New Departments Announced On Opening of School

AUDITORIUM CROWDED AS INFORMAL PROGRAM HELD AT HIGH SCHOOL

Public Speaking, High School Band, High School Music; Additional Spanish Unit Announced Today

With the large auditorium at Midland High School practically filled with teachers, students and interested citizens, the informal program in connection with the opening of the Midland public schools was held this morning.

The invocation was pronounced by the Rev. George F. Brown, pastor of the First Baptist Church. Songs were rendered by students of the high school, and the audience could not have told that the singers had been away on vacations, as the harmony and volume was up to the usual standard.

A piano and violin duet by Miss Lydie and Mr. Ned Watson, of the Watson School of Music, was greatly enjoyed.

Mayor Leon Goodman welcomed the new teachers and the students, wishing success for the year, encouraging them in spiritual advancement, in scholastic work, in athletics and all activities, and offering the city's cooperation in all school affairs.

The Rev. Stanley Haver, pastor of the First Methodist Church, expressed the appreciation of Midland pastors for the faculty members and the students and for the year's work just beginning.

Miss Lena Seimon, director of public school music in the high school, sang a solo, much to the delight of the audience.

The Rev. J. E. Evans, pastor of the First Christian Church, urged the students to push to the front and to discover new things. The Rev. Thomas D. Murphy, pastor of the Presbyterian Church, added his congratulations to the faculty members and to the students, and requested their attendance at the Rayburn revival which is now in session.

Miss Stella Mae Laham, head of the public speaking department of Midland high school, gave a humorous reading.

Revival Emphasized W. I. Pratt, chairman of the laymen's movement, told of the work being attempted through the Rayburn revival, and urged attendance of the people of this territory.

G. W. Otteson, song leader for the Rayburn evangelistic movement, sang a tenor solo and made a brief talk to the students. He left one word with the boys and girls, "grow," using its four letters to indicate "go right on working."

Wallace Wimberly, piano instructor, entertained the audience with a classical piano number.

M. C. Ulmer, Midland banker who was introduced as the treasurer of the school, spoke words of welcome to the faculty members and to the students.

New Features Announced W. W. Lackey, superintendent of schools, then presented members of the high school faculty, each one making a brief response.

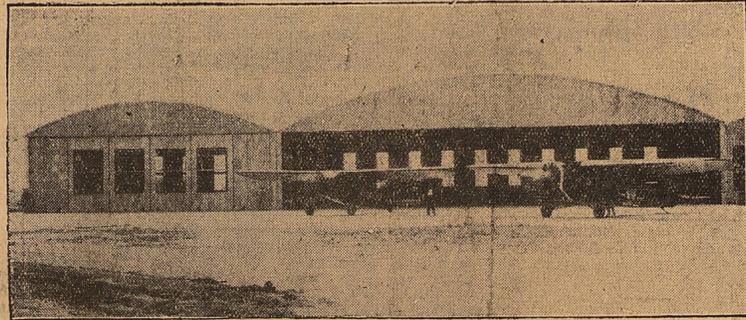

Mr. Lackey also announced that there will be a high school band, and works for an additional unit in the Spanish department, a public school speaking department, and a high school music department.

He expressed hope for a new gymnasium in the near future. Members of each class were asked to stand, and the number estimated was about 50 seniors, 65 juniors, 60 sophomores, and 75 freshmen.

Huston Elected Republican Leader WASHINGTON, Sept. 9 (UP)—The Republican National Committee today elected as its new chairman Claudius H. Huston of Tennessee, in accordance with the wishes of President Hoover, following the recent resignation of Dr. Hubert Work of Colorado.

MARKET SHOWS SPURT NEW YORK, Sept. 9 (UP)—Futures on the cotton exchange spurted more than \$3 a bale following the issuance of the government crop estimate.

Big Spring Port Dedication This Week

The two steel hangars shown in this picture, with two of the T. A. T. Flying Service passenger planes waiting on the concrete apron for their passengers to eat lunch are but part of the facilities just completed at the Big Spring airport which is to be dedicated Wednesday and Thursday.

Going into the project on a large scale, business men of the city have framed a program which will, leaders in aviation declare, attract a record crowd.

This 230-acre port is equipped to meet requirements for A1A rating by the department of commerce, with hangars, shop building, five-room administration building, and a field lighting system, including a 200,000 candlepower beacon, two batteries of flood lights, border and obstruction lights surrounding the entire field.

TWO DEAD, FOUR INJURED, AS CAR GOES INTO DITCH

HOUSTON, Sept. 9 (UP) Irvin Rollins 21, and Annie Cox 16, both of Houston, were killed and four were injured, three seriously, when the roadster in which they were returning from a dance overturned and went into a ditch near Clodine early today. Monroe Scapp 22, Jackie Romia 19, and Mrs. Juanita Singletry, 17, were injured seriously. W. E. Bryant 20, was injured slightly.

Surrounding Area Towns To San Angelo

Midland, Odessa and Stanton are among surrounding towns that are to be represented at the annual West Texas Exposition, to be held in San Angelo, September 16-21. Each town has an officially designated period at the session.

Midland Prisoners In Odessa Bastille

Few people know that the innocent looking little redbrick building in the northeast corner of the court house lawn at Odessa has entertained and still does, for that matter, men known as the "worst hombres" of this country, says the Odessa News-Tribune.

BIG SPRING TO BE CROWDED WITH AIRCRAFT FROM OVER THE COUNTRY AS FESTIVITIES MARKING OPENING START

BIG SPRING, Texas, Sept. 9.—Airlines of every description, size, make and speed to the number of 50 or more will fly into this town Wednesday morning for a two-day run of aerial festivities in celebration of the opening of the town's new airport.

All told more than 10,000 visitors are expected to come to Big Spring for the celebration. With the certainty that there will be a shortage of hotel accommodations, despite Big Spring's several first class hotels, C. T. Watson, manager of the Chamber of Commerce, has appealed to the citizenship of the town to list all spare rooms with the chamber.

An entire floor at each of the two largest hotels has been reserved for fliers. Hotel accommodations will be free to all who fly planes to the opening, as well as gasoline and oil to all those who do not "joy hop" passengers off the field. The Chamber of Commerce has ordered a carload of gasoline to give away in this manner, and the Kendall Refining Company has promised to give the oil.

Baptist Church To Have "Bawl Room"

The First Baptist Church of Midland is to have a "Bawl Room" formal opening being scheduled for tonight. It is important that the reader take due notice of the spelling of the word "bawl."

In order to give mothers of Midland and opportunity to better participate in the Rayburn revival a nursery is to be opened in the Baptist church adjoining the revival tabernacle, and two women will be charge of the nursery each night.

Equipment for the nursery is being put in by volunteers but it is likely that more will be needed, so that the babies may sleep and rest during the preaching. The Rev. James Rayburn, in announcing the nursery, and asking for women to volunteer to serve one night each to care for the babies, described the nursery as a "bawl room."

MIDLAND JOINS PETITION FOR A HIGHWAY CUTOFF

Midland is joining other towns from Strawn west in petitioning the Texas Highway Commission for a cut-off from Strawn to Fort Worth. A petition will be circulated in Midland this week and it is hoped that 200 persons will affix their names to it. The petition will in no wise obligate senators.

It is pointed out that the cut-off would save the traveller from 12 to 18 miles on the long trip to Fort Worth. The proposed route would follow the short side of a triangle. Travellers going to the east from Midland would follow the T. & P. to Strawn, then take the cut-off to Weatherford, rather than pass thru Mineral Wells.

GIRVIN WAKES UP TO FIND ITSELF A GROWING TOWN

The old town of Givvin, 10 miles west of McCamey on the Orient line in Pecos county, is undergoing a boom, Ellis Howell, Midland Oil Field Bus line owner says.

Until recently a place noted for its dozing in continual siesta, the place is now getting a "hot" play from the Taylor-Link oil field, eight miles away.

And now a hotel is being moved to the place from Crossett, and another is to be moved from another town during the month, it is said. Two townsite companies are in operation, one through Taylor Conger and the other by Harry Odneal and associates.

There is a possibility, Howell says, of an election being held at Givvin before long. The inhabitants of the village are rubbing their eyes at the possibilities of the new awakening, and expect to build a town of more than 2,000 people. Two rains were reported in that area Saturday.

Martin County May Have Fair In Fall

Stanton may have a Martin County Fair this fall, according to officials of the chamber of commerce there. Leading farmers are being questioned as to the advisability and everything points to many exhibits in the poultry and dairy division.

Bodies Crash Victims Brought To Grant

GRANT, N. M., Sept. 9.—(AP)—Funeral preparations today marked the final chapter in the story of eight lives snuffed out in the crash of the giant air liner "City of San Francisco" last Tuesday, on the side of Mt. Taylor near here. The bodies were recovered late yesterday by searching parties and were brought here late last night.

Former Midland Boy Winters In Mexico

T. J. Richards, aviator who formerly made Midland headquarters for a barnstorming area, will fly from Dallas to Monterey, Mexico, there to spend the winter, he said in a letter to Midland friends.

Richards has been flying from a Love field base, hangar 7. At one time he owned a quarter interest in the Big Spring port.

Poker Game For Breeder-Feeders

When Saturday night came, several delegates to the Breeder-Feeder meeting held that day at the Scharbauer hotel decided they would like some more of John Gist's barbecue that had been served them at noon.

Gist, commenting on the supper, which was a replica of the noonday barbecue, "except for the poker game," said that a big group was present.

DR. JAMES RAYBURN OPENS BIG REVIVAL WITH GOOD ATTENDANCE

The large tabernacle erected for the Rayburn revival, with a seating capacity of 1,500 approached a full house at both morning and night services Sunday. The Rev. James Rayburn, widely known evangelist, made an impression on those who heard him which will undoubtedly lead to filling of the large building each day of the four weeks' meeting.

Preaching the gospel in a simple but forceful manner, his sermons were inspiring to all who heard him, and were calculated to stir the conscience of the sinner as well as to lead Christian people, and church workers to greater efforts.

A large cloth sign extends across the north end of the tabernacle, just above the platform, bearing the words "We Are Workers Together With God." This passage is to be the motto of the evangelistic movement, the preacher announced.

Music, directed by G. W. Otteson, was rendered by an already well trained choir, and additional singers are urged by the leader to take a part in the services.

Conferences with men leaders of the churches were held during the afternoon Sunday and Bible Study classes were announced for week day afternoons. Preaching services are to be held each evening this week, beginning at 7:30. Announcement of a nursery, to be conducted each evening at the Baptist church so that mothers may attend the preaching services, was announced.

Laymen of Midland plan that the Rayburn meeting is to be not only city wide, but also for the benefit of the entire territory surrounding Midland, expecting as a result that the spiritual development in the Permian Basin will be on a par with the commercial and industrial development.

Youngest Student Aviation Is Here

Field-Manager H. M. Becherer of Sloan Field, Midland Municipal airport, has probably given instruction to the youngest student ever to take up flying. Sunday, Becherer landed at Knox City when enroute to Midland from Kansas City, and Mrs. Audrey Deston, sister to Mrs. Becherer, explained.

Mrs. Deston brought her six-months old baby boy along. On the way to Midland the boy was so interested in watching the countryside being unreeled under the left wing of the craft that Becherer took him in his lap. Ensnored there, the child grabbed hold of the control column and "felt" his way into Midland.

Two Midland Boys With Cowboy Band

In a list of 70 men representing four states and 40 towns, who appeared for the first practice of Simmons University Cowboy Band, Thomas Inman and Walter Elkin of Midland, both of whom are recognized musicians, were included.

Texas, mostly West Texas, Louisiana, Oklahoma and New Mexico, have representatives in the group. Six fall engagements are on the schedule of this famous band: the Cypress Celebration at Abilene today, the Big Spring Airport dedication Wednesday and Thursday; the West Texas Fair, September 27-29; the State Fair at Dalls, October 11-20; and the West Texas Chamber of Commerce convention at El Paso late in October.

ODESSA AND STANTON SCHOOLS GET UNDER WAY WITH GOOD ENROLLMENT

Fall session of the Odessa public schools were formally opened at a public chapel exercise held in the auditorium of the high school building at nine o'clock this morning, according to announcement today by Murray H. Fly, superintendent of schools.

The Odessa schools start this year with additional credits and marks of recognition that will enable them to give the students full benefit of their high standard of work. Four additional credits of affiliation have been granted the school, one in General Science, taught by Cantrell Hayes last year, one in Home Economics, Miss Sibyl Thomas teaching, one in Spanish 3, under Mrs. Hazey Cody, one-half in Manual Training, under A. M. Tate, and one-half in Business Economics, under Murray H. Fly. This brings the total of affiliated credits up to 23. The school is also recognized on the Texas list of accredited schools and the Southern list, has been designated as one of the 12 special vocational schools in the state, and has the record of having 100 per cent membership of its teachers in the T. S. T. A.

School in Stanton has opened with a fine interest on the part of the parents and real enthusiasm on the part of the pupils says C. L. Sone, superintendent there. Enrollment and classification were finished during the first two days and lesson assignments made and recitations begun. Some conflicts still appear on the

Double Murder And Suicide In Arkansas

SILOAM SPRINGS Ark, Sept. 9 (UP)—Three persons are dead and their farm home is in ruins today, after what officers believe was a double murder and suicide with fire meant to erase traces of the crime. The dead are Will Demman 50, his wife 51, and Mrs. E. E. Caldwell, a relative. The coroner's jury returned a verdict that Deman killed his wife, then took his own life.

Three Drowned In Lake Near Austin

AUSTIN, Sept. 9 (UP) Three members of one family were drowned in the flood waters of the Colorado river late yesterday when their boat capsized a short distance above Lake Austin. Two members of the party were rescued. The dead are F. J. Bryant 24, his wife, Gladys, and son James Bryant Jr., 3 years old, Thomas Bryant and Frank Guillette of Hillsboro were rescued.

Midland's Sky Line Has Big City Look

An imposing view of Midland's rapidly heighening skyline appeared in today's Star Telegram. Taken from the south, the photograph showed the six story John B. Thomas building at the left, then the 12 story Petroleum building and the six story Hotel Scharbauer with its seven story, 100 room, addition which is nearing completion.

Martin Farmer Makes Milk Pay

Sam H. Stamps, one of the leading dairymen of Martin county sold to the Snowhite Creameries of Big Spring, in the month of August, milk which brought him the amount of \$1,000.91.

Stamps, chairman of the Martin County Chamber of Commerce Dairy Committee, is devoting a great deal of his time to the establishment of a milk route through Martin county.

THREE DEAD, TWO OTHERS SUFFERING

Accident Happened When Gas Stove Exploded

Three men are dead and two others are not expected to live, following an explosion and fire which converted their bodies into flaming torches at the bath house of the Republic Oil company's lease near Wink Sunday night.

The dead are Martin Smith, Albert Helms, and R. C. Jackson. D. H. Fisher and George Jackson are the men expected to die.

Heater Explodes

The men were cleaning up after a day spent in the fields, according to Jack Medlin, editor of the Wink Herald and formerly associated with The Midland Reporter. Their clothes were saturated with oil. It is believed that gas given off from gasoline used in cleaning their hands was responsible for the fire, which resulted directly from explosion of a small gasoline heater. All the men were well known oil field workers.

COTTON PRICE IS BOOSTED AFTER OFFICIAL REPORT

WASHINGTON, Sept. 9 (UP)—The agricultural department today announced that the United States cotton production is indicated at 14,825,000 bales of 500 pound gross weight, based on census reports to the cotton reporting board September first. The prediction is based on the estimated condition of 55.4 per cent of normal September first and abandonment of the season of 3.8 and an indicated area of 46,594,000 acres left for harvest. The census bureau also reported 1,570,000 running bales of cotton ginned from the 1929 crop up to September, compared with 956,577 for 1928 and 1,533,577 for 1927.

FLAPPER 'FANNY' SAYS

During the week arrangements will be made for the beginning of the extra-curricula activities. A period is to be given to physical education. At this time every boy and girl will be doing some kind of training for bodily exercise. None will be excused from this unless by the direction of the home physician. Training will be given that will in no way be overtaxing to the student. Now it is everywhere recognized that every pupil should be trained in body as well as in mind.

Much interest is being shown in foot ball prospects for the Stanton High School. About twenty-five boys are going out each afternoon for training. They are much pleased with their coach, Mr. Irvin, who takes hold of their work like a veteran. Mr. Irvin has been trained for coaching the major school sports. He is a hard, clean fighter and will make a fine leader for the boys. He believes in true sportsmanship and is trying to impress all the boys with the necessity of being a gentleman while he strives to defeat his opponent in any contest.

A girl who sings the words of a song may still be a hummer.

SCHOOL OPENS AGAIN

As stated in an editorial Sunday, there is probably no more important annual event in Midland than the opening of the Midland public schools.

Families who have spent the summer on vacation trips or on ranches have returned to their homes in Midland, adding to the social, civic, religious and commercial life of the community.

School teachers, numbering almost half a hundred, contribute their part in all features of community life. New acquaintances are made, new friendships are formed, and the city of Midland is benefitted by the return of former teachers and the coming in of new ones.

Athletics, social activities and the like, lying dormant throughout the vacation period, take on new life as school activities are resumed. Fond parents feel a just pride as they see little ones starting to school for the first time. School days are here and everyone is glad.

Thank Midland For Support Of WCTU

Midland men who assisted in the raising of annual dues to the West Texas Chamber of Commerce here recently received letters yesterday from Grady Shipp and A. M. Bourland of Vernon, representatives of the regional organization, expressing thanks for the cooperation shown.

"You fellows have the real West Texas spirit there. With the support and cooperation of fellows like you, many things are possible," the letter received by a representative of The Reporter-Telegram stated.

CHANEY PILOTS MONSTER ENGINE IN LATEST FILM

Lon Chaney as a railroad engineer, piloting a thundering steel monster as accompaniment to one of the prettiest love stories the screen has told in many a season, is the attraction now playing at the Grand Theater, where Metro-Goldwyn-Mayer's new railroad drama, "Thunder," is being shown.

Chaney plays a unique characterization as the veteran of the throttle, a grizzled, hard-bitten old engineer—his whole life wrapped up in his engine, the traditions of his road and his love for his two railroad men sons. How tragedy comes into his life when one of his sons forsakes the road for a "white collar" job, because of love of an actress, how the girl, with love and understanding finally returns the boy to his road and his father—make the gripping human interest plot. Scenes of the great Mississippi flood, breath-taking rides on frozen rails, spectacular night club scenes contrasted with the modest home of a railroad man, are among the highlights in the production.

More or less in the way.

There are at least four mistakes in the above picture. They may pertain to grammar, history, etiquette, drawing, or whatnot. See if you can find them. Then look at the scrambled word below—and unscramble it, by switching the letters

-:SOCIETY:-

Wimberly Studio Recently Opened

Mr. Wallace Wimberly has reopened his piano studio after recently closing summer classes. This studio is offering this year private piano lessons, harmony, theory sacred hymn playing and wind instruments.

The Wimberly Studio has been in Midland for the past year following Mr. Wimberly's completion of piano work in the Fine Arts department of Simmons University.

Watson School of Music Opens For Fall Work

During the past week fine arts studios have been holding their openings and among them is the Watson School of Music, which reopened after being closed only the few weeks of the summer.

Different courses are being offered by the school this year under the direction of Miss Lydia G. Watson and Mr. Ned Watson. Some of the courses include piano, wind instruments, string instruments and courses in connection with the studio work in piano.

Mrs. Vickers Opens Classes After Work Done On The Coast

Post graduate work in classical dancing was taken by Mrs. Paul T. Vickers, expression, dramatic arts and aesthetic dancing teacher of Midland, who arrived home Saturday from Los Angeles, where she studied in the famous Pacific Coast Belcher school of dancing.

Miss Doris Harrison, student of Mrs. Vickers, made the trip and studied in the same schools on the coast.

Mrs. Vickers will open her classes Thursday of this week in one of the spaces adjoining the Yucca Theater in the Hogan Petroleum Building. She will teach all forms of dramatic art, public speaking and aesthetic dancing. Mrs. Vickers was former head of speech arts in such schools as Wayland College, Plainview public schools and Wellington High school. Her work has been accepted in graduate schools of Dallas and in C. I. A. on full affiliation basis.

A graduate of the Cooke School of Expression in Dallas, Mrs. Vickers later studied in Northwestern University and had two summer sessions in Chicago. She did coaching in expression and dramatic arts in Chicago and Dallas. She has taught in Midland four years, having pupils not only from this city but from Big Spring, Stanton, Odessa, and Crane City who came to Midland for special work.

Midland Oil Man To Be Married To Popular Kansas Girl

Midland friends will be interested in the following clippings taken from the Topeka Daily Capital as Mr. R. J. Stipek is well known in Midland, especially to members of the oil fraternity as he is a geologist for the Gulf Production Company and has worked out of Midland for the past three years. After the marriage the couple will make their home in Midland.

Mr. and Mrs. Frank Alfred Lehman announce the engagement of their daughter, Marion Frances, to Mr. Raymond Joseph Stipek of

Midland Girl Editor Nurses' School Paper

Miss Hazelle Harmon of Midland, attending the nurses training school in connection with the West Texas Baptist Hospital at Abilene, is editor of the school's newspaper "The Hygienic." A copy of this newsy little paper has reached the Reporter-Telegram editor's desk.

Miss Harmon, a graduate of Midland High School, has an interesting style in her writing, and gives the nurses' training school some valuable publicity. Her sister, Miss Clara Harmon, is also in training at the school there.

Personals

Mrs. Bill Gates received a message Saturday from Waco that her brother, Ross Crenshaw, was critically ill and would undergo an operation soon. Mr. Crenshaw is well known to Midland people having made his home here until recently.

Mr. and Mrs. Roy E. Simmons and daughters passed through Midland Saturday for Merkel where Artie Lee will enter school and to Denton where Imogene will enroll in C. I. A.

Mr. and Mrs. K. S. Boone are spending the day in Midland and report a good rain in the section that is located 13 miles southeast of Midland.

Mr. and Mrs. L. Jamison are in from McClinton ranch southeast of the city and report a good rain.

Mrs. J. T. Ragsdale is in Midland today from her home in Monahans on business.

Mrs. Johnson Phillips left Midland last week to join her husband, who have been transferred from this territory to Mississippi. Mr. Phillips is connected with the geological department of the Shell Petroleum Company.

Mr. and Mrs. J. V. Bush and daughter of Big Spring, were guests of Mr. and Mrs. J. A. Tuttle Saturday. Mr. Bush is county agent for Howard county.

A. B. Barrow, president of the Barrow Furniture Company, transacted business in Midland Saturday.

Mrs. F. E. Rankin of Rankin is transacting business in Midland today and visiting friends.

MMrs. J. D. Young and son Jimmie returned yesterday from Big Lake where they had been for the past week. They were in Big Lake when Dr. Young's oil well recently came in.

Mrs. J. D. Young and son, Jim-Midland from his ranch in Andrews county.

Geo. D. McCormick has returned from a two weeks vacation spent on the Gulf coast.

Mr. and Mrs. T. L. Mitchell returned Sunday from Dallas and Fort Worth where they have been visiting for several days.

Andrew Wilson and family spent the weekend visiting relatives in Lamesa.

H. F. Kountz and wife of Balmorhea are visiting their daughter, Mrs. J. F. Ross of Midland. They arrived Sunday and will spend the week.

Millions Are Being Helped By Orgatone

Remarkable Gain of Twelve Pounds By San Angelo Woman On Orgatone is a Striking Example

Millions of people have taken Orgatone and hardly a day passes that does not bring forth hundreds of grateful statements from all parts of the United States and Canada, each and every one telling of the remarkable powers of the medicine.

Among the vast number of interesting statements recently received is that of R. P. Wallace, of 204 E. Eleventh Street, San Angelo, while talking about his wife's case to an Orgatone representative. Mr. Wallace is a well known contractor and has many friends in this section.

"My wife has suffered for 15 years with stomach trouble and indigestion. Nearly everything she ate gave her misery from indigestion and gas would form, causing shortness of breath. Always after eating she would bloat up and would be miserable for hours afterward. Her nerves were worn to pieces and she was getting to be shaky and irritable most all the time. She always felt tired and didn't have the energy to do anything. She didn't get enough rest at night because her sleep was very broken.

"Orgatone was recommended to her and we decided that she should try it. She has actually gained 12 pounds in weight, has a splendid appetite and all of her digestive troubles have disappeared. Those gas and bloating spells are a thing of the past, her nerves are in first-class condition and she sleeps like a top every night. When she gets up of a morning now she feels fine and really has more joy of living than she did. All of those tired, worn-out feelings are gone. Orgatone has helped my wife so I am glad to give this statement for I know that it is a wonderful medicine."

Genuine Orgatone may be bought at Midland, at the Midland Drug Company.—Adv.

He Had Constipation For 40 Years
"Chronic constipation troubled me for 40 years. I tried Adierka and am happy to say that my bowels are now very regular."—Geo. A. Allen.
Adierka acts on BOTH upper and lower bowel and relieves constipation in TWO hours! Brings out old waste matter you never thought was in your system. Let Adierka give your stomach and bowels a REAL cleaning and see how good you feel. City Pharmacy.—Adv.

DEIDRICK VAN PELT ON COURT HOUSE ISSUE

About as good a method to adopt in determining if we, as a city, and county need a new court house, is to make a visit to the one now in use in the center of the Court House lawn, right here in town. Go into the different departments of our city government that are housed in that building and the question answers itself. If you can find a satisfactory method of transacting your county business there regard-

less of how courteously you are received by our most efficient city employees, it is a certainty you, and if I may include myself, could be satisfied with almost any kind of a physical makeshift. In its day the present court house building was something to be proud of but now it is of the same character that the first pair of pants we wore following our bloomer days; they were something to be proud of then but in the progress of our civilization and the advancement of our country those pants might cover our requirements, but not much more. You have heard of holding court under the spreading branches of the old chestnut tree and if it rained all hands went into the blacksmith shop where the judge pounded on

the anvil to insure respect for his rulings while the lawyers tried to overcome the noise of the old bellows while pleading for the rights of their clients.

The mainstay of this great country of ours is through the observance of our laws. That is fundamental. That is the real foundation of our existence as a nation and the machinery of government cannot be carried on for the benefit of all of us if the place where those laws are interpreted is in a barn. That condition lends to ridicule and when ridicule sits in the saddle observance of the law is relegated to a minor position in our affairs of government. None of us as citizens would wish our affairs of national government to be housed in big prize fight

arenas, any more than we would wish our domestic affairs to be enclosed in a kitchen and lean-to.

Advance that idea to the women of this nation and see if they would like to preside over a household that was next of kin to a patched up corral. We men might be satisfied for a while to sit on an upturned packing box and settle the affairs of state. But we would not be satisfied to do so for long. We would move into the quarters in keeping with the importance of our deliberations. That is part of the method of progress and without the results of progress we might as well sit on a log, and it is not unkind to say that there are parts of this country where log sitting has been their method of doing public business for

years and it is such parts of the country that are slipping back to the point where the only time a train stops is when the engine needs a little more water to make it possible to get to the next town where public and domestic affairs are housed in structures that will afford efficiency in getting along in the world.

You will hear of reasons, largely based on a possible increase in taxes, why we should not go to the expense of a new court house and you will also hear of much language loaded with reasons of a diverse character why we should not put up a structure that will give us a standing in municipal matters throughout the state and this writer will, in his humble capacity, try to offset, in

succeeding articles any attempt to nullify the meritorious efforts of the good people of Midland in their desires for an efficient public building that will take the place of what is now of no pride and of doubtful utility.

Baseball Shunted Aside by Football

BUSHERS CLEAN ODESSA; HILL MEN OUT

Baseball is taking a final fling at the dying season and the sound of gridiron whistles, the smack of heavy shoes against pigskin and the wheezing breath of warriors as they make their laps around the rectangular path is in the offing.

The Bushers beat Odessa's nine, 9-1 at Cowden Park Sunday. Hill and Stevens were formidable as the battery for the Midland front attack. Johnson and Best, for Odessa, did not weather the ten blows of the hosts. Health hit a home run by way of diversion. Two were ferried in on the crest of the extra base blow.

Valley View gave the Hillmen a harder run for the money Thursday, taking a 1-0 decision when Hill pitched a no-hit game.

Sunday's results:

Midland	9	10	2
Odessa	1	4	4

Coach Barry calls his high school grid candidates into first session this afternoon. First outing out is expected Tuesday. Late appraisal of the football men is more optimistic than former reports showed.

LEFTY MOORE HURLS DALLAS TO WIN OVER EXPORTERS; SHOWS REAL CLASS

Lefty "Pee-wee" Moore, hero of Midland fans during the season which has just passed, got away to a good jump in Dallas Saturday, when he let down the Exporters from Beaumont with five hits. Lefty, in the uniform of a Dallas Steer, from which club Midland obtained the southpaw, drew the following praise from George White, Dallas News sports writer:

"Little Gene Moore, southpaw graduate of the local sand lots and son of a former Texas League mound hero, returned to a Dallas uniform Saturday afternoon and let the Beaumont Exporters down with five hits to win the final game between these clubs this season. The score was five to one and Little Gene bested one of the best chunkers in the circuit, Fred Stely, crack pitcher, recently sold to the St. Louis Browns. Incidentally the 'wise boys' who were waiting on Stely to start, went down heavily.

It was just another experiment for Milton Stock, local skipper and it proved successful as the one on Wednesday when he started Charlie

Barnabe against the Wichita Falls club. Gene Moore reported back to the Steers on Saturday morning after a summer of doing farm duty with the Midland club of the West Texas League. He had pitched that nine to two victories in the play-off series with Coleman and Saturday he looked like a different twirler from the young left-hander that tried out with the Steers in the spring. He seemed to have confidence that he formerly lacked. Instead of easing up to get the ball over the plate, he was bearing down with everything.

He had a nice, sharp break on his hook and his fast ball came in there with a hop on it. It completely baffled the visitors in all except the second frame, when they garnered three singles for their only run. They also got a safety in the first and one in the fifth. Not an extra base blow were they able to grab off Little Gene's slants and he walked only one man and whiffed two. He was never in serious trouble, and he hurled the last four stanzas without allowing a hit.

to the said section line, thence north to the point of beginning.

All other property within the city limits of the City of Midland shall be considered residential property and compose the residential section.

Section 2: THAT the term business building as used herein shall mean any building or other structure proposed to be used for the sale of goods, wares, or merchandise or that may be used as the chief place for trading, bartering or that may be used for manufacturing purposes, or that may be used for advertising purposes, such as billboards. That the businesses herein referred to are as follows, to-wit:

Hospitals, insane asylums, livery stables, steam laundries, brick yards, lumber yards, public garages, repair shops for motor vehicles, gasoline or oil filling stations, junk yards, wood yards, coal yards, stables or wagon yards for more than four mules or horses, ice manufacturing plants, cotton gins, blacksmith shops, horse shoeing shops, steam sawmill or planing mill, cement products plant, cleaning and dyeing establishments, furniture factory, dance hall, oil yards for the storage of oils or gasoline, glue factory, slaughter houses, soap factory, picture show, marble yard, boiler works, storage places for hay, feed or other combustible substance, places for the manufacture of gas, dairy, or any factory or manufacturing establishment, or other business, the conduct of which business, in the opinion of the City Council, may prove injurious to the health, safety, morals, comfort, or welfare of the inhabitants of that particular residence district, in the enjoyment and comfort of their home and the use of their property.

Section 3: THAT no person shall build any business building or establishment, or maintain or conduct in the residence district of the City of Midland as hereinabove defined any of the businesses hereinabove set forth and named in Section 2 hereof without first making application to the City Council and obtaining a permit therefor, which application shall state the location of the said business and the particular nature of the same and a general description of the dwellings or residences surrounding the same; that all such applications shall be made to the City Secretary and addressed to the Mayor and the City Council, and upon the filing of any such application the City Council shall order a public hearing to be had on the said application and it shall be the duty of the City Secretary to notify all persons owning property or residing within 1,000 feet of said proposed building or business or businesses to appear before the said City Council at said hearing; that in lieu of giving personal notice of the said hearing to the property owners or persons residing within 1,000 feet of said proposed building or business or businesses, the City Secretary may, upon the order of the City Council, cause to be published in the official newspaper of the City of Midland, a newspaper of general circulation in the city, a notice of the said hearing, at which all persons affected by the said application shall have a full and fair opportunity to appear and give testimony concerning all matters touching the said application. That after the conclusion of the said hearing the said Council, within a reasonable time, shall make a final order granting or refusing such application, as may be warranted by the facts; that any person aggrieved by any final order of the said City Council shall have the right to appeal to the Board of Adjustment as provided by Section 5 hereof; that the businesses referred to are those included in Section Two hereof.

Section 4: THAT the City Council may, after hearing the evidence, deny any application so made for a permit where they deem that the granting of the same will injure the property or be hurtful to the residents of said district as hereinabove made upon any application shall be made, provided, that all orders stated by the City Council for the made in writing and the cause fully denying of the same, and provided further, however, that the City Council shall never deny any permit where it is shown by the said applicant that by making certain changes or alterations in his proposed building or plans and specifications, the said applicant may thereby avoid injuring any adjacent property or persons residing in said district in their rights as herein contemplated. That should the said applicant be aggrieved or dissatisfied by any order made by the City Council on any application filed under this section, said applicant may appeal from any such final order to the Board of Adjustment as hereinafter provided for.

Section 5: THAT there be and is hereby created a Board to be known as the Board of Adjustment which shall be composed of five reputable citizens and taxpayers of the City of Midland who shall hold their office for the period of two years, and who shall be appointed by the City Council in the manner provided for by Article 1011a to

1011 R. C. S. 1925, for the appointment of such Board of Adjustment and before taking their office they shall take the oath prescribed by the Constitution and they shall receive such compensation as may be fixed at the date of their appointment by the Mayor and City Council, and shall be subject to the same qualifications and disqualifications as provided by the Statutes governing other offices; that the said Board or any member thereof may be removed from office by the order of the City Council provided that in any case a full statement of the reasons for removal shall be given either by the Mayor or the City Council. That the said Board shall perform the duties herein prescribed and such other duties as may, from time to time, be ordered or directed by the City Council of the City of Midland.

Section 6: THAT it shall be the duty of the said Board upon application to it by any person aggrieved or dissatisfied with any order, requirement, decision or determination of the City Council concerning any application to erect any building or establish, conduct or maintain any business or businesses within the residence district of the City of Midland, or to conduct any business in a residence district of the City of Midland as hereinabove defined, to give a full and fair hearing to any such person and the said Board and each member thereof shall have the power to administer oaths and to hear testimony touching upon any order, requirement, decision or determination made by the said City Council and for such purpose the Board shall have the power to require the attendance of witnesses and to issue process for same as such power is now conferred upon the said Board to require process to be issued whenever applied for by any applicant or his attorney. That the Mayor shall appoint the President of said Board and the said Board shall provide such rules for the governing of their meetings and the order of their business as may be deemed advisable and shall fix and determine the time of hearings to be given to all persons aggrieved, and determine it shall be the duty of the person aggrieved to make application to the said Board of Adjustment within five days from the date of the final order or decision complained against, unless the time is extended by the said Board of Adjustment.

Section 7: THAT the said Board of Adjustment shall, after said hearing, if it deems any action taken by the said City Council to be inequitable or unjust, may modify any such order or decision and in all such cases they shall certify their action to the said City Council; and it shall be the duty of the said City Council to thereafter change their former order so as to conform to the said ruling made by the said Board of Adjustment.

Section 8: THAT whenever any applicant for a permit may feel aggrieved or dissatisfied by any order, requirement or decision made by the City Council he may give notice to the City Council of his intention to appeal to the said Board of Adjustment, which notice shall be preserved in the records of the City Secretary or other officer keeping the records, and it shall be the duty of the City Secretary to notify the president of the Board of Adjustment of the action taken by said applicant and to thereafter present before the Board of Adjustment the application of the said applicant made to the City Council, including all other papers filed touching upon the matter, and, together with a substantial record of the testimony taken before the said Board and the same shall be delivered to the said Board of Adjustment. That the said Board of Adjustment shall notify the said applicant of the date of the hearing as well as give notice to all persons affected, as provided by the Article 1011a to 1011j R. C. S. 1925, provided, that a notice may be published in the official newspaper of the City of Midland in lieu of personal notice as hereinafter provided for.

Section 9: THAT in all hearings had before the Board of Adjustment or City Council, both of said bodies shall have the full power and authority to summon witnesses and require their attendance and punishment for contempt any disobedience of their process as such power is otherwise conferred upon the City Council by Articles 1011a to 1011j, R. C. S. 1925. That all process shall be served by the Chief of Police or any police officer of the City of Midland; that whenever it may be impracticable, upon any hearing before the City Council or the Board of Adjustment, in any matter wherein a hearing is required by the terms of this ordinance, to require the personal presence of all persons affected or that, in case of non-resident property owners, a notice shall be published in the official newspaper of the City of Midland, being a newspaper of general circulation, notifying all persons affected, including non-residents or absent property owners of the date of such hearing and giving a general description of the matter pending before the said Board; such notice shall be published three times in the official newspaper of said City, the first of which publication shall be at least twenty days prior to the date of hearing. The Board of Adjustment shall have the following power:

I. To hear and decide appeals where it is alleged that there is error in any order, requirement, decision or determination made by an administrative official in the enforcement of this ordinance.

II. To hear and decide special exceptions to the terms of the ordinance upon which such Board is required to pass under such ordinance.

III. To authorize, upon appeal in specified cases such variance from the terms of the ordinance as will not be contrary to the public interest, where, owing to special additions, a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed, and substantial justice done.

In exercising the above mentioned powers such board may, in conformity with the provisions of Articles 1011a to 1011j, R. C. S. 1925, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

The concurring vote of four members of the Board shall be necessary to reverse any order, requirement, decision, or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance, or to effect any variation in such ordinance.

Any person, or persons, jointly or severally, aggrieved by any decision of the Board of Adjustment, or any taxpayer, or any officer, department, board or bureau of the municipality, may present to a court of record a position, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within ten days after the filing of the decision in the office of the Board.

Upon the presentation of such petition the court may allow a writ of certiorari directed to the Board of Adjustment to review the decision of the Board of Adjustment and shall prescribe therein the time within which a return thereto must be made and served upon the relator's attorney, which shall not be less than ten days and may be extended by the court. The Allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the Board and on due cause shown, grant a restraining order.

Section 10: THAT in all matters pertaining to an appeal to the Board of Adjustment the persons aggrieved or dissatisfied may have the right to make such appeal, provided the same is made in the manner hereinabove stated, and in addition thereto where any order is made by the City Council which may affect the rights of property owners an appeal may be taken by at least two property owners so aggrieved by any final order made. That appeals shall be allowed from action of the City Council only on final orders made by said Council.

Section 11: THAT wherever the term "person" is used in this ordinance the same shall mean any person or persons, association of persons or corporation or their agents, or any servant or employe of any such person or corporation.

Section 12: THAT any person violating any of the provisions of this ordinance, shall upon conviction, be fined in any sum not exceeding \$200.00; and each and every day that the provisions of this ordinance are violated shall constitute a separate and distinct offense. That in addition to the said penalty provided for, the right is hereby conferred and extended upon any property owner or owner of property in any district, where such property owners may be affected or invaded, by a violation of the terms of the ordinance, to bring suit in such court or courts having jurisdiction thereof and obtain such remedies as may be available at law and equity in the protection of the rights of such property owners.

Section 13: THAT whenever any applicant may be refused any permit under the terms of this ordinance nothing herein contained shall prevent any such applicant from resorting to the courts and obtaining by proper remedy in a court of competent jurisdiction such orders by way of mandamus or otherwise, and bringing in review the action of the said City Council of the action of the said Board of Adjustment complained against by the said applicant.

Section 14: THAT for the purpose of preserving a record of hearings given on all applications filed with the Board of Adjustment, the City Council a substantial statement of the evidence heard upon any such hearing shall be reduced

to writing and a record kept of the same; that the City Secretary shall safely keep all papers filed and other records made upon the hearings concerning the transactions of the said City Council and the Board of Adjustment; and the same shall be made a part of the archives of his office.

Section 15: THAT this ordinance shall be deemed to be cumulative of and in addition to all other ordinances on the same or similar subjects and shall supercede and abrogate any such ordinance directly in conflict herewith; that if for any reason should any section, sentence, or classification or any part of this ordinance be declared invalid the same shall not affect any other valid sentence, classification or portion thereof, and should there arise at any time a controversy concerning the denial of any application or resort is taken by the applicant to the courts and for reason should the court hold that the said applicant is entitled to said permit applied for, the same shall not affect the terms and provisions of this ordinance relating to any other application not involved in said suit, provided, nothing herein shall be construed to preclude the City of Midland appealing from the judgment or decision rendered by any court, in accordance with the law regulating appeals to higher courts.

Section 17: WHEREAS, on account of the fact that there does not exist any adequate law governing and controlling the issuing of permits and regulating the erection of business buildings or the establishment conducting or maintaining of certain businesses in the residence portions of the City of Midland, and because of the great and widespread harm that is done to the citizens residing in residence sections of the City, due to the absence of any adequate law protecting such citizens in their property rights and enjoyment and comfort of their residences, creates an emergency and urgency in behalf of the immediate preservation of the public health, morals and public safety and comfort that this ordinance become effective upon its passage and it is accordingly so ordained that this ordinance shall be in full effect and force from and after its passage and publication as provided by law.

Passed on this 3rd day of September, 1929.

J. C. HUDMAN, City Secretary.
LEON GOODMAN,
Mayor, Midland, Texas.

Dallas Cotton Market

DALLAS, September 9.—(UP)—With the government crop estimate showing 14,825,000 bales for the belt, or around 100,000 bales less than the average of previous estimates, the cotton market advanced about \$3 a bale from price levels when the market suspended trading to receive the figures, there having been a decline of from 15 to 20 points from Saturday's close during the slightly lower on further western belt rain and easy cables, followed by a small rally on covering; but later in the early morning, under scattering liquidation and some southern selling, prices sold lower. October in New York selling at 18.75 cents, December 19.08, January 19.07, and March 19.25; and when trading was suspended these options were 12 to 13 net lower. Upon trading being resumed, the first prices were from 45 to 50 points over Saturday's close, with October in New York selling at 19.45, December 19.80, January 19.74, and March 19.81, or from 44 to 55 points better than Saturday's close.

A New Methodist Church At Stanton

A new Methodist church is to be built in Stanton. Last services were held in the old building Sunday and a brick structure will be started to replace it. Work of tearing away the old building was scheduled to start this morning. A. J. Olson is contractor.

Braniff Comments On Lost Air Liner

That such unfortunate tragedies as the loss of the T. A. T. airliner does not affect the volume of business on the air lines, was the statement of Paul R. Braniff yesterday in a formal statement following a close analysis of the week's business on the system of which he is the head. The loss of the T. A. T. plane attributed to terrific mountain storms is the first accident of its kind to occur in regular schedule airliner travel.

"It is possible that we lost a small percentage of first-riders" said Mr. Braniff but the loss of several planes during the week, some thru what might be called legitimate causes and others through causes neither reasonable or excusable had had absolutely no effect upon those who ride the airplanes regularly. The experienced air traveler has learned to discriminate between the crashes of the "gypsy" flier and the exceedingly rare airline accidents. He knows that so long as there are fools in the air against whom the most stringent regulations cannot entirely protect, there will be crashes. He also knows that the dozens of airlines in the world fly thousands of miles daily under all conditions have a lower casualty rate than other type of transportation than steamship travel. Two recent sea tragedies occurring almost simultaneous with the recent air accidents and resulting in the loss of over 100 lives, did not receive half the notoriety given the plane crashes. However, the newspapers in general may be given much credit for their attitude toward these tragedies. They have been careful to discriminate against crashes the result of inexperience, the taking of undue risks and from the use of equipment and those the result of the acts of nature, which the insurance companies describe as acts of God."

Braniff complimented two Oklahoma editors for their editorial treatment of the T. A. T. accident and stated that he had mailed copies of their editorials to hundreds of papers and aviation officials as examples of how such news should be treated in justice to aviation.

Publicly controlled colleges and universities in the United States enroll about 40 per cent of all students, private non-sectarian institutions 31 per cent and church controlled colleges 29 per cent.

AN ORDINANCE

controlling and restricting the location of, and use of buildings, structures and land for trade, business, industrial residential and other purposes; and regulating and controlling the granting of permits for the erection of certain businesses within the residence district of the City of Midland, defining the residence district and the business district, providing for a Board of Adjustment, prescribing a penalty and declaring an emergency.

WHEREAS, under and by virtue of the Revised Civil Statutes of Texas 1925, Article 1011a to 1011j, inclusive, express power and authority is conferred upon the legislative body of the City of Midland to prescribe certain districts within the City of Midland for the purpose of regulating and prohibiting the erection of certain business houses and the conduct of certain businesses within certain districts and to define and outline those districts which shall be used for business purposes and those which shall be used for residential purposes; and

WHEREAS, it is deemed advisable by the City Council for the purpose of promoting the public health, safety, order, convenience, prosperity, comfort and general welfare of the people of the City of Midland, Texas, to regulate and control and prohibit the construction of business buildings proposed to be built or erected within the residential district of the City as well as to regulate and control and prohibit the conduct of certain businesses therein which are deemed hazardous, as well as hurtful, to the safety, health, good order, comfort and welfare, of the people of such district; and

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MIDLAND:

Section 1: THAT the business district of the city shall consist of the following property within the City of Midland and is delineated and bounded by the following lines:

Beginning at a point with the intersection of Ill. Ave. at "A" St. on a public road, and running east to the center of Marienfield St., thence north one and one half blocks to the center of the street west of Block 46, Homestead Addition, thence east to the intersection of Davis St., with the section line which bounds East Midland Addition on the west, thence north two blocks to the center of South street, thence east five blocks to the northeast corner of the city limits on said street, thence following the city limits to the center of Hubbard street, thence west three blocks to the center of Ave. "B," thence north to the right-of-way of the Texas & Pacific Ry. Co., thence west approximately two blocks to the section line and an unnamed street, thence south to the center of Missouri thence west to the center of Terrell Street, thence south to the center of Indiana Avenue, thence west to the center of Ft. Worth St. thence south to the center of Kentucky Ave., thence west to the center of Weatherford St., thence south to the center of Washington Ave., thence west to the center of Baird St., thence south to the center of Maine Street, thence West two blocks to the center of Loraine Street, thence south to the center of Pennsylvania Ave., thence west one block to the center of Colorado St. thence south one block to the center of California Street, thence West to the section line separating the Southern Addition, Midland Hts. Add. Original Town Add. and West End Add., thence north with the said section line to the center of Missouri Ave., thence west on Missouri to a point 150 feet west of the southeast corner of Blk. 15, W. E., thence north with the lot lines between lots 9 and 10 and 3 and 4, in Blk. 15, and 9 and 10 in Blk. 14 to a point 150 feet west of the Northeast corner of Lot 12, thence east

Third Jury Selected

On May 6 of this year, the new trial was called at La Grange. After some time spent in trying to select an impartial jury from the county where the case had attracted so much attention before, the case was transferred to New Braunfels on a change of venue.

Today the court will begin selection of the trial jury to hold the fate of Becky Rogers in its hands. The girl will be defended again by her husband, who is emphatic in his declaration that his wife will never go to prison. What his defense will be is doubtful. The former pleas of dementia praecox may be abandoned as it is understood Rogers believes his wife innocent of the crime and is reluctant to take the impaired mentality plea.

Husband on Scene

Otis Rogber entered the already sensational case rather unexpectedly, bringing with him a surprise for the many people interested in the trial. Shortly after Becky's arrest on the Buda charge, Rogers showed up with the announcement that he and girl had been secretly married, while both were attending the University of Texas.

Rogers has meanwhile opened up a law office in Amarillo and was waiting until he was established in his profession before announcing the marriage. He left a sick bed when he heard of his wife's arrest and announced his intention of conducting her case.

After the trial at La Grange, Rogers was taken seriously ill with pneumonia and for months lay at the point of death in a sanitarium at Carlsbad, where his wife nursed him back to health while waiting for the new trial.

Unusual Story

The story of the robbery of the Buda bank, which has been told and retold during numerous trials, hearings and habeas corpus proceedings, was unusual.

It is alleged Miss Rogers entered the bank one Saturday afternoon, presenting herself as a journalist wishing to use one of the bank's typewriters to write a story. She was admitted to the sanctum behind the teller's window, according to the charges, only to whip out a revolver, back the cashier and his assistant into the vault and escape with approximately \$1,000 in currency.

Miss Rogers' car on a washstand at Austin attracted the attention of officers searching for the coupe in which the robber made good the escape. Becky was arrested. The money was found in an Austin post-office. It had been placed in a box and mailed to a substitution.

Fighting Renewed On Chinese Railway Area

TOKIO, Sept. 7 (AP)—Renewed, more serious fighting along both eastern and western termini of the Chinese Eastern Ry. in Manchuria, was reported today. Messages from Harbin said that Soviet bombs yesterday set fire to railway stations, and that artillery fire had been directed against Pegranchichaya and the entire town was afire.

Free Encyclopedias For City Library

The City-County Library received today free the latest edition of the Encyclopaedia Britannica as a reward for having met stiff requirements of the National Library Association.

The library opened after the first of the year, but is making so much progress that Librarian Miss Emily Smith wonders how the crowds can be cared for at times, she says.

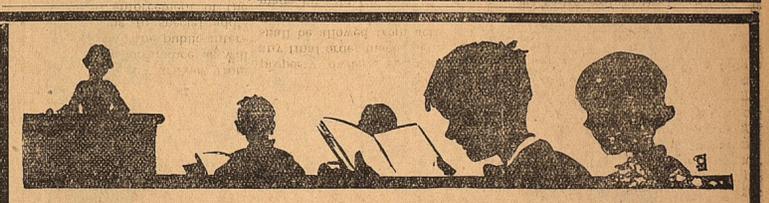

Only those libraries of the country which made the best records received the free encyclopedias Miss Smith points out.
