HITLER'S BIG PROBLEM

The more one thinks about Chancellor Hitler's Reichstag speech on disarmament, the more one becomes amazed at the incredible folly of the German Nazis' anti-Jewish campaign. Herr Hitler's speech was reasonable and restrained. It was the speech of a man arguing a just cause with intelligence and moderation. It has made an excellent impression everywhere, and it has done Germany a great deal of good in the court of world opinion. But the biggest hurdle of all that the German cause must surmount is the antagonism and distrust aroused by the anti-Jewish campaign of Hitler's own party. That campaign re-awakened all of the old fear and distrust of World War days. If Hitler seeks a peaceable working-out of Germany's problems, as his Reichstag speech implies, the biggest obstacle in his path is the one that his own followers put there.

It is not unnatural that the layman should gather from Washington news these days an impression that the impractical professors are conducting some post-graduate courses in practical politics for the benefit of practical politicians. The politicians have a very similar impression—except, of course, as to the benefit.

money. He declares: "The farm borrower, the home borrower, the bank borrower, however, are all getting consideration, while the source of their borrowings, the life savings of men, women and children of small means, is forgotten. Heard over the radio the other evening. Did you ever hear about the Bigger family?" "No." "Well in the Bigger family there was Johnny Bigger and Father Bigger and Mamma Bigger and Uncle Bigger." "Yes." "Well which one was the bigger?" "I don't know, which one?" "Why Johnny Bigger, of course." "Why?" "Because he was a little Bigger." "Yes." "And when Father Bigger got sick and had to go to bed, which one was the bigger then?" "I don't know, which one?" "Why Father Bigger, because he was still Bigger." "Yes." "And if the Biggers all went to church, which was the bigger?" "Which one?" "Why Father Bigger." "How's that?" "Why Mamma Bigger sat by Father Bigger (far-the-bigger)." "Yes." "And if Father Bigger died and Mamma Bigger married Uncle Bigger, how much bigger would she be than any of the Biggers?" "How much bigger would she be?" "Why she would be twice Bigger."

Harvard Plan Ends First Year in "Red" CAMBRIDGE, Mass. (UP)—Harvard University's "House Plan," made possible by the \$12,000,000 gift of a Yale graduate, has completed its first full year of operation, \$50,000 "in the red." The loss for the current year is expected to be even greater because of rent reductions.

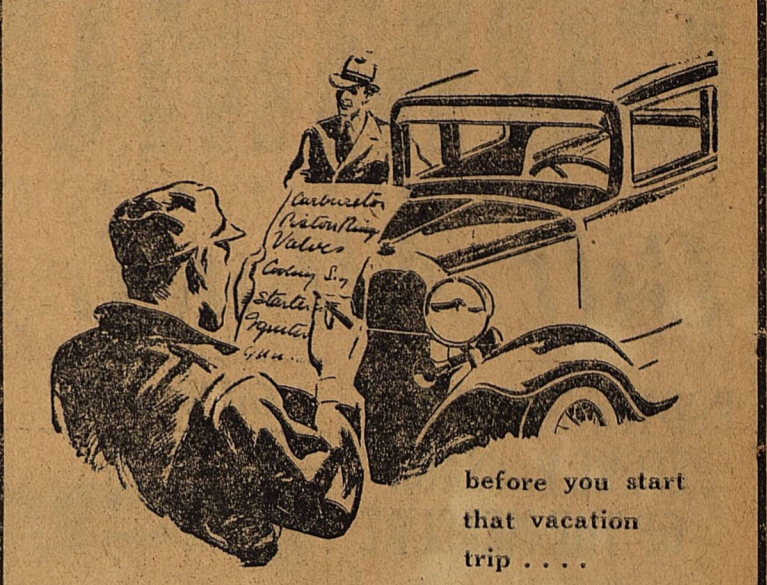

Eddie Cantor Plays at the Ritz

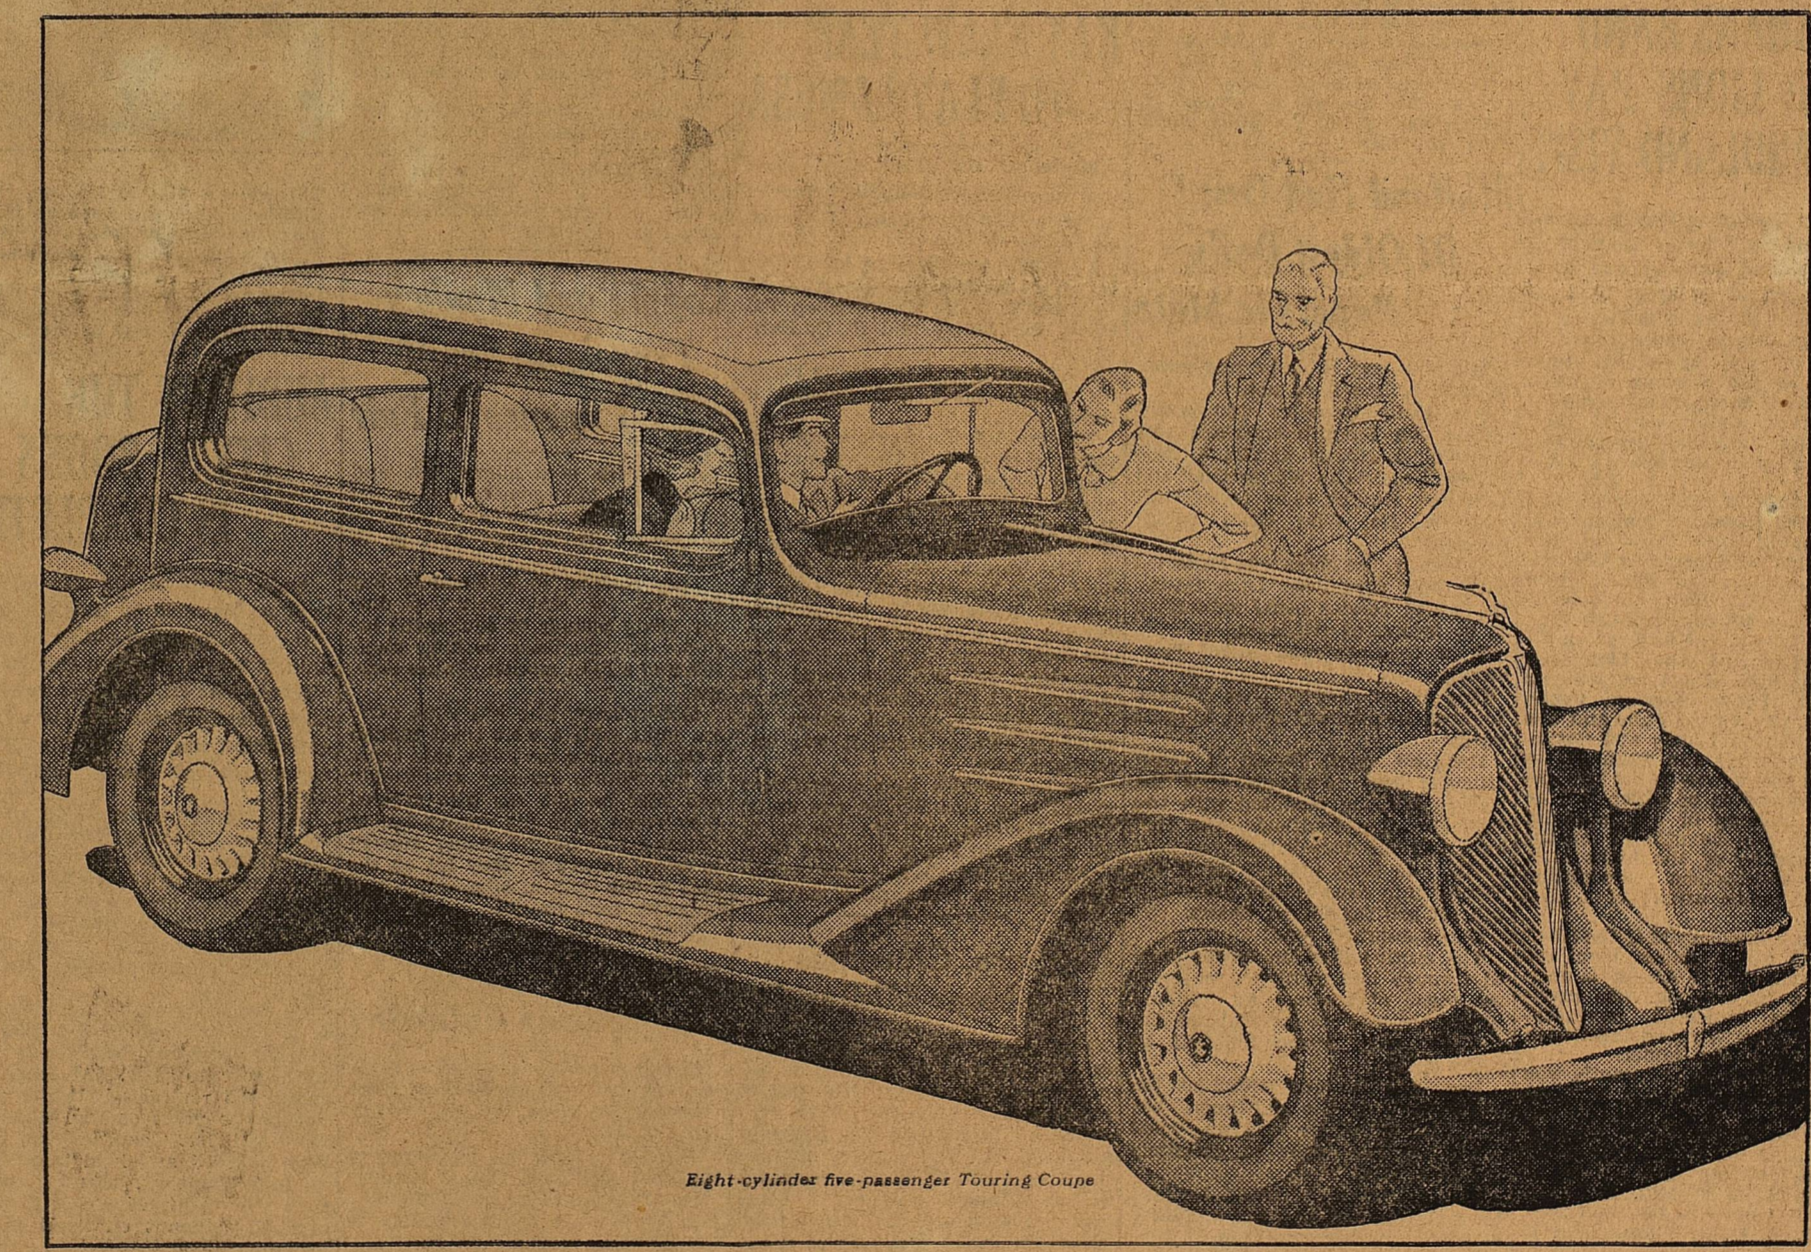

Here's the funniest offering the Ritz has had in months, Eddie Cantor in "The Kid from Spain." The picture, which has played in city after city and theatre after theatre, is being held over everywhere. It played for eight consecutive weeks on the screen of the Palace theatre in New York at \$1.65. The picture will be shown here for three days and, in addition to Cantor, offers the gorgeous Goldwyn girls, dancers, arena in the thrilling, colorful climax to the story. It is a role in which the weak-kneed, doolie, helpless, beady-eyed Eddie is funny in a Chaplinesque magnificence. Songs Real Hits Songs that you will have trouble

"Kid From Spain" Wins Acclaim for Cantor-at Ritz Eddie Cantor, in "The Kid from Spain," began his engagement at the Ritz theatre preview last night. It is Samuel Goldwyn's annual presentation of Cantor songs-and-dances following last year's "Palmy Days" and "Whoopee" the year before. In "The Kid from Spain," Eddie marches out, neither bravely nor willingly, to show his skill and grace as a matador. Escape from the police who are pursuing him, protection from the Mexican thugs about to put him on the spot, the adoring eyes of the elongated blonde sex menace, and solving his roommate's difficult love affairs are all among the reasons that bolt Eddie into the

escaping (they are worth walking a mile to hear), the smiling faces and the graceful beauty of a hundred girls, spirited dances and color and glamour and excitement are all ingredients of this big production. Samuel Goldwyn has done a nice, smooth job of using his girls and his music to top off a story in which comedy seems at times too fast for comfort. Cantor tops himself as the bouncer, bubbling minstrel. He has never been better; he has never been as good. Lydia Roberti is a wonder as a refrain for his song and as a second for his comedy. An easy grace marks the playing of Robert Young and Ruth Hall as the romantic leads, and John Miljan and Carroll Naisir are more than properly menacing as the Mexican bad men. Sweden has appropriated about \$117,000 for the only commercial aviation company in the country.

## B. Y. P. U. Unions Are Entertained With Party Friday

B. Y. P. U. unions of the First Baptist church were entertained Friday evening with a party on the church lawn. The affair honored Misses Opal Lackey and Mary Beth Langston and Messrs. A. D. Brutin, J. W. Patterson and James Carroll of Howard Payne college who are here to conduct a training school.

Games were played on the lawn under the direction of Misses Kathryn Cospier, Lois Walker and Marjorie Ward for the seniors, Robert Stone for the intermediates, Miss Annie Faye Dunagan and Mrs. Minnie McClain for the juniors and Mrs. George Halton and Miss Orla Hines for the primary department.

## Baptist Training School to Start Monday Evening

The young people here from Howard Payne college to conduct a training school at the First Baptist church will be special guests at the Sunday services of the church and will present special musical numbers.

Classes of the school will begin Monday evening at 7 o'clock. Two 45 minute class periods will be held with a brief intermission for refreshments and inspiration. Women of the church will prepare the refreshments.

During the first period Friday night examinations will be given. Immediately afterward, those enrolled will be entertained with a picnic by the evangelist class at Cloverdale.

Several courses will be offered for seniors and adults and one each for the other unions. Instructors and the classes they will teach are:

## Miss Josephine Guly Entertained With Shower, Party

Mrs. Frank Ingham, L. A. Arrington and Leonard Pemberton entertained with a farewell party and miscellaneous shower Friday morning at 9:30 at the Ingham home, 811 West Wall, honoring Miss Josephine Guly who will leave soon for an extended visit at San Antonio and other southern cities.

The affair came as a surprise to Miss Guly, graduate nurse who has been here for 10 years, as all guests were present when she arrived.

After Mrs. Rawlins Clark had played several piano selections, Patsy Lou Arrington and Berneal Pemberton presented Miss Guly with large baskets of gifts. A light refreshment course was served to Mrs. Mary S. Ray, A. B. Coleman, Barney Greathouse, B. G. Pemberton, Fred Middleton, Claude Cowden, Dick Cowden, C. A. Goldsmith, N. W. Esham, T. ment last Sunday's game: What the McCamey rooters lack in numbers they more than make up in volume for the majority of them are of the leather lunged variety. And when they pick out a favorite to shower their sarcasm on the victim really knows he has been through something. Ask Sam Warren what a reception he got when he protested the umpire's calling him out on two strikes.

Red Hill was the first local man to receive the McCamey version of the Bronx cheer when he struck out in the early innings but Red paid them back with something to spare when he got his four base knock in the seventh and was the recipient of a deliberate walk in the eighth.

However they do not devote all their time to the opposing club as they refuse to let their own men forget making a bobble. The McCamey club boasts one player that boasts a contract with some team in the Southern association and when he struck out with runners on he had no trouble in hearing the rooters' regrets that he had not reported to the team that has him signed up.

It was amusing to hear the local players, after hitting pop flies and easy rollers, protest that the McCamey pitcher did not have enough to hit. Lots of kick in hearing them last week make their threats that they would knock that left hander out of the league before he can retire one man if he should start the game here today.

Poteet, the McCamey third baseman, tried his best to spike Woody in the early innings and laughed about it but his smiles changed to tears when Johnny reversed the things in the later innings. Poteet could have heard all over the northern part of the city limits entreating someone to hold him. Woody showed that he believed the old adage about discretion being the better part of valor by refusing to engage in a brawl while on a foreign field. Poteet will probably be far less belligerent here Sunday. The answer to his case is simple to the layman.

Sam Warren, field manager of the locals, is reminding one more every day of John King. From the harsh things Sam says of left hand pitching and the way he protests every close decision that goes against the home club spectators can close their eyes and imagine the calendar has been turned back to 1929.

Doc, after hitting his pinch single, was run out of the hotel following the game when he greeted his mate with a "Don't speak to me you tramps." Cook almost lost his chance for supper when he made the statement that he hit a triple but the right fielder got lucky and caught it.

The members of the club were as jubilant as a bunch of school boys after winning the game but they had nothing but fibes and threats for each other until they had over taken and wiped out an early deficit in runs. Nothing could be more pleasing to those that like a winning club for no team can win unless it has fight. For the first time in four years the locals can boast such a team.

Poteet of the McCamey club will probably deny that Washington of the Ft. Worth Colts hits a harder ball than Collum of the locals for Dewey turned him clean around with one in fourth inning of the game.

Estes, after hitting his three base rap and scoring on the next batter's hit reached the home plate for relief. Ed has only been out of bed a couple of weeks and has not reached the best of condition yet.

And if Midland does not defeat McCamey by five runs I will buy Bill Collins the coldest bottle of what-do-you-want-Bill in town.

### Hen Adopted Pigs In Lieu of Chicks

BIG PRAIRIE, O. (UP).—A little red hen on the farm of H. J. Smith flapped her wings in disgust and gave a cackle which was interpreted as meaning that "pigs are pigs."

A month ago the hen began to lay eggs in the pig sty, apparently with the idea of hatching out a family. But members of the Smith family pilfered her eggs every day.

Then the litter of pigs was born. It was a poor substitute, but Mrs. Smith adopted them, covering them with her wings when they slept and clucking indignantly when they strayed.

But pigs will be pigs, and since they've grown larger, the little red hen finds that she no longer can keep them under the family wing.

"20 miles to the gallon!" "22!" "24!" "Sometimes as high as 25 or 26." Those are Chevrolet owners speaking. And they're indulging in some good old-fashioned boasting over the gasoline habits of new Chevrolets. Yes—gallons certainly do s-t-r-e-t-c-h a long way in a Chevrolet Six—farther, in fact, than in the tank of any other full-size car. And the same thing holds true of oil. Put five quarts in the Chevrolet crankcase and the chances are those same five quarts will still be there when you change your oil again. For, as millions of miles have proved, the new Chevrolet Six certainly is a world-beater for economy. You'll save on fuel—and on upkeep, too. And on repairs. And on depreciation. And the price you'll pay for the Chevrolet Standard Six Coach is lower than the price of any other 5-passenger 6-cylinder closed car you can buy. \$455! What a price—What a car! the only balls hit out of the infield. His control was perfect and he struck out six men, not walking a man. With support from team mates he is almost certain to win many games for the boys this season.

Smith, who took over the mound after the sixth, pitched his usual hard game, allowing only three hits and striking out four men. Saxon, College of Mines coach, from El Paso, was behind the plate to direct the pitching of Allen and proved to be the heavy hitter of the day, pulling out two clean doubles and two singles in four trips to the plate. Saxon is also a smart, heady catcher, and will with Allen and Smith form a high-powered battery for the Oilers. He is going to Odessa to go into business around June 1st, it is understood, and will take over the active coaching of the Oilers.

The crack infield combination of Dameron and Rogers to Watson worked like lightning throughout Sunday's game and looks well to be the talk of the circuit if it continues at its present pace. In the outfield the Oilers have Dickie Dickenson, Dick Cook and J. E. Andrews, a heavy-hitting trio and fast outfielders.

An unfortunate accident occurred in the sixth inning, when Rogers heavy-hitting first sacker for the Oilers, was struck in the face by a fast-pitched ball. Striking him under the left eye, it caused a painful wound, and he was given first aid in the field before being rushed to a hospital. No bones were broken, but he is suffering from shock and a severe bruise. It is hoped that he will be able to be back in the game today.

### The SHELVADOR

An exclusive patented feature of the — New — Crosley Electric Refrigerator

INCREASES "USABLE" CAPACITY 50%  
Shelvador makes the "small" refrigerator "larger" by increasing its usable capacity. Try to put everything that goes into the Shelvador into your refrigerator and you'll be amazed. An orange takes as much "shelf room" as a bottle of milk in the ordinary refrigerator. . . In the Shelvador it only takes as much room as an orange should.

LOW COST—HIGH QUALITY  
When you buy a Crosley Electric Refrigerator, you not only save money on first cost, because of Crosley's quality-mass production methods, but you also save money because of the greatly enlarged "usable" capacity of the Crosley Electric Refrigerator due to the Shelvador. If the Crosley Electric Refrigerator did not have the Shelvador, it would still be the world's most remarkable refrigerator value. With the Shelvador, it goes far beyond the ordinary concept of "your money's worth" that there is nothing with which the value may be compared.

# MIDLAND AND M'CAMNEY BASEBALL CLUBS PLAY HERE TODAY

### GAME TO BEGIN AT 3:30; CROWD EXPECTED

Midland and McCamey horsehiders will play their second game in eight days this afternoon at 3:30 at the Indian diamond, west of El Campo, Modesto.

Last Sunday's game was a close win for Midland, the score being 5 and 4. The Indians are believed by supporters here to be stronger than the score indicated, however, and are expected to cop this afternoon's game.

Brown will pitch for Midland, and it is likely that Warren, a left hander, or Cook, a right hander, will toil for McCamey.

If Warren pitches, the Midland lineup likely will be: Lagunas, ss; Stevens, second base; Cook, right field; Collum, third base; Hill, middle; Estes, left; Warren, first base; Woody, catcher, and Brown, pitcher. McCamey uses the right hander or Shirley likely will be in the lineup in place of Cook.

McCamey's lineup is expected to be: Duncan, ss; Bryan, left field; Poteet, third base; Ward, catcher; Harris, right field; Morris, middle; Putnam, second base; Wallace, first base, and Warren or Cook, pitcher.

Admission of 25 cents will be charged.

### Smith May Get A Federal Job

W. R. Smith Jr., district attorney for the 70th judicial district of Texas and a son of the late W. R. Smith, former congressman and federal judge, is in line to become United States attorney for the western district of Texas.

This is according to a political tip printed in a recent issue of the Dallas News and credited to Mark Goodwin, the Washington correspondent of The News.

Appointment of the marshal for the western district of the federal court has been made. The man given the job was Guy McNamara of Waco, Texas, a close friend of Senator Tom Connally. Ed Doty of Jecos has been an applicant for the job.

A large crowd is hoped for, inasmuch as the club needs money to buy needed equipment and also the support found only in number of fans.

### CARD OF THANKS

We wish to thank the many friends who were so sympathetic and helpful at the death of Mrs. W. H. Thompson, also those who sent floral offerings and messages of condolence. Mr. and Mrs. W. L. Coody, Mrs. C. S. Gray and daughter, Sam W. Wingham, Mr. and Mrs. Bill Wyche.

### "Skyline" Praises Midland Concert

"The Skyline" official weekly of the Sul Ross Teacher's college at Alpine, has the following story of the visit of Midland high school students there recently.

One hundred Midland high school students visited Sul Ross college and Alpine Saturday, May 20, while on a concert tour through this section of West Texas. The delegation was accompanied by Superintendent W. W. Lackey, Principal D. D. Shiflet, and seven teachers.

The entire group was given a very hospitable reception while in Alpine. Soon after they arrived, they assembled at Kokernot lodge where they were served a barbecue supper at Sul Ross college.

At 8:30 p. m., the delegation gave an exceptionally interesting program in the college auditorium. The program was opened by an introduction of Superintendent Lackey by President Morelock of Sul Ross.

The varied program had as its first part the reciting of several popular poems by the entire group of one hundred students in concert, directed by Superintendent Lackey, and the singing of several songs, part of which were directed by Mr. Lackey and the remainder by Mrs. Douglas. The songs were: "The Angelus," "They Have Taken Away My Lord," "Pilgrim's Chorus" and "Going Home."

The next group was given by the girls' choral club, which is composed of 25 girls under the direction of Mrs. Douglas. They gave a very effective rendition of the song, "Dreaming," "The Swallow" and "Wi-Um," a capella. This was followed by three numbers: "Majestic Sweetness," "All Through the Night," and "The Woodchuck," sung by the boys' glee club, which was composed of 35 boys.

The girls' quartet sang two songs that brought extra applause from the audience: "One Sweetly Solemn Thought" and "Rosita."

The closing number of the program was by the thirty-two members of the school band. They simulated a band audience with three popular pieces of band music, the third of which featured the bass horn player who produced some tones so low and voluminous as to almost quake the building. The entertainment was concluded with a real snap by the band's last number, "The Star Spangled Banner."

The entire program showed splendid training, had plenty of life, and was generously applauded by the crowd, which was one of the largest that has come together in Alpine in several months.

After the program was over, the delegation were given accommodations through the night by the college dormitory, various college faculty members, and some of the leading boarding houses.

On Sunday morning at 9:30, the visitors assembled again at the courthouse lawn where they gave a splendid 30-minute band concert, after which they left for Fort Davis where they expected to enjoy the mountain scenery, and later to give other concerts.

### Texas Students All Over World

AUSTIN.—Wherever you go, whether from Argentine to Ireland, or from Sweden to Singapore, you will run across "Texas-exes," as former students of the University of Texas are familiarly called. Files of the Ex-Students association reveal that ex-students of the university may be found in 46 foreign countries and in numerous insular territories.

Almost every remote corner of the earth lists at least one ex-student among its residents. Turkey, Java, Alaska, Persia, Poland, Sumatra, Jerusalem, India, and Iraq are all included. Even in Singapore, called the most picturesque seaport in the world and the mecca of every adventurer, an ex-student is found in the person of Miss Gazelle Traegar, teacher in a mission school for girls.

Several ex-students now reside in China, among whom is Mrs. Henry J. Rehn, the daughter of Dr. J. M. Kuehne, professor of physics at the university. Mrs. Rehn resides in Shanghai. Charles Lamar Sharp, another ex-student, is now enlisted in the Chinese air force and is training Chinese aviators to be pursuit pilots.

Three ex-students live in India, several in Persia, and a score in Korea and Japan. Dr. George C. Butte, outstanding in state and national politics a few years ago, is residing at present in Honolulu, Hawaii. In one of the most inaccessible of the Fiji islands, Mrs. Albert McGowan, formerly Miss Jonna Morgan, resides.

Several hundred exes live in Mexico and Canada. Many others live in Central and South America, England, Ireland, Scotland, and Wales, and the nations of the European continent are hosts to other ex-students.

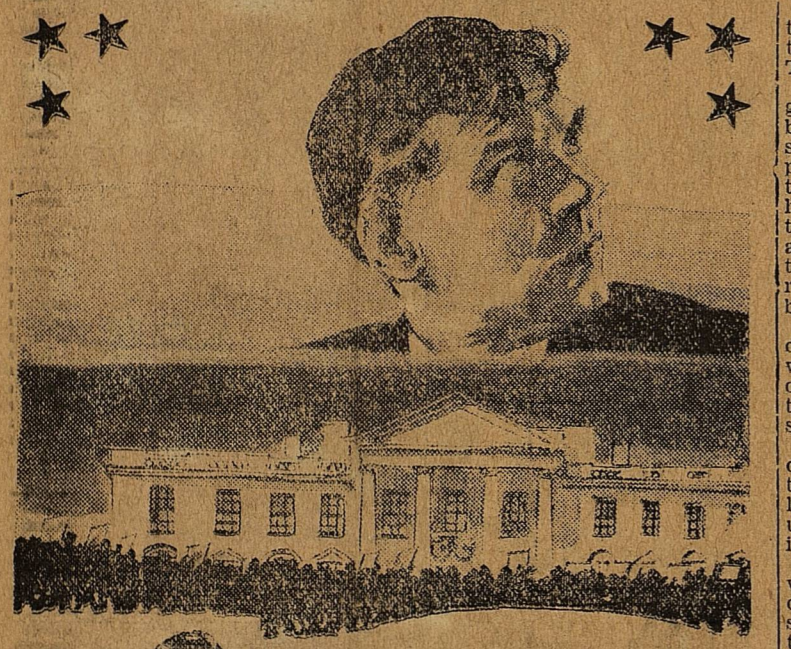

Occupations of the various exes vary greatly. Many of them are employed in the consular service. The majority of those residing in the more remote regions of the world are doing missionary work.

OPERATED ON  
E. J. Ragsdale of Midland and Monahans underwent a major operation in a Dallas hospital Friday. He is reported to be improving.

GO TO WICHITA  
Mr. and Mrs. R. D. Scruggs left yesterday for Wichita Falls. Miss Kathleen Scruggs, who has been attending school there, will return with them.

A fossil tortoise shell discovered in India was more than seven feet in length; the tortoise probably weighed a ton.

## It was said about a mousetrap and Now it is True About a Car!

Remember the old saying, "Make a better mousetrap . . . and the world will . . ." and so on? Well, after all these years, there does seem to be something to it.  
Pontiac sales are ahead of last year—and still growing  
You will admit that, in a year like this, that means the car must have something. Something that people want.  
Now, Pontiac does offer a lot for the money. And its price is low.  
Pontiac gives a big, beautiful package of Balanced Value.  
What does that mean? Simply that Pontiac gives you Economy—but not at the expense of other qualities. It gives also Durability, Comfort, Safety, Performance and Appearance. It gives all-round Balanced Value for the owner.  
It means that the car wears evenly through tens of thousands of miles of use. And at the end of two or three years it gives extra dividends in the way of higher trade-in value. Fisher bodies have Fisher No Draft Ventilation. Pontiac is a typical General Motors Value—a good car to buy.

Read the Free Booklet  
Come in for a free copy of the booklet—"What do you mean—Balanced Value." It explains what Pontiac is, in everyday terms with which everybody is familiar. It is worth reading, because it will make you a better car buyer—a more critical judge of value.

## Dump Resident Gets a "Fortune"

SAN DIEGO (UP).—After 50 years literally spent on the dump heaps of life, Mrs. Sena Ryan has inherited a "fortune."

But it is too late. Thirty years of living among rusty and dusty debris have burned deeply into the aging mind one simple fact, and there isn't room for more.

"I haven't got a cent," she says, peering suspiciously at her questioner through thick lenses. The business of the \$5,000 is just some idle talk she doesn't understand and it worries her to try.

"It's my home," she says, gesturing toward the heap of castoff timbers and metals from which her late husband, collector of unwanted things, built their home by the junk heap.  
"It's been my home for 30 years," she says, protestingly, as though the whole thing were a plot to drive her from her castle. "My husband died in that bed"—gesturing toward a crazy relic—"and that's where I want to die. I haven't a cent. I'm going to stay here as long as they'll let me."  
A daughter is trying to nurse her 83-year-old mother into an understanding of her "fortune."  
The money was the estate of a son, a barber in Los Angeles, who died intestate. Under California law the money goes to the mother.

## STRIKES AMBULANCE
