WRECKED PLANE FOUND ON OCEAN

First Frost of Season Strikes Midland Area This Morning

Midland Greets Ft. Worth Delegates to Paso Convention

250 MEN IN A SPECIAL TRAIN COME

Here 20 Minutes Then Entrain For Paso Meet Of WTCC

Two hundred and fifty members of the Fort Worth delegation to the WTCC meeting in El Paso will arrive in Midland shortly before 7 o'clock this afternoon and will detrain for twenty minutes. Two bands, the TCU Frog aggregation and the Fort Worth Police group, will play.

Midland people will be present at the T. & P. depot to greet the visitors. City Manager A. J. Gates will have the fire siren blow when the special train leaves Stanton and Midland people will have time to drive to the station by the time the train pulls into the Midland stop.

The entire citizenship is asked to be present and greet the Fort Worth party.

The Fort Worth Association of Commerce, sponsors of the trip, visited Midland by airplane in 1928, making up the first Texas aerocade to fly on a goodwill tour. This would along the Fort Worth and Denver City railroad to Amarillo, turned along the Santa Fe to Lubbock, and then charted a cross country course to Midland.

Fort Worth has sent other goodwill parties and ambassadors to Midland in the meantime, and has always shown interest in every movement originated or carried out in Midland.

The party is expected to arrive in Midland at 6:45, and depart at 7:05.

Panic Threatens On Wall Street

NEW YORK, Oct. 24.—(AP)—Wall street experienced the darkest day in years today as the selling movement, approaching panic proportions, completely demoralized the stock market, and hundreds of millions of dollars in quoted values disappeared by the minute.

Sales from 10 o'clock until noon were 5,700,000 shares, a new high record. United States steel, Johnsonville and American Telephone lost heavily.

NORTH STORM FURY CAUSES FEAR THAT MORE THAN 100 MAY HAVE PERISHED

CHICAGO, Oct. 24.—(AP)—The region of the Great Lakes today counted many losses in men and money. The fate of at least 100 persons caught on lakes in the fury of a storm remained uncertain early today.

Fifty-two persons aboard the car ferry, Milwaukee, have not been heard from since leaving Grand Haven Tuesday morning. Fifty others aboard the craft were imperilled by pounding waves.

The car ferry Milwaukee en route from Milwaukee with 50 men and 27 cars aboard, was reported many hours overdue and grave fears were felt for her safety. Coastguard stations at Southaven St. Joseph, Grand Haven, Muskegon, Ludington and Manistec made a futile search today for the vessel.

At least two persons were dead, two others were believed drowned, and the safety of dozens of others on ships somewhere in the lakes was in doubt as the Great Lakes region's worst storm of the year cut a chill path eastward last night, leaving millions of dollars in property loss behind.

The ore carrier William Pilkey was missing in Lake Superior and

BROWNWOOD BANK ROBBED OF \$5,000 BY THREE YEGGS

BROWNWOOD, Oct. 24.—(UP)—Three bandits held up and robbed the Brownwood State Bank at noon and escaped with a sum estimated at \$5,000.

The bandits ordered Earl McClutchy, teller, to hand over the money at the point of a gun and then escaped in an automobile parked at the curb.

McClutchy was the only one in the bank at the time. The bandits headed toward Grosvenor with a sheriff's posse chasing them.

Wink Passes New Ordinance On Gas

WINK, Oct. 24.—In its effort to regulate charges for domestic gas rates in Wink the city commission has again passed an ordinance seeking this objective. Last March the commission, after similar action, was prevented in carrying out its purpose when an injunction was secured against the commission halting it from enforcing its rates and penalties for non-observance. The recent ordinance is believed to have cured the objectionable features of the former statute.

After the passage of the first ordinance the manager of the gas company announced it would ignore its provisions and 18 complaints were filed against the local manager for violation of the ordinance. These prosecutions were pending when Judge J. A. Drane of the 109 district court, issued a restraining order against enforcement of the ordinance and further prosecutions under its provisions.

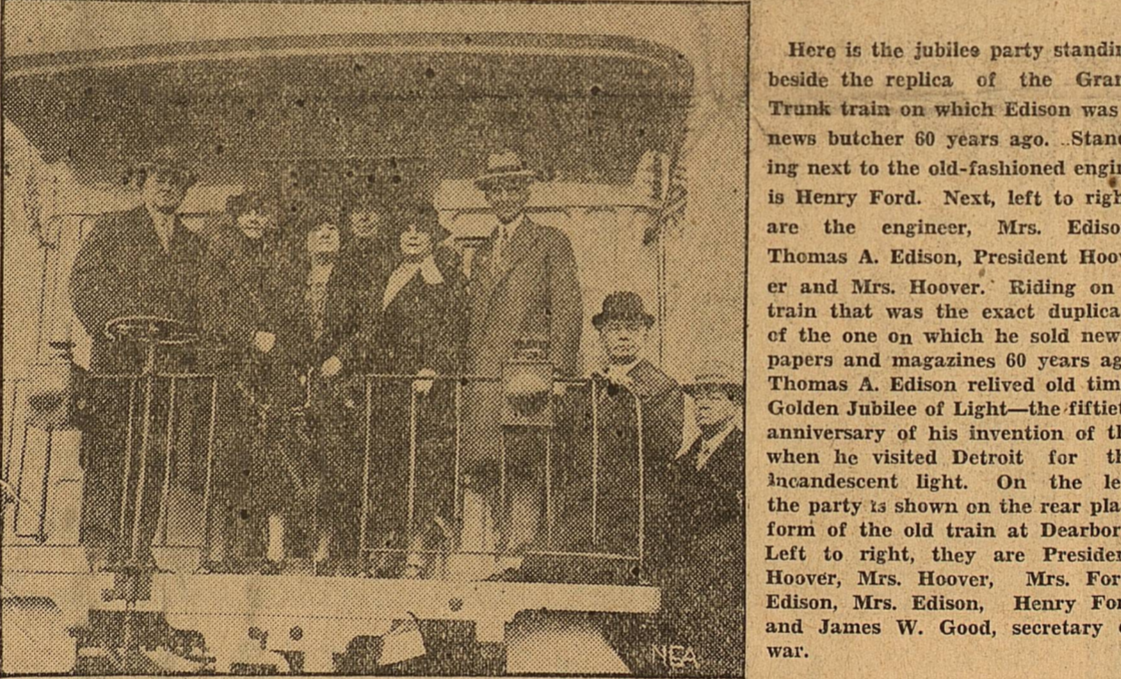

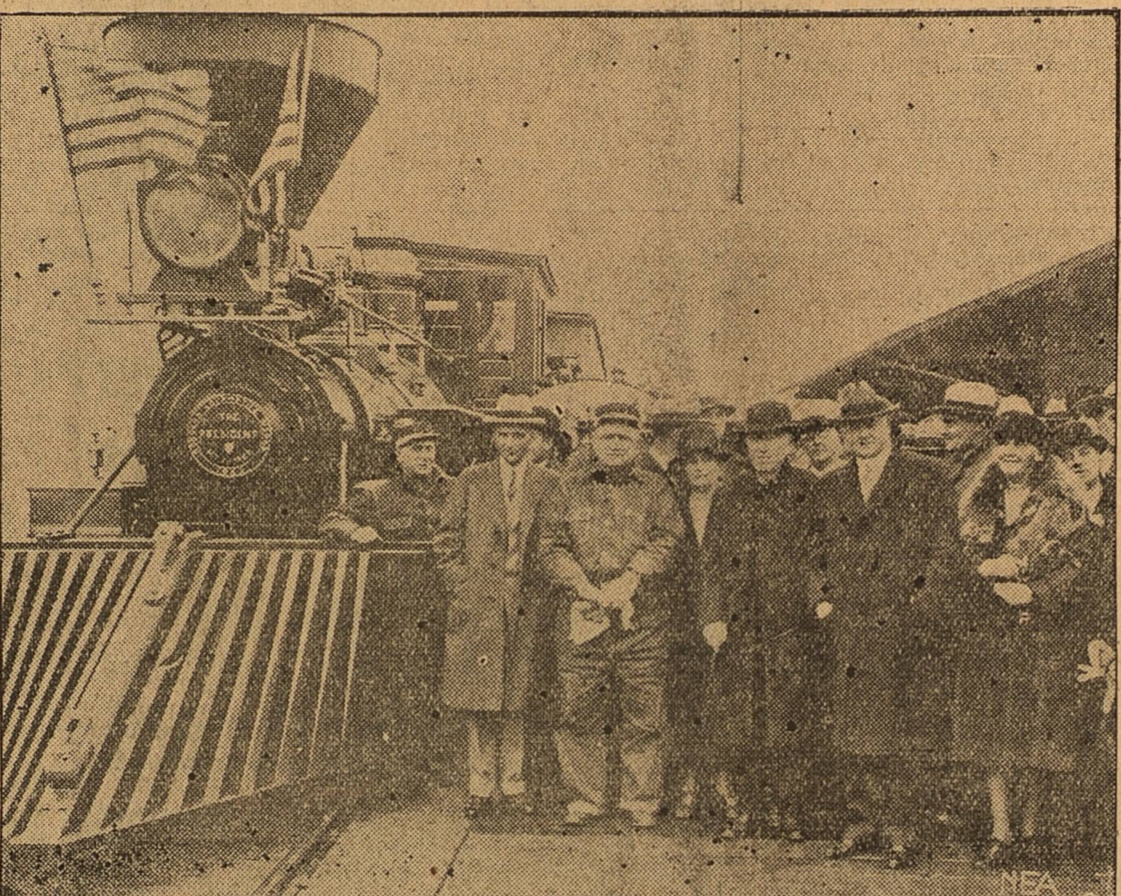

Fights To Stay Ratliff Execution

HUNTSVILLE, Oct. 24.—(UP)—Mrs. R. Carter, mother of Marshall Ratliff, today began an eleventh hour fight to prevent her son from being executed for participation in the Cisco "Santa Claus" robbery. She claims that her son sat in his death cell and watched 15 men walk to death, and this has driven him insane. His sanity hearing is set for next Wednesday. No date is set for execution which is still on appeal.

LIONS "HOG" PROGRAM

And all-Lion program, something new to the service club, will be undertaken next Wednesday at luncheon when Miss Lillie B. Williams "Lions Club Sweetheart" is in charge of the entertainment of the beasts.

A Reminder Of Old Times

HUSBAND SOUGHT IN CONNECTION WITH 5 DEATHS

HAMILTON, Ohio, Oct. 24.—(AP)—Charles King Sr., 36, was hunted today to explain the deaths of his wife and four children, and the probable fatal illness of a fifth child. All died of effects of gas escaping in the house.

King disappeared leaving a note which said three men "Caused me to do this." He did not explain and the only inkling of a motive was the information that he owed money to one of the trio.

Husband Charged In Death Of His Wife

LUBBOCK, Oct. 24.—(AP)—Two hours after she had filed a complaint charging aggravated assault against her estranged husband, Mrs. Virgie Lester, 32, was shot to death at her home today. Her husband, Clay Lester, surrendered and was charged with murder.

MONEY IN TOMATOES

W. C. Tatum, farmer of Midland county, made \$20 on eight rows of tomatoes 18 feet long. Despite the fact that, during his vacation, the plants were not trained so that they would keep off the ground, the vines are yielding 60 pounds of the vegetables a week.

BIG COUNTY COURT DOCKET

County court will open Nov. 4 with an extra large docket, according to County Judge M. R. Hill.

Last Rehearsal Of Little Theater's Humorous Play To Be Held Tonight

"The Whole Town's Talking," comedy to be staged by the Little Theatre Friday night at 8:15, is a laugh-producer par excellence, according to Midland people who have seen it.

A staff writer of The Reporter-Telegram watched the play rehearsed Wednesday evening and found that the lines are packed with humor which is well interpreted by the cast.

The greatest crowd ever to see an amateur production in Midland is expected to be at the Grand theatre early. No one will be seated during

an act. The curtain will be raised promptly at 8:15.

Season tickets may be shown at the Midland Drug company and a reserve seat ticket will be given holders.

Only one more practice will be made by the cast of the play before presentation. Tonight is "full dress rehearsal."

The committee on ticket sales reports the volume of tickets sold is less than was expected but that a brisk sale of tickets at the box office Friday evening is looked for.

\$50,000,000 FIRE RESULTS AFTER AN EXPLOSION IN HOLLYWOOD LABORATORY

HOLLYWOOD, Calif., Oct. 24.—(AP)—One man was killed and property damage to the extent of many millions of dollars resulted from an explosion and subsequent fire which destroyed the laboratory of the Consolidation Film Industries today. More than 500 persons who were

in the building at work escaped by the narrowest of margins.

Due to the fact that master films of several new motion picture productions were in the building, it was impossible to get an accurate estimate of the amount of the damage. However, hasty estimates have placed the loss at \$50,000,000.

Leaves For Funeral Services Of Sister

Mrs. F. M. Pratt leaves Midland today for Lubbock, where she will attend the funeral services of her sister, Mrs. O. L. Slayton, who died as a result of an automobile accident in Dallas.

Mrs. Slayton was the wife of the president of the First National bank of Lubbock. Both are well known in Midland.

Sales Manager To Hobbs Territory

J. E. Chipman, who for a year has been sales manager of the Texas Electric Company in Midland, leaves today for Hobbs, N. M., where he will be local representative of the Plains Electric company which operates in Hobbs, New Hobbs, Lea and Skeeen.

Chipman is succeeded in Midland by Bedford Taylor.

COTTON IS HELPED TO MATURE

Most Farmers Think Damage To Feed Not Serious

Midland County's first frost of the season, several days earlier than the average frost date, struck early this morning, with temperature as low as 29 degrees. Some thin ice was reported.

Cotton, which has been growing a top crop but which could not have made additional yield without another 30 days of growing weather, was benefited by the frost, as the original crop will now mature faster.

Late feed over the county was damaged somewhat, although the estimates of the damage vary considerably. Out north of Midland, in Martin county, H. A. Moore reports that the frost was rather heavy, and that garden products and young feed were killed.

Closer to Midland, W. P. Bodine reports considerable damage, but Mrs. Myrl Jowell reports that even tomato plants were not damaged at the Jowell farm.

Feed Not Hurt Badly Most farmers express the belief that the damage to feed crops will not be as bad as was first predicted.

To the east and south of Midland some report damage to feed while others say there is no indication that the crop is hurt.

At the Gustav Melssner place, in father low country, feed showed signs of damage, the thermometer registering 30 degrees after sun-up this morning.

Mrs. L. C. Proctor reports that potato vines were nipped somewhat, but she didn't think feed was hurt.

Ice Is Reported W. M. Long said he saw ice on the puddles of water along the road. He expects the feed crop to be short now, and believes there are not enough binders in the county to cut the feed crops before more damage occurs. He started cutting his feed several days ago.

J. E. Hill, who has 300 acres of feed still uncut, believes the damage will not amount to much.

B. N. Aycock has not yet cut his feed, and says he believes he will make more by risking the first frost than by missing a possible two-week's growth.

E. M. Ferrell believes the damage will be as much from the light freeze as from the frost, and that the feed crop will be short.

H. A. Jesse says in his opinion the frost will not hurt crops in a Midland County much, but that north of here the damage will probably be serious. He says the average frost date here is about November 8.

Mr. Jesse says he has seen frost damage run in streaks, with some crops damaged and others nearby unharmed.

A. J. Oliff does not look for much damage from the Thursday morning frost, and is glad for the beneficial effect on cotton.

Elmer Bizzell said this morning that he believed the frost was just what was needed and would not result in damage to the crops.

Heavier Frost East T. W. Daughtry came here early

(Continued on Page 6)

Masons To Hear District Deputy

R. V. Hyatt of Midland, district deputy grand master of the Masonic Grand Lodge of Texas, will make his official visit to the Midland Masonic Lodge No. 623 tonight, it has been announced by C. B. Ligon, worshipful master of the lodge.

All master masons are urged to be present, and visiting masons are invited.

BEDFORD NAMED ON COMMITTEE ON RESOLUTIONS

E. G. Bedford of Midland was appointed Wednesday by A. M. Bourland, president of the West Texas Chamber of Commerce, to serve on the resolutions committee at the convention which opened today at El Paso.

Other members of the committee are J. D. Hamlin of Farwell, Ray Nichols of Vernon, A. P. Duggan of Littlefield, J. E. Thompson of Breckenridgs, and Spencer Wells of Lubbock.

A nominating committee was also appointed, having as part of its duty to present a nominee for manager of the organization to succeed A. M. Bourland, who has been serving since the resignation in June of Homer D. Wade. On the nominating committee are J. A. Wheat of Seymour, F. W. Kennerly of Quanah, E. L. Penick of Stamford, H. L. Birney of El Paso, E. O. Thompson of Amarillo, Joe Weaver of Eastland, Hubb Diggs of Fort Worth, Houston Harte of San Angelo, O. P. Thrane of Snyder, and Clifford B. Jones of Spur.

NEGRO PLOT TO COLLECT DAMAGE FOR OLD AUTO

NEW ALBANY, Ind., Oct. 24.—(AP)—An alleged plot which would have involved President Hoover's special train in a wreck with a heavy sedan five miles north of here was thwarted last night by three men who removed the obstruction from the tracks a few minutes before the train arrived.

The train was halted 18 minutes while secret service men and railroad detectives started an investigation which resulted several hours later in the arrest of two negroes who confessed.

Officers said they placed the automobile on the track in a plot to collect damages for its destruction.

Girls' Dormitory Is All Kinds of Toys and Things A Regular Toy Shop

FORT WORTH, Oct. 23.—"Ba, Ba, Black Sheep," "Mary's Little Lamb," "Mamma Bear," "Pappa Bear," and "Baby Bear" all live in Jarvis Hill, girls dormitory at Texas Christian University. They may be found among the 152 toy animals belonging to the girls. In addition to the animals, a survey shows 16 clown dolls, 6 baby dolls and 39 flapper dolls.

Dogs and elephants head the list of animal toys represented—there being 40 of the former and 25 of the latter. There are also camels, parrots, turkeys, birds, cats, owls, horned frogs, pigs, monkeys, chickens, fish and numerous others.

Most of the animals have been named by the co-ed owning them, such names being used as "Socrates," "Christopher," "Columbus," "Beowulf," "Plato" and "Adolphus." Miss La Velle Stubblefield of San Antonio has a pair of twin baby dolls called "Kate" and "Duplicate." Her room-mate, Miss Vera Bell Stephenson of Houston, also has twin dolls, known as "Pete" and "Repeat."

Some of the dolls are almost as old as the girls themselves, and show marks of many years of careless pleasure. Some of the dolls lack a leg, some an arm and some have cracked heads.

NEW HOWARD SCHOOL

BIG SPRING, Tex., Oct. 24.—The Hart Wells Rural district new school building has been completed and school will open Monday, Oct. 28, according to Miss Pauline Cantrell, county superintendent. Work is being rushed on the Vealmoor school

STEAMER REPORTS FINDING

Missing Airman Dead Think Those Who Review Case

BULLETIN ST. JOHNS, Newfoundland, Oct. 24.—The report that the steamer Kyle has picked up bits of wreckage of the plane of Urban Diteman, who tried to fly the Atlantic, was denied by the ship's company here today.

A bit of wave-tossed black and orange wreckage reported found in the north Atlantic brought apparent verification today that another ocean flight had failed.

By radio relay from the steamer Kyle came word that an unidentified steamer had found a bit of wreckage floating in the sea along the path that Urban Diteman, Jr., Montana cattleman, had taken toward London in his little monoplane, Golden Hind. The wreckage was painted black and orange, as was Diteman's plane.

LITTLE HOPE

NEW YORK, Oct. 24.—(UP)—A day of silence over the Atlantic left little doubt today that the life of Urban F. Diteman had been sacrificed to a dream of transatlantic flying. Two days have elapsed and only the faintest hope remained that he could be safe.

LISTED AS MISSING Urban F. Diteman, Jr., the Montana cattleman who took to the air to conquer the Atlantic, is listed among the missing.

The tiny monoplane in which he left Harbor Grace, Newfoundland, at 11 a. m. eastern standard time, Tuesday to fly to London, had fuel for twenty-five hours. By noon Wednesday the twenty-five hours were up and there was no word from the 31-year-old aviator late in the day or today.

Croydon airdrome, near London, was lighted up to receive him, but no hope was held here he would reach there.

Watch was kept along the coasts of Ireland, England and even France and the Azores. Ships had been asked to remain alert for signs of the flyer.

As hour after hour passed beyond the time he himself estimated for exhaustion of his fuel supply, the word came back "no news of Diteman" and hope dwindled.

Only three persons still believed he had a chance of success. They were his wife, in Billings, Mont., and his aged parents in Portland, Ore.

The odds against Diteman were overwhelming. His plane was small

GOOD COUNTY ROADS

The day after an editorial appeared in this column on "See Midland County first," a good citizen asked why the good county roads were not mentioned.

The fact is that Midland County has such good roads that one becomes accustomed to them and forgets that two or three years ago there were only a few lanes with fair roads in the county.

When you go out to see Midland County now, you can go in any direction on a 50 or 60-mile an hour graded and drained dirt road. The dirt roads are well maintained, and one who is driving for pleasure can enjoy them better than the surfaced highway. Midland County commissioners have spent the county's money wisely on road construction.

East Texans who have been accustomed to difficult roads to their farms have remarked that you can go anywhere in Midland County as fast as you want to. You can drop over a mile to the right or left and find another good road in most of the county.

ENCOURAGING HOME INDUSTRY

Action of Midland food houses in using Midland bread, to the exclusion of shipped in products, shows a patriotic spirit on their part and shows that Midland bakers are providing products with which grocers can compete with out of town products.

Trading at home means success. New families are brought in and their money is distributed among home merchants.

Trading at home helps any other line of business just as it does the baking business.

The home dry goods, hardware or furniture merchant, the home boot maker, baker or printer, depends on home people for his business and spends his money at home.

Midland people who encourage local industries are building local payrolls, and local payrolls are building Midland.

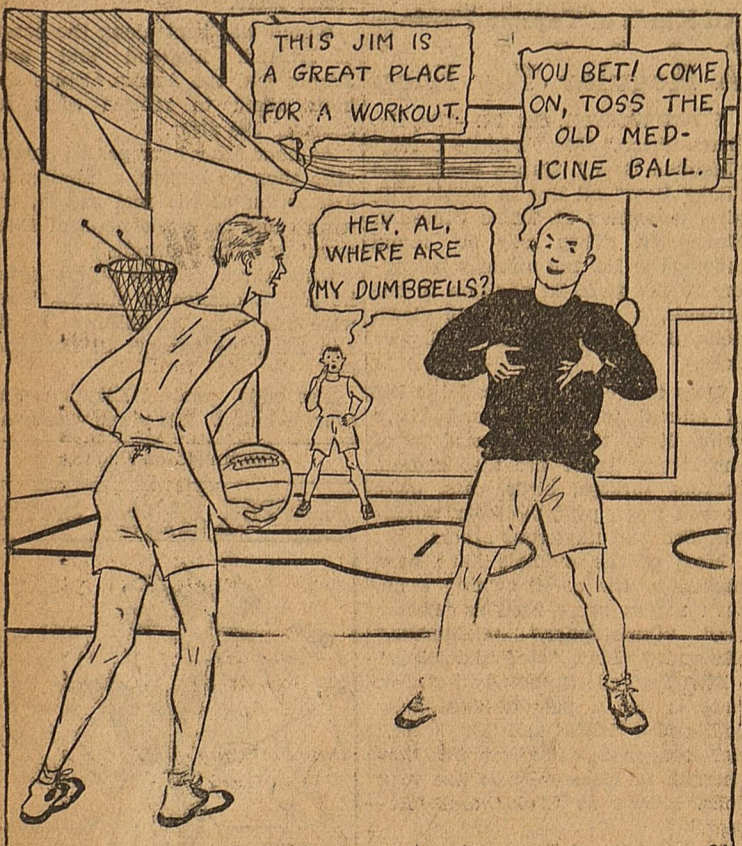

NO WISECRACKS, AFTER ALL

A Chicago mail order firm, finding that there was a good deal of "traffic congestion" about the mirrors in its plant, discovered on investigating that the average girl employs spends no less than six minutes a day using powder, lipstick and rouge before the looking glass.

One's impulse, on hearing this, is to make some sort of wisecrack. But on second thought, perhaps no wisecrack is called for from any self-sufficient male. For, after all, the man who pokes fun at the flapper who hesitates in front of every mirror is usually the man who says, "Now Alice would be a doggone nice-looking girl if she'd only primp up a little bit once in a while."

In other words, the primping is done for the men's benefit, and the men seem to like it. So why should the men kick about it?

ERRORGRAMS

Try to Scramble 'em
M N N S Y U O O A
The most prolific but least known writer in the world.

There are at least four mistakes in the above picture. They may pertain to grammar, history, etiquette, drawing or whatnot. See if you can find them. Then look at the scrambled word below—and unscramble it, by switching the letters around. Grade yourself 20 for each of the mistakes you find, and 20 for the word if you unscramble it. On page 6 today we'll explain the mistakes and tell you the word. Then you can see how near a hundred you bat.

WASHINGTON LETTER

BY RODNEY DUTCHER

WASHINGTON, Oct. 24.—The golden age for the lobbyists of Washington came in the sixties and seventies. The northern industrialists had destroyed the power of the southern planters at the seat of government and there was little they didn't want—and get.

"Never have public men in responsible positions, directing the destiny of the nation, been so brutal, hypocritical and corrupt."

So says Claude G. Bowers of the 12 years following the death of Lincoln in the introduction to "The Tragic Era," recently published. The lobbyists of the time, of course, both helped create and took advantage of this situation.

The King of the Lobby
In that period rose "Sam" Ward, who rejoiced in the title "King of the Lobby." His majesty came from a distinguished family and was a brother of Julia Ward Howe. He is described as a "compact built, round-headed gentleman" who had studied abroad, dug gold, written verses and served as a diplomat in Nicaragua. Being a man of imposing manner, wit and culture, he tried to elevate the lobbying business to a profession.

During the day, "Uncle Sam" made his headquarters in the Appropriations Committee rooms at the Capitol and at night he entertained royally in a little house on E street. His sister says in her reminiscences:

"He had an unusual power of reconciling people who were at variance with each other, and the dinners at which he presided furnished occasions to bring face to face political opponents accustomed to avoid each other, but unable to resist the bonhomie which sought to make them better friends. He became known as the king of the lobby, but much more as the prince of entertainers. Although careful in his diet, he was well versed in gastronomy, and his menus were wholly original and excellent. He had friendly relations with the diplomats who were prominent in the society of the capital. Lord Roseberry and the Duke of Devonshire were among his friends, as were also the late Senator Bayard and President Garfield."

It was Ward who presented to the speaker of the House a silver cup inscribed from "Rex Vestiaris"—king of the lobby.

The lobbyists apparently did not march to the battlefield in the Civil War, nor let up in their efforts here, for a writer of the time describes a large collection of "ex-members of either House or Senate professional borers, broken-down politicians and other vagrants who negotiated for votes of members on terms to be agreed on by the contracting parties."

These men presumably had much to do with the astonishing frauds which were put over on the Lincoln administration. The government paid enormous sums for worthless munitions, ancient disintegrating hulks bought as army and navy transports, food for the army so bad that it caused epidemics and many deaths, and all kinds of shoddy material.

After the war the G. A. R. maintained a political organization which was strongly represented at the capital, lobbying for the desires of its members.

All accounts agree that the lobbyists swarmed here during the Andrew Johnson administration and that there were many signs of bribery. Railroad men and other capitalists were still grabbing the public lands. One reads of the Northern Pacific plunderers in the galleries, looking down at the scene like beasts of prey.

E. H. Godkin in the Nation denounced the tariff lobby of the time as "one of the most fertile sources of corruption ever opened in any age or country." "Lobbyist" became a term of opprobrium and it was noted that "these genteel loafers, having no apparent business, yet managed to live at the best hotels, drink the best wines and go home at the end of the season with more money than any of the honest members."

At the time of Johnson's impeachment trial one of Johnson's lawyers, Jeremiah Black, who had lobbied on Capitol Hill, tried to get the president to send a warship to a Caribbean island where his clients had a million-dollar claim. Johnson refused and Black deserted him.

Frenzied Lobbying
An enormous political lobby struggled for votes for Johnson's impeachment. The Union League Clubs, prominent in the fight, appealed to their members and other citizens for threatening telegrams to congress. Brazen attempts were made to intimidate senators by threat of physical force and the anti-Johnson lobbyists even made life miserable for a senator's landlady, believing she had influence over him.

During debate on the army appropriation, Bill in 1868 the notorious Fernando Wood of New York offered an amendment providing "but no part of the sum appropriated shall be paid to Alexander Dunbar for his alleged discovery of a method of treating horses' feet." It seemed the secretary of war had contracted to pay Dunbar \$25,000 for teaching the army his system of horseshoeing and hoof treatment. Wood argued that Dunbar was ignorant and his method harmful and

painful to the horses, so the amendment was passed because no one knew anything about the subject. It later developed that Wood headed a lobby for a scheme to sell the government a patent horseshoe. Dunbar won out when he hired his own lobbyists to work for him.

Tomorrow: Lobbying and corruption in the Grant administration.

Rancher Roped And Shot "Bad" Coyote

SWEETWATER, Tex., Oct. 24.—(UP)—Palmer Hodges, a rancher near here, recently gave an exhibition of fancy roping that would qualify him to join almost any rodeo, when he rode down and roped a coyote.

Hodges was riding on his ranch and came upon the animal in the act of killing a sheep. He pursued it and after a short chase was able to lasso it and end its depredations with a bullet.

OLDEST TOWN IN COURT

FREDERICKSBURG, Texas, Oct. 24.—(P)—The supreme court of Texas will decide if Fredericksburg, one of Texas' oldest towns, is still the largest unincorporated city in the United States, or an organized municipality.

The supreme court has granted a writ of error and will review the suit brought to dissolve the incorporation. The district court and the civil appeals court have upheld the election.

A spider has eight legs and from six to eight eyes.

Reserves the right to "quack" about everything without taking a stand on anything.

Elliott Cowden has a pair of new boots. Coming out in them right after a "misfit boot sale," some of his friends thought I ought to postpone any publicity, but on looking the boots over I decided they needed no apology. As soon as he gets the boots broken in, Elliott is going out to "ride to 'em."

For a young man, Elliott has been here as long as most of the old timers, 38 years. There are a number of young men here who are old timers in Midland. Sometimes I wonder just how many Midland people have lived here for more than 30 years. I may ask a direct question on that soon.

I've ridden a few pretty salty broncs, ridden bicycles, motorcycles, bicycles, roller skates, automobiles, both fast and slow, and even air-

planes; but Saturday afternoon I had a thrill that I've looked forward to all my life. I was up to see Abie Gates and he took me through the new city hall. When we started down from the firemen's living quarters, he took hold of the brass pole and said "Let's go," and down we slid.

All up-to-date fire stations have brass poles for the firemen to slide down when they get a fire call at night, and the new one here is plenty fast.

"Prof. Lackey got a big kick out of sliding down the brass pole the other day," Gates said. Can you imagine that?

Jim Ferguson sends out about a 4-page letter giving his platform "if he should run" for governor. I don't want to pose as a political forecaster, but I'll lay you odds that he'll run whether he should or not.

Santa Fe Plans Big Sums On Expansion

DALLAS, Tex., Oct. 24.—(UP)—Because of an increasing development of the resources of Texas and the Southwest in general is foreseen, the Santa Fe Railroad expects to spend approximately \$12,000,000 in construction work, according to E. J. Engle, vice president of the Santa Fe, who spoke here recently.

The actual beginning of the work is contingent upon permission being granted by the Interstate Commerce Commission and is pending. "Two important Santa Fe projects are now under construction in Texas," Engle pointed out. "One is the line from San Angelo to Sonora, and the other is the line from Alpine to Presidio, on the Mexican border."

The Orient properties in Mexico, recently acquired by the Santa Fe, have been disposed of but the line

from Alpine to Presidio will make connection at the Rio Grande with the Mexican road.

A proposal for and exchange of branch lines by the Santa Fe and the Frisco has been considered for some time by executives of the two roads, Engle said.

"We have discussed the proposed exchange with the Frisco for some time," he stated. "If the exchange of branches goes through the Santa Fe would acquire the Frisco line from Fort Worth to Menard while the Frisco would take over the Santa Fe line from Dallas to Paris."

Seventy Years Young! AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE scorns that ancient prejudice which harshly dictated that age was a limiting factor of usefulness. To-day, old age not only commands respect but demands its place in every walk of life.

"toasting did it"

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

© 1929, The American Tobacco Co., Mfrs.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

Orchestra Plans To Appear In Public Soon

A fine representation of the members was present when the Euharmonic Orchestra met for practice in the Crystal Ballroom of the Scharbauer Hotel Tuesday evening.

Federated Clubs Of City Hold Joint Session

The Fine Arts Club, the Wednesday Club, the Delphians, and the Mother's Culture Club, the four Federated Clubs of Midland, met together in the high school auditorium Wednesday afternoon and Mrs. Roy Parks led a general discussion of Federation.

Several interesting talks were given. "History of Federation," "Requirements of Federation," "What the Federated Clubs are doing for America," and "Activities of the Sixth District," were the special topics spoken on.

Plans Made For Future Work

The Ladies Aid of the Christian Church met Monday afternoon with Mrs. G. W. Plumly. The afternoon was spent in piecing quilts.

The coming Monday is termed "Cookie Day." Each member is to make cookies for the orphan's home.

Attention is called to the Pure Food Show to be held soon. The ladies especially express their appreciation to the Midland merchants for their cooperation in making the show a success.

MANY BEAUTIFUL, NO DUMB GIRLS IN FOLLIES CHORUSES

The day of the "beautiful but dumb" show girl has passed. This statement is true, at least, so far as the show girls featured in the William Fox Movietone Follies of 1929 are concerned.

A curious reporter, talking with several of these stately beauties during the production of the Fox Follies, is said to have been astounded to find that they knew their philosophy and literature.

Delving into their educational history, the reporter discovered that all had the equivalent of a high school education, while several had several years in finishing schools or universities.

Iris Ashton, for instance, received her elementary schooling in San Francisco, followed by an academic curriculum at the fashionable institution known as Miss Hamlin's School for Girls.

Blanche Fisher, beauty contest winner in Omaha, Nebraska, in 1925, is a high school graduate and, in addition, has had considerable instruction in art. She is a talented painter.

Melva Cornell, one of the most gorgeous girls California ever produced, was educated in the schools of Santa Barbara, where she was born.

Glenn Allen was here yesterday from his ranch near Judkins. Mrs. Ray Hasley of Big Spring is visiting her aunt, Mrs. Alvin Roberts, of this city.

Mr. and Mrs. Allen Reed and children of Stanton were in Midland yesterday. Bill Gates of Andrews is in Midland today.

Mrs. Kate V. Miller and daughter from Odessa were shopping here Wednesday. Mrs. Ellis Knight of Odessa was shopping in Midland Wednesday.

Joe Ed Chipman left Midland today to take charge of the Texas Electric Service Co., in Hobbs, New Mexico.

Mrs. John Hill and daughter, Pat, of Midland, who have been visiting in Clayton, were home for a few days, and returned to Clayton today where they expect to spend the winter. Mrs. Harvey of Clayton came home with them.

Jim Parker of Midland is visiting at his ranch in Odessa today.

Masquerade!

Oh, dear! An invitation to a masquerade party and now comes the problem—what to wear? So many costumes from which to choose, but which will be the most successful—and the most becoming?

MUST be different! Melpomene? Never! Tragedy must play no part in this night's festivities! What about a Pirate Maid? That would be thrilling, for then she could steal hearts and make her male admirers walk the plank of uncertainty and doubt until she took pity on them and revealed her preference.

Announcements

Thursday The Delphian Chapter will meet with Mrs. John Edwards at 3 o'clock.

The Petroleum Club has re-organized and will meet for bridge at the home of Miss Margaret Schaffer at 318 S. Pecos.

Friday The "Trail Hitters" will meet with Mrs. J. H. McClure on 630 S. Colorado at 3 o'clock Friday afternoon.

Mrs. Dewey Ross will entertain in her home with a Halloween party at 2:30 for her sister, Miss Thyra Dickenson of Ft. Smith, Arkansas, who is Miss Ross' house guest.

Mrs. Sally Pemberton and Mrs. McAnley will be hostesses to the T. E. L. class of the Baptist Church, for a business and social meeting at the home of Mrs. Pemberton at 3 o'clock Friday afternoon.

Personals

J. R. Harrison and wife have gone to Gatesville to visit Mr. Harrison's mother there.

Mr. J. Tom White, and daughter, Thelma, with Mrs. C. A. Goldsmith, left Midland Wednesday for Dallas, Ft. Worth, Cleburne and other eastern points.

R. C. Montgomery, manager of the Home Furniture Co., Tom Cody, manager of the J. D. Young Furniture store at Big Lake and Clyde Baxley, manager of the Star Variety Co. of Odessa left for Dallas today on a buying trip for the three named stores, all of which are owned by the J. D. Young Corporation.

Fred Hogan left for Carlsbad, N. M., where his wife is to be operated on today.

Glenn Allen was here yesterday from his ranch near Judkins. Mrs. Ray Hasley of Big Spring is visiting her aunt, Mrs. Alvin Roberts, of this city.

Mr. and Mrs. Allen Reed and children of Stanton were in Midland yesterday. Bill Gates of Andrews is in Midland today.

Mrs. Kate V. Miller and daughter from Odessa were shopping here Wednesday. Mrs. Ellis Knight of Odessa was shopping in Midland Wednesday.

Joe Ed Chipman left Midland today to take charge of the Texas Electric Service Co., in Hobbs, New Mexico.

Mrs. John Hill and daughter, Pat, of Midland, who have been visiting in Clayton, were home for a few days, and returned to Clayton today where they expect to spend the winter. Mrs. Harvey of Clayton came home with them.

Jim Parker of Midland is visiting at his ranch in Odessa today.

By Truda Dahl

numbered on the docket of said Court No. 2254, wherein Minnie Crossett, a widow, J. Hugh Crossett, Miriam Crossett, a feme sole, Glorain Crossett, a minor, and Glendor Crossett, a minor, both feme soles, and both suing by their next friend, their mother, Minnie Crossett, a widow, Plaintiffs, and W. A. Bell and W. A. Bill, if living, and if not, the unknown legal representatives, heirs and descendants of the said W. A. Bell and W. A. Bill, and each of them, Defendants, and a brief statement of plaintiff's cause of action, being as follows:

Now comes Minnie Crossett, a widow, J. Hugh Crossett, Miriam Crossett, a feme sole, Glorain Crossett, a minor, and Glendor Crossett, a minor, both feme soles and both suing by their next friend, their mother, Minnie Crossett, a widow, who all reside in Atlanta, Georgia, hereinafter called plaintiffs, complaining of W. A. Bell and W. A. Bill, if living, and if not, the unknown legal representatives, heirs and descendants of the said W. A. Bell and W. A. Bill, and each of them, whose residences are unknown to plaintiffs herein, hereinafter styled defendants, and for cause of action, plaintiffs represent to the Court that on or about the first day of July, A. D. 1929, they were lawfully seized and possessed of the following described land and premises, situated in the City of Midland, County of Midland, State of Texas, holding and claiming the same in fee simple, to-wit: All of Lots 10 and 11, Block 94, Original Town of Midland, Midland County, Texas.

That on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected plaintiffs therefrom and unlawfully withheld from them and each of them the possession thereof to their damage in the sum of \$1,000.00.

That the reasonable annual rental value of said land and premises is \$250.00.

That this action is brought, as well to try title as for damages.

Plaintiffs state further that they claim the hereinabove described lands and premises under a deed duly registered, and have had peaceable continuous and adverse possession of the land and tenements claimed herein, using and enjoying the same, and paying all taxes due thereon; for a period of more than five years next preceding the filing of this cause of action and before the commencement of this suit and said plaintiffs herein are lawfully seized and possessed of said land in fee simple and are

the owners thereof. And own and hold the same by virtue of a continuous chain of title from the State of Texas down to and in the plaintiffs herein.

The plaintiffs state and aver that they have had and held peaceably the land and premises herein and adverse possession of same, using and enjoying the same for a period of more than ten years next preceding the filing of this cause of action and before the commencement of this suit.

Wherefore, plaintiffs pray judgment of the court that defendants be cited to appear and answer this petition, and that plaintiffs have judgment for the title and possession of said above described land and premises and that Writ of Restitution issue and for their rents, damages and costs of suit, and such other and further relief, special and general, in law and in equity, that they may be justly entitled to and in duty bound will forever pray.

Herein Fail Not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Midland, Texas, On this 17th day of October, A. D. 1929.

J. M. SHELburne, Clerk, District Court, Midland County, Texas. By NETTIE C. ROMER, Deputy. (SEAL) (Oct. 17, 24, 31, Nov. 7.)

AN ORDINANCE An ordinance of the City of Midland regulating the movement and stopping of vehicles of all kinds at certain designated intersections where traffic stop signs are located and where they may be located in the future; repealing all other ordinances in conflict therewith; and creating an emergency.

Be it ordained by the City Council of the City of Midland: full and complete stop.

SECTION 1. Vehicles of all kinds, before entering into the streets named below at the intersections as designated herein, where traffic stop signs are located, and at points where traffic stop signs may be located in the future, must come to a full and complete stop.

Main Street at Missouri Avenue, west approach; Main Street at Wall Street, east and west approach; Main Street at Texas Avenue, east and west approach; Texas Avenue at Loraine Street, north and south approach.

The term "vehicle" as used herein includes every automobile, wagon, carriage, omnibus, motorcycle, bicycle, and every other vehicle whether propelled by motor power, main power, horse power or by any other means.

SECTION 2. Any person who shall violate this ordinance, shall upon conviction, be punished by a fine in any sum not to exceed One Hundred (\$100.00) Dollars.

SECTION 3. This ordinance shall also apply to any other street intersections and other points where traffic stop signs may be located in the future.

SECTION 4. All ordinances and parts of ordinances in conflict with this ordinance or any part thereof are hereby repealed.

SECTION 5. The fact that there exists an urgent need for more adequate traffic control to protect the lives and property of the citizens of the City of Midland, creates an emergency and imperative public necessity that the rule requiring that ordinances be read on three several days be suspended and the same is done, and this ordinance shall take effect and be in force from and after its passage as provided by law, and it is so ordained.

Passed and approved this 15th day of October, A. D. 1929. LEON GOODMAN, Mayor, City of Midland, Texas. ATTEST: J. C. Hudman, City Secretary. Approved as the Legal Form: Charles Yonge, City Attorney. (Oct. 17-26, Inc.)

DOLORES COSTELLO'S "THE GLAD RAG DOLL" IS DIVERTING COMEDY

Kipling was right about the Colonel's lady and Judy O'Grady being sisters under the skin. At least, it seemed so at the lawn fete given by the aristocratic Fairchilds, when an unwelcome "actress person" and a supernaturally but kitchenshit admiral, guest of honor at the reception, went among the sedate dancers and proceeded to put on a highly colored version of the Varsity Drag.

At first the supercilious ladies and gentlemen gazed on the spectacle in disdain and disapproval, and the hostess was in a torment of consternation. But within a few minutes the guests without exception were all reveling in the abandon of the new dance, "dragging it" furiously and enjoying themselves to the utmost.

This forms one of the amusing scenes in the new Warner Brothers production, "The Glad Rag Doll," at the Ritz Theatre today, which stars Dolores Costello, and presents an unusually excellent supporting cast which includes Ralph Graves, Audrey Ferris, Albert Gran, Arthur Rankin, Mande Turner Gordon, Tom Ricketts, Dale Fuller, Claude Giltingwater, Andre Beranger, Tom Kennedy and Lee Moran.

Canal Discussion Conference Holds

BEAUMONT, Tex., Oct. 24.—(AP)—The prospective materialization of what was once a dream—a big inland water route connecting north and south—will be described before some 500 delegates from Texas and Louisiana in the twenty-fifth convention of the Intracoastal Canal association of Louisiana and Texas here Oct. 25 and 26.

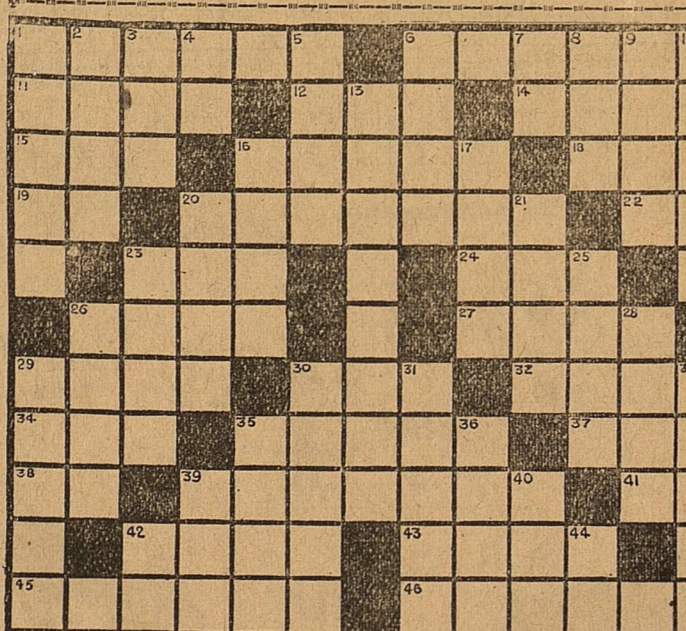

Roy Miller of Corpus Christi, active vice-president of the organization, is ready to report that within three years the "canal" will be doing business and boats, pulling tremendous cargoes of raw materials and basic products, will be plying between Pittsburgh and Corpus Christi.

One dollar a mile was the cost of propelling the Graf Zeppelin on its 20,000-mile flight around the world.

CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or any Constable of Midland County—Greeting: You are hereby Commanded to summon W. A. Bell and W. A. Bill, if living, and if not, the unknown legal representatives, heirs and descendants of the said W. A. Bell and W. A. Bill, and each of them, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof in some newspaper published in your County, if there be a newspaper published therein, but if not then in the nearest County where a newspaper is published, to appear at the next regular term of District Court of Midland County, to be holden at the Court House thereof, in Midland, Texas, on the third Monday in November, A. D. 1929, the same being the 18th day of November, A. D. 1929, then and there to answer a petition filed in said court on the 31st day of July, A. D. 1929, in a suit,

The famous Frigidaire "Cold Control" and all for less money

Year after year Frigidaire has announced improvement after improvement. And yet despite this constant improvement prices have been lowered again and again. Today you can buy better Frigidaire than ever before at the lowest prices in history.

How can Frigidaire afford to offer such surpassing value at such low price? Because Frigidaire enjoys a world-wide public preference—a preference that has caused more Frigidaire to be bought than all other electric refrigerators combined.

Because Frigidaire has in its factories the largest porcelain enameling plant in the world. Because Frigidaire benefits by the co-operative buying power of General Motors. Because Frigidaire and General Motors engineers have made Frigidaire simple and dependable.

See for yourself Frigidaire's value. Come in today.

WINNER STANTON-PECOS GAME PROBABLE WINNER OF DISTRICT

STANTON MAY HOLD HEAVIER PECOS GANG; FAST RUNNING ATTACK MAY BE LAUNCHED

Despite the Midland game at Cowden Park Friday afternoon with the Wink eleven, football interest of Midland turns with that of the district to Stanton where the two principal teams of the section clash, the Stanton and Pecos high school squads.

The Stanton chamber of commerce has issued invitations to Midland people through its invitations committee and tickets of admission have been mailed to several here.

Hard Game
Stanton will probably find this the hardest game it has ever run into," according to Claude Holley, secretary of the Stanton chamber of commerce. "The Stanton club is saying little, holding itself in reserve for the dynamic rush which may give it position for a corner on the championship market."

The Pecos team, called by sports writers as the real threat for the title, will have little on the Stanton club, according to those who have seen both clubs. There's power in the Stanton line and assault and battery in the eyes of the Stanton backfield.

Pecos Heavier
The weight of the Pecos team will partially be offset by the triple threat of Epley, fast little general of the Stanton backfield. The young fellow has an elusive way of getting loose for runs, of putting a foot against the football out of proportion to his weight, and of chunking easily and accurately the pigskin.

The game will be covered by a Reporter-Telegram sports writer.

MIDLAND PLAYS HERE
The Midland high school engages Wink. The game should be easy for the Barrymen, who should be out for "revenge," having lost east of their starts this year.

The game has little bearing on the district championship race.

Hoover Speeds Back To Capital Today

ABOARD HOOVER SPECIAL
Oct. 24.—(UP)—Fatigued by the most arduous trip since the national campaign, President Hoover devoted himself to rest today as he sped back to Washington to resume his White House routine duties.

"HAND SHAKER" CURED
SAN BARCOS, Texas, Oct. 24.—(P)—Hand-shaking your prof's flivver won't do, according to Frank Jordan, student in the San Marcos Teachers college. Young Jordan broke an arm while cranking a car belonging to H. M. Greene, professor of history in the college here.

Errorgrams
(1) The braces on the basketball net should be below instead of above. (2) Then man on the left is holding a medicine ball, which should not have laces. (3) In the first conversation, gym is spelled incorrectly. If "Jim" was meant to be a man's name it would have a comma before and after it. (4) "Dumb-bells" should have a hyphen, as it is a compound word. (5) The scrambled word is ANONYMOUS.

"FERGUSONISM" SEEN IN STATE

JIM MAY RUN AND MOODY MAY TRY OTHER TERM

AUSTIN, Tex., Oct. 24.—(AP)—"Fergusonism," the disturbing factor in Texas politics for the last 10 years, threatens again for 1930 and, as little as some think, the situation is shaping itself to make probable a race between Gov. Dan Moody for a third term and former Gov. James E. Ferguson, with the penitentiary problem the uppermost issue, observers believe.

There are some to dismiss the Moody third term talk lightly, but the Governor himself has lent a little dignity to it by his silence with reference to it.

Moody Taciturn
Gov. Moody is a man of his own mind and his closest friends are NOT likely to know exactly what his plans are. This much is certain: He has his heart set on accomplishing some kind of a solution of the vexatious penitentiary problem and make a modernized, industrialized and centralized plant something of a monument to his administration.

Now comes the former Gov. Ferguson with the challenge that he "is some pumpkins when it comes to penitentiary matters." He threatens to enter the governor's

race and make the matter the real issue. He said in a formal statement that he would spend about \$500,000 fixing up the buildings at Huntsville instead of expending \$5,000,000 for a new plant, and pardon some 2,000 convicts whom he insists are entitled to pardons.

Animosity Exhibited
Several weeks ago when the legislative penitentiary centralization commission came to Austin to hold a meeting, former Gov. Ferguson was waiting outside for the session to begin. He was an interested spectator during the discussions.

Gov. Moody showed plainly while he was in the room that the former governor's presence was distasteful to him. When he was NOT occupied otherwise Gov. Moody could be seen studying Ferguson and the thoughts he entertained could be pretty nearly interpreted by the expression on his face.

Gov. Ferguson's poking fun at Gov. Moody's penitentiary reformation plans and his threatening to enter the race for governor with than an issue is pretty apt to make Gov. Moody alter his plans, if he had any, and go to bat with his old-time antagonist.

Moody May Run
Some say Gov. Moody is too orthodox to run for a third time, but there are good democrats who have done such things. Witness former Gov. Alfred E. Smith of New York, who served four terms as governor of the Empire State. Besides Gov. Moody is a "Wilsonian" democrat rather than a "Jeffersonian" democrat. He said so himself last winter

in the course of an address before a joint session of the legislature and then went on to explain that the only difference between the two is the "Wilsonian" democrat is a little more up to date and believes in doing modern things.

Penitentiary An Issue
It seems certain that the penitentiary problem will be THE issue in next year's gubernatorial campaign. The prediction is now freely made by many who formerly believed the matter would be solved by the special session in January, that the legislature will be so badly split on the proposal of buying land on which to locate the central plant that there will exist a deadlock.

If this should be the case, Gov. Moody could be expected to take the matter to the people and ask them to give him a third term and elect to office with him a legislator in accord with his views.

Fact is, there is such a wide divergence of opinion among legislators now that the close advisers of the governor are urging him to do this very thing. They are advising against a special session of the legislature, to consider the centralization commission's report since it is virtually certain it will recommend centralization on a site near Austin, which would cost several hundred thousand dollars, and they have "felt out" the legislature sufficiently to know that it would NOT vote to do this, but on the contrary likely would express a desire that the central plant be in lands now owned.

The forest measuring worm, when alarmed, will stand out so straight and still from a limb that even the birds think him a small twig and pass him by.

A&M Not Crushed by TCU; Battles Arkansas This Week

STATISTICS ARE QUOTED BY BELL

COLLEGE STATION, Tex., Oct. 24.—Undaunted by the reversal at the hands of the T. C. U. Horned Frogs in Fort Worth last week, Coach Matty Bell's Texas Aggies are looking forward with renewed determination to their clash with the Arkansas Razorback eleven on Kyle Field Saturday. The game will be the first conference clash of the season on Kyle Field and the Aggies' first performance on their own gridiron since their opening game four weeks ago.

"We are not out of the race yet," Coach Bell said in commenting on the prospects of his gridsters. "What we have to do now is to scrap all the harder the remainder of the season. It has been some time since a team winning the conference title got through the season undefeated or without a tie."

Injured Men
The Aggie eleven will meet the Razorbacks minus the services of Paul McFadden, scrappy end from Abilene, and Walter Ewell, veteran guard from Dallas, both of whom were injured in the clash with the Horned Frogs. McFadden and Ewell are both expected to be out of the game for some time, the former with a broken hand injured in the second play of Saturday's game and the latter with an injured shoulder and collar bone. With these exceptions, however, the Aggies suffered no material damage in the Fort Worth game and the team will be in excellent shape for the Porker tilt.

Despite their two losses in as many conference starts, the Porker team with which Coaches Thomsen and Bassett will invade Aggie land is not rated the underdog of the contest. In holding both Texas and Baylor in check for more than three-fourths of the game, the Porkers displayed a powerful eleven which any team in the conference might fear. A passing attack, with which they led the Baylor Bears during a large part of the game, is expected to be the Porkers' chief offensive weapon against the Aggies.

T. C. U. TO LUBBOCK
FORT WORTH, Oct. 24.—Twenty-six members of the Texas Christian University football squad will leave Fort Worth Thursday night, bound for Lubbock and the Texas Tech game there on Saturday afternoon. Friday the squad will take a light workout on the Matadors' field and rest up from the trip.

Coach Francis Schmidt has not let down on practice sessions this week, and the squad has made the same systematic study of Tech's offense and defense that it has made for every game this year. Schmidt does not intend to get "bumped off" by a non conference school because of taking the opposition too lightly.

SPEAKING OF SPORT

By GEORGE KIRKSEY
United Press Sports Editor

And Turning to Sweden
Arne Borg, Martha Norellus, Edwin Wide and a few other Swedish stars have spread the fame of Swedish sport over the world. The results of many athletic competitions during the past summer season not only have justified the international renown of such few Swedish record holders but, what is more, proved beyond doubt that Swedish sport as a whole deserves international attention.

Such events as the international Shooting Tournament and the competitions between selected American, Swedish, Norwegian, Finnish and German athletes have shown clearly that Sweden not only can boast a limited number of sport-phenoms, but even has a numerous reserve of sportsmen who shall, when properly trained, be able to defend the Swedish colors successfully in international competitions. A letter from Friedrich Laudon, United Press special correspondent at Stockholm, is illuminating.

The foreign observer is surprised at the high general standard of sport life in Sweden," Laudon writes. "Naturally, not all kinds of sport enjoy the same amount of popularity. Still it is astonishing to see

SIMMONS COWBOYS LEAVE FOR GAME WITH BUFFALOES

ABILENE, Tex., Oct. 24.—Thirty-three members of the Simmons University football squad left here Thursday night for Amarillo where they will play the West Texas Teachers at the Tri-State Fair grandstand Saturday.

Coach Frank Bridges is expected to use a large number of his reserves in the game with the Buffaloes. Under the pressure of hard games, several of his veterans have gone without much relief thus far and he will probably give them as much rest as possible before the conference season starts. The little mentor doesn't want his regulars to go stale just at the crucial time.

Although the Buffaloes always put up a good fight against the Cowboys, the Simmons team is conceded a fairly easy win at Amarillo. A let down by the Bridgemen, however, might change the complexion of things and the Simmons coaches are guarding against over-confidence.

Daily Market Report

Dallas Cotton
The cotton market was active, with trading nervous during the first half of the season, especially the October positions, while the continued heavy selling causing sharp declines in both the stock and grain markets were again depressing factors.

Cables held a relatively firm position throughout the session, while the American markets opened steady 26 to 42 points higher on October positions, with other months unchanged to 3 points lower in New York, which was followed by December selling at 18.27, January 18.38, March 18.68, and May 18.97, or 14 to 15 points net higher during the first hour.

However, the advance was checked by renewed heavy liquidation, hedge selling and short selling in response to weakness of stocks, as well as in the grain market.

Late in the morning, December sold at 18.05, January 18.17, March 18.45 and May 18.76, or 7 to 9 points under the previous close. Noon calls were 6 to 8 points lower, while October options were 16 points higher.

Fort Worth Cattle
Receipts 5,200, including 1,700 calves. The market on most classes of cattle and calves was about steady, low cutters being more active than other classes. There was a decreased demand for stock calves and slaughter steers, around 7.00 to 10.50, short feds around and above 10.00, better grades and fat yearlings.

Good fat cows and heifer cows brought up to 7.75 to 8.00, butcher grades around 6.00 to 6.50, low cutters mostly 4.25 to 4.75. One load of sausage bulls brought 6.85. Some good weighty stock calves brought 10.75, heavy calves to packers mostly under \$10.00, cull sorts around and under 5.50.

The forest measuring worm, when alarmed, will stand out so straight and still from a limb that even the birds think him a small twig and pass him by.

Defendant T. D. Kimbrough are resident citizens of Midland County, Texas; that heretofore to-wit, on or about the 16th day of March, 1928, plaintiff sold and conveyed to Defendant A. W. Cato all of Lot Number Four (4), in Block Number One (1), West End Addition to the City of Midland, Midland County, Texas, and the house and all improvements thereon, and that as part payment thereof the Defendant A. W. Cato made, executed and delivered to plaintiff his certain promissory vendor's lien note in the principal sum of Nine Hundred and Fifty Dollars dated March 16th, payable in monthly instalments of Twenty Five Dollars each, the first instalment being payable 30 days after date and one payable on the 16th day of each month thereafter until all are paid, each instalment bearing eight per cent interest, and said note providing for ten per cent attorney's fees upon principal and interest if placed in the hands of an attorney for collection or suit brought thereon; that Defendant A. W. Cato sold and conveyed said property to Defendant T. D. Kimbrough who assumed the payment of the above described vendor's lien note and took the property subject to the express terms of said note, that by virtue of the terms of said vendor's lien note Defendants A. W. Cato and A. W. Kimbrough become bound and promised to pay to plaintiff the said sums as herein provided with interest and attorney's fees; that One Hundred and Seventy Five Dollars has been paid on said note but no further payments have been made by either of said defendants; that plaintiff is now and has been at all times since the making of said note the legal owner and holder of the same; that he has made demand for the payment of said note but defendants have failed and refuse and still fail and refuse to pay the same to plaintiff's damage in the sum of Nine Hundred Dollars; that plaintiff has placed said note in the hands of an attorney for collection whereby attorneys fees have accrued. In the event it should appear that Defendant T. D. Kimbrough has not purchased the said property but is only a tenant in possession, then plaintiff prays for a judgment against Defendant Cato for his debt and against both Defendant Cato and Kimbrough for foreclosure of his lien. Plaintiff prays for judgment for his debt, principal, interest and attorneys' fees each of the defendant, jointly and severally; for foreclosure of his lien, order of sale, costs and other relief, general and special, legal and equitable to which he may be entitled.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
