### Pastor Resigns

Rev. Kenneth C. Minter, now serving his fourth year as pastor of the First Methodist here, has resigned his pastorate here to accept a charge at Gonzales, Texas. Rev. C. M. Epps of Gonzales will come to Midland as pastor of the church here.

### MINTER BECOMES GONZALES PASTOR

Incumbent There, Rev. C. M. Epps, To Accept Position Here

Rev. K. C. Minter, now serving his fourth year as pastor of the Methodist church here, has accepted a pastorate at Gonzales, Texas. The incumbent there, Rev. C. M. Epps, will come to Midland to take Mr. Minter's place.

Mr. Minter who has been in ill health for the past year or more, had been desiring to go into the West Texas conference, members of the family said. The change, however comes as a surprise to many of his parishioners.

Mr. Minter will preach his final sermon here Sunday morning on the subject: "Paul's Parting Words to the Church of Ephesus."

He is conducting a revival service this week at the Chalk oil field.

### THREE SPONSORS NAMED FOR RODEO

Stamford, Stanton, and Baird Have Chosen Beauties

Three West Texas towns have already entered sponsors in the contest to be staged by the chamber of commerce in connection with the Centennial rodeo to be held here June 26-28. Stamford has named Miss Clara Mae Jones as representative; Baird will send Miss Ellmore (Curly) Seal who was its representative last year in the contest; and Miss Elizabeth Wolcott will represent Martin county and Stanton.

Midland's sponsor will be named by a committee and announced soon.

### J. H. WILLIAMS IS HONORED TUESDAY

Farewell Gifts Presented To Principal and His Wife

Pupils, faculty, and PTA of Junior high school paid farewell tribute to Prin. and Mrs. J. H. Williams, who leave Midland soon, in a brief assembly Tuesday morning.

As appreciation for their services to the schools during their residence of several years here, Mrs. W. T. Walsh, president of the Junior high PTA, presented the couple with a gift of two lamps. Of these the floor lamp featured the new three-way lighting control, while the student lamp was of the indirect lighting type.

Williams has resigned his position here to accept a place as principal of the John H. Reagan Junior high school at Sweetwater. During his five years' residence in Midland, he has been active in civic, social, and church work, was a member of the Midland chamber of commerce and of the Lions club.

He has won considerable notice from his writings in the field of public school finance. During his five years' residence in California where he will begin work on a doctor's degree in the University of Southern California.

### BUTLER CHOSEN DEMO DELEGATE TO CONVENTION

One of Four Named In 16th District Of the State

John P. Butler of Midland was chosen as one of the four delegates to represent district 16 at the national democratic convention, this being quite an honor to the town, according to Jas. H. Goodman, Midland attorney, who, with Mrs. Goodman, has just returned from the state convention at San Antonio. Others from Midland attending the convention were Percy Mims and Fred Womper.

W. H. Fryer, Mrs. P. L. Childress, an Herbert L. Kokenutts, Jr., were the three other delegates named. Goodman was a member of the committee to select the national convention delegates.

Others named from district 16 on various groups were: Presidential elector, Henry Moore, El Paso; H. C. Secret, vice chairman, resolutions committee, J. L. Quaid; Richard L. Burgess, El Paso.

The Goodmans returned to Midland by way of Spur Thursday where they attended a West Texas barbecue at which Lee C. Harrison of Big Spring was host to 4000 people under auspices of the American Legion, and the chamber of commerce, honoring Governor James V. Alfred and Col. E. O. Thompson.

The honor guests were speakers of the day.

### Photographer to Take Scenes of Midland

A photographer will be in Midland Saturday to take scenes of the town for display in the exhibit sponsored by the West Texas Chamber of Commerce during the Centennial at Fort Worth.

Two reels of colored pictures will be made and these will be shown constantly, along with views from other towns, during the Centennial exhibit.

### Three Majors Land At Sloan Field

Two landings were reported for today at the airport with an additional pilot named as landing Thursday afternoon—all three fliers, by a coincidence, being of the major's rank.

Major Crawford arrived from Dallas on the way to El Paso. Major Foulk arrived from El Paso on the way to Dallas, flying a P-12. Yesterday's additional arrival was Major Gibbons, in an O-14, en route from Randolph Field to El Paso.

### Rumored to Be Black Legion Chief

"What if I am?" That was the answer of Virgil F. Effinger, Lima, O., electrical contractor, when asked if he were leader of the "Black Legion," alleged secret terrorist society, in Ohio, Michigan, and Pennsylvania. Admitting he belonged to the Ku Klux Klan and evincing knowledge of the legion, Effinger, who resembles a movie "western sheriff," is said to have stated that the latter had 3,000,000 members, talked about "our principles of Americanism and American first," and denied statements that the legion contemplated murder or planned to take over the government.

### GRADUATES HEAR L.A. WOODS SPEAK THURSDAY NIGHT

State Superintendent Presents Address To Class

Choosing as his theme, "Subduing the Conquering," L. A. Woods, state superintendent of public instruction presented the literary address to the 1936 graduates at the final exercises of commencement, Thursday evening at 7:30 o'clock at the High school auditorium.

Mr. Woods discussed the manner in which man has subdued nature to his own uses. He followed the line of thought that man must conquer his own spirit and desires in order to fit into the environment which he has developed, making a number of telling points in the address.

Supr. W. W. Lackey also made an inspirational talk to the graduates. Dr. John B. Thomas, president of the school board, presented the diplomas to the graduating class, after which medals were awarded. Margaret Molette Hoffman gave the salutatory and Mary Alaire Kinnebrew the valedictory for the class.

Choral readings and musical numbers completed the program.

### Rainfall for This Year Amounts to 3.94 Inches

Midland streets reached a virtual "flood stage" early this afternoon when rainfall of .67 of an inch fell in the short space of an hour, the well soaked lawns and dirt streets quickly becoming vessels from which water flowed in raging torrents.

Pavement on Front street, along the railroad right of way, was under water more than a foot in depth. Trucks and cars obeying the rapid waters threw out sprays resembling those from motor boats.

Water at the curbs of downtown streets was so wide that the city's wooden foot bridges were called into action, the stream completely traversing the street at many points.

Reports from surrounding areas had not been obtained at press time, although clouds indicated that the ranch country to the northwest, slightly overlooked by recent rains, had been soaked.

Total rainfall in Midland in the last week has totaled 1.65, bringing the monthly total to 2.54 inches, according to figures compiled at the observation station of the South- (See PRECIPITATION Page 2)

### NEW ECTOR WELL SHOWING FOR BIG FLUSH PRODUCTION

Dunning Discovery Flows 406 Bbbs. in 24-Hr. Period

Natural production of 406 barrels in 24 hours was reported at 3:30 o'clock this morning definitely put the latest Ector county discovery, W. H. Dunning, Jr., No. 1 Cummins in the "big well" class. The flow was made while the test was drilling ahead.

A sand line measurement corrected the total depth of 4,282, to 4,252. A possible increase in oil pay was reported logged from 4,247 to 4,252 corrected depth. The well is shut down today pending orders for completion. It will probably not be drilled below its present depth.

The No. 1 Cummins is located 440 feet from the east and 2,200 feet from the south line of section 33, block 45, township 1 north, T. & P. survey. Staveys yesterday are reported to have staked 16 locations in the territory surrounding the well. It is understood that Dunning has made location for north and south offsets to the discovery.

Farther north, big hole is being drilled in Grisham and Hunter No. 2 R. B. Cowden, new wildcat 1,320 feet from the south and east lines of section 8, block 45, township 2 north, T. & P. survey, about six miles north west of the Dunning discovery. A mile and a quarter farther west, the Grisham and Hunter No. 1 R. B. Cowden, 1,980 feet from the south and 660 feet from the west line of section 10 in the same block, is pre-hunter to spud, engine having been installed at the rig yesterday. The No. 1 Cowden is a mile and a half north and slightly west of the Atlantic and "Red" Davidson No. 1 Cummins, old combination gas and oil well.

PRORATION GAUGE COMPLETE. ED ON NEW TUBB WELL

The 24-hour proration gauge completed yesterday on the newest "Tubby" area producer in western Crane Co. Humble No. 2 J. B. Tubb set the well's potential at 1,025 barrels flowing through 2 1/2-inch tubing. The gauge read 835 barrels at the end of the 18-hour mark. The new Humble well is the largest of the five wells in the area producing from the "Tubby pay" over 1,800 feet in the Permian line section. It drilled to a total depth of 4,375 feet, the same as that reached by Humble No. 1 Tubb, a quarter of a mile to the northwest. Location of the No. 2 Tubb is 1,880 feet out of the north west corner of section 11, block B-27 public school land.

While Sinclair-Prarie and others No. 1 Tubb, a unit deep test two miles farther northwest, is waiting for cement to set around 5 1/2-inch outside diameter casing run to 4,196, Gulf No. 2 Waddell, 1,880 feet out of the southwest corner of section 18, block B-27, public school land is drilling line below 2,998 feet, and Gulf No. 2 Tubb, 440 feet out of the northeast corner of section 12, block B-27, public school land, nearly a half mile west of the Humble No. 2 Tubb, is drilling at 2,525 in gray time.

Probably the greatest drawing card of the Midland Downs race meet which closes tomorrow has been the \$1,000 added Merchants' Handicap race, the feature of the closing program.

Horsemen everywhere were attracted by the purse, the largest to be offered in Texas on any track other than the four majors. Likewise, the feature race has attracted the attention of fans and the general public, proclaiming Midland Downs as the leading small track of the state.

Consequently attendance has been running good throughout the meet, despite the fact that rain has threatened almost each afternoon. Saturday, being both Memorial Day and the closing date of the race meet, is expected to see throngs of spectators under the grandstand canopy regardless of weather conditions.

WASHINGTON, May 29—Voters in the congressional elections this year will do their customary job of "electing" members to the Washington lobby.

Defeating an unsatisfactory congressman doesn't mean that you must have him back home. Chances usually are better than even that he will stay right in Washington and capitalize on his influence, friendships, and past favors to others by hiring out to special interests as a fixer or lawyer-lobbyist.

In case any of the folks back in the Fourth district of Oklahoma, for instance, have been wondering

what ever became of Tom McKeown, a lame duck of the 1934 vintage, they would have learned something by following the progress of the Van Nuys amendments to the bankruptcy laws.

These amendments originally provided that creditors bring a receiver-ship suit against a company must

## BORAH CHARGES STANDARD OUT TO ELIMINATE HIM

### Extremely Active In Efforts to Beat Him—Says

WASHINGTON, May 29. (AP)—In his heretofore last word before the Republicans meet Senator William E. Borah of Idaho said Thursday night some standard Oil Companies have been extremely active in the pre-convention campaign.

"Their representatives will sit in the convention," he said. "Some of us shall be interested to know where they throw their support."

The Senator in a radio speech mentioned none of the candidates for the presidential nomination and left open whether he will take an active or passive role in the campaign if he is not named.

His conclusion, which stirred speculation at the Capitol, spoke of having combated monopoly for years, and said: "The evidence is now all about us. We cannot be uninformed as to the situation. What the party does under present conditions, therefore, I must regard as final."

By way of illustration he read a letter which he attributed to an independent oil company: "The Standard Oil Company and four other companies are out to secure the monopoly of the world's oil production. They have it now in the United States. We who are known as independents are permitted now to follow the oil business with the grace of the Standard Oil and its associates."

In some parts of the county these rains have been heavier than that registered in town while in other parts it has been lighter.

Although the rains have been received as a boon to crops and range lands, farmers in many points would welcome a period of fair weather for more planting and working of crops already up.

Major portion of cotton, maize and other row crops have been planted but with weeds rivaling them in growth. With cessation of rains, these crops could be readily cleaned; while continued fall would probably account for loss of some crops and necessity of replanting.

Seeds planted before and germinating with the rainfall would also likely be choked out if rains continue many more days.

The heaviest day's rain so far this month was Wednesday, May 27, 4.5 of an inch, falling the afternoon and 1.6 falling after midnight. Friday, May 22, .52 of an inch fell in the city limits, rivaling the .48 on May 17.

police had received a letter, written in human blood, warning officers to "lay off the Black Legion."

New appeals to the federal government to throw its power into the fight to uproot the Black Legion, secret society of night riding terrorists, were before a half dozen government agencies today.

Resolutions demanding congressional investigations awaited action in both the house and senate. The Michigan democratic congressional committee also was drafting legislation to empower J. Edgar Hoover's department of justice operatives to strike at the blackrobed order.

Prosecutor Duncan C. McCrea sought new light on the extent of the Black Legion, which he believes is active in at least 15 states, by proposing that the internal revenue department check up on the income tax returns of Virgil F. ### McKeown Takes a Hand

Three bondholders had brought such suit under the old law against Howard C. Hopson's \$900,000,000 Associated Gas & Electric Co. The suit is still in litigation in the New York federal courts. It was obvious enough to the A. G. E., at least, that if the Van Nuys' amendment could be made retroactive, the suit would have no standing.

McKeown got busy. As a former veteran, high-ranking member of the powerful House Judiciary committee, he was able to work effectively with former colleagues and other friends. Into the measure went the "retroactive" clause.

A certain sharp-eyed lawyer in New York caught it—otherwise it would have become law.

McKeown was taxed by an acquaintance with lobbying for it on behalf of A. G. E. Solemnly he protested that the change had nothing to do with A. G. E.—that he was working for the "common good."

But when Van Nuys had the Senate snatch the amendments back from the House for further scrutiny and held hearings at which it was shown the Associated suit would be affected, McKeown appeared openly as an A. G. E. representative—and another exhibit of how the lobby system works here.

### Mellon Has a Hunch

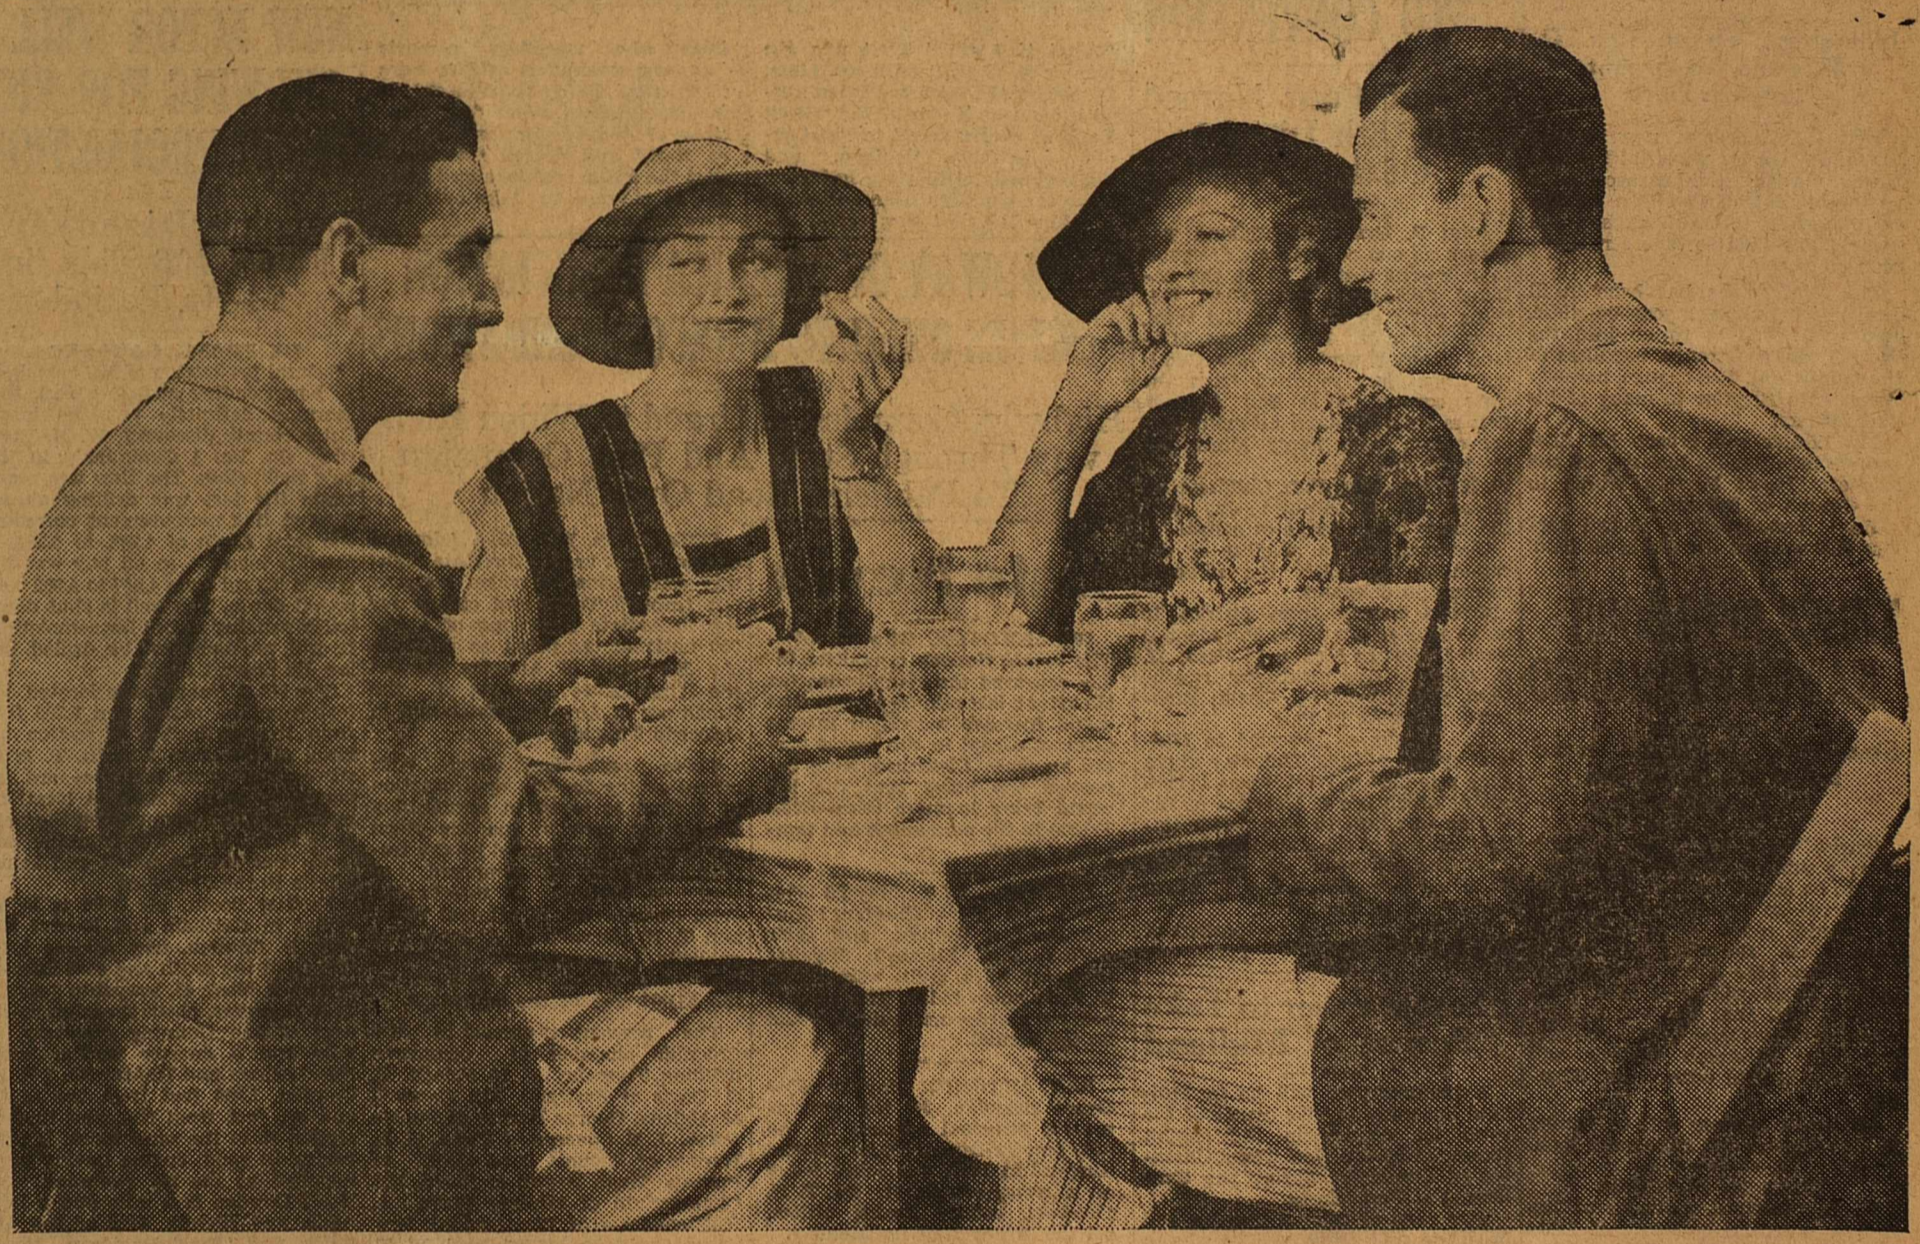

ANDREW W. MELLON, former secretary of the Treasury and one of the world's wealthiest men, recently discussed the political campaign and the Republican party's prospects with an old friend.

He urged the need of harmony, of "working together." He insisted that the C. O. P. was the dominant party, and said that the independents and progressives could be attracted back into the fold this year by a few concessions.

Mellon may not have been as far off base as most New Dealers would suggest. If you will check the long list of the national advisory committee of the National Progressive League for Franklin D. Roosevelt as of 1932, you will find that about half the members are now against the New Deal.

A few of the deserters will vote the Socialist ticket, but most of them would be willing to accept any Republican candidate who made a pretense of liberalism.

It's a good bet that the 1936 campaign will see two special "progressive" committees, one Republican and one Democratic.

## "I call this an 'Electric Refrigerator' lunch"

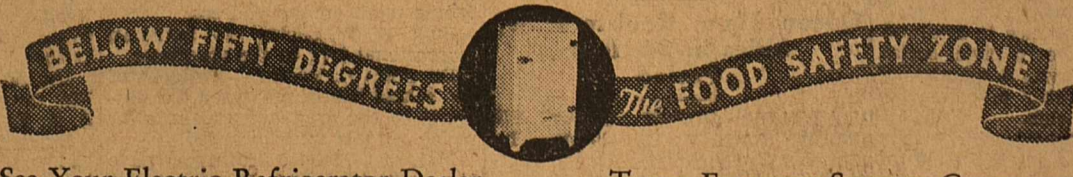

### PENNYWISE SAYS:

"Don't spend hours preparing a heavy meal on a hot day. Put the things together and let your electric refrigerator do the rest."

He is exactly right—it is an "Electric Refrigerator" lunch. Salads, vegetables, cold-meats, cold drinks and everything else that goes into those quick-pick-up hot day lunches can be made delicious and tempting by chilling for a few hours in your electric refrigerator. In just a few minutes you can make up the individual plates and set them in your refrigerator until time to serve. Your reputation of knowing "what to serve" will be assured.

## Miss Mullino, Mr. Irwin Are Married at Sherman

Miss Kathleen Mullino, former Midland teacher, and Mr. Wallace W. Irwin were married in the Methodist church at Sherman, Wednesday, May 27, according to information received here yesterday. The ceremony was read at 7 o'clock in the morning Dr. L. K. Means officiating. There were no attendants.

The bride wore a travel suit of triple-sheer in mauve with gray accessories.

After the ceremony, Mr. and Mrs. Irwin left for a wedding trip to Monterey, Mexico. They will be gone about two weeks.

They will make their home here in the 200 block on W. Tennessee. Both the bride and bridegroom are well known in Midland, having lived here for several years.

Mrs. Irwin is a graduate of CIA, holding a bachelor of science degree, and a Vocational Home Economics certificate. She also attended Boulder University in Colorado. She taught clothing in the home economics department of the High School here for four years, winning a number of honors in contests. She was a sponsor of the pep squad. She has taught in Sherman the current school term.

Mr. Irwin, geologist, is a graduate of the University of Oklahoma at Norman. He is a partner in the oil

## Summer School Will Open Monday

The official summer school for city schools will open Monday morning at 8 o'clock at the High School with Mrs. Harry Tolbert in charge. The school will be conducted for both High School and grade school pupils.

Pupils interested in making up or gaining courses are asked to see Mrs. Tolbert.

## FEMININE FANCIES

BY KATHLEEN EILAND

Some one insists that it should write an editorial on the necessity for having street cleaners here, citing the difficulty of keeping white shoes clean on muddy streets.

We understand the feelings of anyone who starts blithely off to work in the morning in snowy footwear and comes straight up against a wide and gooey expanse of gray mud, impossible to cross without disastrous results.

We blushing admit that it had never occurred to us, street cleaners should be employed. We just supposed that splashed-up hose and muddy shoes were the natural accompaniment of our much-needed rains and to be borne with as much patience as we can muster (which is no large amount).

BUT if it is going to keep on forever raining every half day, we vote for street cleaners who stay on the job.

Rain is a great blessing. But like many other blessings, there are times when it can be overdone.

The school teachers are packing up to leave Sunday morning and all the mornings after there will be many familiar faces absent in the daily routine. We always miss the teachers and are glad when they return to town.

Say what one will, teachers are a sturdy and important factor in the setting and holding of cultural standards for any town. More power to them!

We like teachers and always have, even though we did desert their ranks to pound a typewriter frantically in a newspaper office.

9:45 o'clock in the private dining room of the Hotel Scharbauer. Mrs. J. Howard Hodge is teacher.

Table Aids in Serving

MIDDLETOWN, O. (U.P.)—Growing tired of the conventional "pass the gravy please" or "some spinach" S. H. Kitchin, builder here has constructed an electrically operated revolving table that requires no more labor than the pressing of a button to place anything on the table in front of your plate.

Fares Mulet Taxi Men

QUEBEC, Que. (U.P.)—A by-law giving taxi-drivers the right to demand payment of fares before they undertake a journey is being considered by the city council here. The drivers complain they are having difficulty in collecting fares.

School Population Slumps

BERKELEY, Cal. (U.P.)—Owing to a marked decrease in birthrate, between 30 and 40 school teachers are to be discharged. Dr. Virgil Dickson, city superintendent says there are not enough children for the present teaching staff.

Among the royal stamp collectors, in addition to the late kings George V of England and Fuad of Egypt, are the queens of Italy and Belgium, King Leopold of the Belgians, and the Crown Prince of Sweden.

School Head Likes Job

OSBORNE, Kan. (U.P.)—Osborne County school superintendents like their jobs. There have been only three in 24 years. Bertha Yoxall served 12 years and Jess Vague 10 years. Frank Paschal was appointed two years ago.

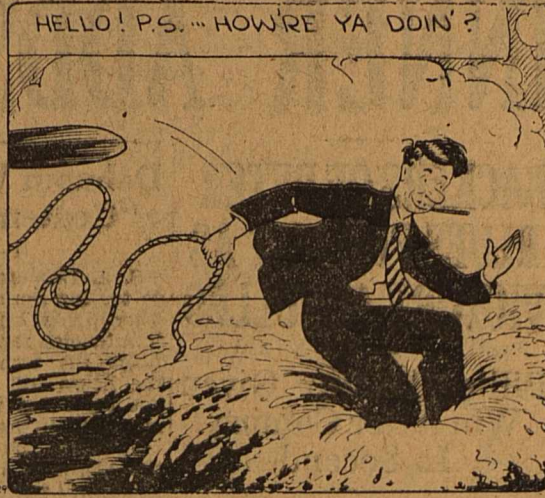

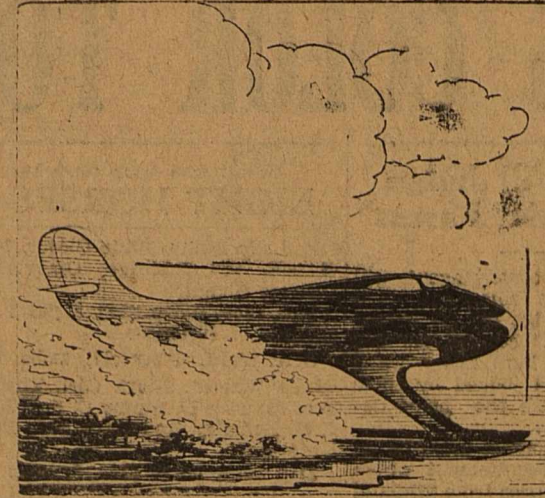

Canda exported 44,028,000 pounds of cheese, 6,906,100 pounds of butter, 1,350,700 pounds of condensed milk, 2,629,400 pounds of milk powder, 12,550,500 pounds of evaporated milk, and 1437 gallons of fresh milk between April and October, 1935.

As far as antiquarians and historians have been able to determine Hrotsvitha, a tenth century nun, was the first woman play-wright. Her collection of plays and writings are on view in the Munich museum.

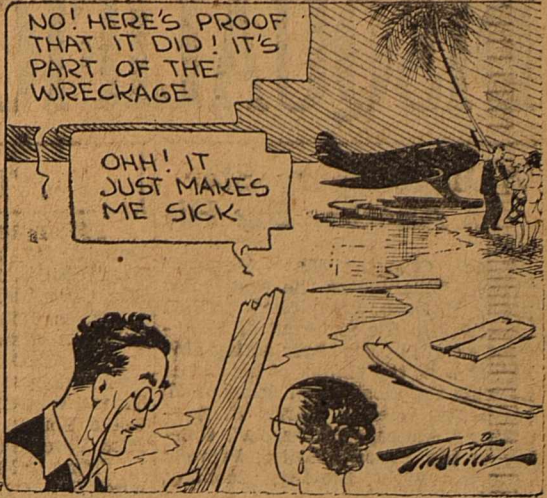

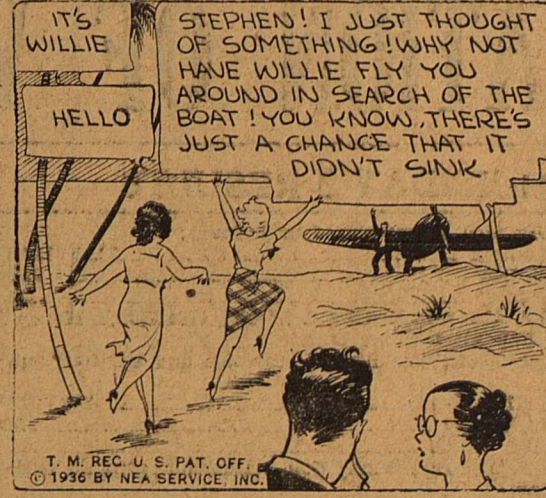

In 1824, Daniel Webster was re-elected to Congress by a vote of 4990 out of a total of 5000 votes cast.

# DISQUALIFICATION OF WINNER ADDS COLOR TO RACE PROGRAM

## Wallace Beery Star In Another Big Hit

"The Champ," "The Bowery," "Viva Villa"—over the past few years Wallace Beery has pushed himself into the forefront of Hollywood's stars by his sheer acting ability. Now at the climax of his career he wins the most magnificent of all his acting roles in Darryl F. Zanuck's "A Message to Garcia," coming to the Yucca Theatre, Preview Saturday night, Sunday, Monday, and Tuesday.

In one role, the producers of this new historic drama have managed to catch all the qualities of Beery that have endeared him to millions. He is a roger; he is a buffoon; he is

## NEGLECT OF CONSTIPATION\* IS A SERIOUS MATTER

Delicious Cereal Corrects This Condition in a Natural Way

Immediate attention to constipation\* is important for two reasons. It causes discomfort, and may lead to headaches and loss of appetite. It also tends to slow you down.

When elimination continues to be faulty, over a period of time, your general resistance may be lowered. And a weakened body is less able to fight off the infections that abound in every crowded place.

The most common type of constipation is that caused by insufficient "bulk" in meals. In Kellogg's ALL-BRAN, you have a delicious source of effective "bulk."

Within the body, the "bulk" in ALL-BRAN absorbs moisture, forms a soft mass and gently cleanses the system. This tempting cereal also furnishes vitamin B and contains iron.

Two tablespoonfuls daily are usually sufficient. Serve as a cereal with milk or cream, or cook into tempting muffins, breads, etc. How much pleasanter to enjoy this natural laxative food instead of taking pills and drugs.

ALL-BRAN is guaranteed by the Kellogg Company. Sold by all grocers. Made by Kellogg in Battle Creek.

\*Constipation due to insufficient "bulk"

## BACKERS OF PETER BLUES PROTEST AS VICTORY ANNULLED

### Billie Clover Given Win After Coming In Second

Disqualification of the winning horse, Peter Blues, in the eighth race yesterday because his jockey B. Jenkins bumped Billie Clover into the rail as the two entered the stretch added color to the races at Midland Downs sixth day.

As the two horses rounded the turn coming into the stretch Jenkins pulled his mount into Billie Clover, driving the latter into the rail, and then leading the field home immediately after the race Adams, jockey of Billie Clover protested to the judges and the race was awarded to his mount. The revised standing of the horses made Triple Threat a winner of the show position, and a wild scramble for tickets was immediately started by persons who had tossed them away after the horses crossed the finish line. Many had straight tickets on Billie Clover, place tickets on Red Kate and show tickets on Triple Threat. Many of them threw the tickets away when they saw the horses finish but there was much gathering up of the cardboard once the official sign went up. Several backers of Peter Blues, an even money favorite, protested bitterly the decision of the judges but it availed them nothing.

Another card, another rain! Yesterday the elements held off until just before the last race, but for a few minutes made up for their delay. The rain came down in sheets for a short while but before the race was started the downpour had stopped. The track was not noticeably hurt by it, being wet to start the day following the rain Wednesday.

Another large crowd attended the day's races and for the second straight day approximately \$15,000 changed hands through the mutual windows.

Followers of the dopesheets took up some of the losses they have been suffering as long shots consistently came home, only two horses paying

## Debnam Will Judge "Centennial Farms"

S. A. Debnam, county agent, will go to Big Spring this afternoon where he will judge entries in the "Centennial farm" contest. He will judge the farm land entry while the house will be judged by some one connected with the home demonstration work.

Farms in the contest must be on the highway, a requirement which eliminated any entries from Midland county, he said.

more than \$10.00 for the straight ticket. Danger, winner of the initial race of the day was the heavy pay-off horse, backers of him being awarded \$23.10. Hug Master, winner of the fifth race, paid \$10.80 for the next "top" pay-off.

The daily double paid the shortest purse of the entire meet, \$18.70. Prince Westend and Stanizar, winner of the purse, were heavily played as were Tollie Young and Peregrina.

The six-year-old Debuture again proved his class in the fourth race when he came in at least four-lengths ahead of Tiny Comet, place horse. Clover was never forced to jurge ebriate as he coasted in for his third win of the meet.

All results appear elsewhere in this edition.

# OWNERS REPORT Saving up to 6 Barrels of Gas in a Year with DODGE

AMAZED BY SENSATIONAL GAS ECONOMY OF AMERICA'S BIG, MONEY-SAVING CAR

THINK of it! Owners say that the way Dodge economizes on gasoline, it is saving them up to six barrels of gasoline a year! Twenty miles... 21 miles... 22... 23... and even more miles to the gallon! That's what Dodge owners from coast to coast report they are getting right out on the highways—right in city traffic—in to the gallon! Here's a typical example—a letter from Mr. Brady, average, everyday driver! Here's a typical example—a letter from Martin Brady, Valley Stream, L. L. New York. Read how Mr. Brady figures it out! He says: "I drive my new Dodge on the average of 15,000 miles a year. It is giving me 21 miles to the gallon. On this basis I'll use only about 714 gallons of gas this year. In my old car I used about 1,070 gallons. In other words I'll save about 356 gallons—or more than six large-size barrels of gas—a year!"

No wonder owners report that the big, new Dodge is actually costing them less to own and operate than any car, big or small, they ever owned before! No wonder more people buy Dodge cars than any other make, with the exception of the three lowest-priced cars!
