According to the legend, Pedro, a song in his heart for his fiancee crossing the sea to join him, carved the roses for her and in pun-ishment the ship carrying her sank in mid-ocean. Pedro carved only religious subjects thereafter. Many of the early missions will be nial Exposition next summer

AUSTIN Texas.-A sharp increase occurred in new passenger car registrations during March over both the preceding month and the like month last year, according to the University of Texas Bureau of Business Research.

Reports from twelve representa-tive Texas counties show total sales of 5373 cars, an increase of 34 per cent over February and 14 per cent over March, 1935. Sales for the first two months exceeded those of the corresponding period last year by 13.9 per cent.

It is again regarded as notewor-thy that the gains over last year vere confined to the intermediate and highest price brackets, the bu-reau's report shows. Sales in the lowest price group showed a slight decline.
