Russian Forces Reported Massed Along Chinese Border

NOTE SENT BY CHINESE IS INSULT

Chinese Officials Are Ordered Out of All Russias

BULLETIN PEPING, China, July 18.—(P)—Japanese news agency dispatches from Harbin state that Russian forces are being massed along the Siberian-Manchurian border.

ALL RELATIONS BROKEN MOSCOW, July 18. (UP)—All diplomatic and trade relations with the Chinese republic have been broken off by Russia, precipitating a grave crisis which has grown out of Nanking's seizure of the Eastern railway in Manchuria.

Russia charges the Chinese reply to the Russian ultimatum "unsatisfactory and hypocritical."

Russian diplomats have been recalled from China and Chinese representatives have been ordered expelled from Russian borders.

JAPAN CLOSELY WATCHES TOKYO, July 18.—(P)—Although the Japanese government is maintaining an attitude of watchful waiting on the Manchurian situation since Russia broke with China, it was indicated today that there was a possibility of Japan making representations to both China and Russia with a view to maintenance of peace.

Midland Crops Are Best in Four States

Crops, pastures and cattle in Midland County and adjoining territory are better than in any part of the Panhandle, New Mexico, Colorado or southern Wyoming, except in irrigated sections, according to T. Paul Barron, who with his family returned from a trip north Tuesday evening.

There have been rains in New Mexico, bringing out a rich green pasture country, but the rains evidently fell only recently, as the cattle are not in as good flesh as in the Midland area, and crops are not in as advanced a stage.

Some parts of New Mexico and Colorado are in prosperous condition from irrigated truck farming, orchards and hay crops; but where they depend on dry farming, the Midland country has better crops.

Rain is not needed especially on cotton at this time in Midland County, although it would benefit feed crops some; and the ground which is newly cultivated shows a good supply of moisture.

Obrine Stayed At K. E. Ambrose Home

Forrest Obrine, who with Dale Jackson, is flying in an attempt to break the world's endurance flight record, at St. Louis, is well known to Kenneth E. Ambrose, chairman of the aeronautics committee of the chamber of commerce.

Obrine, a few months after he had gained permission from air authorities to carry passengers by plane, went to McAlester, Okla., the home town of Ambrose, and "hopped" passengers for several days.

The flier stayed at the Ambrose home at the time.

Barry Miller Will Run for Governor

AUSTIN, July 18.—(UP)—Lieutenant Governor Barry Miller announced today that he will become a candidate for governor after completing his duties as grand master of the Odd Fellows of Texas in March.

Middleton Knows Difference in Two Garden Products

Fred J. Middleton, 1002 West Tennessee, had heard much of the cucumbers grown in Midland county, so he went out into his own city garden and brought back the biggest of the lot seen so far this year.

Middleton says when he saw the cucumber he thought it was a small watermelon, and that he thumped it to find out for certain. Instead of giving the deadened "thump-thump," however, Middleton says the vegetable gave off a "cuke-cuke," and he knew it was a cucumber.

The cucumber weighs approximately four ounces more than any other of its family shown in town this season.

AMERICAN LEGION POST IS CREDITED WITH A RECORD

The Woods W. Lynch post of the American Legion was the only posty commandery in the sixteenth district to go over the top in membership, a letter from Ben J. Dean, Austin divisional commander, read.

"This is a record any ex-service man should be proud of," Dean said. "Midland has given the entire state upon several instances real marks against which competitive effort should be directed."

The letter called attention to the Port Arthur meeting of Legion posts as a later date, and asked that Midland be well represented there.

Records show that the Woods W. Lynch post has handled more compensation cases, hospitalization and ex-service business than any post in a city the size of Midland in the state. Information of the records was received here July 2 from state headquarters of The American Legion.

WASAFF RETAINED AS A PROSECUTOR IN MURDER TRIAL

Sam K. Wasaff, formerly county attorney, has been retained as special prosecutor in the case of State of Texas vs. J. H. (Blackie) Hill, charged by indictment with having murdered Jay Brewer on the night of May 8 at Ballard's cafe. The case will be brought to trial in the second week of the September term of district court.

Hill is charged with having stabbed Brewer because of an alleged \$7.50 debt. The two men met at the restaurant, went through what witnesses said was apparently friendly banter, grew heated in their discussion as reports said; and, before anyone had time to prevent the action, Brewer was killed.

Hill is confined in the county jail awaiting trial.

False Alarm Is Cause of Death

MEXICO CITY, Mex., July 18.—(P)—A false alarm resulted in the death of Jesus Partida Valadez, fireman, who fell from a hook and ladder truck while rushing to a Mexico City suburb from which an alarm had been turned in.

Partida fell from a truck while it was rounding a street corner and was injured fatally.

When the firemen reached the suburb it was found that the alarm was false.

Farmers Need Rain For Feed Growth

Sufficient rain for cotton farming over a period of several weeks has fallen in Midland county, but farmers say they need moisture for feed.

Lice and honey dew are reported to be deterrents to farming in several sections of the country.

ROTARIANS TO CELEBRATE WITH CHICKEN BARBECUE

Announcement of a chicken barbecue, for Rotarians and their wives and children, to be held Thursday evening, August 1, at the home of J. E. Hill, in west Midland, was made at the luncheon today by President Malcolm Meek, and a committee composed of Percy Mims, J. E. Hill and Chas. McClintic was named to make all arrangements.

The program today was in charge of John Gossett, Arthur Yeager and Jim Finlayson, with John Gossett as chairman. He introduced first Miss Lucille McMullen who gave a reading in negro dialect. Miss McMullen is an accomplished orator and reader, and is popular as an entertainer, having appeared at the Rotary Club on former occasions.

R. M. Barron then gave his classification talk as a banker. His address contained valuable statistics on the history of banking, showing its steps up to the present highly efficient and serviceable methods.

Mrs. T. Jeff Haynie, also a popular entertainer, delighted the Rotarians with a piano selection.

A talk on his recent visits to Rotary Clubs of New Mexico and Colorado was made by T. Paul Barron.

"Tanlac" Strange of Big Spring, a visiting Rotarian, gave a humorous talk on his new invention, a radio, using practically every technical term known in a manner which brought forth much mirth.

Mr. Peters, an architect of Lubbock, also spoke briefly.

PIONEER MIDLAND RANCHMAN DIES AT HOME IN CORPUS

Ben F. Wolcott, 87 years old, a former pioneer cattleman of Midland, died at his farm home near Corpus Christi early this week, and was buried at Midlothian Monday. He had been ill for some time.

Midland relatives attending the funeral services were Mrs. S. O. Golladay, his daughter; Mrs. Ida Wolcott, Miss Juliette Wolcott, Miss Betty Ruth Golladay and Alder Golladay.

He is survived by a sister, Mrs. Eva Garvin, who made her home with her brother, the late W. H. Wolcott, here for years, and had seven sons and daughters. Mrs. Golladay and John Wolcott living at Midland and Big Spring respectively. George Wolcott and Henry Wolcott, his brothers, were also pioneers of Midland, and passed on a few years ago.

Ben F. Wolcott lived in Midland until 20 years ago, going then to Corpus Christi to live. He was among the first to locate a cattle ranch south of Midland, and much credit is due him for the early development of this country for ranching.

Kinard to Address Old Vets at Orange

ORANGE, Texas, July 18.—(P)—The annual address to the state convention of United Confederate Veterans and Sons of Veterans, at Nacogdoches, September 3-5, will be made by Hollis M. Kinard, of Orange, it was announced by Ed S. McCarver, mayor of Orange and commander of the Texas division of the sons of veterans.

The reunion date originally was set for October 3-5, but the dates were changed in order to have the convention before the schools open.

Plans for the convention call for sessions in the Nacogdoches high school auditorium, and the first session will be called to order by Prof. F. A. Beal, commander of Stone Fort Camp No. 926, S. C. V. of Nacogdoches.

Bogel Ranch Test Will Be Drilled

Work will begin on a water well preparatory to drilling a wildcat test on section 8, block 8, Presidio county, by the T. & P. Coal & Oil company within a few days.

The test will be made on the Judge W. W. Bogel ranch and will be put down to a depth of 4,000 feet if oil is not encountered in higher strata.

The King's Last Appearance Before Latest Operation

Pictured here as he left Westminster Abbey is King George of England in his last public appearance before his latest surgical operation, when thousands gathered at the historic old abbey to offer the empire's thanks for the monarch's apparent recovery of his health. King George and Queen Mary are in the leading carriage, on their way to Buckingham Palace, and a closeup of them is shown in the inset.

COUNTY JUDGE AND COMMISSIONERS' TRIP MAY MEAN NEW COURT HOUSE

What may mean the first of a series of inspections and plans for a new courthouse for Midland was begun this morning when County Judge M. R. Hill and county commissioners Donald M. Hutt and Sam Preston left on a tour designed for taking them into cities of Texas boasting fine courthouses.

The party will go to Austin, and on the return will include in cities visited, Eastland, Breckenridge and Vernon. The group left by a light automobile bought by the county for the purpose incident to the trip.

It is definitely understood that the county commissioners are considering calling a bond election for the erection of a new courthouse. The matter has been public for several months. So far, however, announcement has been unofficial. An endorsement of talk has established the theory that the proposed building will be started before many months, in case the people elect to vote in favor of it.

An interview with Judge Hill two days ago failed to disclose anything definite on the matter. The judge did not deny, however, that the commissioners are considering the matter, nor that the present trip is applicable to the project.

"If the county were to build the new courthouse, it would consist of putting up such a structure as would be commensurate with other buildings lately added to the city's program."

Jesse Brings In First Watermelons

The local watermelon season will be on within a few days. H. A. Jesse, county farmer, brought two big specimens of his crop to town today. So far as is known, Jesse's were the first melons grown in the county that have been sold.

Jesse has his crop planted in odd parts of his terraces—where crop rows cannot be planted. Ravens are so bad about eating his produce that the farmer has strung binder twine on staves among the terraces. The suspicious birds have been checked by this precaution.

Dynamite Found Near Gas Main

NEW ORLEANS, July 18.—(UP)—Waning hope of an immediate settlement of the street car strike today was accompanied by the discovery of 13 unexploded sticks of dynamite under the principal gas main leading into the city.

"PLANE DERBY" ON ST. LOUIS, July 18.—(P)—Two planes continued to fly back and forth over the city today in an "endurance derby" which a St. Louis Robin is pitted against a Missouri Robin.

The St. Louis Robin has been aloft 120 hours.

Rotarians of Big Spring Entertain

BIG SPRING, Texas, July 18.—The Big Spring Rotary Club entertained their families with a barbecue on Tuesday evening July 16 at the city Water Works. Rev. Dow Heard was Toastmaster of the occasion. W. C. Blankenship, Superintendent of the Big Spring Schools, was the principal speaker of the evening, talking on the "Purposes of Rotary." One of the main features of the evening was a "Yo-Yo" Contest between members of the club composed of Rev. Dow Heard, Dr. G. T. Hall, C. W. Cunningham, B. Reagan and E. A. Kelley. The winner, Mr. Heard, was awarded a "Yo-Yo."

Other features of entertainment were music and readings by local talent. More than 150 members and guests participated in the affair.

DeWitt Lease To See Wildcat Test

A wildcat test on the C. C. DeWitt lease, Block X, COSG & RGN survey, 17 miles northeast of Rankin, Upton county, is to begin within a few days.

The Prairie Oil and Gas Company has just completed a rig on the location for a 3,500 foot hole.

The test is located near an area where several core tests have been made, and, is near the Midland-Rankin road, 39 miles south of Midland.

William Fox Shows Improvement Today

MINNEOLA, N. Y., July 18.—(P)—The condition of William Fox, motion picture producer, showed progress today in his recovery from injuries suffered yesterday in an automobile accident.

Thieves Rob Pair of \$20,000 in Valuables

CHICAGO, July 18.—(UP)—Fredrick Grabne, owner of the horse "Windy City," American Derby winner, and Ruel J. Geigel, lunchroom proprietor, and their wives, were robbed of \$20,000 in jewels and cash while driving home from Arlington Race Track last night. The thieves boarded the auto and rode for four miles.

Directors Called To C. of C. Meet

Directors of the chamber of commerce are called by J. O. Nobles, vice-president, to meet Monday night at 3 o'clock, and he states that all members of the organization are invited to attend and present any subject they desire for discussion.

He asks especially that all of the directors attend the meeting to act on several important matters coming under their jurisdiction.

Daughter of Mach Lands at Airport

Mary von Mach, daughter of the Mach truck manufacturer, landed at Sloan Field with C. F. Lienesch Wednesday afternoon. The two were in a Travelair plane bound for Los Angeles, where they will enter the Los Angeles to Cleveland air race.

Miss Von Mach has landed at Midland several times within the past year.

Woman Held in Axe Murder in Illinois

BENTON, Ill., July 18.—(UP)—Helen Makowski is in jail here, facing a charge of murdering Steve Molowski, 35, with an axe at her home in Nora, Illinois, a mining camp.

Chamber Commerce Literature Shows New Development

New corrected literature giving information of the oil fields surrounding Midland has been prepared by the chamber of commerce for use of Midland people in advertising the city.

New roads, telephone lines, pipelines and other matters of information are embodied in the map. It is suggested by the chamber of commerce that those writing friends at a distance get a supply of this literature and send it with their letters.

SUDAN GRASS IS USED IN TEST BY COUNTY FARMER

What is believed to be a successful method of fattening "more cattle on fewer acres" is being carried on in an experiment by S. O. Golladay, Midland County farmer and ranchman, at the old Horton place where he lives east of Midland.

Mr. Golladay recently bought 300 head of heifer yearlings, some of them from ranchmen in the Marfa country. He has topped out the best 100 head to keep for a foundation herd, and is fattening the other 200 along with about 25 head of mixed cattle for market.

He has a 200-acre field of sudan which is now up to a good stand, and turns the cattle in on this field for a few hours each day. Along (Continued on page 8)

RECEIVING BIDS FOR CONSTRUCTING MEXICAN SCHOOL

Advertisement for bids is being made by the trustees of Midland Independent School District No. 1 for the construction of a two-room brick school building for the Mexican school children, to be located in the eastern part of the city.

Plans and specifications for the building are being given to contractors by J. E. Hill, president of the board, and bids will be received up to Wednesday, July 24, at which time the contract is to be let.

TOP AND BODY SHOP MOVED TO NEW LOCATION

Announcement of the removal of the Broadway Top and Body Shop to 122 East Wall street is made in today's paper by the proprietor, S. Dewey Stokes. The location was formerly the Midland Reporter building, and has been completely remodeled to meet the requirements of an up-to-date top and body shop.

A new paint room has been constructed in the building, several hundred dollars worth of new equipment for painting, top and body work has been added, and Mr. Stokes states that he is now in position to give the latest and best of service in these lines to the people of Midland and adjoining territory.

Live Wire Kills Fort Worth Man

FORT WORTH, July 18.—(P)—Tom Sawyers, 25, a plasterer, was killed instantly this morning when he came in contact with a live wire while working on a building. He was on a scaffold 20 feet above the ground. A man pulled Sawyers away from the wire, but he was dead.

Bank Failures In South Numerous

ATLANTA, July 18.—(UP)—Bank failures in two southern states during recent weeks reached a total of 23 today. Closing yesterday, fifteen institutions of southern Florida followed the failure of five banks in Alabama. The usual summer depression, plus the effect of the Mediterranean fruit fly, is blamed by officials.

TRAIN FALLS TO CREEK BELOW

First Reports Gave 14 Dead and Score Injured

BULLETIN CHICAGO, July 18.—(P)—Rock Island lines officials announced today their reports on the fixed number of dead in the wreck of the Colorado express near Stratton today. Seven passengers were killed, and one negro porter, the report said.

BRIDGE WAS WEAK

STRATTON, Colo., July 18.—(UP)—Crashing thru a bridge which had been undermined by storm waters, a crack westbound passenger express Rock Island train went hurtling into a creek below early today, bringing instant death to many of its passengers.

Early reports say that 14 were killed and that others were expected to die. One car with seven passengers and one porter was completely submerged.

Five hundred passengers were aboard the train. Bedlam followed the grinding of steel and the plunge into the stream. Fearful screams of passengers mingled with the hideous wrenching of breaking steel and splashing water.

ONE SAYS OUT

STRATTON, Colo., July 18.—(P)—More than a score of persons were injured today when a final check had been made of first reports showing 14 persons dead in the wreck of the crack flyer of the Rock Island lines here today.

The late check showed only seven persons had been killed.

After two locomotives and the baggage car had gone over the bridge, a chair car plunged into the raging torrent below. Only one man escaped from the submerged chair car, and he cut his way through a window with a saw. He was cut and bleeding when rescue workers discovered him and dragged him from the twisted car.

Testimony Starts In Davidson Trial

CORSICANA, July 18.—(UP)—Introduction of testimony was begun today in the trial of Lloyd Davidson, charged with murder in connection with the alleged slaying of his father, W. T. Davidson, May 2.

The state is asking the death penalty and will attempt to prove that he clubbed his father and stepmother to death after an argument, then burned the house to cover up the evidence.

Davidson has already been convicted of slaying his stepmother, and got a sentence of 99 years.

FLAPPER FANNY SAYS

When mother gets through packing for vacation, it makes Father sick because he just can't get over the grip.

A CLERK'S RESPONSIBILITY

Strangers stopping in a city form their opinions of the citizenship from those citizens with whom they come in contact. They stop at hotels, garages and service stations, stores of all kinds, and in almost every case their dealings are with employees of these business houses. If they are in need of some special form of information, they probably go to chambers of commerce or to institutions of the kind they wish to know about, but most of their conversation is with clerks and employees of stores.

Thus, a great responsibility rests upon these clerks and employees to impress strangers with the city. Midland is exceptionally fortunate on having high class people employed in its business institutions, and they have an excellent opportunity to give strangers the correct idea of Midland and its citizenship.

Courteous attention to service, cheerful giving of information about the city and surrounding country, and a constant desire to impress strangers with Midland, will go a long way toward giving those who pass through or stop for a short time a favorable opinion of the thriving West Texas metropolis.

Crossword Puzzle

A Study of France

HORIZONTAL
1 The minister of a church.
2 What I like to do between France and Switzerland.
3 Beer.
4 A kind of hearing.
5 Edge.
6 Federal.
7 Sufficed.
8 Driving command.
9 Settled an income upon.
10 This is a Harley.
11 To meet with a sudden resp.
12 Command.
13 What is great port is on the north coast of France?
14 To guide as a boat.
15 canvas hats.
16 To send as a parcel.
17 To stroke lightly.
18 Sea duck.

VERTICAL
1 What city is the capital of France?
2 Wing part of a seed.
3 A r a p in a technical dish.
4 To perse.
5 Thrived.
6 Unit of work.
7 To emulate.
8 To modify in any way for the better.
9 Tiny particle.
10 Joked.
11 Disputant.
12 Finished.
13 What straits separate France from England?
14 Finding bed.
15 Rock containing metal.
16 Fossil flower pot.
17 Fishing bag.
18 An unusually large grade.
19 Home of a bee.
20 Which is the most famous of the rivers in France?
21 Citrus fruit.
22 Small aperture for the escape of gas.
23 trail.
24 Two days.
25 U n e r a t shing.
26 Young goat.

Out Our Way by Williams

HEROES ARE MADE - NOT BORN.

STONE HATCHET'S FORM OF GREETING UNDERGOES MANY CHANGES AND FORMS

A small but deadly boulder, hurled by a husky caveman, was the first greeting card. It was sent through the air and if it had been engraved would have borne a message something like this: "Stranger: If you know what's good for you, you'll stay away from my cave, Scarface the Terrible." Man is somewhat more civilized now. The guest who comes to the cave for the week-end is met with the jolly swish of the cocktail shaker, is given the freedom of the premises and the local cavewomen, and when he goes away is supposed to write a thank-you note to his host and hostess. Efficiency, however, is changing etiquette. The guest today, rushing off elsewhere or back to business, with little time for the old fashioned amenities, can pause at a stationer's, a gift shoppe or a department store and acquire a season's supply of engraved or artistically letter cards bearing pleasant variants on the theme: "Thank you for your hospitality."

DRIFTWOOD IN N.Y. HARBOR IS COSTLY MENACE

NEW YORK, July 18.—(UP)—The vast amounts of driftwood and other obstacles in New York harbor constitutes a serious handicap to navigation and imposes a heavy financial penalty on boat owners, according to a report made public today by Edwin B. Lapham, vice-president of the Waterway League of America. In the first five months of the year, the report said, members of the New York tow-boat exchange paid out \$40,000 for new propellers and the cost of fitting them after old ones had been damaged by the drifting debris. But that figure does not begin to approximate the total cost of accidents, Lapham pointed out, because some mishaps have been so serious that boats have been required to go dry-dock, thus losing the services of the vessels. Floating and submerged timbers, are such a menace in slips that some coastwise steamers are towed out beyond the pierhead before the engines are started. Yachtsmen, with their lighter craft are among the heaviest sufferers. One yachtsman in a single season had 22 accidents to propellers in Hell Gate and East River. Another had seven accidents—one daily—in a week. All pleasure boat owners within a 20-mile radius of New York's city-hall are affected by the floating debris, Lapham said, with night-floating all but eliminated because of the danger.

Four Sources of Debris

The Waterway League's Aids to Navigation Committee has made a study of the problem and concluded that most of the drift material comes from four sources. One of these is the boat "graveyard," where several thousand hulls and parts of hulls have been left to the elements. Each winter these ship skeletons are broken up by the ice floes and the wreckage is forced into harbor channels. Another source is the long, rotted pile, which has slipped its pier, jetty or bulkhead. The latter are no kept in proper condition and replacements of rotted wood have not been made promptly. In the third place, there are tens of thousands of logs, heavy timber, and split bolts thrown overboard by builders and repairers of piers, docks, and ferry slips.

WHITE WOLF IS SOUGHT AFTER HERD KILLINGS

By GEORGE E. HELMER

United Press Staff Correspondent
STANFORD, Mont., July 18.—(UP)—Swift as lightning, cunning as a fox, a bold killer, White Wolf has become the terror of the Little Belt mountains. Ranchers fear him, and, assisted by federal hunters, have constantly sought to remove this big white beast that decreases their herds. But the \$700 bounty offered by the stockmen's association for White Wolf's hide remains unclaimed.

The killer wolf has been seen by many. Scores of shots have been fired at him. None has found its mark. White Wolf is never close enough for a sure shot when he enters the vision of an armed rancher or hunter. But he often appears at close range to unarmed ranchers, as though flaunting his cunning.

Most of his depredations occur during the winter months, when snow makes sight of him difficult. Many hunters have remarked that the killer darts for snow patches when he encounters humans, the snow forming a white background that effectively conceals him.

Travels Alone

The wolf has ranged at will for several years, killing cattle, colts, and sheep with the ease and skill of a much larger animal. He always travels alone, and his tracks are distinguishable by their size. He is the biggest wolf in the mountains and the only desperate killer who has managed to elude pursuers and continue his depredations over a long period.

Colts, calves, and sheep are not his only prey. He kills full grown cattle with ease. His method of attack consists of swift slashing onslaughts. He hamstringing cattle until they are unable to fight or run. Then, the killing is made comparatively simple.

Total Loss \$3,000

The total loss in stock killed in the Little Belt by White Wolf is estimated to be \$3,000. C. R. Taylor, Dry Wolf canyon rancher, lost nearly 40 of his cattle to the killer in the past few years. W. I. Hughes, another heavy loser, checks 20 head to White Wolf, while A. J. Goyins declares the white flash killed 10 of his herd. Many other ranchers have lost from one to six animals.

White Wolf was once caught in a trap but escaped. Since that experience, he has shown uncanny ability to dodge all sorts of traps laid for him.

He stayed close to one ranch for an entire month last winter, killing whenever he was short of food. His tracks were seen every day or so, and fleeting glimpses were caught of him, but he never exposed himself to rifle fire.

Periodical and systematic attempts to end his career have failed, and ranchers are looking forward with apprehension to the possibility of another winter when White Wolf will again roam the Little Belt.

FORD FAVORS POWER TRUST

Henry Ford declares that the "power trust" has no terrors for him and that, on the contrary, he favors it as the best means of promoting the development of the electrical industry and bringing the advantages of the electrical age to the Nation.

Mr. Ford declared in an interview published by the Electrical World that the formation of a Nation-wide power monopoly is inevitable as the natural expression of economic tendencies and the best means of reducing the rigors of human toil and giving cheap light and power to the people.

Asserting that the "use of electricity is yet little to what it will be in the next ten years," Mr. Ford predicts the interlacing of the whole country with power lines and that this, in turn, will mean "utilization of utility systems in business terms, as well as electrical."

Wishes There Were Power Trust

"People talk about a 'power trust,'" Mr. Ford says. "I only wish that there actually were a power trust, a central directing organization for the development and use of every power source in the country, tied into one national power system for the service of the whole country; that is, welded into one operating and business unit. It has got to come as the one necessary and economic method of power production. Our national power system will become a unit, just as our postal system is. This would multiply speed the day when electric power would fulfill its destiny as the bearer of mankind's burdens."

All talk about exploitation of industrial combines for profit is of no importance, he asserted, the important thing being what the Nation as a whole gets as a result of the economic and technical advantages of these combines.

"Profits are merely what we think we work for," he declares. "They are of small account in comparison with what we do to get them. The real profit is not what the promoters get, but what the country gets. Men may work for money or to gratify a sense of power, but their work lives after them and belongs to the Nation."

Applying this theory to the problem of power, Mr. Ford contends

"the essential thing is to spread available electrical power far beyond present limits of extent and capacity."

"To do that we must enlarge our conception of its use so that the power that comes over the wire (or through ether when radio transmission becomes practicable) may be as common as air and universally used."

The critics of the power industry, Mr. Ford holds, have overemphasized much of the profit aspect of the problem.

Finds Profits Purely Incidental

"The money that has been taken out of the business in the form of profits from the sale of electricity or from the manipulation of company ownerships has gone back into this industry or into another one, and is nothing when compared with the profits which the public has been able to make through electric light and power," he explains. "Look over the prices of electricity to the consumer since the industry began and you will see that they have gone down continuously and they will keep on going down as more and more electricity is used."

"Corraling the sources of power and doing it out is not the way. We must provide power so lavishly that it will be cheaper to use it than not. It is to be done by giving more and more electricity for less and less money and by teaching how these greater quantities can be used profitably and with benefit in every direction."

CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Midland County—Greeting:

You are hereby commanded to summon the Unknown stockholders of The Midland Town Company, a defunct corporation, if living, and if not living, then the unknown heirs and legal representatives of said unknown stockholders by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 70th judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 70th judicial district, to appear at the next regular term of the District Court of Midland County, to be held at the courthouse thereof in Midland, Texas, on the first Monday in September, 1929, the same being the 2nd day of September, A. D. 1929, then and there to answer a petition filed in said court on the 28th day of June, A. D. 1929, in a suit, numbered on the docket of said Court, No. 2242, wherein Magnolia Petroleum Company is plaintiff and Unknown Stockholders of The Midland Town Company and the unknown heirs and legal representatives of said unknown stockholders are defendants, said petition alleging that the Plaintiff is the owner of a fractional block of land bounded on the North by what is now Wall Street in the City of Midland, and fronting 81 feet thereon; bounded on the East by Carizzo Street, and fronting 300 feet on said Carizzo Street; bounded on the South by Missouri Avenue and fronting 5.5 feet on said Missouri Avenue; and fronting on a Street in West End Addition to the City of Midland, Midland County, Texas 309.4 feet, this front on A Street and the block line being identical with that portion of the West line of Section No. 35, Block No. 39, Township 1 South Texas and Pacific Railway Company Grantee

Witness J. M. Shelburne, Clerk of the District Court of Midland County.

Why Suffer Stomach Trouble All Your Life?

Thousands of men and women who were physical wrecks from stomach troubles, who couldn't sleep, who couldn't eat without after-misery, and whose kidneys, bowels and liver were out of order, now enjoy old-time energy and relish their food since taking Tanlac.

Mr. Joseph A. Culver, of 812 S. Main St., Muskogee, Okla., says: "I was a nervous wreck and forced myself to work and eat. I felt like quitting work before the day was up. On taking Tanlac, my appetite picked up so I could eat anything, I soon slept well and gained 10 lbs. Tanlac contains no mineral drugs of any kind, just a special combination of selected herbs, roots and barks, recognized to be of high medicinal value. Quick benefit and relief from stomach distress is almost sure to follow the use of Tanlac. Get a bottle today from your druggist and let it start right in correcting those troubles which make you so miserable. Money back if it doesn't help."

Tanlac 52 MILLION BOTTLES USED

"HONEYMOON JOURNEY" NOVEL PARTY IN HONOR MISS COLLINS

Featuring a novel "honeymoon journey," Miss Elma Collins, bride-elect of Mr. K. E. Nutt, was complimented by Mrs. Paul T. Vickers and Miss Pearl Wimberly at the home of Miss Lydie G. Watson yesterday afternoon.

As guests arrived at the Watson home they exchanged best wishes to the honoree for a train ticket and lunch ticket entitling them to lunch at Lovington, the future home of the couple. The guests then boarded the "Honeymoon Special" where Mrs. Vickers as conductor described the scenery and the novel signs along the road. The tour included the towns of Tatum, Roswell, Las Vegas and Indian Reservations in New Mexico. This same tour will be taken by the couple on their honeymoon.

As newsboy Lattie Dorothy Speed came through the car several times selling gum, candy peanuts and "Honeymoon Special", a paper published for the occasion telling interesting facts about the romance of the couple and other "Star Dust Glimmerings." As a contest for the afternoon guests wrote words from the names of the towns along the journey.

Cars Changed
Cars were then changed for the last stop which was Lovington. The honoree received her baggage as she changed to her car, the guests showed her with rice. From the Watson home the group went to the home of Miss Wimberly where lunch was served and the honoree unpacked her baggage which was filled with lovely presents.

The guest list for the occasion included guests of Miss Collins at her announcement party given last week, who were Mesdames Paul T. Vickers, Jno. W. Collins, Carroll Hill, Oran Collins, Dick Knox, Carl W. Covington, Misses Lydie G. Watson, Georgia Kirk Davis, Ruth Norwood, Pearl Wimberly, Dora Wall, Jessie Mae Estes, Virginia Hale, Jennie Elkin, Lucille Thomas, Bernice and Marie Hill, Emily Flanigan, Francis, Dorothy and Bennie Sue Ratuff, Ruth and Jean Wolcott, Eulalia Whitefield, Nancy Rankin, Ida Beth Cowden, Helen Margaret Ulmer, Martha Louise Nobles, Doris Harrison, Annie Laurie Hix, Helen and Ruby Hodges, Imogene Cox, Evelyn Garlington, Margaret Francis, Lois Walker, Janelle Edwards, Marlon Waddy, Mary Belle Pratt, and Jewell Midkiff.

Many Enrolled in Daily Vacation Bible School

More than forty children from the ages 4 to fourteen years of all denominations are enrolled as students in the Daily Vacation Bible school, which is the only school of its kind ever sponsored in Midland. The classes are being held under the direction of the Presbyterian church, with Mrs. W. E. Tanner as superintendent.

Mesdames Chambers and Hodges Entertain Bein Amigos Club

As a compliment to members of the Bein Amigos Club and their husbands Mesdames C. D. Hodges and J. D. Chambers entertained with evening bridge at the Chamber home Tuesday evening.

The setting for the affair was made attractive by the use of shades of green, orchid and yellow which were used in the refreshment service, floral appointment and table markers. Centerpieces for the tables were potted flowers.

The hostesses favored Mrs. H. S. Collins for holding high among the women and Dr. T. C. Bobo for holding high among the men.

Guests were Messrs and Mesdames M. L. Layton, R. J. Moore, Ernest McKinney, F. W. Chapman, Drs. and Mesdames T. C. Bobo and D. M. Ellis; Mesdames H. S. Collins, R. L. Ellison, Messrs C. H. Hodges, J. D. Douglas and J. D. Chambers.

Breakfast Given for Kongenial Kard Klub Members

With members of the Kongenial Kard Klub as her guests Mrs. W. L. Floyd delightfully entertained with a breakfast at her home Wednesday morning.

For the breakfast service the hostess used colors of green and yellow. Tables were centered with vases of spring flowers and table covers were also of the chosen colors.

For the bridge games Mrs. Don Carlos Davis held high score for guests; Mrs. H. H. Meeks high for club members and Mrs. M. F. King and Mrs. Meeks cut high at tables.

The hostess was assisted by Miss Kathleen Stewart of Clarimont in entertaining guests who were Mesdames J. A. Tuttle, M. F. King, D. B. Brown, Don Carlos Davis, H. H. Meeks, E. M. Sprayberry, and Harry Roberts.

"Eternal Love" Film Makes Hollywood Take to Archery

Hollywood's newest favorite pastime is shooting for prizes with bow and arrow. The fad was started by Ernst Lubitsch, noted motion picture director, when he revived an old Swiss custom in his latest production, "Eternal Love," a United Artists picture starring John Barrymore. The big picture comes to the Grand Theatre Sunday.

During the filming of "Eternal Love," Barrymore and his supporting cast, including Camilla Horn, Hobart Bosworth, Victor Varconi, Bodil Rosing, Mona Rico and Evelyn Selbie, set at tables in a replica of a famous Swiss mountain inn and shot darts into plaques on the walls. In Switzerland the losers would have to buy a round of drinks; in Hollywood the prizes were boxes of candy, cigars and cigarettes, donated by Lubitsch.

Miss Eula Lee Bell Married to Arizona Man Tuesday

Word has been received in Midland of the marriage of Miss Eula Lee Bell, popular young woman of El Paso, to Mr. Jack Whitaker of Douglas, Ariz. The wedding was solemnized Tuesday in Las Cruces, New Mexico, with the bride's brother, Mr. Frank Bell and wife and attendants.

Many Midland people know the bride as she made her home here up to eleven years ago. Since that time she has been a frequent visitor in the home of her aunt, Mrs. M. C. Umer. During her visits to Midland she has made numerous friends and was a member of a popular social group here. She attended high school in El Paso where she was a member of campus clubs and was prominent in all social activities. She is the daughter of Mr. and Mrs. Lee Bell, former residents of Midland.

Following the ceremony Mr. and Mrs. Whitaker left for their new home in Douglas, Ariz., where he is in business.

Morning Bridge in Honor of Mrs. Brown of Cisco

Mrs. Charles Brown of Cisco was honor guest at an informal bridge affair given by Miss Fannie Bess Taylor at her home Tuesday morning.

Two tables were marked for players, one being for auction bridge and the other contract bridge.

For auction bridge Miss Thelma White held high and received novel shoe bags and for contract bridge Miss Lois Patterson held high and was given a deck of cards. The honoree was presented pretty table markers.

Following the games a two-course luncheon was served to Mesdames J. A. Finlayson, H. J. Neblett, Kenneth Flint, Harry Tolbert, Chas. Brown, Misses Thelma White and Lois Patterson.

El Paso Visitors Given Picnic Supper by Mrs. M. C. Ulmer

In honor of Mr. and Mrs. Chas. Bell of El Paso, who are visiting relatives here, Mrs. M. C. Ulmer entertained a picnic supper at the Ulmer home Tuesday evening.

Guests were Messrs and Mesdames Ed Roundtree, Harry Tolbert, Allen Tolbert, Elliott Cowden, Paul Roundtree, Jno. Tolbert, Chas. Bell of El Paso, M. C. Ulmer and daughters Helen Margret and Ann.

Mr. and Mrs. Wolcott Here from Cuba

Mr. and Mrs. Henry Wolcott and little daughter Dorothy Rhea arrived in Midland last night from their home in Trinidad, Cuba. They will visit in the home of their parents Mr. and Mrs. W. J. Moran and Mrs. Geo. Wolcott for several weeks. Enroute Midland Mr. and Mrs. Wolcott visited in Havana for two days and also in New Orleans.

THE ANNUAL ARGUMENT - IS ON!

NEWEST WRINKLE IS TO AVOID NEW WRINKLES!

By MABEL DUKE For NEA Service

Probably woman's greatest bugaboo is wrinkles! Those hated fine lines that appear so insidiously and soon become furrows are often unnecessary. It is often carelessness rather than age that brings them on, in the opinion of Esther Ralston. Sometimes they appear on the faces of quite young people. No woman under 40 should tolerate these beauty-marring lines that can be easily prevented. Because preventing is easier than curing, even school girls should give a thought to their future beauty and attempt to prevent the first fine lines.

Beware of the Squint
"Squinting and frowning are the greatest causes for wrinkles, bringing them on the forehead and around the eyes," Miss Ralston said. "Also, because a squint is usually accompanied by a tenseness of the muscles around the mouth, lines may soon appear there, too."

"Frowning is a habit that should be broken at once. Worry often brings frowns but when you become fretful just think of the crow's feet that are waiting for just such opportunities as these to make them welcome!

If May Be Eyestrain
"To remedy squinting, first consult an oculist to find if it is caused by eyestrain. If not, prevent that malady by wearing glasses, delicately smoked, when driving, working in the brilliant sunshine or at the seashore. Never read while riding or lying down."

"When fine lines begin to trace themselves across the youth of your skin, massage night and morning with a good muscle oil to keep them from becoming deep furrows and perhaps eliminate them entirely. After applying the oil, tap the face gently with the finger tips for five minutes. Crook the fingers as though you were playing the piano; instead of the piano, however, play easily upon the muscles of the face."

SORE GUMS—PYORRHEA
Foul breath, loose teeth or sore gums are disgusting to behold, all will agree. Leto's Pyorrhoea Remedy is highly recommended by leading dentists and never disappoints. Druggists return money if it fails. Mayes-Young Drug Store. —adv.

Price of Living Room in This County Should Be Cheap, Says Miss Derryberry

The price of a cheerful living room is low, Miss Genevieve Derryberry, home demonstration agent, says. In work conducted in this county, the agent has found that women who have changed the atmosphere of their homes get much satisfaction from the arrangement. "They enjoy staying in their homes more," Miss Derryberry says. "Invariably they get more work done as well. It seems that the living room is the basis for all home activity, after all. Experiment has shown this to be true."

SOCIAL CALENDAR

Wednesday
Mrs. Paul T. Vickers and Miss Pearl Wimberly entertain at the home of Miss Lydie G. Watson for Miss Elma Collins, bride-elect, and guests of Miss Collins announcement party, 5:00 p. m.

Kongenial Kard Klub at the home of Mrs. W. L. Floyd for bridge breakfast—9:00 a. m.

Thursday
Rainbow Club members meet at the home of Mrs. Walter Cowden for bridge, 3:00.

Members of the girl's Triangle club of the Christian church meet at the home of Mrs. S. W. Leezer, 8:00 p. m.

Country Club members meet at clubhouse for bridge games—8:30 p. m.

Friday
Mrs. Carroll Hill will entertain members of the Joi De Vie Club at her home—3 o'clock.

RADIO IS ALMOST A RIOT WHEN GENE RODEMICH AND HIS POPULAR ORCHESTRA GET READY FOR A PROGRAM

A rehearsal is scheduled for Studio A in the NBC Building high above Fifth Avenue in New York. It's a big vault-like room, high ceilinged, hung with modernistic curtains in black-and-sand pattern. The control room at one end is visible through a big plate-glass window. Several microphones are placed around the platform where the orchestra leader has his chair and music stand. That large square sounding board slung from the ceiling directly overhead has a microphone in the center.

Gene Rodemich, popular figure in radio, who directs the Propylactia Orchestra.

by the miniature audience there whose business it is to censor every radio program before it goes out to the homes of the nation. Suddenly Gene's blue pencil—his baton—is rapping on his music stand. He wants the tenor saxophone to move back two feet. The rehearsal proceeds. More interruptions, stops, changes, interpolations. The vocal trio have to be fitted in with the instrumental parts. New sound effects must be tried out critically. A microphone is moved; then another. Sometimes only the violins carry the melody; again only the brass is used. Music is marked. Music is lost. Music is found. Music is distributed. The program is timed to a half-second for the half-hour broadcast looming near. And then the rehearsal is over.

MIDLAND TAKES FIRST GAME OF SERIES WITH SAN ANGELO

BIG SPRING LOSES IN TENTH INNING TO BEAR CATS AS COLTS WIN

Five Runs Chased Across In Eighth Inning; Herder Receiver Breaks Finger

After trailing the Shepherders for six innings, the Colts suddenly developed a mania for hitting the ball hard and frequently yesterday and won the game, 11-7. Blackwell of the visitors pitched well, but six errors gave him a bad break. Midland assumed league leadership through the win, Big Spring losing to Ballinger in the tenth inning when a rally resulted.

Cheeves and Eagan of Midland hit home runs. Mike Wiley, receiver for the visitors, suffered a broken finger in an early inning and Harry Taylor came in from the field to assume the catching role. Wiley is one of the best catchers in the circuit and the probability that he will be out of the game during the rest of the season may hurt the chances of San Angelo.

First Inning
San Angelo: Eagan opened up wild walking Williams and Taylor. Rawlings struck out. McMillan popped over the left field wall scoring two runners ahead of him. LaBouve struck out. Wiley fled out to center.

Second Inning
San Angelo: Williamson fouled out to Lewis. Andrews was safe on Lagunas' error. Blackwell struck out. Andrews stole second and scored on Williams' single. Taylor fouled out to Lewis.

Third Inning
San Angelo: Rawlings was safe on Lagunas' error. McMillan walked. LaBouve struck out for the second time. Wiley fled to center. Williamson singled to center and Flowers made a nice throw to get Rawlings who tried to score from second.

Fourth Inning
San Angelo: Andrews was out, Cheeves to Kallina. Blackwell doubled. Williams walked. Taylor struck out. Rawlings also struck out.

Fifth Inning
San Angelo: McMillan hit his second home run over the left field wall. LaBouve was out Lagunas to Kallina. Eubanks doubled and Williamson hit another home run. Andrews hit a hot one to Lewis who made a low one-handed catch. Blackwell hit what should have been his second double but he was called out for not touching first base.

Sixth Inning
San Angelo: Shivers no pitching for Midland. Williams was out, Cheeves to Kallina. Taylor grounded out to Lagunas. Rawlings singled and McMillan fled to King.

Seventh Inning
San Angelo: LaBouve grounded out to short. Eubanks popped to Lewis. Williamson singled. Andrews lifted one to Moore.

Eighth Inning
San Angelo: Blackwell singled and was caught off first when Williams missed an attempted bunt. Williams popped to Lagunas. Taylor fled to King.

Ninth Inning
San Angelo: Rawlings struck out. McMillan was safe on Cheeves' error on his slow roller. LaBouve fled to Flowers. Stagner took Eubanks' high foul in front of the screen for the final out.

Tenth Inning
San Angelo: Rawlings struck out. McMillan was safe on Cheeves' error on his slow roller. LaBouve fled to Flowers. Stagner took Eubanks' high foul in front of the screen for the final out.

Summary
Two Base Hits: Blackwell, Eubanks, Stagner.
Home runs: McMillan 2, Williamson, Cheeves, Eagan.
Bases on balls: Eagan 4, Blackwell 7.
Struck out: Eagan 6, Blake 1, Blackwell 4.
Sacrifices: Lagunas, Kallina, and Blake.
Stolen Bases: Taylor, Williams, Flowers.
Winning pitcher: Blake.
Time: 2:10.
Umpires: White and Tongate.

SPEAKING OF SPORT

BY FRANK GETTY
United Press Sports Editor

It Seems There Were Two Irishmen

A new light heavyweight champion may be crowned in the glare of Kleig lights and the stifling odor of blood and resin-dust at Yankee Stadium tonight.

James J. Braddock, modest, naive, young Jerseyman, stands at the threshold of the championship, and at approximately 10 p. m., will start hammering upon the door with padded, ponderous fists.

Barring the way is the sleek, suave title-holder, Tommy Loughran. It all depends upon Tommy, whether Jimmy is to acquire championship tonight. We know what Braddock can do; he has not improved appreciably since his victory over Shamus Slattery. We do not know just how good Loughran is going to be.

If the champion is at his best, he is too clever to let Braddock past; if not, then Jimmy may beat out another victory with his fists and ascend to the throne occupied successively by Battling Levinsky, Georges Carpentier, Battling Siki, Mike McTigue, Paul Berlenbach, Jack Delaney and Tommy Loughran.

A Jew, a Frenchman, a Senegalese, an Irishman, a German and a French-Canadian held the title one after another.

Now two Irishmen are battling for it.

A Trick Title
The light heavyweight championship is of no particular importance, serving merely to give the lads who are just too light to make good in the unlimited division something about which to quarrel.

It was revived by Tex Rickard when he was trying to build up Carpentier for Dempsey, back in 1920. Battling Levinsky was discovered to be the light heavyweight champion of the world, and him Carpentier flattened in four rounds, amidst the loots of the customers.

This took place October 12, 1920. The torn canvas struck by Levinsky as he dove still is on exhibition in a local sporting club.

Then came the fiasco of Paris, when Battling Siki got his signals

War-time governor of Paris and once official host to American doughboys in France, General Henri J. E. Gouard, above, now is in the United States as a guest of the Rainbow Division, named A. E. F. fighting force. He is being feted by military organizations in this country.

Leather dressing was one of the most important trades among the ancient Egyptians, and at Thebes, in the days of Egypt's glory, a special quarter of the city was set apart for the tanners.

Forgery losses in 1928 were estimated to be \$200,000,000.

By Knick Salesmen Want To Take the Air Now

FORT WORTH, July 18.—Half of the population of the sales world has a hankering to get into aviation, if one can judge anything by the steady stream of salesmen into the office of Jack Yeaman, sales manager of the Southern Air Transport, Inc. "Everybody who has ever sold anything from steamships to cough drops sees 'a future' in aviation," it seems, and a good part of them have filed through my door in the last few weeks," Yeaman said.

An average of ten salesmen a day have called on the sales manager, describing themselves as expert salesmen, so eager to get into the sale of aircraft accessories that they'll begin for practically no salary at all. Yeaman is still puzzling over the problem of whether it's easier to make an airplane salesman out of a pilot, or a pilot out of a salesman—for one must be both, he declared to sell ships. The representative must be a pilot—and a darn good one, at that—to give a demonstration on a ship.

In addition to the applicants for sales position, Yeaman has received dozens of representatives of manufacturers who want to sign contracts with the Southern Air Transport, Inc., to distribute their products over the south.

HERE'S HOW-FISH BITE
TROUP, Texas, July 16.—(P)—If the "cats" aren't biting, maybe its because your bait doesn't smell loud enough.

Night watchman Laney, of Troup, says that if a catfisherman mixes limberger cheese with cotton, fixes it on the hook, drops it into the waters where catfish are supposed to thrive and doesn't get results quickly it's because the "cats" simply aren't.

The night watchman says he learned the trick from a catfisherman on the Mississippi river some years ago.

WESTFIELD, Mass., July 17.—(UP)—Walter Morris has been graduated from the Normal Training School here—the 11th member of his family to receive a diploma from that institution.

DOES YOUR NAME START WITH 'S'? MAKE BIG MONEY

DALLAS, Texas, July 18.—At least 266 Texans are insured for \$100,000.00 or more according to Callaway's Texas Index which has just come from the press. The sum of the insurance represented by these policyholders is \$62,889,390.00. This of course will be released at some future date for the development of Texas and its resources.

According to the list the life of J. M. West of Houston is insured for the largest amount, \$1,453,500.00. Others in the first ten are Edward A. Landreth of Fort Worth \$1,200,000.00; Colonel E. O. Thompson of Amarillo, \$1,148,000.00; Clarence E. Linz of Dallas \$1,036,000.00; Harry H. Rodgers of San Antonio \$1,000,000.00; John H. Kirby of

Men whose surnames begin with "S" have a greater chance to become wealthy according to figures in Callaway's Texas Index which lists Texans who have \$100,000.00 or more insurance on their lives. Those whose surnames begin with "S" lead the list with 31, "M" being second with 28 and "H" third with 24. Men with the given name of William head the list with 13, James being second with 11, Joseph third with 9. Names of two women are included in the list—Mrs. Arlene Pickrell and Mrs. Georgia Scott Townsend both of Fort Worth.

Houston \$955,000; Karl Hohlitzelle of Dallas \$890,000; J. H. Smith of Dallas \$800,000; Fred F. Florence of Dallas \$750,000; Thos. G. Shaw of Fort Worth \$745,000.

Dallas leads the list with sixty-eight names, Houston being second with fifty-six, Fort Worth third with twenty-three, San Antonio fourth with twenty-one, while Wichita Falls has fifteen, Corpus Christi thirteen and El Paso ten. "It is impossible to secure all of the names that have rightful place in this list of Texas men and women whose lives are insured for \$100,000. The list, however, is growing larger year by year and the booklet is doing a wonderful work among those whose lives are inadequately insured and among those whose lives are without life insurance protection," says a foreword in the book.

FARMER HAS OPERATION

T. L. Booth, Midland farmer, living three miles south of town, underwent an appendicitis operation at the Thomas Hospital this morning. Mr. Booth is resting well, according to reports from the hospital early this afternoon.

Sudan Grass—

(Continued from page 1)

with good grass in his pasture, they are in good flesh to start with, and after they have been on the sudan pasture for a short time, he will start them on a feeding ration, preparatory to marketing them in September.

He has found already that the cattle will not be able to keep the sudan field grazed down, and believes that he could run another 200 head on the same field. The cattle start eating the feed as soon as they get in the field, and do not get very far into it in a day, hence the greater part of the sudan has not been grazed on yet. However, as the stalks are shortened, the cattle go farther into the field, giving the first part a chance to grow out again.

In addition to Mr. Golladay's sudan field, he has about 300 acres of hegira, 75 acres of cotton and 8 acres of sunflowers. He has about 300 grown hens, with large flocks of small chickens, and is getting a large number of eggs daily.

He is planning to set out a new orchard next year replacing the old Horton orchard which is gradually giving way on account of age.

Preparing for City Mail Service

UVALDE, Tex., July 18.—(P)—Street signs have been placed, houses are being numbered and sidewalks are being built preparatory to obtaining free mail delivery here.

A post office inspector will make an inspection within the next week to determine if the service can be granted. It is thought that the business section and some of the older residential districts will be eligible for this service.

Explosion Wrecks Department Store

HAMMOND, Indiana, July 18.—(P)—A terrific explosion today demolished the Goldie Department store, a new building in the foreign section, with estimated damage of \$300,000. The police believe labor trouble resulted in the explosion. Investigators are unable to determine the cause of the blast. No injuries have been reported.

Committee Fails to Get Strike Settled

NEW ORLEANS, July 18.—(P)—The citizens committee appointed by the Mayor to attempt to settle the street car strike today reported to the city commission council that it had been unable to get the union and company officials together, and felt that further deliberations on their part were useless.

Voodoo Doctor Is Cause of Darkies Hunting Treasure

HOUSTON, Texas, July 18.—(P)—Postmaster Roy B. Nichols is looking for someone who has a little spare treasure in his yard which needs digging.

His quest is the result of a call which he received during business hours from two overalled, grinning negroes who carried picks and shovels.

"Is you" one wanted to know, "de postmaster general?"

Nichols explained that he was a mere postmaster but the negroes concluded that he would do. "Well," his ebony-hued questioner went on, "we want you to give us a permit to dig some treasure."

"Where?" the postmaster countered.

"Any place, jest any place," the eager darkies assured him. "De voodoo man tole us that there was some treasure buried round hereabouts and we calculates on finding it. We quit our jobs so we'd have more time to look for it."

After considerable persuasion, Nichols obtained a promise from the negroes to go back to work on the condition that he would notify them if any buried treasure sites turned up.

County Agent Says Poison May Be Used To Clear Brush Land

Farmers of the county who want to kill out trees in order to prepare farming land may take advantage of the methods used by Jacksboro farmers, County Farm Agent Frank Wendt says.

Ranchmen there are finding that many acres of grass may be cheaply salvaged from the brush by the aid of tree poison, the use of which has been demonstrated by C. A. Munch, county agent. Brush is chopped off even with the ground and dosed, and the larger mesquites are girdled and the poison applied in the gashes. Ed Sewell of Jacksboro has cleared about 400 acres in this manner and intends to clear 1000 acres more.

A satisfactory tree poison is made by heating 1 1/2 gallons of water to boiling, adding one pound of washing soda, and a four-ounce can of concentrated lye, and these two have dissolved, adding one pound of white arsenic. The solution is boiled and put away in a can ready for use. Livestock must be kept out of the poisoned area until the sap stops running out of the cuts.

PERSONALS

To Stop or Be Hit— 11 Seconds Given

Eleven seconds of waiting or a life lost are the two alternatives motorists usually face at railroad crossings, Ed Melcher, an engineer on a Chicago-New York run, says in a letter to WLS, Chicago, commenting on a recent safety talk. The average time occupied in passing over a highway crossing by a fast train is 11 seconds, according to Melcher and several brother engineers who have been timing the crossings for a period of several months.

arrive in Midland today for a few days visit with Miss Lucy B. Myrick.

Wyatt C. Hedrick, architect of Ft. Worth, is here on business for a few days.
