## Seating Capacity Of Grandstand to Be Raised to 5500

Seating capacity of the Midland Fair grandstand will be increased to 5,500, rather than the 2,520 persons originally planned, it was announced by executives of the organization this morning.

The steel grandstand, entirely covered by a roof, will have its center at the finish line of the race track. The rodeo arena is directly in front, and inside the track oval.

Facing eastward, the grandstand will afford extraordinary shelter and comfort for those attending race meets, rodeos and other attractions of the fair.

It was originally planned to make the grandstand 48 by 160 feet in size, and the foundation for this portion is well under way.

Counting the box seats, to be constructed at the front of the stands, fair officials estimated that 5,500 persons can be accommodated.

The decision to double the seating capacity was made after a check-up of average attendance at rodeos, race meets and fairs of various sizes.

Survey had been completed for the entire grounds. Posts and wire were on the ground for the 8,500-foot project. Posts also had been bought to handle the heavy timbered rodeo pens and construction was expected to begin soon on this project.

## Hawk Continues His Texas Stone Drive

AUSTIN, Aug. 19.—"There is only one way to sell native Texas building stone to Texas architects," said Wilbur C. Hawk, chairman of the Texas Planning Board's Mineral Resources Committee.

The Texas Planning Board is charged with the duty of ascertaining the amount of Federal money to be expended in Texas and then making a plan for the expenditure of such funds.

"We also find that Texans prefer monuments made from Vermont granite," Hawk said.

Reorganization of the school of agriculture at John Tarleton College is being completed.

Two births were reported at a Midland hospital for the past week-end.

The other birth was also a girl, born this morning to Mr. and Mrs. W. F. Chambers.

The peas will be from a six-acre irrigated tract on the Miller farm.

Evenings (except Saturday) and Sunday Morning MIDLAND PUBLISHING COMPANY, PUBLISHERS 112 West Missouri, Midland, Texas T. PAUL BARRON, Publisher

Nothing in American life is quite so easy to criticize as the administration of unemployment relief.

Here is a job which, even if it should be done perfectly, would still be a bad job. Relief is bad for those who receive it and, ultimately, almost ruinous for the nation which has to pay for it.

We read, currently, that all federal doles are to end by November 1, by which date people on relief will either be back at work or supported by the states and cities; that President Roosevelt, doubting that this can be done, has summoned his advisers to prepare estimates on the cost of relief for next year; that people on relief are getting so used to receiving something for nothing that they often refuse to take jobs that are offered; and that relief systematically undermines the morale of its recipients, building up a permanent pauper class which doesn't care much if it never gets back to work.

The publication of all of these stories within a few days of each other simply testifies to the extreme difficulties that any relief program must carry with it. And yet, while we admit that the problems of relief are very great and pressing, it ought to be pointed out that the relief question is only a symptom and not a disease.

The real trouble is not relief but the unemployment which makes relief necessary.

That, in the last analysis, is the only solution. It does no good at all to sit back and moan about the evils of the dole. As long as widespread unemployment exists, the dole must be continued, no matter how expensive it is, or how ruinous to its recipients' morale.

GOOD AUGURY FOR FALL

There have been many signs of brisk business activity for the fall and early winter. Business opinion is almost united in expecting an improved season. Noteworthy among these signs is the number of out-of-town buyers arriving in New York in July. They numbered more than 4000, a figure well ahead of any July since 1929. Indications are that in August the total will be still greater.

FEMININE FANCIES BY KATHLEEN ELLAND

We've decided we really must travel more. When the stage is reached where we can't take a car trip of less than 300 miles even, without feeling as if we had been tossed into a bag and shaken up and down like a rag doll, something should be done.

Midland has the pleasure of having as visitors for a few days two newspaper women from Fort Worth. We hope they will enjoy being here as much as we enjoy having them.

A Midland merchant recently told us that on a marketing trip from which he had just returned he had bought more merchandise than he had ever bought on any other trip.

A really beautiful set of damask table cloth and napkins is being shown, imported from Czechoslovakia. Woven of silk and Maco (the high-priced Egyptian cotton), the cloth is a luscious peach color with a dignified and striking female Sphinx design—different from any other design for table linens that we have personally had ever seen.

GARDEN Gossip advertisement for window boxes.

The most frequent cause of failure with window boxes and plants grown next to the wall is a lack of moisture.

Window boxes and potted plants on the sill get the least natural moisture. Usually they are set flush against the side of the wall where the upper window ledge and the eaves of the house "protect" them from the rain.

Watering twice a day in the hot summer days is not excessive. During cooler weather, the watering may be cut down to once a day.

The Town Quack

(Reserves the right to "quack" Home everything without taking a stand on anything).

After I put in a day going to church, I get to preaching in this column on Monday morning. I hope I won't have the pastors' association on me for putting up too much competition.

I understand there was very little stuttering done by local pastors yesterday when they voiced their opposition to repeal and rededicated the pulpit to a stand for prohibition.

When people get sick, I am always glad to see them get well; but yesterday I saw a man recover more rapidly than usual. He wasn't able to go to church yesterday morning, but by afternoon he felt so well he played 18 holes of golf. And even that didn't tire him out; I'm sure I saw him at the show Sunday night.

What! I gave myself away, didn't I? But it's too late to back up. The above paragraph is written, and she stands.

Old Timer, on visit here: "Well, well, you don't look a day older." Honey Citizen: "Maybe I don't, but I feel old enough to be a tradition."

SHERIFF'S SALE No. 2672 HAWAII TO TAX MINISTRY

HONOLULU (UP)—Ministers in these American isles may find themselves "in business" this year. Although their occupation is still recognized as professional, they are included in the terms of the gross income tax act passed by the legislature. The act provides for a license of \$1 a year to do business.

THE STATE OF TEXAS, County of Midland, NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Midland County, Texas, on the 14th day of July, 1935, by Nettie C. Romer, Clerk of said District Court, for the sum of Five Thousand Three Hundred Forty-Two and 69/100 Dollars and costs of suit, under a judgment, in favor of John Scharbauer & Clarence Scharbauer in a certain cause in said Court, No. 2672 and styled John Scharbauer and Clarence Scharbauer vs. Mrs. Josephine Jones et al, placed in my hands for service, I, A. C. FRANCIS, Sheriff of Midland County, Texas, did, on the 1st day of August, 1935, levy on certain Real Estate, situated in Midland County, Texas, described as follows, to-wit:

Section No. Twenty (20) in Block Forty (40), Township 3-South, Certificate 3299, T & P Ry. Co. Grantee, Containing 940 acres of land more or less in Midland County, Texas, and levied upon as the property of Mrs. Josephine Jones and Mrs. Josie Fay Peck, individually and as independent co-executrix of the estate of O. P. Jones, Deceased, and that on the first Tuesday in September, 1935, the same being the 3rd day of said month, at the Court House door, of Midland County, in the City of Midland, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. Josephine Jones and Mrs. Josie Fay Peck, individually and as independent co-executrix of the estate of O. P. Jones, Deceased. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks, immediately preceding said day of sale, in the Midland Reporter-Telegram, a newspaper published in Midland County, Texas.

Witness my hand, this 1st day of August, 1935. A. C. FRANCIS, Sheriff Midland County, Texas. By Fisher Pollard, Deputy. Aug. 12-19-26.

The Detroit Lions are the first to apply the baseball farm system to professional football. They've reached an agreement with the Louisville Colonels of the American Football Association. Jimmy Collins, of the Cardinals, grips a sponge taped on the handle of his bat to increase his power. Tudy Marchese, one of the better midget auto racing drivers, seldom presses his machine to its maximum speed. The Pimlico Futurity is to be renewed this fall. If it goes to the post the winner will receive \$47,840. Only eight pitchers batted 20 games in the majors in 1934. Four in each league. In the American, Vernon Gomez captured 26. Schoolboy Rowe 24, Tommy Bridges 22, and Mel Harder 20. In the National, Dizzy Dean took 30 decisions, Hal Schumacher 29, Wazearne 22, and Carl Hubbell 21. Jake Powell, the highly regarded outfielder recruit of the Senators, played football and soccer and was an amateur boxer. Harry Geisel, American League umpire, has not batted a player in four years. Faust became a winning juvenile when Mrs. Henry C. Phipps after it was feared that he would have to be destroyed as the result of running into a fence.

Bobby Grant Hailed as East's Hope in Amateur

Bobby Grant, a tall, rugged Connecticut youngster, is hailed as the east's hope in the National Amateur golf championship in Cleveland Sept. 9-15. A blond Ryan war cry fit to be played by the Yankees probably would have to be put on asbestos paper and deleted by the censors. Little Frank Straft, national public links champion, is Brooklyn's newest hero. Shanty Hogan, released by the Braves, can have a job with the Dodgers, due to Gordon Phelps being on the retired list with a fractured thumb. Jimmy Bucher, quit playing when Casey Stengel switched him from third base to the outfield to conserve the strength of a frail athlete. The New York Evening Commission ruled that Freddie Miller must agree to a featherweight

title match with Baby Arizmendi before engaging in any other bouts in that state. Miller is eyeing the 135-pound crown.

#### Braddock Would Like to Insure Match With Louis

Joe Gould, manager of Jimmy Braddock says that instead of dodging Joe Louis, the champion will follow the negro around to make sure that nothing happens to him. Gould points out that win, lose, draw it won't be tough to take \$100,000 or more as Braddock's end next June, and promises that the stevedore won't be limp with fright on a National League infield shift far to the left side of the diamond when Hank Leibler, of the Giants, treks to the rubber. Sunny Jim Fitzsimmons announces that as things stand now Omaha will not be started in the Travers Stakes at Saratoga on Aug. 17. Omaha appears sore and will not cool out properly after workouts. William F. Logan, freshman soccer and lacrosse coach since 1930, has succeeded Albert B. Niez as head coach of those sports at Princeton. The greatest fleet of racing yachts of the sail that ever participated in a single regatta in this country, 352 boats, crossed the starting lines in the Boston Yacht Club's contribution to the midsummer yachting festival at Marblehead.

### SOFTBALL TEAMS SPLIT TWO WITH WINK YESTERDAY

Midland softball teams split a doubleheader with Wink teams there when the Midland women won over the Wink women by 8-7 and the Midland men, composed of players from various teams of the league here, were defeated in a 12-11 slugfest.

The local women players had a much harder time in defeating the Winkites than they had in handing them a severe drubbing here a few nights ago when they won by about a 20 run margin. The Wink women took a four run lead in the first inning and it was not until the sixth inning that the Midlanders were able to catch up. They went three runs ahead when they made that many runs in the seventh but had a hard time holding it in the seventh, retiring the Wink women after they had scored two runs and had the tying one on base.

The Midland men took an early lead and at one time boasted a 10-4 run advantage but lost it in the seventh when the Wink team landed on Hill, Midland pitcher, from various teams and then made one more in the eighth to win.

#### 2 Favorites Appear On Tuesday Mat Card

**BIG SPRING, Aug. 19.**—Two local favorites will make their appearance again in the Big Spring Athletic club's ring Tuesday evening and the fan fare should get their share of thrills for each. The adopted sons has been matched against dirtiest wrestlers ever to appear here.

In the main event, the likeable Bob Cummings will attempt to overcome very unpopular Sailor Moran. Cummings, in his last local appearance, owned a tight-fitting Don Hill and will be aided along to victory, if he shows that he can take the same kind of stuff from Moran, by a hearty following.

Hill, who will attempt to win back some of the following which he lost in his bout with Cummings, by throwing Buck Weaver over the ropes, will be best to apply the Alabaman and even stepped outside the ring to whip several of the pleskin toter's followers, but Bob Hill returned to the legal brand of wrestling as he came to grips with Cummings.

Moran, the other half of the main event, is probably the most unpopular "grizzle ear" ever to show here.

Hill's enemy in the semi-final, Buck Weaver, may be troubled not little by the Californian's jabs and punches but the respected blond-headed kid may overcome the aviator with some of the best drop kicks ever seen here.

Weaver's footwork rivals that of the Masked Marvel, unknown speedster who has never been defeated in this country.

Pat Dowdy will return in the special event with newcomer Slim Doll as an opponent.

The first match will begin at 8:30.

#### 80,000 See Finals In Soap Box Derby

**AKRON, O., Aug. 19.**—Eighty thousand spectators saw Indiana boyhood triumph for the second consecutive year in the All-American Soap Box Derby here when 13-year-old Maurice E. Bale, Jr., of Anderson, Ind., drove his scarlet and gray coaster to victory over juvenile champions of 51 other contending cities.

Seventy-pound Everett Miller, 13, St. Louis, was second, and Lonny Kline, 15, of Akron, O., third. The three finalists flew down the brick-ed slope to cross the finish line scant inches apart. The first derby, in 1934, at Dayton, O., was won by

Robert Turner, of Muncie, Ind. The winner of first place received a \$2,000 four-year scholarship in any state university. Second was awarded a Master Chevrolet coach, and third a Standard Chevrolet coach.

Each of the three boys reaching the final also received a silver trophy and medal. A wrist watch was given to each of the 52 city champions.

Other awards: Charles F. Kettering Trophy (for the best designed and constructed car)—Drayton Rhodes, Philadelphia.

Indianapolis Motor Speedway Trophy (fastest heat)—Lonny Kline, Akron, 3.4 seconds.

J. D. Tew Trophy (best brakes)—William Spain, Rochester, N. Y.

Collins (A) Alkman Trophy (best

### Fastidious Deer Prefers Biscuits

**ROCK SPRINGS, (A.P.)**—If the price of flour continues to rise, Tom Drago, Edwards County ranchman, says he may have to shoot his pet deer this fall.

The deer, which is 3-years-old and has 10 points, prefers biscuits to other food.

The deer came to the house recently after an absence of a month, licked the dog affectionately, greeted Mr. and Mrs. Drago and ate a half dozen biscuits. Next morning it was gone. It is the only deer in the pasture that visits the ranch house.

The Dragoes have raised 15 or 20 deer as pets, but Drago says he wants one that likes less high-priced food.

### Costly Clowning

The crowd also responded to the appearance on the course of Tom Mix, old-time movie star; a truckload of Hagenback & Wallace clowns, and a dozen bands, and in the air above the course of "Miss Chevrolet", white bullet of the air, which holds the world's speed record of 237 miles an hour for inverted flying. Harold Neumann, pilot of the Benny Howard monoplane gave a thrilling performance before the Derby Technical Committee, consisting of Harold Blanchard, technical editor of Motor; Irving Crump, managing editor of Boy's Life; Julian P. Leggett, editorial representative of American Boy; Chris Sinsbaugh, editor of Automotive Daily News; Arthur Wakeling, workshop editor of Popular Science, and Franklin Reck, assistant managing editor of American Boy, surveyed the races from a temporary bridge some 20 feet above the finish line.

The semi-final and final heats were broadcast by NBC over the coast-to-coast Blue network, telegraph companies strung special wires to the press stand, and the four major news reels caught the thrills and human interest for the nation's motion picture audiences.

Detroit, Mich., had the largest local entry list in the qualifying round of the 1935 Soap Box Derby. Two days were required to decide the winner in a field of 1085. Leonard Horton, the Detroit winner, was outstripped by Way Ferdinand, of South Bend, Ind., in his first heat in the National.

#### Forestry Camp Urged

**SUPERIOR, Wis. (U.P.)**—Unemployed rural youths have urged establishment by Douglas County of a permanent forestry camp to employ 20 at \$50 monthly, of which \$40 would be sent home. E. L. Vinton, area forester, said 40 men could be employed indefinitely in cleaning out forests and watching for fires.

More than \$1,468,000,000 in U. S. government bonds are held by insurance companies in this country.

#### Raft Reveals Talent In Hilarious Musical Showing at Yucca

The brightest spot of light entertainment in town can be found at the Yucca Theatre where "Every Night at Eight" is holding merry, musical sway.

Highly hilarious, with tuneful, toe-tapping tunes and an originality of story that is as refreshing as an air-cooled theatre on a sweltering summer day, "Every Night at Eight" proves to be as blue-chasing, heart-warming piece of funny business as has come along in a month of musicals.

The picture opens on a gay note with Frances Langford, Alice Faye and Patsy Kelly as stenographer, switchboard operator and bottle packer respectively in a mint julep factory getting fired from their jobs for practicing their harmony singing in the boss's office.

The Radio Rogues, famous ether stars and comedians of no mean ability, with Walter Catlett, contribute the laughs, during the amateur hour sequence. Such tunes as "Then You've Never Been Blue," "Take It Easy," "I Feel a Song Coming On," "Speaking Confidentially," and others provide a bright, romantic, musical background.

#### Gift Presented To Naomi Class

A gift of flowers was presented to the Naomi Class by Mrs. J. A. Tuttle at the weekly meeting Sunday. Mrs. L. H. Tiffin read during the opening exercises and Miss Louise Cox was at the piano.

Mrs. Fletcher Turrie taught the lesson and played for the song service.

would have been hounded out of office. Now that Europe is considered to be drifting toward war again, Britons are reconciled to the preparedness policy and even the Laborite opposition has omitted making this a paramount issue.

With foreign relations in a perilous state, the conservative instincts of British voters have been aroused and there is a noticeable reluctance to leap to another horse while crossing this restless stream.

#### Meat Prices-

(Continued from page 1)

ment of Agriculture says in part on pages 4, 5 and 7 of Volume 2, No. 18, of the Consumer's Guide: "There is not as much meat to go around as there was last year, nor as there was in the average of the last ten years."

"For every 100 meat animals on farms in 1934 there were only 84 at the beginning of 1935. Digestion reduction was in numbers of hogs. . . Not for 50 years has the number of hogs been as low as it is today."

"Obviously with fewer animals on the farm there is bound to be less meat available for consumers. Because of the special circumstances that caused this decrease there are not only fewer animals but those marketed are lighter in weight."

"For every 5 pounds of pork and pork products each of us consumed last year we would get around 3 pounds this year."

"What actually happens, of course, is that prices increase and the increase takes care of the necessary shifts in consumption."

#### Rapid Growth Amazing

**SAINT JOHN, N. B. (U.P.)**—Saint John customs house officials have an unidentified plant that is growing so fast they don't know what to do with it. The plant sprouted beside a cactus plant in a pot on the window sill, but it grew so fast it had to be transplanted to a pot of its own. Today it towers 11 feet above the floor.

# They tell about an Englishman—

Who closely scrutinized  
His income tax blank  
And then sent it back  
With the following notation:  
**"I have given the matter careful thought  
And have decided not to join  
The Income Tax."**

Now getting around to cigarettes  
There are no ifs ands or buts
