Scout Leaders Meet; Rally To Be At 7:30 p. m.

Men who believe enough in the Boy Scout movement to give voluntarily their time in capacities of leadership were assembling here Thursday afternoon for the annual Buffalo Trail council meeting.

Other featured spots on this part of the program include a colorful flag ceremony and tribute to Eagle scouts, the presentation of veteran awards to M. L. Atkinson, Odessa, and the presentation of Silver Beaver awards to three men by the Rev. Dick O'Brien, Big Spring.

O'Daniel Says He Will Run

AUSTIN, Jan. 22 (AP)—Announcement of Senator W. Lee O'Daniel in Washington that he is a candidate for re-election was the starting gun for the 1942 political campaign in Texas.

The announcement did not surprise the state capital-political circles long had believed O'Daniel would seek election for a full six-year term—but, nevertheless, interest was keen.

Interest centered on the plans of Attorney General Gerald C. Mann, who ran third in the special election which sent O'Daniel to the senate.

Special Verdict For Murder Case

Judge Cecil Collins ordered the special verdict drawn Thursday for the trial of Francisco Castille, charged with murder. The case was set for Feb. 3 earlier this week when the defendant entered a not guilty plea upon arraignment.

Whole News Staff In Armed Forces

PUEBLO, Colo., Jan. 22 (AP)—Pueblo's morning newspaper, the Chieftain, had five reporters a year ago. Today all five are in some branch of the war forces.

JEFF WILLIAMS

LATE WAR BULLETINS

WASHINGTON, Jan. 22 (AP)—The senate passed and sent to the White House today legislation authorizing expenditures of \$775,000,000 for new shipbuilding and ship repair facilities.

MOSCOW, Jan. 22 (AP)—The Moscow radio reported tonight that Russian troops on the southwestern front, in the Ord-Kursk-Khar'kov zone, have recaptured 44 towns and villages in the past few days.

RANGOON, Burma, Jan. 22 (AP)—A new Japanese thrust into Burma from Thailand was reported today by a British communique which said British patrols had come in contact with the enemy who crossed the border at Pysaung, southeast of Moulmein.

LONDON, Jan. 22 (AP)—Service in Britain's home guard will be compulsory after Feb. 16, the war office announced today.

SAN FRANCISCO, Jan. 22 (AP)—A Singapore news broadcast recorded here by the CBS listening post said an American flying fortress scored an outstanding success today off the Dutch East Indies archipelago when a 10,000-ton Japanese freighter was bombed and sunk.

Simplicity Marks Lombard Service

GLENDALE, Calif., Jan. 22 (AP)—Vivacious Carole Lombard, who loved life, was buried with brief, simple funeral services yesterday.

Transportation Aid Received

Another portion of transportation aid for Howard county schools and individuals was received Thursday, it was announced at the county superintendent's office.

British Hit At Japs; Reds Push On

Nazis Pushed Back Along Whole Front

HITLER EXHAUSTING ALL RESOURCES TO STEM THE TIDE

MOSCOW, Jan. 22 (AP)—While red army artillerymen blasted at the rear of a German army reeling back from Moshalsk on the old Napoleon road from Moscow, dispatches from the northern and southern wings of the 2,000-mile front told of the continuing, forward surge of the Russian offensive.

The front reports indicated that the Germans were exchanging every ready resource in manpower in an effort to stabilize the vast front.

Among prisoners taken in one sector were soldiers just arrived from France who said they came to Smolensk by train and were carried thence by plane to a point the Russians identified as "R" to help the Germans make a stand.

The Moscow newspaper Pravda said that in the Volkhov sector of the Leningrad front the Germans were bringing in without detachment from other sectors in their desperation.

Despite these efforts, the Red army drive on the Leningrad front continued, with the Germans withdrawing from four villages in the last three days under infantry pressure backed by deadly artillery action.

The mid-day Russian communique told of a southern front fight in which 1,400 German officers and men were killed and said that the Moshalsk front, the pursuing Russians captured 11 German field guns, 53 motor vehicles and 15 motorcycles.

Crop Insurance Parley Near End

Agricultural administrators were working in the short rows of the cotton crop insurance plan here Thursday with Jack Hall, field representative for district No. 6-north in charge.

Illness Fatal To Mrs. D. X. Bible

AUSTIN, Jan. 22 (AP)—Mrs. D. X. Bible died at her home here last night after a long illness.

Air Power Is Increased At Singapore

TOKYO TAKES ANOTHER ISLAND, THREATENING AUSTRALIA

By The Associated Press

British jungle troops, seizing the initiative for the first time in the Malayan campaign, were reported smashing at Japan's main invasion armies in a full-scale counter-offensive 70 miles north of Singapore today while reinforcements of 350-mile-an-hour Hurricane fighters swung into action over Singapore itself.

The newly-arrived Hurricanes, single seaters with the greatest fire-power punch of any plane of its type, are equipped either with 12 machineguns or four light cannon and machineguns.

Another major development in the flaming Pacific conflict apparently bore out fears that an invasion of Australia may be imminent.

A broadcast from Rabaul, oft-bombed capital of Australian-occupied New Britain, flashed word that a flotilla of eleven Japanese ships had been sighted off nearby Watom Island, and immediately after this report communications with Rabaul ceased.

Observers in Melbourne said it was presumed that military forces had already evacuated New Britain, which lies only 800 miles northeast of Australia, in anticipation of a Japanese landing.

The Japanese flotilla was sighted 80 to 40 miles off Watom Island, which is 15 miles northeast of Rabaul, half an hour before the Rabaul radio sent its last message at 4 p. m. (1 a. m. E.S.T.).

Detroit Faces New Strike

DETROIT, Jan. 22 (AP)—A labor crisis, the first in five months, was at hand again today for the city of Detroit, vital producer of the tools of war.

Canada To Vote On Draft Plan

OTTAWA, Jan. 22 (AP)—A Canadian plebiscite on raising troops by conscription was announced today at the opening of parliament.

Pan-American Accord Faces New Snag As Argentina Asks Change

RIO DE JANEIRO, Brazil, Jan. 22 (AP)—A member of Argentina's delegation to the Pan-American conference raised an 11th hour objection today to the turn of an important phrase in the draft resolution for severance of relations with American nations with the axis—a point which cast a shadow on previously indicating unanimity.

The Argentine foreign minister and head of that country's delegation, Enrique Ruiz Guinza, meanwhile, said he approved the idea of breaking off relations "in principle" but added that the delegation was awaiting final word from Buenos Aires.

A member of the delegation said his group would seek two modifications in the text of the agreement this afternoon.

The first change would be to drop the word "collective" at the

end of article four to make the resolution say that consultation be held before any resumption of axis relations thus to establish that the decision is merely "unanimous" and not "collective." Other conferees are expected to agree to this.

But the other objection, a proposal to change the wording of key article three, was expected to produce a fight.

As article three stands it would have the American republics declare that they "cannot continue diplomatic relations with Japan, Germany and Italy x x x."

The Argentines proposed to change the Spanish text on "cannot continue"—"no podran continuar"—to "podran no continuar," which, freshly translated, means, "perhaps will not be able."

Nevertheless, fundamentally an agreement among five nations, including reluctant Argentina and Chile, on the much-debated proposal opened the way to a unanimous stand by the 11 American republics against Germany, Italy and Japan.

Participating with Argentina and Chile in working out a four-point compromise resolution were the United States, Brazil and Peru.

The action drew favorable comment in conference circles and little difficulty was anticipated in obtaining formal approval from the remaining 16 nations represented in the conference of foreign ministers of Pan American republics.

Medico, Columbus and Venezuela introduced last Friday the original resolution calling for a rupture of relations with the axis, a measure against which Argentina and Chile balked.

The agreement, as rewritten from that resolution, did not stipulate that the break must be immediate and eliminated the original provision for a simultaneous cutting of economic ties with the axis.

It stated in a carefully-worded section that the constituted powers of the governments signing it must be in accord, indicating that the Argentine congress would have to pass on it for that nation. The Argentine delegation accepted the compromise resolution without reservation.

Price Control Plan Sought

WASHINGTON, Jan. 22 (AP)—A three-way compromise was pressed by senators today in an effort to break the legislative log-jam on wartime price controls.

The compromise admittedly involved some concessions by the house, by the senate, and by President Roosevelt as the joint congressional committee trying to adjust conflicting interests resumed closed sessions.

County Gins 43,380 Bales

Ginnings of cotton in Howard county amounted to 43,380 bales as of Jan. 1, or 22,702,588 net lint pounds, records of the Howard county A.A.A. office disclosed Thursday.

Ben LeFever New C. Of C. President

BEN L. LEFEVER, independent oil man, will be presented Friday evening at the annual chamber of commerce banquet as 1942 president of the organization, and Mrs. L. Thurman, banker, will be introduced as new vice president-treasurer.

The two were elected at a called meeting of members of the old and new board Wednesday afternoon when five appointive directors of the unit were selected.

LeFever was one of those, and others were Don M. Penn, E. L. Deason, T. J. A. Robinson, and Max Jacobs. Earlier in the week 19 new directors had been selected.

Named to the executive board, along with LeFever and Thurman, were R. W. Whipkey, R. R. McSwain and J. P. Kenney.

Directors also voted to re-appoint the manager, J. H. Greene, for another year and expressed appreciation for good work in 1941 in the form of a resolution and bonus.

Meanwhile, sale of tickets for the banquet, set for 7:30 p. m. Friday in the Settles ballroom, continued at a brisk pace. At noon the total reported reservations for the affair stood at 130 and it began to look as if there would be another capacity crowd on hand.

Streamlined and designed to move quickly and without prolongation, the program will be opened by invocation by the Rev. H. C. Smith, First Methodist pastor. The retiring president, R. W. Whipkey, will preside and introduce the master of ceremonies, Shire Phillips. Introduction of guests, the introduction of new directors will precede a number by a trio composed of Wanda McQuinn, Clarinda Mary Sanders, Kathleen Underwood, accompanied by Mrs. Anne Gibson Houser. The president's message and the introduction of Hollis Thompson, Los Angeles, Calif., an American Airlines vice-president, will come next. Finally, the new president will be introduced.

LeFever has been a resident of Howard county since January 1, 1939, when he came here with the American Maracabo company, of which he is now general superintendent. Native of Ohio, he spent 15 years in Canada with Imperial Oil, Ltd., then resided for a time in Oklahoma before coming to the West Texas production area.

Identified with the oil business since 1908, LeFever has been an active leader in organizations working for the betterment of that industry's conditions. At the present he is vice-president for West Texas of the Texas Mid-Continent Oil and Gas association, and is a member of the Independent Petroleum Association of America. He was active in the formation of the Permian Basin association and last year was elected vice president of that body.

Particularly on tax matters has LeFever been active through the oil-gas organizations.

Prominent in the community's civic and social affairs, LeFever was named to the chamber of commerce directorate last year, and recently was elected vice president of the Big Spring country club.

Federal Agencies' Appropriation Cut

WASHINGTON, Jan. 22 (AP)—A \$2,095,128,575 supply bill for independent agencies of the government in the next fiscal year carrying \$964,410,800 for the shipbuilding program of the maritime commission went to the house today from its appropriations committee.

The total was about \$5,000,000 less than President Roosevelt's budget recommendations and \$1,257,509,349 under comparable appropriations for this fiscal year. But the committee said that subsequent supplemental funds probably would offset that apparent reduction.

The committee reported that on Jan. 1, the maritime commission had contracted for construction of 565 vessels and had made other awards for which contracts had not actually been let. Chairman Land of the commission told the committee Dec. 3 that 599 ships had been contracted for and contracts would be let for 423 more before June 30.

Sub Chasing Task Widens For US Navy

WASHINGTON, Jan. 22 (AP)—The Navy rushed its Atlantic submarine hunt today with the added responsibility of protecting sea lanes of the entire hemisphere, now united against the axis in a solid diplomatic front.

Announcement of the intention of all American republics to break off relations with the axis powers raised the possibility that the considerable land and naval forces of South and Central America would be joined together to guard vital hemisphere commerce against any attack.

New enemy submarine successes along the Atlantic coast demonstrated the urgent need of guarding ships until a mass convoy plan could be worked out.

The navy's disclosure that the 5,300-ton freighter City of Atlanta had been sunk and the 3,770-ton Latvian steamer Clivra had been attacked and probably sunk brought to six the list of German submarine victims from Jan. 14 through Jan. 15. Four of the six ships were known to have gone to the bottom, and the total of dead or missing crewmen rose to 15.

Attacked off the Carolina coast Monday, the City of Atlanta sank so fast there was no time to launch lifeboats. Later the same day, the Clivra, torpedoed amidships was abandoned by her crew in a flooded and sinking condition. Forty-six seamen were missing in the two attacks, which were announced as soon as the 33 survivors had reached port.

The navy was silent on details of the Atlantic hunt, and likewise had no new announcements on progress of sea fighting in the Pacific theater.

Illness Fatal To Mrs. D. X. Bible

AUSTIN, Jan. 22 (AP)—Mrs. D. X. Bible died at her home here last night after a long illness.

Canada To Vote On Draft Plan

OTTAWA, Jan. 22 (AP)—A Canadian plebiscite on raising troops by conscription was announced today at the opening of parliament.

US Has 'World Licked' On Cargo Ships

WASHINGTON, Jan. 22 (AP)—Chairman Land of the maritime commission has told congress that construction of allied shipping is now forging ahead of losses by sinkings at sea and that the United States has "the world licked right now" on standard cargo ships and tankers.

Reporting on the progress of the program for a vast merchant marine before a house appropriations sub-committee in a lengthy made public today, Land asserted: "The last time I looked at the curves, the sinkings and the new production were just about balanced for the first time during the war, and now new construction is getting ahead."

Ackerly Youth Taken By Death

Death claimed Cyrus Arthur Knowlton, 18, at the home of his parents in Ackerly at 3 a. m. Thursday.

Rites were pending the arrival of a brother, C. B. Knowlton, stationed at Camp Leonard Wood, Mo. But it was considered possible that funeral services would be Saturday afternoon with the Rev. Roy Clayton, Baptist minister at Ackerly and pastor of Cyrus, in charge. Burial was to be in the Big Spring city cemetery.

Survivors include his parents, Mr. and Mrs. C. B. Knowlton; three sisters, Mrs. Mabel Clanton, Mrs. Mary Lou Girtz, and Margaret Knowlton of Ackerly; and five brothers, J. C. Knowlton of Las Vegas, Nev., C. A. Knowlton, L. B. Knowlton, and M. L. Knowlton of Ackerly and C. B. Knowlton, Mrs. B. J. Anderson, Ranger, is the surviving grandparent.

Funeral services will be held at 10 a. m. Sunday at the home of the deceased, Mrs. Mabel Clanton, 1001 S. Main St., with the Rev. Roy Clayton, pastor of the First Methodist church, officiating. Burial will be in the city cemetery.

Kiwanis Sponsors Community Event

The Kiwanis club will be sponsor of attendance in the second community get-together and singing program Sunday afternoon in the municipal auditorium. On the program will be group singing, plus a brief address by the Rev. H. C. Smith, pastor of the First Methodist church, and two members by the community chorus. The latter organization is back of the series of programs as a part of the recreation committee's contribution to the Civilian Defense move here. Herschel Summerlin will lead the group singing. Time for the event is 4 p. m. Last Sunday, the first time out, around 100 attended, and more were expected to be on hand this week.

Club Told Of Home Defense

Civilian defense and public acceptance—or lack of it—of voluntary registration for home defense work that is not at all compulsory was the theme of affairs at today's meeting of the Kiwanis club. Speakers were Judge Walton Morrison and Herschel Summerlin.

Morrison outlined the various classifications of work under the civilian defense set-up and their respective duties, and Summerlin told of the registrations and classification preferences percentages received to date. Through last Saturday, which ends the week set aside for signing of the blanks, only 715 out of 10,000 had been returned. He estimated that up until noon today a total of about 1,500 had been received.

"This is still a percentage too small to boast about for the size area that has been covered," Summerlin said. "Since so many seem to have interpreted civilian defense as an obligation that could call the signer from his work, from the city and even to other parts of the state, we would like to point out that this work is not of that nature. You are under no obligation to serve at an inconvenience, you will not be asked to help for unreasonable lengths of time; we simply want to know that in event of local emergency we would have a well-organized home front for civilian protection."

According to the speaker's figures, 180 men would be needed for air raid warden work in the city of Big Spring alone, and only one-fourth of that number has significant willingness to assist in that field. R. R. McEwen, a guest, called attention to the Boy Scout meeting at the city auditorium at 7:30 this evening, and urged all Kiwanians to be present.

Pupils Buy More Defense Stamps

Central Ward pupils, pace-setters for the defense stamp purchasing program in local schools, out-did themselves Wednesday in their fourth weekly "Defense Stamp Day." Purchases ran to \$301 for the day, Joe Ratliff announced. Mrs. T. A. Stevens' room led with \$41. Total for the school now is \$444. South Ward school, taking up the plan, reported \$83.33 sold in stamps Wednesday at its first "Defense Day" campaign. Tuesday West Ward pupils took up the sale of stamps and bought \$86.70, reported Morris Ledger, which was added to \$10 a class had previously bought. At high school Latin and English classes had contributed upwards of \$150, thus boosting the school purchases since Jan. 5 to around \$730.

Malone And Hogan, Clinic-Hospital

Mrs. W. H. Robinson, Colorado City, who underwent eye surgery last week returned home Wednesday. Mrs. J. E. Evans Jr., of Dallas, a medical patient, returned home Wednesday. A. D. Henry, Vincent, a medical patient, was dismissed Wednesday. G. A. Birkhead was admitted Wednesday for medical attention. Johnnie Ray Stroder, a medical patient returned home Thursday. Mrs. Carl Griffin of Vincent, who has been seriously ill the past week is improving.

Secretary of the Treasury Henry Morgenthau, Jr., studied to be an architect at Cornell university but switched to agricultural courses.

Cowper Clinic And Hospital

Mrs. Harry Graham of Ackerly received medical care Wednesday. Mrs. C. A. Nichols of Ackerly, Route One, is receiving medical care. Mrs. Ross Boykin returned home Thursday. R. N. Adams was admitted Wednesday for medical care.

Alice Marie Kellogg, daughter of Mr. and Mrs. W. L. Kellogg, is at home following treatment for pneumonia. Her condition is improved.

Cowper Clinic And Hospital

Mrs. Harry Graham of Ackerly received medical care Wednesday. Mrs. C. A. Nichols of Ackerly, Route One, is receiving medical care. Mrs. Ross Boykin returned home Thursday. R. N. Adams was admitted Wednesday for medical care.

Whatever The Hour, It'll Still Be 'Standard' Time

WASHINGTON, Jan. 22 (AP)—Clocks may be an hour "faster," but officially they still will be on "standard" time after Feb. 9. This was developed today in response to questions as to whether the law signed Tuesday by President Roosevelt puts the nation on "daylight saving time," as happened in the first World War.

Interstate commerce commission officials offered their views anonymously. After all, they don't care what you call them, but they don't want you to call them. The ICC is the federal agency most concerned with time because of its effect on the railroads whose operations ICC supervises.

In 1918 congress adopted "an act to save daylight and to provide standard time for the United States." It said that the states should be divided into four time zones. A fifth zone was fixed for Alaska. The law provided further that time one hour earlier than standard should be in effect from March to October. This portion was repealed over President Wilson's veto in August, 1918.

The ICC was charged with the responsibility of delimiting the zone boundaries, and fixed them generally along the lines already in use by the carriers. The commission has made a number of changes, such as bringing states which originally were divided into a single zone.

It retains the power to make such changes, and officially already are anticipating, with no delight, demands that the lines be moved eastward at some points to offset the effect of the new standard. In a few instances, however, congress itself fixed time zone boundaries because the ICC had rejected requests. One such law involves Idaho, and another, Texas and Oklahoma.

The purpose of jumping clocks up an hour, as in 1918, is to conserve electrical power by putting more of normal activity into daylight hours.

Air Power

Bulging, destroying many vehicles and machine-gunning troops. Singapore itself, under almost incessant aerial assault, grimly counted a toll of 304 killed and 725 wounded in yesterday's 100-plane Japanese attack—comparatively surpassing the worst raids on London at the height of the blitz.

A communiqué said 525 wounded were admitted to hospitals and 100 others treated at first-aid posts. But the beleaguered island colony was cheered by the arrival of the powerfully-gunned Hurricane pursuit fighters, and when 30 Japanese warplanes roared over Singapore again today RAF fighters were credited with shooting down five bombers and damaging a fighter.

In the Dutch East Indies, where Japan's far-flung invasion borders are striking in heavy force, the Dutch announced they had completely destroyed the great oil wells and oil plants at Balikpapan, on the east coast of Dutch Borneo.

Welfare Offices In Bank Building

District offices for the state department of public welfare have been transferred from their location in the old city hall building to the second floor of the First National bank building. The office had been in the eastern end of the old city hall building since the district headquarters were established here. W. E. Scarlett, Lubbock, regional official, was here for a routine inspection of the office Thursday.

Here 'n There

Anxious to see how the stamp program is working, a local man suggested that his wife always ask for defense stamps when given any times in change. She did this. The first two places she tried, they had no stamps. The third place had them, but had to run back to the safe to get them.

Walter Davidson has identified and recovered two tires and wheels reported to police earlier in the week. Officers found the tires under the east viaduct.

Tyrus R. Timms, farm management specialist for the Texas A. & M. college extension service, was here for a conference with farm leaders Wednesday.

The fire Tuesday evening was at 704 Runnels street where firemen said a cook stove too close to the wall had caused paper and then the wall to ignite. They brought flames under control before they gained much headway in the two-story structure. Fire Marshal J. D. Stenbridge said that damage was slight.

Private Joe Glickman, inducted at Big Spring September 25, has been assigned to the mid-west for special training by army officials at Camp Hahn, Calif. Private Glickman operated Margo Shoe Stores, including one at Big Spring, before his induction. He received his education at Fort Worth.

Martha Hubbard of Coahoma will complete the requirements for the bachelor of science degree at East Texas State Teachers college Jan. 31. Miss Hubbard majored in English and minored in Spanish.

Ben Kirkland, 1801 W. 8th, is another of those who lost a bicycle only to have it recovered. Police reported he had it back in his possession Wednesday.

Civilian defense and Civil Air Patrol are given spots in a special defense window prepared by Leon at R. Sherrod Supply. It is, so its designer said, intended as suggestion to other concerns to use the defense theme in decorations.

OIL MAN DIES
FORT WORTH, Jan. 22 (AP)—J. D. Collett, 72, president of O'Keefe & Collett corporation and long active in the oil industry, died early today after a three year illness.

Mrs. T. F. Cantrell left today for Miami, Fla., to spend a month with Mr. and Mrs. Clyde Cantrell.

Three Teachers At Stanton Resign

STANTON, Jan. 22 (Sp.)—Mrs. Velma Jones, who succeeded Mrs. A. L. Houston as teacher of the second grade of the Stanton schools, resigned effective last Friday and returned to Marfa, where her husband is stationed at Fort D. A. Russell. Mrs. A. E. Pittman has been substituting in the second grade this week.

Miss Virginia Reddell, teacher of the third grade, has resigned, effective at the end of this week, to accept a position as fourth grade teacher at Andrews. Kirk McKinnon, high school principal, has resigned, effective at the end of the current week, to accept a position at Odessa as an assistant football coach and teacher of history in the high school.

Mrs. D. E. Ory, Stanton, was dismissed Thursday following major surgery.

Alice Marie Kellogg, daughter of Mr. and Mrs. W. L. Kellogg, is at home following treatment for pneumonia. Her condition is improved.

Mrs. Harry Graham of Ackerly received medical care Wednesday. Mrs. C. A. Nichols of Ackerly, Route One, is receiving medical care. Mrs. Ross Boykin returned home Thursday. R. N. Adams was admitted Wednesday for medical care.

Mrs. D. E. Ory, Stanton, was dismissed Thursday following major surgery.

Alice Marie Kellogg, daughter of Mr. and Mrs. W. L. Kellogg, is at home following treatment for pneumonia. Her condition is improved.

One Special Tournament Planned To Replace All Golf Events

'Hale America' Open Slated For June

By **AUGUST BEALMEAR**
NEW YORK, Jan. 22. (AP)—The major championships slotted by the war, the United States Golf Association want to work today on a tournament designed to furnish competition for many golfers, and entertainment for many fans, and relief for many of the conflict's innocent victims.

The tournament will be named the "Hale America" open. It will be 72 holes of medal play, staged on a Chicago course June 15-17—the dates originally set for the national open at Minneapolis.

Earlier this month, the U. S. G. A. called off the open, as well as the national amateur, the women's amateur and the national Public Links tourney, in order to focus its attention on the nation's war effort.

Preliminary plans for the "Hale America" event call for a series of district and sectional qualifying tests, dividing the nationwide program into three stages which may touch 70 or more cities.

Secretary Joe Day of the U. S. G. A. said the setup would be the broadest ever undertaken by his organization and was expected to attract the largest entry list ever compiled for a nationwide competition.

Not only will the tournament and its qualifying eliminations raise money for war relief, but the whole show is planned to further the physical fitness program by the office of civilian defense.

Here is how the three parts of the tournament program will be run off, if the U. S. G. A. sticks to its original outline:

1. District qualifying rounds of 36 holes, open to all professionals and to amateurs with handicaps up to five or six strokes, will be held May 25 in from 50 to 70 cities. Each entrant will pay a fee of \$5 and all entry fees will go to war defense bonds, most of which will be used as prizes for the low-scoring professionals.

2. Qualifiers in the district events will enter sectional tournaments in 13 major golf centers. These tournaments will be 54 holes of medal play and will be set either June 5 and 6 or June 6 and 7, with each sectional association to decide which two days are more desirable. Admission will be charged at the sectional events. Part of the receipts will go to war relief and part converted into defense bonds to be given as prizes for the pros.

3. The national "Hale America" finale at Chicago will have a field composed of a limited number of qualifiers from the sectional tournaments, plus a group of players whose past records merit their invitation. The final field will be in the neighborhood of 75 golfers, including a separate limited division for amateurs. Again the gate receipts will be split between war relief and defense bonds for prizes.

Cooperating with the U. S. G. A. will be the Chicago District Golf Association, which is combining the "Hale America" tournament with its own Chicago open championship.

The largest river entirely within Switzerland is the Aar or Aare.

Midway Leads At Halfway Mark In County Cage Race

Midway boys fixed a firm hold on first place in the Howard County Rural Basketball league, standings of the first half showed Thursday, but Moore, Midway and Lomax girls were deadlocked for top honors in their race.

Second half of the race starts Friday. Featured all-star tilts between picked boys and girls teams of the league will be staged Tuesday at 7:30 p. m. in the Midway gym.

A team composed of four players each from Center Point and Moore, and two from Lomax will tangle with one of five from Midway.

Material for the two all-star girls teams has been selected by lot from a list of 20 nominees. Standings for the first half of the chase follow:

Boys Division			
Team	W.	L.	Pct.
Midway	4	0	1.000
Center Point	3	1	.750
Moore	2	2	.500
Richland	1	3	.250
Lomax	0	4	.000

Girls Division			
Team	W.	L.	Pct.
Moore	2	1	.667
Midway	2	1	.667
Lomax	2	1	.667
Chalk	0	3	.000

Modern Cleaners and C. R. Anthony teams were victorious in Wednesday night's rounds of the Ladies Classic bowling league, played at the Simon Inn.

Modern took Cornelson Cleaners into camp with three straight games, while Anthony took two out of three from Youth Beauty Shop. The Youth team was high with a 748, while top individual scorer was Stella Flynt of the Modern team, whose best was a 177.

Next week Youth meets Modern and Anthony rolls against Cornelson.

The Big Spring Daily Herald

PAGE FOUR Thursday, January 22, 1942

Hornsby Looks Ahead—Eugene Hornsby, who has entered the sport's hall of fame, ponders the future from the January solitude of the stands at the scene of his new venture, The Hahaj is to guide the destinies of the Fort Worth Cats, a Texas League club, as general manager.

It's A Habit With Hoppe: Winning Billiards Titles

CHICAGO, Jan. 22 (AP)—Chalk up another record for Willis Hoppe, the man whose name has been synonymous with billiards for more than 40 years.

And if running up a 27-0 lead last night before his opponent could serve as an omen of things to come, chalk up another world three-cushion title—Hoppe's third in a row.

Since the tournament is scheduled to close tomorrow night, many things might have led to his record achievement against the veteran Jake Schaefer last night. Maybe he grew weary of sharing the tournament lead right down to

Modern, Anthony Women Keglers Win

Modern Cleaners and C. R. Anthony teams were victorious in Wednesday night's rounds of the Ladies Classic bowling league, played at the Simon Inn.

Modern took Cornelson Cleaners into camp with three straight games, while Anthony took two out of three from Youth Beauty Shop. The Youth team was high with a 748, while top individual scorer was Stella Flynt of the Modern team, whose best was a 177.

Next week Youth meets Modern and Anthony rolls against Cornelson.

Moore Juniors Take Two Games

MOORE, Jan. 22—Moore junior boys and girls took basketball contests by wide margins over the Lomax teams Tuesday afternoon. The feminine crew triumphed by a 15-8 count, while the Moore boys were winning 24-13.

Leatherwood paced the boys by racking up 18 points, while Fields was a luminary on defense work, at the same time getting the remaining six points.

B. Gonzales led the girls with seven points while Turner of Lomax scored all five points for her team.

Next league games for Moore are on January 30, with Center Point as the foe.

Recreation Program Due To Continue

No disturbance of the local city-WPA recreation program here is anticipated in the near future, state and district officials said here this week after a survey of the situation.

Ed Stout, state director, and Lefty Martin, district supervisor, made an inspection of the local projects, particularly the community programs in effort.

It was indicated that the 20 per cent cut in WPA allotments might be effected in other directions. Eventually the program here may be affected to some extent, but a summary abandonment of the work is not in prospect for some time yet.

Three Cage Games Billed For Tonight

A hot scrap is in prospect at the high school gym this evening, when the semi-weekly cage schedule pits Carnett against Cosden in the climactic tilt. The refinery crew, picked as a favorite in the last league, has been spilled but twice, and took its first setback at the hands of the Carnett crew. Cosdenites may be looking for some revenge this evening.

That game is at 8:15, the Crystal five, right now the fair-haired boys of the loop, meet Vaughn's doughboys, and are favored to come through with a win.

Action on the slow league front consists of a setto, beginning at 7:15 between the Lions club and Radford. Radford, undefeated so far, is out to keep its state clean. A win by the Lions would put the slow league standings in a multi-way tieup.

Army Adds To Odessa Ring Tournament

ODESSA, Jan. 22 — "Army" is playing a strong role in plans for the second annual Odessa district Golden Gloves tourney, to be held here Jan. 26-27-28.

Tournament officials have announced that men in uniform will be sold general admission seats for half-price. The order applies to soldiers, fliers, sailors and members of the Texas Defense Guard.

Preparations are being made to receive a strong team of boxers from Bloom Field, the giant bombardier school ten miles east of Odessa which is rapidly filling with men.

New men are arriving at the field daily, and will continue to do so until time of the meet. Thus, no team members have been made but officers have indicated the army will be represented by several former state champions, including a boxer with experience in Chicago and another who fought five years in Virginia Golden Gloves competition.

Members of the Odessa and Monahan teams fought here Tuesday night, Jan. 20, in a "warmup" for the district tournament.

Keglers From Four Towns Here Sunday

Teams from Abilene, Midland, San Angelo and Big Spring will engage in another heated round-robin here Sunday afternoon when the West Texas Bowling league has its regular session.

The contest starts at 1 p. m. with Midland's Mackey Motors against San Angelo Schilts Beer. Abilene's Raymond Blades takes on the Big Spring Douglas Hotel five. In the second round, Big Spring meets San Angelo and Midland takes on Abilene. Midland tries Big Spring and Abilene mixes with San Angelo in the final round.

Three Big Spring players are included in the high 10 of the loop. Stanley Wheeler is second with an average of 182, J. L. LaBieu is fourth with 180 and Jake Douglas is sixth with 177. Big Spring is second high series with 2,552, only 12 pins back of the Midland record. Wheeler and Douglas rank third and fourth, respectively in high individual with 348 and 345 points. Wheeler is second high in individual series with 645, 13 points back of Hoekendorf of Midland.

In standings, San Angelo leads with 250 per cent. Abilene has 237, Big Spring 468 and Midland 444. However, all are bunched closely and the bottom team could drop almost to the front if it had a booming day Sunday.

Rice And TCU Take S'west Loop Games

Owls Beat Aggies, 44-42, Frogs Down SMU, 50-45

By The Associated Press
The Rice Owls successfully invaded Aggie land, defeating the Cadets 44 to 42, while at Fort Worth, Texas Christian university's Horned Frogs beat off Southern Methodist, 50 to 45 last night.

Rice's representatives had to overcome an Aggie lead of 21 to 19 at the half.

The Owl's Bob Kinney scored 21 points, boosting his team into a 24-all tie soon after the intermission and thence to a lead of six points. From there, Rice coasted in.

Forward Ray Jarrett was a busy floor man for the Aggies, intercepting several Owl passes and scoring 14 points. Bill Henderson of the Cadets twirled in 18.

The Horned Frog-Mustang was a tense one all the way, marked by effective goaling on both sides.

Johnny Sebeck, Mustang guard, sparked a last-half push that tied the count at 43—all with two minutes remaining. The Frogs won on field goals by Floppy Blackmon, James Peito and L. A. Monroe.

Sebeck was the scoring leader with 17 points, followed by Blackmon with 13.

It was TCU's second conference victory in three starts and SMU's fifth loss—each by five points or less.

Gene Tunney Now In The Louis Camp

NEW YORK, Jan. 22. (AP)—A fellow who would be inclined to look lightly upon the stunt of an army bomber making a three-point landing on the tower of the Empire State building pointed to Joe Louis today as probably the greatest fighter who ever lived.

This conviction's individual is none other than your old pal Gene Joseph Tunney, who retired as heavyweight champion, who took a long count in Chicago one night that they said gave him all the best of it, and who looked on the dynamite of Dempsey without blinking an eye.

The occasion for his sudden discovery of Louis as a pretty fair counter-blast, after seven years of having degrees of post-poning the Brown Bomber, came last night at the dinner of the Boxing Writers Association of New York. At this clamorous, Louis, decked out in the appropriate costume for peeling potatoes or standing guard or whatever else they hand out, to buck private, received not only the Edward J. Neil Memorial plaque as the man who did the most for boxing in 1941, but also the Ring magazine merit awarded as the fighter of the year.

What is more remarkable about Gene Joseph's song of praise was that Gene Joseph himself was among the reward receivers. He got a special trophy from the boxing writers for his service; as head man of the navy's fistic fables collection.

"I saw Joe beat Buddy Baer down in less than a round a week ago last Friday," explained Tunney.

Charlie DeWare Joins Uncle Sam

COLLEGE STATION, Jan. 22 (AP)—Charlie DeWare, all-Southwest conference center at Texas A. & M. in 1938 and since graduation a member of the Aggie coaching staff, enlisted to Fort Sam Houston.

and most complete workman the ring has ever seen. The only other fighter in all ring history who might have done his job as well was Bob Fitzsimmons, and I never saw him. I'm going out by what they tell me."

Four Local Lads To Compete In Golden Gloves

Four Big Spring youths are working hard these days in an effort to get in shape for the annual district Golden Gloves eliminations next week.

C. W. Whittington, who is again tutoring the lads, said that the group would participate in the Odessa tourney and that entry blanks would be sent in this week.

His four battlers included Frank Barton, 190 pounds, heavyweight; Horace Bostick, 160 pounds, middleweight; Pepper Martin, 148 pounds, welterweight; and John McIntosh, 113 pounds, flyweight.

Curiously, three of the group were on grid teams here last year, and Martin also is a former high school athlete. Barton and Bostick were in the Steer football backfield while McIntosh was on the junior grid team.

Whittington said that his charges were looking good enough, considering they had been in serious training only about a week. However, the rough edges were coming off so rapidly that he figured they would be in pretty fair fighting shape by the time for first bouts the middle of next week.

The young men are working out in the scout hut of the E. 4th Baptist church each evening at 8:30 p. m. Whittington said that he would be happy to have more candidates turn out.

Fight Rounds Are Under Way

FORT WORTH, Jan. 22 (AP)—Already active in four cities the sixth annual Texas Golden Gloves elimination series spreads to Mexia tonight and to Dallas Friday night.

District tournaments are already in progress at Wichita Falls, El Paso, Denton and Brownwood. By the end of this month 15 of the 22 centers, which will qualify teams for the state tournament in Fort Worth Feb. 11-13, will have launched their tournaments.

A crowd of 3,000 watched at Brownwood Wednesday night as the Army ran off 31 bouts in a show preliminary to the official Brownwood district tournament Feb. 24.

After opening up with a successful show Tuesday night Denton suspended activity until next week when the second of three shows will be presented. The finals will be Feb. 3.

Cobb To Referee The Texas Relays

AUSTIN, Jan. 22 (AP)—P. C. Cobb of Dallas—the first Texan so honored—will referee the fifteenth Texas relays here March 27 and 28.

University of Texas officials announced selection of Cobb, athletic director for Dallas high schools, as successor to Lawson Robertson, former Olympic coach, Ken Ute Rockne, Fielding Yost, and others.

Starter for the 1942 track and field carnival is Joe Bailey Chesney, Southwest Texas Teachers college football mentor. J. A. "Tiny" Thornhill, former Texas grid great and track star, is announced.

Director Clyde Littlefield scheduled 29 events for the carnival and is planning a special event, probably for hurdlers or sprinters.

Doubleheader For Bowlers Monday

The Men's Classic bowling league has deferred its next matches until next Monday night, Jan. 26, when a double-header schedule will be followed.

Starting at 7 p. m., the following matches will be run off:

Schultz vs. R&R; Big Spring Motor vs. Clay's; Lee Hanson vs. Coeden; Big Spring Motor vs. Lee Hanson; Coeden vs. R&R; and Schultz vs. Clay's.

CADET—Full winter flying gear for Randolph field, Texas, aviation cadets is bulky—and warm, as John A. Des Forges formerly of Fort Mill, S. C., can testify as he heads for a plane.

Bramham Rules That Baseball Leagues Cannot Recess

DURHAM, N. C., Jan. 22 (AP)—President W. G. Bramham of the national association ruled Wednesday that a minor baseball league could not recess for a period but would be considered disbanded if it did not qualify for the 1942 season, and its players declared free agents.

At the close of the last fiscal year the federal bureau of investigation had nearly 22,000,000 sets of fingerprints on file.

Tenth Of Car Owners Buy New Stamps

Approximately one-tenth of the car operators in Howard county had paid the new federal car use tax Thursday, it was announced at the postoffice.

Tuesday business picked up sharply and 443 stamps were issued to applying owners, said Postmaster Nat Shick. Wednesday was a lighter day, with only 210 stamps sold. The total now stands at 756.

The stamps cost \$2.00 and permit the machine to which it is affixed to be operated until July 1, when the \$5 annual tax comes due. Those securing the stamp are furnished a card which is to be filled in away from the window and posted to the collector of internal revenue so that he may make a record of the transaction.

Deadline for paying the tax is Feb. 1, but the postmaster urged all who possibly can to pay now to avoid a last minute rush and a stamp shortage. The stamps are available at any window save the money order place, in the postoffice.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
(Wide World Sports Columnist)

NEW YORK, Jan. 22 (AP)—Jack Dempsey shouldn't have much trouble with his new duties as aide de camp to Major General William Ottman of the New York state guard. Jack has had plenty of experience as aide de camp—which required him to keep from laughing while he said so-and-so had a good chance against Joe Louis. Baseball men are wondering if they will be able to get back to the seven-game limit for night games after they boost it to 14 as a war measure. Jack Meagher, Auburn coach, figures the threatened shortage of small-college football opposition can be overcome by having traditional rivals play home-and-home games. Ex-Mayor Jimmy Walker presented the Eddie Neil memorial trophy to Joe Louis at the boxing writers' dinner last night, but it might have been more appropriate if he had delegated the job to Quent Reynolds, who followed Eddie's footsteps from sports to war reporting.

They get the breaks—Warren Switzer of Jeff Davis High, Houston, and Jack Wilson of Baylor U. are rivals for the all-Texas hard luck championship. Switzer broke his collar bone twice during the football season, got himself all fixed up for a fast start in basketball and then went back to the bench with a busted hand. Wilson, who was cracked up about half the time during his three years of football, also was going great guns on the hardwood this winter but appendicitis got him down last week.

Today's guest star—Bob Bebbie, Watertown (S. D.) Public Opinion: "If your congressman do nothing else, by passing the daylight saving time bill they have earned the votes of sleep-loving nirrods. . . . Because duck shooting starts at sunrise, hunters will get an extra hour's sleep next fall."

Service dept.—One of Bob Feller's first acts after reporting at the Norfolk naval training station was to join Chief Gary Bodie's basketball squad for a workout. He's not a candidate for the team. Best wishes go with Jay Simon, sports editor of the Coffeyville (Kas.) Journal, who gets his uniform at Fort Leavenworth next week; Jim Decker, the Syracuse U. tub thumper, who has joined the Navy; fight managers Joe Vella (Gus Lesnevich) and Joe Jimmy White (Aaron Seltzer), who are rejoining the Army after having been discharged under the 28-year age limit. Private Pete Somo of Fort Knox, Ky., former assistant golf pro at West Orange, N. J., says his great ambition is to cadify for Babe Snodgrass. He would cure Snod of blowing up and would "sweet him in." Johnny Roukema, the Paterson, N. J., speed skater, isn't finding Army life a handicap to keeping in condition. Johnny is stationed at Plattsburg, N. Y., where there is plenty of ice.

Lined oil is the principal ingredient in printing inks.

Florist Provides Unusual Service

Caroline's Flower Shop at 1516 Gregg in Big Spring is a member of a world wide organization, enabling you to have flowers delivered anywhere in a few hours. Also freshly cut flowers furnished daily for any occasion.

The Telegraph Delivery Service is one of the most unique organizations in the world. Composed of several thousand members in several hundred cities, each of which is a leading floral house in its own community and with members in every civilized country in the world, it provides a service unknown to any other business.

This organization of which Caroline's Flower Shop is a member maintains a central office and clearing house in Los Angeles, Calif., and each member of this organization has posted bond of substantial size with the clearing house, which is held as a security that each will fulfill each duty that is his as a party filling a telegraphic order for flowers.

There are among others, several

Florist Provides Unusual Service

days in the year when flowers as a gift are appropriate for your mother, wife or sweetheart. These are the holidays, such as Mother's Day and her birthday and wedding anniversary, and on these days particularly, the recipient appreciates a remembrance in the form of flowers more deeply than any other kind of gift.

Caroline's Flower Shop is especially prepared to supply flowers daily for any occasion, including funerals. This firm understands the art of assembling flowers in various designs necessary to obtain the most pleasing and beautiful effect and this is a part of the floral business equally as important as growing them. Orders should be placed at the earliest possible moment, however, once positive flowers will be desired and give them more time to prepare the order and thus insure satisfaction. Caroline's Flower Shop takes this occasion to express appreciation for your business in the past and suggests that you remember your loved one with flowers.

Even Above 1929— 1941 Natl. Income Over 92 Billion

WASHINGTON, Jan. 22. (AP)—War fattened the national income to the record-breaking total of \$92,500,000,000 in 1941, an average of \$893 per person, government economists estimated today.

This was \$18,200,000,000 more than 1940 and even \$8,800,000,000 more than the fabulous year of 1929.

In 1942, it is due to be more. How much more depends upon the extent of growing war expenditures, and also upon how much price rises.

The experts figured that about one-third of the increase in national income last year was dissipated in the higher cost of things. Taxes, savings campaigns, credit controls, price fixing and other devices are counted on to remedy this trend toward soaring costs of living.

Wages and salaries accounted for the biggest part of the national income, \$48,000,000,000, which was 9 per cent more than in 1940. Farm income, dividends, profits from unincorporated businesses and other types of income also gained.

Manufacturing industries, augmented by a large number of new defense factories and defense orders for many old ones, produced \$26,600,000,000 of the national income. In order, the next biggest contributions were made by the government, retail and wholesale trade, service establishments such as restaurants and theaters, agriculture, finance, transportation, and construction.

Military expenditures of the United States and British governments here represented about \$18,000,000,000 or 16 per cent of the total. President Roosevelt has set the nation a goal of spending an amount equivalent to half the national income for this purpose in the future.

Special FBI agents apprehended more than 2,600 federal fugitives from justice in the last fiscal year.

Govt. Limitation On Bottlers A Move To Prevent Sugar Shortage

A review of the limitations placed by the government on bottled drinks is given in the following statement from the Coca-Cola company:

"We have had numerous inquiries requesting information concerning our rationing of syrup. The facts may be stated simply: The federal government, through OPM, recently issued an order which restricts any manufacturer using sugar (also any jobber or wholesaler) from accepting larger deliveries from an importer or refiner in any one month than were received in the corresponding month of 1940; or from accepting delivery of more than a thirty days' supply (based on 1940 volume); or from using from stocks on hand in excess of a sixty days' supply. These limitations do not apply to supplies needed for orders from the War and Navy departments, or from any agency of the United States for 'Lend-Lease' disposition, or from states of the British empire or from eight anti-Axis powers.

"Cooperating with this program and conforming to the government order, we are supplying bottlers and jobbers throughout the country the same volume of syrup each received in the corresponding month of 1940, with provision of additional allowances for goods now being supplied to the War and Navy departments.

"It should be emphasized that the government itself has forcefully—and, we believe correctly,—assured the country that limitations on the use of sugar have been imposed not because of any existing or impending shortage but to prevent one. The effect of interruptions of sugar shipments from the Philippines and the reduction of supplies from Hawaii may be made less serious by (1) purchases by the United States government of the bulk of the enlarged Cuban crop of 1942; (2) expanding domestic beet and cane production; (3) the use of surplus corn instead of sugar to produce alcohol for explosives; (4) enlarged receipts from South America and other sources, if other limitations are relaxed; (5) increased use of alternate products, such as corn, maple sugar, honey, etc.

"The Coca-Cola company has substantial stocks of sugar on hand—not recently acquired but gradually accumulated through an extended term of years. This strong inventory position is highly viewpoint from a broad economic viewpoint since it represents material that would not otherwise be new in this country as an addition

Ackerly Lad Suffers Burns

ACKERLY, Jan. 22 (Sp)—John Thurman Baum, five-year-old son of Mr. and Mrs. Thurman Baum, received a severe burn on his right hand Wednesday when he and other children were playing about an incinerator where trash was being burned. Dr. Robison, local physician, treated him.

R. N. Adams is confined to the Cowper hospital where he was rushed Saturday morning. He is reported to be resting well.

Suffering from a prolonged illness of several months, J. T. Stewart was returned to the Big Spring Hospital early Saturday morning for emergency treatment. He is the father of L. I. and Leonard Stewart of Big Spring.

J. W. Middleton will probably return home the latter part of the week after returning to the hospital in Big Spring for further treatment.

Lester Brown and wife visited in El Paso last weekend with L. and Mrs. Kenneth Baggett. Returning through New Mexico where they spent some time with Mr. and Mrs. Clarence Porter and Pat. The Porters are parents of a baby daughter. Sheet (Clarence) celebrated the occasion by giving Lester a thoroughbred colt.

From two mammoth trench silos, Dick Simpson is feeding out about the usual number of steer calves that he has been feeding in the past. Feed around Ackerly last year was plentiful and Simpson took advantage of this opportunity and filled his silos to capacity. Silos fed by this young cowman "bring" tops in prices wherever they are sold.

The old slaughter place, where Simpson is feeding, as now operated would be a far cry in some respects to the place operated by the early-day cowmen. Both large and small tractors are seen pulling mammoth loads of feed in large four-wheel trailers from the pits to the feeding troughs. This type of equipment has replaced the teams and iron wheeled wagons of the past. Salt in those days came such as coal does today but now it is molded into neat 50-pound blocks and is usually set on top of a short post. Sprawling surface tanks of fifty years ago have been replaced by modern concrete ones with small feeder tanks where the cattle drink.

Typhus Spreading In S'east Europe

LONDON, Jan. 22. (AP)—Foreign Secretary Anthony Eden told the house of commons there has been a market increase of typhus on the German side of the Russian front and in eastern and southeastern Europe.

Oil Drilling Slackening

TULSA, Okla., Jan. 22. (AP)—Crude oil production continued at a high rate but there were signs of decreasing drilling activity.

While completions for the week still were ahead of a year ago, and only 18 below last week, applications to drill were reported in some states to be far below normal.

Some delay and confusion was to be expected, however, as the oil industry adjusts itself to the new 40-acre spacing and priorities rulings.

But from several quarters it was becoming evident that such an adjustment is rapidly being made and that the industry is preparing to speedily produce the most oil with the least equipment.

"Continued delay in getting an adequate drilling campaign under way may prevent the industry from maintaining its reputation of being able to satisfy any demand which can be made upon it," the Oil and Gas Journal commented.

Besides exploration and production work, the industry also is coping with the problems of furnishing huge supplies of aviation gasoline and raw materials for the new synthetic rubber program.

Gasoline requirements for domestic consumption are believed not to be a problem. Already service stations in some areas are reporting a decrease in sales volume due to conservation by motorists of their machines and tires.

Old Men Gird For Wartime Emergency

DALLAS, Jan. 22.—The Texas oil industry was mobilizing today for any war-time emergency.

A statewide organization to meet defense needs and effect co-ordination with civilian defense authorities was being set up under leadership of the Texas Mid-Continent Oil and Gas Association. Co-operating in it are oil operators and companies, field superintendents and farm bosses, and petroleum engineers and technical experts.

The work is being done with the approval of civilian defense officials.

First oil area to be organized is the Texas Gulf Coast, with East Texas next and others to follow soon, George Sawtelle, association president, said. Local field committees in the producing areas will work closely with civilian defense authorities to co-ordinate oil industry defense measures with all other defense activities.

"The function of the Texas Mid-Continent in this program is to assist the operators in meeting the requirements of defense preparations," Sawtelle explained.

"Through our statewide organization and plan, we hope to take the work off the backs of the oil producers and effect co-ordinated action in all the fields of the state."

Technical committees of the industry are developing the safest methods for effective blackouts, and studying ways to eliminate hazards and extra expense without interfering with production operations. The association will assemble this information from technical groups, oil operators and civilian defense authorities and keep the field committees advised.

The organization now being set up will extend from the operators down to the individual leases, to make complete and efficient working facilities available to civilian defense officials. The facilities in each area can be put into operation by the chairman of the field committee upon authorization by the proper defense authorities.

Also, a Pain in the Neck VICHY—This bellyache became a diplomatic headache. When French Minister M. Chataignau had to call a doctor to relieve stomach pains only two doctors were available—ones British, one German. He called the British doctor. The German legation protested the slight to Berlin, and Vichy ordered Chataignau to apologize.

Low Living Cost On Farm
COLUMBIA, Mo.—A survey of 2,000 northwest Missouri farm families shows the average family of three persons spends \$297 a week during the winter for food. This same average family owns 100 chickens, has two cows, kills two hogs, and sets 41 of its own chickens a year.

Admiral Adolphus Andrews D. S. N. was once an aide to President Theodore Roosevelt.

THERE IS A DIFFERENCE IN OATS!

You Taste It!

Crushed for Flakes. These choice sun-ripened Oats are OVENED 18 HOURS in the Mill. This slow-cook process partially breaks down the starches bringing out the delicious nut-like flavor; assures easier digestion.

You Also See It—Feel It!

NATIONAL 3 MINUTE OATS

Help Win the War by CONSERVING PAPER!

HERE'S HOW YOU CAN HELP

- If you have a shopping bag, use it instead of paper bags.
- Where possible, combine purchases into one bag.
- Please do not use a larger bag than you need.
- Please don't ask to have small size packages put into a large bag if you can conveniently carry the small ones.
- SAVE WASTE PAPER. Collect old newspapers, magazines and all scrap paper and call your local buy scrap office or some charitable institution to pick them up.
- SAVE BOOKS. Leave books for the Victory Book Campaign at any Safeway Store.

Your Help Is Needed!

National defense is requiring such a large part of the country's paper production that supplies for retail stores all over our country have been drastically cut. Your help will be appreciated in being sure that none is wasted.

Field Service Designed To Speed Up War Production

"Church In Action" Is Theme Of Dinner Program Wednesday

The Church in Action was the theme of the annual dinner-program of First Christian Church on Wednesday evening. This theme was observed by Christian church-

as all over America in similar programs at the same time. The Rev. H. W. Haislip acted as master of ceremonies. The program included a singing directed by Mrs. J. A. Eubanks; recognition of visitors; short talks by members; greetings read that had been received from other Christian churches; reports made from all organizations of the

local church. From reports given a constructive growth was shown in every department. The financial program is the best in the history of the church and plans are being made to liquidate all indebtedness by Easter at which time the accumulation of a building fund will be started for a modern educational plant.

Nelson's Men Would Assist Small Plants

WASHINGTON, Jan. 22. (AP)—Washington awoke today to the realization that Donald M. Nelson is giving the war production job back to the whole country. Nelson's announcement, that he intended to establish a field service as a seventh and new major division of the war production board which he heads was regarded here as a step toward decentralizing the war effort.

Officials said such a move, sending WPA men into the industrial centers of the country where the battle of the assembly line is being fought, would shorten a great part of the delays caused by paper work and letter-writing and by the necessity of calling manufacturers to Washington to discuss production and conversion problems. Nelson said he had not yet decided "how much responsibility will be here and how much out in the field." However, the high places accorded the proposed field service in his organization scheme was taken as clear indication that he intended to delegate to it a good share of the decision-making power heretofore reserved for Washington alone.

The field division will compare in importance, Nelson said, with the six major divisions of WPA set up by him yesterday, when he abolished the office of production management—production, purchases, materials, labor, civilian supply and industrial organization. The field offices will handle not only the job of bringing small plants all over the country into the military arsenal, but will advise contractors on priorities, allocations of materials and anything else that pertains to getting the job done, Nelson told newsmen yesterday.

Nelson's theory of decentralizing control is getting its first big test in Detroit, where Ernest Kanzer, veteran automobile production man, is being sent with a staff to achieve the total conversion of the motor industry to arms production.

There will be a counterpart of Kanzer in every important industry, Nelson said, and he estimated their number at 50 or 60. Not all the industry chieftains will have as much power as Nelson vested in Kanzer—"all the authority that I've got"—because not all of them will need it, Nelson said. Kanzer is authorized to move plants and machines from one motor company to another, if necessary to get maximum arms output.

Sewing Session and Theatre Party Held By Stitch A Bit Club

Members of the Stitch a Bit club met in the home of Mrs. Johnny Knox Wednesday to sew for the Red Cross and discussed doing further work for the organization. Refreshments were served and following the sewing, the group had a theatre party. Others present were Mrs. E. J. Ages, Mrs. Ervin Daniels, Mrs. Truman Townsend, Mrs. G. G. Morehead, Mrs. Burley Hull. Mrs. Morehead is to be next hostess.

Business And Social Held By Ladies Aid

The Lutheran Concordia Ladies Aid met in the home of Mrs. Herman Pachall for business and social meeting. The Rev. Kasper gave a prayer to open meeting. Games were played, prizes given and pictures taken of the group. Refreshments were served to Mrs. Bertha Rueckart, Alma Rueckart, Mrs. Ernest Hull, Mrs. C. W. Creighton, Mrs. H. Weinkauff, Mrs. M. Daniel, Mrs. Allen Hull, Mrs. Albert Hohertz, Mrs. R. A. Pachall, W. L. Hochstetler, Mrs. H. A. Davis, Mrs. W. F. Pachall, Mrs. C. W. Deas, Mrs. Henry Fehler, Mrs. Earl Bynum, and the Rev. Kasper.

Fourth Grade Pupils Entertained In Forsan

FORSAN, Jan. 22. (Sp.)—Mrs. D. W. Robertson and Mrs. R. W. Cranfill entertained the fourth grade pupils and teacher, Mrs. Bill Conger Monday afternoon at the school. Outdoor games were played and refreshments served to Paul Shedy, Charles Wash, Ruth Benton, Bill Ratliff, Bob Cranfill, Charles Howard, Robert Lee Robertson, Richard Gilmore, Billie Sue Sewell, Betty Robertson, Johna Gerlich, Jack Jones, Theibert Camp.

Two Guests Included At Forty-Two Club

Prizes were won by Mrs. Joe Carter and Mrs. Jim Harper when the All Around Forty-Two club met in the home of Mrs. Marvin Wood Wednesday. Guests were Mrs. W. R. Hobbs and Mrs. M. D. Stoltman of Detroit, Mich. Refreshments were served and others present were Mrs. Frank Gray, Mrs. Guy Mitchell, Mrs. Buck White, Mrs. C. E. Manning, Mrs. Otis Johnson, Mrs. Grady Jones, Mrs. D. E. Orr.

American Business Club And Auxiliary To Begin First Aid

The American Business club and X. Y. Z. auxiliary classes in First Aid will begin Friday night at 7:30 o'clock at the courthouse in the corporation courtroom. Instructor for the class is Jake Morgan. The class will meet each Tuesday and Friday from 7:30 o'clock to 9:30 o'clock.

Covered-Dish Lunch Held By Airport Widows In Home

A covered-dish luncheon was held in the home of Mrs. F. E. Atkinson by members of the Airport Widows Wednesday noon. This group will meet next session for election of officers and Mrs. Woodrow Campbell is to be hostess.

Chinese checkers were played and others present were Mrs. F. K. McDaniel, Mrs. I. T. Haskler, Mrs. W. H. Scott, Mrs. W. H. Morgan, Mrs. J. D. Phillips, Mrs. W. K. Harrison, Mrs. Vernon Winterhalter.

Mrs. Bill Edwards Wins High Score At Kongential Club Party

High score for club went to Mrs. Bill Edwards when the Kongential Club met in the home of Mrs. Bert Shive Wednesday. Mrs. J. O. Vineyard won second high score. Mrs. Logan Baker won guest high score and Mrs. D. A. Watkins, a guest, bingoed. Mrs. Clyde Thomas was also a guest. Refreshments were served and others playing were Mrs. Elmer Dyer, Mrs. Beool Compton, Mrs. Jack Smith is to be next hostess.

Barbara Moreland Complimented On Birthday With Party

Barbara Ann Moreland observed her sixth birthday anniversary Wednesday with a party given for her in the home of her parents, Mr. and Mrs. S. N. Moreland. Red and white colors were used in the decorations and appointments and Valentines were given as favors.

Outdoor games were played and the birthday cake was served. Others present were Ronnie Sanders, Mary Beth and Barbara Lynn Talford, Patsy Ann Reeves, John L. Moreland, Mary Jane and Lillian Rowe, Patsy Maddux, Ralph and Truman Wilkerson, Annelia Puckett, Mary Jo Moreland, Mrs. L. L. Telford and Billy and Mrs. J. L. Moreland.

Mrs. Telford and Mrs. J. L. Moreland assisted the hostess.

Ten Years From 1942

Every parent with a child in kindergarten or primary grade should consider defense as rings selfishly—as well as patriotically. For every series defense savings bond bought this year will mature in ten years—with interest—just when Junior or Sally is ready to go to college. Assure the youngsters of a college education—in a free, peaceful America—by buying defense bonds today.

A cheery dish for cold days—**tropical sweet potatoes** the KARO way

Here's the way to add savor, flavor, and new interest to those old favorites—sweet potatoes! Better make two servings for everybody—they're that good!

TROPICAL SWEET POTATOES
3 medium sized sweet potatoes, boiled
1/2 cup KARO (blue label)
1/4 cup crushed pineapple (canned) with juice
2 tablespoons melted butter

Peel and cut potatoes in 1/2-inch slices. Place in shallow oiled baking dish. Combine remaining ingredients and pour over potatoes. Bake in moderate oven (375 degrees F.) 30 minutes. Makes 6 servings.

Sweet potatoes prepared "the KARO way" are as good for you as they are delicious. For KARO syrup is rich in Dextrose, food-energy sugar.

FLASH PREVIEW OF "The Fleet's In"

Paramount's new service comedy stars Dorothy Lamour, William Holden and Eddie Bracken, with Jimmy Dorsey's Orchestra.

On a bet that his pal, Bill Holden, can kiss her in public, Eddie Bracken introduces him to Dorothy Lamour, nightclub singer.

At first attracted to the young sailor, Dorothy is enraged when she learns of the bet.

But Bill comes back with an engagement ring, and a receipt to prove the diamond is genuine.

When she continues to refuse the ring he innocently starts a riot in the nightclub and is arrested.

But Dorothy clears him of the charges and he gets his kiss—with the entire fleet looking on.

ON THE SETS With REED JOHNSTON

This department, always thoughtful of the rights and feelings of other writers, has long deplored a tendency around the sound stages to regard the written dialogue of the script as only the vaguest indication of how the lines should actually be spoken before the camera. It seems that everyone from star to script-girl feels free to change a speech here and there at the slightest whim, unmindful of the anguish this is likely to create in the bosom of the hapless author.

Fashion Scene By MARGARET MCKAY

Spring will come racing up fast on the calendar, now that the holidays are well behind us and we're all back to the old routine, and so it's about time for Spring fashion predictions.

Edith Head, the ingenious designer, who whips up guimpes for such fashion noteworthies as Paulette Goddard, Madeleine Carroll, Claudette Colbert and other screen fascinators at Paramount Studios, looks into her magic crystal and tells us what we can expect to wear in the Spring:

"I do not intend to use uneven hem-lines as most girls find them unbecoming on the screen," says Miss Head emphatically. For instance, in the wardrobe I just finished for Betty Field to wear in 'Mr. and Mrs. Cugat,' the hem-lines on all garments are standard. Betty's wardrobe also is a perfect example of clothes that are chameleon-like in their changeability. These are clothes which might be worn by the average well-to-do American girl and can be described as completely functional. Even the topcoat has this adaptability. By making one-inch slits in the side seams at the waistline through which a variety of belts may be slipped, we have a coat belted in front, while still preserving the loose, free-swinging back. The belt merely is slipped around the waist underneath the coat, in back, and the ends pulled through the side slits to form different belted fronts.

"Silhouettes for Spring will follow two medieval lines—the broad shoulders, nipped waist, very short flared peplum for daytime; and the long, fitted torso, with dropped shoulders and slim, slightly flared skirt for evening.

"The poncho line should continue in popularity. In keeping with this, I designed a black crepe dress for Veronica Lake in 'This Gun for Hire,' with extended shoulder pleats making the poncho line."

Miss Head lists black as the leading Spring color with yellow, lime-green, pink and chartreuse prominent. She also names stiring belts and drowsing necks as "sure things" on both daytime dresses and evening gowns.

Summing up Miss Head's thoughts for Spring wear, she puts particular stress on wearing clothes that are interchangeable. Jumpers with different colored blouses, dimids with various kinds of tops and suits that can mix well.

First Time Department; Victor is releasing a ten-inch record of the full text of President Roosevelt's December 8th address—declaration of war. It was recorded directly from the broadcast and was released last week with permission of the White House.

All dressed up in fine feathers is Aileen Haley, former Earl Carroll beauty now toiling for MGM in "I Married an Angel."

ATTENTION MOVIE FANS

We are constantly receiving requests for photos which in the past have been offered in this space. The only photos available this week to Fan Club members are: Jack Carson, Buck Jones, Beryl Wallace, John Boles, Judy Canova, Errol Flynn and Gene Autry. Write for the one you would like, but remember the supply is limited. Address the Hollywood Today Fan Club, Crossroads of the World, Hollywood, California.

JOE FISHER'S Reviews of Previews

Outstanding picture previewed this past week was the Darryl Zanuck-20th Century-Fox production, "SON OF FURY," starring Tyrone Power, ably supported by Gene Tierney, George Sanders, Frances Farmer, Roddy McDowall and a long list of some of the toptouch character players in Hollywood.

It's an exciting tale of the oppression suffered by the plain

Tyrone Power and Gene Tierney are the players in this scene from 20th Century-Fox's "Son of Fury."

folk of England during the reign of George III, opening with a prologue with Roddy McDowall playing Power as a boy who has been bound out to literal serfdom as a stable boy by the uncle who has raised him. His brooding hatred against his fate reaches a climax ten years later when, a full-grown man, he suffers a terrible beating at his master's hands. He runs away to sea, finally reaching an island in the South Seas where he meets Gene Tierney, a native girl. How he finally returns to England and settles his score with George Sanders, the brutal master, and again returns to find real happiness on the island makes for as fine an adventure film as has come out of the Fox lot in a long time.

Mr. Power has never done a better acting job. Gene Tierney, exceptionally well cast for a change, is a fascinating creature indeed. For George Sanders the film is a triumph; he is the domineering Sir Arthur to the life. Master McDowall, fresh from his smash performance in "How Green Was My Valley" moves on to further his astonishing career. Miss Farmer gives an outstanding performance as an aristocratic English girl whom Power has a tough time forgetting. Mention too must be made of John Carradine, Eas Lanchester, Dudley Digges, Harry Davenport and Kay Johnson. In fact the whole film is exceptionally well cast and under Director John Cromwell's mastery touch they get the full value of this finely written screen play.

After an absence of three years from the screen, during which time he has been on a coquet tour of the United States and South America, John Boles returns to pictures with a warm father and son story, "ROAD TO HAPPINESS," which Monogram Pictures previewed at a gala press party.

The story: Boles returns from Europe where he has been preparing for an operatic career to find that his wife has divorced him, re-married, and sent his ten-year-old boy away to school. He takes the boy to live with him in a theatrical boarding-house while he struggles to get a start, and, despairing of making a living for them both, finally takes a job as an Indian character on a radio show. The son is fully aware of the sacrifice and tries hard to deceive his father into believing he would rather live with his selfish mother and her wealthy husband. Of course everything winds up right and the film closes with Boles achieving the career for which he has worked so hard. Mr. Boles is once again the distinguished star so well remembered, and able indeed is the support given him by tiny Billy Lee. Many of his scenes are deeply moving and you'll find yourself with a catch in your throat time and time again.

Meet the Stars With VIC BOESEN

Loretta Young has accomplished more in less time than the majority of Hollywood's top stars. Just turned twenty-nine, she is younger than most of them, has made more pictures, and been a star longer. Because of her early youth and old experience, she has aptly been termed the "Grand Young Lady of the Screen." Two years in a row she was honored by American Institute of Voice Teachers as possessor of the best feminine voice on the screen.

These honors and attainments are all the more noteworthy for the fact that she is wholly self-made. There is no background of artistry in the family. Christened Gretchen, Loretta had her first parts in pictures when she was five, not pushed into them by an ambitious mother, but for the very practical purpose of helping to meet the rent and grocery bills at home.

Loretta's first solid opportunity came at thirteen. She made it herself, by dint of quick thinking and more than average audacity. Home briefly from convent school in Alhambra, she answered a phone call to Polly Ann from Mervyn LeRoy, director at First National studios. Loretta told him Polly Ann was not at home, which she may or may not have been, and then sold him that she herself could fill the role.

She did. The picture was "Nauty But Nice," starring Colleen Moore, who on that occasion gave the girl the name that has become world-famous. From that point she moved forward at a rapid pace. She played any and all kinds of roles, some of them not roles at all but mere atmosphere parts, for experience. During one year, she made fourteen pictures. At seventeen, she was a full-blown star and has remained one ever since.

She has made it a rule to avoid stardom alone. She has felt that no one player had a right to accept full responsibility for the success of a picture's most crucial casting. Consequently, many male stars won their spurs by appearing opposite her. The list would make a Hollywood Who's Who: Charles Boyer, Clark Gable, Spencer Tracy, Douglas Fairbanks, Jr., Robert Taylor, Ronald Colman, George Brent, many others. Loretta recently turned down a contract that would have earned her three million dollars. She preferred to free-lance; it would allow her to select the vehicles herself, according to what she felt they offered in keeping with her responsibility to her millions of fans.

Her current pictures are "Bedtime Story" and "The Men in Her Life." The one man in her life, incidentally, is Thomas H. Lewis, radio executive, to whom she was married in July, 1940.

Loretta Young in a scene from 'Nauty But Nice'.

With Jimmy Durante supplying the comedy, Georgia Carroll provides a good share of beauty in Warners' "You're in the Army Now."

ERSKINE JOHNSON'S HOLLYWOOD

EXCLUSIVELY YOURS: Kay Kyser probably will make an extended tour of army, navy and marine quarters, or in the interest of defense stamps and bonds, as soon as he completes work in Harold Lloyd's RKO production, "My Favorite Spy." The star is making no immediate picture plans to follow this film, and is prepared to cooperate 100 per cent with the entertainment program for boys in the service. Kyser and his band already have visited 19 service camps. . . . Myrna Loy is burning, but good, over that photograph of her legs in a pictorial fan magazine. . . . Ginger Rogers' next picture at RKO will be "Behold the Bridegroom," which Reeves Espy will produce.

Clever New Year's card from Herb Caen, the San Francisco columnist: "Let's Make It a Happy New Year—Not a Jappy New Year."

Vic Mature and his bride, who should know, say there's no truth to those revived separation rumors. . . . Forrest Tucker and Eleanor Parker, the Warner cutie, have it bad. She introduced him to her family in Cleveland over the holidays. . . . A misstep during a dance rehearsal cost Rita Hayworth a badly bruised nose. She collided with Dance Director Hermes Pan while learning a routine for "My Gal Sal." . . . The Hays Office is cracking down again on movies which might endanger Uncle Sam's goodwill policy toward Mexico. An animated cartoon burlesquing Mexican matadors has just been ordered shelved. . . . Gary Cooper, who will play Lou Gehrig on the screen, is working out daily with Babe Herman—learning to bat and throw left-handed.

Air raid shelters for Warner employes reverse the old theater adage, "Walk, Don't Run." Bomb shelter instructions read: "Run, Don't Walk."

That piece on movie press agents in this month's American Mercury titled "Hollywood Clamor Boys" has some of the p.a.'s clamoring for revenge.

Irving Reis will direct Damon Runyon's first film at RKO, "Little Pinkie." . . . Spencer Tracy will take a long vacation when he completes work in "Tortilla Flat" and probably will do a Broadway play. . . . Lorenz Hart is paging Jack Briggs for the juvenile lead in his Broadway show, "Have a Heart." Terry Hart has the comic lead. . . . Rather than leave his family during the war emergency, Chester Morris has turned down a lead in a Broadway play. He will remain in Hollywood, and starts work soon in Columbia's "Alias Boston Blackie." . . . Jane Withers, Freddie Bartholomew and other screen kids are organizing a defense unit of their own and will contribute time and talent to USO shows, Red Cross work and other government agencies.

The Troquois Indians, with whom Jimmy Cagney worked in Canada in "Captains of the Clouds," just sent him a scalping knife as a remembrance. Might be useful at that in Hollywood.

Eddie Bracken has gained 85 pounds since starting his Paramount contract. "You're the first guy I ever knew," Bill Holden told him, "whose success went to his stomach."

Grounding of all nonmilitary planes in Southern California cost Universal's "Gang Busters" company plenty of trouble. Ordered not to continue shooting airplane scenes at United airport, they had to dismantle their plane, load it onto a truck and take it to Metropolitan airport.

An army officer told it to Jimmy Cagney. A group of selectees, reporting for duty at Fort MacArthur, were addressed by a top sergeant. "Now I know you boys will want to ask some questions," he said. "So I'm going to answer them for you. No, I don't know where we're going. No, I don't know when you'll get out of the army. No, you can't tell anyone where you are. No, you can't telephone anyone. No, you can't visit San Pedro." The sergeant droned on and on, ruling no to everything. Finally he stopped and said, "Now, are there any questions?" There was a moment's silence and then someone piped up, "Yeah, do you validate our parking tickets!"

KEN MORGAN'S . . . HOLLYWOOD KEYHOLE

Writers of screenplays as a general rule discard the dialogue and speeches found in the original material from which they are gleaming the story line. An excellent example of this fact is found in the changes in "The Spoilers," now being produced by Universal Studios. Rex Beach, the book author, had a character say, "I know the wild rage of desperation. I know the exultation of victory. I know what hate and fear are now. You told me once that the wilderness had made you a savage and laughed at it just as I did when you said that my contact with big things would teach me the truth, and that we're all alike, and that those motives are in us all. I see now that you were right and I was very simple. I learned a great deal last night." The scripter has changed this long speech so that Marlene Dietrich says to John Wayne, "I see what you mean, kid!"

Before George Montgomery reached prominence in motion pictures, he was pretty hard pressed for necessary cash money. So he showed up one night at a nightclub and asked for a job as a bartender. "What's a Zombie?" the boss asked him. "A walking dead man," answered George. "An Old-Fashioned?" "Anything before 1900." The boss gave him the job. He thought George was kidding. For two weeks he mixed drinks using the recipes on the bottles. He was finally fired after a customer complained that he had asked for a Tom and Jerry and George said: "I'll see if I're here."

Marie MacDonald is a young Universal actress who was recently recruited from Tommy Dorsey's band. She volunteered her services as a dancing partner for soldier boys at USO parties. Last week she received the following from headquarters: "Thank you for your kind and appreciated offer. We accept with thanks. Wear any type of dress except an evening gown, and PLEASE—no sweater!"

THE GOOD RUMOR MAN: The business relationship between Carole Landis and her attorney, Greg Bautzer, isn't business anymore. . . . Adolphe Menjou refused to accept the wardrobe department's tramp outfit to wear in a sequence in "Roxie Hart"—his private tailor made it. It seems Adolphe has a wardrobe "tailored to misfit." . . . Blake Garner received this card from Judy Garland in New York: "It's so cold here that please notify the studio that I intend to be publicized as 'The Brrrrr Girl.'" . . . Robert Sterling parted with his tonsils and his hospital room was packed with flowers from Ann Southern. . . . Estelle Taylor is living in the former home of her former husband, Jack Dempsey. . . . Glenn Ford has discovered Janet Blair. . . . Nils Asther axed a lucrative Paramount contract to appear in a Broadway show with Helen Hayes. . . . The Ken Murryns expect the stork in May. . . . Simone Simon is singing in a Miami nightclub. . . . Linda Bennett, "Miss Shanghai," is helping Roger Pryor put out the torch. . . . The successful dance team of Mary Parker and Billy Daniels may split—she's altar-bound with Burgess Meredith. . . . Garbo's latest companion is Alice Halkin, sister of the French producer brothers. . . . MGM is toying with the idea of breaking up the team of Judy Garland and Mickey Rooney and considering co-starring Mickey with Shirley Temple—Judy wants grown-up roles now that she is Mrs. David Rose. . . . Columbia will repeat with the Fred Astaire-Rita Hayworth combination—because of the box-office success of "You'll Never Get Rich." . . . Charlie Chaplin looks serious about playing the part of Landru, the French Bluebeard, in his next picture—his growing a Van Lyke beard and asking his friends how it looks. . . . She won't admit it but Madeleine Carroll is sicker than people think. . . . Paulette Goddard went to Mexico for a rest but the trip was such a whirl she is now in Palm Springs recuperating from the vacation. . . . Looks like the George Montgomery-Ginger Rogers romance is over—he's been constant with Elyse Knox and she's been spending every available moment at her new Rogus River Ranch in Oregon. . . . Adios!

Herald Boys Awarded For Stamp Sales

Seven boys out of The Herald carrier group distributing defense stamps already have delivered enough to be eligible for special honor awards the treasury department is giving.

In two weeks of delivery, the newsboys have sold the equivalent of \$480 ten-cent stamps (the denomination they are specifically handling), a record Thursday showed. This includes 1,495 stamps, five \$25 bonds, one \$50 bond and one \$500 bond.

Their sales are increasing, the figure is due to grow more impressive. CHSAs need only to hand the newsboy an order for so many stamps a week, and he delivers and collects for this number on designated days.

The boys who already have qualified for treasury department awards are Raymond Underwood, due to get a bronze shield; Wesley Beacham, shield and silver bar; Vance Kimble, shield, silver bar and four gold bars; Billy Ray Vaughn, shield; James Caas, shield and silver bar; A. B. Kerley, shield; and Bill McComb, shield, silver bar and two gold bars.

Rites Said For Mrs. Russom

Rites were said at 3 p. m. today at the graveside in Merkel for Mrs. Melia Anne Russom, 51, who succumbed at the family home near Panther Draw in Glasscock county Wednesday of an heart involvement.

She leaves her husband, J. R. Russom and two sons, J. R. Russom, Jr., and Cleo Russom. Other survivors include six brothers, J. E. Riggan, Merkel, Lloyd Riggan, Fort Billis, M. G. Riggan, W. G. Riggan, M. L. Riggan and D. E. Riggan of Big Spring; and three sisters, Mrs. Mary Harris, Mrs. Leona Conley and Mrs. Jessie Conley, all of Merkel.

Funeral was in charge of the Rev. Mr. Bodine, Primitive Baptist minister of Colorado City, and Nalley Funeral home was in charge of arrangements.

Mrs. Russom had lived here and at Lamesa for several years. She died unexpectedly.

Oven-Baked Beans Join Up With Meats

To Please the Hungry Men and Help the Budget—Oven-baked Beans Join Up with Dried Beef. This Main Dish Makes a Particularly Attractive Menu Served with Peanut Butter Corn Sticks and Relishes of Fresh Cucumber Pickle and Grape Jelly.

By CAROL BRUECK
Main House Institute

AN EVER-PRESENT help in keeping the budget under control while prices rise are oven-baked beans. A protein food rich in iron and other minerals—beans may frequently take the place of the more expensive meat in your meal.

Then, too, baked beans combine well with meats and thus make them go farther. Dried beef is one of the many meats with which oven-baked beans will make a fine showing. The recipe for this combination is given below.

When one considers besides that there are four different kinds of the oven-baked beans with which to form a great variety of quick main dishes—one realizes that they are a "must" for the pantry shelf. The oven-baked beans in molasses sauce with pork (Boston style) are made from a prized old New England recipe—and so they are always welcomed especially by people from that part of the country. Mid-westerners favor the two kinds of oven-baked beans in tomato sauce—one with pork and one without (vegetarian style)—both are delicious with all kinds of meats. The oven-baked red kidney beans are prepared with a delicate sweet sauce to please the canny South-westerner as well as form a good basis for delicious main dish bean salads.

Oven-Baked Beans With Sautéed Dried Beef: Sauté the contents of 1 small jar (5-oz.) dried beef in 2 tsp. butter. Then move to one side and heat 1 medium (18-oz.) can oven-baked beans, Boston style, in the same pan. When heated, turn the beans out on a warmed platter and top with the dried beef. Serves 4.

Nazis Claim Ships Sunk

BERLIN, Jan. 22 (Official Broadcast Recorded By AP)—German bombers sank a 6,000-ton merchant ship and a 600-ton collier off the northwest coast of Scotland and damaged a fairly large merchant ship off the southwest coast of England yesterday, the high command said today.

"Bomber aircraft scored several direct hits on targets of military importance on one of the islands off the Shetlands," the high command reported.

A British raid upon the coastal district of northwest Germany last night was acknowledged. Residential quarters were declared bombed, but the high command said there were no civilian casualties and "no military damage was done."

Five of the attacking planes were reported shot down.

The British were declared to have lost a total of 28 planes in European and Mediterranean fighting from Jan. 11 to 20 while German losses "in operations against Great Britain" in that period were listed at 16.

More Clemency, Less Crime In State For '41

AUSTIN, Jan. 22 (AP)—Clemencies are up and crime down in Texas, T. C. Andrews, chairman, said in reporting on operations of the state board of pardons and paroles.

Clemency recommendations for 1941, all approved by Governors W. Lee O'Daniel and Coke R. Stevenson, totaled 2,519, a small increase over the previous year due to a more liberal policy of the board.

"The prison population was 5,814 on Jan. 8, compared with about 7,000 a year ago," Andrews said.

"While I do not have the exact figures to support the statement, I am inclined to think there is an overall decline in crime. There were fewer hijackings and killings last year.

"In my opinion, the electric chair has had something to do with the trend. Also, more people are at work and there are fewer idlers. In general, crime increases when there is unemployment and idleness."

Assuring the board's clemency policy justified by the results, Andrews pointed out that only 57 per cent of those given clemency "came back" to prison. Burglars and burglars led the "repeaters."

1-8 teaspoon nutmeg
1-1-2 cups gravy or vegetable sauce

Biscuit dough (using about 1-1/2 cups flour)
Mix beef, vegetables, seasonings and gravy. Pour into buttered, shallow baking pan. Cover with biscuit dough cut into individual diamond shapes. Spread tops of biscuits with an egg yolk diluted with 2 tablespoons milk. Bake 25 minutes in moderate oven (350).

Gasoline Stocks Show An Increase

NEW YORK, Jan. 22 (AP)—United States gasoline stocks rose 1,415,000 barrels during the week ended Jan. 17 to a total of 95,617,000 barrels, the American Petroleum Institute reported today.

Crude oil production during the week averaged 4,045,000 barrels daily, a drop of 153,500 under the previous week's average, and compared with 3,611,900 barrels a year earlier.

Refineries operated at 79.6 per cent of potential capacity indicating a daily run of crude oil to stills of 3,724,000 barrels. This compared with 38.6 per cent and 3,881,000 barrels the preceding week and 3,471,000 a year earlier.

The gasoline stocks at the end of the week compared with 94,045,000 barrels a week before, and with 86,929,000 barrels a year back.

Gasoline production during the week was estimated at 12,794,000 barrels, against 12,185,000 barrels the preceding week.

Savings-Loan Unit Reelects Officers

COLORADO CITY, Jan. 22 — Officers and directors of the Colorado Federal Savings and Loan association were selected at the annual stockholders meeting Wednesday afternoon.

Re-elected as officers were: President, R. F. Fee; vice-presidents, E. R. Bibby and R. O. Pearson; secretary-treasurer, L. E. M. Hoth; attorney, Thos. R. Smith.

Re-elected for three-year terms as directors were Max Berman, J. W. Randle and O. E. Trulock. Holdover directors are Pearson, Fee, Bibby, W. W. Whitkey and Smith.

Statements of condition on December 31, 1941, were given each stockholder. The statement showed assets totaling \$124,858.37.

New Church Bldg. For Colorado City

COLORADO CITY, Jan. 22 — Ground will be broken Sunday afternoon for the new building of the Second Baptist Church at the corner of Oak and Eighth streets in Colorado City.

A special service at 3 o'clock will mark the ground-breaking, according to the pastor, Rev. E. E. (Gene) Barber.

The new structure will be of cement tile, 40 by 50 feet, with Sunday school rooms in the basement and the auditorium.

Doctor Curie Idle Hand KANSAS CITY, Mo.—Patients waiting to see a woman doctor here no longer read magazines. They pick up one of the eight pairs of knitting needles and yarn on the reception desk and go to work for the Red Cross. When they leave they put the unfinished work on the desk for the next patient to continue.

The floor area of the Library, of Congress is more than thirteen acres.

Editorial —

Only Eight Days To Pay Poll Tax

Eight days remain in which poll taxes must be paid if those from whom this tax is required expect to vote in the elections that will be held in Texas this year.

There will be candidates in plenty, and choice of them must be made. Only the poll tax payers and the exemption holders can engage in this important affair.

They will be still heavier. But the small amount required for a poll tax certificate, compared with his worth, is of little if any consequence.

Hollywood Sights and Sounds— For The Fourth Time—Here Comes That Film 'The Spoilers' Again

By ROBBIN COONS HOLLYWOOD — A good many years ago a gentleman named Rex Beach wrote a book called "The Spoilers" and any way you look at it he did the movies a good turn.

ener, but he's been around. Sailed a few of the seven seas, and knew a good many of the nation's race tracks by heart. Once he gained a splurge of fame by running up a \$2 bet to \$37,000, enjoying his wealth for nine months before he lost it all back.

Farm Price Fight — Henderson Or Wickard Must Lose

By JOHN GROVER AF Features Service Writer The only thing certain about the struggle for control of farm prices under the pending price control law is that one of two government big shots will be kicked squarely in his official teeth.

Henderson and Wickard. The farm bloc senators want Wickard, the farmer, running the farm price show. Senators from industrial states seem to feel their city constituents will get a better price break with Henderson giving orders.

Wickard Promotes Hogs Wickard's rebuttal pointed out that he already has control, through surplus, of corn prices and that they had been deliberately held below parity to promote hog production.

NO TIME FOR LOVE

Chapter 24 FREDDY GONE TOO In a drugstore at the corner they found telephone booths, and Miss Dorcas lost no time in entering one, where she called Long Distance.

By WATKINS E. WRIGHT and that I'll be right up, the moment I can catch a train. "Yes," said Mr. Stone, "I'll tell her. I shall I prepare a room for you."

talk matters out sooner or later, and up here in the country would be a good place. The sooner Aunt Dorcas knew her decision, the better.

And Nothing Can Be Done About It

ED TOLD ME A GOOD ONE TODAY. HE SAID HE AND HIS WIFE HAD DINNER IN A RESTAURANT LAST NIGHT, AND THEY TOOK THEIR DOGS ALONG.

THEY HAD JUST SAID DOWN WITH THE DOGS GOT EXCITED OVER SOMETHING AND TIPPED OVER THE TABLE.

Others Wanted As Aviation Cadets

An urgent appeal for young men, particularly those 18 and 19 years old, to enter the service as aviation cadets, was voiced here Wednesday by Sgt. Troy Gibson, U. S. Army recruiting officer.

Senators Suspect In short, the farmer senators suspect Henderson of a tendency to hold down prices, no matter what the effect of farm production. The farm boys also have the feeling that labor and industry have been getting preference in war boom laws.

Japs Moving In Fear Of Bombing CHUNGKING, China, Jan. 22 (AP)—Fear of air attack by allied bombers has caused 30,000 to 40,000 Japanese to leave parts of Japan for Shanghai and other centers along the lower Yangtze valley, a Chinese army spokesman asserted today.

Plan Safeguards For Oil Fields

By the Associated Press Plans to safeguard Texas' vast oil fields against air raids or sabotage are being perfected.

She saw Rod dash through the gates and disappear. Then after checking the rest of his baggage, she told the redcap to put hers in a taxicab. And again she gave the address of Lavinia's apartment, hoping against hope that her niece wouldn't be silly as to marry some other man, when Rod was the one meant for her.

More Tires And Tubes Rationed The tire ration board this week issued certificates for sales of 21 casings and 16 tubes, steadily working toward the January quota.

Car Sales Before Jan. 1 Made Good

DALLAS, Jan. 22 (AP)—Completion of automobile sales closed prior to 5 p. m. Jan. 1 was authorized by amendments to the government's freezing order received yesterday by J. E. Joyce, chief of the OPM priorities field office.

General Rommel Gets New Honor LONDON, Jan. 22 (AP) - Adolf Hitler has awarded General Erwin Rommel, commander of German forces in Libya, the oak leaf with swords to be added to his knight's cross of the order of the Iron cross, the Berlin radio announced today.

Freeze Endangers Peach Crop WEST PLAINS, Mo.—The severe freezes during January are feared to have ruined the 1942 peach crop in some sections of this fruit growing area. Below zero temperatures are not believed to have hurt other fruit crops and growers hope the peach damage will not extend over the entire area.

DO FALSE TEETH Rock, Slide or Slip? FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, goosy, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.—adv.

Got An Idea For 1943 Car Tags? State Would Be Happy To Hear It

AUSTIN, Jan. 22 (AP)—This is to report the highway department is still nursing a terrific headache—the matter of 1943 automobile license plates.

Neither cure nor temporary relief is in sight for the months old complaint, caused by the wartime materials shortage. Moreover, officials frankly admit they don't know when—or if—one will come.

Coffee Company Is Assisting In Paper Salvage

Paper board made from waste paper salvaged during 1941 provided the essential containers for 90 per cent of the goods shipped under the lease-lend agreement, as well as other necessary defense needs, announces the U. S. office of government reports.

During the past year, the amount of waste paper salvaged ran 15 to 20 per cent over the previous all-time high. Alert business firms have already made important contributions in this field to aid national defense.

Trade estimates indicate that the average family may save a pound of waste paper a day. The office of government reports estimates that about 50 per cent of the paper produced in the United States each year has been destroyed. However, the bureau of industrial conservation of the OEB is setting up state salvage committees as a part of the state organizations of the office of civilian defense.

Principal use of waste paper is the manufacture of paper board. Of the 8,000,000 tons of paper board produced in the United States last year, 25 per cent was used for defense. Waterproof paper board is used in packing and shipping of goods of every description, such as shirts and shoes for selectees, food for the armed forces, parts for airplanes and ammunition from ordnance plants.

Burnett-Uhl Machine Service Modern

The Burnett-Uhl Machine Co. at 24th and Gregg in Big Spring does much to improve the industrial efficiency of Howard county. Stationary or portable welding and general machine work of all kinds are cared for.

The industrial efficiency of any town or community is always dependent on the number of manufacturers or industrial firms found within its bounds. This type of business provides payrolls to be distributed in the city of their location, increases the commercial efficiency of their own territory and adds to the economic life of the entire community in which they are established.

For these reasons, plus the fact that Big Spring is quite some distance from any larger city where such a service would be available, the Burnett-Uhl Machine Co. represents one of the most important industrial firms. Originally established here in 1930, this firm has since built up a business which now extends in all directions from Big Spring and as far as 200 miles away in some cases.

Their experience and equipment saves local industry hundreds of dollars in time and money in the course of a year. Often for example when only a small part of a machine breaks or becomes out of order, it slows up or stops completely the work of that machine and the man working with it.

Oil Firm To Spend Heavily For The War

HOUSTON, Jan. 22 (AP) — The Texas Company will spend between \$25,000,000 and \$30,000,000 on plants and other projects for the war effort, much of it on the Texas Gulf Coast, W. R. S. Rodgers, president, said here today.

Mr. Rodgers, with a number of directors and other officials of the Texas Company, is on an inspection trip to Texasco properties in the south, southwest and middle west.

"The Texas Company is spending a great deal of money this year in response to the wish of Secretary (Harold L.) Ickes, coordinator for the petroleum industry, to build up its oil potentials and crude oil reserves, and in addition to this, is embarking on a large program for the construction and manufacture of Toluene (a base for high explosives) and 100-octane aviation gasoline," Mr. Rodgers said.

"The Texas Company also is planning on plants for the manufacture of butadiene, the raw material from which synthetic rubber is made. Our directors want to know how and where we can spend this money most effectively."

Among the plants ready to get under way on the gulf coast are a \$2,500,000 lubricating oil plant and a \$7,500,000 alkylation plant for processing 100-octane aviation gasoline. Secretary of Commerce and Federal Loan Administrator Jesse H. Jones announced in Washington Tuesday that the government has contracted to buy all of the Texas Company's output of 100-octane aviation gasoline.

Other definite projects are a \$5,000,000 toluene plant and a \$4,000,000 100-octane aviation gasoline plant to be built in the north. Where the butadiene plant will be built, or how much it will cost, have not yet been determined, Rodgers said.

Something To Do OKLAHOMA CITY, Jan. 22 (AP) — There'll be many an idle moment down on the farm what with the family bus jacked up, rims rusting on all four wheels.

And Edwin Stark, president of the American Nurserymen's association, is sympathetic to the situation. "Now's the time to sell them trees and shrubs," he told Oklahoma nurserymen. "You'll be doing them a service by giving them something to do—working in their gardens and flower beds."

Just A Reminder ARKANSAS CITY, Kas., Jan. 22 (AP)—Miss Stella McCain settled down to enjoy a movie. "What's Cooking?" flashed the title line of a short.

Miss McCain shrieked and left hurriedly to turn out the fire under some apples in her oven. Abbreviations were commonly used among the ancient writers.
