The army plane that figured in the rumor was flown by Lieut. Charles M. McHenry. Three were known dead, four others seriously injured and a seventh reported dead. McHenry escaped with bruises.
The crash was in the mountains 30 miles north of San Bernardino. It is believed the pilot became lost in thick fog that blankets the west coast mountains before dawn. Several pilots from California have related the fogs are worse this year than usual and have delayed several army air groups from taking off for the east.

### SMALLER GIFTS TO COLLEGES

The day of great gifts to colleges and universities is just about over, if a recent appeal from President Nicholas Murray Butler of Columbia University to Columbia alumni is taken as a criterion.

In this appeal President Butler urged support of the university through small gifts. In the past Columbia has been very fortunate in getting many large donations. But now, says President Butler:

"The great fortunes and the large accumulations which made these benefactions possible are either dissipated or destroyed. The economic and financial crisis apples. which grips the whole world has made their return quite impossible, certainly for a long time to come, if not for-

Thus philosophized farmers and ranchers in a street corner caucus Friday.

"I been here nigh onto 35 years and I ain't never seen it fail to rain but once and that was in the 1917-18 drouth," opined one old timer. "It always has rained and it will yet."

Farmers generally declared they would plant cotton as late as June if 5, and many will plant as late as July 1. Some good crops have been made at Midland from seed planted the middle of June, pioneer farmers say.

Take C. R. Fryar, for instance. He got 25 bales from 50 acres planted

EL PASO—A slap is less expensive or a woman than for a man, if the apped person files assault charges

in court, says Asst. County Atty. S A. Sackett.

If an irate wife slaps her hus-band and he goes to court to punisi her, the offense is simple assault punishable by a \$5 to \$25 fine. Bue, if a husband does the slapping, it is aggravated assault, punishable by a \$25 to \$1000 fine and 30 days to two

ears in jail.

Kissing a woman against her will considered aggravated assault, Sackett says.

The statute also provides that

The statute also provides that any mild assault becomes aggravated assault when committed in a man's home, a court, church or place of "innocent amusement." An assault against an officer or a child is an aggravated asault.

The law makes an exception involving children—a parent is given the right to spank a child reasonably.

The statute shows no farvoritism toward men, Sackett said. When two men fight, a serious bodily injury must be inflicted before the assault is classed as aggravated.

Haunting Romance Coming to Yucca

"Adorable," the new Fox film, with Janet Gaynor and Henry Gar- in their eyes. at, at the Yucca preview Saturday night, Sunday and Monday, is certainly one of the most hauntingly romantic pictures presented to the screen in some time. It has a story that fairly breathes happiness in every one of its details. Its music and song hits have all the qualities of refreshing light entertainment, and in the selection of stars, Fox has shown a wise insight into the tastes of the public.

Janet Gaynor has found the perfect complement for her unique abilities in Henry Garat, the European player who makes his American picture debut in "Adorable." logether, as they unfold step after whimsical, most romantic pair of players seen in many a moon. It is a rare motion picture occasion when story and stars fit so beautifully together. Miss Gaynor again reveals her manifold talent for the screen in its three principal departmentsacting, singing and dancing. Garat must certainly look to a brilliant career on the American screen. He has all the makings.

"Adorable" will present a number of new song hits by Richard A. Whiting and George Marion Jr., that are reported to be the most promising written this season. "Adorable," a waltz taking its name from the title of the film, is destined to take its place at the side of "The Merry Widow" in popularity. "My Heart's Desire" and "My First Love to Last" are two songs sung in the picture that are said to present truly haunting and beautiful tunes.

Cast in important supporting roles in the picture, Herbert Mundin and Aubrey Smith contribute their highly individual talents. Here are two players, one a virtual newcomer to the screen and the other a veteran of many years on the stage and in films, who would be assets

in anybody's picture.

"Adorable" is a picture that will be remembered for its charm and its wholesomeness. It is certainly picture to be seen.

New Way Ends Body Odor by Removing Cause, Stale Perspiration Curds, with Deep-Pore Cleansing

THERE are certain people who being a 100% pure vegetable oil cine is any good unless it is strong and bitter!

Perhaps you have thought this about remedies for Body Odorthat you could correct it only with a strong and evil-smelling soap... Now happily the cause of body odor-Stale Perspiration Curdshas been discovered. And research chemists have developed a quick and odorless way to end it instantly.

Stale perspiration contains calcium, salt and particles of fat. The thick and sticky lather of most ordinary toilet soaps is unsuited chemically to mix with this waste material and set it free. Instead, it hardens into clogging curds!

That's why deep-pore cleansing is needed to remove the objectionable curds—and it is a scientific fact that there is only one way to accomplish this. Kirk's Coco Castile,

refuse to believe that a medi- soap, mixes with the particles of perspiration curds, loosens them, then rinses out completely. Try Kirk's Coco Castile today.

Feel the invigorating effect of its deep-pore cleansing action. Experience the thrill of a clean, odorless body. The cake is half again larger, half again heavier than average toilet soaps-an exceptional bargain. It is made by the largest soap makers in America. Be sure to ask for Kirk's by name.
