

RACE MEET HERE SEPTEMBER 5-7

September 5 Will Be Seventh Consecutive Trades Day

SCHOOLS TO OPEN SEPTEMBER 7; INSTITUTE THURSDAY

COMPLETE PROGRAM LACKING

Rural Teachers Will Go to Lubbock Institute

The Midland Public Schools will open Monday, September 7 following teachers' institute on September 3, 4 and 5, according to unofficial announcements Friday.

The local institute program is not available at present due to the fact that Supt. W. W. Lackey has not arrived in the city from Austin.

Rural Teachers to Lubbock

The teachers in the rural schools of the county will attend the South Plains Teachers' institute at Lubbock September 7, 8 and 9.

Trades Tickets Reduce Ritz Price

Trades day tickets, given by Midland merchants belonging to the chamber of commerce, serve a double purpose. They may be used at the Ritz theatre as ten cents toward purchase of an adult ticket, reducing the matinee admission to 15 cents Saturday, it is announced by Wm. H. Blair, manager of the movie house.

Style Change Is Necessary, Patou

PARIS, Aug. 29. (UP)—"The feminine line of the past few seasons is dead," says the eminent fashion specialist, Jean Patou. "The monotony and lack of personality expressed by the majority of dresses worn during the summer were for the practiced eye, symptomatic of that lassitude which marks the end of an epoch and the necessity for a change."

So a change he has brought about, introducing to the world the influence he feels is the greatest at the moment because of the richness of fabric and color that accompanies it. It comes from Persia and about it he says, "The dressmaker who seeks an unending source of inspiration will do better to turn to the vestiges of this vanished civilization of such great artistic culture than to the manifestations of African or Oceanic art that are curious and amusing, but the admiration of which brings with it a suspicion of snobbery and decadence."

Therefore, for your winter wardrobe, seek those rich rare shades and sheens that belong to the Persian family of reds, greens, browns and brocaded materials with backgrounds of gold and silver, subtle and shimmering.

GRAND THEATRE TO RE-OPEN AT EARLY DATE HERE

J. H. Hodge, formerly of Abilene, son of H. T. Hodge who formerly operated the Grand theatre here, is in Midland, making plans for re-opening the show house at an early date. Thorough renovations, repairs and installation of new sound equipment will require some time before the date of the opening can be decided, Hodge said yesterday. He plans to install R. C. A. sound equipment, he said.

Blouses Lighten Dark Ensembles

By JEAN PATOU
Written for NEA Service
PARIS, Aug. 29.—For many years the blouse was considered merely as a necessary accessory to the tailored suit. It provided a sufficiently feminine note to offset any severity of cut or fabric.

Most tailors, as a matter of fact, show a lack of fussiness and fantasy that is intended by the couturier, and which is characteristic of this type of dress. Here the blouse intervenes with its note of freshness and daintiness, but I am altogether against too exaggerated a fantasy which would create a discord rather than a harmony. In principle a fussy blouse is best suited to a fussy fabric and never tones in so well with what we call classical materials.

It merely needs a little planning to complete a tailor with a blouse that will be in perfect accord with the whole scheme of cut and fabric. There are an infinite number of ways in which openwork effects, pleating, ruffles, and lace insertions can be varied and combined to make a blouse different in as many degrees of informality or dressiness to suit any type of tailor.

The blouse must be original, but more in the spirit of a dress than of a blouse. I mean by this that its cut should be studied and made to harmonize with that of the other two pieces. The blouse of a three-piece ensemble, therefore, should show less detail or lingerie work but an infinitely more intricate cut.

The question of color is an important one, too. The general trend toward a departure from too dark and too sober ensembles for town wear made it necessary to have the blouse supply the light note. You will recall that the first ensembles created in this vein showed light lame blouses or tunics. Lame is very much less used nowadays but the same principle of a relieving note is being followed, with blouses now being shown in brilliant and light colored satin. Although white is always perfect with black or dark blue, many of the smart afternoon ensembles sponsor light green, blue or even yellow satin blouses that strike a very new note.

MISSOURI GOLFER WINS
HIGHLAND PARK, Ill.—Mrs. O. S. Hill of Kansas City topped her home town rival, Mrs. George W. Tyson, off the Women's Western golf championship throne Thursday by defeating her 1 up in their quarter-final match. Mrs. Hill plays Virginia Van Wie of Chicago, who defeated Mrs. Charles Dennehy, Chicago, 4 and 3. Mrs. Leona Pressler of San Gabriel, Calif., won from Helen MacMoran, Chicago, 4 and 3, and will meet June Beebe, Chicago, who conquered Mrs. John Arends, Detroit, 6 and 5.

PROGRAM AT 2:30 WILL MOVE FAST

Greatest Crowd May Assemble Here For Event

Saturday, September 5, will be the seventh monthly trades day in the city of Midland. The event, begun last March when \$150 was distributed in cash awards, has grown in patronage each month and at the close of the last Trades day, \$900 had been distributed by Midland merchants.

Award of gifts will be held at 2:30 o'clock next Saturday on the vacant lots at the corner of main and Illinois streets, just south of the Baptist church.

It is believed that September 5, with the opening of schools approaching, will see one of the largest Trades day gatherings ever assembled here.

A new method of handling the program will enable it to be carried through in about 25 minutes, allowing time for those who so desire to see the horse races and look after business in the city.

Regents Consider University's Oil

AUSTIN, Tex., Aug. 29.—The final meeting of the board of regents of the University of Texas for the fiscal year, will end Monday. Several matters relating to the affairs of the institution, incident to the year's work, are being considered, according to President H. Y. Benedict. Besides these routine subjects the board will act upon certain phases of its oil industry, which will be laid before it by Chairman R. L. Batts.

"It is probable that Dr. Paul P. Cret, consulting architect, of Philadelphia, will meet with the board to consider the campus plan, with particular reference to the Waller Creek boulevard and the Littlefield Memorial gateway," Dr. Benedict said. "It is expected that some progress will be made on the plans for the boys' dormitories and some of the other proposed buildings."

"The acceptance of the gift of Mrs. T. S. Maxey of 160 volumes from the law library of the late Judge T. S. Maxey is one item that will receive the attention of the board. Also a gift of \$300 has been made to the university by an anonymous donor, this amount to be used for a scholarship to be known as the Friendship fund. This scholarship has been awarded by the donor to Miss Lois Merle Awbery of Elgin. Some time will doubtless be spent by the board in considering recent opinions of the attorney general with recommendations by Moore Lynn, state auditor and efficiency expert, with reference to university accounting and the depositing of university funds. Final acceptance of the women's gymnasium is expected. Matters connected with the College of Mines and Metallurgy, at El Paso, presented by the new president of that college, John G. Barry, will doubtless occupy a considerable part of the board's time."

"The regents of the University of Texas, at their meeting in June, extended an invitation to Professor Willem de Sitter, eminent director of the observatory of the University of Liden, to spend a week at the university, during his visit to America this fall, to give two or three lectures and consult with university officials regarding the McDonald observatory. Professor de Sitter has accepted this invitation, and will be here December 14-20."

LEONARD WOOD DIES
NEW YORK.—Leonard Wood Jr., son of the late major general of the United States army, died Thursday in Bellevue hospital of pneumonia. He was 39 years old.

First Glimpse at Newest Fashions Tells of Amazing Changes for 1931

By PEARL WITTY
Society Editor
Enchantingly feminine, plastic lines, with the richest color combinations and luxurious fabrics, distinctly different from only a few months epitomize the new winter fashions.

Skirts are practically the same length, bodices are close fitting and hats continue the perched effect. In visiting, the newly stocked ready-to-wear departments of Midland stores during the past week, one can see the most decisive change in fashions from the 1930 styles. There is a quaint old-fashioned look of these styles, which are further enhanced by the fabrics like satins, velvets, woolens and crepes.

There is a very considerable change to be noted too in the nature of fur trimmings. All flat furs like galloway, broadtail, pony and shaved lamb are being superseded by the long furs such as fox, wolf and sable.

Hats Tip-Top Style
By richness of fabric and elegance of design are the new fall hats known. The fact that all women are in perfect favor to adopt the new Empress Eugenie hats shows that they have been produced at a psychological time. By the way, Eugenie is pronounced like "u-zha-ne", long a and e.

One of the most important themes predicted by Midland fashion women talked with was the modern influence to be introduced. Designers of the newest dresses have ceased to copy the costumes of other days and are turning their attention to the possibilities of the modern era. This means that the dresses of 1931 are turned to the style requirements of the modern woman.

Just here something must be said about the new coiffures—long may they wave! Coiffures are changing and profiles aren't what they used to be. Hairdressers blame the milliners and milliners blame the new styles.

New styles in hairdressing are extremely feminine—all waves, curls, tendrils and wisps. Straight hair is simply unthinkable this year, except in the case of a beautiful brunet, say the expert hairdressers.

Coats Simple
The new coats are cut very simply and fall in slender, almost straight lines. In the first place, they have a rough appearance. The fabric may be called some queer name but it's almost sure to be one of these new bubbly, curly, pebble weaves.

For the dresses, a soft woolen frock often a coat frock, will stand out high in the September and later winter parade. Satin, especially the black, is prominent. Novelty weave woolen sports frocks, with contrasting jackets in the same weave, are on the square as far as necklines are concerned. They fit like the paper on the wall and most of them are belted.

Satins Forge To The Front

At the Kaydell Shop, Miss Bertha McGrew, who recently returned from market, told us how the early fall trend follows back to French history.

"A slick black satin dress, either one or two piece, an Empress Eugenie hat with a smart feather trim, are the fall of 1931 styles," said Miss McGrew.

She went on to tell us more about the new trends:

shades. "Coats are of more conservative lines. They come in the new Chinese Congo and nubby weaves. The new treatment in sleeves is attractive, with some flaring at the wrist. The gloves must have with these new sleeves and go back to fitting the hand and wrist. Gloves, with this return dignity, even take on darker colors and should match the darkest note in the costume harmony."

"Fur trimmings on coats are lavish. Popular furs are cross fox, Kollinsky, lapan, Persian lamb, caracul in black and brown mixtures. "Simple lines, slimmess, glamor, and Grecian elegance might describe the evening dresses which come in velvets and satins. They are long, full and even more old-fashioned than ever."

Hats Are Not Monotonous

George Phillipus, manager of the United Dry Goods company, in commenting on the new fall hats said, "Millinery modes are certainly not monotonous this season for the reason that they present a touch of fantasy, pleasing to both women and men."

"At least it is helpful to get the opinion of one man on the hats every woman is grabbing. Mr. Phillipus went on to show other new fall merchandise received in the store:

"When you choose a winter coat, look first at its fabric, then see what lovely fur collars and cuffs they all have. Probably fifty per cent of the coats will be black and the collar will be lay-back. Browns and a few lighter shades come after the blacks.

"Sports coats are in the novelty weaves and strictly tailored. The short coats of fabric furs are also popular, especially among high school girls.

"Ruddy red browns and plum and rust reds are absolutely stunning in the newest dresses of cantons and satins. Combinations of black and lighter shades are very smart.

"This fall's frocks are svelt, clinging, trim, with nothing helter-skelter.

"Every college girl should have in her wardrobe one of the diagonal line travel crepes and wool jersey.

"For the smaller girl's coat, camellia's hair comes to the front in various shades of browns. These are to be worn with matching berets."

Styles Are Extremely Different, Hancock

Taking us through the Addison-Wadley company ready-to-wear department of which she is manager, Mrs. Ethel Hancock told of her ideas on the fall fashions:

French Derby
"The French derbies—even the 'brown derby' are shown this season. Colors are black, brown, navy and tuscany green and materials of the hats are felts and velvets. Every hat must have some kind of a feather.

"You can wear a dozen bracelets if you want to. The favorite bracelets are made of white, amber and red. Crystals and pearls are to be worn with evening clothes again.

Coats of Every Length Effective

Mrs. C. D. Adams of Wilson-Adams company told how the coat styles for fall could be worn. The lengths can be from the very shortest to below the hips, she said.

She went on:

"For the morning, there are a number of soft wool fabrics in fancy and plain weaves that allow for perfect tailoring. Pleats, godets, incrustation, all are featured in the new dresses. They are belted, too, and many models have accompanying scarfs.

"All the browns, reds, greens and blues mixed with white or beige are good color combinations for the woolen frocks.

"The newest silk and wool crepes are called Monte Java crepes.

"Coats are beautiful of the new mixed cloth and are handsomely trimmed with fur." Among the most popular fabric for coats is the pebble crepe.

"For the first chilly days of fall, there will be attractive reds of a new squasy material. Buttons will trim everything and square necks are most attractive.

"For the sports woman, college girl and everyone who wants to wear the smartest clothes, there will be stunning lace weave dresses. Most usually jackets will accompany these.

"All the fall outfits will be topped with one of the jaunty Robin Hood hats, some of felt, others of velvet.

"The suit dress is one of the newest daytime types for fall and promises to become a popular favorite. Its youthful lines and tailored effect make it particularly flattering for business and street wear. These dresses are fashioned with flat double breasted fronts with diagonal closing and introduce slender accents of fur and boyish bow-knot scarfs."

New Soft Tones In Men's Headgear
A decade ago the shop that had a dozen or so different shades of hats in stock had just about covered the entire gamut of color variety that the market afforded. Today three times that number would not be considered a comprehensive display of the fashion's demands.

Man Here Patents Novel Auto Device

WASHINGTON, Aug. 29.—The United States Patent office has just granted to Julian C. Scott, Midland, a patent on a rumble seat and rest, according to Clarence O'Brien, local patent attorney.

Mr. O'Brien explains that the invention provides an arm rest for rumble seats and is characterized by a pair of detachable members which can be seated in the water grooves in the pedal back automobile body.

The device is said to be simple in construction, inexpensive to manufacture, is easy to manipulate and is thoroughly efficient and reliable.

Anniversary Sale Honors Store Head

George D. McCormick, manager of the Midland Hardware and Furniture company, has been with that concern for sixteen years. Accordingly, the store is staging a 16th anniversary sale commemorating the period of his connection there.

McCormick, one of the city's younger business executives, gave up a job of "jerkling soda" at a local drug store to take a job in the bookkeeping department of the hardware firm. He had been studying bookkeeping at nights under the tutelage of the drug store proprietor. Except for the period of the World War, McCormick has served constantly with the firm since that time, and has been active manager of the business for several years. The Midland Hardware and Furniture company carries one of the largest stocks of its kind in West Texas.

Law Recalls Old Doughboy Pastime

Rolling your own, one of the favorite pastimes of the American soldiers in the World War, is again gaining in popularity among smokers, according to the American Tobacco company. Once more the famous sack with its familiar tag bearing the pictures of the fearless bull which was carried into many a hard fought battle on foreign soil in 1918 is peeping out of men's pockets. The revival of the art of "rolling your own" is partly the result of present business conditions and is held by some observers to be of economic significance, indicating that the average American is becoming thrifter and has enlisted for the "duration" in the world war for better time. In Texas, the new cigarette tax is a feature.

Watch Buried 40 Years Runs

SOCKTON, Calif., Aug. 28. (UP)—B. H. von Glahn bought a watch of a Stockton jeweler in 1878 and lost it in a plowed field. Last spring the watch was found where it had been buried in the field 43 years, and was returned to Delmar von Glahn, Yosemite council boy scout executive, who returned it to the jeweler that originally sold it to his father. The jeweler cleaned the watch, replaced a few parts and now it keeps good time.

Visitor Made Asylum 'Guest'

While he was being shown through the insane hospital, Maurice Larson, farm laborer, became violent, and demanded that all the inmates be liberated and the hospital blown up. He was taken to the county jail. Since the jail was crowded, he had to be taken back to the hospital, where he was put in a straight jacket, and later committed to the hospital.

Catfish Record Threatened

OKLAHOMA CITY, (UP).—More than 100,000 channel catfish will be produced in Oklahoma this season, according to Ben E. Mobley, state fish warden. Kansas holds the present record with 72,000 hatched last year, but Oklahoma will be the first state ever to pass the 100,000 mark.

THOUSANDS EXPECTED BOTH DAYS

Fastest Ponies of West Texas Here For Purse

Two big days of horse racing, in which some of the fastest ponies of West Texas will compete for substantial purses, will be held in Midland Sept. 5 and 7 under auspices of Brooks W. Lee Post, Veterans of Foreign Wars. Races start on both Saturday and Monday at 3 o'clock in the afternoon and admission fee will be only 50 cents. Thousands are expected here each day.

The program each day calls for seven fast events and plans are being perfected for an eighth race in which Thoroughbred horses will compete for a special purse in a five eighths of a mile heat.

Seven Events Listed
The card, as originally outlined, consists of a quarter mile race for ranch horses, non winners; a quarter mile free for all; a jelly bean race in which heads of the Vets, chamber of commerce, Rotary, Lions and Men's Bible class will compete in a one-eighth mile race; a three-eighths for two year old half breeds; a three-eighths for half breeds, three years old and up; and a relay race three horses to team.

Sixty per cent of the gate receipts will be applied to the purses and entrance fees will be added in each race. Ten percent of the purse goes to the cowpony quarter mile race, fifteen per cent to the free for all quart, fifteen per cent to the three eighths for two year olds, fifteen per cent to the three-eighths for three and up, twenty per cent to the half mile race and 25 per cent to the relay race. The jelly bean race does not share in the purse.

Short Lapsed Time
Only twenty minutes will be allowed between races to get horses to and from the stables, the officials having in mind to make the programs as fast and orderly as possible for benefit of the spectators.

The races are held at Cowboy park, or the old fair grounds property, a mile south of Midland. The track is a half mile circular path, so that the races are clearly visible to spectators from start to finish, a decided advantage over the straight-away tracks of some localities.

A grand stand, which seats approximately 1,000 persons, is available at no extra cost, or automobiles may be parked around about half of the track.

Concessions, handled by civic organizations, will provide cold drinks and refreshments at the grounds.

Everyone Will Wear Brown Suede Gloves

Alma Archer of "Style-Chats" says: "Of course there are first dubs, second dubs and third dubs, but the worst dubs of all will be those who do not own any brown suede gloves for evening wear this fall. "O course, at first blush, you think probably that the country is simply being depressed into practicalities, but that really is not the case with the dark brown glove. On the contrary, it's most impractical, as even doughnuts can't be dipped gingerly without leaving rather deplorable traces, to say nothing of endeavoring to powder your nose in the taxi en route to the theatre. "Anyway, wear your new long brown suede gloves either pulled up to the elbow, or crushed down about the wrist. They're slick, too, with the new evening pinks and beiges. I hope you like them."

Presenting The New..... Fashions for Fall

Lovely Fall COATS

We feel that we are indeed fortunate in being able to offer you this Fall, Coats that are made by Alcone Mills, in the genuine "CALJER CLOTHS." Full of style, wonderful materials, and marvelous fitting qualities. We are glad to list a few of these coats and let you see for yourself that "Caljer Cloth" is the best that money can buy.

SALE BEGINS 9 A. M. MONDAY, AUGUST 31st.

This house has never gone in for big sales events—
but has endeavored to give 100% real values in mer-
chandise during all seasons throughout the year.

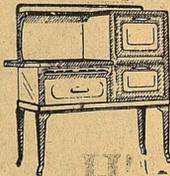

But the manager has decided to celebrate his six-
teenth anniversary with the company by staging a real
sale and when we say a real sale we mean something in
the way of a sales event heretofore unheard of in Mid-
land.

Everything on the lower floor of our Furniture De-
partment will be placed on sale at 1-2 OFF.

We list below only part of the merchandise that will
go into this sale.

NO SOUVENIRS, PRIZES OR CHARGES

TENNIS SHOES FOR THE ENTIRE FAMILY

Size range is complete. the pair 79c
Made heavy—for wear.

UNITED DRY GOODS STORES INC.

Midland.

These XTRA Values you get only at

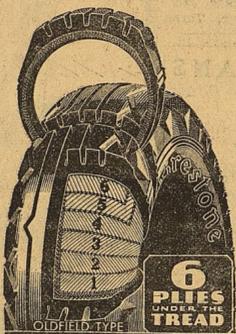

Firestone Dealers

and A No Extra Cost

DON'T be misled by challenges—guarantees—laboratory analyses—price comparisons—claims of 25% savings—made by distributors of special-brand tires

A recent example of a grossly misleading and extravagant statement by a distributor of special-brand tires is—"Mount one of our tires on one wheel of your car and a tire of any other make on the opposite wheel. If our tire does not give you equal service at a saving up to 25% in price, we will give you a new tire free."

This statement can be made for only one purpose—a desperate effort to gain your confidence and sell you a tire before you have had time to think about the ridiculousness of their challenge, which asks you to buy one of their tires and go to another store and buy a tire—have it mounted on the opposite wheel—then turn yourself into a tire tester!

Firestone don't do run test cars for them have twenty-nine test cars of their own, running day and night they test Firestone and other makes, including all brand tires, and we have the safety, quality and values of Firestone Tires when you buy.

Drive in today—nine sections cut from Firestone tires and special-brand mail order tires—see for yourself the extra plies under the tread give you extra protection against punctures and blowouts—don't be fooled by misleading advertisements. We will give you safer, more dependable tires at no greater costs.

*A "Special Brand" tire is made by a manufacturer for distributors such as mail order houses, oil companies and others. If a name that does not identify the manufacturer to the public, use "because he builds his 'best quality' tires under his own name. Firestone puts his name on EVERY tire he makes.

Double Guarantee—Every tire manufactured by Firestone bears the name "FIRESTONE" and carries Firestone's unlimited guarantee and cure. Your tire doubly protected.

Gum-Dipping

The patented Firestone process that penetrates every cord and coats every fiber with liquid rubber. This minimizes internal friction and heat which are the greatest enemies of tire life, adding longer flexing life to every cord and longer tire life.

Double Cord Breaker

Two extra plies of Gum-Dipped Cords under the tread—absorbs road shocks—gives greater protection against punctures and blowouts and stronger bond between tread and cord body. This patented construction feature assures greater safety and comfort.

Tread

Made of non-oxidizing rubber—provides greater non-skid safety and longer non-skid wear.

We Service and Sell

The Complete Line of

Firestone Tires, Tubes, Batteries, Brake Lining, Spark Plugs and Accessories.

Car owners have become confused by exaggerated claims and guarantees by distributors of special brand and mail order tires.

The Hall Tire Company, Midland Firestone Service Dealers, believes that motorists are entitled to the cold facts. On this page, we give you Firestone's exact comparison in construction values and prices.

All we ask is—Call at our service store—compare cut-up sections—see for yourself.

We can serve you better and save you money.

A complete battery, generator and starter service under the personal supervision of Mr. Tommie Thomson, who has had years of experience in the ignition business.

Firestone BATTERIES

are the same outstanding quality that is in Firestone Tires. Extra power—longer life—greater dependability.

Bring in your old battery—we give you an allowance on the purchase of a new one.

Men's Headgear

(Continued from page 1)

noted feature of these Homberg hats is that brims are very precisely set and well or curled edges have almost entirely eclipsed the bound edge style.

A variation of the snap-brim hat is the "Trooper" in which the brim is flat-set or the hat with brim turned down all the way around.

Collegians Like Telescope For college wear there is quite noticeably a return to the telescope shape with a more tapered crown than we knew when the telescope was the leading young fellows' hat. Most of these telescope hats are shown in "crushers" of such soft, light-weight, flexible felt that any desired shaping of crown or brim is easily achieved and some strange manipulations are the result.

Derbies, of which many will be worn during the early fall with the dressier topcoats, show slight change in proportions of crown to brim. They are a little less flat-set tending toward a sharper turn to the brim and a flatter crown. Derbies in grey are struggling hard for recognition.

Soft Hats Are Popular Soft felts are still the finishes and even during overcoat days less of the beaver and velour hats will be shown this winter than in years previously. The fact that "pile" cloths for overcoats is on the wane is ex-

pected to retard the sale of velour hats and while there will be many of the lighter fleeced fabrics shown in overcoats the more fastidious dressers seem to prefer the smooth felts to the beaver finishes even though heavier finishes blend so beautifully with fleeced overcoat fabrics.

In Europe there is an evidence of the return of the cloth hat of tourist shape made from patterned tweeds and chevots but the trend shows no indication of having come across the Atlantic.

Two Styles of Caps Caps are still made in two outstanding models, the one-piece, full-fashioned cap and the 8-piece close-fitting cap with the former more preferred for general sport use and traveling. Patterns are less pronounced than heretofore, being largely in tweeds and chevots for fall and winter wear.

ARRESTED UNDER NEW LAW

LACONIA, N. H. (UP)—Raymond Hill was fined \$100 in municipal court on a charge of "intent to drive an automobile while under the influence of liquor." It was the first arrest under a new state law which provides that the man in the driver's seat, if intoxicated, can be arrested as soon as the ignition switch is turned on.

The Alaska brown bear is the largest on the American continent. It exceeds even the famous grizzly.

Styles in Boys' Clothes for Fall Are Echoes From the Past

Promotion of style... better style than was ever offered before... that's the aim of leading manufacturers and retailers of boys' apparel in practically every section of the country.

At a meeting of the Boys' Apparel Buyers' association the consensus of opinion governs the view that style should be stressed to the utmost. Manufacturers were asked to keep up the standards of quality in the face of greatly reduced prices.

What may prove to be a minor revolution in the sales of boys' clothes probably will get under way this fall when the sweater-suit combination will be forced by leading retailers in every part of the nation. While the idea is not entirely new it never has been pushed. However, the youngster himself has taken kindly to the idea and will be its strong champion.

Ensemble Gives Added Wear Mothers, too, are believed to have favored this idea since they are anxious to get as much wear out of their clothes as possible and they believe sweaters will give that added service.

In the presentation of such an ensemble there will be harmony between the sweater pattern and the suit pattern. Last spring there was an unusual sale of odd knickers and sweaters, but when the ensemble idea has been as fully developed as it will be this fall the popularity of this combination is expected to increase.

Gray Mixtures Are Liked Suits and overcoats, of course, will provide the vehicles for these colors. The mixing of gray with a primary color has been developed to an interesting stage and has pleased both parents and youngsters.

In the style field single-breasted models will get the call. Here one will see an interesting development of two and three-button models, most of them with notch lapels. Peak lapels will have a smaller following.

But in line with the makers' and retailers' endeavor to push double-breasted styles, this design of coat

EAGLE STEALS FISH BAIT

HUNTINGTON, W. Va. (UP)—A huge eagle frequently seen flying between the Ohio river and the hills on the Ohio shore, near here, recently swooped into a skiff in which a negro woman was fishing, took her supply of bait and flew away. She struck the bird several times with her fish pole, but the eagle persisted in the theft. It has an estimated wing spread of six feet.

COOPERATIVE CHILD SPANKING

MADISON, Wis. (UP)—Community cooperation manifest in picnics and other celebrations by residents of Virginia Terrace here also extends to keeping the children out of the streets. Any resident of the neighborhood who finds children playing in its streets is privileged to paddle not only his own progeny, but his neighbor's and send them home.

BOTTLED PICKLE DISPLAYED

PAWHUSKA, Okla. (UP)—A bottled pickle grown in his home garden is being displayed here by Ben Donald. The pickle is three inches diameter and six inches in length.

PAWHUSKA, Okla. (UP)—Jack and the Bean Stalk fable is being given credence here when C. E. Wilson displayed some green beans 31 inches long, which he had grown in his home garden. Wilson received a prize bean from Germany last year, which measured 20 inches long. He planted the seed and within two weeks the beans had grown to full size, some with as many as 18 beans to a pod.

NEIGHBORHOOD PAROLED

FOND DU LAC, Wis. (UP)—An entire neighborhood was placed on parole here by Municipal Judge H. M. Fellenz after an extended hearing in which petty quarrels over a long duration were aired. Some of the matters concerned racing of automobiles engines at night, backing cars up and down driveways, and family disputes involving even the children.

UTO LOANS plenty of money

to loan on Autos. Quick Service. J. C. Hamilton Second Floor Midland Mercantile Bldg.

ARTISTS SKETCH PATIENTS

MEMPHIS. (UP)—No Bohemian life for these two artists, Miss Evelyn ate and J. L. Scianni. Instead the white walled operating rooms of the hospitals where they sketch the unconscious model of the patient. Their drawings are used for study purposes and to illustrate medical books. Miss Tate studied art in Paris.

JOB WOULD LAST 700 YEARS

VATICAN CITY, Italy. (UP)—If a person could count 25 stars per second it would take him 700 years to count all of them in the heavens, an industrious astronomer of the Vatican observatory has figured out. The naked eye, however, could only count about 3,000 stars, the others requiring an instrument of high power.

AGREE ON \$300,000,000 LOAN

NEW YORK.—The New York Evening Post says Thursday that bankers have agreed upon the terms of a new credit to Great Britain, which will probably total \$300,000,000 or more.

ARREST SLAYING SUSPECT

ALBUQUERQUE, N. M. — Sam Baxter, also known as Al Casey, 23, wanted for murder of two deputies, in Lafayette, Ind., in 1928, was captured here Thursday after he had been shot by a policeman.

E TEX OIL ORDER NOT ISSUED

Singing Convention Here Today to Draw Great Crowds

MARRIAGE BUREAU OPERATOR CONFESSES GRUESOME MURDERS

PROPERTY OF WIDOW COVETED

Admits Slaying Trio After Grilled 12 Hours

CLARKSBURG, Aug. 29. (AP). Bodies of three more persons were discovered tonight near the spot where on Friday were found the bodies of Mrs. Aste Eicher and her three children, the killing of whom Harry F. Powers confessed today.

One of the bodies apparently was that of a young woman. She seemingly had not been buried as long as Mrs. Eicher and children. The bodies of two children also were found.

CLARKSBURG, W. Va., Aug. 29. (UP).—Harry F. Powers, 42, matrimonial agency correspondent, confessed today that he killed Mrs. Aste Buick Eicher, Chicago widow, and her three children.

He said that the purpose of the murder was to secure property he believed she owned.

The murderer was exhorted by a Clarksburg minister to consider the Biblical sayings on enormity of crime and confession of sins.

Powers collapsed in tears after the confession.

Confession Follows Twelve Hour Grill

CLARKSBURG, W. Va., Aug. 29. (UP).—Harry F. Powers, 42, matrimonial agent, promised to confess today to murdering Mrs. Aste Buick Eicher, rich widow, and children, Greta 14, Harry 12 and Annabel 9.

He promised to confess following twelve hours of questioning after police found the four decomposed bodies buried in shallow trenches near a garage on the Powers property. Investigators said the bodies had been buried about two weeks.

Torture Revealed

Powers said the confession would not implicate his wife and sister, also under arrest. He said Mrs. Eicher and two children were killed first by hanging in the garage and that the third child was beaten to death.

Condition of the bodies revealed that all suffered from lack of nourishment prior to their deaths, showing that they had been alive in the garage for some time. The four had been missing from their Illinois home since June.

FIVE INCH RAIN, STORM OCCURS IN GREENVILLE AREA

GREENVILLE, Aug. 29. (UP).—A wind accompanying a cloudburst 7 miles south of here blew Louise Skinner, 19, against a storm house to which she was running and injured her right arm.

Five inches of rain fell here and a house was destroyed when struck by lightning. The farm home of Guy Massey was blown from its foundation. Crop damage was considerable.

Called to Georgia Because of Death

Mr. and Mrs. E. P. Eubanks left Midland Friday for Conyer, Georgia after a message that Eubanks' brother had been killed in California. The body was being sent to Georgia for burial.

Details of the death were not known here. Eubanks is an employee of the Ever Ready Service station here.

Farmers To Can Food for Winter's Welfare Program

Politician

Most girls have to ask their parents' advice about important matters, but Dixie Broom, above, co-ed daughter of Stewart C. Broom, clerk of the Mississippi supreme court, manages her dad's affairs. At any rate, she took charge of his campaign to succeed himself in the state primary and made political speeches like a veteran.

LINDBERGH'S MAY HOP FOR CHINA WITHIN FEW DAYS

TOKYO, Aug. 29. (UP).—The Lindberghs, spending their fourth day here as guests of Japan, indicated tonight that they may continue their vacation flight through Europe by way of Russia.

A visit to China the next few days was decided on.

Troop 54 Scouts Pass Tests Friday

Troop 54, Boy Scouts, met Friday night on the lawn of the First Baptist church in a meeting that consisted of lively games and interesting instruction and test passing.

The boys were in high spirits as a result of the water carnival in which every one had an enjoyable time and won fourth place in the meet. The boys of the troop are smaller in general than most, in troops in the council and were glad to be able to place at all but are planning to make a big showing at the next meet. There were 20 boys at the meeting and at the opening they were divided into patrols and then engaged in various contests until the instruction period. The patrol led by J. B. Thomas won every contest that was held.

At instruction time every boy in the troop studied on some scout subject and at the close more than a dozen tests were passed. Three new boys applied for admittance to the troop and passed their tests. They were J. C. Reynolds, Walker Fuller and Newmie Ellis. In addition to these there are seven more new boys that have their applications in and are about ready to pass their tenderfoot tests.

IN CLINIC

J. W. Blocker, Stanton resident, was taken to the Midland clinic-hospital Saturday for medical treatment for an infection caused by a grass burr.

Midland farmers will cooperate with the Midland community welfare association in supplying food for needy persons this season. An arrangement has been worked out, according to W. I. Pratt, president of the association, whereby farmers will can vegetables on shares for the welfare work.

Use of the county's canning equipment has been granted by the county commissioners. Miss Genavieve Derryberry, home demonstration agent, is cooperating with Administrator A. J. Gates of the welfare organization in details of the work. The association will buy cans and farmers may use them in canning vegetables, such as peas, corn, beans and other foods. A part of the canned products will be retained by the farmers growing the vegetables and a part will go to the welfare organization.

Orders for the cans may be secured by farmers from Miss Derryberry and the cans will be purchased by A. J. Gates. Following the work of canning, Miss Derryberry will check in the welfare association's part, placing the food in storage until needed in winter demands.

The system is calculated to assist the farmers in securing cans without cost, indirectly marketing a portion of their canned goods, and to provide good food at low cost for the welfare work.

Welfare officials are requiring that all who receive assistance shall work out such aid this season.

Hoover Studies Disarmament Plan

LURAY, Va., Aug. 29. (UP).—President Hoover today studied at Camp Rapidan a report on world disarmament prospects brought him today by James G. Rogers, assistant secretary of state.

Clothing Needed For Welfare Work

Clothing of all kinds is wanted by the welfare association for distribution this fall and winter, Mrs. W. H. Sloan said Saturday. Those having garments to contribute are asked to take them to the clothing room at the court house.

Charges Follow Attacks by Negro

MEXIA, Aug. 29. (UP).—Two charges of assault with murderous intent were filed against Ervin Hatcher, 19, negro who ran amuck last night, attacking several men. Hatcher attacked John Gafford, H. R. Brown and several helpers as they were unloading furniture.

The negro was found hiding in an abandoned locomotive by a posse.

Electra Pastor In Odessa Meeting

The Rev. W. W. Rivers, Baptist pastor of Electra, was in Midland Saturday afternoon accompanied by his wife and daughter, visiting Mrs. W. A. Hyatt. The visitor is holding a revival meeting at Odessa, having been there for a week. He said the meeting will continue through next week and that a cordial invitation is extended Midland people to attend.

Texas Holds Key to Success of Law Banning Cotton in Louisiana State

HOUSTON, Aug. 29. (P).—The Lone Star state, producer of one third of the nation's cotton, tonight apparently held the key to success of the statute enacted by the Louisiana legislature prohibiting planting of cotton in 1932.

PROGRAM TO START AT 10:30

Baptist Auditorium Is Location Two County Meet

Congregational singing, choir singing, quartet numbers, solos and special music varied in nature, a part of the program here today of the Midwest Singing convention, were expected to attract crowds that will tax the auditorium of the First Baptist church to capacity, those connected with arrangements said yesterday.

Singers from Big Spring, Colorado, Stanton, and from communities to the north and south, also from as far west as Barstow had been heard from and it was indicated that a record attendance would be registered.

The program begins at 10:30 when Elmer Hull of Courtney, president of the singing organization, calls the convention to order. Singing will continue until noon, with an elaborate afternoon program planned.

Quartets Coming Quartets from the Hartford Music company, Hartford, Arkansas, the Stamps and Baxter Music company of Dallas, from Barstow and from other West Texas towns were expected.

The crowd will be welcomed here by Mayor Leon Goodman. Mrs. Goodman is on the program for a solo.

Local singers are invited, also those who are interested in hearing the programs. The church auditorium is expected to be filled early, the Baptist Sunday schools having planned to adjourn in time to allow the program to start promptly.

Songs of Novel Type The convention meets on each fifth Sunday during the year and comprises Midland and Martin counties. Singers, however, from other counties take part in the conventions each time. In addition to President Hull, J. W. Arnett is secretary, Frank Koonce of Stanton is vice-president and J. M. King is chaplain.

The songs are such as will fit in a sacred concert but are of varied type. Some of the old familiar songs are used but newer hymns characterize the books, which come out annually for use of singing conventions. Part songs are a specialty.

A group of singers from Big Spring, familiar with the songs in the new book, will add greatly to the music to be heard here Sunday, it is announced. Piano accompaniments will be played.

Gandhi Sails for London Conference

BOMBAY, Aug. 29. (UP).—Accompanied by goats to supply milk and wearing oil cloth, Mahatma Gandhi sailed for London and the second round table conference on India affairs today, bearing the blessing of millions of Hindus. If weather permits, Gandhi said he will wear in London only his gossamer loin cloth.

Tremendous crowds fell on their faces before Mahatma at the docks as he boarded the ship.

Cleveland Air Race Stands Seat 100,000

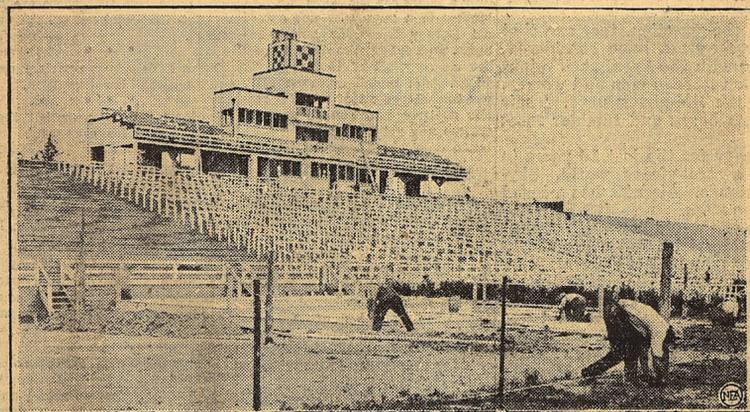

Photo shows the huge stands, seating 100,000 persons, where the National Air Races at Cleveland started yesterday. The races continue to September 7. Headquarters building and the judges' tower are seen in the center.

COMMISSION MAY ISSUE PLAN TODAY

Neff Not Advised of Saturday Meeting On Subject

AUSTIN, Aug. 29. (P).—No order regulating the East Texas oil field will be issued by the Texas railroad commission before Sunday, Commissioner Lon A. Smith said late today after a conference with other members.

Commissioner Pat M. Neff said he had not been advised of any conference on the order.

R. D. Parker, chief of the oil and gas division, said the order might be issued Sunday. The commissioners previously had hoped to have the order effective Tuesday.

Military Zone Quiet As Second Week Ends

KILGORE, Aug. 29. (P).—The second week of military occupation of East Texas was completed today. All was quiet in that area.

Shutting down of operations, as ordered by Governor Sterling, to prevent waste pending establishment of the new proration order, had been uneventful with the exception of incendiary activities in the town of Kilgore last Sunday morning.

National guardsmen on duty in the martial law zone next week probably will assist in putting into effect the new proration orders.

Troop Rule May Evade Court Attack

AUSTIN, Aug. 29. (P).—The new East Texas oil field regulation order, expected Sunday by the railroad commission, will be the first issued under the new conservation statute, passed at the recent special legislative session.

That the order would be attacked in court was deemed a certainty. Two major companies having laid the predicate for appeal from the orders. They were the Gulf Production company and the Sinclair Oil and Gas company.

It was generally believed among oil men that Governor Sterling would not lift troop rule, but would adopt the order of the commission in lieu of his original proclamation and maintain troops in the field to enforce the order.

Should this be the case, court action would have no effect on the order. Attorneys stated the only court that could assume jurisdiction is the United States supreme court and that only with a full (See ETEX OIL ORDER page 6)

MEXICO-CHINA BREAK LOOMS

INSTITUTE FOR CITY SCHOOLS IS SEPTEMBER 4TH

Reports received late Saturday from Superintendent W. W. Lackey of the city schools said that the teachers' institute here will be for one day only, September 4. Mr. Alves of the state department of education and Superintendent R. D. Greene of the Abilene schools will be speakers.

Any teachers in the city at that time, regardless of place of residence or of where they will teach this year, are invited to attend the institute, school officials said Saturday.

An article in the second section of this paper tells of the plans for county teachers in attending the institute. Public schools here will open on September 7.

Narcotic Ring Is Object of Campaign

GALVESTON, Aug. 29. (UP).—Federal agents today were rounding up narcotic peddlers in a campaign to drive out the largest ring in Texas. Five were arrested but less than an ounce of dope was seized.

COLLINGS BABY BORN

A seven and a half pound girl was born to Mr. and Mrs. J. S. Collings at the Midwest hospital-clinic Saturday morning. The name of the baby is Patricia Ann. Both mother and child were resting well late yesterday.

GIRL HERE FOR TREATMENT

Dorothy Lee Boone, nine years old, was brought to Midland yesterday afternoon from Crane for treatment of a fractured arm. She was resting quietly late last night at the Midland clinic-hospital.

Minister Protests Anti-Chinese Campaign

MEXICO CITY, Aug. 29. (UP).—Possibility that relations between Mexico and China might be affected by the anti-Chinese campaign in Sonora, Sinaloa, Tamaulipas and other states was frankly admitted today by Foreign Secretary Genaro Estrada.

The secretary said, however, while the Chinese minister protested to the Mexican government, no actual threat of a rupture of relations had been made.

There are between two and three thousand Chinese in Sonora.

YOUTH HURT WHEN DARTS IN FRONT OF AUTOMOBILE

Floyd Miller, 9 years old, was resting well late Saturday after being struck by an automobile Friday night while playing in the street in front of Miller's Drug store.

Darting suddenly across the street, Floyd was hit by an automobile driven by Gene Roderick. The accident was unavoidable and Roderick was blameless in the accident, M. E. Miller, father of the boy, said.

Floyd was taken to the Midwest hospital-clinic for emergency treatment and observation. Late Saturday he was reported to be recovering from cuts about the head and body and from bruises.

HOME FROM SCHOOL

Miss Elma Collins, who has been a student in West Texas State Teachers college this summer, has returned to Midland and will be at the home of her parents, Mr. and Mrs. J. P. Collins.

HAYGOODS RETURN

Mr. and Mrs. J. M. Haygood and son returned home Friday evening after a two-weeks' vacation in Fort Worth and Shreveport. They also visited a day with friends in the East Texas oil fields. Mrs. Haygood's mother, Mrs. Wimbish, who visited here several days accompanied them as far as her home in Fort Worth.

GO TO SOUTH TEXAS

S. M. Warren and wife left late Saturday night on a trip to San Antonio, Corpus Christi and other south Texas points. They expect to be gone about ten days.

RESOLUTION ASKS MACDONALD QUIT THE LABOR PARTY

LONDON, Aug. 29. (UP).—The labor party executive committee today drafted a resolution and presented it to Premier J. Ramsay MacDonald asking him to resign his membership in the labor party.

Men's Class Works In New Competition

Handicapped by 50 members under terms of a challenge from women of the Co-Workers class, members of the Men's Bible class of Hotel Scharbauer today will go into the first of a four-Sunday contest. The men's class, registering only 115 last Sunday, had a smaller attendance than the women, although the totals did not count in the contest.

Efforts were being made to build up the attendance today and officials were calling on the membership to be at work.

Paul T. Vickers, teacher of the class was expected to be back at his post after a two weeks' vacation. It was planned to turn out early today, allowing all who desire to attend the singing convention of Midland and Martin counties, being held at the Baptist auditorium here, and class officers urged all to be early at the class room in Hotel Scharbauer.

Crop Estimate High On Oklahoma Crop

OKLAHOMA CITY, Aug. 29. (UP) Harry B. Cordell, president of the Oklahoma board of agriculture, predicted today that the state's cotton yield will be 300,000 bales less than the federal reserve estimate of 1,200,000 bales.

He said that wide boll weevil devastation would curtail the crop to 926,110 bales.

DEMONSTRATIONS CONTINUE

Mrs. Preslar, who has been ill for the past week at the home of her sister-in-law, Mrs. C. E. Gann, has recovered and will continue demonstrations of a new permanent wave machine at Mrs. Vincent Hughes' Beauty shop Monday.

MAKES WEEK END TRIP

D. E. Scott left late Saturday for Dodsonville, expecting to return Sunday night with Mrs. Scott, who has been visiting relatives there.

FLAPPER FANNY SAYS

REG. U. S. PAT. OFF.

FORD'S GARDEN EDICT

Henry Ford made a sweeping statement the other day when he announced that those of his employes who have families, and who do not raise gardens next year, will be out of jobs in his plants.

It is characteristic of American freedom that a man considers it a personal problem whether he buys his carrots and turnips at the corner grocery or raises them in his own back yard. There is a touch of the feudal lordship, in the edict, in some people are saying.

However, an analytical study of the situation proves that Mr. Ford was acting most wisely. In days of economic prosperity it isn't necessary to consider the living problems of one's employes. When depression comes, the scene changes. An employer who is interested in the home-efficiency, as well as the shop-efficiency of his men, will look beyond the walls of his factory. That is what Mr. Ford has done.

The gardening is an added expense to him. He has generously offered to provide land for those who do not have it. He is putting expert advice at the service of every man and woman.

There is another side to the question, too, one that the automobile manufacturer may not have considered. There is something in working with the soil that develops a keener appreciation of simple values in men and women. They come a little closer to the life-giving urge. Their souls grow along with the lima beans and rambler roses and radishes.

People have had a tendency for the last 10 years to climb higher and higher in a steel-girded world. Skyscrapers have shot into the clouds. Aircraft has winged its way closer and closer to the stars.

This is as it should be. No one would be foolish enough to insist that these things should not be. But while visions soar there is a danger that they may lack the proper foundation unless men look to the tillage of the soil again.

It is an economic necessity that men raise their food when they are able and have the necessary ground and time. But it is a spiritual necessity that they get into a growing mood again, and swing back to a clearer creative urge.

HAVING AND GIVING

A literal interpretation of the scriptural command to give as we have prospered has been demonstrated in the gift of Senator James Couzens of Michigan who has offered a million dollars for the care of the poor in the city. It is only right that he should be given the praise that his action deserves.

But his generosity in no means lessens the social responsibility which others, with less means, bear towards their community giving. Society today is a co-operative affair. No man can live to himself alone. And no man can shirk his share of duties and be the right sort of citizen.

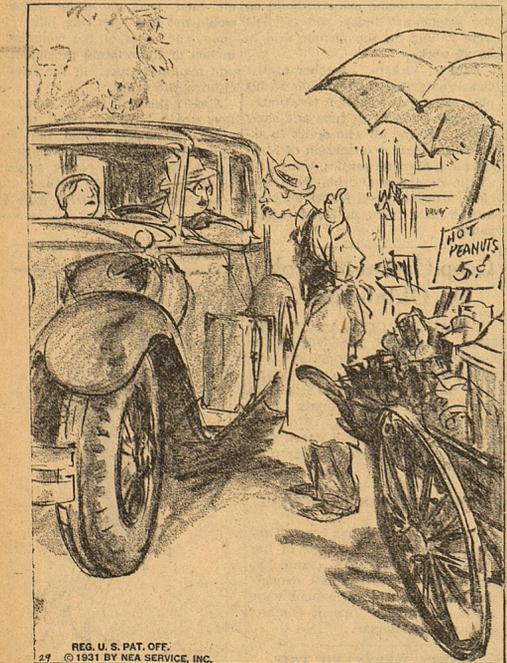

The woman who dropped a farthing on the altar, when the people were bringing their gifts in the temple of Jerusalem, you may recall, won high praise. Not because her fraction of a cent would clothe the needy and feed the hungry. But because "she had done what she could." Senator Couzens' gift is tremendously magnificent but it in no sense lessens our obligations.

INNOCENT GANG VICTIMS

Forty-three innocent bystanders have been shot down in the streets of New York City by gangster bullets in the last 18 months. Four of the victims have died. A wave of terror is beginning to run through the crowded streets where the outlaws operate. People are asking where it will lead.

It is a dire disgrace that such catastrophes can happen but when we remember that it is the unusual, not the usual, that receives attention, the problem shrinks a little. For every citizen who breaks a law there are thousands who keep it in both letter and spirit. Confronted by such an army, out-numbered hopelessly, the reign of the gangster is bound to be destroyed.

Side Glances by Clark

"Well, sir, to really see this city you should drive out along the boulevard and see our fine homes. We're mighty proud of 'em."

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything.)

A Midland girl read a headline saying "Begin Fresh Drive on Crime Element", and remarked that it looked like the New York police were getting impudent with the gangsters.

Recent governmental upsets in Great Britain indicate the country does not like to place all its eggs in one cabinet.

A zoological explorer has just returned from Central America with the news that you can't catch malaria from a monkey. Well, who wants to catch malaria from a monkey, anyway?

Judging from the number of women you see going back to work these days, things are getting back to the way they were before Columbus discovered America.

Maybe the current depression is due to the fact that there are too many salesmen and not enough customers.

Never cross a bridge partner until you are sure of her disposition.

Business may be poor, but these are boom days for philosophy.

A group of men here Saturday cooperated in making Dick Davis' stay more pleasant. Dick is here from Fort Stockton, training his horses for the September 5 and 7 races, and when a fellow is away from home he needs cheering up a bit. Accordingly, Leon Goodman, Tom Nance, Booger Bryant, Timberline Floyd, Audie Francis, Sam Preston, or any or all of that group, served as a reception committee and made possible a nice horse race in which Davis' pony came out in front. Or at least, that's the way I heard the story.

You hear a lot of pedigree talk about horses. In discussing one's chances for running good, you will hear a fellow say the horse is a half brother to a mare who was out of old Barney Lucas, or some such horse. To a fellow who doesn't know the ancestry, all of that is pretty vague. And, sometimes, even after you have heard all of that impressive pedigree talk, you go out and see the nag get beaten.

CALF ROOSTED IN TREE

COLUMBIA, Mo. (UP)—H. Baker Barnes, Audrain county tax assessor found a 400-pound calf perched in a tree. Calling neighbors, he coaxed the animal to terra firma. It developed the calf had fallen in the tree from a raised embankment on the abandoned track bed of the old Mexico-Columbia electric line.

SAW EMPEROR EXECUTED

TUCSON, Ariz. (UP)—Miguel Ybirra, 98, a resident of Tucson, claims to be one of the few living men who witnessed the execution of Ferdinand Maximilian, emperor of Mexico. Ybirra says he was present when the young Austrian pretender to the emperorship was executed at Querataro June 19, 1867.

Mr. and Mrs. B. T. Smith are spending the day in the Davis mountains.

PUBLISHER UNDER BOND

ASHEVILLE, N. C.—Luke Lea, Tennessee newspaper publisher, his son, Luke Lea Jr., and Wallace B. Davis, convicted of conspiracy to defraud a closed Asheville bank, were released under bond in county court Wednesday pending appeals.

HOLD O'NEILL FUNERAL

CANNES, France.—Funeral services were held Wednesday for James E. O'Neill, former wealthy American oil operator, who died in "exile" here, where he had taken refuge after refusing to testify in the Teapot Dome prosecution in the United States.

The cornerstone of the original U. S. capitol building was laid by President Washington on September 18, 1793.

FURNITURE HOSPITAL Phone 451

BIG PLANTS EMPLOY SMALL PART OF MEN IN INDUSTRY

BY ALLARD SMITH Executive Vice President, the Union Trust Co., Cleveland, O.

Great industrial corporations which number their employes and possibly their stockholders as well in the thousands are much in the public eye and doubtless come first to mind when any reference is made to manufacturing. As a matter of fact the great manufacturing establishments are but a small part of the manufacturing industry of the country, either in number or in percentage of workers employed.

Only one-half of one per cent of the country's factories employ more than 1000 wage earners, according to a recent report of the National Industrial Conference Board, based on figures of the federal census. Those employing more than 500 workers are but 1.4 per cent of the whole and but 3.4 per cent employ more than 250.

The numerically small group employing more than 1000 workers each, while including the very largest employers, account for slightly less than 25 per cent of all the wage earners, while plants which employ 500 or less have 61.9 per cent of all the workers on their payrolls. Factories and shops employing less than 100 workers constitute 87.2 per cent of all manufacturing institutions and employ 28.8 per cent of all the workers.

The familiar cry that the United States has become a country of great industrial units where the small manufacturer has no opportunity is hardly borne out by the census figures. Financial success is shown to depend not on size, because there are successful and unsuccessful units in all sizes of establishments, but rather on capable management.

The only conclusion which can be reached is that notwithstanding the great contributions which our larger industrial establishments have made to the totals of the nation's business, the small manufacturer is still the cornerstone in the country's industrial structure, able to continue in

business and by exercise of alert good judgment make as proportionately great a success as the larger institution.

U. S. FAVORS ITALIAN HATS

ROME. (UP)—Nearly two million Americans wore Italian hats last year, the government reports. Italy exported 1,740,000 hats, both felt and straw, to the United States last year. British South Africa bought nearly one-half million felt hats and over 100,000 straw "lids." Altogether Italy exported 7,651,951 felt and 3,668,516 straw hats in 1930.

MARIE DRESSLER STARS IN FILM AT RITZ TODAY

"Politics", which brings Marie Dressler to the Ritz theatre Sunday and Monday in her first picture as a full-fledged star, is unique in that it gives her equal opportunity as a comedienne and as a dramatic actress. In it she makes laughs as in "Reducing" and "Caught Short" and at the same time rises to dramatic heights as in "Anna Christie" and

"Min and Bill." The new picture is a comedy drama of political life. Miss Dressler plays a housewife who, goaded to action by conditions in her town, runs for mayor, organizes the women's vote and drives out gangster rule. Polly Moran plays her political manager and aide in the battle.

England's largest mountain is Ben Nevis, 4406 feet; Everest, the highest mountain in the world, is nearly seven times that height.

The Irish Free State in 1930 bought more British automobiles than all the foreign countries in the world put together.

Gala Conversation Party Given to Honor Members of Co-Workers' Class; Musical Program Presented by Talented Artists

An evening at a "conversation party" was unique entertainment furnished for members of the Co-Workers' class in the Crystal ballroom of Hotel Scharbauer when members of the Red group, recent winners in a membership contest, were honor guests of the Blue and Purple groups.

The setting for the affair was attractively decorated with profusions of flowers. Foursome tables, which were arranged in the room, were centered with bud vases of garden blooms and the stage, from which a splendid musical program was presented, was graced with flowers and ferns.

As the guests entered the room, tallies designating tables numbers were drawn. Between each number of the program, guests progressed to other tables, no one person sitting at the same table twice or with the same people.

The program, staged in brilliant fashion, follows: Duets by Nelda Jem and Ina Beth Hicks.

Solos by Dolores Barron. Piano solo by B. C. Girdley Jr. Duets by Mary Elizabeth Newman and Mary Louise Cowden.

Readings by Francis Lowe Peters. Violin solo by Miss Lillian Dunaway, accompaniment by Miss Mary Belle Pratt.

Piano solos by Mr. Wallace Wimberly. Solo by Mrs. Barney T. Smith, accompaniment by Mr. Smith, violinist and Mr. Wimberly, pianist.

Violin solo, Mr. Smith. Vocal solos by Mr. Leon Chewing and Mr. George D. Norman.

Piano solo by Minnie Lee Walton, assisted by Mrs. O. L. Walton. Reading by Miss Lucille McMullan.

Vocal solo by Mrs. A. J. Florey. Music for the progressions was played by Mrs. O. L. Walton and Mrs. Minnie Cowden.

Ices were served at the close of the party to Meses. Ed Darnell, T. A. Cole, R. C. Strong, Francis Macatee, Tom C. Bobo, Ed Vesey, Faye Selman, Butler Hurley, Tom Nance, Kenneth Johnson, Fred Girdley, Hazel Saye, R. T. King, W. J. Russell, J. A. Seymour, Leslie Stevens, Mary Unger, Aisie Newman, Minnie Cowden, Vera Penick Lively, Barney T. Smith, A. J. Florey, H. N. Thomson, Gilbert Wilson, C. H. Oliver, C. F. Cowden, Clyde Barron, Drushia Nelson, L. J. Tanksley, M. F. Peters, Emily Kannon, Lucille Westerman, Carl W. Covington, J. E. Simms, J. N. Creech, C. R. Cottrell, R. H. Rippin, W. H. Lochabay, R. E. Witty, H. N. Phillips.

Misses Lucille McMullan, Sara Lee Matthews, Marie McKinney, Irene Lord, Druilla Lord, B. Grounds, Lora Blake, Unisee Baker, Willie Joe Pou, Mary Elizabeth Pou, Marguerite Carpenter, Doris Bryant, Bertha McGrew, Lois Bryant, Melba Lee, Lucille Cochran, Nancy Ruth Naylor, Dora Evans, Laura Jesse, Corine Pate and Adella McCall.

Regular Lesson Studied by Belmont Class Members and one visitor of the Belmont Bible class met at the home of Mrs. A. W. Lester Friday for the regular Bible study. The lesson was taught from the 17th chapter of Luke by Mrs. J. M. King. Mrs. D. E. Holster will be hostess to the class next Friday. Save Money. Buy at McMullans.

Babies Born Mr. and Mrs. C. G. Brown announce the birth of twins, a boy and a girl, on August 20. The Browns make their home at the C Ranch north of Midland. A ten-pound boy was born to Mr. and Mrs. Roy Jones at their home five miles southwest of town on August 24. The name of the son is Roy Desmond Jones. Watch our windows for daily specials. Stanley's Self Serve Grocery. 129-62

Improvements and Hospitality of Bloys Camp Meeting Told by Midland Writer Editor's Note: Mr. and Mrs. W. C. Cochran, pioneer residents of West Texas, have recently returned from the Bloys camp meeting. Mrs. Cochran, Midland writer, has told of the visit to this year's assembly.

By MRS. W. C. COCHRAN Our party of four left Midland on Thursday, the 20th, arriving at the Bloys camp ground in time to get settled for the evening service. We were met and welcomed to the Evans' and Means' camp. It had been fifteen years since we had the pleasure of attending the camp meeting and we noticed many changes. Cottages have been erected at the larger camps and electric lights over the grounds add much to the charm and comfort of all. Lots and lots of tents still in evidence and add much to the picturesque effects. These are very comfortable, too.

A large tabernacle, more conveniently arranged has a seating capacity of 1000 people. Unless you have been there you have no idea of the magnitude of this camp. On Sunday there were 1500 people present. At the Means' and Evans' camp 400 were beautifully served. The same number at the Jones and Finley camps and others were taken care of at the smaller camps. So well organized are these camps that no one goes away hungry. One wonders how they do it. At our camp, the Mexican cook, who cooked the first meal 42 years ago, is still bossing his Mexican helpers. He is known as "Old Florida."

The association is composed of a number of families of all denominations, most of whom live in the Davis mountains. All expenses are met by the association. No collections are taken but you may make a free-will offering on Sunday. Mr. Bloys, or Brother Bloys, as he is lovingly called, a Presbyterian minister, founded or rather organized this camp 42 years ago. Near the tabernacle a splendid tribute to this saintly Christian, by the camp meeting association. All denominations take part in the meeting. The cooperation and brotherly spirit are remarkable. Mr. R. Irving of Fort Davis conducts the services since the passing of Dr. Bloys. He is assisted by Dr. Birna of Waxahachie, Rev. L. R. Millican of El Paso and Dr. Porter of Washington, D. C., Baptist ministers, Dr. Anderson, Disciples minister of Fort Worth, and Dr. Onderdonk, Methodist preacher of San Antonio. All are consecrated Christian men. The services were inspiring and no one can calculate the good fruits to come in time from the gospel which was ably and earnestly expounded. The choir conducted by Mrs. Sam Means, a wonderfully sweet singer, was an inspiration. We were loth to leave so many good friends who so hospitably cared for us and will treasure in our hearts the memory of the camp meeting in 1931.

Bill Oliff and family are here from East Texas where they have been living for some time. They are visiting relatives here. Mrs. Clark Blaylock and children, Katherine, Jane and Billy, spent Friday night and Saturday visiting in the homes of B. N. Aycock and Elliott H. Barron. They were en route from Albuquerque to their home in Fort Worth. W. R. Chancellor of Roswell was here Saturday morning on business.

Mr. and Mrs. Charles Kerr and children and J. H. Williamson left Saturday to visit relatives in San Angelo and Snyder several days. Mr. and Mrs. T. A. Cole are spending the week end in Garden City with relatives. Mr. and Mrs. Ed Darnell have gone to Abilene for the week end. Miss Myrtle Gregory of Odessa was in Midland Saturday visiting. Mrs. Francis Macatee and son will return to their home in Lovington

Mr. and Mrs. L. L. Brown of Groesbeck returned home Saturday morning after spending a few days here completing business of their son, Rod Brown, oil man, who died recently. Truman Nance returned to his home in Abilene yesterday afternoon after spending a week with relatives here. Mr. and Mrs. Fred Middleton and son, and Mrs. Brooks Pemberton returned Thursday evening from El Paso where they attended the American Legion convention. Bill Kelton will be in from the Norwood ranch north of Midland to visit friends today.

Gala Lawn Party Given for Live Wire Class

One of the most delightful social affairs for the Live Wire class of the Methodist church took place on Friday evening at the home of Mr. and Mrs. T. S. Nettleton. Lawn games were the attraction of the evening. The group was divided into two groups and contests afforded gay amusements. After the whirl of the evening's entertainment, ices were served to Meses Sweetie Smith, Nellie Stephenson, Tommie Smith, Alta Mae Johnson, Esther Mae Hodo, Katherine McCleskey, Ruth Long, Mahdeen Reising, and Estella Hodo; Messrs. Uel Feeler, Herman Shumate, Harvey Powledge, D. Thurman McCleskey, George R. Bennett, Lloyd A. Long, Henry Hawlett, Jake Price, Wintzell Whitmore, Theron Nettleton, Dr. Wyne Cook, the Rev. and Mrs. Edwin C. Calhoun, Mrs. Clyde Gwyn and the hosts.

Art Studio Will Be Maintained in Hogan Building

Announcement has been made by Miss Hella Mae Williams of the opening on September 14 of her art studio in the Hogan building. Miss Williams maintained a studio in Midland last year and her paintings received much favorable comment from art admirers. The first display of Miss Williams' painting this fall will be held next week in the show window of the Miller Drug company. Most Popular among her paintings are the ranch scenes for which she received natural settings while living on a ranch between Van Horn and Sierra Blanca. She expects to have classes in oil, medium, tapestry, French texture, china, water color and pencil sketch work.

Fall Term Is Open at Watson School of Music

Reopening of the Watson School of Music for the fall term has been announced by the instructors, Miss Lydia G. Watson and Mr. Ned Watson. The Watsons, who have conducted a music school in Midland for a number of years, are offering student courses in piano and all string and wind instruments. They announce as special advantages class orchestras, music study club and a plectrum club. Many of the students and orchestras of this school appear often in fine arts programs of the city aside from the regular school appearances. The general opening of the school will be Monday, September 7, but students are enrolling now for classes.

Bible Class to Resume Study This Week

Resuming class meetings after a summer's vacation, members of the Community Bible class announce the first meeting for fall Friday afternoon at 4 o'clock at the home of Mrs. Edwin C. Calhoun, who is the teacher. Present members of the class are Meses. J. L. Barber, T. S. Nettleton, Charles Berry, J. M. Haygood, Jess Prothro, Jameson, O. L. Walton, M. J. Allen and Calhoun. Other women who are interested in joining the class are cordially invited to attend.

Happy Birthday TOMORROW W. A. McCall Mrs. J. H. Haralson

Wimberly Studio Will Be Open September 1

The Wimberly Studio of Music will hold its annual fall opening during Tuesday, September 1, in a suite on the second floor of the Petroleum building, announced Mr. Wallace Wimberly, pianist and instructor. Mr. Wimberly, fine arts graduate of Simmons university under Professor Dr. Allison and special student of Josef Evans, opens the music studio for the fourth year in Midland. He offers courses in piano and wind instruments, stressing harmony, theory, musical appreciating and ear training. Special courses will be given in hymn playing. Parents of children interested in music are invited to the studio this week.

Program Will Be Given for Residents of South Section

A program will be presented for women living in the south and east part of Midland Monday afternoon at the home of Mrs. A. B. Cole by women of the Baptist Women's Missionary society. Mrs. W. W. Wimberly will be the leader and several topics will be discussed by others. Women are asked to meet first at the Baptist church, going from there to the Cole home.

Interesting Program Prepared for Endeavor Meeting

The Young People's Christian Endeavor of the First Presbyterian church will present a program this evening at 7 o'clock on the subject, "What Is God's Ideal for Our World?" Miss Lucille McMullan, who is the leader of the meeting, has announced the following program: Song, "More Like the Master." Announcements. Song, "Make Me a Channel of Blessing." Prayer. Leader's introduction, Lucille McMullan. "Knowledge of God", Georgia McMullan. "Love for God", Mary Catherine Hogsett. "Obedience to God", Velma Bilbrey. "Conformity to His Likeness", Avelyn Pogue. A story, Marguerite Bivens. Song, "Victory." Benediction.

Improvements and Hospitality of Bloys Camp Meeting Told by Midland Writer

Editor's Note: Mr. and Mrs. W. C. Cochran, pioneer residents of West Texas, have recently returned from the Bloys camp meeting. Mrs. Cochran, Midland writer, has told of the visit to this year's assembly.

By MRS. W. C. COCHRAN Our party of four left Midland on Thursday, the 20th, arriving at the Bloys camp ground in time to get settled for the evening service. We were met and welcomed to the Evans' and Means' camp. It had been fifteen years since we had the pleasure of attending the camp meeting and we noticed many changes. Cottages have been erected at the larger camps and electric lights over the grounds add much to the charm and comfort of all. Lots and lots of tents still in evidence and add much to the picturesque effects. These are very comfortable, too.

A large tabernacle, more conveniently arranged has a seating capacity of 1000 people. Unless you have been there you have no idea of the magnitude of this camp. On Sunday there were 1500 people present. At the Means' and Evans' camp 400 were beautifully served. The same number at the Jones and Finley camps and others were taken care of at the smaller camps. So well organized are these camps that no one goes away hungry. One wonders how they do it. At our camp, the Mexican cook, who cooked the first meal 42 years ago, is still bossing his Mexican helpers. He is known as "Old Florida."

The association is composed of a number of families of all denominations, most of whom live in the Davis mountains. All expenses are met by the association. No collections are taken but you may make a free-will offering on Sunday. Mr. Bloys, or Brother Bloys, as he is lovingly called, a Presbyterian minister, founded or rather organized this camp 42 years ago. Near the tabernacle a splendid tribute to this saintly Christian, by the camp meeting association. All denominations take part in the meeting. The cooperation and brotherly spirit are remarkable. Mr. R. Irving of Fort Davis conducts the services since the passing of Dr. Bloys. He is assisted by Dr. Birna of Waxahachie, Rev. L. R. Millican of El Paso and Dr. Porter of Washington, D. C., Baptist ministers, Dr. Anderson, Disciples minister of Fort Worth, and Dr. Onderdonk, Methodist preacher of San Antonio. All are consecrated Christian men. The services were inspiring and no one can calculate the good fruits to come in time from the gospel which was ably and earnestly expounded. The choir conducted by Mrs. Sam Means, a wonderfully sweet singer, was an inspiration. We were loth to leave so many good friends who so hospitably cared for us and will treasure in our hearts the memory of the camp meeting in 1931.

Bill Oliff and family are here from East Texas where they have been living for some time. They are visiting relatives here. Trades Day

Don't forget that next Saturday, September 5th, is Trades Day again—We will have some extra special values to offer you on that day—be sure to come in and see them.

Championship Fight Off

SHEFFIELD, England, Aug. 28.—The proposed Lonsdale Belt championship fight between Johnny Cuthbert, featherweight champion, and Nel Tarleton, of Liverpool, has been cancelled. The fight was originally scheduled for Sept. 7. Ted Broadribb, Tarleton's manager, has announced that Tarleton is going to South Africa, instead of remaining in England to meet the featherweight title holder.

Gunboat "Steals" Show ALBANY, N. Y. (UP)—Gunboat Smith, old time boxer and now a motion picture actor and wrestling referee, "stole" a wrestling show here the other night. Many times Smith was on the verge of landing that once-famous right of his on the wrestlers when they ignored his orders, much to the disappointment of the fans. Drawing back his fist was enough to make them mind, however.

Bandit Cave for Picnicker HANOVER, Wis. (UP)—A wo- room cave in the sandstone hills near here, which once sheltered horse thieves, bandits and counterfeiter, is now a favorite picnic spot for parties from nearby towns.

The line of separation on the moon between the illuminated and the dark regions, is called the lunar terminator.

Natives of Savo, one of the Solomon Islands, regard the shark as a god and cast their dead into the sea as an offering to their finny deity.

One northern hardwood tree of any variety, 21 inches in diameter five feet above the ground, will yield a cord of wood.

Holding fish and frogs' heads in the mouths of children suffering from whooping cough is an old "cure" still practiced among peasantry of western Ireland.

The most talkative character in all of Shakespeare's works is Hamlet, who has 1659 lines to speak.

A legal decision in Ontario, Canada, permits children of the province to go to school in their bare feet.

Tattooing certain marks on the body is regarded in Burma as a sure shield against being killed in warfare.

WEEK'S PROGRAM OF SPORTS IS VARIED AND FILLED TO BRIM

"Doping" Races Is Favorite Sport as Training Period Nears an End

GOLF AND TENNIS, GRID WORK AND RACES CARDED

A week filled to the brim with sports activities starts this afternoon when Stanton golfers meet local men in a match play at the Country club at 1:30 o'clock.

Midland, Lamesa and Big Spring will be playing tennis at Big Spring at the same time in the Tri-City tournament. This city will be represented by Frank Stubbeman, Theo Ferguson, W. D. Godbey and Oliver McCrary.

Theo Ferguson will enter the El Paso tennis tournament Friday, Saturday and Sunday.

Football practice will start at the high school early in the week when Coach L. K. Barry issues the call to Captain-elect Loyd Burris and his sturdy crew of players.

Much interest will be centered in Barry's coaching tactics and his formations for the season. He has attended the coaching schools at A. & M. and Texas Tech.

The regular schedule of playground baseball will be carried out for the week, with the second half nearing its close.

The big Labor day race meet will be held Saturday and Monday. Some of the fastest ponies seen on Cowboy park this year are being worked out daily in preparation for the two-day go.

Matched races are being held each morning in an attempt to get the fastest mounts in the best of condition.

Stanton Golfers Play Here Today

Sixteen golfers of Stanton will meet local men on the golf course this afternoon in matched play.

The first foursome is scheduled to tee off at 1:30 o'clock, according to M. M. Seymour, who arranged the match.

Stanton players have met Midland golfers on several occasions and have managed to take each match, the last being played at Stanton.

Midland's second string players are used in these matches.

TONSIL PATIENTS

Three tonsil operations were performed at the Midwest hospital-clinic during Saturday.

Patients, who were doing well following the operations, are Mrs. George Kesler, and Grady Lee and Mary Catherine Bennett, children of Mr. and Mrs. Bolton Bennett at the Atlantic bank farm.

CLASSES IN ART—Beginning Sept. 14th.

Private and class lessons for beginners and advanced students. **HELLA MAY WILLIAMS** Studio of Art 216 Petroleum Bldg.

membership present and during a regular term. The United States supreme court will not meet before October.

Refineries May Get Oil Under Plan

HENDERSON, Aug. 29. (UP)—Governor Sterling today wired officials of the Beacon Oil Refining company that he was working on a plan to obtain refineries to obtain needed crude. Officials of the company had wired that 50 employees would have to be discharged because of crude shortage under martial law.

Manitoba's forest area has been officially estimated at 137,000 square miles.

The average girl of today is taller, broader in shoulder, narrower in hips, and heavier than her mother was at the same age.

A coliseum building costing \$75,000.00 and seating 20,000 people and to be dedicated by President Ortiz Rubio of Mexico during the Amarillo Tri-State fair this fall is to be erected at Amarillo.

Amarillo, in West Texas, with a population of 43,000 was fourth in building permits in Texas for the first six months of 1931, with a total of \$1,750,000. Houston, Dallas and Fort Worth exceeded it.

FERGUSON WILL ENTER TENNIS TOURNAMENT AT EL PASO TO BE HELD SEPTEMBER 5, 6, 7

Theo Ferguson, star tennis player of this city, announced Saturday that he will attend the City Tennis championship tournament at El Paso September 5, 6 and 7. Beautiful cups will be given in both first and second prizes in the men's open singles and doubles, women's open singles and boys' junior singles.

STUBBEMAN IN NO. 1 POSITION ON TENNIS TEAM

Frank Stubbeman kicked the bottom out of the dope bucket on tennis circles and defeated Theo Ferguson Friday afternoon in a challenge match for No. 1 man on the Midland team which will play at Big Spring this afternoon in the Tri-City match.

Lamesa, Big Spring and Midland make up the cities in the league. Stubbeman is the first Midland man to defeat Ferguson and the win came as a jolt to tennis enthusiasts. Frank has been steadily improving his game, others say, and he is likely to sneak upon any player now.

No. 1 man for Midland is Stubbeman, No. 2 Ferguson, No. 3 Godbey, and No. 4 McCrary. This is the order in which they will play at Big Spring today, the match starting at one o'clock. Stubbeman and Godbey will be paired in the doubles and Ferguson and McCrary will work together.

The Stubbeman-Ferguson match was 3-6, 7-5 and 8-6.

ELECTRIC-FORD EASY WINNERS FRIDAY NIGHT

Texas Electric and Cowden-Epley romped off with their games Friday night in the Nocturne baseball league. Electric swamped Rezall 21 to 7 and the Ford crew rang the telephone bunch 28 to 9.

Straughn pitched good ball for Texas Electric, allowing only 7 hits. Umberson allowed 15 hits, pitching for Ford against the Bell telephone.

Box scores:

SPORTS REPORTS

BY R. C. HANKINS

I took a little jaunt with the editor Saturday morning on an inspection trip at Cowboy park.

Looks like a dandy bunch of racing stuff out there to me, and I am predicting a great race meet September 5 and 7.

Addison Wadley has been telling about showing the boys how the cat walked the clothesline in the mountains at Cloudercroft, N. M.

Addison can take his "walloper" and clean up on the average golfer. However, I haven't had a chance to talk with Ralph Barron, Harry Tolbert or D. H. Roettger about the trip they made with Wadley to the mountains and the 72 holes of golf they played. There may be more to tell about it than Wadley has told, but he has a pretty serious look on his face every time he tells about the cat.

The boys from Stanton are coming over today to take on Midland's second rate golfers.

That Stanton aggregation has been pouring it on all of 'em, but they'll strike a stump this afternoon—my prediction.

Woodrow Gwyn, The Reporter-Telegram bicycle expert, will return Monday from a trip to San Antonio.

Woodrow rode his bike all the way down to the Alamo city, but will ride an auto about 100 miles of the way back. The old endurance stuff.

Wish the Nocturne baseball games would get a little tighter. People become listless and chunk peanuts and rocks when the scores resemble bowling results instead of ball games. What can I do about it? Nothing!

The Lexington and Saratoga airplane carriers each carry 70 planes. The Langley carries only 30.

There is a superstitious belief that the amethyst will dispel sleep, sharpen the intellect, prevent intoxication, give victory to soldiers and protect the traveler.

FANS ATTEMPT JOB OF FILLING CARD WITH PONIES

With the September 5 and 7 races only a week off, fans are busy trying to "dope" the principal events. Horses in training, especially those who have been in the money heretofore, are coming in for favoritism but, as usual, some nag that hasn't been given heed will upset the dope bucket.

The first race has nothing to be used as a guide, largely because it is for non-winners, the quarter mile for cow-ponies. It is the usual stunt, in this event, for John Dublin or somebody to bring a horse off of the range at the last minute that will either win or run a good second, leaving the ponies that have been working up to the rail for quite a while lying in behind. But this isn't a safe rule to follow. Jay Floyd's gray cow horse and Tom Nance's chestnut Scotty are being mentioned in that event.

Ashire vs. Tomcat?
The quarter free for all race is built around two ponies with winning records, and a third bids fair to show more speed than she has been given credit for hitherto. The Fort Stockton Ashire and Clarence Scharbauer's Tomcat keep the conversation going on that event. Meanwhile Booger Bryant's Miss Midland is being groomed and trained to give them a race. All three are three year olds and all three are chestnut in color. The Ashire horse is the larger and heavier, powerfully muscled. Tomcat is the ideal little quarter horse, built for lightning get-away and geared to the ground, and Miss Midland reveals in her general appearance the race horse blood that runs strong in her veins. As yet a little unhandy at the start, she has steadily improved, winning easily the quarter mile event in the jelly bean races here early this month, with a time of 25.2.

Nance's Twos Good
Tom Nance, with his five two-year olds under rigid training for three weeks, stands a good chance in the three-eighths race for that age. John Dublin came in late with a nice chestnut horse colt but the pony is yet difficult to be doped out. Floyd's choice filly, Fatima, appeared at the barn door kicked all over, one hip injured and limping sorely early Saturday, as good as out of the running after she had been kicked out of the stable by another mare. Dick Davis has a likely looking bay two year old in training and Booger Bryant has two fair looking prospects.

Tough Competition
The three-eighths for the three-year olds and up looks like a dead heat from the starting pole to the wire between Dick Davis' Hightone and Floyd's Maude F. Both are in prime condition, both will carry light weight, both have rapid getaway but the Davis horse has hope in his favor on account of winning over horses with which Maude F. has competed. For instance, Scharbauer's George Keith beat Maude F. in the jelly bean races a few weeks ago in the three-eighths and Saturday morning Hightone beat George Keith.

Anyway, Maude F. has never looked better and the Stockton horse will have to await the race before having the money cinched, fans say.

Half Good Race
The half mile race will see Scharbauer's Fox, Booger Bryant's dun Piccolo Pete and possibly Floyd's King Tony in the running, it is believed. All of the horses have been run repeatedly here but have not been pitted against each other, assuring, with such other competition as may enter, an interesting race.

That brings the program down to the relay. Jay Floyd makes no bones about his intention to enter his string of bay rovers, winners in the July 3 and 4 relay events, Spring, Red Wing and Florence. Florence was lame July 4, necessitating the substitution of King Tony. Now she is in great shape and seems to make better time than Red Wing and Spring. If another relay team is getting ready, no announcement has been made. The relay gets 25 percent of the purse, an attraction if there is one presented. Even second the quarter mile event in the jelly bean races here early this month, with a time of 25.2.

Jelly Beans "Mum"
The jelly bean race, which is to be run as the third number, does not

re in the purses. Little dope has been on the race and no riders ohores are training. Jimmy Nofti, Chas. Yonge and Paul Barron the signified intentions of running the organizations they represent at it is likely that full announcement will be made within the next few days.

Horses mentioned as entries or favorites in above paragraphs represent no official statements from their owners. Any reference to their names is merely repetition of chatter and street talk. Horses that have not been mentioned may be off first money in any race, all which makes the job of "doping" races more interesting.

Barry Issues Practice Call

A telegram to the sports department of The Reporter-Telegram late Saturday afternoon from Coach L. K. Barry announced that he will arrive one day earlier than he anticipated and that football practice at the high school will start Tuesday, September 1.

Barry is eager to have every prospect report the first day of practice at which time new equipment will be issued.

The largest bird is the ostrich, which stands nearly eight feet tall and weighs nearly 300 pounds.

STICKER SOLUTION

The book is "Vanity Fair" by Thackeray. The supplied letters are the heavy ones shown above.

There is a superstitious belief that the amethyst will dispel sleep, sharpen the intellect, prevent intoxication, give victory to soldiers and protect the traveler.
