## RECOMMENDATIONS BY OUR GRAND JURY

### CITIZENSHIP OF COMMUNITY ASKED TO HELP ENFORCE THE LAW

The editor of The Reporter has been ill of "flu" for two weeks past and is still having a "tussle" with it. Recommendations by our recent grand jury, therefore, we are giving publicity to without the comment the paper would like to make. The good citizenship of the community will endorse most of the sentiment expressed in the article that is offered below, and if we were disposed to criticize at all it would only be to emphasize the urge of the grand jury that our citizenship helps in the enforcement of the law. Peace officers can hope for little luck without the full, frank, and whole-hearted co-operation of the people whom these laws govern, and The Reporter therefore emphasizes this particular recommendation of the grand jury. The publicity requested follows:

February Term, 1922.

To the Honorable Chas. Gibbs, Judge Seventieth Judicial District:

As grand jurors for this county for this term of your court, we regret very much that the conditions we have found existing in our community and the handicaps we have encountered in asking our investigations, compel us to candidly explain matters as we find them, and we feel that it is due our citizens that they should know of them to the end that a better condition may be brought about and the evils that exist be checked before they reach a more menacing stage; and we respectfully ask that if it is not in conflict with the law that this report be published in our county paper, believing that practically all people wish to live in a community where the laws are enforced and obeyed, and to the end that they may know the facts, we think the serious consideration of them is well worth the time it may take to do so.

If gambling, as a livelihood, is allowed to be followed, and intoxicating liquors allowed to be sold to any

## WILL MAKE HEAD- QUARTERS AT PHOENIX

Phoenix, Ariz., Feb. 18—J. A. Rountree, director general of the U. S. Good Roads Association, U. S. Good Roads Show and the Bar-head Highway Association, has opened headquarters in this city to promote these three organizations that will meet in Phoenix April 24-29. The chamber of commerce, which invited these organizations to meet in Phoenix, is giving the arrangements and details of these conventions hearty co-operation and is joined in its efforts by the Automobile Club of Arizona, the Junior Chamber of Commerce and other civic organizations.

Mr. Rountree has been the honor guest on various occasions at functions of these organizations and each one of them have offered the services of their members and officers, and have been accepted.

Gov. Thomas E. Campbell, the State Highway Department and other State departments of Arizona have offered their services and are co-operating in every way to make these conventions a success.

The city of Phoenix and the entire State are deeply interested in the conventions which they hope will draw large crowds from all parts of the United States.

Road machinery, road material manufacturers and dealers are arranging to have exhibits.

Among the distinguished men that have positively accepted invitations to attend the convention are Secretary of Agriculture Wallace, Secretary of the Interior A. S. Falls, United States Senator Charles E. Townsend, of Michigan, Senator Ralph H. Cameron, of Arizona, and others.

There is much enthusiasm in regard to building the Bankhead National Highway from Washington to Los Angeles and the people of the west are very proud of their connection with it, and recognize no other highway except this one. Large delegations from California, New Mexico and Texas and Arizona will be in attendance, as there are a number of changes that are proposed in regard to routing this highway.

one who can get the money to pay for them, the debauching of our young men cannot fail to follow quickly. The practice of either by the average young man very rapidly leads to the other, and he is on the rapid road to a useless, instead of useful life.

We are not presenting this to you as a theory—it is a fact to us.

If every citizen could sit with a grand jury and learn what develops before a great many of them, we know such conditions would not last long.

Too many of our citizens are too apt to be apathetic. They feel that when they pay their taxes and elect their officers, their duty ends. If we only studied the matter a little, we would find that our duty had only begun.

From our investigations, we believe that a great deal of liquor is sold here, and the traffic is carried on, at least, partly by some of our citizens, and if illicit liquor is not being manufactured in our county, it is apparently distributed in considerable quantities by some of them, and that gambling is rapidly reaching the same stage that culminated in a deplorable tragedy only two years ago, and we are convinced that our peace officers are not using that diligence and perseverance necessary to overcome these conditions. Both laws are flagrantly violated.

If the average citizen of the county would only feel that his interest in enforcing the laws is just as vital and essential as that of the grand jury; and when they know of transgressions of the law, would report them, and aid in establishing the facts, the burden on the grand jury and our peace officers would be greatly lessened, and the laws more surely enforced. We do not mean by this that our officers should be relieved in any way of exercising faithfully their sworn duties, but, on the contrary, it should encourage them to greater and more effective action, and we hope better co-operation with the grand jury than has been the case so often.

Respectfully submitted,

### CARD OF THANKS

We take this method of expressing our deepest gratitude to our many friends and neighbors who so loyally stood by us in the sickness and death of our dear husband and father, also for the many beautiful floral offerings. May God's blessings rest on each and every one.

Mrs. C. M. Donovan,

We regret very much to learn that Billy Driver, one of our esteemed townsmen is suffering of appendicitis this week. He was taken to Temple for an operation. We trust that Mr. Driver will recover his former state of health and heartiness at an early date.

## BUILDINGS WILL BE REBUILT AT BAYLOR

### DONATIONS HAVE ALREADY BEEN OFFERED BY BAPTIST PEOPLE

Waco, Texas, Feb. 16.—The Carroll Chapel and Library building of Baylor University was destroyed by fire of unknown origin Saturday evening late, Feb. 11th. The fire originated in the dome of the building, spreading rapidly to all parts of the roof. The building was practically gutted by the fire, only the more isolated portions of the first floor being saved from the fire.

This building was the gift of the late Mr. Frank L. Carroll. It was a two-story edifice of brick and stone, containing on the first floor the library and on the second the University chapel with a seating capacity of 2,000.

A large per cent of the thousands volumes of books in the library was saved. The priceless Browning collection as well as the Browning picture and other Browning treasures were saved from the fire. The library was also saved. The periodicals and other types of bound volumes which, if lost, could not have been replaced, were also saved from the ravages of the fire.

The loss of the building and the consequent interruption of the functioning of the library will hurt but not greatly hamper the immediate work of the University. The parlors and offices in the Georgia Burleson Hall, girls' dormitory at Baylor, have been fitted up with stacks and shelves and the library is already functioning there.

This disastrous fire has proved the need of actual fire proof buildings for the housing of such valuable treasures as were contained in the Baylor Library collection.

Dr. S. P. Brooks, president of Baylor, has received numerous telegrams from all over the South, expressing sympathy for Baylor in her great loss. The heads of prominent schools, not only of the Baptist denomination, but also of State schools and other religious denominations, sent telegrams of sympathy to the president and the student body.

Mr. Joseph H. Burt, of Dallas, president of the Baylor University Alumni Association, wired Dr. Brooks as follows: "I make the challenge for one hundred alumni and friends of Baylor University to join me in giving \$1000 each, and 200 to join me in giving \$500 each, and a host of those who will join in giving \$250 or less."

An effort will be made to replace the building as soon as possible. In the rebuilding it is hoped that the plan of the structure will be altered to meet the growing need of the University for a separate building in which to house the library. In this event, provision would probably be made for a new assembly and chapel building, where the main auditorium will be located on the first floor, reducing the hazard of loss of life incident to an auditorium located on the second floor.

## HALFF HEREFORDS TESTED LAST WEEK

### DR. WILLIAMSON, FT. WORTH, WAS IN CHARGE OF WORK —TEST IS TEDIOUS

Dr. M. A. Williamson, of Ft. Worth, who is working for the State of Texas and represents the United States department of agriculture as expert veterinary surgeon, has been with Henry M. Half of this place all of last week, testing his herd of registered Hereford cattle for tuberculosis.

With a large herd of cattle, such as Mr. Half is running in Midland County, this test is tedious and expensive, it taking his entire force six days to complete the test.

Mr. Half has his cattle tested every six months, and ordinarily the work is done by two veterinarians, one representing the State and the other the United States, but the demand for this work in Texas is so great at this time that in order to keep up with the work the government and State have combined their forces, and Dr. Williamson was representing both.

Every animal has to be put through a chute and injected with a serum. If the animal has tuberculosis a swelling will appear at the point of injection, and to find this swelling each animal has to be examined about 72 hours after the injection.

Although the Hereford cattle are less liable to tuberculosis than any other breed, and although nearly all of the tuberculosis in Texas originated from cattle which were shipped in from the north, this disease is considered so contagious and dangerous that the government is making every effort to stamp it out.

This test is done at the expense of the government, and where an animal is found infected, the government and State compensate the owner for the loss of the animal, which has to be killed, each paying one-third, so that the owner of the animal only loses one-third of the value.

In Mr. Half's first test only one animal was found infected. This is his third test, and there has been no case discovered either in the second or third test.

It is now compulsory with nearly every State in the Union that cattle must be tested and re-tested for tuberculosis before they can be shipped into a State. This re-test is demanded because many cattle which have been shipped into the State with a clean bill of health have been discovered later to have tuberculosis, and although it is possible that the disease was contracted enroute, in many cases it is suspected that the cattle were either doctored in the home State or the veterinarian making the examination was bribed and that the seller well knew the cattle had tuberculosis at the time he sold them.

It is possible, by injecting certain serums, to counteract the test used, and for this reason the State government insists that all cattle shipped into Texas be retested sixty days after

delivery, and in the meantime the cattle must be quarantined from all native cattle.

A great many people are not acquainted with this law, and some, either through ignorance or in order to defeat the law, have suffered serious losses. Certain breeders in central Texas have suffered serious loss, having bought high-priced herds of cattle in the north, and either through ignorance or neglect failed to have the second test, even though the cattle were sold with a guarantee to be free of tuberculosis.

When these Texas purchasers sold some of their cattle and the next purchaser demanded a tuberculin test, it was discovered that the cattle were diseased, and upon further examination these breeders discovered that 50 per cent of their herd was affected.

These cattle were condemned and slaughtered, the entire loss devolving on the Texas importer, simply because he neglected to have the cattle re-tested as prescribed by the Texas law.

## NEW CAFE WILL OPEN IN MIDLAND NEXT WEEK

C. Q. Sewell, of Panhandle, Texas, arrived in Midland the first of the week and will install a first class cafe in the building recently vacated by the firm of Wadley-Wilson Company. Mr. Sewell will have a thirty-foot counter and about five tables, and plans to keep a strictly up to date, sanitary place at all times. He will serve both meals and short orders at any hour and solicits your patronage on the basis of service rendered.

A. E. Rogers, of Nadine, N. M., was down Tuesday and loaded out a stock of supplies. He gave glowing reports of conditions around Eunice and other points in New Mexico.

The annual junior-senior banquet of the Midland high school will be held tonight at the Yeakel Hotel. This promises to be one of the most brilliant affairs of the season and a general good time is anticipated by all.

Among the Odessa people who were shopping in Midland Wednesday were Messdames Fred Malone, B. C. Hendricks, Willis Carter, Cal Smith, Jester Deere and Pearl Smith.

J. H. Locklar, of the grocery department of the Midland Mercantile was off the job Wednesday on account of sickness.

K. J. Preston, proprietor of the City Meat Market was slightly indisposed the first of the week on account of "flu."

As a result of over exertion while house cleaning Tuesday, Miss Lois Prothro was on the sick list Wednesday.

Morris Zimmerman, proprietor of the City Cafe at Stanton, was in Midland Wednesday.

"The Minister's Wife Has a New Bonnet." Be sure and see it, the first week in March.

Mrs. Henry Fleenor is suffering of "flu" this week.

## NEW ORGANIZATION TO START SOON

### PROMINENT MEN OF MIDLAND, HOWARD AND ECTOR ARE INTERESTED

Odessa is to be the home of a new organization of Hereford breeders for the district comprising Ector, Midland and Howard counties and preliminary steps in the organization of the new body were made at a meeting held in the Brown Hotel at Odessa on last Saturday. Because the majority of the breeders of registered Herefords reside in and around Odessa, the organization will probably be known as the Ector-Midland Hereford Breeders Association.

At the meeting Saturday, Henry M. Half, of Midland, was named as temporary chairman and E. S. Martin, of Odessa, was named secretary pro tem. A committee consisting of John Edwards, of Odessa, and B. N. Aycock, and Judge Chas. Gibbs, of Midland, was appointed to bring in nominations and recommendations covering elections of officers, rules and regulations, assessments, name for the organization for the next meeting which will be held in Odessa in the near future.

Col. John M. Gist, of Odessa, one of the largest raisers of registered Herefords in the country, took an active part in the meeting and is one of the sponsors of the organization.

The organization plans to create an interest among the cattle growers in the raising of pure-bred stock. It will hold district shows during the year and special sales for the district will also be held. Only raisers of pure bred Herefords are eligible to join the new organization.

Present at the meeting Saturday were Col. John M. Gist, John H. Edwards, Henry Pegues, B. C. Hendricks, W. H. Rhodes, Cal Smith, A. W. Wyatt, A. J. Newnam, I. W. Smith, H. C. Barrows, Fred Malone, J. E. Witcher, and E. S. Martin, of Odessa; B. N. Aycock, Henry M. Half, J. E. Watson, Millard Eidson, J. V. Stokes, W. E. Wallace, and Judge Chas. Gibbs, of Midland and E. T. Cobb, of Garden City.

## SIMMONS INSTALLS RADIO SYSTEM

Simmons College, Abilene, is installing in the College Heights Baptist church of that city, a most powerful radio system, thus enabling the whole world to hear the gospel preached, the choir sing, the orchestra play and any other attraction that may be given in that church. College Heights church is a modern edifice with a seating capacity of over 1000. It has all modern equipment and puts great stress upon their magnificent orchestra and choir. Rev. Sims is pastor of this church, and he is a wide awake, energetic young preacher with an eye single to the great cause he represents. His congregations average from 700 to 1000 at each service. The orchestra is directed by Dewey O. Wiley, who was teacher of violin in Midland College last year, and he has a large orchestra who play like veterans. College Heights is justly proud of their orchestra and director. Prof. Brown is choir director and he works with great enthusiasm and has brought the choir up to the highest standard of perfection in gospel singing. This church also has a Mexican mission presided over by a Mexican Baptist minister and this mission and the church works in unison and harmony, sometimes the Mexicans taking charge of the evening services at College Heights. What Abilene is doing others can do—"a hint to the wise," etc.

R. O. Neil, cotton buyer of Abilene, was in Midland Wednesday to buy the last of last year's cotton crop.

Among those from Stanton this week in attendance upon district court were Cap Timmons and V. Y. Sadler.

Mrs. N. Whitmeyer, who has been on a trip to Dallas, will return the latter part of this week.

Tom Harris and "Fourty" Waddell were in town Wednesday from Ector County.

Eddie Cole and wife were in from the ranch west of Odessa this week.

**CHURCH NOTICES**

**Methodist Church**  
The Methodist church invites you to worship with them Sunday in any or all of their services. We always begin promptly on time and dismiss accordingly. We conduct our services for the purpose of worshipping God and learning more of His will for us. To support this type of service we have a well organized and trained choir under the leadership of Mrs. Dell King, assisted by the orchestra. Special numbers by the choir at each service. The program for Sunday follows:

9:45 a. m., Sunday School. "Elisha and Naaman the Syrian." 2 Kings 5: 1-27.

11 o'clock, Morning Worship. "The Leadership of Man," by the pastor. 3 p. m., Junior League.

Dear Milady. No more are all veils square, so there is something new and different in the ones I am sending. I know you will be glad to hear that garden hats, blooming even more profusely, will be with us again but many will miss the practical and becoming sailor which has gone into retirement. A new note in trimming, which is especially pretty for girls, is an application across the crown, Russian style. Many attractive sets are also being shown. For the present season we have made decided reductions in overhead expenses and furthermore we must keep our stock small enough for our little shop, so you may expect prices to be as attractive as the merchandise, at Whitmeyer Shop.

P. S. The prettier the hat the prettier the girl, is truer than ever. I saw some very beautiful sets which can be reproduced at minimum expense for the sweet girl graduate, so I am impatient to get back and begin making plans with you. Your own Whitmeyer.

**A JUDICIOUS INQUIRY**  
A well known traveling man who visits the drug trade, says he has often heard druggists ask a customer, who wished to buy a cough medicine, whether it was for a child or an adult and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it and for colds, croup and whooping cough it is unsurpassed. ### SOUR STOMACH INDIGESTION

**Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.**

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities. Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. E. S.

### THE SHAME OF DEGRADING MUSIC

Confucius says, "Wouldst thou know if a people be well governed, if its laws be good or bad? examine the music it practises." Henry Van Dyke in writing of vulgar, cheap music and musicians, delicately dubs jazz as "The torment of imbeciles." "Music is God's best gift to man, the only art of Heaven given to earth, the only art of earth we take to Heaven." Music was the first sound heard in the creation, when the morning stars sang together. It was the first sound heard at the birth of Christ when the angels sang together above the plains of Bethlehem. It is the universal language which appeals to the universal heart of mankind. The human soul and music are alone eternal. Then what a shame when ignorant minds with perverted tastes are allowed to dishonor and degrade that which God made to be a medium by which the angels should tell the world a Redeemer has come. We gladly copy the following and wish the idea might be adopted in Midland:

**ANTI-JAZZ LAW URGED**  
So-Called Music Has Same Effect as

Liquor, Says Educator.  
Kansas City, Feb. 11.—Jazz music has much the same effect on young people as a drink of liquor, and should be legislated against, I. I. Cammack, superintendent of schools here, asserted in a speech before 1,000 public school teachers today.  
"The nation has been fighting booze a long time," Mr. Cammack said. "I am just wondering whether this jazz isn't going to have to be legislated against as well. It seems to me that when it gets into the blood of our young folks, and I might add older folks, too, it serves them just about as a good stiff drink of booze would do. I think the time has come when teachers should assume a militant attitude toward all forms of this debasing and degrading music."

Mrs. E. M. Whitaker, of El Paso, is visiting relatives and friends.

Buy doughnuts at their best. See The Reporter window, Saturday, Feb. 18th.

Mrs. C. S. Karkalits and family have been enjoying a visit this week from her father, Mr. John F. Patterson, of Cisco.

Good to the last crumb. Doughnuts fried at The Reporter office Saturday the 18th, by classes 10-13 of the M. E. Sunday School.

Mr. T. S. Patterson and daughter, Mrs. Joe Youngblood, returned this week from the eastern markets, where they had been to purchase goods for the firm of Everybody's.

Mrs. J. Tom White and daughter, Miss Thelma, accompanied by Mr. Dee Murphy left Tuesday for a visit to their New Mexico ranch.

Miss Viola Coyle who has been teaching in Mineral Wells, resigned her position and is now keeping books for the Coyle-Cordill Motor Company.

Mrs. Margaret Murry, of Toronto, Canada, is expected to arrive tomorrow for an extended visit to her daughter, Mrs. Andrew Fasken and family.

Mesdames J. B. Hopson, Laurence Durst, and J. R. Bird, of Abilene, were last week-end guests of their mother, Mrs. A. S. Dees, and sisters, Mrs. Dell King and Miss Dees.

Mrs. Harry Tolbert was hostess on last Saturday afternoon to her Sunday School class. The hours were pleasantly spent in embroidery and girlish chatter, with the most delicious sandwiches, salad, olives and coffee served as a happy finale.

The Novelty Club enjoyed a profitable afternoon with Miss Lillie D. Midkiff last Saturday. In the contest Miss Charlie Ethridge won first prize, having the greatest number of correct answers to the riddles. After this the hostess served lemonade, sandwiches and cake. We are very glad to welcome among us a new member, Miss Florence Manning. —Reporter.

Mrs. David Fasken has been the recipient of many expressions of sympathy this week over the death of her sister, Mrs. David Parker, of Toronto, Canada. Mrs. Fasken was too ill to go and continues ill, hence her sorrow is doubly hard to bear. Mrs. Parker has visited in Midland upon more than one occasion, so many friends will remember her with pleasure, and note her passing with sorrow.

Mr. Ned Watson went to Abilene last Saturday to be the guest of Mr. Dewey Wiley, of the violin department of Simmons College, and to assist in a sacred concert at the College Heights Baptist church of that city Sunday night. Monday night his and Mr. Wiley's music-loving souls were made transcendentally happy by attending a program given by Messrs. Cleo, Jan and Michel Cherniavsky, Russian violinist, pianist and celloist, a \$700 lyceum attraction of Simmons.

The 99 Club met on Tuesday afternoon of last week with Miss Thelma White as hostess, at which time the following program was very creditably rendered:

"Song from the Irish and Scotch Poets."

Roll call; Response, answer "Why have so many of Burn's verses received music setting?"—The Club.

Review, the opera "Martha;" How, why and where is Thomas Moore's Connection?—Mrs. White.

Biographical—Robert Burns—Incidents of His Life Traced through his verse—Fannie Bess Taylor, leader.

### A LOVELY VALENTINE PARTY

A charming affair among that delightful set known as the "school bunch," was given Tuesday evening at the home of Miss Geraldine Cowden, when the senior girls entertained the senior boys and the high school faculty with a Valentine party. The Valentine motif was artistically developed in the spacious rooms which lend themselves so beautifully to decoration. Misses Essie Cowden and Mary Barron assisted the girls in their duties as hostesses. Forty-two was the diversion, the jazz band played, while at intervals the Edison rendered some musical numbers. It was a happy crowd of lads and lasses, happy with each other and particularly joyous at this season, when the bashful youth invests in Valentines, for sooth All decked with Cupid's hearts and lyres,  
To send the girl he most admires.

The time is sweet enough to disarm suspicion, thus the unwary seniors, regardless of the gravity of their years and experience, dreamed, mooned, smiled, and languished while the naughty juniors and sophomores, emulating the shining example of "Tom, Tom, the piper's son, stole a pig and away he run," stealthily crept into the kitchen and "cribbed" the refreshments. It was a naughty trick (and as cute as could be) but presumably their highest endeavor is to ward off a famine and eat until there is not a wrinkle left, and so they won a famous victory and planted their flag where it waves in triumph. The seniors, however, instead of drowning in their own tears, accepted the joke good naturedly, rallied their forces and calmly ordered a fresh supply of refreshments from the Elite.

These little skirmishes between classes are among the brightest spots of school days, the golden days, the wonder days of life.
