U. S. TO PROPOSE GREAT TRADE

Route of Currency Inflationists Seems to be Assured

SENATE TURNS DOWN DEBATE; CAUCUS HELD

Senate Monday Cast Lot Against Free Silver Bill

WASHINGTON, April 18. (UP)—A double set-back of currency inflationists occurred today. The senate abandoned debate on inflation and the house rules committee favorably reported a change in the rules which, if accepted, will block inflation.

Insurgent democrats, opposing the change in rules, met in rump caucus and pledged themselves to oppose it. Speakers predicted a form of expansion legislation at the present session.

Free silver was voted down in the senate Monday by a ten-vote margin. The administration will prevail over strong inflation sentiment.

With that vote and with approval by the house, 252 to 110, of a resolution to place in President Roosevelt's hands power to prohibit the shipment of arms and munitions, the executive's program in congress moved two long steps forward.

As the legislators voted, the president is having the economy axe sharpened for the army. Two to three thousand officers and twelve to fifteen thousand men probably will be withdrawn from the present strength of 12,000 and 17,000, respectively, to save \$90,000,000.

The senate inflation vote was 43 to 33, on the effort of Senator Wheeler (D., Mont.) to attach the old Bryan bill to a plan for remonetizing silver at a fixed ratio of value to gold to the pending farm price-raising and mortgage refinancing bill.

Though it was not the last of the inflationary amendments offered, the margin of strength for the administration was expected by the leaders to show the way for speedy action on the farm plan which has been languishing in senatorial debate.

SCHOOL FUND TO BE PAID IN FULL

The \$16 per capita scholastic apportionment allotted schools for the 1932-33 school year will be paid in full, State Superintendent L. A. Woods told a group of Midland educators at the American legion meeting at Big Spring.

Woods said there had been some misunderstanding of a questionnaire sent out by the department of education and that school authorities had construed the questionnaire to indicate all of the apportionment would not be paid. The questionnaire had asked how long the schools could operate on an apportionment of \$8 per student.

"I cannot tell when it will be paid for it may be December or January before the revenue comes into the state treasury, but every dollar promised will be given to the schools," Woods said.

The state superintendent spoke earlier at an educational meeting at Big Spring and that several of Midland were present. Resolutions asking that the schools be protected against short terms, even if additional taxes are necessary, were drafted by a committee in charge.

Band School to Be at Simmons

ABILENE—A band school for boys to be offered for six weeks during the summer has been announced by the Simmons university school of band music. The session will begin June 8 and continue through July 24, according to Prof. D. O. Wiley, who is in charge.

Seven leading conductors and teachers of Texas will offer private lessons, group drills, and ensemble to boys of high school age. A department for high school band conductors and students of college standing is also being included.

Organized supervision and recreational programs are also being stressed by those in charge. Young boys will be placed in groups in suites of Ferguson Hall at Simmons a modern men's dormitory. Adult supervisors will be in charge of each suite. Certain hours are to be set aside for study and recreation.

Faculty of the school will be as follows: D. O. Wiley, head of Simmons school of band music and conductor of the Cowboy band, general director, in charge of drills and rehearsals; John Victor, former soloist with Creator's band, brasses; R. T. Bynum, director Abilene high school band, woodwinds; H. A. Anderson, conductor Lubbock high school band reeds; Cecil Gammack, conductor Sanderson high school band, french horns; Earl Ray, conductor Wink high school band, general assistant; Marion McClure, for four years with the Cowboy band, percussion.

Tuner to Crooner?

Reports that Hannah Williams, stage star, soon will marry Russ Colombo, orchestra leader and Miss Williams, began to fly when Colombo visited Reno just after Miss Williams had divorced another orchestra leader, Roger Wolfe Kahn. Here are Colombo and Miss Williams as they picnicked at a dude ranch.

DAUGHTER OF MINISTER WILL HANG APRIL 21 UNLESS CLEMENCY GIVEN

PHOENIX, April 18. (UP)—The pardons and paroles board granted Winnie Ruth Judd a reprieve of one week today. She was scheduled to hang Friday night for the murder of Agnes Ann Leroi.

STATE PRISON, FLORENCE, Ariz., April 18. (UP)—Winnie Ruth Judd, handsome blonde daughter of a minister, is to hang here April 21 for the slaying of a fellow nurse, Agnes Ann Leroi, unless executive clemency is given at the conclusion of her sanity hearing.

Mrs. Judd also was accused of murdering Hedvig Samuelson, but she was never tried on that count.

Jaloupy, the state said, told Mrs. Judd, wife of Dr. William C. Judd, to shoot the two women, once her room-mates.

Mrs. Leroi and Miss Samuelson were killed in the cottage they shared in Phoenix, October 16, 1931.

The body of Mrs. Leroi and the dismembered body of Miss Samuelson were shipped in trunks to Los Angeles the next day. Mrs. Judd rode to Los Angeles on the same train.

In Los Angeles, the nurse sought out her brother, Burton McKinnell, a University of Southern California student, and asked him to use his automobile in aiding her to dispose of the trunks.

KAT KLAU SCORES MUST BE POSTED

Qualifying of B golfers for the Kat Klaw Golf league, which opens its season Sunday, must be completed by Friday night, according to James P. Harrison, secretary.

The Midland club opens at Big Spring, but B golfers, despite their continuous play, have been slow to turn in qualifying scores, Harrison said. No figure on how many had complied with qualifying requests could be had on account of the absence from the city of E. Russell Lloyd, league president.

M. D. Johnson's 43-38-81 is the lowest round posted. Cards must be turned in for 18 holes, and the scores must be established by players playing in threesomes or foursomes, as specified in Sand Belt Golf association rules.

Mayor Paid \$2 As Parking Fine

KANSAS CITY, Kan. (UP)—Don C. Combs is mayor of this city. And as such he is head of the police department.

But that fact didn't mean anything to the patrolman who saw Combs' car parked too long in one place. He put a ticket on the car.

The mayor paid a \$2 fine.

Texas Solons Try To Fight It Out

AUSTIN, April 18. (UP)—An attempted attack by Representative Harry N. Graves, ardent prohibitionist, on Representative Wesley Moore, author of the resolution to repeal state prohibition, halted consideration of the resolution today.

Moore interrupted Graves' speech against submission to ask if Graves had not said he would vote for submission.

Graves denied it and Moore called him a "bare-faced liar." He removed his glasses and rushed toward Moore but the sergeant-at-arms and house members intervened.

DEATH CLAIMS MINISTER; ILL THREE WEEKS

Death early today ended the ministry of the Rev. Fouché Taylor Pollard, 78, father of Fisher Pollard, deputy sheriff, and former Glasscock ranchman. The minister, superannuated several years ago, had been ill and confined to his bed for three weeks.

He was born at Gatesville, Coryell county, in 1855, and spent his boyhood and early manhood as a cowboy. He moved to Glasscock county and established ranches in that and Howard counties. He was married to Miss Bell Williams of Coryell county in 1876. Five children were born to the couple. Mrs. Pollard died in 1920. The minister afterward married Miss Minnie Sherman of Clovis, N. M., who survives him.

Mr. Pollard was ordained by the Methodist Episcopal church, South, many years ago. He served several pastorates over Texas.

He had lived in Midland county six years, coming here from Andrews.

Funeral rites will be read by the Rev. Kenneth C. Minter, pastor of the First Methodist church, from that institution at 4 o'clock Wednesday afternoon. Burial will be at Fairview cemetery.

Survivors are the widow; one son, Fisher Pollard; three daughters, Mrs. J. E. Holley of Peoria, Ariz., Mrs. N. E. Patterson of Ada, Okla., and Mrs. Ernest Holder of Midland; and two aged sisters.

Excorts will be A. C. Francis, A. B. Cole, E. N. Snodgrass, Hayden Miles, Hugh Barnes and J. C. Roberts, all of whom Mr. Pollard knew well from Glasscock ranching days.

VISITS IN TAHOKA

Mrs. Barney Greathouse is visiting relatives at Lamesa and Tahoka expecting to return the latter part of the week.

Late News

PEIPING, April 18. (UP)—Three Japanese planes bombed Tungchow near here today. An American boarding school is located there but none of the 200 American pupils was injured.

GANNES, France, April 18. (UP)—Former Mayor Jimmy Walker of New York and Betty Compton, actress, were married at the town hall today. The honeymoon will be at the Compton villa, Beau Geste.

Walker's bride was granted him a divorce recently at Miami. Intentions to wed were filed soon after.

Pony Express Rider Expects to Reach 100

EL PASO, Texas. (UP)—Thomas Jaime, 78, one-time pony express rider and resident of El Paso lives on a diet of friole beans and expects to live to be 100 years old.

"And if I reach that age," he declared, "I'm going to celebrate by riding in an airplane. I'd like to see how those pilots carry the mail."

Years ago Jaime rode the express trail from Fort Davis, Texas, to Rowell, N. M.

SENATE BODY GIVES THE HOUSE BEER PLAN UNANIMOUS FAVORABLE REPORT

AUSTIN, April 18.—The senate committee on constitutional amendments Monday voted a unanimous favorable report on a house resolution proposing submission to the people of the question of legalization of 3.2 per cent beer. The proposed constitutional amendment would be submitted on next August 28.

A few members of the committee expressed opposition to the local option feature of the resolution but took no action after they were warned any material alteration might kill the proposal.

Senator W. K. Hopkins of Gonzales, senate advocate of legalized beer, pointed out the resolution was adopted by the house under an agreement by the beer and anti-beer factions. He asserted that if the proposal were materially changed, it might upset this agreement and result in the resolution not receiving the two-thirds majority necessary for submission.

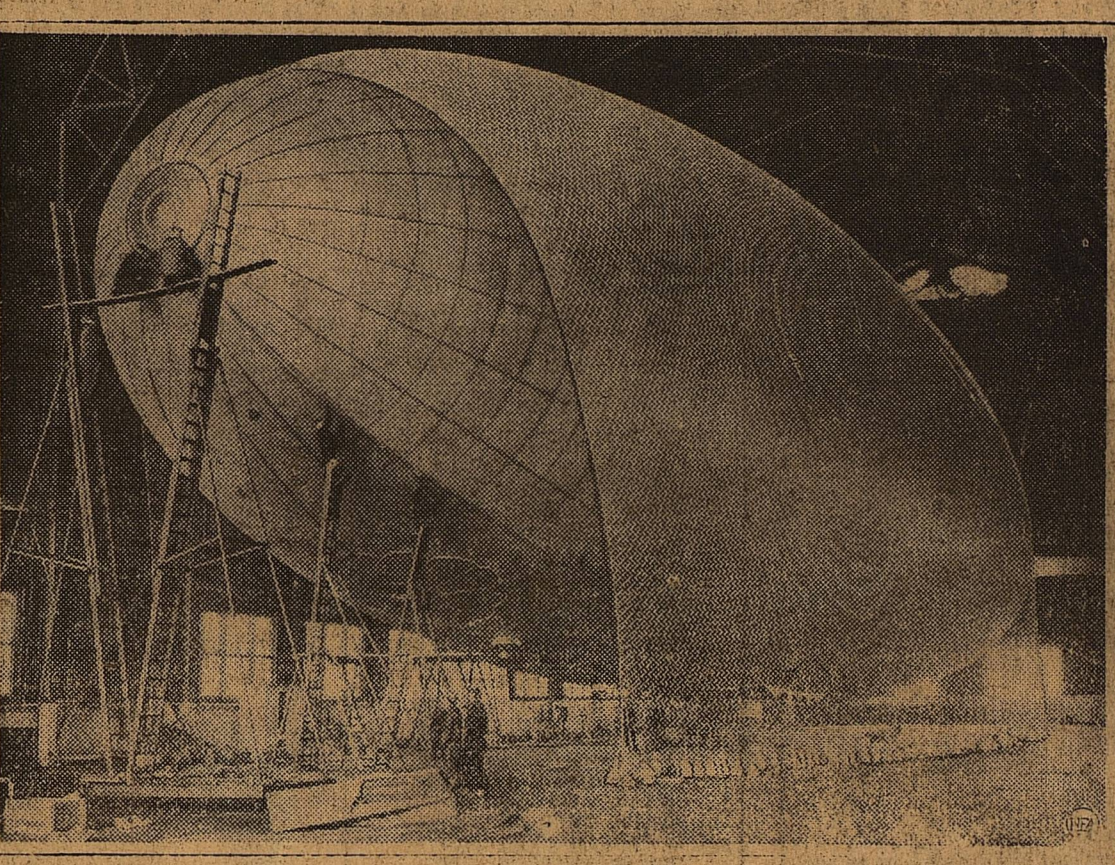

The proposed constitutional amendment would provide that political subdivisions which were dry before the adoption of statewide prohibition would not be given beer immediately even though the state should approve legalization. The voters of these sub-divisions would have to approve legalization in another election before beer could be sold within their limits.

Two or three committee members expressed belief the whole state should have been until the voters of some of the sub-divisions decided otherwise. Senator Hopkins said he agreed with this idea but that he did not believe it advisable to attempt such a change.

An amendment to clarify the resolution was adopted. However, committee members expressed confidence that the house would concur in this change.

It was indicated floor action on the proposed constitutional amendment would be held up until the beer taxation and regulation bill is ready for floor consideration. The senate state affairs committee planned to meet today to consider the taxation bill. Senators expressed doubt that final action on either proposal could be taken before next Thursday.

Army Soon to Fly Its Biggest Blimp

This largest U. S. non-rigid airship, the TC-13, soon will be flying for the army. Built alongside the navy's mammoth Macon at Akron, O., the TC-13 soon will be given its test flight, and then will be stationed at Langley field, Va. The craft is 200 feet long.

SCHOOL FAIR ON FRIDAY, SATURDAY

The eight rural schools of Midland county will have booths to exhibit work done this year when the county school fair is held Friday and Saturday of this week.

Place for holding the fair had not been designated today.

The event is held annually, the various schools erecting and equipping booths. Judges will be here from other counties to make awards of prizes to the different divisions.

Work on the booths may begin Thursday evening, it was announced, and the exhibits will be open to the public any time after 11 o'clock Friday morning.

AMES ENDORSES MARLAND BILL

WASHINGTON, April 18. (UP)—C. B. Ames, president of the American Petroleum Institute, today endorsed the Marland bill to bar illegally produced oil as an interstate movement.

He expressed belief that it would conform to recommendations of the governors of oil states.

"Texas doesn't want oil to sell at thirty cents a barrel when the cost of production is a dollar a barrel," he said.

Pony Express Rider Expects to Reach 100

EL PASO, Texas. (UP)—Thomas Jaime, 78, one-time pony express rider and resident of El Paso lives on a diet of friole beans and expects to live to be 100 years old.

"And if I reach that age," he declared, "I'm going to celebrate by riding in an airplane. I'd like to see how those pilots carry the mail."

Gangsters Fight Legalized Brew; Cafe Is Wrecked

BY UNITED PRESS
Gangsters and racketeers are "muscling in" on legal breweries, a survey by the United Press revealed today. The government was investigating issuance in New Jersey of brewing permits to known gangsters.

Chicago liquor barons were said to be "interested" in legal breweries. The restaurant of Joseph Zabukovec at Cleveland was bombed after the management refused to buy racketeers' beer. A Milwaukee innkeeper was forced to buy "wildcat" beer.

Beer trucks were seized at Waukegan, Ill., Utica, N. Y., Pontiac, Mich., and Wilkesburg, Penn.

RITES FOR DEAD ASSESSOR READ TODAY, ANDREWS

Funeral services for Cleveland (Cyclone) Davis, 48, were held from the Methodist church of Andrews this morning, the Rev. Peters saying the rites. Interment was made at Andrews.

Davis, tax assessor of Andrews county, died Sunday afternoon at a Midland hospital from injuries received in an accident near Andrews. His left arm, resting on the left window of his coupe, was mangled when struck by a truck with an alleged overhanging body. The driver of the truck, Herman Ott of Grand Falls, made bond in a preliminary hearing held at Andrews Monday morning. He did not stop, evidently not knowing of the accident. Both cars were said to have burned only one headlight.

A blood transfusion was given the injured man, but he did not react to attempts to save him, and died about 1:30 Sunday afternoon.

Davis formerly worked with the Scharbauer Cattle company as a cowboy, and had been in the Andrews and Midland areas for about 30 years. He leaves his wife and four small children, all of Andrews, and three sisters living in New Mexico, and three sisters who live in Arizona.

The Ellis mortuary of Midland was in charge of arrangements.

Water System Put In at Ball Ground

Ditches for installation of a water system are being dug today at the ball park west of El Campo, and the diamond will be worked toward putting it into the best condition of any in the newly organized Permian Basin league.

A crew of hopefuls are working each afternoon at 5:30, rounding up to shape for the approaching Wink practice game.

Midland expects to have a hard-hitting, fast-fielding aggregation, but expects other clubs of the six-team circuit to present rather uniform strength and a decided drive for the pennant. Indications are for a strongly contested season, sports writers and league nabobs point out.

Injured Duo Not Barrows

SPRINGFIELD, Mo., April 18.—A motor car accident near Marionville yesterday sent officers scurrying to an Aurora hospital in the mistaken belief the injured occupants might be men sought in connection with the slaying of two officers at Joplin.

Because the man who took the two to the hospital later disappeared, officers' suspicions were aroused. A check however, disclosed that the injured men were not Buck and Clyde Barrow, Texas brothers named in a coroner's jury verdict as the slayers of J. W. Harriman, Newton county constable, and Harry McGinnis, Joplin police detective.

The injured men were identified as Forrest Doak, 28, unemployed laborer of Springfield, and R. L. Watson of Oklahoma City.

Later officers announced the arrest of E. A. James, 32, formerly of Marionville, as the man who disappeared after the accident. Constable Alfred Pendleton of Aurora and Constable Jesse Hendricks of Marionville said that James was driving a car stolen in Springfield on Sunday night.

He and the other two were ordered held for Springfield officers.

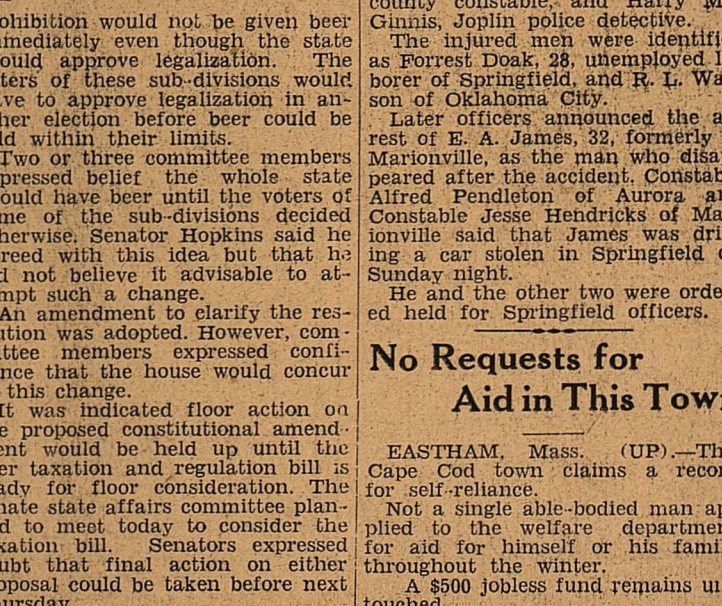

No Requests for Aid in This Town

EASTHAM, Mass. (UP)—This Cape Cod town claims a record for self-reliance.

Not a single able-bodied man applied to the welfare department for aid for himself or his family throughout the winter.

A \$500 jobless fund remains untouched.

FLAPPER FANNY SAYS

Spring housecleaning is just one pane after another.

WOULD GIVE UP WAR DEBTS FOR CONCESSIONS

European Stability Offered Through New Plan

Copyright by United Press
WASHINGTON, April 18. (UP)—Administration officials agreed before forthcoming conferences of envoys of 11 nations to a tentative trade proposition whereby \$11,000,000,000 in war debt notes may be traded foreign countries in return for markets of American exports, for disarmament concessions and other possible contributions to European political stability destined, if secured, to make for stable exchange over the rest of the world.

Announcements were bluntly made, with no cards left up diplomatic sleeves. There apparently is nothing to be withheld from intergovernmental representatives at the conference and, while diplomats are steaming across the Atlantic to the conference, the stage is being set with stark reality, in keeping with the enormous and problematic questions to be taken up.

Former mention of a "trade" policy met with a storm of protest in Great Britain, and other European countries echoed the noise-making. Britain expressed itself as having made an attempt to discharge her war debt installation when due, and as satisfied with tariff agreements made at the Ottawa, Canada, conference, when that country undoubtedly secured an "edge" in the economic treaty between Canada and the United States.

Diplomats look to the approaching conference to probe into the bedrock of the economic structure, however, and are wasting no time in putting the administration's offers before the assembly. The arrival of foreign representatives and their answer to the new expression is eagerly awaited.

Two Die in Plane Crash at Eastland

EASTLAND, April 18.—Spinning to earth from a low altitude, a plane carried Bill Hussey, 26, Eastland pilot, and J. W. Penn, 30, Cisco Oil company employ, to death.

The plane in which they were flying crashed Sunday in the yard of Evon Brunnett, caretaker of the Eastland airport, narrowly missing the roof of his home.

Witnesses said the plane had been flying over the city and as it approached the field, it banked sharply. The motor apparently stalled and it went into a spin.

Penn's body was taken to Cisco for burial Monday. Hussey's was held at an Eastland mortuary pending completion of funeral arrangements.

Beer May Boost Fishing Industry

BOSTON. (UP)—Beer may spruce up the fishing industry. The barrooms of the old days offered bits of smoked herring, smoked halibut, or salt cod in their free lunches as thirst-provokers. And with the advent of prohibition, sale of these products fell off sharply. Provincetown, and Cape Cod reported that its salt cod output dropped 75 per cent.

Though the barrooms may not return, smoked herring, halibut and salt cod nevertheless will be found as potent as ever in building up a new thirst.

RETURNING OPTIMISM

There is no question but that America today holds more optimism than at any time since the depression began. People at last are beginning to believe that the end of their troubles is, if not actually at hand, at least in plain sight.

That much of this optimism is justified seems pretty certain. The only danger is that we carry it too far, so that we forget that many weighty problems still remain to be solved.

The British chocolate company that is making deliveries by airplane and parachute seems not only to have hit upon an original method of distribution, but to have evolved a new form of chocolate drop.

MAGNOLIA FOUNDERS' MONTH Petroleum Contributes to your welfare

FROM the most ragged little urchin to the beautifully gowned "Colonel's Lady", petroleum has contributed tremendously in the past 35 years to the welfare of every American—especially to those of us who live in the five Southwestern States.

The deluge of petroleum that began with the discovery of oil in Texas at Corsicana in 1896 has changed the whole fiber and destiny of the Southwest. It has speeded the growth of Texas, Oklahoma, Arkansas, Louisiana and New Mexico by at least fifty years. It has given employment, opportunity and wealth directly to hundreds of thousands of Southwestern families—today it directly feeds more than one million Southwestern people.

It has not been long since oil money began to assist in replacing two-room frame schoolhouses with magnificent institutions of learning. Hospitals that rank with the finest in the world have been the gifts of public-spirited citizens whose bleak farms were suddenly transformed into profitable oil fields.

Infographic showing the benefits of petroleum: TAXES (Total tax revenue derived from Petroleum by the five Southwestern States in 1930 was about \$120,000,000. In Texas the oil industry paid 56.8% of the total State revenue from taxation. Oklahoma received 38.37% of its total tax revenue from oil), PAYROLL (Salaries, wages and commissions paid to oil industry employes in the Southwest exceeded \$330,000,000 in 1930. A like sum was poured back into general business for food, clothing, rent, entertainment, bank deposits, etc., by the families of oil employes), FAMILIES SUPPORTED (The U. S. Census for 1930 showed about 250,000 individuals employed by the Southwestern oil industry. Using the national average of 4.4 persons per family, 1,100,000 people depend upon oil payrolls), ROYALTIES-LEASES-RENTALS (Southwestern landowners and their assignees received \$160,000,000 in 1930 from the various oil companies for royalties, leases, lease bonuses and rentals), LISTEN IN (every Friday night at 8:30 o'clock to Edwin C. Hill and "THE INSIDE STORY" over Radio Stations KTSa, KTRH, KRILd, KOMA, KLRA and WACO).

In thirty-five years the population of the Southwest has almost trebled. It increased nearly 20% between 1920 and 1930—to a population of more than twelve and one-half millions. Hamlets have grown into great cities almost overnight—and oil is chiefly responsible.

In Texas alone, the value of manufactured products has leaped from less than \$100,000,000 to more than \$1,200,000,000, with petroleum accounting for nearly 40 per cent of the total. In the other Southwestern States

Infographic showing the benefits of petroleum: FREIGHT (Railroads operated in the Southwest received approximately \$75,000,000 in freight revenue from the oil industry during 1930), POPULATION (From 1920 to 1930, the five Southwestern States enjoyed a population increase of about 2,000,000, or 20%, to a total of 12,600,147. Nearly 50% of this increase occurred in oil-producing counties), MATERIALS AND SUPPLIES (Including money paid during 1930 for materials, supplies and services, including teaming, trucking, contract drilling, gas, water, electricity, the total was \$440,000,000), CRUDE PRODUCTION (Since 1900 the value of crude oil produced in the five Southwestern States has totaled about \$9,427,000,000—9 1/2 Billion Dollars!)

Baptist Circles Hold Regular Monthly Meets

Beginning of a study course, "Today's Supreme Challenge to America," resulted at Monday's regular session of the Annie Barron circle of the First Baptist church, when it met at the home of Mrs. J. H. Barron, 410 North Loraine.

An ice course was served to eight women.

A study course was also begun at the Evangelical circle meeting at the home of Mrs. G. B. Brock. The first lesson on "Signal Fires on the Mountain," was conducted by Mrs. Troy Eiland. Refreshments were served to seven members.

Ten members of the Isadora Harmon circle met at the home of Mrs. M. R. Hill to discuss a foreign mission study book that they will begin at the next circle meeting. After a brief business session, a refreshment course was served.

Mrs. W. W. Wimberly was hostess to members of the Lena Wimberly circle, which conducted a regular study meeting.

Belle Bennett Circle Entertains Mary Scharbauer

Members of the Belle Bennett circle of the Methodist auxiliary entertained the Mary Scharbauer circle with a social at the home of Mrs. Terry Elkin Monday afternoon.

Mrs. Mary S. Ray presented a devotional based on a subject "Our Neighbors," taken from Matthew 5:43-48. Mrs. Jess Rhoden continued the subject, discussing "The Deaconess, A Good Neighbor."

Mrs. J. D. Young postponed beginning a study course, "Facing Life in Indian Missions," until next week in order that delegates from the 23rd conference at Del Rio might give a report of their trip. In the absence of two delegates, Mrs. L. B. Hankins told of the meeting.

The art and craft committee of the auxiliary had a display of Indian relics arranged in the room, and, after seeing these, members present took part in a round table discussion of Indian life.

Refreshments were served to 30 members.

Book of Job Topic Of Christian Meeting

A most interesting study of the book of Job was presented before members of the First Baptist circle of the Christian Missionary society Monday afternoon by the Rev. E. B. Chancellor. The meeting was held at the home of Mrs. W. G. Riddle.

Members attending were Meses, D. B. Snider, S. P. Hall, Charles Klapproth, Glenn Brunson, Dunn Reiser, E. C. Adams, and Miss Josephine Guly.

An announcement was made that the circle will meet next Monday with Mrs. Brunson.

EPISCOPAL SERVICES

Regular Episcopal services will be held tonight at 8 o'clock at Trinity chapel with the Rev. W. H. Martin of Big Spring conducting, members announced today.

Announcements

Wednesday
Meeting of the Mothers Self Culture club will be held Wednesday afternoon at 3 o'clock at the home of Mrs. W. E. Whitcombe.

The Play Readers club will meet Wednesday afternoon with Mrs. Hugh Lee Burchfield. Mrs. W. W. Patrick will read "Success Story."

Friday
The Belmont Bible class will meet Friday afternoon with Mrs. D. E. Holster, 905 South Weatherford, at 3:30.

Personals

J. A. Haley has returned from a visit in San Antonio. Mrs. Haley, with Mrs. Alice Mason and daughter, Ann, returned the first of the week from Canyon where they attended the opening of the museum of the Panhandle-Plains Historical society.

Mr. and Mrs. Howard Bibb and daughter, Betty Sue, returned last night from a visit with relatives and friends at Abilene and Winters.

Mrs. R. M. Barron and daughters, Marjorie and Dorothy, spent Sunday on the Boone ranch.

Mrs. Ben Allen and daughter, Shirley, have returned to Abilene after a week end visit with Mrs. Allen's parents, Mr. and Mrs. W. H. Spaulding. Mr. Allen returned to Royalty where he operates a store.

Miss Hazel Marie Graham returned last night from Lovington, where she spent several days with relatives.

James Carter has returned to Dallas after spending several months here. While here, Carter was employed at a Magnolia service station.

Enos Feeler and H. T. Sharp made a business trip to Colorado Monday.

Mrs. John Snyder has returned to her home at El Paso after visiting for several days with her sister, Mrs. W. M. Schrock.

Mrs. Don Sivals is to go to Big Spring tomorrow with her mother, Mrs. C. H. Ernest, who will take a train for her home at Colorado. Mrs. Ernest has visited here for several days.

Manly Myatt and W. A. Nelson of Abilene are in Midland on a business trip.

Miss Lonnie Witherspoon has returned from a visit at Wichita Falls.

Dr. O. W. Orson made a business trip to Stanton Monday afternoon.

Jimmie Regan of Omaha and John Shell of Fort Worth are in Midland transacting business with

Auxiliary Will Redecorate Chapel

Redecoration of the interior of Trinity chapel will be begun this week, it was announced by members of the Episcopal Women's auxiliary Monday afternoon at the home of Mrs. John Shipley.

The regular routine was followed with prayers and officers' reports opening the meeting.

Work on a quilt was done during the remainder of the meeting.

SONORA WINS

SONORA—The Sonora Thirteen Dramatic Club's play, "The Last Man In," a tragedy by W. B. Maxwell, won first place and \$25 in prize money in the second annual Sonora one-act play tournament here tonight. San Angelo's production, "The Wedding," directed by Miss Leola Campbell, was second, and Ozona's "The Vallant" was third as placed by the judges, Mrs. Forrest Welton of Rocksprings, Mrs. A. W. Loeffler of Junction and A. F. Ligon of Balinger.

J. H. Trainer of Sonora was adjudged the best male actor; James Benton of San Angelo, second, and catlemen.

Hugh Cartmill, Kansas City catleman, is a business visitor in Midland today.

Mmes. A. Q. Cooper, Charles Miller and M. T. Rushing of Odessa visited in Midland early today.

A woman can stay alert

A woman is old when her system has grown chronically sluggish. But she can postpone that time ten, yes, twenty years by a little stimulation of a perfectly harmless kind. In fact, it was discovered by a doctor with a keen understanding of women.

(And if you have let yourself grow physically old this stimulation will be just as effective, although it will take a little longer to get the same amazing results.)

This way of stimulating a sluggish system to new life is a simple medicine made from fresh herbs, active scums, and pure pepsin. It is known as Dr. Caldwell's Syrup Pepsin. It soon has definite and far-reaching results. Both men and women are helped by its stimulating effect—which goes clear to the lower bowels. (You will never need another laxative if you take a little Syrup Pepsin now and then.)

Perhaps you regard yourself in fairly good health now; but a week or two of this stimulating might bring the realization you were only half-alive.

Children get chronically sluggish, too, in a different way. You can give them this same likeable, remarkable medicine. It will give children the appetite and energy of young animals. Try it on the child who is chronically constipated or irregular.

This prescription is known to all druggists. They keep it ready for use. Just ask for Dr. Caldwell's Syrup Pepsin and see what one small bottle can do for you.

Luckies Please!

In every corner of the world, both here and overseas, wherever you find joy in life, 'tis always "Luckies Please."

Two qualities that can't be copied... character and mildness

Judge your cigarettes on just two points... Character and Mildness... We'll rest our case on that.

Folks like Luckies because they have the Character of the world's finest tobaccos, firmly rolled into one delicious, balanced blend... full weight of long, silken, flavorful strands. And how you'll appreciate Lucky Strike's true Mildness, brought about by accurate, patient science—"It's toasted". That extra benefit which only Lucky Strike affords! For these two reasons—Character and Mildness—"Luckies Please!"

because "It's toasted"

"A Better Department Store"

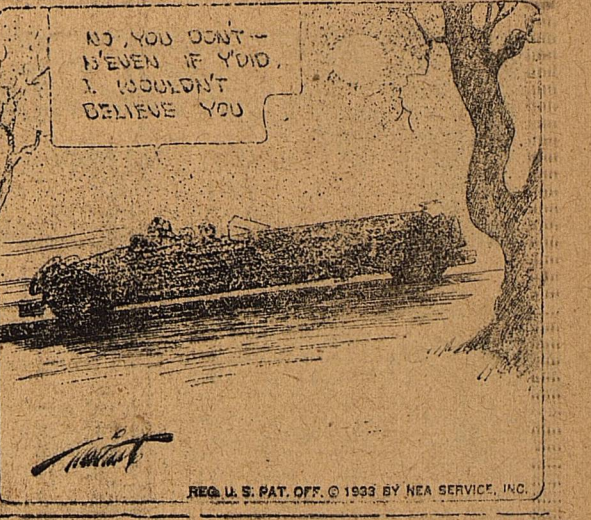

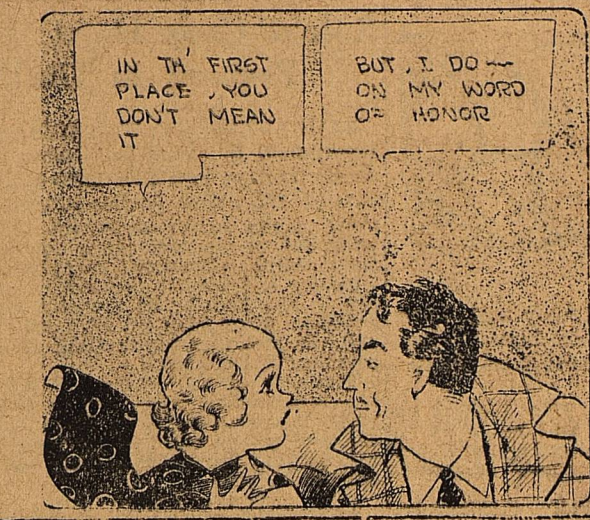

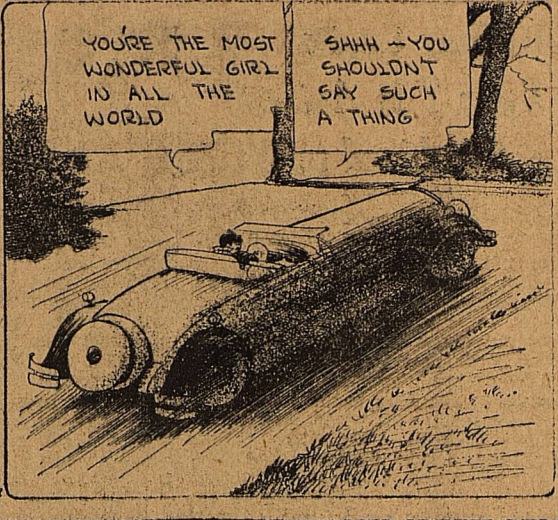

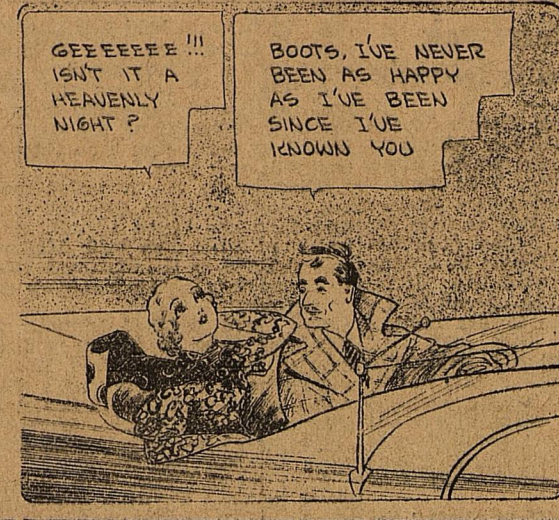

Midland, Texas

Press Association Extends Invitation

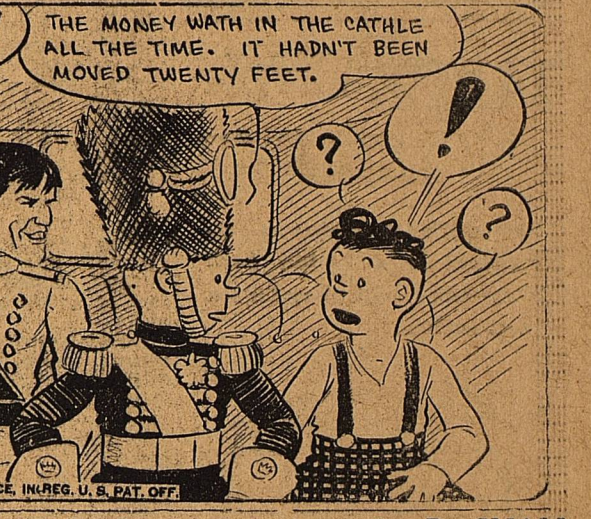

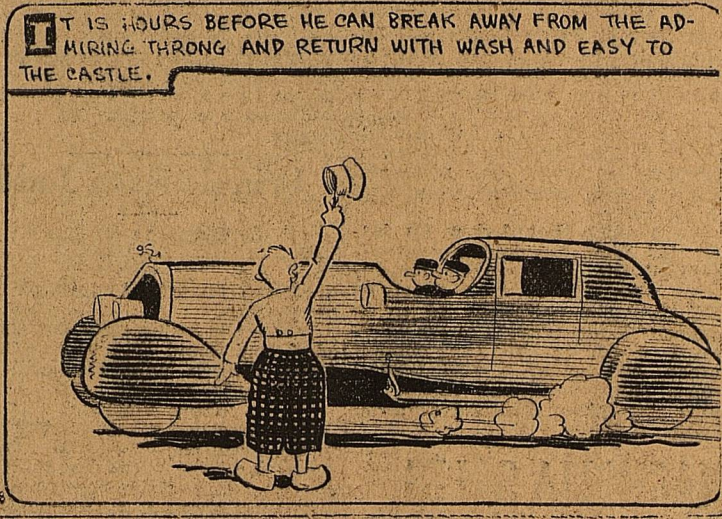

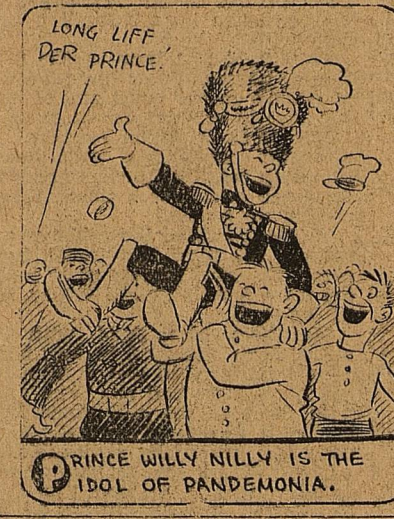

DALLAS. (UP)—Invitation to newspaper publishers in adjoining states to attend the annual convention of the Texas Press association which meets in June at Houston was extended here today throughout headquarters of the organization. In inviting newspaper publishers of Louisiana, New Mexico, Oklahoma and Arkansas it was pointed out the convention this year takes the form of an international meeting with official representatives of the Mexican government and press attending. Senor Luis Leon, publisher of the El Nacional of Mexico City, has accepted an invitation to address the gathering. As administration leader in the Mexican chamber of deputies where he represents the Mexico City constituency and as publisher of the organ of the national revolutionary party he is one of the leading politicians and publishers of Mexico.

John R. Morris, chief of staff of the United Press at Mexico City, will accompany Senor Leon to Houston. Other Mexican publishers are expected to attend the meeting. Out of state speakers lend too in making the meeting of nationwide importance. John Benson, president of the American Association of Advertising agencies of New York City; A. F. Baumgartner, president of the Thompson-Koch company, advertising agency of Cincinnati; Martin E. Pew, since 1912 editor of Edition and Publisher, newspaper trade organ, and Samuel O. Dunn, editor of Railway Age of Chicago and nationally prominent speaker and author are principal speakers. The four represent leaders in advertising and editorial work in the United States. The three-day meeting, June 8, 9, 10, will be presided over by Lowry Martin, publisher of the Corsicana Sun and president of the association. S. W. Pappert of Dallas, president of the Texas Daily Press League, is chairman of the convention committee.

CHAPTER ONE

It was early morning on the waterfront and a heavy fog had settled down over all. In Lily's crib house, Karl Schlemmer, duly certified ship's captain, slept peacefully in his dirty underwear and socks. Below, Lily, the Polish madam of the crib house, a woman of about 30 and handsome in a coarse, full-blown fashion, was in earnest conversation with Steve McCreary. "Schlemmer will be right down,"

Smoke Code Hard Pressed in Utah

SALT LAKE CITY, Utah (UP)—Determined to eliminate clouds of smoke hanging over Salt Lake City through the winter, J. Willis Billeter, chief of the smoke abatement department, is making plans for a summertime educational campaign. Smoke is a serious problem here, due to the location of the city, a valley surrounded by high hills, and the fact that far in Utah coal produces lots of soot.

All-Star Cast at Ritz; Ten Authors Combined to Write

Glenda O'Brien, on her wedding night, is face to face with a murder charge!

Ten of the world's greatest living authors put their leading character in that predicament and get her out again in "The Woman Accused," the nationally-known Liberty-Paramount magazine story, that comes to the Ritz theatre today for a five-day showing, featuring Nancy Carroll, Cary Grant, John Halliday, Louis Calhern and Irving Pichel. But it took the combined efforts of such internationally famous writers as Rupert Hughes, Vicki Baum, Zane Grey, Vina Delmar, Irvin S. Cobb, Gertrude Atherton, J. P. McEvoy, Ursula Parrott, Polan Banks and Sophie Kerr to create the masterly situation and the truly human characters that move through them.

Magnolia Sales Meeting Is Held

A meeting of the Magnolia Petroleum company sales department representatives of Midland, Odessa, and Stanton was held last week at Hotel Schaubauer.

The meeting was conducted by P. A. Cobden, supervisor in this district. H. C. Plumley, supervisor of retail sales from Fort Worth, discussed the company's extensive advertising campaign, showing the men the advertising schedule set out for the next three months.

Barbara Stanwyck A Platinum Blonde

Barbara Stanwyck appears for the first time as a platinum blonde in her stellar role in the Warner Bros. picture, "Ladies They Talk About," which closes at the Yucca theatre tonight. But even this is only for a short sequence. She dons the blonde wig to participate in a bank holdup, and immediately afterwards takes it off, to appear in the rest of the picture in her natural chestnut tresses.

Winnie Ruth Judd

Continued from page 1

broadcast an appeal through the newspapers.

When she voluntarily surrendered it was found that she was suffering from a bullet that still was imbedded in her left hand.

COMICS BLAMED

MORRISTOWN, (UP)—An argument over possession of a newspaper comic strip is alleged to have resulted in a father stabbing his two sons here.

The parent, William Brannock, is being held in jail pending trial on assault and battery charges.

SWIM CARNIVAL

AUSTIN.—"Dionycia and the Sea Prince" is the title of a water carnival which is to be given by the University of Texas Turtle club, women's swimming organization, during semi-centennial celebration week, and the annual round-up of university ex-students, April 24-30, according to Mrs. Ted Lewis Moody, director of pantomime.

Barbara Stanwyck A Platinum Blonde

Barbara Stanwyck appears for the first time as a platinum blonde in her stellar role in the Warner Bros. picture, "Ladies They Talk About," which closes at the Yucca theatre tonight. But even this is only for a short sequence. She dons the blonde wig to participate in a bank holdup, and immediately afterwards takes it off, to appear in the rest of the picture in her natural chestnut tresses.

Winnie Ruth Judd

broadcast an appeal through the newspapers.

When she voluntarily surrendered it was found that she was suffering from a bullet that still was imbedded in her left hand.

CONOCO BRONZE GASOLINE

HIGH TEST

It made me a member of the Bronze Boosters' Club!

EVERY user is a booster—Conoco Bronze starts impulsively, picks up outrageously fast and slides into the long pull with a low-cost-per-mile advantage that wins life-long friends.

Never have gasoline claims been so quickly proved and underscored by hundreds of thousands of drivers intent only on finding a better gasoline—at a "regular" price. Now they echo the claims that Conoco made—with more emphasis than Conoco dared.

If you want instant starting—lightning pick-up, improved anti-knock, more mileage and power, want all of these things in a greater measure than in any gasoline you have ever used—buy Conoco Bronze.

INSTANT STARTING LIGHTNING PICK-UP

... A PERFECT RUNNING MATE FOR CONOCO GERM PROCESSED MOTOR OIL—THE MOTOR OIL WITH THE HIDDEN QUART THAT NEVER DRAINS AWAY!
