## Public Works Program Outlined in Meeting Here Today

## REPRESENTATIVES HERE AT MEETING

Payrolls Instead of Relief Rolls Is Aimed at

the huge government rehabilitation work as it affects various towns, counties and communities was made Thursday morning at a meeting of about 25 representatives of Martin, Winkler, Upton and Midland coun-

Thursday morning at a meeting of about 25 representatives of Martin, Winkler, Upton and Midland counties in the assembly room of the chamber of commerce.

J. J. Boley, field representative of this 44-county district of the Texas Rehabilitation and Relief commission, answered numerous questions after the meeting was opened by W. E. Simpson, president of the Midland Welfare association. A brief explanation of the program as outlined to the Texas Chamber of Commerce Managers association at Tyler Wednesday was made by the Midland secretary who attended the Tyler meeting.

Triated to the farm act application to cotton and wheat.

Secretary Wallace was expected to Indians.

Cents per bushel processor's tax on wheat and 4.2 cents per pound on cotton.

CLEVELAND, June 15. (UP)—The Goodyear balloon crashed today at Bay Village, near here, with seven aboard. None was injured. It fell on a tension line of an interurban but did not ignite.

COLUMBIA, Mo., June 15. (UP) should we

Forest King of Stanton, Judge Halley of Winkler county and Judge Harris of Upton counties, and A. E. Harris of Upton counties, and A. E. Lang, superintendent of Wink schools, County Judge Elliott Barron of Midland county, and Simpson, and Mayor Leon Goodman asked numerous questions, which Boley answered. The trend of the questions indicated that several of the towns and counties contemplated self-liquidation projects

towns and counties contemplated self-liquidation projects.

The meeting conducted in Midland was one of a series being conducted by the Texas Rehabilitation and Relief commission. Boley suggested that the West Texas chamber of commerce be used in working out details, as that organization has facilities for working out details and is ready to assist West Texas communities.

munities.

Far Reaching Results

Possible far reaching benefits of President Roosevelt's vast public works program as applied to Midland and vicinity were made clear to the group of officials and business men by Boley, of San Angelo. Title 11 of this measure known as the National Industrial Recovery act. the National Industrial Recovery act is to be the president's ungloved, knockout blow at the depression. The act puts \$3.300,000,000 in the president's fist for this specific pur-

Boley said a swift, decisive campaign to bring home to the people throughout the state the advantage of quickly seizing the opportunities presented to them under terms of the bill is being carired on by the new employment-relief agency at

Employment Hoped for The motto under which the campaign is to be conducted will be:

"Take families off the welfare relief rolls and put them on the

It is estimated that at least \$250,-000,000 for public works can be ob-tained for Texas from this enormous tained for Texas from this enormous federal fund if prompt action is taken by those in position to negotiate loans covering eligible projects. It is said that wide-spread interest is already being shown and it is considered likely that the minimum goal will be exceeded.

Experts boye estimated that 1000

Experts have estimated that 1000 men receive jobs for each million dollars of construction to be in force. On this basis more men would re-ceive employment in Texas that are now on the R. F. C. rolls in this

Under terms of the bill, virtually every type of public works is eligi-

Plans Set Forth
On acceptable projects the federal government will make an outright gift of 30 per cent of the construction cost, and will loan the balance of 70 per cent at a low rate of interest. Among suggested eligible projects are the following:

1. Building construction: Administration, city hall, county court houses; hospitals—city and county; schools: auditoriums; stadia; pris-

schools; auditoriums; stadia; prisons; markets; libraries; factories; docks; warehouses; terminals for air, road, rail, water; police stations and fire stations.

and fire stations.

2. Health and sanitation: Water storage, water filtration, water softening, water lines, sewage disposal, sewage systems, civic centers, water front beautification, pollution of streams, slum enadication, parking spacing abattor.

ing spacing, abattoir.

3. Marginal lands: Drain swamps and much lands, irrigate arid areas, clear scrub timber lands, reforestation, game, preserves.

tion, game preserves, artificial likes, fish hatcheries, resorts, camp sites, golf courses, amusement parks, athletic parks.

4. Natural resources: Flood control, drouth control, hydroelectric development

trol, drouth control, hydroelectric development.

5. River and harbors: Breakwaters, harbors, channels.

6. Roads and pavement.

7. Highway structure.

Title 11 of the National Industrial Recovery act takes the place of the self-liquidating loan provisions of the old R. F. C. act, which specifically prohibits a loan, the retirement of which involves the securing frature of the R. F. C. act served to eliminate practically every type of public works from consideration.

While no definite policy concerning administration of the new public works program has been made, it is known on good authority that it will be an unusually liberal one.

If a fair amount of money is allowed by congress for farmers who cut their cotton acreage or who plant no cotton whatever, Midland county wants part of it, the Midland chamber of commerce wired Congressman R. E. Thomason Thursday.

A bill is proposed to subsidize the reduction of cotton acreage, from \$5 to \$10 per acre payment to farmers of public works from consideration.

stared, almost unbelievingly, at the kneeling figure as snatches of her prayer came to him.

His face went gray as he realized that she, the daughter of her father, was struggling with her sense of duty to her husband—an emotion that neither her bravery nor her determination could overcome. He realized now that unless Joan could come to him without a vestige of regret, there could be no happiness come to him without a vestige or regret, there could be no happiness together for them.

Sick in mind, stricken at hears, he left the chapel unseen by the woman agonizing at the altar.

woman agonizing at the attar.

In her apartment the following morning, Joan, in traveling costume, was packing her clothes in a bag, stopping every now and then to wipe away the tears that fell at recollection of her husband, his utter dependence upon her. Shaken by her farewell scene with him, not at all sure of the step she was about to take, it required all the force of character she possessed to go on with her packing, to keep from bursting into sobs.

At a knock on the door she hastily dried her eyes, went to the dor and opened it upon Knowlton in civilian clothes—uncertain of step—evidently a little drunk.

Knowlton entered the room. "Tears? At a time like this?"

'Please forgive me, Tomny. Everything's all right now that you

One of the liveliest and most entertaining pictures of this season is "Made on Broadway" the farcedrama with Robert Montgomery and Sally Eilers in leading roles, at the Yucca theatre today and Friday.

The sensational story of life "behind the scenes" in metropolitan politics provides Montgomery with a role that has the dash and fliphumor at which he excels. A tempothat races along at breath-taking speed is packed with situations that are thrilling and at the same time blended with comedy.

Sally Eilers portrays a lady of questionable reputation who is the center of hectic high pressure leading to a smashing climax. The part has strong dramatic possibilities that are played for the utmost in screen value with Miss Eilers even outdoing her previous screen triumphs.

A background of metropolitan New York shows intimate inside views of exclusive night clubs and the strong are many of the spirit of the fast-moving story by Courtenay Terrett, colorful metropolitan newspaper man. Eugene Pallette provides much comedy as the butter extraordinary for Montgomery. C. Henry Gordon as the mayor is outstanding in a small role.

# Knowlton asked belligerently. "You aren't trying to hurt me, are you, Tommy?" Her eyes pleaded with him. "Hurt you? Hell, I only want to make love to you! That's all I've got to do now." He placed his arms about her and willed her down on the sofa, and

## Class Entertained

He placed his arms about her and pulled her down on the sofa, and began clumsily to make love to her. She was forced to plead with him. "I wish you wouldn't—"
"Don't be so coy! Remember, I've seen you with your hair down."
"Tommy! Tommy!" she struggled to free herself. The Young People's class of the Church of Christ was entertained Tuesday evening with a picnic lunch and weiner roast at Clover-

"Tommy! Tommy:

to free herself.

"Want to be coaxed, huh?"

He crushed her to him and she was struggling frantically to free herself when Captain Toler, hearing herself when Captain Toler, hearing herself when Captain Toler, hearing after the lunch, out-door games were played under the direction of The Rev. J. A. McCall and D. E. Gabbert. Thirty-eight young peoher cry, "Let me go! Let me go!" Gabbert. The commanded, harshly, his eyes blaz-

In five games Brown has giv en up 58 hits and 40 runs. At en up 58 hits and 40 runs. At the same time the Indians have made only 26 runs on 52 hits. Whose fault, Brown's or the club's? You probably think it is the pitcher's fault, eh? But think this over: Brown has given up only 2.4 earned runs per game while the locals have made 4.2 earned runs each game. Now, who gets the blame.

In your scribe's opinion, it is ombination of both pitching and fielding, but the pitching department is more to blame than any other, for Brown has a tendency to give up and lob the ball in to the batters when one of his mates

the last 30 years.

patent restrictions.

experience that makes a motor car.

With the Indians

BY JESS RODGERS

With the Indians

BY JESS RODGERS

To start with today, I am going to give the local baseball "kibitzers" who have been telling how the club should be run, something to think about. Why the sudden downward lunge of the Indians? Here are leading to proceed the control of the catching is the catching is the catching has used both control of the came of itself, and that is inability of the team to score in the early innings. In only one game this sealon, the Iraan game, have they stand the pressure a whole game. Like the old gray mare, "he ain't what he used to be."

Next Sunday will collum a game.

The club has one peculiar weakness that will just have to take are of itself, and that is inability of the team to score in the early innings. In only one game this sealon, the Iraan game, have they stand the pressure a whole game. Like the old gray mare, "he ain't what he used to be."

Next Sunday will collum a game.

Next Sunday will collum a game.

The club has one peculiar weakness that will just have to take are of itself, and that is inability of the team to score in the early innings. In only one game this sealon, the plant will gust have to take are of itself, and that is inability of the team to score in the early innings. In only one game.

The club has one peculiar weakness that will just have to take the plant will just have the plant will just have to take the plant will just have to take the pla

Despite the fact that Sam Warren was not hitting as he should, when he was injured his loss hurt the club worse than the removal of any other man on the squad would have. He is the spark plug of the team and kept them fighting with a tongue that spared none of them. If he is just a fair receiver he should be a big help to the pitcher. Opposing batters have had a habit of getting hits after Brown has managed to get two strikes on them. This is more a catcher's fault than a pitcher's, and Dewey has had enough experience playing ball to put a stop to a lot of this.

Another weak snot on the squad would have. He is the spark plug of the team and kept them fighting with a tongue that spared none of them. It is the spark plug of the team and kept them fighting with a tongue that spared none of them. It is the spark plug of the team and kept them fighting with a tongue that spared none of them. It is the spark plug of the team and kept them fighting with a tongue that spared none of them. It is the spark plug of the team and kept them fighting with a tongue that spared none of them. into right field on the Crane aiamond is a chicken pen condiamond is a chicken pen containing chickens of various sizes. The management has a ground rule allowing a runner two bases when a batter hits a ball into the pen and Estes, Stevens and the "Great Hill" all put one in with the fowls Sunday. Would this be called "coup de etat"?

There were vague hints that patrons of the game there would like to see it moved but the owner is none other than the superintendent of the gulf camp, in which the dia-mond is located.

After playing outfield all season it was said that Brummett told the Crane manager he would rather wear his arm out throwing the ball than his legs running after it and asked to be allowed to start Sunday's game. He started and finished; showing the Indians the fastest ball they have seen this season.

Skipper Ellis of the Indians has announced that he has filed a protest on the Iraan game due to the fact that it used an in-eligible man. If he keeps that up he may get to be football coach at Midland high school. He also asks me to use this col-umn to notify the Iraan club that if it expects the same kind of water here that it served the Indians there, it will have to furnish its own Epsom salts.
