TOLL OF THE THIRD DEGREE

An unexpected flare-back from a case of police brutality came in an Ohio city recently. One Francis Bush, paroled from prison after serving a few years on a charge of robbery, attempted a hold-up, with a pal; his pal was killed, a policeman was shot and three innocent bystanders were seriously wounded in the gun battle that followed.

The precious Mr. Bush, obviously, got a parole he didn't deserve. And why did he get it? Well, largely because the prosecutor who sent him up recommended it; and the prosecutor recommended it because Bush, when first arrested several years ago, had been given by the police what the prosecutor called the most vicious bit of third-degree torture ever administered.

Because of that torture, Bush got a parole he wouldn't have got otherwise. Because of that parole there was a gun battle on the city streets and four innocent people were shot.

What was the value to the community of that particular bit of police brutality?

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything.)

If I were to start in to telling negro jokes in this column, especially those about the war, a lot of people would think Winston Brown was the Town Quack, because that preacher surely does get off some good ones. But I'll take a chance and repeat a few that I have read during the last few weeks.

One is about two darkeys who were in the same jail, charged with stealing a watch and the other one with making off with a cow. The one who had stolen the cow thought he would "kid" the other one.

Another story is about the war. An officer ordered a negro sergeant to take a squad of men and go after two machine guns over in the German lines. He told the sergeant to make the salute at night.

And do you remember that old, old one about the colored soldier who was sent out in No Man's Land. The officer told the darkey that if they started shooting at him for him to run zig-zag. Later the negro was taken to the hospital hit in about a dozen places.

NEW EQUIPMENT
You can't imagine the excitement that reigned in the home economics department this week. The teachers and pupils have had such a grin on their faces that every one has wondered about the cause. If you are one of those in doubt you should visit the clothing room and you will easily see. Two new Singer electric sewing machines have been installed.

PAJAMA PARADE
You should have been in Clothing I classes last Wednesday and seen the pajama parade. It was really worth seeing. We have completed our first sewing problem and Wednesday we modeled these garments for class members and for Miss McKenzie's foods class. Comparisons in design and workmanship of the garments were made and a score card for grading the garments was set up.

Doughnuts and Cider Complete Halloween Frolic

No Halloween frolic is complete without doughnuts and cider, so it behooves the hostess to get out her fat kettle and start to work.

The terms "doughnut," "fried cake" and "cruller" are used interchangeably, but there is a technical difference between them. Doughnuts are bits of yeast bread-dough sweetened and fried in deep fat.

The temperature of the fat is of utmost importance because this really solves the fat-soaking problem which is responsible for the digestibility of the fried cake. When a thermometer is easy it should register 380 degrees Fahrenheit when the dough is dropped in, and 360 degrees during frying.

For the best results, an inch cube of bread from the soft part of the loaf should brown in 60 seconds when dropped in the hot fat. Rings and twists should fry in three to five minutes. Balls need a minute or two longer.

The proper blending of materials is another important step. Thorough mixing is necessary, but care should be taken not to over-mix the dough. Each ingredient should be thoroughly incorporated in the mixture as it is added, but prolonged beating results in hard, tough fried cakes. Chill the dough for an hour or longer before rolling. This makes it easy to handle with the minimum amount of flour and insures tender, fluffy cakes.

Potato Fried Cakes One cup hot mashed potatoes, 4 tablespoons butter, 3 eggs, 1-4 cups sugar, 1 cup milk, 4 cups flour, 1-2 teaspoons baking powder, 1-2 teaspoon salt, 1-2 teaspoon vanilla, 1-4 teaspoon nutmeg.

Add butter to hot mashed potatoes and beat well. Beat eggs with sugar and stir into first mixture. Mix and sift flour, salt, baking powder and nutmeg and add alternately with milk to first mixture. Add vanilla. Cover mixing bowl and let mixture chill for an hour or longer. Dust molding board and rolling pin with flour and turn dough onto board. Roll lightly to one-half inch thickness and cut with a flour-ed cutter. Fry in deep hot fat and drain on crumpled paper. Do not pile one above the other until cool.

Mrs. Schneider Entertains with Aluminum Dinner

Mrs. A. F. Schneider was hostess at an attractively appointed aluminum dinner party Thursday evening at her home, 312 West Florida. Mrs. Schneider, who is transacting business in Dallas, was unable to return.

Places were laid for Messrs. and Meses. Bill Cole, Roy Condon, Roy Cochran, Ellis Conner and H. N. Phillips. Wayne Butler of Lubbock demonstrated his aluminum wares and served the dinner. He presented the hostess with a can-opener.

Mr. and Mrs. Roy Condon won a prize in an after-dinner contest. This was the second such dinner given by Mrs. Schneider.

Bright Colors and Warm Fabrics Now Shown in Shops

With the crispness of winter and the football season well under way the casual shopper finds the Midland ready-to-wear departments specializing in smart looking cold weather clothing.

Brilliant colors are arriving to brighten the gloominess of winter precipitation. Chinese red, Spanish tile, and gay shades of green and blue are the new colors. Plaids and stripes for blouses, sweaters, or trimmings peek out from behind solid color skirts and coats.

The fall shades of black, brown, wine and green are still good, however, according to ready-to-wear sales women. Many of these are combined with one or more of the brightest colors in the new winter dresses.

Sport Hats Distinctive

Sport hats are more distinctive this season than they have been for years. One of the most popular styles is the swagger hat of fancy woven or knit woolen fabric. It has a soft shallow crown, a small stitched brim with felt or buckie trimming. Another model, very practical for winter coats, is the close fitting, off-the-face, brimless beret made, usually, of a knitted woolen or silk and wool material. Tucks, jaunty little bows, flaps or simple ornaments adorn these hats.

Shoes Are Dressy

Local booteries say that sport shoes are decidedly dressy. One store displays a shipment of new and unusual styles which are particularly in keeping with winter dress fabrics. The smartest sport shoe, according to local shoe salesmen, is made on a long vamp and has a 16H boulevard heel. Many of the oxfords are without tongues and have a six eyelet tie making a higher cut shoe than usual.

A brown oxford, of tweeds cloth and kid leather combination, is going to be very popular this season. A brown kid pump trimmed in beige leather underlay and a spectator pump, of brown suede and kid combination, are two of the more attractive new sport styles.

Laden with Suits

The shops are laden with suits—three or four piece swagger suits, swanky little corduroy outfits, lapin or suede jackets—all ready to join the colorful parade to the football

games, to the campus, to high school, or to work.

A two piece suit may be purchased for less than six dollars. Besides being warm for outdoor wear, these brightly colored outfits add an optimistic touch, occasionally to the often too dull shades of winter apparel.

Lapin jackets are nice with sweaters and blouses. Sweaters are found among this season's bargains. Plaids and stripes for blouses, sweaters, or trimmings peek out from behind solid color skirts and coats.

Genuine suede jackets, available in red, green, beige, and dark brown, are being sold for less than \$10. A suede cloth jacket of the same style and colors may also be purchased for less than five dollars. Both of these are very warm and smart for campus or outdoor wear.

Skirts Are Straight

All the skirts are straight with either plaits or a slight flare at the bottom. They are trimmed occasionally with tucks across the front and back. Skirts of fancy woolens are being sold for less than three dollars.

Gaily plaid blouses of light woolen material are clever with suits and jackets. Sweaters are enjoying a greater popularity than they have known in years. Tailored woolen models with colorful stripes are very good. Lace wool scarfs are nice to keep the neck warm at football games.

New winter sport dresses have some of the following assets: bright colors, hairy woolen materials of rabbit or angora, high necklines, deep dolman sleeves, and novelty buttons and buckles. More often than not the new dresses are color-laced; laced or plain with buttons. Some of the dresses have a very small collar. Two-color scarf collars are very popular for the heavier materials.

New Colors Out

Salad green, Chinese red, and Spanish tile are the newest colors for sport wear. Dark green, wine, brown and black are still good, however.

Fur trimming is fashionable; chinchilla, lapin, and Galyak being the most desirable fur for light fabrics. Rough crepe is the newest of winter silk materials; it is also the most durable. Braided cape collars are being shown on dresses of this material.

Striking color combinations are the outstanding features of the new clothes. Spanish tile, for instance, may be trimmed with yellow and black.

Sport coats are most inexpensive this year. The swagger style in

TEXAS AND TCU FAVORITES TO COP ON SATURDAY GRID CARDS

TCU LEADING THE SOUTHWESTERN CONFERENCE

By BILL PARKER
Associated Press Sports Writer

The twelfth annual football game between Southern Methodist university and the University of Texas, which will be an honor game, banners the Southwest conference program but it has a close rival in the Baylor university and Texas Christian game tomorrow at Fort Worth. These two conference battles are the only ones with championship atmosphere. Texas A & M plays an intercollegiate game at Shreveport against Centenary, a high school university of Omaha, Neb., invades the Southwest conference for an intercollegiate game with Rice at Houston.

Texas Christian, with two conference victories and Texas with one, are leading the Southwest race. Both are favored to take their opponents tomorrow. In their annual battles, Southern Methodist has emerged victorious over Texas five times. The Longhorns have won four, and two games were scoreless ties.

Texas has drilled this week to stop Southern Methodist's aerial attack. Coach Clyde Littlefield has his Texans in excellent condition for tomorrow's fray. His three backfield aces, Bonn Hilliard, Ernest Koy and Harrison Stafford, are due to give the Mustangs plenty of trouble.

Southern Methodist won last year's game, 9 to 7, but the Longhorns are two touchdowns better this year. Coach Morrison recently said if Texas beat Rice, his cohorts would beat Texas. Rice lost to Texas and now it is up to Morrison and his boys to make good. In practice this week the Mustangs appear to be absolutely discouraged over their poor showing so far this year.

Better Play at Fort Worth

Unless the Mustangs snap out of it, the T. C. U. and Baylor game at Fort Worth probably will be the best football attraction from a playing standpoint. Texas Christian holds conference wins over Arkansas and Texas A & M. Baylor lost a recent conference game to Arkansas, and played a scoreless tie with Texas A & M.

Texas Christian, with ten seniors and each a star, is favored to take Baylor, but the Christian ball buggers will find trouble slashing thru the Baylor line, which stopped such Texas A & M backs as Spencer and Domingue. Richard Oliver, leading conference scorer and Texas Christian back, will be one of the men Baylor will be out to stop. The Christians will see one of the longest and most accurate punters in the conference in Frank James, Baylor wing. Coach Francis Schmidt has drilled his warriors to stop Baylor's aerial maneuvers, expressing confidence that his powerful line would halt Baylor's ground attack. Both clubs will be at full strength for this game.

Coach Jack Meagher of Rice expects keen opposition from Creighton. The Creighton Blue Jays use both the Notre Dame and Warner style of offense, employing the Notre Dame shift part of the time and the double wingback Warner style the other part. The Owls are crippled by Ox Himman, giant tackle. Ray Lagow, star guard, and Kell Scott, halfback, out with injuries. Lou Hassell, Rice's 1931 all-conference tackle, has turned in his uniform because of injuries that ended his football career.

Centenary, with victories over the University of Texas and Southern Methodist, is expected to take another Southwest conference team to a cleaning when the Texas Aggies invade Shreveport. The Aggies have not scored in the last two games.

MIDLAND-ANGELO GAME TOPS CARD OF DISTRICT 3

BIG SPRING.—The San Angelo Bobcats, far from being a 7 to 0 win over McCamey last week-end, meet the Midland Bulldogs in the feature contest on District 3's conference program Saturday afternoon.

The Big Spring Steers and the McCamey Badgers, both beaten in their first starts of the year, come together in the McCamey stadium Saturday afternoon in a game that should furnish fireworks for the spectators even if both clubs are practically eliminated from the championship.

Colorado, undefeated and untied, through the season's play, takes on another set-up in the Odessa Bronchos in Colorado Friday afternoon, while the Sweetwater Mustangs, more heavily favored than ever, have a week of rest before meeting McCamey on Nov. 5.

San Angelo is favored to chalk up its second conference victory over the Bulldogs, who so far have demonstrated none of the power that was conceded to them in pre-season writings. Midland has won but two games, beating Stanton 20 to 0, and Odessa 47 to 0, losing both district games by lopsided scores. Sweetwater defeated the Barrymen 54 to 0 while the Wolves hold a 26 to 0 decision.

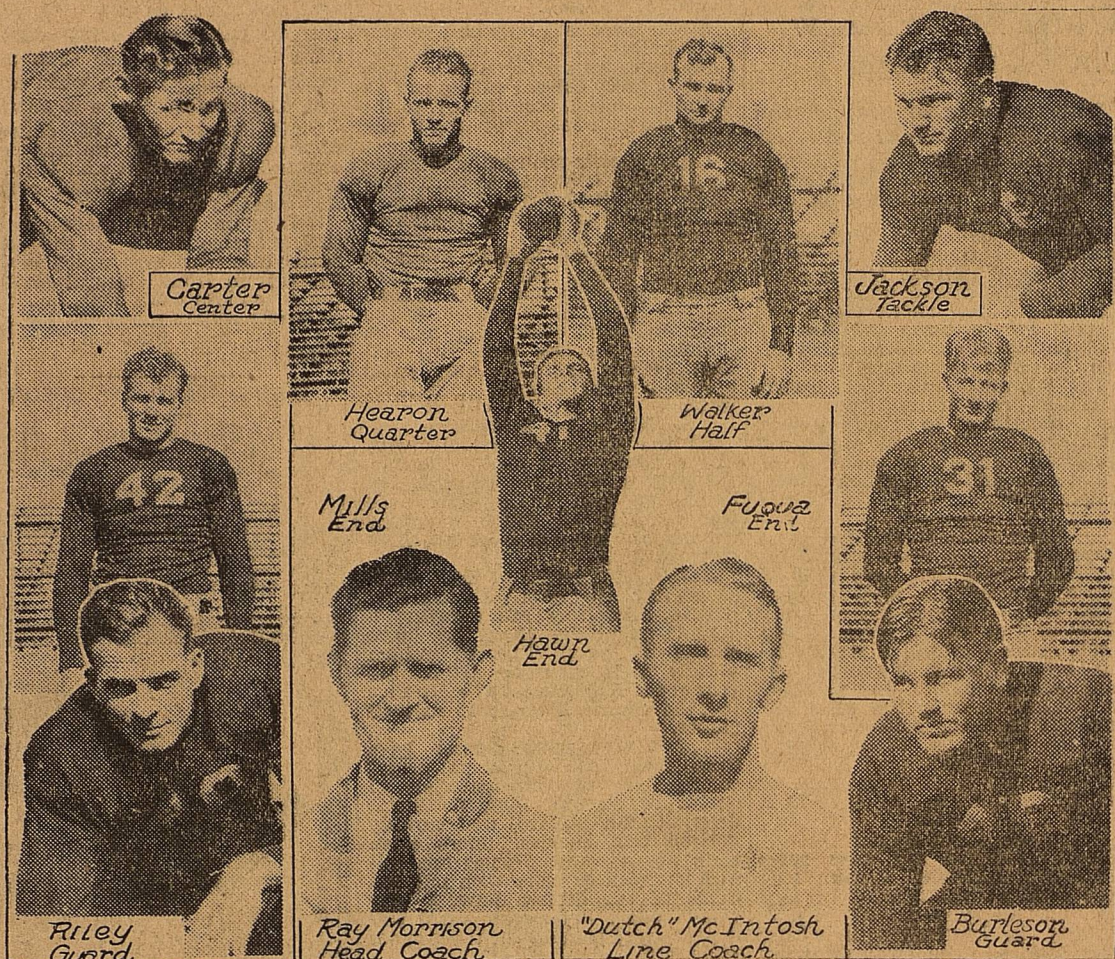

Angelo, unimpressive in three easy games and beaten by Abilene 9 to 7, is nevertheless conceded to be the club that the Mustangs must beat to win the title. Harry Taylor's squad of giants opened their season by defeating Ballinger 13 to 0, lost to the Eagles 9 to 7, beat Winters 13 to 0, and won a 7 to 6 decision from McCamey last week.

The Badgers have won but one game, defeating Pecos 13 to 0, but season's opener, but staged an about face to put up a game battle against the Bobcats before losing by a one-point margin. Colorado beat Parks' team 21 to 6 in their first conference game.

Big Spring has flashed a strong defensive game this season but thus far have displayed little of the offensive that marked their play in 1931, when the Steers trampled the Badgers 57 to 0. The Bovines tied Lamesa 0 to 0 in the season's opener, beat Roscoe 24 to 0, lost to Anarillo 25 to 6, defeated Stanton 37 to 0, and dropped a 13 to 0 contest to Sweetwater.

Colorado, showing this year has branched the Cantrellmen as the "dark horses" of the District 3 campaign. The Wolves opened their season by crushing Pecos 33 to 0, beat McCamey 21 to 6, nosed out Roscoe

FOOTBALL SKETCHES

By R. C. HANKINS

A mild flurry was occasioned when Circulation Manager Rountree, may Allah preserve him in HNO3! made a special trip to the high school to tell the superintendent, the paper had carried the announcement the San Angelo-Midland game would be played at Coahoma. Alexander Bell's local lines got hot all of a sudden—until it was found that the newspaper man of letters had spent too much time in a news office and too little in Mr. Lackey's institution. In other words, the paper read the game would be played on the "Coachmen's" gridiron, and Herb thought the word spelled Coahoma. For a Christmas present Herb will be given a set of nursery alphabet blocks with non-erasable colors.

It was unfortunate that the mishap should occur, inasmuch as Mr. Lackey had written Herbert only the day before, complimenting his policy of employing as newsboys only stout fellows who attend school and pointing out that the Dallas News maintains the same policy. We don't happen to know, but feel like surmising that Herb explained his policy antedated that of the Dallas daily. The superintendent, awake to patriotic impulses, must have appreciated the explanation if it was made. What worries us is whether Herb's position in the estimate of another man of letters has suffered.

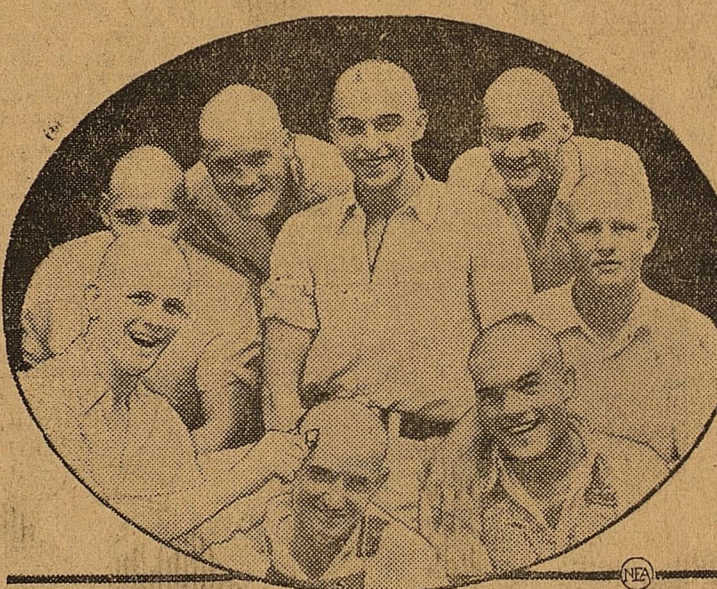

Which reminds us, Herb was the young man who said if he were a member of a grand jury he would see to it that a true bill of indictment were returned in any offense involving a college graduate. He is a charter member of the Club for Extermination of College Men.

Commenting on the Sweetwater-Big Spring row (there has to be one, you know) anent the ground gaining proclivities in his last game of Red Sheridan, ace of the Mustang backfield, Blondy Cross of San Angelo said:

6 to 0, and ran roughshod over Midland 26 to 0 in their second conference start.

It will be Colorado's last game before Nov. 11 when they meet the San Angelo Bobcats in a game that should be very important in determining the 1932 champion.

Out to Win by a Hair

Of course, all this cutting-up will be to no avail if Centenary college, Shreveport, La., turns in any hair-raising wins on the gridiron, but the frosh seem to think that since clipping is barred on the gridiron it might work wonders when tried on their hair. Back in 1927 the freshmen gridlers had their heads clipped and the varsity won every game on its schedule. So they hope it works in 1932.

remarks that one can't tell from reading opposing newspapers whether Red was stopped but that, so far as Blondy is concerned, "Abilene failed to stop him, Lubbock failed, Midland couldn't do it and the district committee tried to burditt."

Personal: Odessa's football team will visit at Colorado this afternoon. Another personal: Midland will ride to San Angelo and back Saturday.

According to the writers of sports, Colorado is showing so much form this season it has begun to hog much of the spotlight. Quoth Currier the Big Spring Herald above a misere that carries for its theme Big Spring's having only one backfield man weighing above 150 pounds.

"Colorado Wolves at present stand out as the sensation of the district 3 play. At the first of the season little attention was paid to Jim Cantrell's team. They were light, inexperienced. Several were back from the Colorado team that was massacred every week-end in 1931, but what of it. Cantrell was a smart

argues, entitles him to more consideration as a football authority."

And Colorado, as Bishop later points out, has a lighter backfield than Big Spring.

If we may believe what our friend Blondy says, and it is wiser, we are told, to do so in public, the noble sport of kings has not entirely gone out of regard in this area. He tells us in a typical paragraph:

"Some of San Angelo's poloists seem to have gone into hibernation. At least there has been somewhat of a lull around the mounted mallet front. However, the well-known and sensational horseman, Taylor Rowe, the Tom Mix of the local range, seems to have spurred up a bit of rivalry between several of the Concho clubbers and the riders from Knickerbocker. There was quite a bit of mixing-up over the week-end at Nasworthy field. The Knickerbocker team stands 2 to 1 on games against the Rowe Ramblers now to tell the superintendent, the paper some of the old sideights like Dick Nasworthy, Jimmy Woods and Gillie Gilmore were in the saddle. Knickerbocker won Sunday, 5 to 3. Gilmore and Vick alternated on the two teams. Gilmore rode with the Rowe outfit the first half which closed 2-2. Then the switch. Vick

put Rowe out front 3 to 2, in the fourth chucker, but Gilmore came back to score two and Banks Stocks one for Knickerbocker. Stocks and his mount took a tumble at one stage. Both were shaken but neither seriously hurt."

COTTON HAS RIVAL TYLER. (UP).—King Cotton has found a serious rival in Smith county's major industries.

If he is dethroned, it probably will be by the king of flowers—the Rose, for thousands of dollars annually are added to the bank accounts of the farmers and nurserymen of this county through the sale of field-grown rose bushes and cuttings.

The native soil has been found adapted to the growth of some 80 varieties of roses. The roses are planted in rows and cultivated as cotton or grain.

The zenith of the industry will be reached this season when shipment of plants and cuttings begins. Early season forecasts are that approximately 100 carloads of rose bushes or cuttings will be sent from here to points scattered from boundary to boundary of the United States.

Chief attribute of the Smith county roses is that they are so hardy that they are able to live in

the most extreme northern parts of the United States.

Their beauty is another outstanding quality. Blossoming in the open field, the buds compare with the finest of hothouse blooms.

From July 14 to 17, 1911, 88.15 inches of rain fell at Baguio, in the Philippine Islands.

Painted Costumes Worn in Ritz Film

Hand painting, done in oils on such diversified materials as flat crepe, rajah silk, starched chiffon and shantung, is the latest fashion fancy originated for the screen by Orry-Kelly, First National designer.

Stage Presentation At Yucca Tonight

When the talking picture came into universal favor the little towns over the nation began for the first time to get their tastes of vaudeville. Flesh and blood actors were crowded off the stages of the larger theatres by talking shadows that fit across the silver screen.

Something for City Fathers to Think About

ONE of the most startling bits of recent news is a little announcement that came not long ago from the National Educational Association.

ment against cutting such budgets that could possibly be imagined. Educated men and women do not often find their way into penitentiaries. There are exceptions to this rule, of course, but any social worker, police official or prison warden can tell you that the youngster who goes through school and gets a decent chance to train and broaden his mind is not very apt to become a lawbreaker when he grows up.

crime preventative as we have. And it is an amazingly cheap one, all things considered. It is, at any rate, infinitely cheaper than our prison system, which is no preventative at all.

RESOLUTION The following resolution was drafted by the Midland Lodge No. 623 A. F. & A. M., following the death of S. H. Basham, Oct. 13: "To the Worshipful Master, Wardens and Brethren of Midland Lodge No. 623 A. F. & A. M., Midland, Texas: "We, your committee appointed to draft proper resolutions of respect upon the death of our beloved brother Sam Houston Basham, who passed to his reward Oct. 13th, 1932, submit the following: "WHEREAS it has pleased almighty God to remove from among us our beloved brother, Sam Houston Basham; "AND WHEREAS, we desire to make some memorial of his life, character and influence amongst us, both for the benefit of our brethren to come and as an expression of our regard to his loved ones left behind him; "AND WHEREAS, our brother was for many years, one of the most devoted and consistent members of our fraternity, a past master and a regular attendant upon the Lodge and exemplifying the teachings of masonry in his daily life. His life and death to the youngest brethren of the fraternity is deeply appreciated. We mourn him, not because of his untimely death, for he lived almost his allotted span of three score years and ten, but because of the loss of his companionship and his wise counsel in matters pertaining to the fraternity, his noble heart never turned away anyone in sorrow or trouble if it was within his power to help them. His implicit trust in the Supreme Architect of the Universe could well be emulated by the brethren of the Lodge; "THEREFORE, be it resolved: "That we express our sorrow at his departure from our midst, and our sincere condolence to his surviving widow and daughter. "That a copy of this Memorial and Resolutions be spread upon the minutes of the Lodge and a copy be furnished his beloved family. "Respectfully submitted: "J. H. KNOWLES, "CLAUDE O. CRANE, "FRED MIDDLETON."

LIFE'S NOT DULL LIVERPOOL, Eng.—Life hasn't been dull for Walter James Freeman, recently a boatswain in the last year here's what's happened to him: Four months in a hospital in Las Palmas, attacked by beach-combers at Buenos Aires, stabbed and robbed and put in hospital again; blown up in an explosion aboard ship and blinded for days, rushed to hospital in Rio de Janeiro for operation. And there spent a few more weeks under medical care.

IS THIS CHARITY? EL PASO.—For days Valentin Gonzalez, 56, lay on his cot out of work and moaned. His wife, also ill, joined his cries. Their neighbors in Juarez, across the Mexican border, passed by heedlessly. Came a time when Gonzalez's cries grew weaker. He died. His wife crept out of her bed and to a neighbor's house. Police came and took the wife to a hospital and gave her food. The husband was buried in a pauper's grave.

LAW TO MINISTRY EL PASO.—What connections the two professions have, we don't know but it remains that P. E. Gardner, ex-lawyer and financier, is now a preacher. For 15 years Gardner practiced law and has just recently announced his entry into the ministry.

SOME "PUNKIN" ATHENS, Tenn.—James Overstreet has a pumpkin vine that is the pride of the county. It rambles over 95 feet of his garden, bears 12 pumpkins, 32 blooms and 65 offshoots. The seed from which the vine grew was 14 years old.

IT'S A GOOD IDEA BUDAPEST—One business man here, a paint and dye manufacturer, has an idea to end the depression. He has sent out letters to all his customers telling them all their old debts were forgotten. He explained that customers resent numerous requests for payments of old debts and, when placing a new order, go to another concern. He said he preferred to forget their debts rather than lose their business.

PRESENT FOR MA! LYNN, Mass.—Robert, 7, Walter, 10, and Denny, Jr., 5, three of Mr. and Mrs. Denny Richter's children, thought they'd bring something nice home to mother. They took a tour of Lynn woods and came home with a stick of dynamite, which they gave to the panic-stricken mother.
