Hogan and Associates Buy Big Pecos County Ranch

MAJOR COMPANIES ARE REPRESENTED, HAVING LEASES, TEST DRILLING

Kennedy Ranch of 32,000 Acres, Located Southwest of Fort Stockton, Involved In Big Fee Deal

Purchase in fee of the Kennedy ranch of 32,000 acres, in Pecos County, by T. S. Hogan of Midland and a group of New York capitalists, was announced Saturday in a telegram from Mr. Hogan, who is New York, to his office

Although the consideration of the deal was not made public, it is believed that the purchase represents one of the largest to have been made since that of the McElroy Ranch in Crane County, the Hendricks interests in Wink-ler County, and the Henshaw holdings in Howard and

other counties.

The Kennedy ranch lies southwest of Fort Stockton, and an oil Approval Listed test is now being drilled on it, a short distance north of the Orient railroad station Chancellor.

Majors Represented Mr. Hogan's message said that cause of the large number of repremajor companies having holdings on sentative citizens, was held between the property which he and his as- members of the city council and sociates have Lought include the school board last week for a pur-Fure Oil company, the Transconti- pose of approving plans for arrivnental, the Barradall Oil Company, ing at tax values. The important work has been held up pending larger working quarters, as being highly pleased with the the present building being inade_ quate for housing such a task.

An independent, disinterested auditor will be called in to assume the coming work.

Bath Hour Custom Changed In City

An important case in district court was interrupted, a bunch of spectators got their Saturday bath a few hours early, and one man more turned to the camp espousing the idea of a new Midland county court house Saturday afternoon when the sudden rain sent small rivers pouring into the district court room.

Court was adjourned; the soaked spectators went home to wring out their garments; but the man who had suddenly become a convert to the doctrine advocated by those who favor the coming bond election stayed a while to electioneer.

Rayburn Revival Starts Big Week

A week with more services than that which has passed is to be ushered in today, when five separate meetings will be held by leaders of the city-wide Rayburn revival.

The day's sessions are: the morning sermon at 10:30 on "One Thing God Requires of Me"; a meeting for men only at 2:30, when Dr. Rayburn will speak on "Big Business" a meeting at 3 o'clock at the Baptist church where Mr. Otteson will speak to women; the young people's rally at 6:30, at the Presbyterian church, where Dr. Rayburn will speak; and the big Sunday night preaching service, the evangelist's subject being "The Most Deadly Sin in Texas."

Special music is scheduled for killed instantly here today when he all services which are to be held at fell from a moving freight train. the tabernacle unless otherwise announced this morning.

and adjoining acreage. Made Rapid Rise

The rise of L. C Harrison in the oil business rivals that of fiction stories. Coming to Midland in 1923, after having lost all of his worldly goods in oil operations in the Ranger territory, he engaged in the barber trade here for several months. As farm land began to find a mar_ ket in the Midland and Stanton territories, he engaged in the real estate business for a while, being on the ground floor when oil activities in the Midland area made possible the realizing of large profits on small deeds.

He has consistently increased his (Continued on Page 8)

PERFORMANCE

THAT ONLY BUICK BUILDS

Into the Marquette, Buick has built an extra margin of every quality that makes an outstanding leader. On the road the brilliant performance of this swift, smart new six is unmatched by that of any other car of comparable price. Nowhere in the thousand-dollar field can you find such thrilling response, such effortless speed, such big reserves of power.

Only Marquette with its priceless background of Buick craftsmanship can offer such superlative performance at moderate cost. Only Marquette in the thousanddollar class has an engine of 212.8 cubic inch piston displacement. Marquette alone provides the extra endurance and extraordinary economy of operation that Buick alone knows how to build.

And this handsome new six has even

more to offer than supreme performance and economy! In its class, Marquette is the only car with the remarkable new waterproof, dustproof, wearproof upholstery and the wonderful new non-glare windshield. A host of other exceptional features contributes to its completeness: Dustproof, tilt-ray headlights. Four Lovejoy hydraulic shock absorbers. Big, smooth, fully-enclosed brakes. Airplane-type stepped-size bearings. A completely sealed engine. Beautiful, harmonizing finish, inside and out. Perfect fittings and appointments.

Here is one of the smartest cars on the road . . . setting the style with new, lowswung, faultlessly tailored Bodies by Fisher ... and providing performance unmatched in the moderate-price field. See it - drive a Marquette today and know why the world is saying: "A GREAT PERFORMER!"

BUICK MOTOR COMPANY, FLINT, MICHIGAN Canadian Factories

\$965 to \$1035

These prices f. o. b. Buick Factory, special equipment extra. Marquette dulivered prices include only reasonable charges for delivery and financing. Convenient terms can be arranged on the liberal G. M. A. C. Time Payment Plan.

Consider the delivered price as well as the list price when comparing automobile values.

DALLAS COTTON (United Press Service)

The cotton market declined further Saturday, the active months selling around \$1.50 a bale under the previous close despite the bullish features of domestic conweather outlook over the belt. During the remainder of Saturday's short session, prices gradually weakened, especially after the long range forecast for favorable weather next week which, with the hedge selling, caused October in New York to sell off to 18.45, Decem 18.80, January 18.78, and ..872 steady at the low of the day. Cotton part in the movement. consumption for August was an-

MEETING HAS A MIDLAND IMPETUS

Following out plans adopted in Midland at the recent Breeder-Feed er meeting, at which a permanent organization was adopted, several thousand letters are being sent out to Texas cattlemen urging them to be present in Dallas, October 17, at which date the work is to be carried forward.

A large atendance from over the state, no section of which is likely 19.08, or 31 to 33 points new lower, to be better represented than the or \$5 a bale, from the high levels Midland area, is expected at the .923 reached on last Monday following meeting, according to news rethe publication of the crop esti- ceived from Frank P. Holland, Jr.,

The purpose of the organization nounced by the census bureau at is to develop interest in feeding and Washington today as 558,113 bales selling calves in Texas. For years of lint, 83,570 of linters, or about past cattlemen, especially in the two per cent greater than last year. western section, have sold their young animals to the feeders of the souri, Kansas, Illinois and other states of that section, Mr. Holland said. It is proposed to feed in the black land belt and Eastern Texas the young animals that are produced on the ranches of West Texas, thereby keeping all the profits in Texas.

An organization meeting at Midland a few days past was well atposed of, his daughter being a first from Dallas at the meeting were on the day of judging of feeder staff of the new season's group has Mr. Baxley, who has been with Marsh Holland, representing the That evening a banquet will be Dewey Ross, who arranged settings president of the Hereford Cattle Breeders' Association of Texas, who Fair of Texas. called the meeting; Leon Goodman of Midland, W.
