

FOUR ESCAPE GREENVILLE JAIL

ALLOWABLE OF TEXAS WILL BE CUT ON FRIDAY

Crude Production to Be 875,000 Bbls., Cut of 90,000

AUSTIN, Oct. 26. (UP).—The railroad commission tomorrow will order daily oil production in Texas reduced 90,000 barrels to 875,000, it was learned here today.

Commissioners Ernest Thompson and C. V. Terrell, now in Chicago, were expected to return or to concur in the order by telegraph. They were Chairman Lon A. Smith had said "It will be necessary to cut state production 90,000 barrels, otherwise the government will act for us, which we must prevent."

PROGRAM OF FUN GIVEN BY ROTES

Under the caption "Tracking the Jaguar in the Mexican Wilds—by Dr. W. E. (Bill) Captain Frank Buck Ryan," an interesting account of a recent hunting trip to Old Mexico was given at the Rotary luncheon today by Dr. Ryan. Primitive life of natives a few hundred miles across the Rio Grande was described.

Mrs. De Lo Douglas sang a solo, using as an encore a popular number to which words fitting Rotary clubs were adapted.

Quartet numbers, including negro spirituals, were sung by Percy Minis, R. V. Hyatt, Winston F. Borum and W. W. Lackey.

Invitation from the Big Spring Rotary club for local members and wives to attend an inter-city ladies' night meeting there next Thursday was read, the majority of Midland Rotarians signifying acceptance.

Local program numbers will make up part of the entertainment. Sweetwater also will share in the meeting.

Announcement was made that guests from Stanton will speak at the next Thursday meeting of the club here, with local Rotarians having as special guests business connections or friends from that city.

Tickets on Sale For Lions Dance

Advance sale of tickets for the dance to be held in the Scharbauer ballroom Tuesday night for the purpose of raising money to supply glasses for unfortunate children is meeting with success. The Lions club is back of this drive and Dr. E. B. Thomas will make the examinations.

Tickets are on sale at the First National bank, the Scharbauer Hotel pharmacy, Midland drug, the Scharbauer cigar stand, Petroleum pharmacy and at the desk of Hotel Scharbauer.

An orchestra of seven or nine pieces will furnish the music. Dancing will begin at 9 o'clock.

10-Cent Cotton Loan at B'Spring

BIG SPRING—W. L. Burns, who farms on the A. H. Burg place two miles northwest of town raised the first bale of cotton of the 1933 crop ginned here.

Tuesday he became the first in Howard county to obtain a loan of 10 cents per pound on cotton of the 1933 crop under provisions of the Agricultural Adjustment Administration's new combination farm loan and crop reduction plan.

Young Burns borrowed \$51 at 1 cent per pound and assigned to the government one bale of cotton of 510 pounds weight to be delivered to the government by July 31, 1934. In case cotton is not selling at 10 cents per pound on that date the government will nevertheless take it at that value and cancel Burns' note for \$51.

Burns also has option on 12 1/2 bales of government cotton which he received in return for plowing up 50 acres of this year's crop. The option may be exercised and he may buy and sell the 12 1/2 bales beginning November 1 or at any time after that date until May 1, 1935.

Medics Endorse Advertising Now

CHICAGO, Oct. 26.—The use of advertising, long frowned upon by physicians as a medium of informing the public of their trustworthiness and abilities, bore the stamp of approval Saturday of the Cook County Medical society.

Action endorsing advertising, urging a reduction in costs of medical care, and recommending that scientific programs of the organization be planned to answer the needs of the general practitioner rather than the specialist, was taken at a meeting.

The society has a membership of several hundred doctors who broke away from the Chicago Medical society a few months ago.

WEATHER FORECAST

WEST TEXAS: Generally fair, cold in west and north portions tonight; Friday colder in east portion.

Plow-Horse Leaps Into Equine High Society

He's 17 years old, and blind in one eye, he's hauled a coal wagon and pulled a plow—but Sir Gilbert, horse-of-all-work, expects to get a jump on the blue-blooded thoroughbreds at New York's National Horse Show, November 8 to 14. Sir Gilbert, who has kept in form taking blue ribbons at outdoor horse shows this summer, shows you his jumping technique (right in inset) and below, how he keeps in trim down on the farm at Newton, Conn., where he is owned by Stephen H. Budd.

CURRIE VICTIM HEART ATTACK; INTERMENT FRI.

R. J. Currie, 36, of Midland succumbed about noon Wednesday in a Wichita Falls sanitarium to a heart attack. He had been carried there by members of his family for a rest following a gunshot wound received last Friday afternoon.

A pistol bullet entered his chest in front of the heart and passed out under his left armpit, without breaking the chest wall. He left a Midland hospital Saturday afternoon at 3 o'clock and went to his home in Midland.

E. Hallmark, proprietor of the old Alamo garage, made bond in connection with the Friday affair, waiving preliminary hearing.

Funeral services were scheduled for Friday afternoon, probably at 3 o'clock, at the Barrow funeral parlors. The Barrow funeral hearse left for Wichita Falls late yesterday, expecting to arrive here with the remains this afternoon.

R. J. Currie was born near Big Spring on the Currie's Glasscock county ranch October 20, 1897. He moved to Midland with his parents in 1908.

He received his education in the Midland public schools, later working on ranches and engaging in the cattle business with his father and brothers until the outbreak of the World war. He saw several months of service in the United States army.

He is survived by his wife, Mrs. F. J. Currie, a step-daughter, Miss Melba B. Baerley, his parents, Mr. and Mrs. R. O. Currie of Midland; four brothers, Jim Currie of Big Spring, Jason and Henry Currie of Midland and Lyle Currie of Balldisney; three sisters, Mrs. Margaret and Miss Joe Currie of Houston and Mrs. Claude Porter of Midland.

Numerous relatives from Big Spring and Garden City, including W. R. Currie and T. S. Currie and families of Big Spring, were expected to be here for the funeral services; also relatives of Mrs. R. J. Currie, J. L. McEllock of Plainview, Mr. and Mrs. T. A. Wilbanks of Dalhart, Mrs. Wallace Young who is visiting her sister, Mrs. Currie, and Mr. and Mrs. Vergil Winn of Hale Center.

Fitz May Engage Lawrence Tibbett For Opera Premiere

Prof. Theophilus Fitz, composer of the state opera "Tejas," Miss Erma Taylor, his assistant, and Miss Lucille McMullan, Midland student of Fitz, are in Midland today from San Antonio, where organization of the Texas Opera company has been undertaken.

The opera, "Tejas," will be given its premiere coincident with the state centennial celebration in 1936.

The librettists were Mrs. William T. McGehee and Mrs. Harvey F. Maves, both of Brownwood.

The story of the opera is that of "Texas under six flags."

A chorus now is in preparation to introduce the opera in a series of concerts. Leading vocalists of the state are being recruited for the chorus.

Possibility of obtaining Lawrence Tibbett for the premiere is being considered. Plans will be made to tour the state and cities of neighboring states.

ANGELO MOVES TO ESTIMATE COSTS OF LIGHT SYSTEM

SAN ANGELO.—On the premise that the public works administration at Washington will grant a loan for the erection of a municipally operated electric light and power plant here, the city commission Tuesday moved toward determining the cost of such an enterprise. It authorized advertising for engineering bids, to determine construction cost of a distribution system.

E. E. Lowrie, city manager, advises it would be relatively easy to determine costs of the central plant. W. F. Morris, representing the citizens' committee, produced correspondence and a telegram saying that "Colonel Clark of the public works administration advises that a grant can be made to San Angelo for electric light plant construction provided it is socially and economically desirable." The telegram was from a son, Ted Morris, who made inquiry from the PWA.

The city commission in addition accepted the bid of F. G. Rodgers & Co. at \$300 to audit the books, took no action on a petition of 46 residents protesting the proximity of a packing and slaughter house near Nineteenth and Main streets, and (See LIGHT SYSTEM, page 4)

United Press Special Story Tells How Urschel Case Was Solved by Inside Tip

EDITOR'S NOTE: By special authority of the Division of Investigation, U. S. Department of Justice, the United Press here-with presents the first three of a series of articles representing the authentic inside story of the important part federal agents played in the solution of the Charles F. Urschel kidnaping case.

By JACK HISCO
United Press Staff Correspondent
DALLAS, Oct. 26. (UP).—Acting on instruction from Frank J. Blake, special agent in charge of the division of investigation, U. S. department of justice, C. B. Winstead journeyed to a North Texas farm July 13.

Winstead, for seven years a government operative, didn't so there to act—but merely to look. With the keenness of observation that comes from long experience as a "watchdog" for Uncle Sam, he recorded a mental picture of the farm properties and of those who occupied them.

The agent returned to Dallas, made out his report, filed it away for future reference.

On July 23—just 10 days later—Special Agent Blake received a long distance call from his chief in Washington advising him of the sensational kidnaping of Charles F. Urschel, oil millionaire, at Oklahoma City.

When Blake had finished talking he stepped to his filing cabinet, extracted the Winstead report, and studied it meticulously.

At that moment armed desperadoes had seized Urschel at his home the night before and were speeding their hostage toward the very farm which Winstead had visited.

The farm was the 573-acre tract near Paradise, Tex., owned by R. G. (Boss) Shannon and his wife, now among those serving life sentences for conspiracy in the Urschel kidnaping.

How the federal agents in advance of the crime, came into possession of this information, which later proved to be invaluable in the solution of one of the major kidnaping records, can best be told by Blake himself, who is anxious to give credit where credit is due.

"I. W. Jackson, chief of detectives at Fort Worth, advised our office that he was suspicious of the activities of George Kelly and his wife, Kathryn, who occupied a residence on East Malley Street in Fort Worth," Blake said.

"Kelly did not have a fictitious record in either Fort Worth or Dallas, but Jackson was concerned about eaves on at the Kelly home. Although neither of the Kellys had any visible source of legitimate income, she drove a high-powered car, wore fine clothes and jewelry. She was known as the former wife of a bootlegger.

"He learned that Mrs. Kelly was one of our agents at Fort Worth, where he made a survey of the Kelly house and observed what Jackson's men had seen.

"He learned that Mrs. Kelly was the daughter of Mrs. Shannon in Waco county.

"So we sent Winstead to the Shannon farm."

Late News

WASHINGTON, Oct. 26. (UP).—The government announced today that it will make daily purchases of gold, although gold is expected to reach a more or less constant price figure as hiking the price daily cannot be continued.

Today's purchases were at \$31.54 an ounce, up 18 cents.

AUSTIN, Oct. 26. (UP).—Governor Ferguson today signed the special session's bill authorizing counties, after favorable elections, to adopt home rule and consolidate city-county offices.

WASHINGTON, Oct. 26. (UP).—A permanent code enforcement organization, known as the compliance division of the NRA, will be established with Administrator Johnson at the head until a compliance director is appointed, it was announced today.

The new division will be backed by full powers of the justice department and the federal trade commission.

PORT ARTHUR, Oct. 26. (UP).—W. J. Brown, 61, was two blocks for did and then fell dead today when his wife suffered a relapse from a serious illness. Physicians said the widow probably will recover.

PALESTINE, Oct. 26. (UP).—Three bandits escaped with less than \$2,000 from the Robinson State bank here today.

WASHINGTON, Oct. 26. (UP).—President Roosevelt today was recovering from an irritating cold but will spend another 24 hours in his study before returning to offices in the White House.

DUCK HUNTERS SET FOR SEASON

SAN ANGELO.—With dove hunting time about up and the duck season just around the corner West Texans are giving their decoys a lot of attention these days. Already there are many ducks on Lake Nassworthy, San Angelo, but the number is not as great as at this time last year, says Jim Flynn, game warden.

Under the federal law, which supersedes all state laws, the duck hunting season opens in this section at noon on Nov. 1. Because there was some misunderstanding of the law last year, the opening time will be closely guarded this year. The dove season closes Oct. 31.

Probably 500 or 600 wooden decoys have come out of the attic and closed in the past few days and in about a week most of them will have a fresh coat of paint and will be luring the wild live ducks to their deaths.

Open season for geese, brant and jack snipe the same as for ducks—Nov. 1 to Dec. 31—both days inclusive, but the bag limits are different.

The bag limit for ducks is 15 in the aggregate of all kinds but not more than ten of any one or of the aggregate of two or more of the following species—Canvas-back, Red-head, Greater Scaup, Lesser Scaup, Ring-necked, Blue-winged Teal, Green-winged Teal, Cinnamon Teal, Shoveller and Gadwall.

The limit on geese and brant is four in the aggregate of all kinds and possession of not more than eight geese and brant in the aggregate of all kinds. (This is a federal regulation and supercedes all state regulations.)

The possession and bag limit for jack snipe is 20.

Finds Site of First Mission

GROCKETT. (UP).—Site of the first mission established in Texas by the Spaniards, that of San Francisco de las Te, has been definitely located near the banks of the Neches river 21 miles northeast of Crockett.

The mission was erected in 1690. Discovery of the site was made by Dr. Albert Wolcott of Tyler, Tex., and Miss Adina de Zavalla, San Antonio, president of the Texas Historical and Landmark Association.

Evidence establishing the site included an old Spanish coin, the barrel of a cannon made by the Spanish government in the 16th century, and a silver engraved baton of Spanish design.

A suitable marker will be erected on the site as well as signs along the Old San Antonio road directing tourists to the location of the state's first mission.

Kick During Dream Severed Leg Tendon

NEW MARTINSVILLE, W. Va. (UP).—Odis Workman, 30, fell asleep in his parked automobile. He dreamed he was being attacked by robbers, and lashed out with a mighty kick at the nearest one.

He woke up to find his right leg through the windshield, a tendon severed.

Corn Raisers to Benefit In Government Crop Plan

WASHINGTON, Oct. 26. (UP).—The government pushed the program extending to corn the crop loan plan already applied to cotton. Emergency loans on corn in warehouses, on the basis of 50 cents per bushel for number two December corn at Chicago will be made to farmers who cooperate in the permanent reduction campaign to balance corn and hog production with demand. The interest rate will be four per cent, it was announced.

WHEAT FARMERS FAVOR SWEEPING REDUCTIONS

WASHINGTON, Oct. 26. (UP).—Secretary Wallace announced today that about 80 per cent of the wheat farmers have promised to reduce acreage and will receive federal bonus funds of about \$102,000,000 this fall and next summer.

YOUNG PEOPLE'S NIGHT ANNOUNCED

Tonight is designated as "Young People's Night" in the revival at the First Christian church. The high school will be guests of honor, and the glee club and the choral club will occupy the large platform, which has been enlarged for the occasion, the arrangement being such that the hundred singers may be seen as well as heard. This group will be heard in both readings and songs.

The evangelist will speak on the subject, "Associates and How to Choose Them." Mrs. Cole will be heard in a special number. Concerning the revival, the pastor, the Rev. E. B. Chancellor said:

"Splendid interest was manifested in the revival last night. Evangelist Cole preached on the subject of 'Godless and the Profitableness to It.' Martha Chancellor sang 'How Sweet the Name.' Miss Elma Graves and Mrs. Cole also rendered a special number, 'Songs Our Mothers Sang.' Sunday school classes and mothers and daughters were guests of honor.

Announcements were made last night relative to the running series of the revival special program. Tomorrow night the junior high school will occupy the large platform and render special program. Children in Mrs. Cole's Booster choir will render a splendid and impressive special program Saturday night. Sunday will be a home coming day, with three special services and basket dinner at the room house. Guests from Big Spring, Odessa, Andrews and other communities will be in attendance.

Mayor Proclaims Oct. 27 Navy Day

The United States navy recruiting station at Abilene Thursday forwarded to the mayor of Midland a request that a Navy day proclamation be issued, and in conformance with the request the following proclamation was issued:

Whereas, Friday, Oct. 27, has been sponsored by the navy league and the navy department as Navy day; and

Therefore, I, as mayor of the city of Midland, desiring to take special notice of this occasion, do hereby proclaim the 27th day of October to be set aside as Navy day by the people of this city.

Leon Goodman,
Mayor of the city of Midland.

Apology Ends Suit Over Modern Book

LONDON. (UP).—The age of chivalry is not dead, and women's honor is still unassailable. Imagine the feelings of Miss Taylor, of Worcester, when she received a booklet on birth control from a well-known London drug store. The store said they sent it at the request of Charles Bullt, also of Worcester.

Now Bullt and Miss Taylor worked for the same concern, and he was highly incensed when she faced him, not only at the insult to her, because he never had asked the druggists to send the booklet.

So Charles took the druggists to court on a suit for damages for libel. The case was settled satisfactorily when the druggists explained that it was all a practical joke by some person who had written the druggists in Bullt's name, and who had now apologized to Bullt, Miss Taylor and the druggists.

"He seems to have a strange idea of humor," drily remarked the judge.

SCOUTS TO MAKE HIKE

Courts of Troop 54 will leave the scout house by truck at 4 o'clock Friday afternoon for an over-night outing at Moss Springs, Howard county. They will return late Saturday, according to Buster Howard, scoutmaster.

Howard has conducted his troop to the Howard Springs twice before.

Mt. Vernon Slumps As Tourist Magnet

ALEXANDRIA, Va. (UP).—Mt. Vernon, the home of George Washington, seems to be losing its drawing attraction.

From May 1 to Aug. 31, 1931, some 230,122 persons visited the historic spot. During the same period in 1932 a total of 239,059 viewed it, but in the 1933 period only 165,910 people came, according to figures compiled by the Alexandria chamber of commerce.

Because of improved roads leading to Mt. Vernon, officials had expected that the number of sight-seers this year would be greater than ever before. "Economic conditions" is the only explanation they can offer for the falling off in attendance.

TWO FUGITIVES ALLEGED PART OF SEAY GANG

One Prisoner Falls When Blanket Rope Breaks

GREENVILLE, Oct. 26. (UP).—Ralph King, 19, and Jack Stewart, 25, inmates of the state prison, held here awaiting trial for burglary and robbery; Bill Ross held for Delta county officers, and Frank Donohay, charged with forgery, escaped from the Hunt county jail today, leaving Denver Fitzgerald, charged with forgery, injured when a blanket rope broke.

Fitzgerald was on guard over Cloud Dudding, night janitor of the court house, who was bound, gagged and severely beaten with iron bars. Stewart and King were alleged to be members of the Dago Seay gang of hijackers held responsible for theft of thousands of dollars in merchandise from Texas trucks and warehouses.

It was believed the escaped prisoners boarded a westbound freight.

Traffic Observance Is Asked by Council

Park inside the white lines. Come to a full stop at stop signs. Observe something. We want these three orders issued Thursday by the city council. Police are prepared to enforce the orders.

The council appealed to residents to cooperate, and appealed to parents to encourage the cooperation of their children. The councilmen pointed out that their only motive in asking people not to speed, to park inside the white lines, and to stop at stop signs is to protect the people themselves.

"It's no pleasure to us to ask people to observe traffic laws just to be observing something. We want these traffic laws obeyed just like any other citizen ought to want the laws obeyed for their own protection and the protection of their neighbors and friends," a spokesman said.

Recently, because people have failed to stop at stop signs some serious accidents have been barely avoided. Some day, officers say, at a stop sign will kill or cripple somebody then a life of regret, and probably a heavy damage suit will follow.

Million a Day IN LOANS MADE

HOUSTON, Oct. 26. (UP).—A. C. Williams, president of the Federal Land bank at Houston, announced today that loans are being made to Texas farmers at the rate of more than \$1,000,000 per day, the farmers using a large part of the money to finance mortgages.

During the past fortnight, 4,273 applications totaling \$12,500,000 have been approved by the bank and the federal land bank commission.

Litvinoff Sails For U. S. Today

LONDON, Oct. 26. (UP).—Maxim Litvinoff, Russian foreign minister, was planning today to sail for America on the Rex or the Bremen, both of which will arrive at New York before November 10.

On his arrival in New York, Mr. Litvinoff will discuss recognition of the Soviet government and trade relations with the United States.

Lascars Take Their World with Them

HOUSTON. (UP).—However far away they roam from their native India, the Lascars take their world with them, according to George Thomas wireless operator of the SS. City of Worcester.

Habits of the Lascars were discussed by Thomas as he sat under an awning on the boat deck of the City of Worcester, loading cotton here. As he spoke the brown-skinned men washed their bodies on the foredeck, unconscious of the stares of dockside watchers.

Lascars, who are Mohammedans, are used on many British ships in the Far East trade for deck and engine room work.

In each crew there is a man among them who is a priest, and another who is their special cook. No infidel can touch their food.

"This is a fanatical religion," said Thomas. "It even governs the kind of food they shall eat and how it is killed and cooked.

"Take their meat for instance. It must be killed according to the ritual to purge it of all impurities and cleanse the eater from sinful practices. The priest will hold a goat by the ears and pray, while the bandara, or cook, will plunge a dirk into its throat.

"Then the goat is allowed to run about the deck until it falls."

The City of Worcester carries about 35 Lascars. At their head is the serang, corresponding to the boatswain.

FLAPPER FANNY SAYS

A girl with all-embracing ideas needs to get a grip on herself.

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything.)

I know an old maid here in town who said she would be so glad to get a husband that, if necessary, she would have the living room papered with sand paper so he could light his pipe anywhere in the room with convenience.

The talkative man over on Wall street remarked yesterday that he likes short sermons, short winters, short nails and short skirts.

Hips hips, hooray for Mae West. She is bringing back popularity of curves on women.

A young man hired out on a ranch to learn how to be a cowboy, but he soon came back saying all he got was the boot.

Doesn't it grieve you to have some fellow give you a flock of lodge grips and then slip you a rubber check?

When asked why he was driving so cautiously through the Midland traffic, a local man said he had just finished paying for his car.

The Rockefeller report on prohibition.

REASONS FOR BUYING NOW

By H. I. Phillips in the New York Sun.

Money makes the nightmare go. Buy now! Whatever you spend will be a contribution to your own welfare.

Spending a dollar today may hurt a little but it will make spending \$5 practically painless in a few months.

Don't say "Oh, that's just another slogan!" You'll only be like the doughboy who decided bugle calls were too monotonous to answer.

It's all right to be thrifty but you can't keep America flat on her ears by over-doing it.

You all cheered for recovery, who did you expect was going to do the work?

Why say you can't afford it? When your house is burning down would you hesitate to put a nickel into the pay station to get the fire department?

You'll hear the old scoffers brigade saying that the recovery drive can't work, but the fellow who tries to belittle a movement like this is like the man who stands by a sinking steamer in his yacht and criticizes the way the sailors are handling the lifeboats.

Never mind singing the National Anthem; go on out and spend a little dough. It looks more sincere.

Flag waving is okay, but nobody ever balanced a budget that way.

If you cheered when the New Deal was first proclaimed and you balk at going on a little spending bender now, what role are you hearing for, patriot or kibitzer?

That hat looks phoney anyhow and if your suit gets any higher polish on it you can use it for a shaving mirror.

For once in your life surprise the little woman by telling her you are tired of her in that fur coat.

Don't say "Look how higher prices are now than they were six months ago." (Unless you were satisfied with conditions six months ago.)

It may be the root of all evil, as the philosophers say, but there never was a time when the country needed more rooters.

The trouble with the average shopper is the same as the trouble with the average golfer; he is too tight.

Don't wait for the other fellow to do the spending; he's waiting for you.

Ten thousand wooden 25-cent pieces will be retired as currency at Aberdeen, Wash., next July; the wooden coins were used locally for money.

Lowe, Gibson Have Leads in Picture Showing at RitZ

Spiced with clever dialogue, loaded with dozens of highly effective dramatic and humorous situations, and boasting a top-notch cast, "Her Bodyguard," a Paramount picture, produced by E. P. Schauberg, shows today and tomorrow at the RitZ theatre.

Edmund Lowe and Wynne Gibson carry the principal roles, supported by Edward Arnold, Johnny Hines, Marjorie White, Alan Dinehart, and Fuzzy Knight. "Her Bodyguard" starts out on the double-quick, and from fade-in to finish its fast and furious tempo never slows down. It is a spicy, speedy, thrill- and laugh-jammed story of a rough- and ready bodyguard whose only job is to play guardian angel to a beautiful Broadway actress. The action takes place on the most famous street in the world, New York's Broadway, and all its glamour and pathos and excitement are brilliantly woven into the plot.

Wynne Gibson, a Broadway star, is playing Producer Alan Dinehart, against Millionaire Edward Arnold. Arnold hires Detective Edmund Lowe to keep Wynne from being alone with Dinehart. Lowe, however, turns the tables on both admirers by getting along famously with Wynne, who detested him in the beginning. Wynne gives Lowe the slip to go off with Dinehart, is robbed of her jewelry and Lowe is convinced the hold-up is merely a frame-up on him. He recaptures the jewels, returns them to Wynne, huris a few unpleasant remarks and stalks majestically away. Wynne, thoroughly in love with him, is heartbroken then and decides to make her bid for her man. What follows is better in the seeing than in the telling. The only thing to be said is that you'll be agreeably surprised at the brisk finale.

What this world needs is not a war to end war, but a peace that will end war.

PERSERVANCE

BRENNHAM—Five years a 4-II club boy and five years without ever raising a crop of corn of less than 80 bushels per acre, yet always beaten by some other Washington county club boy is the proud record of defeat of Fred Winkelman of Salem community. But this year it was different, says C. Hohn, county agent. Fred grinded his teeth, raised 186 bushels of corn on two acres and was one of three boys to win a trip to Dallas. Next year he will be club leader for his community.

Naomi Class to Feature Grab Box At Halloween Party

A benefit grab box will be a feature of the Naomi class annual Halloween party Monday evening at 7:30 at the court house. Each member of the class will bring a package to be placed in the box and will also pay ten cents for a package drawn from the box.

Mrs. Bernard T. Westerman is general chairman of the affair. She will be assisted by the following committees: entertainment—Misses Myrtle Miller, Hester Williams, Lucille Cole, Lois McWilliams, Lottie Estes and Mammie Bell McKee and Mrs. E. A. Hoffman; decoration—Misses J. S. Schow, T. A. Cole and E. T. Meaden and Miss Laura Jes-sie; refreshments—Mmes. Westerman and H. N. Thompson, Misses Drotha Johnson and Mollie B. Bagley; invitation—Mmes. A. E. Horst, Carl W. Covington, A. P. Baker and R. J. Walker.

HELPFUL HEALTH SUGGESTION

CARE OF THE TEETH

By M. Elizabeth Wilson, County Health Nurse. The mouth being the entrance to the body is of great importance and should be amply protected against harmful forces—disease germs that develop in the mouth, especially in bits of food that cling to the teeth. Cleanliness of the teeth requires daily care. Proper food is essential for good teeth.

- The following rules may be followed to build and maintain good teeth. 1. Give your child a variety of foods which will include building foods, fuel foods, and protective foods. 2. Help children to form good habits from the early age of six. 3. Let common sense rather than the latest fad be your guide. 4. Lighten your labor by giving the child wholesome dishes that the entire family enjoys. 5. Cultivate simplicity in child's wants. 6. Tomato juice and sauer kraut may be substituted for the more expensive orange juice. 7. Make mealtimes merry for laughter aids digestion. 8. A quart of milk a day. 9. Brush teeth three times daily. 10. Visit the dentist regularly. Teaching is a natural part of a baby's growth and if the baby is fretful it may be due to some other cause. Do not be alarmed if the baby is late in getting its teeth. Food may be the cause of illness. Clean the baby's teeth until it is old enough to use a brush. Contrary to old-fashioned ideas,

Personals

Mr. and Mrs. W. R. Mann left Wednesday to attend a workers conference at Fort Davis. Mrs. Mann has been invited to sing and Mr. Mann will deliver an address.

For expert teaching in the art of beauty culture, phone 307 for particulars about the Scharbauer School of Beauty Culture. (Adv.)

Oil scouts here for check meeting are J. N. Gregory, C. A. Hill, Joe Clingan, J. C. Cunningham, James R. Day and W. F. Brainerd of San Angelo and E. M. Cline of Hobbs.

Students wanted for the Scharbauer School of Beauty Culture; from 6 to 8 p. m., by Mrs. Nelson and Mrs. Johnson, Phone 807. (Adv.)

R. P. Heren, cattleman, has returned to his home at Denver, Colo., after transacting business here for three days.

E. B. Prince, oilman from Waxahatchie, is a business visitor in Midland today.

Graduate students can pass the state board of examination after the thorough course at the Scharbauer School of Beauty Culture, Phone 807. (Adv.)

Mr. and Mrs. G. R. Brumley and granddaughter, Revis Brumley, of Hobbs are visiting here today.

Join the Scharbauer School of Beauty Culture NOW. Each day from 6 to 8 p. m. Phone 807. (Adv.)

Mrs. W. M. McKnight and son of Odessa are visiting friends here today.

Miss Polly Porter of Snyder is visiting her sister, Mrs. Bob Preston.

The baby teeth are very important since they prepare the child's food for digestion for a period of some twelve years. Their care also affects the shape of the face, the normal eruption and position of the permanent teeth, which replace them.

Story-telling for Country Children Fine Arts Project

The Fine Arts club Wednesday afternoon voted to sponsor story-telling to children in the various school districts surrounding Midland. Members of the club will visit the schools with Miss Marguerite Hester, county librarian.

At the meeting held at the Alder: Donnelly home, Mrs. George T. Abell was elected delegate to the state federation at Austin to support Mrs. Volney Taylor, candidate for state federation president.

Mrs. T. P. Barron began the program with the reading of a paper on "Pre-conquest of the Texture (Mayan, Toltec and Aztec)." Mrs. J. Howard Hodge discussed sculpture in stone and wood and Mrs. John Shipley read a paper on early forms of painting, discussing the pre-conquest in frescoes and colonial primitives including miracles.

Mrs. Abell gave the current topic of the day, telling of the unrest in Germany.

Out of the SCRUGGS DAIRY MILK BOTTLE

COMES FOOD VALUE

The United States Labor Department suggests that if the food budget is limited twenty-five to thirty cents out of every dollar expended should go for milk or its equivalent. That is because milk contains practically every element necessary for health. And the milk should, for greatest return, be of the fine, unvarying quality in Scruggs Dairy milk.

PHONE 9000 For That Good

FOOTBALL SKETCHES

BY R. C. HANKINS

How is Midland being pointed for the Saturday afternoon game at Wink? The last two afternoons have been given over almost exclusively to defensive drill. We learn Coaches Barry, Lingo and Henderson realize that Wink's record of 20 consecutive wins on the Winkler grid makes for a psychological problem as great as if Coach Johnson's club used an extra man in his starting lineup. The Bulldogs, while showing a bit more defensive strength in the Colorado game than in that played against Big Lake the week before, still presented a ragged defensive appearance. It is generally conceded that Wink has the scrappiest club, either B or C class, in this immediate neck of the country, and a strong defense must be set to oppose that club by any team hoping to wrest a win from it.

Indication that "a good offense is the best defense" is subscribed to as a logical grid tenet is found in the offensive drill this week. We should not be surprised to find the air full of footballs at Wink—not all of them crumpled by Coach Johnson's lads. If Gordon Jones is charged with pegging the oblate spheroid most of the afternoon—and that does flip it—we've more than a hunch the Bulldogs may win. Seriously, however, we doubt if a straight running game, or an of-

fense chiefly featuring a running game, would dent the Winkieries. With an offense made up chiefly of passes, intermixed with smart line and sweep plays, we believe Midland, with some good kicking, could win. Wink demonstrated mediocrity in its kicking game last week against Stanton. Capt. Epley of Stanton, a quarterback, easily out-kicked Wink all afternoon and Bridges, 156 pound fullback, went down under punts with such savagery that the Winkler safety wished he were home listening to the radio. Despite the fact Stanton offered little or no threat with running plays, and could not get places via aerial heaves, Epley's kicking and Bridges' tackling kept Wink from scoring more than 12 points. This is even more unusual when it is considered that Wink made more than 400 yards from scrimmage—and held Stanton to a lone first down.

They're already speculating on the chances of Sweetwater vs Sweetwater when TCU and Texas university play in 1934 through 1936. Red Sheridan and Sam Baugh are on the opposing clubs at playing all stars on the Sweetwater district championship eleven two straight years. Baugh is the best backfield prospect the Purple has enrolled in this season. Sheridan has created a sensation in the Texas freshmen backfield.

Sheridan is called in headlines at Austin "Red" Bohn Hilliard. Some intrepid sports scribes are already hailing him as a better man all-around. He scored four touchdowns against the 9th infantry of San Antonio last week, and has run wild in every game he's played. They are not a "potential" star; he already IS a star. Here's the way one of the Austin newspapers started its last story:

"This is a story about a carrot-topped freshman out at the university. His name is Red Sheridan, and he had the stands standing for him as the frosh gridders romped, ripped and tore over the Ninth infantry of Fort Sam Houston, San Antonio, in the amount of exactly 46 points to none at Memorial stadium Friday afternoon.

"If somebody happens along and says this Sheridan fellow is a potential star, correct him. Sheridan already is a star. There was no stopping him. In pile-ups at center or anywhere along the line, when it looked like no gain, in a split second a wondrous Sheridan dodging, swaying, tearing loose from the very clutch of a husky Doughboy, sidestepping a couple of others and tearing down the field for what might have been an average of nearly 15 yards to the play.

Sheridan Breaks Loose

"He of the flaming top started displaying his wares on the first play of the second quarter when he broke loose for a touchdown. When a penalty for clipping sent the frosh back 15 yards, again Sheridan advanced to near the goal on a 25-yard dash, running over, in and

around every man of the opposition. The frosh lost the ball on the one yard stripe. Olivia blocked a punt and recovered behind the line for a touchdown. The try for point was good. Red snagged an Army pass and raced 25 yards for a score. The point was made. Red, after a long punt had placed the ball on the 12-yard line, tore across again. And so on into the night.

In the meantime, Sammy Baugh, greatest passer the district ever saw, has been passing and kicking TCU's freshmen to victory. Not even the great Scott McCall, last year's all-state man from Masonic Home, showed anything like the Sweetwater sensation. Baugh was responsible for every point made against Texas Military at Terrell. When he couldn't pass for a score, he showed the mighty McCall some hinged hip action that was the despair of the Cadets.

Some comparison of the strength of next year's Texas U. and Texas A. & M. teams may be balanced after A. & M.'s freshmen play the 9th infantry this week and Texas freshmen, with Sheridan pointing the way, scored a 46-0 victory. What will the Aggie freshmen do? Incidentally, a great football quarterback, Cack Wyatt of Abilene, is leading the Aggie frosh.

One of the best football stories being bruited about the Texas Aggie campus this year deals with a girl attending this week-end football game. "What," she asked her escort, "are they trying to do out there?"

Hoping to squash her with a single answer, the man pointed out the goal line and said: "Why, they're trying to push the ball across that line."

Apparently satisfied, the girl watched the game for another minute, but then, with a puzzled, puzzled frown, she asked another question. "If they want to do that," she said, "why don't all twenty-two of the men get behind the ball and help push it across?"

Grady Gowdin, hefty sophomore from Lometa, is building a reputation around the Texas Aggie football camp as a gridiron specialist in place kicking, and, as a result, usually can be found in the Cadet lineup if there are any place kicking duties to perform. To date this season his kick offs have averaged about sixty yards. And his accuracy equals his distance, for he has placed kicked three extra points in three attempts.

From Tom Beasley of Big Spring: While the fur starts flying in District 3 this week-end and Obe Bristol and George Brown are hoping the Bobcats don't stomp the Steers, "Slime" Hill takes his McCamey Badgers to Sweetwater for a conference scrap and Colorado plays St. Joseph Academy of Abilene in a non-title bout.

Hennig expects to have the majority of his Pony stars back in line and ready to make a clean sweep of their initial title. McCamey, the weakest eleven in the sector, doesn't even hope to make much of a showing against the champs.

Jim Cantrell's Wolves drew a little more attention the past week by rolling up a 64 to 6 victory over the Midland Bulldogs. Stagner continues to be the star of the Wolves.

Directly above the trade winds are the anti trade winds, which always blow in the opposite direction.

BARKS AND GROWLS

By KAY NINE

More stories:

MY NEIGHBOR'S DOG
Nancy Lee Goodman, 3rd grade, Jr. H.

This dog's name is Boots. He is brown and fuzzy. He drinks milk. He is very cute. He likes to play with me. I swing him. I just love him. He stands on his hind legs. I wish I had him.

THE STORY OF MY DOG
Doris Blackburn, 3rd grade, Jr. H.

My dog's name is Happy. He is a pretty dog. His tail curls over his back. His hair is curly and he has short ears. He has a black spot on his back and on his ears, and one on the end of the tail, and on each leg. He is a pretty dog, although he is mean.

I named him Happy because every time we come in from school he nearly takes the books out of my hands. He chases rabbits and eats them and gets it all over his face. He looks funny then. He barks at people and will hardly let them in the house in the morning and wakes me up.

THE DOG
A. C. Hallmark, 3rd grade, North Ward

Once upon a time I had a dog. My dog's name was Billy. My dog had a short tail. He would follow me to school. He would come when I would call him. I fed him butter, milk and a little bread. I took good care of him, too. When he goes away, he comes back.

My dog was white with brown spots. He liked to play with a ball and with other dogs. I like to play with him, too. He likes to run after cars. He will do tricks, too. He is two years old. He can play ball with me. He can run races. He can run faster than I can.

My dog can do many tricks. I can throw a stick and my dog can run after it.

A DOGSHOW
Lou Nell, 3rd grade, North Ward

Once there was a dog locked up in a house with a little girl. While her mother and father went to fight a forest fire.

The dog began to smell smoke. He went to the window. He took the little girl by the dress and jumped thru the window.

THE LIFE OF TRIXIE
Kenneth Lee Hallmark, North Ward

It was very cold. It was the night that Trixie was born. Dec. 5th, 1922. Trixie was not like all dogs. Almost every dog has a tail that is long. But Trixie did not have a long tail. He had long hair. He knew tricks. He was one of the smartest dogs I ever did see.

A cat had four kittens. When Trixie was a little dog our cat took care of him. One day he went hunting and saw a rabbit. Trixie began to run after the rabbit and that was the last I saw of him.

PRINCESS AND PRINCE
Jimmie Harper, North Ward

I know a dog that will let you put a rope on his collar and he will pull you. You can ride him, too. He is big and black. He looks like a big bear. His mother is as strong as a person but she will not let you ride her. I tried, and she ran for a tree and rubbed me off.

The mother's name is Princess and his name is Prince.

FIRE LOSSES DOWN
SALEM, Ore. (UP)—Fire losses in nearly all Oregon cities were less last year than in 1931, the fire marshals reported. Some 35 Oregon cities made additions to fire fighting equipment during the last year.

Black and orange cardboard for Halloween at The Reporter-Telegram. (Adv.)

Poet Laureate of Texas was Known Early for Works

BEAUMONT (UP).—Alma Trip-lett Michaels, new poet laureate of Texas, is a middle-aged, gray-eyed woman with dark unbobbed hair who lives in a two-story house on the edge of this city.

She received her first recognition at the age of 20, when a series of poems known as "Songs of the Ozarks" were printed by the Kansas City Star. Later she came to Beaumont to live and the Entrepeneur and Journal began printing her work. Her father was a newspaper editor.

Since 1919 she has written a daily poem for the King Features Syndicate, and how to catch the dead-line is her greatest worry.

She is a native of St. Louis. She has published several books, the best known of which is "Conquering the Wilderness," a tale of pioneer life. She is the author of a poem named poet laureate by a jury of Texas men and women of letters who were given excerpts from work of 25 poets. She succeeded Judd Mortimer Lewis, of the Houston Post staff.

THE OLD AND THE NEW

The old and the new in conducting examinations of students forms the basis of Joe Taylor, "State Press," in answering in The Dallas News an editorial published recently in The Reporter-Telegram.

The time is not remote when the object of examinations after courses of study was chiefly to find out the student's ability to remember facts, names and theories. A significant change appears in a form of examination reported from the University of Chicago. There a topic which involves different opinions is given the student and his immediate business is to think about it aloud, his thoughts being taken down in short-hand as they come, and his "mark" determined by the way he thinks. If a student reminds the examiner of poet Dibdin's jolly waterman who "rowed" along thinking of nothing at all he will get a low mark.

Answered Joe Taylor: Those of us who went to school when we got our instruction from textbooks with the teacher helping us over the hard places, didn't do so very well. But no doubt we did better than we would under the system mentioned by the Midland contemporary. If the new way is a sort of debating school it isn't as original as it may seem. In the old-fashioned book-studying days there was usually a debating society in connection with the school. Debating wasn't compulsory, but the exercises were usually held at night, when the students were not studying. It used to be a perennial problem as to which was the more destructive, fire or water. The thing never was settled, except usually it was agreed in the finality, that the wrath of God could wreak as much havoc with water as with fire, or vice versa.

In the debating society, the student was graded according to his eloquence or mental dexterity. Debates were extra-curricular. They were no part of the school, and the teacher didn't have to attend. The way a youth thought on a given subject was not considered important. What he could do with an arithmetic or a geography or a grammar was the test of his capacity.

(Continued from page 1)

passed two resolutions. The first cleared the way for the state highway department to proceed with construction on Avenue K near adjacent to the Lone Wolf bridge, and the second provided for furnishing tools and equipment needed by the county relief administration in the alley and street clean-up campaign this week as a work relief project.

Lowrie advised the commission that the citizens committee recently named had concluded its work with the exception of compiling the cost of a power plant, and that engineering figures would be necessary to present request for a loan to PWA. He said he had communications from four reputable engineering firms, who desired to have representatives here at any time bids are opened.

\$2.53 FOR 71

LUBBOCK—A return of \$2.53 for every dollar's worth of feed his herd of 22 Holstein cows consumed last year is reported by W. M. Bolton, dairy demonstrator for Becton Community, Lubbock county. The herd averaged 311.2 pounds of butterfat per cow, the average feed cost of which was 6.4 cents per pound. The ration consisted of whole grain sorghum bundles and wheat pasture. His total net profit for the year was \$427.11 from the herd. The highest production per cow was 10,161 pounds of milk and 370.3 pounds butterfat, and the lowest cow gave 555 pounds of milk and 192.3 pounds of butterfat.

The records were kept in cooperation with N. R. McClain, assistant county agent, who comments that it took good cows, a cheap ration and high production to get any profit at all during the last year.

WELLESLEY, Mass. (UP).—The Babson Institute has a course in job-hunting for unemployed men, with a guarantee that tuition will be refunded if on completion of the course the "student" fails to find work.

NEW PASTURE IS RICH

DANGERFIELD—A 20-acre mass of briars, willows, weeds and other undergrowth is paying greater dividends than any other land on the farm since it has been improved into a permanent pasture, says H. C. Cole, Morris county farmer living near Cason. During the first nine months of this year this pasture saved him \$400 worth of feed, he reports to W. G. Ralph, county agent, who has helped him with the demonstration.

During the dry hot months of June and July the pasture furnished abundant grazing for 32 head of cattle, horses and mules. Summer rains made it necessary to mow the pasture to keep the grass and clover tender for grazing. Mowing twice a year, once in June and once in August, has been a big factor in the success of the pasture, says Mr. Ralph.

Bermuda and carpet grass and Carolina clover were native in the field, and Mr. Cole sowed in addition bur clover, hop clover, Koba Korean and common lespedeza, black medic and dallis grass.

Baltimore, Maryland, was incorporated in 1745.
