southwest quarter of section 25, block A-43, public school land, a quarter mile south of Fuhrman No. 1-B Boner.

Testing the west side of the North Cowden pool in Ector county, Landreth has dug cellar for No. 1 Boner, 440 feet out of the northeast corner of section 28, block 43, township 1 north, T. & P. Railway survey, a mile west of Stanolind's No. 14 Cowden producer.

In southern Ector county, Pen-well area, Marathon No. 2 University well has been completed. It is 660 feet from the north and west lines of section 3, block 35, university land.

A lone completion was scored in Winkler county during the week, being Magnolia No. 9 Scarborough, 2,310 feet from the north line and 330 feet from the east line of section 8, block 77, public school land, which rated an initial production of 70 barrels per day flowing through tubing along with a million and a half feet of gas.

Further south in Winkler county, considerable activity was announced for the sand producing area. Testing acreage which he recently purchased, Roy Westbrook has started two operations west of the Savre pool as it is defined at present. One, at No. 744, barrels daily. It has been shut in awaiting storage.

Will Hold Pattern Schools This Week

Foundation pattern schools will be held each day this week, Miss Myrtle Miller, home demonstration agent, said Saturday. The schools will open at 9 o'clock in the morning. The schedule follows:

Elementary school at the assembly room, Monday. Willing Workers at the assembly room, Tuesday. Cotton Flat at the courthouse, Wednesday. Bee at the assembly room, Thursday.

Women will work in groups of two and patterns previously made as well as those made at the schools will be checked by Miss Miller.

Asked to Suggest Beautification Ideas

Interested citizens are asked to submit suggestions for the beautification of the highway to members of the highway beautification committee, which meets at 8:30 a. m. at the county office. E. J. Stroman is chairman. It was announced Saturday.

Those who are willing to contribute to the beautification project are requested to bring them to Miss Marguerite Hester at the county library.

Poultry Coops for Trades Day Built

Poultry coops for displaying fowls at the next First Saturday, or Friday, will be constructed at this week under direction of George T. Romans of the relief administration office. Materials are being furnished by the chamber of commerce.

Sixteen coops 24 inches long will be built, and if entries indicate that more are needed they will be built before May 4, date of the First Saturday, according to committee in charge.

Sunrise Services Opened Easter Sunday Worship

Rotarians and picked entertainers who will form a part of the conference, there by eliminating the usual custom of having beehives donated by ranchmen.

The dance, to be given Monday night at Hotel Scharbauer also is paid for by the conference. Besides the visiting delegates and the local Rotarians, the crowd will be made up of the delegates who attend the conference. A luncheon will be served at the chuck wagon supper, which is to be a part of the conference.

Visiting Rotarians to "Pay Own Way" When They Gather Here

Low estimates on the amount of money to be spent by the conference itself and by the delegates here for three days place the revenue of Midland business houses at \$10,000.

The only expenditure asked of the merchants is for the decoration of their own store fronts, this to be handled under a contract made by the local club with a decorating firm at the rate of \$3.00 per 25 foot front. The decorator to furnish all labor and materials.

SIX YOUNG PEOPLE KILLED IN CRASH

SALISBURY, Md., April 20, (AP)—Six pleasure-riding young people were crushed to death in a highway crash near Salisbury today with such violence that investigating officers said that "they never knew what hit them" when their speeding car crashed head-on with a parked truck on the highway.

The victims were: Thaddeus Dykes, Morris M. Dykes, Wischard Mumford, Salisbury and Violet Templeton, Evelyn Wiley and Agnes Taylor of Delmar.

The power of His Resurrection. An Easter message that is "different" on the subject, "And the World Was Changed," will be brought by the Rev. W. J. Coleman at the Presbyterian church at 11 o'clock. Special Easter music has been arranged for the occasion.

At 3 o'clock in the afternoon, the Lions club will be hosts to the boys and girls of Midland and Midland county who are under 12 years of age at the annual Easter egg hunt. The hunt will be held this year at the intersection of Illinois street and the Andrews highway.

Several hundred children are expected to attend the affair. Prize eggs and plain hen eggs will both be hidden in sufficient quantities to insure good hunting.

Vesper services at the Presbyterian church at 6 o'clock in the evening will re-open religious observance of the day. The Rev. Coleman will speak on "The Angel's Easter Commandments."

The evening service at 7:45 o'clock at the First Christian church will close the Easter revival which has been in progress here for a week.

GERMAN SENDS A CURT, SHORT NOTE LEAGUE COUNCIL

Contents of the Note Is Made Public In Rome

ROME, April 20, (AP)—A curt, sharp note to European powers flatly rejecting the League of Nations council's condemnation of German rearmament was Hitler's birthday gift to himself and the world today.

Contents of the note were first made public in Rome after the note had been sent through German ambassadors and ministers to all nations participating in the Geneva deliberations.

The text of the note was: "The German government contests the governments which took the right of making themselves judge over Germany. The government sees in the deliberation of the League council an attempt at new discriminations against Germany and therefore rejects it in the most resolute manner.

SAND BELT TEAM MEETS BIG SPRING CLUB HERE TODAY

The Sand Belt golf team will clash with the Big Spring Country Club team this afternoon on the Midland links. Efforts were made by some of the members yesterday to establish a school for crippled children next Sunday due to the fact that today is Easter but an agreement was reached whereby the matches would be played on Saturday today.

The following Midland men: Morgan Nell, Dale Screeley, Johnson, Forgeron, Simpson, Riley, Sivalls and Shaw will tee off for the local club which Paul Oles listed as first alternate.

All the aforementioned men plus Billy Moran and K. P. Hart have been requested to be at the country club by one-fifteen so that they may pose for pictures which are to be used in the Midland and Big Spring papers.

The first matches are scheduled to start at one-thirty this afternoon.

CHILD WELFARE BD. HOLDS SEAL SALE

The Child Welfare board will sponsor a sale of White Cross seals during this week, proceeds to go to the Texas Society for Crippled Children. It was announced after a meeting of the board Saturday morning.

The seals sell for a penny each and all funds are sent in to the society. One child from Midland county is being cared for under the auspices of this society and another was given hospitalization.

During 1934 the society had 1974 children examined and 331 operated on. A total of 190 children is now in hospitals through its offices and 1200 are awaiting hospitalization.

The present White Cross seal sale campaign was authorized by the governor and endorsed by L. A. Wood, state superintendent of education, and J. J. Brown, director of vocational rehabilitation.

Seals may be purchased from any member of the Child Welfare board including Mrs. H. N. Phillips, chairman, Mrs. Ivis N. Bonar, Mrs. John Shipley, R. T. Bucy, W. F. Heil.

WOODUL AND WEST TEXAS

While acting as governor the other day, Lieutenant Governor Walter Woodul made a Midland man, Clarence Scharbauer, a lieutenant colonel on the governor's staff.

Although hailing from down about Houston, Walter Woodul long has been a friend of West Texas. While serving as state senator, he acquired many friends from this section by reason of his regard for the interests of the entire state.

He was non-sectional. When he ran for lieutenant governor, he polled a heavy West Texas vote. Midland county went for him strong.

Whether his appointment of Colonel Scharbauer was in repayment for the support of residents of this section or whether it was in an effort to have West Texas represented on the governor's staff by a typical West Texan, and we believe that was his motive, the act was appreciated.

Walter Woodul, while serving as Governor Woodul, has done much more than to keep the governor's office open. He has carried on the affairs of the executive department in no small way. Governor Woodul, we thank you!

SECURITY OF RICHES

It is officially announced in Chicago that the federal government has dropped its long battle to send Samuel Insull to prison. Attorney General Cummings has instructed the U. S. district attorney for Chicago, Dwight Green, to "forget" the remaining charges against Insull.

So we come to the end of a long trail. Mr. Insull might just as well have saved himself that frantic trip to Greece and points east. He had nothing to fear, after all.

In fact, Mr. Insull could have saved himself a great deal of trouble if he had only taken the pains to remember that time-tested old American saying: You can't put a million dollars in jail.

ACCIDENT PREVENTERS

Dr. Frederic W. Bancroft, associate professor of clinical surgery at Columbus University, reveals that there is a movement among medical men to foster the establishment of a long chain of medical first-aid stations along American highways for traffic accident victims.

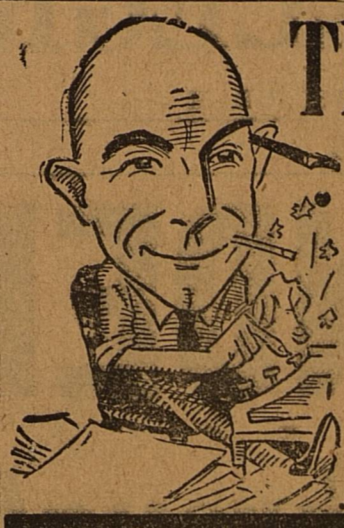

Frequency of such accidents, he points out, makes it necessary to provide some means of giving first-aid treatment to victims. A series of first-aid stations would save many lives and prevent much suffering.

It might also have another good effect. The presence of such a chain of dressing stations might shock us into realizing how intolerable our traffic accident toll really is.

Properly shocked, we might some day be stirred into taking action that would make highway traffic safer.

work them with copy work. So, maybe we will get to the letter soon. This may be construed as a hint to contributors of copy. If you have access to a typewriter, you can copy as easily as we can.

Now that Colonel Clarence Scharbauer is a kernel, the problem facing him is to get his military power into action. Uncle John Scharbauer suggested that the Colonel organize a group of rough riders, arm them heavily and then go out and kill jack rabbits.

However, Uncle John can't get to talking about going hunting without thinking of Joe Perry's old coon dog, but that's another story.

As long as the residents of West Texas have had the habit of wishing it would rain to grow some grass, last week was the first time they ever said they were glad to get a rain to wash off the grass. Those dust storms we had for weeks was something new over the sun.

The Odessa reader who recently wrote us the hot letter about Huey Long has written another about the relief situation, but we'll have to wait until we get time to copy it. You know with our high priced linotype operators, we can't afford to slow them down with long-hand copy, and with our high-priced reporter staff, we can't afford to over-

The man who goes along smoothly, according to Tom Bobo, is the man who prepares for the bumps.

Harry Tolbert's farm has been turned into a haven of rest for the mule team, Kate and Jack, which had worked on the Midland streets for 22 years. Imagine my surprise when driving by Harry's farm the other day to find that he got the wagon too. Kate and Jack had been delivering ice here ever since the Southern Ice & Utilities company had been at Midland. Prior to that time they did the same thing for the Midland Light company. And now at a ripe old age they have selected the home of fat horses to settle down to quiet living.

Harry has four saddle horses at his farm, about 15 and a half hands tall on an average, and they are in such condition that they won't weigh a pound over 1,350 a piece.

"ANNE OF GREEN GABLES" AT RITZ

A best seller since it was first published in 1908, throughout the world, "Anne of Green Gables" has been brought to the screen as an RKO-Radio Picture, now at the Ritz.

More than one million copies of the book, written by L. M. Montgomery, have been sold in the United States and Canada, and the novel has enjoyed tremendous popularity in Great Britain, and has been translated into many foreign languages including the Dutch, French, Polish, Norwegian and Swedish.

Sixteen-year-old Anne Shirley is featured in the film and Tom Brown plays the leading boy role. The featured adult roles are by Helen Westley and C. P. Huggie. Sara Haden and Gertrude Messinger are others in the cast.

The story concerns an orphan being whom Mark Twain characterized as "the dearest and most moving and delightful child since the immortal Alice." Adopted by a spinster and bachelor brother and sister who had been expecting a boy from the orphanage instead of a girl, she transforms their lives by her vitality and lovable character. Her romance with the most popular boy in the country school is also traced.

PORT WAYNE, Ind. (AP)—Nick G. Boulous, Ind. Hoosier, was awarded a medal by the mayor of Chateau-Thierry, France, for his service in the famous battle of Chateau-Thierry, July 18, 1918, in which he was wounded. A scroll in French signed by the mayor accompanied the medal.

West Texas Bridge Tourney at Abilene

ABILENE, Tex., Apr. 20.—The First Annual West Texas Bridge Tournament will be held in Abilene May 4th and 5th at the Wooten Hotel, under the auspices of the Abilene Club. Organization of the West Texas Bridge Association will be perfected and officers elected at this tournament, which will be open to the public.

Registrations already indicate an enrollment of at least 20 players for the tournament, which will be conducted in the club rooms, the colonial suite and the modernistic ball room of the Wooten. A good many registrations have already come in from out-of-town players, and large delegations are expected from Stamford, Beckenridge, Ballinger, Big Spring, Coleman, Colorado, Cisco, Hamlin, Sweetwater, Spur, San Angelo, Wichita Falls, Amarillo, Midland, Eastland, Ranger, Mineral Wells, Lubbock and other towns. Eighty Abileneans are expected to play.

Players are to register Friday, May 3rd and Saturday, May 4th, until one o'clock. The registration fee for all events is one dollar per person. Playing will start at 1:30 Saturday. There will be three divisions of the tournament: the pairs, championship, the individual championship, and the team of four championship. A silver loving cup will be given to each of the winners, seven cups having been purchased and are now on display in the Abilene Club on the third floor of the Wooten Hotel. Ralph St. John and H. W. Weiden are co-chairmen for the tournament, which will be conducted under the direction of Mrs. E. Lilius, popular bridge teacher of Abilene. Committees in charge of arrangement, publicity, registration, reception, auditing, rules and prizes have been appointed and are now busy working

out details for the tournament. Tournament chairmen for various towns are: Mrs. Dwight Hunter, San Angelo; Mrs. A. C. Cooper, Stamford; Mrs. R. L. Ragsdale, Childress; Mrs. Charles Trammell, Cisco; Mrs. R. A. Eaton, Spur; Dr. Mackelmeier, Wichita Falls; Mrs. Roy Maddox, Winters; Mrs. A. A. Williams, Big Spring; Mrs. Elliott Cowden, Midland; John Mouser, Eastland; Mrs. J. B. Driscoll, Amarillo; Mrs. Claude Lee McAllen and W. H. Martin, Abilene. Towns not listed above are invited

to select your own chairmen and send in registrations at the earliest possible date to the Bridge Committee, the Abilene Club, Abilene, Texas. Information and entry blanks may be procured in person or by writing to the Abilene Club.

Alathean Class Meets at Home Of Mrs. Barron

The Alathean class of the Baptist church held a social meeting at the home of Mrs. T. Paul Barron, 405 N. Loraine, Friday afternoon at 3 o'clock. Hostesses were Mmes. Barron, Tom C. Bobo, Percy Mims, R. V. Lawrence, and J. E. Hill.

Games of 42 occupied the afternoon. A green and white color scheme and Easter tallies lent a seasonal tone to the occasion as did the plate favors of Easter chicks presented at tea time.

Following the games, a party plate was served to the hostess group and the following class members: Mmes. Josephine Ligon, J. M. White, A. W. Wyatt, M. E. Hill, Geo. Phillips, E. H. Barron, and Harry Tolbert.

HEALTH

WASH Cooked by MRS. ADDISON YOUNG

Fond parents who suppose their responsibility for their child's good looks ends with just being the parents and seeing that Johnny has washed behind the ears will not find much comfort from recent researches by Dr. Thomas W. Todd of Western Reserve university. It seems that the length of our noses, the shape of our chins, etc. depend a good deal on what we were fed in infancy and childhood. In the future parents can't dismiss reproaches about snub-noses with the answer that the Perkins have always been like that; their progeny will know that they weren't fed the right things when they were too young to have any say in the matter.

Dr. Todd has found from studies which he has been conducting over the past six years that mal-nourishment and under-nourishment seriously hinder development of the chest and heart although they do not appreciably effect the growth of the body in height. If this were only a matter of good looks it might not be so very serious, but the health of the individual in later life is affected by the nutrition of his early days. It may be very nice to have a nose like John Barrymore, but it is even more essential to have a fully developed chest with plenty of room for lung expansion.

Other scientists have already shown the fallacy of using the standard weight and height chart as a index of the body nutrition. Some school physicians are now using as a test for nutrition in children a formula that involves certain measurements of the head and chest, and the condition of the musculature.

If the modern mother wants to insure her child against stunted development we suggest a good course in dietetics. There are any number of good books on the subject which may be borrowed from the county library.

FIRST PRESBYTERIAN CHURCH
W. J. Coleman, Minister
J. L. Kendrick, Church School Supt.
Mrs. W. J. Coleman, Minister

9:45 a. m.—Church School. Good departments and splendid teachers for every age.
1:00 a. m.—Divine worship. The minister will speak on: "And The World Was Changed." This will be an Easter music being arranged for as well as congregational singing of dear old Easter Hymns.
6:00 p. m.—Vesper Service. Another Easter worship service will feature this hour. The message will be based on "The Angel's Easter Commands," linked not only with immortality but with life today in this world.

Each service of the day will be open for christening of babies. As the little Lord Jesus, when He was merely eight months old, was taken into the Temple and dedicated to God, so should we, as Christian fathers and mothers publicly entrust our children to Him. "He is able to keep that which we entrust to His care." Do you really believe His word?

Variety and Good Workmanship Mark School Exhibits

Excellence of handwork and variety and originality of projects characterized the annual exhibition of school work presented Friday at Junior High, North and South Elementary schools.

The display included examples of lesson work, art work, and handicraft of pupils in all grades of the elementary and junior high school grades.

Particularly interesting in view of the coming Centennial and of the anniversary of San Jacinto day, were the exhibits concerning Texas history displayed at the Junior High school.

Models of early capitals of Texas as well as blockhouses and similar pioneer buildings were carved from soap. Booklets on the history of Texas through the years of its existence and maps of the Republic and one showing the counties in the state today were additional items showing careful work and research.

A log cabin settlement with mud-plastered walls drew attention as did note books on the Pilgrims and George Washington.

Various types of drawing, painting, cutwork, and lesson work were shown. The floral border above the display board gave an Easter touch to the collection.

Handwork was the feature of the North Elementary school exhibit, with the "Health Express" of the second grade pupils a special feature. Unusual "spatter work" pictures were another high point in the collection along with the moving picture of the "bad germ" with original drawings by children of the first grade.

Woven handkerchief cases, ginger-ham dogs, clay models featuring a hen with chickens, and jointed animals and men made from construction paper were among the dozens of interesting articles shown.

The South Elementary school exhibit was made especially attractive through being grouped and plainly labeled as the work of the several grades.

The "Travelogue" of European countries showed careful work and novel inspiration.

Free hand drawings, a colorful music poster, health posters, cut-outs, and flag books of Texas shaped like an outline map of the state were other interesting parts of the collection. Paper boxes, wooden furniture, and clay models showed ingenuity and originality.

All displays were open to the public during the school hours.

Rebekkah Lodge Initiates Nine

Nine candidates from Midland were initiated in the Rebekkah lodge at Big Spring Friday night. Four members of the lodge, Mr. and Mrs. Henry Thomas, Mrs. J. W. Pace and W. H. Denson, accompanied them there.

The candidates receiving the work were Chas. Robison, Mrs. Hall, Miss Letha Hall, Miss Wilson, Miss Lois Pace, Mrs. Roxane Fuller, Mrs. R. L. Mitchell, Mrs. Dock Wesson and Mrs. Drew Ruple.

The odds against any single number winning any time the ball is wanted on a Monte Carlo roulette wheel are 37 to 1. A winner receives 36 times the amount on his stake.

Mother-Children, Graduate

MONETT, Mo. (U.P.)—High school diplomas will be awarded here this spring to Betty and Bob Crabb, 17 and 18, respectively, and their mother, Mrs. Ruth Crabb, Mrs. J. Figgitt left an estate of \$10,000. Crabb, wife of a minister, was unable to finish her high school work when a girl, so she took the course with her children.

Woman Recluse Had \$10,000

NEW PHILADELPHIA, O. (U.P.)—Although she was frozen to death while living in dire poverty in a lonely shack near here, Sarah J. Figgitt left an estate of \$10,000. It was revealed when her estate was taken before probate court here. The woman died a recluse. The money will go to 12 heirs.

Mrs. Henderson Compliments Pupils With Easter Party

Mrs. Bryan C. Henderson entertained Friday morning with an Easter party for her pre-school pupils and their guests.

Due to the damp weather, all games and the egg hunt were held indoors. The first contest was "Easter Tennis" and was won by Eddie Richardson who knocked over the most chickens with a ball. The reward for this victory was a cotton rooster. In the "Bunny Hop-Race," Dorothy Turner was winner. She hopped like a bunny to a goal reaching it before the others and receiving a white rabbit as prize. Next the children were blindfolded and tried to pin the tail on a large paper rabbit. Betty Anguish was winner of this contest and was given a pink rabbit.

In the egg hunt, those who received most eggs divided with those who found least. Jimmy Greene found the prize egg and was awarded a blue rabbit.

At the conclusion of play, hard yellow candies and favors of yellow chicks were passed.

HER House-cleaning

NEARLY CLEANED HIM OUT

How was she to know that bundle of old papers with a string around it contained insurance policies, notes and other valuable papers that could not be replaced?

They were in such an out of the way place, too, where he thought they would be safe. He couldn't blame her. But he blamed himself for foolishly having tried to save a few cents a month that would have given these possessions real protection in a safe deposit box.

Are you trying to "get along" without safe deposit protection?

Thirty million miles of Ford Economy

MORE MILES. Faster miles. Greater economy . . . that is the story of the Ford V-8. There are conclusive figures from owners to show that it is the most economical Ford car ever built.

A particularly interesting and complete report of costs comes from a national fleet owner who has owned 854 Ford cars which were run more than thirty million miles in business use.

175 were Model T Fords which were run 5,017,075 miles. 599 were Model A Ford cars which were run 24,041,632 miles. 80 are Ford V-8 cars which have been run 2,982,886 miles.

This owner's cost records show that Ford V-8 cars cost 12% less to operate than the Model A Fords and 31% less than the Model T Fords. And they covered more miles per month! The monthly average for the Model T Fords was 1509 miles. For the Model A Fords, 1866 miles. . . . And 2571 miles for the Ford V-8.

Each year the Ford car gives you more in value and performance and costs you less to operate. The Ford V-8 was an economical car in 1934. This year it gives you still greater reliability and economy, new beauty, new safety, new ease of control and remarkable new riding comfort.

Actual Figures Show the Ford V-8 is 12% more economical than the Model A. and 31% more economical than the famous Model T.

City Audit Open For Inspection

Auditing of the books of the City of Midland, covering the two year period ending March 1, completed recently by Nolan Phillips & Co., certified public accountants of Waco, has been approved by the city council and is on file at the city hall, it was announced Saturday.

City Secretary J. C. Hudman said the audit was too lengthy for publication but was open for the inspection of any city tax payer who would call at the city hall.

Substantial gains in the financial condition of the city over the two year period was reflected in the audit. City officials said that if payments of delinquent taxes keeps up at a steady rate, a reduction in the city tax rate is planned.

Excavation Starts on Pecos Federal Bldg.

PECOS—Excavation for Pecos' new \$17,000 federal building, goal of civic leaders for a quarter century, began Thursday afternoon as the long-awaited power shovel arrived and was quickly set in operation by the R. E. McKee Construction Co.

Work will proceed rapidly. Excavation should be completed in a week to ten days. After that skilled labor will be employed. Mr. Hanson, superintendent, estimates that around 150 men, mostly skilled workers, will be employed at the peak point on the building.

Laying of the mains for the city's soft water pipe line, reaching from the wells south of town to the city limits, had progressed to within three miles of the main reservoir site located on the southern edge of town, by dusk Thursday.

The pipe-laying crew has stepped up operations and are now putting down about 4000 feet of pipe a day. Barring trouble, the pipe line should reach the reservoir site within about four days.

Forms for the concrete reservoir were completed and pouring of the concrete got under way at the main storage tank Thursday afternoon.

Odessa Business Men Make Good Will Trip

ODESSA—A large group of Odessa business and professional men left Friday morning at eight-thirty on a visit to neighboring towns to the north and west, carrying a message of good will and friendliness to the people of Andrews, Seminole, Jal, Hobbs and Eunice. With them went the Odessa High School band, resplendent in new uniforms, and all turned up in readiness to entertain the crowds they encountered in these towns.

First stop of the trip was at Andrews, where in addition to visiting with Andrews people, and leaving souvenirs of the trip, they were joined by a number of Andrews business men, who made the remainder of the tour with them.

From Andrews the party went to the Humble Camp, a few miles north of Andrews, for a stop of a few minutes, and thence to Seminole.

From Seminole the tour turned westward into New Mexico, where Hobbs, Jal, and Eunice, three thriving oil towns, were visited. The lunch stop was made at Hobbs, a metropolis of that section of New Mexico.

The section visited is one of the outstanding oil producing areas of the Southwest, and this time most active part of the great Permian Basin. This is the first of a number of similar tours planned by the Odessa Chamber of Commerce and organized by that body.

McCamey Birthday Celebration Starts

McCAMEY, Apr. 20.—If Monday does not prove to be one of the biggest days in McCamey's entire history, the people of McCamey will be greatly disappointed. McCamey's birthday celebration is a regular annual event, and on such occasions the city is thronged with people coming here from a radius of 100 miles or farther to participate in the somewhat unique and unusual observances.

This year the program, different from any hitherto given, has been arranged, the chief drawing card being the awarding of a new 1935 model automobile or \$500 in cash. Since McCamey is the trading and distributing center of the great Permian Basin, whose great oil wells have long since made it famous throughout the entire United States, it is expected that Port Stockton, Crane, Iraan, Big Lake, Odessa, Texon, Rankin and Midland will be well represented here on that day.

Another feature of the celebration will be a parade in which will march at least four and perhaps five of the best high school bands in all West Texas: Iraan, Crane, Fort Stockton, Reagan County and McCamey, and which organizations, beginning at 5:30 p. m., will enter a contest for cash prizes totaling \$75.

Before that hour, however, at 3 p. m., the Iraan and McCamey baseball clubs, two members of the Permian Basin Baseball League will play on the Refiners' diamond.

At 7 o'clock sharp, the automobile or the \$500 in cash will be awarded. At 8 o'clock the crowd will be in-

ation in Magnolia No. 1 Edwards, 990 feet from the east line and 330 feet from the south line of section 2, block B-23, public school land.

Sole activity for Upton county during the week was completion of Stanoind No. 37 Burlington, 1,650 feet from the north line and 4290 feet from the east line or the J. Nidver survey, for 223 barrels daily after acid treatment.

In Glasscock county, Shell No. 3 Coffee, 2,310 feet from the east line and 1,335 feet from the south line of section 15, block 35, township 35 south, T. & P. Railway survey, was completed for 864 barrels daily.

The Settles pool of southern Howard county, balanced a completion against a new location, the finished well being Continental No. A-12 Settles, 330 feet from the north line and 440 feet from the east line of section 134, which was dry and abandoned at total depth of 2,535 feet, and the new operation being Humble No. 11 Settles, 635 feet from the south line and 238.5 feet from the west line of section 132, both block 29, W. & N. W. Railway survey.

Testing more or less unproven territory northward toward the Denman area, John I. Moore has made location for No. 1 Snyder, 330 feet out of the southwest corner of section 28, block 30, township 11 south, T. & P. Railway survey. In the Denman area itself, Sinclair-Prairie completed No. 15 Dodge-Estate, 1,650 feet from the north line and 330 feet from the west line of section 11, as a pumper of 137 barrels daily, and made location for No. 16 Dodge, 330 feet from the north and west lines of section 3, and Merrick and Lamb located No. 2 Bell, 330 feet from the east line and 2,310 feet from the south line of section 12. All are in block 30, township 11 south.

Odessa Jail Break Averted by Sheriff

ODESSA—Intercepting a package of saw blades, half way between the ground and the upper floor of the Ector county jail, Sheriff Reeder Webb one night last week frustrated an attempted jail break here. The package was tied to a rope made of strips of blanket from a jail bunk lowered from a second story window.

Around nine o'clock in the evening, Sheriff Webb, from his living quarters on the lower floor of the jail, heard a queer scratching noise at the outside of his window, and listening, overheard one of the prisoners on the second floor conversing with two men on the ground out-

side the jail in "dor latin." He rushed outside, and two men ran away. At the window he found the package, hung to the screen, where it had caught as it was being drawn to the cell above.

Four of the boys upstairs are waiting for "Uncle Bud" to come for them in his "one-way" bus and take them to the State penitentiary at Huntsville. They are: Lloyd Day, sentenced to two years; Newman Bowman, to serve two years; Z. G. Brown, two years; and Allen Sanford, negro, 35 years.

Armored Shield May Aid Cops

SAN RAFAEL, Cal. (U.P.)—Inexpensive armoring of all police cars is seen as a possibility in the bullet proof shield developed by Chief of Police Sabin D. Kane. The shield is held against the roof of the car when not in use and is dropped to guard the occupants, while the glass is raised. A large auto manufacturer has been granted permission to use the device.
