### Italian Army Draws Near Makale

**EXPECT TO TAKE CITY WITHOUT HAVING BATTLE**

Rains Cause Halt of Road Building Forces

**ITALY ON DIET**  
Supplies Restricted in Fighting Against Sanctions

**ATTEMPT ASSASSINATE HAILE SELASSIE**  
ROME, Nov. 5. (AP)—The Asmara correspondent of the newspaper La Tribuna today reported that an attempt at assassination had been made on life of Haile Selassie, Ethiopian emperor. The dispatches were reported to have been sent from Addis Ababa.

By Associated Press  
Italy's unresisted army today neared Makale, with their columns converged on Agula, 15 miles away, ready for an assault. Makale was expected to fall without a battle but a two-day halt in the advance was ordered all along the line as the result of rains and the necessity of building supply roads up to the present front.

Italy's six months' "war diet" went into effect today. Supplies of meats and other foods are being restricted to the Italian populace due to the economic sanctions forced upon them by the League of Nations.

The League's economic sub-committee has been called to consider measure providing for a ban on the exportation of coal, petroleum, iron and steel to Italy.

Little hope is held for constructing peace proposals until after British parliamentary elections, November 14.

**Local Thoroughbred Family Names Reach 1935 Winner Lists**  
The name of one Midland thoroughbred filly has found its way to the list of winning two-year-olds for 1935 published in The Thoroughbred Record.

Brigade B, bay filly by Crack Brigade out of Virginia B, won a race at the recent Dallas meet, taking \$500 as her part of the purse. She is owned by Sheriff A. C. Francis and was trained by D. J. Drake.

In the current list of sires of winning two-year-olds, Crack Brigade has five for the year. Republic, sire of three Midland colts foaled this year, has one winner, Dora May out of Zadora May, a mare owned by John Dublin. Zadora May has a filly colt at her side at present.

Republic also sired a black colt, out of Odessa C, owned by Fred Turner Jr. Tom Nance has a bay colt sired by Crack Brigade, out of the imported Elisee W. Sheriff Francis owned a colt sired by Crack Brigade out of the black mare, Youthful Widow. Dublin also has a bay colt sired by Lee O. Cotner out of a chestnut mare by Wilcliff. Lee O. Cotner is one of the leading sires for the year, having ten winning two-year-olds for the year.

### SENATE AGREES WITH HOUSE ON PENSION BOARD

**Three-Member Board To Administer to Eligibles**

AUSTIN, Nov. 5. (AP)—Senate conferees today agreed with the house for a gubernatorial appointment board to administer old age pensions. Adjustments on the bill were being completed.

The senate contingent accepted house demands after the latter body had refused to accept a senate proposal placing the administration under a board of control.

The agreement provides for a three-member board with overlapping terms.

Wet forces today showed signs of weakening under a dry drive and the house refused to kill a bill limiting the sale of liquor to unbroken packages at state-licensed stores.

The dries scored heavily when both houses adopted bills limiting the sale of liquor to unbroken packages as a basis for discussion of liquor regulation.

**Tardy Juror Dismissed**  
BOSTON. (UP)—Edward Farley, of Hyde Park, was dismissed from jury service after he returned one minute late from lunch. The court resumed its duties on the dot of 2 p. m. with only 11 jurors. Judge David P. Dillon ordered Farley dismissed from further service.

### Hold Old-Clothes Matinee Friday

Do you know that the old clothes in your closet are badly needed for the less fortunate in your community? The Ritz Theatre and The Reporter-Telegram are sponsoring an "old clothes matinee" for children to be held at the Ritz Friday afternoon from 3:30 to 6:30 o'clock. The price of admission to the matinee will be one garment. Any child upon presenting a good, clean, usable article of clothing or pair of shoes at the boxoffice of the Ritz Theatre between those hours will be admitted free. The old clothes that are brought in will be distributed to the needy through the local relief office.

A fall theatre program with Bob Steele in "Smoky Smith" and the new serial, "Call of the Savage," will be presented at the matinee.

Cull over your old clothes now and send Jimmy and Mary to the matinee Friday afternoon. They will see a good show and at the same time be helping someone not quite so fortunate.

### TWO ARRESTED IN BIG SPRING AFTER MEXICAN IS SLAIN

**Third Man Is Sought By Officers There**

BIG SPRING, Nov. 5.—Two Mexicans were arrested late Sunday and a third was being sought by officers Monday after Jose B. Quezada, Jr., 18, died 4 a. m. Sunday with three dagger wounds in his body.

Confident they knew who did the killing, authorities said Quezada probably had been stabbed to death because of his attention to a Mexican woman.

L. D. Romo was arrested Sunday afternoon 15 miles southwest of here and Louis Romo, alias Louis Dominguez was taken Sunday evening at Hermleigh.

Quezada was attacked near the north end of the Gregg street viaduct. He died as he was started to a hospital. He had two cuts in his back and one on the left side of his chest. The latter wound produced death, the weapon penetrating his heart.

Justice of Peace J. H. Hefley Monday morning returned a verdict of death due to stabbing.

Officers named the woman in the case and theorized that jealousy was the motive for the slaying.

No charges had been filed against the two prisoners Monday morning. Besides his parents, Quezada survived by four brothers and 3 sisters. Services were held Monday 3:30 p. m. from the Mexican Baptist church here, officiated by a Mexican section of the Mount Olive cemetery.

### MIDLAND BANK DEPOSITS PAST 2 MILLION MARK

**Total Is More Than Any Time Since 'Boom Days'**

**MOUNTING DAILY**  
Perceptible Climb Is Expected to Continue

Deposits of the two Midland banks exceeded the two million dollar mark at the close of business November 1, statements released today showed. The total was the highest shown in any call since the "high days" of 1928 to 1930, bankers here said.

A week or ten days from now, it was predicted, the deposits will climb perceptibly, with crop money mounting daily, cattle deliveries being made between November 1 and 15 and with certain major oil transactions being now in the escrow stage.

Statements of condition, issued today after a call from the United States comptroller of currency, as of November 1 showed deposits for the First National Bank to be \$1,298,736.41 and for the Midland National Bank \$771,801.29, making a total of \$2,070,537.70.

Loans and discounts of the First National Bank were \$943,340.69 and of the Midland National \$465,278.68. Total cash resources were \$1,281,100.70. Midland National Bank \$391,508.13.

### COMPROLLER ISSUES GENERAL CALL

The trend of the voting was unknown. All elections were generally quiet, with few arrests and disturbances.

### After Quake Hit Helena

Size of the reconstruction task facing Helena is indicated by this picture, a scene of ruin along one of the capital's main streets, damaged heavily by the recurrent quakes. An automobile parked near the stores is seen after an avalanche of bricks had plunged down on it from business structures in the latest series of shocks that made thousands flee the city.

### Frost Whitens the Panhandle Plains

By Associated Press  
Heavy frost whitened the Panhandle plains today as a fast moving cold wave swept through Texas.

Sub-freezing weather prevailed over the northwest. Temperature drops as low as 35 were general over the state.

A cold wave which toppled the mercury to lows for the season here and many other parts of the state gripped Midland last night.

The lowest temperature registered here last night was 37, but had risen to 45 at noon today.

The lowest temperature of the night was registered at Amarillo, 25. The cold is expected to hold over here today but warmer weather is forecast for Wednesday.

No frost was registered in Midland county, but several places, particularly in the Panhandle suffered a killing one.

At San Angelo, Abilene, Sweetwater, Big Spring and many other West Texas points a new low for the season was registered. Midland registered the lowest temperature on the Dallas-El Paso air line, 37.

In the far western and northern states severe crop losses were suffered due to heavy snows and freezing rains.

### MAN IDENTIFIED AS GANG VICTIM

NEW YORK, Nov. 5. (AP)—Police today identified the body of a man found in a shallow grave near Monticello, New York, as apparently a gangland execution.

Finding of the body brought the list of dead in the New York gang outbreak up one more notch as police and government officials are concentrating on breaking up the several gangs in the state and city.

Among those slain so far was "Dutch" Schultz, leader of one of the largest gangs in America. His slayers have not yet been apprehended.

### Hard to Interview Will Rogers; He Drew Statements From the Reporters

Bobby Jones, the golfer, was accompanied for years on all of his trips by an Atlanta newspaperman, O. B. Keeler, who interviewed world figures in all walks of life on two continents.

"Keeler never" was able to interview Rogers though I tried many times and spent many hours in his company," says Keeler.

"It always began, and wound up," said Keeler, "with Mr. Rogers doing the interviewing."

"That first time, now," Keeler went on, "Mr. Rogers was in Atlanta for a lecture. I went to the train to meet him. As he got off the Pullman he was asking me about the gubernatorial race in Georgia, and as we got in the taxi he was inquiring about the Atlanta traffic regulations."

"In the hotel room, Mr. Rogers took the lid off a portable typewriter and asked me what I thought about an article he was writing for a national magazine, a page of copy being then on the machine."

"I was enormously flattered by this digression and the chance to spell for myself if Mr. Rogers really wrote those articles with the funny spelling and grammar in which they appeared. He did—and I got my story mostly about that. But I didn't get an interview out of him then, or at any time subsequently."

"Mr. Rogers amazed a great audience that evening with his information concerning local politics, sports, economics, personal idiosyncrasies, and a variety of other matters connected peculiarly with Atlanta and Georgia. I was more amazed than anybody else. I had no idea I knew so much about these things myself. He was by all odds the greatest interviewer I ever worked with—or against."

Millions now have an opportunity to contribute to the memory of Will Rogers. Famous friends have organized The Will Rogers Memorial Commission. It is hoped every one

### FLORIDA SUFFERS ABOUT \$2,000,000 STORM DAMAGES

**Miami Hardest Hit As Five Killed, 4 Missing**

**NORTH FREEZES**  
Seattle Is Gripped by Crop-Destroying Cold Wave

MIAMI, Nov. 5. (AP)—A post-season hurricane today lashed at Gulf of Mexico shipping as rebuilding began in southern Florida, which suffered about \$2,000,000 damage. Caution was advised vessels on the eastern gulf. The gale's rate movement had diminished, indicating a possible direction change.

Miami, just opening the winter tourist season, was the hardest hit with four dead and five missing and 124 treated for injuries in city hospitals.

The coast guard cutter atamac was standing by a freighter aground off the east Miami beach. The vessel was reported to be in no danger.

Homes and business houses lost roofs and windows and only a few frame houses of Miami escaped the wind's fury.

**NORTHWEST SHIVERS IN SUB-ZERO WEATHER**  
SEATTLE, Nov. 5. (AP)—As Florida counted its storm damage, the Pacific Northwest today shivered in cold that has destroyed thousands of dollars worth of fruit and vegetables.

Sub-freezing temperatures were general from Texas to Canada. Southwestern stockmen took precautions to protect their cattle and other livestock.

Apple, lettuce, cranberry and other crops were ruined in the northwest.

NAVAL TALK AGAIN MAY MAKE U. S. THE GOAT

There is going to be a handsome new naval disarmament conference in London on Dec. 1, and the statesmen of the world are pulling back their cuffs so as to be ready for another round of the grand old game of dealing Uncle Sam three small ones off the bottom of the deck.

A disarmament conference right now would seem to be a prodigious waste of time, since there is not a government on earth that has the remotest intention of reducing its armament. But back of the scenes some interesting things are due to happen, and if the American delegates aren't careful they are likely to come home wearing barrels in place of pants.

Great Britain, the world's pre-eminent naval power for some two centuries, is all set to make enormous additions to her fleet. The coming elections are expected to result in victory for the Conservative party, and this party is all for a great naval building program. It is reported that fully a billion dollars will be spent on British warships and airplanes in the immediate future.

Japan, likewise, is all for building. The Japanese insist on parity—in simpler words, they are going to have a fleet as big as America's no matter who says no—and between Tokio and London the American delegation is apt to have some uncomfortable and interesting moments.

For London and Tokio are likely to work together. The British want the world's greatest fleet. For selfish purposes? Bless you, not at all—for the sake of world peace, international justice, and the rights of small nations. The British will point out that neither America nor Japan is a member of the League of Nations.

The League may need naval power to carry out its program—as, for instance, in the case of Italy. It will be up to Britain to supply the ships. Therefore, Britain must have the greatest of all fleets, and it will be sheer selfishness for America to want one equally large.

Tokio can be expected to support that argument—for the Japanese are interested in parity with the United States, not with England. In return, the British can support the Japanese position. And the American delegation will have to play a lone hand if it tries to argue for continuance of the existing fleet ratios.

Uncle Sam, in other words, stands to collect a great deal of ill will. In England he will be blamed for opposing England's "unselfish" desire to be ready to support the League; in Japan, for opposing the Japanese desire for parity.

However the cards fall, he is due to lose. Under the circumstances, it is a little hard to see why he should bother to go to London at all.

WORLD'S BIGGEST SUCKER

Regardless of its other activities, our federal government seems to have established itself as the greatest investor in the history of the world.

Treasury Department figures show that government credit agencies have loans outstanding for more than \$8,250,000,000, and have assets to the dizzy sum of \$11,500,000,000. This is by all odds the largest single accumulation of capital ever gotten together in America. The country's 10 largest banks do not have resources enough to buy it out.

Even more interesting than the size of these figures is the question how long Uncle Sam is going to stay in his present position. Sooner or later he will want to get out from under this load. Will he be able to do it without upsetting things?

And when he gets through, will he find himself in the position of so many hopeful investors—with a drawer full of pretty but worthless pieces of paper as the sole return for the money he has put out?

Birds of a feather flock together. Perhaps for protection from Sally Rand.

The pet goose of a Tennessee family has produced 658 eggs, providing at last an attainable objective for the Braves.

Shot From Cannon At Gonzales Texas Open Centennial Celebration Today

GONZALES.—A shot from a crude cannon, replica of the brass piece of ordnance which fired the opening shot of the Texas revolution here 100 years ago, early Tuesday afternoon will herald the opening of the first official historical celebration of Texas' Centennial events.

The celebration at Gonzales, beginning November 5 and continuing through November 10, will observe the 100th anniversary of the battle of Gonzales.

The cannon shot will serve a very unique purpose as a starting signal for the two mile historical parade which will move through the streets of the former south Texas battlefield.

The parade will be led by Governor James V. Alfred and other state dignitaries. Ten bands from south Texas cities and army posts and a large number of decorated floats representing Gonzales business firms and other cities of that section will be included.

Gonzales has prepared entertainment for 30,000 visitors on the opening day of the celebration.

Following the parade Governor Alfred and Attorney-General McCray will address the crowd at the exposition grounds. Conducted tours will be made to points of historic interest during the afternoon. On Thursday night the first performance of the pageant, "Texas Under Six Flags," will be presented.

A complete program of sports events and an exposition with a valuable historical exhibit has been planned for each of the ten days of activities.

State wide interest is being shown in plans for the Gonzales celebration. South Texas is cooperating wholeheartedly with bands entered for the parade from Goliad, Cuero, Seguin, San Marcos, Yorktown, New Braunfels, Austin and San Antonio. Dallas and San Antonio will enter floats, along with many others from neighboring Gonzales cities.

King Christian of Denmark is the world's tallest monarch. His height is 6 feet 6 inches.

LYNN COUNTY.—The last buffalo killed in Brown county was the trophy of William Franklin (Uncle Billy) Brown, one of the first settlers of this region. Brown came to this section with David, Beau, Brooks, W. Lee, Isabod Adams, Jesse Hanna, and others in 1857.

After helping to organize the county, Brown was elected first district clerk, in May 1858. He also served as postmaster in the fifties. Brown was born in Georgia, in 1820, and died at the age of 99, on Dec. 22, 1919.

'White Man' Shows Inevitable March of Inevitable Events

EDITOR'S NOTE: The following review of "White Man" by Samuel Raphaelson was written by Mrs. Powell specially for The Reporter-Telegram. She read the play before the Play Readers club at a meeting recently.

By MRS. EARL POWELL. Raphaelson proves his versatility when he swings from writing such sparkling trivials as "Accent on Youth" to such serious drama as "White Man." In this play he presents a startling and powerful aspect of one of the most outstanding social problems facing the United States today: that of the negro who is able to pass as white.

One reads the play with an uneasy, squeamish feeling that nothing can come out right—and nothing does.

The main characters are very real in their tragic situation and suffering. Sympathy is keenly felt for the brilliant, young architect who has so little negro blood that he feels himself to be white and for the emotional young girl who marries him, not knowing of his tainted blood, only to be told later when she is to bear his child and tries to believe herself strong enough not to let the knowledge matter.

In spite of his heroism in wanting the truth known and in trying to rectify his mistake, nothing works out for the young man. He is thwarted by circumstances at every turn. His own people cannot stand by him, his marriage is based on a promise there would be no children, tricks him, his child, born white, turns dark, and his father-in-law takes his wife away. To add the last fatal touch, as one glimpse of hope shines through for a reconstructed life among his own people, he is mistaken for a white man, drawn into a street fight, and kills another negro.

There is no comedy, no sophisticated patter reminiscent of other plays, nothing but the inevitable marching of inevitable events.

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything).

Towns are getting, and we might as well have been asking for some of the free money ourselves.

Most of our news staff went to the Yucca and saw the bill which is there through tonight. It's a great picture, with plenty of entertainment. We have seriously considered putting in a "Through the Keyhole" or "Over the Transom" column in this paper, but we can't find any member of the staff who wants to take it on the schnozzle.

You can't get anywhere in a place like this starting off with: "What Midland Mayor did I see—" or "Who was the Baptist preacher here who—" or "What 250-pound deputy—" It just won't work. We probably won't start any peep-hole column, regardless of how it would help the circulation department.

Which reminds me, our bargain rate is on.

Last Buffalo Killed Was Trophy of Brown

BROWNWOOD.—The last buffalo killed in Brown county was the trophy of William Franklin (Uncle Billy) Brown, one of the first settlers of this region. Brown came to this section with David, Beau, Brooks, W. Lee, Isabod Adams, Jesse Hanna, and others in 1857.

After helping to organize the county, Brown was elected first district clerk, in May 1858. He also served as postmaster in the fifties. Brown was born in Georgia, in 1820, and died at the age of 99, on Dec. 22, 1919.

3-Pound Gain Per Day, Calves Record

TAHOKA, Oct. 5.—T. J. and Harry Pondexter, brothers and 4-H club members feeding calves, have produced an average daily gain of three pounds per day, in the last 45-day period, says V. P. Jones, county agent, reports.

The calves have been fed a ration of oats, milo, cottonseed meal and have had access to sardine pasture. They also have been on a nurse cow.

"Lynn county has seven 4-H club boys feeding calves this year," Mr. Jones said. "It is planned to exhibit these cows at the Lubbock Quality Meat show next spring. The 3-pounds per day gain is mighty good."

"All of the boys have been doing a good job of feeding. Of course, some are doing a better job than others. I think on the whole, we have had some mighty good work done by our club boys."

Club work is a comparatively new project in Lynn county. Owing to the heavy demands on his time for AAA work, Mr. Jones

## 1935 Red Cross Poster

The compelling appeal of the most famous of Red Cross world war posters has been adapted by the distinguished artist Lawrence Wilbur in the 1935 Red Cross roll call poster.

"The Greatest Mother in the World" was the title given to the original creation of Alonzo Earl Foringer, eminent mural artist and illustrator of New York. The poster gave the keynote of the Second war fund drive of the Red Cross, and millions of copies were distributed throughout the nation.

In submitting a design for the 1935 poster, Wilbur, who has painted a number of posters for the Red Cross, placed the shadowy, heroic figure of mercy in the background, with the practical Red Cross nurse succoring a sick and wounded child in the foreground. "Still the Greatest Mother" is his title.

The posters are distributed through 3,700 Red Cross chapters and 9,000 branches in an appeal to every man and woman to join as a member during the annual roll call.

During the social hour, the hostess served refreshments to: Meses, E. A. Sherwood, J. T. Ragsdale, B. W. Rezer, John Casselmin, Frank Elkin, Deane, Rawlins, Clark, Joe Norman, L. B. Pemberton, Griffin, E. A. Hoffman, J. E. Jones, Erikson, Brunson, L. A. Denton, Pickering, Arrington, Klapproth, B. W. Stevens.

The Presbyterian auxiliary met in circles for study sessions Monday afternoon, Circle A with Mrs. J. L. Greene, 706 W. Louisiana, and Circle B with Mrs. Fred Turner, 211 N. B street.

## FEMININE FANCIES

BY KATHLEEN EILAND

This is twice the weather has tricked us, twice that real northerners have been predicted, only to fizzle out before they reached West Texas. We suppose that some day when we are lulled into a false sense of security by sunny days, a hard freeze will swoop down and make leleles of us before we can get home and put on a winter coat.

Well, there's nothing like a few surprises, even in the weather, to make life have the zest of uncertainty.

Two enamelled clips are ensembled with a gold vanity bearing another embedded on its cover. It's another of those odd but pretty ways of giving a touch of the well-planned to one's costume.

Attractive bookends are made of some translucent, marble-like substance, carved into the form of three books of graduated size, each in a different pale coloring.

We like the bubble bowls whether

in clear glass or in lovely, clear, deep red.

Hot soup is a natural companion for rainy days, we think. So are chili and crackers. And cookies.

Contrariwise, hot sunny days should have fruit salads, sliced cucumbers, and iced tea as accompaniments. To say nothing of ice cream.

Come to think of it, most things just naturally "fit in" with something else, where they be foods, fabrics, or human beings.

We were reading recently that people whose finger-joints are knobby are philosophical souls. That those with the lovely smooth jointed fingers have plenty of imagination but that the knobby-handed are the ones who straighten out the tangles in this old world. That's the most consoling thing applicable to our hands that we've heard lately.

When we begin to get an inferiority complex comparing our hands to others, we'll just start thinking. But after all, you know, we're the ones who have to work out the difficult problems, and presto! our self-esteem will perk right up again.

**HINTS FOR HOUSEWIVES**

**Jelly for Frosting**  
Jelly makes a wonderful frosting for cake that is to be eaten at once. Use any tart jelly, set it in a bowl over boiling water, add one egg white unbeaten and a little salt. Beat until there are no lumps. Remove bowl from boiling water and continue to beat until mixture is stiff. Spread on cake.

**Cream Cheese Tip**  
An attractive way to serve cream cheese is in two layers with marmalade or jam spread over. Spread one cake of cheese with marmalade, then top with another cake of cheese

**Banana Ham Sandwich**  
Bananas are good in the minced ham sandwich for the children's school lunch. Spread the sandwich bread with butter, then minced ham and finally add a layer of sliced bananas.

**Horseshoe Will Sprout**  
A horseshoe root put into water will sprout and make an attractive table decoration.

**Cranberries Without Turkey**  
You don't have to wait until Thanksgiving and turkey for your cranberries. For an appetizer any day, try a hot cranberry cocktail, made of cranberry juice heated with cloves, stick cinnamon and a little bay leaf.

**Mustard Will Cut Grease**  
Ground mustard in your dish water when you are washing pots and pans will cut the grease.

**Vegetables With Cream**  
Vegetables in casserole with grated cheese on top will make a one-dish luncheon any day. A good combination consists of lima beans, carrots and celery arranged in alternate layers.

**Ways to Use Sweet Potatoes**  
Sweet potatoes plentiful right now, are good stuffed with nuts and bacon, cooked in casserole with grapefruit or creamed precisely as you would cream Irish potatoes.

**To Keep Purses From Separating**  
To keep purses and cream soups from separating when they stand, melt the butter and flour called for in recipe. When well blended, add to the soup and bring to boiling point, stirring constantly.

**Turnip Good in Raw Vegetable Salad**  
With the recipe for raw vegetables, the white turnip comes into its own for salad. Combined with carrots, cabbage, nuts, celery, apples or tomatoes it will add an unusual flavor and a new crispness to your salad bowl. If you prefer you may grate or grind your turnip.

**Remo Nev. courts handed out 13,500 divorces during the last four years, at a net cost of \$7,000,000.**

**Mount Mazama was named years after it disappeared into the earth. Crater Lake, Ore., rests where once towered this mighty mountain peak.**

Radio, Stage, Screen Scoured for Talent in Making Yucca Show

The radio, the stage and the screen were scoured in the search for talent to make the new Metro-Goldwyn-Mayer musical extravaganza, "Broadway Melody of 1936," now showing its last day at the Yucca Theatre.

Headed by Jack Benny, number one hero of the air waves, the cast of noted entertainers include: Eleanor Powell, the "world's greatest feminine tap dancer"; Robert Taylor, Hollywood's most rapidly rising luminary; popular Una Merkel; June Knight, stage and screen favorite; Nick Long, Jr., world-famous acrobatic dancer; Vilma and Buddy Ebsen, Broadway stage favorites; Robert Wildhack, the "snore specialist," who created a sensation on the stage and repeated his success on radio; Frances Langford, radio's songbird; Harry Stockwell, New York singer famous on both stage and on the air; and Sid Silvers, "king of the stooges."

Great Britain now has 365,000 motor trucks; 260,000 are in the London area.

Recommendations Of Mel-Roy's Show Come From All Sections

Mel-Roy The Great, famed magician and entertainer, who will make two appearances at the high school auditorium Thursday, boasts of recommendations of his show from all parts of the United States. One of the most prized ones is written by the famed evangelist, Aimee Semple McPherson, in which she says "Mel-Roy, the magician, astounded and held spellbound more than 5,000 people, on the evening of August 5, 1935, in the Angelus Temple. From an educational, entertaining and mystifying standpoint, Mel-Roy's performance surpassed anything we have had the pleasure of witnessing."

"Nothing like the common card manipulator or suitcase magician, but a real treat filled with comedy and plenty of action. I do not hesitate to recommend Mel-Roy's program as being a clean, high-class entertainment, especially suited for schools and churches."
