JAPANESE STRIKE AT ANGANCHI

FLOOD IS RESTING EASILY

No Charges Filed in Case; Sid Hedges Held in Jail

Frank Flood, shot in an east side altercation Saturday night, was recovering at his room in the Western hotel, according to a physician in attendance.

Sid Hedges, Midland man, was held in jail, the sheriff's department said. No charges had been filed against him this morning.

An X-ray examination showed that a .45-caliber slug had entered Flood's hip and that it had been deflected by the thigh bone so that it did not lodge. In case no complications set in, the man will be able to walk in five or six days, the physician said.

The shooting happened early Saturday night, and Flood was rushed to a hospital, where emergency treatment was given him. He was able to be moved to his hotel that night.

Cowden Well Is Drilling Ahead

Weekly Oil corporation and Casteel & McCurdy's No. 1 E. F. Cowden, an Ector county wildcat, which had drilled late Saturday 1,650 feet in anhydrite, was drilling ahead today, according to last reports.

The well had topped the anhydrite at 1,535 feet and the salt at 1,545.

Location of the well is section 33, block 43, township 2 south, T. & P. Ry. Co. survey, about nine miles northeast of the Penn pool.

Even Clarence Is Satisfied to Loaf

Ducks may become part of the livestock portion of the North Curtis place of Clarence Scharbauer. John Dublin reported so much rain Friday night that the earth tank overflowed and placed water around the concrete trough. He suggested to Scharbauer that since it was still raining Monday something ought to be done.

"No, just put out some ducks. As long as it's raining we won't worry. There are too many dry days to repair water tanks in, just put out some ducks to use that water," the rancher told Dublin.

No Alibi Can Be Offered at Course

Golfers at country club have no alibi now when they pitch their shots to the greens. If the ball rolls off the green they have "put a little too much on it" and the condition of the greens cannot come in for criticism.

Hull greens have been replaced by oiled sand. Putting is much surer, those who made the rounds Sunday said.

Waterfowl Season Has Noon Opening

The season for hunting wild ducks, geese, brant, and coot opened at noon today in Texas, that part of New York known as Long Island and in New Jersey, Delaware, Maryland, the district of Columbia, Virginia, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Tennessee, Kentucky, Arkansas, Louisiana, New Mexico, Arizona, Nevada, California, Oregon, and Washington. The season in these states will close at sunset on Dec. 15. In Florida the season for the same birds opens at noon on Nov. 20 and closes at sunset on Dec. 19.

Persons were cautioned against hunting wild ducks, geese, brant, and coots in the states mentioned prior to noon of the opening date or after sunset of the closing date, under penalty of prosecution in federal court. This statement was issued from the biological survey of the U. S. department of agriculture, which has charge of enforcement of the migratory bird treaty act and the regulations thereunder.

CONDITION SAME

The condition of Lee Reynolds, injured cowpuncher of the Purney Hill ranch, 20 miles north of Rankin, was only slightly changed today.

He was injured last week while riding the range. His horse returned to the ranch house and a searching party found him wandering about on the pasture, dazed.

The McCamey News says a party was gathering in Upton county, under the leadership of Deputy Sheriff Ed Schaubert, when news of the finding of Reynolds by a Midland county posse was announced.

Highly Approved

After a glimpse of this picture, you probably have given your approval to lovely Milic Anny Ondra. So did the Czechoslovakian Ministry. High government officials proclaimed the actress "one of the republic's greatest assets" and "unquestionably the most popular woman in the country."

INSANITY PLEA HINTED AT IN SHOOTING CASE

WACO, Nov. 16. (UP)—Defense attorneys indicated today that they would plead insanity in the trial of William Cordele Beck, 19, former Texas University student, who has confessed murdering O. L. Jones, automobile salesman.

The trial is scheduled for Nov. 23. Beck confessed the murder and robbery of Jones after he had bought him a meal.

Business Picks up, Reads Odessa Report

ODESSA, Nov. 16.—According to statistics compiled by the Odessa chamber of commerce, there has been an increase of six per cent in business activities in Odessa. In-bound freight shipments show a marked increase over the previous month, and all indications point to a better report next month. Oil men all over the country are closely watching the developments in the Odessa field, and two large oil supply companies have started plans to locate houses in this city.

There has been a very noticeable decrease in the number of unemployed in spite of the increase in the city's population.

Judd's First Clinic Was in Texas

SAN BENITO, Tex., Nov. 16. (UP).—Dr. C. W. Judd, husband of the confessed "trunk" slayer of two Phoenix women, established the first hospital in Edinburg, near here, it has recently been revealed.

Dr. Judd arrived in the valley shortly after the close of the World war and contracted with a building company for the erection of a \$50,000 hospital in Edinburg. The first unit, costing \$11,000, was built but never paid for in full by Dr. Judd. He departed after about six months residence.

Dr. Judd's wife at that time—not his present wife accused of the murders—was a Menard, Texas, woman. She died several years ago and he married Winnie Ruth McKinnell.

Late News

OKLAHOMA CITY, Nov. 16. (UP)—The bodies of Mrs. Arlie Cecil and C. B. Edwards were found in an automobile parked on a highway near here today.

Notes were left to the woman's husband, who indicated domestic trouble. A verdict of murder and suicide was returned.

SANTA MONICA, Nov. 16. (UP)—C. V. Leavitt, President Hoover's brother-in-law, charged not guilty today to a plea of possessing liquor.

His trial was set for Nov. 24.

SEVEN BANKS TO BE REOPENED IN A SHORT PERIOD

Seven of the 10 West Texas banks which closed their doors during the last two months are either open or reorganization plans have been perfected to a point where there is little doubt but that they will be doing business in a very short time.

The Big Lake State bank has been open for two weeks. The Security bank of Ballinger opened last week and the reorganization of the San Angelo National has been completed and it will be opened on November 30.

The new capital of the First National bank of El Paso has been subscribed and approximately all of the capital for the Security National of Brownwood has been secured by the reorganization committee there. The Del Rio National bank of Del Rio is to take over the deposits and assets of the First National of that city and reorganization is expected to be completed by the last of this week. The reorganization plan is progressing rapidly at Fort Stockton and the First National bank there may reopen soon.

Plans are under way to reorganize the three closed banks of Coleman, but as yet no definite scheme has come out of the many meetings people of that community have held.

Plans are under way to reorganize the three closed banks of Coleman, but as yet no definite scheme has come out of the many meetings people of that community have held.

Cuban Air Ace to China for Battle

HAVANA, Nov. 16. (UP)—Peace has pallid the adventurous spirit of Diego Galindo Domenech, Cuban soldier of fortune, an ace in the United States army air corps in France and one of Cuba's leading flyers.

He is sailing for Shanghai to offer his services to the Chinese air corps against Japan. He has just dismantled his speedy Hispano-Suiza plane, recently made ready for a Cuba-to-Spain flight, and shipped it on ahead.

Falls 16,000 Feet When Tank Fails

MT. CLEMONS, Mich., Nov. 16. (UP)—On squadron flight 20,000 feet aloft, Lieut. George A. Hersam, army pilot, felt himself losing consciousness. He struggled for air, tugging at his oxygen mask.

"Then," he later described the experience, "I passed out."

Lieuts. Hugh Coleman and Emmet O'Donnell, two of the other 11 pilots flying from Selfridge field to Washington, saw their comrade's plane dive, and zigzag downward. Somewhere, 16,000 feet below, Lieut. Hersam recovered consciousness, and straightened his plunging plane to an even flight. His belated lungs were relieved. He followed the squadron to Bolling field, and was welcomed by the comrades who thought him lost.

LIQUOR CAUSES DEATH

Drinking Party Ends In Three Deaths; Another Ill

BORGER, Nov. 16. (UP)—J. E. Mackey, 48, was near death today following a party last night at which A. E. Ward, 45, Arthur G. Whitaker, 39, and George Thomas, 42, died from poisoned liquor.

Police found the men ill after apartment neighbors complained of noise.

Police found an empty can which had contained radiator fluid. The trio died in a hospital later.

AMARILLO BRINGS TELEPHONE CO. TO TERMS IN FIGHT

AMARILLO, Nov. 16.—Amarillo has brought the Southwestern Bell Telephone company to terms, thus completing its victory over every public utility in the struggle for lower rates. It has also cut the cost of water and taxes.

The city has not evaded a single issue but has taken the trouble and pains to challenge, and fight to a satisfactory settlement, every utility and tax problem.

"With the rest of the world, Amarillo is on a new economic plane," says Mayor Ernest O. Thompson, who has led this battle against utility giants. "Incomes are reduced. We decided that the only way to get along under the new order of things was to adjust the burden of the people in proportion."

The city took the first step, reducing taxes more than 28 per cent. The tax rate was cut from \$1.35 per \$100 to \$1, and valuations were not increased to neutralize this cut. City tax reductions are based on 75 per cent of actual values. The \$1 tax rate was set up last year and again this year. The city's fiscal affairs have been reorganized so that with the present rigid economies continuing into the future, the \$1 rate can be used for the next seven years at least.

"Our people appreciate the low tax rate now in effect and in prospect for so long a time ahead," says Mayor Thompson.

The second step also was taken by the city in reducing the water rates. By introducing very material economies in the municipally owned plant the price was reduced from 50 cents per 1,000 gallons to 27 cents, saving the people a great deal of money yet leaving enough profit to pay every requirement of interest and sinking fund, set up a depreciation reserve and earn the comfortable surplus of \$158,000 cash in bank.

After putting its own house in order, the city government next tackled the gas rate. The spectacular fight, lasting more than a year and attracting national attention, brought the price down from 45 cents per 1,000 cubic feet to 27 cents, this rate being written into the long-time franchise.

Negotiations with the company producing electricity brought the price down from 9 cents per k. w. h. to 7 cents for domestic users, while the electricity used in schools of the city and for street lighting and pumping costs 1.3 cents per k. w. h.

The gas and electric rates cuts save the people of Amarillo \$500,000 a year in pocket, or \$10 for every man woman and child in this city of 50,000.

The last step was to secure a cut in telephone rates. A reduction of 25 cents per month for residence and 50 cents for business phones was obtained. But the city commission, joined by the chamber of commerce and thousands of citizens, continued the fight, which is now drawing to a close. The Telephone company announced at the city commission meeting on last Tuesday night its positive assurance that terms would be reached "satisfactory to the city."

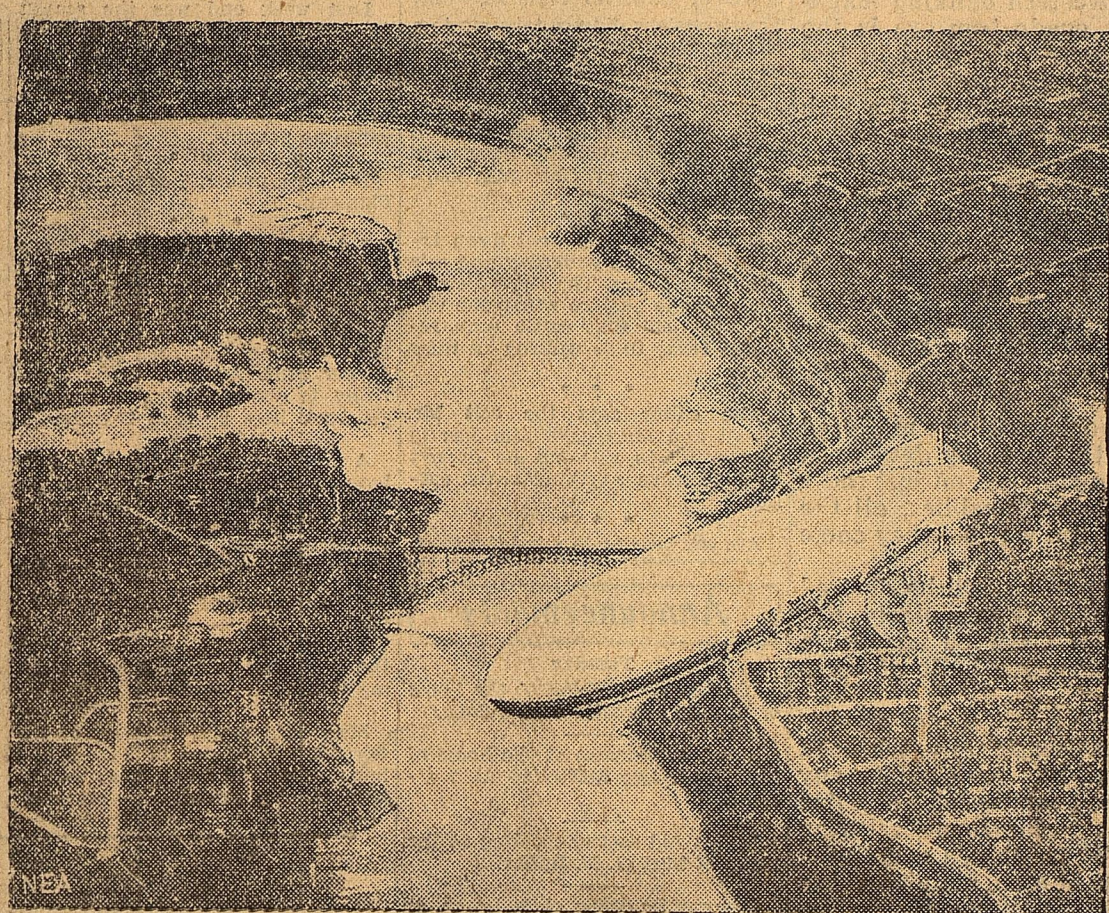

About \$1,000,000 a year has been saved to the people of Amarillo in cash, which they would have had to pay under the old tax and utility rates. This explains in a measure why Amarillo has been able to stay in the "white spot" of the Nation's Business map for the past 30 months.

"The best part of our struggle," says Mayor Thompson, in summing up the results, "is that there have been no hard feelings. The utility companies and people alike are happy to have stepped down to a permanent new rate level."

OFFICIALS ELECTED

ODESSA, Nov. 16.—The Odessa chamber of commerce, at a meeting Friday evening, elected the following officers for the ensuing year: J. T. Long, president; George Elliott Jr., vice president, and R. E. Lea, treasurer.

When Man-Made Giant of Air Met Nature

This remarkable exclusive photo of the giant airship Akron was taken by a cameraman for NEA Service and The Reporter-Telegram as the navy cruiser paid an unofficial visit to Niagara Falls, N. Y. Sightseers were given a chance to compare the unusual contrast of one of man's latest and greatest achievements and one of nature's oldest and greatest beauties, all in one view. This is the first picture ever made by a still camera of an airship over Niagara.

KEEL-ROBERTS SUIT RESUMED IN ABILENE

ABILENE, Nov. 16. (UP)—Arguments began today in the re-hearing of the \$50,000 breach of promise suit of Madge Roberts against J. Louis Keel, young Roswell, N. M., rancher.

The girl testified that Keel promised to marry her but married another. She said she lost 20 pounds and became melancholy.

Jurors were unable to agree at the first trial.

Leonid Meteors To Fall Tonight

If the clouded skies do not conveniently clear, Midland people who stayed indoors last night will miss seeing tonight a spectacle that happens for the second time in 65 years.

Shooting stars were to be seen during the night when it was clear enough to observe them. Tonight and tomorrow night other displays of Leonid meteors are scheduled.

Astronomers, who know their stars, predict an even more brilliant display next year in case the offering this year is unusually good.

Airplanes Attack Snails on Ranches

WASHINGTON, Nov. 16. (UP)—Airplane attacks on the lowly snail have been devised to aid sheep ranchers in ridding their flocks of the murderous liver fluke.

According to the United States department of agriculture, it was found that snails were perfect hosts to the larvae of the fluke which so endangers the sheep.

When the snails' guilt had been established various methods of applying copper sulphate were tested. No effective means of scattering the death dust was found, however, until an airplane pilot offered his services.

CASE IS TRIED

This is "jury week" in county court. The jury likely will serve two days, according to County Judge M. R. Hill.

The case of State vs. Edwards had not been completed by noon. The defendant is being tried on a charge of having given a bad check.

McClintics to Feed Own Crop to Calves

McClintic Bros. will feed about 120 head of heifer calves and the light end of their steer calf crop, using feed from their farm which is operated by Wm. Skeen. On this farm they produced 80,000 bundles of heira and maize on about 450 acres, also making more than 50 bales of cotton on 100 acres. They worked the big crop with a tractor, four rows at a time. The feed crop rows were a mile long. The McClintic brothers have five farms in Midland county, the one operated by Skeen lying partly in Glasscock county.

They Really Burn Breeze to Roswell

Here's a speed item: Clarence Scharbauer and Millard Eidson left Midland Saturday morning at 5:30, and at Lovington, 118 miles away, it was light enough for them to turn off their lights. They ate breakfast in Roswell, 220 miles distant, and at lunch in Santa Fe, 424 miles away. It was a late lunch, however. Scharbauer said they seldom get over 70 or 75 miles an hour.

Prairie Location Encounters Gas

Prairie Oil & Gas company's No. 1 Archenhold, in Ward county, this morning encountered at 2475 feet approximately one million cubic feet of gas which blew the tools out of the hole. Preparations were being made at noon to restrict the tools and proceed with drilling.

No gas or oil shows have been reported from this well before.

The well is located in section 23, block H & T. C. survey.

King Hard Hit As Boom Exits

MCCAMEY, Nov. 16.—Five years ago bright lights shone on a gaily decorated lunch counter and men with the stain of oil on leather jackets and boots stood in line for a chance to eat. A piano in a corner batted out disk tunes, to stir the oil workers to a screen of well being while shouts of natty waitresses mixed well with the tones of the mechanical music. Oil King Blackie, famous restaurant man, was at his height. The cash register clicked steadily as bills, averaging \$1, were paid to a young woman dressed in white and orange. Talk at the counters was of new fields, of big wells coming to life under the mystic incantations to the north. Blackie fed them all—and many oil field men who were out of jobs knew that they could eat at Blackie's place until they drew their paydays. Oil King kept it up for a long time. When the noise of the boom fled to other fields, the King and his panache moved along, and the lights in the gay eating place of the King were dimmed for the first time. To Hobbs he went, where the new boom was settling, but only for a short time. Then it flew away, with its wings of gold, and left the King the biggest restaurant he had ever known—but no cash customers. Plenty of the other kind, but few of the boys with the cash.

On Dec. 1, in Rankin, Bill Fowler, Upton's sheriff, will sell at auction property of the King, R. B. Beckler, to satisfy a grocery bill of \$336.75. The King in the meantime is getting started again in the East Texas oil fields and when the wandering oil crowd pays him, as they always do, he'll be back again having them stand in line for service.

CHOIR TO SING

A male choir of the Big Spring Episcopal church will sing at the Episcopal services here Tuesday evening at Trinity chapel.

Regular monthly services are to be conducted by the Rev. W. H. Marting, beginning at 7:45.

REDISTRICTING FOLLOWS NAMING OF NEW OFFICER

By GORDON K. SHEARER United Press Staff Correspondent AUSTIN, Nov. 16. (UP)—Selection of a successor to the late republican congressman, Harry M. Wurzbach, may have a wide effect on the proposals for congressional redistricting in Texas.

Former redistricting plans had placed Bexar county in a district by itself for the avowed purpose of breaking up the district in which Texas has had its lone republican representative at Washington, for years.

If, as seems likely, a democrat is named now, the demand for revision of the district may be quieted.

County Judge William Wurzbach of Bexar county, brother of the late congressman, announced he would not be a candidate despite likelihood that he would be given strong support.

"Much of Congressman Wurzbach's support was personal rather than because of party lines," said State Representative F. C. Weinert of Seguin. "This should go to William Wurzbach and, with the normal democratic strength which he has, assure his choice."

Possibility of redistricting is expected to confine the race to Bexar county candidates. Persons from the other counties do not fancy a race, with the prospect that the next session of the Texas legislature will reform the district, leaving their counties out of it. Weinert says this alone will prevent any strong fight being made for a candidate from the late congressman's home county of Guadalupe. Prospective candidates from Copue Christi also face the same difficulty.

The San Antonio city organization can be counted upon to back to its full strength any candidate whom Congressman John M. Garner, prospective speaker, may want. Whether the Uvalde congressman will find it necessary to "pick," however, is doubtful. But should he pass the word along, the city organization will accept it. This is not alone because of the desire to strengthen the democratic hold on the house of representatives but because of a close friendship. Both Garner and Mayor C. M. Chambers of San Antonio are natives of Red River county, Texas, and old friends. Carl Wright Johnson, announced candidate, also lived in Red River county before moving to San Antonio.

One of the keenest, "Don't Quote Me" democratic politicians of the state is confident that the republican state organization will not make an effort to hold the district.

"R. B. Creager, republican national committeeman, is no fool," he said. "He is not going to risk damage to the prestige of the republican state organization by subjecting it to a likely defeat in this race. Wurzbach was always at odds with the Creager organization and was repeatedly elected to congress. Think what a reflection it would be on that organization if it now to lose the district if it made a fight."

Redistricting before the next regular election of congressmen is only (See REDISTRICTING page 4)

CHINESE CUT OFF COLUMN

Withdrawal of Sino Forces Refused By Command

MUKDEN, Nov. 16. (UP)—The Japanese army fought its way to within striking distance of Anganchi today after a combined artillery infantry and a bombing plane attack smashed through the Chinese forces on the Nonni river front.

Extensive fighting in the Nonni sector was resumed at dawn.

A Japanese communique announced that the Chinese cavalry had cut off communications between the Taonan and Japanese troops in the Nonni region. The severance means the Japanese advance lines are cut off from its base.

The situation is described as critical. Two hundred Chinese were killed in the attack.

Chinese Refuse to Obey Ultimatum

HAFBIN, Nov. 16. (UP)—General Ma Chan-Shan, commander of the northern Manchurian Chinese army, today vealily informed Japanese representatives he would not comply with the terms of the ultimatum expiring at noon today.

The ultimatum asked instant withdrawal to the northward of Chinese troops.

Winkler Location Reported Spudded

The Sid Richardson et al. No. 1 John Sealey estate, in Winkler county, was reported in Midland today to have spudded Sunday. Early last week it had completed the cellar and was laying a water line.

The location of the well is 330 feet from the south and west lines of section 92, block A. & M. M. B. & A. survey, about four and a half miles east of the Richardson pool.

Bride Assaulted; Man Being Sought

COMMERCIAL, Nov. 16. (UP)—Posses searched today for the man who attacked Era Holley, 16-year-old bride, after forcing her into his automobile for a ride yesterday. She was forced into the car at the point of a pistol.

After the attack the girl was pushed out onto the street.

Indian Forecasts Few Heavy Snows

TONOPAH, Ariz., Nov. 16. (UP)—Nevada will not have much snow this winter, Reveille George, 100 years plus, believes. Reveille is Nevada's oldest Indian and has been prophesying weather conditions for "many moons."

George says of the coming season: "Winter—he come late this year. Much snow before big snows. Mohby not much snow again this time—five, six years now, not much snow. Pineuts he pretty good some places, not much in Kawich. Not much pineuts in Wawich next year, Chippmunks he not put away much pineuts. Robins and pincrows he stay late this year. Cottontails, she get thin skin. My friend Wagonpoke Charlie, he come down Quinn Canyon range, he tell me muskrat no build him houses for winter."

WHEN RESOURCES END!

Not quite like mysterious finger writing a prophecy of doom on the palace wall, but rather ominous just the same, was a recent forecast in a middle western banking magazine that present reserves of high grade iron ore in the Lake Superior district will be entirely exhausted in less than 30 years if present rates of shipment prevail.

Of course, new deposits may be found in the rich Minnesota and Michigan ranges. If not, there are extensive low-grade reserves there which may, through some cheap new process, become commercially available. If not, there are still vast deposits elsewhere in America, and water transportation is still cheap. And yet—

The forecast, somehow, is disconcerting. For it points to a fact that we like to forget—the fact that there is to be, some day, an inevitable end to the natural resources of the earth. Oil, iron, coal—some day, soon or late, mankind will have used up the last of them, and there will be no possibility of getting any more.

In former ages, perhaps, this would not have mattered quite so much. But the civilization that is being developed now is founded, in a peculiarly intimate way, on just those commodities. Skyscrapers, railroads, automobiles, all the great machines that do the work of the world—they come back to this triumvirate inescapably.

To be sure, a cheap synthetic gasoline will be devised some day. Water power may replace coal very nicely. But who ever heard of a synthetic steel? Can you imagine a papier-mache skyscraper, or a locomotive built of corn-stalk fibers?

Yet this approaching end of the great age of steel is a certainty which we need to look at occasionally. We need to be reminded that we are not building for eternity any more than the Babylonians did. The proudest city sky line will some day vanish. The most imposing manufacturing district will lose its smoke-cloud. These things constitute, not an everlasting framework for human activities, but an insubstantial back-drop which will presently be removed.

OUR AIRMAIL INCENTIVE

Development of the air mail system at government expense has probably done more than any other factor to promote the rise of commercial aviation lines in the United States. Yet the whole vast job has really cost the taxpayer comparatively little.

Charles L. Lawrence, president of the Aeronautical Chamber of Commerce of America, Inc., revealed the other day that in the last 14 years the federal government has spent just a little less than \$67,000,000 on its airmail system. This includes everything, from operation costs to the establishment and maintenance of the great lighted airways.

Considering the service that the airmail has rendered, together with the extensive spread of privately owned commercial air lines, it is easy to see that Uncle Sam got full value for his money.

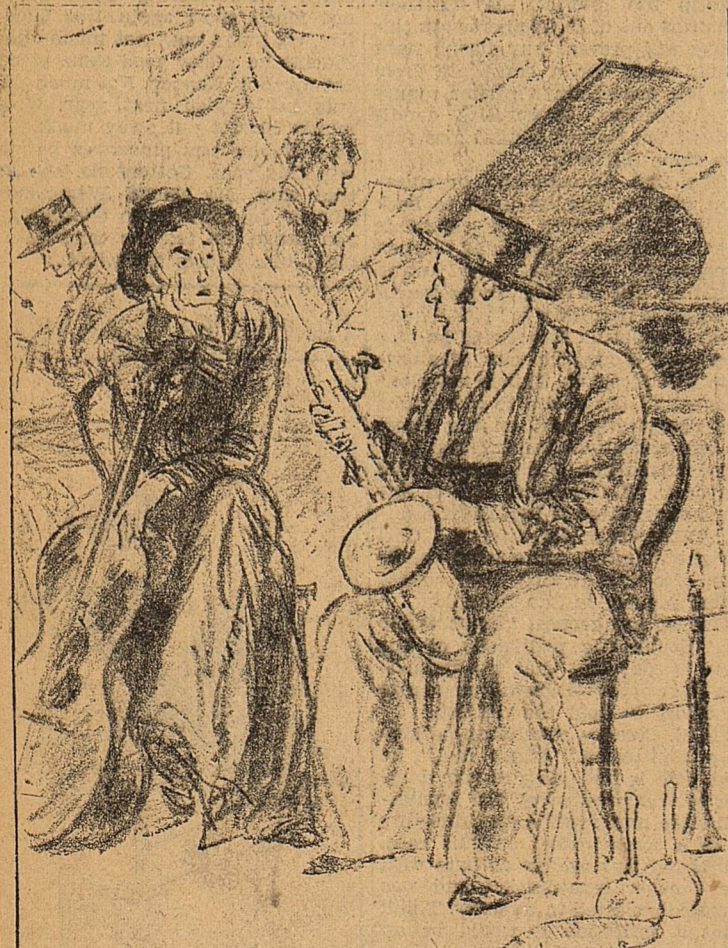

PASSING OF SENATOR CARAWAY

The Senate that convenes next month in Washington will be a less interesting and colorful place than it has been in the last few years. It will miss the late Senator Caraway of Arkansas very much.

Senator Caraway could always be depended upon to take a hand whenever the debate became fiery. Furthermore, he almost always said something pithy and to the point. He had a genius for deflating swollen oratorical efforts with a sudden shrewd question or a sharp and acidulous comment, and he provided a great deal of interesting reading for the Congressional Record.

The Senate will not be quite the same without this irrepressible man from Arkansas. It has lost a member who—whatever your own reaction to his political beliefs may have been—was able, courageous and alert, and who never, by any chance, went to sleep when a party war was brewing.

Side Glances by Clark

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything.)

with Colorado here this week? Get ready to back the Bulldogs in a wild orgy of scoring and let's see Midland get the second game in the win column by not less than 30 points.

Last week end was the season for upsets in football, especially in the southwest. By tomorrow I hope to be able to give you all the dope for this week end, as I am sure you will want to know as far in advance as possible.

For hook maker, I nominate Pete Flanagan.

I don't know whether the Men's class at Hotel Scharbauer obtained members under false pretenses yesterday or not, but Uncle John Scharbauer was billed to sing and the attendance increased more than 50 per cent. Anyway, Uncle John really is going to sing if he can get back here by next Sunday.

A Midland man who has four boys in school got through looking at their report cards and asked them if they were trying to be the marks brothers.

congresswoman of Florida.

Mr. and Mrs. C. W. Post spent the week end in San Angelo visiting relatives.

Miss Julia Ward, secretary of the telephone company in Pecos, and her mother and sister, were visitors here Sunday evening.

Announcements

Tuesday
Choral club meeting at the home of Mrs. Foy Proctor at 7 o'clock.

Y. W. A. program at the home of Miss Sara Lee Matthews at 7 o'clock.

Ladies Aid society meeting at the home of Mrs. G. H. Butler.

Community Bible class lesson at the home of Mrs. Edwin C. Calhoun at 4 o'clock.

Mrs. A. S. Legg will be hostess to the Edelweiss club at 3 o'clock.

Teachers' Health class at the court house at 7:30.

Wednesday
Workers' council of the First Methodist church will be held following prayer services.

Wednesday club members will meet with Mrs. Frank Cowden at 3 o'clock.

Mothers' Self Culture club will meet at the home of Mrs. M. M. Seymour at 3:30.

Play Readers' club will have a meeting at the home of Mrs. J. R. Ashley at 3:30. Mrs. W. W. Patrick will read.

Thursday
Mrs. M. R. Jackson will entertain the Thursday club at 3 o'clock.

Mrs. W. M. Schrock will be hostess to members of the Laf-a-Lot club at 2:30.

Country club bridge party at the club house at 8 o'clock.

Teachers' Health club meeting at the court house at 7:30.

Friday
Dinner-bridge affair will be given by Mrs. W. C. Kinkel and Mrs. C. E. Patteson for members of the Thursday club at 7 o'clock at Hotel Scharbauer.

Belmont Bible class will meet at the home of Mrs. B. M. Hays, 511 San Angelo street, at 3:30.

Saturday
Children's story hour at the county library at 2:30.

Boys' and Girls' World club will meet at the First Methodist church at 3:30.

Personals

Mr. and Mrs. O. L. Walton and daughter, Minnie Lee, left this afternoon for Alpine on a several days' business trip.

J. B. Hoskins, Bill Hembree and Miss Adella McCall attended the flying circus in Big Spring Sunday afternoon.

Mr. and Mrs. A. E. Horst visited in Big Spring Sunday afternoon.

Horace Woodruff of Pecos visited friends in Midland Sunday afternoon.

Miss Mary Wallace, formerly of Midland, was here this week end from her home in Big Spring.

L. P. Dooley, attorney of Amarillo, was a business visitor here Saturday.

W. W. Lackey, Miss Lena Solomon and Miss Allen returned Saturday from Abilene where they attended the Breckenridge-Abilene football game and heard the lecture of Mrs. Ruth Bryan Owen.

Above is a sentence of four words. The dots indicate missing letters. If the correct letters are inserted, the four-word sentence can be read the same forward and backward.

SOCIETY

Triple L League Is New Organization Of Methodist Church

Large increases in the memberships of the Senior and Hi Epworth leagues of the First Methodist church have necessitated the formation of another group which is called the Triple L league, honoring Mrs. Linnie Lee Long, sponsor of the Hi league.

Twenty-five members of the senior high school age were present at the first program of the group Sunday evening. Mrs. Edwin C. Calhoun is sponsor.

Opening programs of the three groups are now being held in the church auditorium, separate meetings being held later.

An attendance of the three leagues and the Boys' and Girls' World club was reported to be over 30 this week end.

Tithing Programs Given in All Church Unions

Programs of the Every-Member campaign, a canvass being sponsored by the Southern Baptists at this time, were presented by the four B. Y. P. U. at their separate meetings and in the general assembly Sunday evening.

Representing the Young People's union, Ray Coleman, announcer, Conrad Dunagan, Marguerite Grantham, Annie Faye Dunagan, Frank Adams and Kathryn Cosper appeared on the novel radio program in the assembly.

The groups having programs before the assembly were the Intermediates sponsored by Mrs. George Haltom; the Juniors, led by Mrs. Alvin Hicks; the Peppy Partners, led by Miss Marjorie Ward and the Young People.

Happy Birthday!

TODAY
Nancy Lee Goodman
Doris Tidwell
TOMORROW
F. F. Elkin.

Mrs. Coleman Is On Program of Endeavor

Mrs. W. J. Coleman, an accomplished pianist and wife of the pastor of the First Presbyterian church, entertained with a piano solo as the special musical selection of the Senior Endeavor of the church Sunday evening.

Miss Velma Billrey was program leader. Discussions were given on "The Purpose of Life" by Leland Murphy, Marguerite Bivens, Avalyn Pogue and Mrs. R. C. Crabb.

Business and Party

A business meeting followed by a pleasure treasure hunt will be held for members of the Senior league at the home of Mrs. J. M. Haygood Tuesday evening. The meeting has been called for 7:30.

Quitting Postponed

The quitting, to have been held by the Ladies Aid society at the home of Mrs. G. H. Butler Tuesday afternoon, has been postponed because of the illness of several members.

New Fall Dresses now in McMullan's.

Round-Table Talks Are Interesting Features of Program

"What Is the Purpose of Life" was an interesting subject for the round-table discussion at the meeting of the Christian Endeavor members at the First Christian church Sunday evening.

Buster Howard was leader of the program and the Rev. Howard Peters delivered the principal talk. Plans were announced for a sunrise service and breakfast to be held on Thanksgiving morning by the Endeavor.

STYLE CHATS WITH Alma Archer

If you're one of these lighter-than-air people and have already joined the big back-to-the-soil movement, neither I nor Marchand can help you, but if you've decided to stick, and are going to help spend the few remaining dollars in the country, then I say it's in the bag for you to look more beautiful than ever, and be a perfect decoy for some broken-down financial wizard, who's game enough to laugh off his losses.

The moulded sheath evening silhouette will turn the trick. Just pour yourself into one of these gorgeous gowns that fit like your skin, preferably a Mainbocher model in black or fuschia, or brown, or sapphire, and see if you don't reach the apex, or zenith, or pinnacle, or top notch or something.

Anyway, you'll be aces and probably bring back a couple of gold standards.

Keep your baby with you always as you see him today—in photographs. Special Christmas prices for two weeks, beginning Monday, Nov. 16. Prothro Studio. Phone 262.

Many Children Hear Stories Told by Mrs. Abell

Stories told by Mrs. George T. Abell for the children attending the library story hour Saturday afternoon included "The Man Who Loved Hal Quai," "The Strong Boy," an Indian legend, "Elsa and the Ten Elves," "The Duty That Wasn't Paid," and "The Selfish Giant." Lorena Barber, Betty Kimbrough, and Frances Ellen Link recited poems.

Ted Dozier sang two cowboy songs. Those present were: Jane Hill, Gladys Sadler, Virginia Harding, Bessie Christine Johnson, Myrtle Matilda Abbott, Lucille Arnett, Garrett Arnett, Fred Arnett, Marjorie Hall, James Meirs, Doris June Bayless, Frances Ellen Link, Eileen Lucas, Paul H. Jones, Winona Jones, Clayla Evans, Mildred Beggs, Lewis Bewley, Marie Chism, Lunelle Hudman, Dorothy Jewell Bewley, Juandell Jones, Geneva Hinkle, Juanita Jones.

Glenna Louise Jones, Jean Hines, Minnie Inez Abbott, T. R. Abbott, Phyllis Richmond, Alec Seymour, Nancy Lee Goodman, Joan Dozier, Inogene Franks, Geraldine Franks, Dora Beth Reeves, Norma Jean, Francis Irene Palmer, Maxine Hays, Elward Hays, Henry Beth Abbott, Betty Sue Chapman, Ruth Reeves, Frances Lynn Meeks, Betty Joe Tate, Raymond Hundle, Margaret Josephine Mims, Ray Veale, Billy Joe Hall, Elsie Faye Zinn, Charlene Walker, Geraldine Walker, Beth Prothro, Lucy Alberta Smith, Ida Catherine Bishop, Wilbur Yeager, Edith Miller, Norene Barber, Imogene Miller, Chas. Edward Clark, James A. McCall, Jr., Joan Bond.

Minerva Jane Pool, Betty Kimbrough, Billy Kimbrough, Rosa Mary Johnson, Russell Lloyd, Jr., Anne Lloyd, Mamie Lee Abbott, Mary Margaret Calhoun, Jane Butler, Reynour Schneider, Billy Stanley Blackman, Douglas Schneider, Mary Lee Schneider, Eileen Eiland, Eula Ann Tolbert, Johnetta Schow, Norma Jean Stice.

Ladies' Coats Popular Prices McMullan's.

WHY do more and more smokers say:

"I've changed to Chesterfield"

BECAUSE . . .

THEY'RE MILDER. It's the tobaccos! The best tobaccos—the smoothest and mildest that money can buy—go into Chesterfield. Ripened and sweetened in the sunshine . . . cured by the farmer . . . then aged for two years in wooden hogsheads. No wonder you say, "They're so much milder!"
THEY TASTE BETTER. These mild smooth tobaccos are put together exactly right. That's Chesterfield's secret—but millions of smokers agree that the job couldn't be improved! Rich aroma of Turkish and mellow sweetness of Domestic, blended and cross-blended to Chesterfield's own BETTER TASTE.
THEY'RE PURE. Cleanliness and purity, always! Everything that goes into Chesterfield is tested by expert chemists . . . tested thoroughly. The purest cigarette paper made, burning without taste or odor. Sanitary manufacture . . . no hands touch your Chesterfields. They're as pure as the water you drink!
THEY SATISFY. You break open a clean, tight-sealed package. You light up a well-filled cigarette. Yes, sir . . . you're going to like this cigarette—you know that with your very first puff. And right there's where many a smoker changes to Chesterfield. They Satisfy!

"Now, an ordinary house ain't good enough for her. She wants a Spanish patio, whatever that is."

Miscellaneous

Two hundred thousand dollars worth of granite was ordered from Liano recently for the post office annex construction at Houston.

A SLUGGISH liver requires stimulation. This stimulation should not be forced by drastic cathartics, but by a mild, dependable purgative that will encourage the hepatic functions, increase the natural flow of bile, induce digestion, and cleanse the intestinal canal. The "RED BILI" liver pills are made from the prescription of a successful physician of Texas, having been used in his practice for many years, giving general satisfaction. Buy them from your druggist and be convinced of their usefulness as a family liver medicine. 214-1z

Central Park in the heart of New York City contains nearly 1000 acres of land. It was set aside in 1858.

STANTON GRID PLAYER, GENE M'GINNIS, SUCCUMBS TO POISONING

BLOOD POISONING SET IN AFTER INJURY RECEIVED IN SCRIMMAGE; WAS HERE WITH SQUAD ON OCT. 9

One of Stanton's plugging backfield men, Edwin Eugene McGinnis, has hit line for the last time.

The Buffalo player, 16, known to Midland fans as "No. 2," died at 9 o'clock Sunday evening in a Big Spring hospital, victim of blood poisoning which set in from an injured elbow and spread to most of his body.

A dramatic fight was waged for his life after doctors became convinced his chances were light. Magnolia Petroleum company officials, upon suggestion of E. W. Ticknor, superintendent of the Magnolia Pipe Line company of Midland, made tentative plans for chartering a plane to rush the boy to Dallas, but the lad's condition would not allow of the journey.

McGinnis told his father, G. A. McGinnis, chief engineer of the Moretta pump station near Stanton, that he scratched with his fingernails a place he had injured in football scrimmage. Sickness set in Sunday, Nov. 8. The next morning he was carried to a Big Spring hospital. Death followed a week from the setting in of illness.

The entire Stanton football team was present in a body at a service held at the Eberly mortuary. Last

Big Hospital Bids Opened

SPRINGFIELD, Mo., Nov. 16. (UP)—Bids have been opened here prior to letting of the contract for construction of the new \$3,000,000 federal hospital to be built south of Springfield.

The main building will be 285 feet long and 112 feet wide, five stories high, and topped by a copper dome 42 feet high. The building will be constructed of brick, with gray limestone foundations and trimmings of stone.

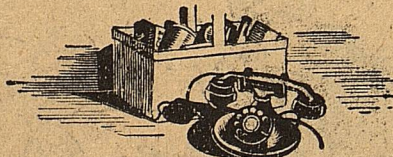

The main building will contain offices of administration, waiting rooms, storerooms, morgue, medical library, X-ray department, operating rooms, radio room, bed rooms, service kitchen, and diet kitchens.

Nine other buildings are included in the project, among which is the tuberculosis unit, which is expected to cost approximately \$500,000.

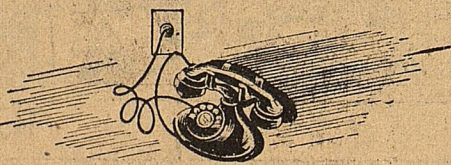

For the boy or girl in college—the sweetest remembrance is—a photograph of mother and dad. Special Christmas prices for two weeks beginning Monday, November 16, Prothro Studio, phone 363.—Adv.

Fall Hats Popular Prices McMullan's.

What?
a telephone in the *KITCHEN?*

Forget to order something?
If you're like lots of women, you may find you're out of something right in the middle of preparing dinner. That's when the handy kitchen telephone meets another emergency.

Or perhaps a portable telephone
It plugs into the wall like a lamp. Move it from one location to another as you need it. Ask for details at the telephone office. Extra charge for installing sockets.

Like to sleep late?
Folks may think you're lazy . . . but why not make or answer calls from your bed? Mighty nice when you're sick, too . . . saves jumping up from afternoon naps . . . adds a distinctive touch to your bedroom.

For sale . . . One step saver
One man stayed with the baby while his wife went shopping. Before she got home he'd ordered an extension telephone. "Saves at least a mile a day," he declares. An extension telephone saves many, many weary trips.

Bedroom telephones • • Kitchen telephones
Extensions upstairs • • Portable telephones

(75¢ month additional—Nominal installation charge)

SOUTHWESTERN BELL TELEPHONE COMPANY

SPORTS REPORTS

Midland football fans, high school students and Bulldog squadmen extend condolence to the family, town and school of Gene McGinnis, Stanton halfback who died Sunday from blood poisoning that set up from a place scratched on his arm.

The following came from the high school:

Superintendent W. W. Lackey: "My deepest sympathy is with the bereaved parents and family."

Principal D. D. Shifflett: "The Midland high school student body deeply mourns the death of Gene McGinnis, and wishes to express sincere sympathy to the family, the Stanton coach, and the football team."

L. K. Barry, coach: "I am surely sorry to hear of this boy's untimely death and sympathize with his parents, relatives, and team mates."

Chas. A. Lingo, coach: "The untimely death of this boy is deeply felt, and I wish to express my sympathy to his parents, relatives, team mates, and friends."

Bryan Henderson, coach: "The death of Gene McGinnis came as a shock to the football squad and the coaches of Midland high school, and words are inadequate to express our sympathy to the family, relatives, and friends at this time."

Captain Lloyd Burris: "I regret very much to hear of Stanton's losing such a good man. I sympathize with his parents and friends very deeply."

Line Captain Mead McCall: "We, the team, are very sorry to hear of the sudden death of our friend, Gene McGinnis, whom we know for his clean sportsmanship."

possible if the governor calls another special session of the Texas legislature. If he does, he will submit redistricting again. Belief that there will be another session persists though the governor insists he has none in contemplation.

That state finances will force the session is popularly believed here where state employes already are having to discount their pay vouchers at big percentages.

Since the admission of Mexico 55 countries are members of the League of Nations.

Thinks Scotty Is Hiding Mine

TONOPAH, Nev., Nov. 16. (UP)—Charles A. Anderson, who has worked for Death Valley Scotty, declares there is no doubt in his mind that Scotty has a secret gold mine and ore that will startle the world when its richness becomes known.

Anderson at one time worked for a short period on the famous two million dollar "shack" at Scotty's ranch in Grapevine canyon, Death Valley.

"While I was there," said Anderson, "Scotty showed me some specimens that were almost pure gold, not small pieces but big chunks."

"In examining the specimens I found traces of the formation on both sides of them that gave me a clue to where they come from. I am confident that they come from the Grapevine range—somewhere."

Anderson says he often has seen Scotty take his mules and strike out into the valley and in a few days return with a few sacks of rich gold ore. Anderson even admitted that he had tried to follow Scotty.

"Several times I tried to trail him but with no better success than a lot of others who have tried it. Scotty knows every foot of Death Valley and the way he can drive those mules up a steep mountain and disappear from sight is nothing less than magic. He has told me many times that no one could follow him, and I believe him."

Draper Trial to Be Resumed Soon

IDABEL, Okla., Nov. 16. (UP)—Authorities said today that the prosecution of Charles Draper, confessed slayer of three men, will begin immediately in accordance with an agreement made.

Draper confessed on the condition that the prosecution be delayed until his wife's child was born. A son was born yesterday.

WOODEN LEG SAFE

Clyde Y. Barron, formerly associated with the Magnolia Petroleum company as operator of a filling station, is now connected with the Continental Oil company at its station at 410 West Wall. Barron succeeds S. Dunevant at his new location.

HOSPITALS CUT RATES

DETROIT, Nov. 16. (UP)—Reduced rates are in effect at major Detroit hospitals. Grace Hospital reductions range from 10 to 50 per cent. Maternity ward cases and laboratory test fees have been reduced at Providence hospital 50 per cent.

The Woman's hospital, Harper hospital, and Henry Ford hospital have announced cut rates for private rooms.

Great Irrigation Project Progresses

EAGLE PASS, Tex., Nov. 16. (UP)—With construction of Maverick county's \$7,700,000 gravity irrigation system making rapid progress this fall, contractors expect to complete by the first of the year the main canal and Quemado Valley lateral system.

The power system, or the first 32 miles of the 90-mile main canal, together with all appurtenant works, is approximately 90 per cent complete. In the Quemado Valley, north of here, almost 50 per cent of the distribution system which will water some 15,000 acres of fertile land, has been built.

The hydro-electric plant, which will generate 12,000 horsepower of electricity, should be ready for service within a month or two after the new year commences.

Completion of the 42-year-old dream of gravity irrigation is expected to prove a great boon to this section. The construction of Maverick county's \$7,700,000 gravity irrigation project was begun in May, 1930. Water flowing from the Rio Grande will irrigate 65,000 acres of fertile benchland lying in three large tracts in the county. One, the Quemado valley, lies above Eagle Pass, while the other two are to the southeast.

Active campaign to bring settlers to this region will be started this winter, with parties of northern farmers being conducted to the Winter Garden and to the Quemado Valley to view the land.

Washes Her Way Through School

CANYON, Texas, Nov. 16. (NEA)—The chug of a gasoline-propelled washing machine is the battle cry of education for Icela Crouch and her brother, R. W., at West Texas State Teachers' college here.

A bank failure is responsible for this unusual situation. Icela taught school for two years and saved the money to pay rent, tuition fees and other college expenses for her brother and herself. Just as she was writing checks to defray these expenses the bank in which she had her funds collapsed.

Undaunted, she returned to her home in a rural section of Floyd county and returned with a washing machine.

She explained her plight to the dean of women. And now she does laundry for many of the faculty members and one of the dormitories of the little school.

Her three-room house stands across the street from the football stadium. The lights that flood the gridiron for night practice also furnish light for Miss Crouch to continue her work. The students, trooping through the gates after a game, see her wearily hanging the last of long lines of clothes.

"I have classes until late in the afternoon so I do most of my work at night," she said. "The ironing is really the hardest because I insist on maintaining a standard as high as any laundry. But people just won't pay as high prices to have home laundry as they will to steam laundries. I made \$7 the first week I worked and it took most of the hours outside school."

The income is just barely enough to allow the girl and her brother to meet their expenses, but it is growing steadily and they hope to have enough to enable them to participate in the simple social life of the school before the end of the term.

Icela, who is past 30, decided to complete her education at West Texas State Teachers' college after one of her younger sisters had finished college and begun teaching. She attended the school here one year and then taught for two years to get money to continue.

Throat Burns Endanger Life

EL PASO, Nov. 16. (UP)—His throat closed with lye burns, two-year-old Efrain Alvarado lies in a crib at the City-County hospital, able to take food only through a tube protruding from the base of his throat.

Physicians say he is too weak to withstand an operation to open his throat, which became constricted as the lye burns healed. They are trying to build up his strength by tube feeding. He has been fed through the tube for more than four months.

Personal

Mr. and Mrs. S. M. Warren went to Big Spring Sunday afternoon to attend the flying circus.

Mr. and Mrs. J. M. Caldwell and Miss Edna Hanna made a trip to Andrews Sunday.

Mr. and Mrs. P. G. Abell of Ashland, Kans., left Midland this morning after spending several days here. Mr. Abell is a cattle buyer.

John Scharbauer left Saturday on a business trip to Fort Worth.

Mr. and Mrs. J. Eddie Simms and Mr. Rogers returned to Midland Sunday evening from a trip to El Paso and Carlsbad.

Mrs. Willard Sullivan and Miss Byrd Bradshaw of Big Spring spent Sunday visiting their parents, Mr. and Mrs. Lee Bradshaw.

James P. Harrison visited in Big Spring Sunday afternoon and attended the flying circus.

Clarence Scharbauer returned Sunday from a business trip to Santa Fe, N. M.

Jim Moore of Cowden Epley Motor company has gone with a party to the Big Bend country on a deer hunt.

ART CLUB MEETING

Members of the Arno Art club will have a meeting Thursday afternoon at 3:30, at the home of Mrs. Allen Hargrave, 213 South L street.

NOT A CANDIDATE

McALLEN, Tex. (UP)—Published reports that he would be a candidate opposing Rep. John N. Garner, democrat, for congress were denied today by Gordon Griffin, McAllen attorney, who blamed the report to his friends.

"I am not a candidate for congress, I never have been such a candidate, and I do not know that I will ever be a candidate for a congressional seat from this section of Texas," says Griffin's denial.

Griffin was the leader of the Good Government party of Hidalgo county. Griffin said published reports that he would be a candidate, appeared without his knowledge, information or consent, and that he is "too busy to talk about politics now."

The annual Canadian catch of halibut amounts to more than 30,000,000 pounds.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected

membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist. (adv.)
