F. D. ICKES WHY HE CAN'T ITEMIZE

Record-Breaking Cold Weather Grips Part of Nation

Misses Trial

Although her sister, Mrs. Charles A. Lindbergh, and her mother, Mrs. Dwight Morrow, are daily confronted with the terrors of the Hauptmann trial, Constance Morrow (above), youngest daughter of the late aviator, is busy with college activities. She is pictured here in Washington, D. C., where she attended a meeting of Smith College alumnae.

WORST SNOWSTORM IN TWO DECADES FALLS IN NORTH

Ten Persons Die in a Storm Centered at Philadelphia

The weather man missed his guess for Midland and this section of West Texas for last night when warmer weather was forecast. The low temperature last night was 25 degrees, with the thermometer at 42 degrees at 9 o'clock this afternoon. The low Tuesday night was 27.

A general rise in temperature is forecast for the north and east portions of West Texas tonight, with cloudy weather prevailing Friday.

(By Associated Press)

A storm-ridden nation, counting nearly a hundred weather deaths today, can now see relief ahead. However, many Northern and Southern states remain in the grip of the season's worst weather.

There is a promise of relief in the Midwest, where cold records of 50 years' standing were broken.

The worst snowstorm in two decades is gripping Philadelphia and 16 inches of snow had fallen in New York City at midnight. Ten persons died in Philadelphia.

From 400 to 1,000 persons are believed to be clinging to roofs and tree tops in the flooded areas around Sledge, Miss. Fourteen deaths have been attributed to the Southern floods, which added to the nation's record-breaking winter fatalities.

Texan Fashions

Device for Radio Photo Transmission

AUSTIN.—The genius of a former University of Texas student is responsible for one of the latest developments in radio, a facsimile device for radio transmission of photographs, documents and other papers, recently announced by the Radio Corporation of America.

Dean T. U. Taylor of the University College of Engineering has just learned that this astonishing piece of electrical equipment was fashioned by Maurice Artzt, who obtained his bachelor of science degree from the University in 1925. It is the work of Artzt and Mrs. Charles Artzt of Tyler.

Artzt, after leaving the University was awarded a research scholarship with General Electric Company at Schenectady, N. Y., according to Dean Taylor. It was only a year later that C. J. Young, an engineer with General Electric Company, conceived the idea that a system for transmitting facsimile reproductions by radio might be possible. He sought a talented young engineer to develop it for the company, and drafted young Artzt, who had the matter of science degree in mathematics and electrical science from Union College at Schenectady.

The new device which Artzt invented was described by President David Saroff of the Radio Corporation of America as "epoch-making" in the history of wireless transmission. It is described as follows:

"Two of the machines were especially devised to meet the problem of instantaneous wireless transmission of newspapers or other material of a like nature; a third presented a new approach upon tape transmission for the wireless distribution of financial reports, sports service or other specialized material. Pictures were reproduced by wireless at the rate of one inch per minute while the tape transmitter carried a service at the rate of 70 words per minute.

"The multiplex radio transmitter offered the publishers a news report filed direct from the London office of the Radio Corporation to radio City at the rate of five words per minute. All of the machines were presented as the latest development in wireless transmission. None were offered as ready for immediate commercial production although all are to a large degree completed."

State Rests In Lindbergh Kidnap Case at Flemington

Swastika Brings Germany Luck in Saar

The Nazi swastika dominates the Saar without question as a result of the plebiscite. The victory sweep surprised even Nazi leaders who arranged the tremendous demonstration of strength at Saarbrücken pictured above. The 100,000 votes brought from all parts of the Saar for the rally stood in a whirling snowstorm at salute while Storm Troopers marched in review.

Stops Overnight in Midland

General John J. Pershing

GENERAL PERSHING AND PARTY SPEND NIGHT IN MIDLAND AT SCHARBAUER

Midland was honored once more by an over-night stop of General John J. Pershing, America's World War leader, accompanied by his sister, Mary Pershing, and Master Sergeant and Mrs. Robert C. Shafer, being guests at Hotel Scharbauer.

In a short interview, Pershing stated that he had been looking forward to this short visit to Midland. He added that he made many warm friends during his stay of about 10 days here in February, 1933, at which time his brother died in New York. The General was confined to his bed several days during the 10-day period from a slight ailment.

Many Midland friends visited the party last night. The General is en route to Tucson, Arizona, for a vacation of approximately two or three months. "Anytime of the severe end of the north and east is gone," he said. "Every one in the party is in excellent condition, both in spirit and body and we are looking forward to a pleasant stay in Arizona."

The group arrived here at 6:30 last night and left about 9 o'clock this morning.

CONGRESS WANTS TO KNOW HOW ALL WILL BE SPENT

President Explains The Necessity of Emergency

WASHINGTON, Jan. 24.—(AP)—A congress embroiled over the issue of appropriating lump sums of cash for presidential allocation, was told today by President Roosevelt that it is "clearly impossible at the moment to itemize a four billion dollar relief program."

This news, white house opposition came in the face of a determined movement in both parties to say in detail how the funds shall be spent.

Roosevelt added that "it is only because of the current emergency of unemployment and because of the physical impossibility of surveying, weighing and testing each project that segregation of the items was clearly impossible at this time."

Ickes Won't Handle It

The way was smoothed somewhat yesterday by the Democratic leaders by definite assurances from the white house that Secretary Ickes would not administer the new work relief fund. Ickes' strict policies in handing out FWA funds has caused much delay and has been frequently criticized.

Nevertheless, several stalwart Democrats, including Representatives Bulwinkle of North Carolina, Driver of Arkansas, and Conner of Massachusetts, joined Republicans in attacking the measure's vast delegation of power to the president.

They served notice they would propose amendments today to further curb the delegation of authority still retained in the measure.

Conner plans to demand the prevailing wage be paid instead of the \$50 a month contemplated for the 3,500,000 men to be transferred from the dole to work relief.

Finish Fight

Democratic insurgents, still discontented with the measure, set themselves for a finish fight tomorrow.

Meanwhile, Speaker Byrns and his chief aides carried out their compromise proposals. They brought in a liberalized "gag" rule that was finally adopted by a vote of 249 to 146. More than two score Democrats sided with Republicans and ten Republicans with the Democrats.

Still yielding to insurgent demands, the house appropriations committee adopted amendments it will submit to the Senate. Public Works administrator Ickes and otherwise curbing presidential authority.

RELIEF LABOR TO BE USED ON NEW HIGHWAY PROJECT

Local relief labor will be used on the construction of the new highway from Midland to Andrews county, it was revealed this morning by county officials.

This employment will be handled by the local relief office the same as it is on the construction of Highway No. 1.

The designation of the new highway came from the State Highway department and will be paid for from state and federal funds. Midland county will procure the right-of-way.

It is not known when actual construction will start, but it is generally believed that it will be a matter of only a few weeks. Midland County Commissioners are set and ready to go, the County Judge said this morning.

Dallas Mechanic Joins Scroggs Co.

F. M. Lewis of Dallas has come to Midland to be associated with the Scroggs Motor Co. in the mechanical department.

Lewis has been working for Chrysler-Plymouth dealers in Dallas for several years and is an experienced mechanic. R. D. Scroggs said this morning.

Mrs. Lewis and their three children will come to Midland as soon as living quarters can be obtained.

English-Born Pianist Will Play at Abilene

ABILENE, Jan. 24.—Harold Bauer, pianist of international reputation, will be presented by the Hardin-Simmons University Artist Course in concert in the university auditorium, Tuesday night, February 5. This will be the first and only visit that the eminent pianist will make to West Texas this year.

Although an Englishman by birth, Bauer is a naturalized American and has appeared in concert throughout the United States and foreign countries.

Wants Thieves To Identify

Former District Attorney R. W. (Bob) Hamilton wants somebody to identify a five-gallon gas can and a rubber tube that were left close to his car last night when he suddenly went out of the house to surprise the would-be "siphoners."

The fact of the business is that Bob didn't have any idea that somebody was about to relieve him of the gasoline. He just had a wild notion to go to town and that's what scared the prowlers away.

Anyway, Bob is generous enough to return the can and hose, if they are properly identified.

JUDGE RANDALS KILLED IN AN AUTO WRECK YESTERDAY

Word was received in Midland this morning that Judge Ben Randals of Pecos was killed in an automobile accident near Kent yesterday.

Randals, at the time of his death, was FWA administrator for Reeves county and was referee in bankruptcy for the Western District of Texas.

He was well-known here, having been a practicing lawyer in Midland at one time and district attorney later in the old district. He made many trips to Midland while he lived in Pecos.

Details of the accident were not known here, nor were funeral arrangements known.

JUDGE RANDALS PROPOSED BILL WOULD MAKE PIPE LINES UTILITIES

AUSTIN, Jan. 24.—(AP)—Bills were introduced in the house today to declare pipe lines as public utilities and divorce gas transportation companies from producing corporations.

Another bill was introduced that would give power to the railroad commission to enforce proration among producers, rateable taking by pipe line companies and determining a fair price for gas.

AUSTIN, Jan. 24.—(AP)—Consideration was started in the house today of a bill to establish a state planning board, which Governor Allred regards as the basis on which state recovery should be founded. Debate was started after house rules were suspended.

Miss Dobbs Resigns; Will Enter H. & S. We Thought So All the Time

Miss Marjorie Dobbs, assistant to the county agent in his office here, is resigning her position in order to enter Hardin-Simmons University on Feb. 1. Miss Dobbs will go to Abilene Sunday to make further arrangements. She will enter the university as a special student, majoring in home economics.

Her place here will be taken by Miss Alma Lee Hankins who arrived from Fort Worth last night. Miss Hankins worked for sometime in the county agent's office last summer and fall.

STUDENT FLYERS HERE

Student flyers led in numbers of pilots landing at the Midland airport today, reports at 1:55 o'clock this afternoon showed. Thirteen student planes in an observation group had landed by that time. The planes are from Kelly Field but came directly here from Fort Sill, Okla.

Lieut. Brokenshire, piloting a navy land plane, also landed.

Two O-25's from Dallas, led by Lieut. Woodruff, were expected to arrive during the afternoon.

RURAL PROJECT MEET

The rural rehabilitation project will be explained at a meeting to be held in the county courtroom Friday night at 7:30 o'clock. The national Sparkman rural rehabilitation supervisor here, will be present to discuss phases of the problem.

All land owners and others interested are invited to attend.

SPECIAL NUMBERS ON PROGRAM OF PASTOR'S RETREAT

Special numbers on the program of the Pastor's Retreat for Wednesday night included a negro spiritual sung by the boys' quartet of the high school and a double-piano selection presented by Mrs. Winston F. Borum and Wallace Wimberly.

In addition to the scheduled sermon by Dr. L. L. Yearby, Dr. F. V. McFarbridge of Fort Worth, state rural church worker, spoke on "Rural Church Work."

Dr. J. M. Dawson of Waco spoke at 9:00 a. m.—Devotional—Rev. Roy Holman of El Paso.

9:30 a. m.—"Unfolding of Texts"—Dr. R. C. Campbell of Lubbock.

10:00 a. m.—Discussion of denomination work—Rev. P. W. McFarbridge of Fort Worth.

11:30 a. m.—Bible study by Dr. B. A. Copass of Fort Worth.

Following pastors and missionary workers have registered here for the Retreat:

J. C. McKenzie, Iraan; N. L. Range, McCamey; Dr. R. C. Campbell, Lubbock; E. H. Rathiff, Pecos; W. S. Garnett, Stanton; Willis J. Ray, Big Spring; Dr. J. Howard Williams, Dallas; W. C. Williamson, Stanton; Dr. C. V. Edwards, Belton; Dr. J. M. Dawson, Waco; Dr. B. A. Copass, Fort Worth; W. C. Dever, Pecos; Dr. L. L. Yearby, El Paso; J. C. Thomas, Lamesa; E. L. Randle, Fabens; Dr. F. V. McFarbridge, Fort Worth; Lawrence Trout, Sweetwater; E. D. Dunlap, Sweetwater; E. P. Cole, Lamesa; Dick O'Brien, Colorado; J. A. Kidd, Alpine; S. T. Marsh, Ft. Stockton; T. H. Pierson, Big Spring; J. William Arnett, Midland; J. D. McNew, Stanton; W. C. Harrison, Odessa; Geo. J. Mason, Dallas.

WALLACE NAMES BANKHEAD QUOTA FOR 1935 CROP

WASHINGTON, D. C.—Secretary of Agriculture Henry A. Wallace has announced that the national quota under the Bankhead Cotton Act would be 10,500,000 bales of 50 pounds of lint cotton for the 1935 season.

Tax exemption certificates for that quantity of cotton will be issued upon application of cotton producers as provided in the Act. In addition to the tax exemption certificates for 10,500,000 bales of 500 pounds of cotton, there will be 700,000 bales of 478 pounds of lint cotton issued in 1934 now in the hands of the producers. It will be that all of the certificates carried over from the 1934 season will be used in 1935.

The formal proclamation continuing the Bankhead Act into the 1935 season and the findings of the secretary of agriculture that two-thirds of the producers favor the tax bill will be submitted within a few days.

The announcement by Secretary Wallace that his investigation indicated that the quantity of cotton that should be allotted was 10,500,000 500 pound bales was made in order that cotton producers would have the opportunity to make their plans for the 1935 crop.

Secretary Wallace further announced that it would be the purpose to permit producers participating in the Agricultural Adjustment Administration program under voluntary agreements to rent to the Secretary of Agriculture up to and including 35 per cent of their base acreage and receive payment therefor. In the event that cooperating producers take advantage of this privilege and a majority of those not now under contract sign a contract for 1935 which will be offered, approximately \$10,000,000 in rental and benefit payments will be distributed in the program.

It was further announced that individual allotments under the Bankhead Act will be, as nearly as possible, for each cooperating producer that quantity of cotton equal to 65 per cent of his base acreage times the average yield of the farm for the base period.

FRACTURES RIB

Mrs. A. S. McKee suffered a fractured rib when she fell at her home on South Main street yesterday. She is confined to her bed and rested but little last night, members of the family reported today.

Basin Oil Developments

By PAUL OSBORNE

Latest drilling depth reported for the Amcreda No. 1-D state test, near Monument, Lea county, was 2,533 feet, yesterday afternoon about three o'clock. The platy tan-colored limestone formation still persisted at that depth, and no new shows of oil or gas were recorded.

The Monument well, most closely watched of Lea county wildcats at present, is drilling slowly, making about 30 feet per day. 11 pound drilling mud is being used, and samples are being carefully taken by the use of a new rotary sample catching device.

Reports on the production gauged during the second 24 hours after shot on the Humble No. 2 J. S. Means, two miles south of the discovery well in the North Andrews county pool, are confusing, one report stating the gauge to be 94 barrels during the period and another giving it at 190 barrels, as recounted in this paper yesterday. Effort is being made to check the figure, and the well is reported cleaning out at 4,555 feet.

Although reported to be of commercial calibre, Maxwell No. 1-Chap, wildcat northwest of the Fox-Butler No. 1 Brown Altman, sand producer in central Winkler county, was generally looked upon as a dry hole after drilling had progressed early this week to total depth of 3,273 feet.

The Gulf deep test, their No. 103 Elroy, western Upton county, was drilling yesterday at 1,018 feet, making a bare five feet a day through hard black limestone and chert. An Ordovician test, the well is the deepest operation in the state.

Top of anhydrite has been reported at 965 feet in the Ryan No. 1-A, wildcat west in section 25-20S-32E, about ten miles west of the Lea pool, Lea county.

Midland Party Back From El Paso Meet

R. O. Taggart, relief administrator, returned yesterday from a conference of relief executives of the fifth district at El Paso. He reports that about 125 persons were present from 25 counties which compose this district.

Round table discussions of problems and methods of relief work were held, and suggestions made which will be sent to Austin to be examined.

"No changes are to be made just at present in relief administration," Taggart said.

Speakers for the meeting, which was held Tuesday afternoon in the Hilton hotel, included H. L. Davis of Austin, field supervisor, Jim Howze, field representative of district five, and Mabry of the accounting department at Austin.

Accompanying Taggart were Mrs. Taggart and their son, Mmes. Pearl Lockier and Dorothy Friday, and Misses Boerne Kidwell and Josephine Skeen.

SISTER DIES

Mrs. and Mrs. Sam Cummings left today for Fort Worth on receiving news of the death of Cummings' sister.

ANOTHER OPPORTUNITY

Every citizen owes it to himself to watch closely the development of the coming plan for public works which we are assured will replace direct relief for the able-bodied this winter and spring.

Entirely regardless of whether you approve of this plan or not, if it goes into effect, it can be made to yield maximum benefits to those local communities which are ready for it.

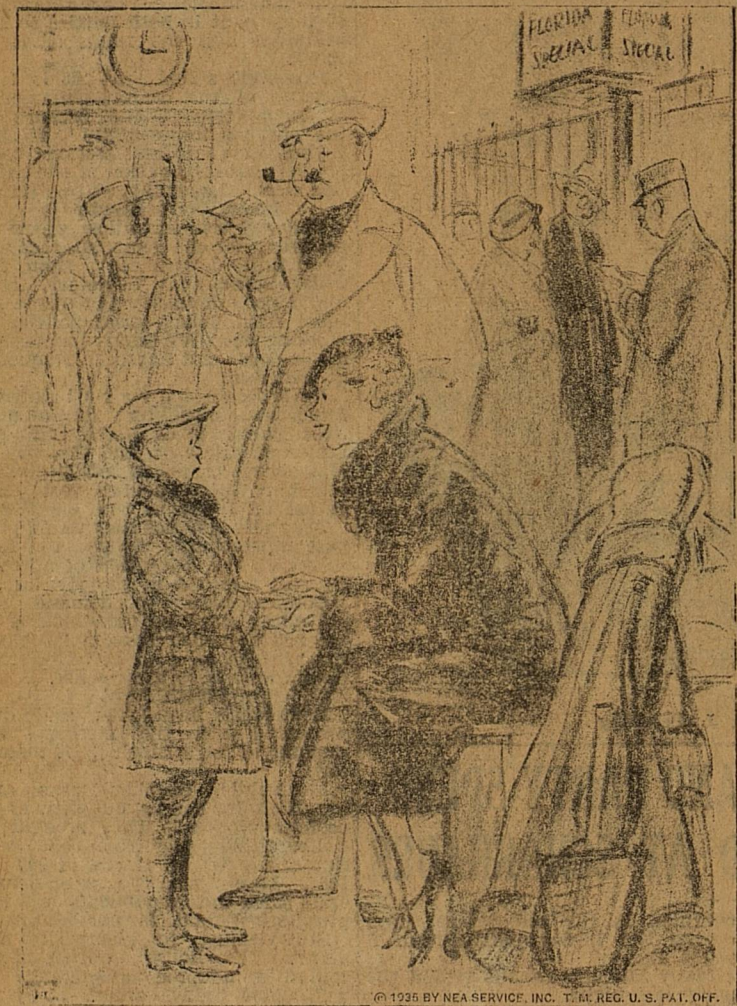

More than a year has passed since the Civil Works Administration was projected. The CWA came on us unannounced, and found many communities unprepared. They were unable to produce at short notice public work of really permanent value.

The incidents of raking leaves in parks and digging up pavements to relay them again in the same spot were largely the fault of local communities.

This time there is no excuse. Communities should know and have plans for public work that will be of permanent value now and forever into the future.

Secretary Roper says the profit system is here to stay. Most of us are not worrying about the system, but we could use some of the profits.

Side Glances by Clark

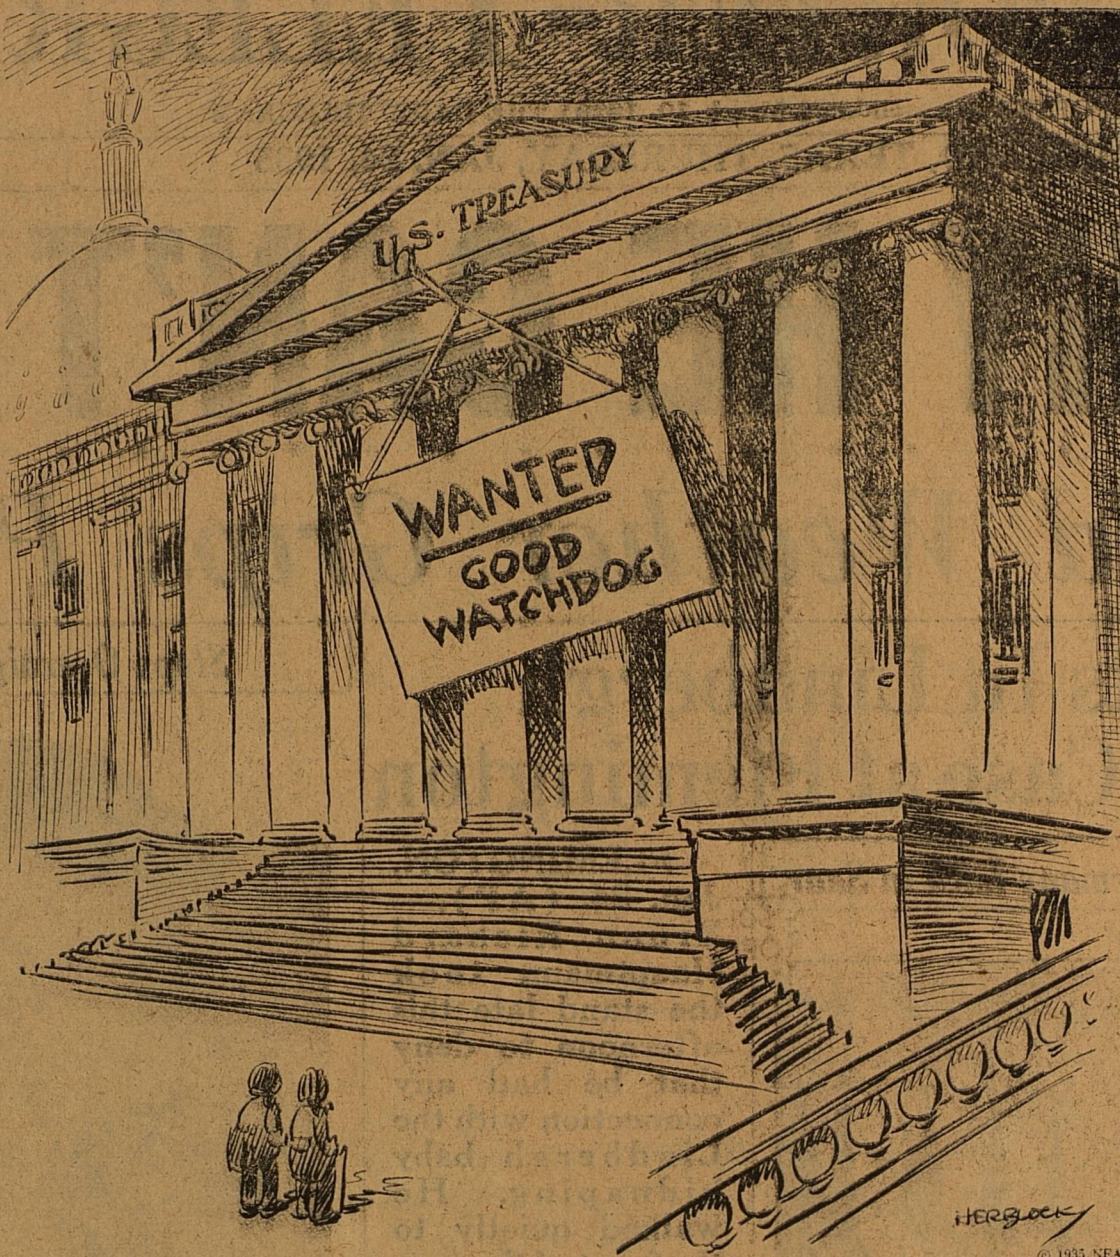

"Now, study hard every day so mother and daddy can be proud when they return next spring."

No Particular Breed

The Town Quack

(Reserves the right to "quack" about everything with taking a stand on anything.)

At last I have learned that Homer is the guy that Babe Ruth made famous. I wish that somebody would evolve a plan to take the vitamins out of spinach and put them in pumpkin pie. Have you ever noticed? When the other fellow acts that way he is "ugly" when you do, it's "nerves." When the other fellow is set in his way, he's "obstinate," when you are, it's just "firmness." When the other fellow doesn't like your friend, he's "prejudiced," when you don't like him, you are simply showing that you are a good judge of human nature. A forgetful old lady sent a parcel to her son, in which she enclosed the following note: "Pat, I am sending your waistcoat, to save weight I have cut off the buttons. Your loving mother. P. S. You will find them in the top pocket."

MEXICO SHIPS FRUIT

BROWNSVILLE, (P)—The Republic of Mexico has entered the commercial exportation of citrus fruits, according to information received here. Although some of the finest oranges in the world are grown in Mexico none had been shipped until recently. A citrus packing plant, the first of its kind in Mexico, is being established at Montemorelos, south of Monterrey. Packing equipment was purchased from a plant in the Lower Rio Grande Valley near here and installed in the new plant by Amulfo Berlanga of Montemorelos, an engineer, and H. Pl Guerra of Roma, Texas. Among those interested in the new industry are Plutarco Elias Calles, Jr., son of the former Mexican president, and General Juan Alvarado Almazan. The plan, as far as can be learned here, is to ship the fruit to Canada and England and possibly to other nations. None can be shipped to this section because of quarantines imposed to prevent introduction of the Mexican fruit fly.

Ham Is Main Dish In Delicious Meal That Is Oven Cooked

By MARY E. DAGUE, NEA Service Staff Writer. Fresh ham baked brown and juicy with pineapple, baked baby carrots and baked potatoes—there's my nomination for a meal that can be cooked all at once in your oven with a consequent saving of fuel and considerable edification to those you feed. You may even add a baked pudding to this list if you like and do the whole meal up brown at one fell swoop. I don't know why we are prone to think of pork in terms of chops and roasts and overlook the possibilities of fresh ham. Fresh ham steaks have little waste in home and are tender and full of flavor. Baked Fresh Ham With Pineapple. One slice of fresh pork, steak cut 1 1/2 inches thick, 2 tablespoons flour, 1 teaspoon salt, 1-1/2 teaspoon white pepper, 3 slices pineapple. This slice of pork steak will weigh about 1-2 pounds. Cut pineapple slices in halves. Mix flour with salt and pepper and rub well into meat. Place in a shallow casserole and arrange pineapple over it. Cover and bake in moderate oven (350 degrees F) for one and one-half hours. Serve from casserole. Baked Buttered Carrots. One bunch baby carrots (10 or 12), 1-2 cup water, 1 teaspoon salt, 1-3/4 teaspoon pepper, 2 tablespoons butter, 1 tablespoon minced parsley. Scrape carrots and put into a well buttered covered baking dish or casserole. Add water, salt and pepper and half the butter. Cover and bake in moderate oven (350 degrees F) for one and one-quarter hours. Sprinkle with parsley and dot with remaining butter after removing from oven. Serve from baking dish. Occasionally, to add milk to the menu I serve scalloped potatoes. Four cups thinly sliced and pared potatoes, 2 tablespoons butter, 2 tablespoons flour, 2 cups milk, 1 teaspoon salt, 1-4 teaspoon mustard, 1-8 teaspoon pepper, 1 small onion. Peel onion and put whole in the center of a well buttered baking dish. Mix and sift flour, mustard, salt and pepper and rub into butter. Put a layer of potatoes in baking dish, dot with bits of butter and flour mixture and add another layer of potatoes. Dot with remaining butter mixture and pour in milk at side of dish. Cover and bake in moderate oven (350 degrees F) for 1-1/2 hours. Serve from baking dish. The American Legion claims 1,001,583 members.

SOCIETY

Meetings of Study Clubs on Wednesday High Tide of Week's Social Activities

High point in a week marking a lull in social activity was reached Wednesday when three study clubs of the town held their regular meetings. Mrs. Rawlins Clark was hostess to the Fine Arts club, Mrs. Wade Stevens to the Junior Woman's Wednesday club, and Mrs. Frank Elkin to the Wednesday club. The program of the Fine Arts club was devoted to opera. Roll call was answered with operatic composers, after which Mrs. Paul Moore spoke on the "Comparison of Opera and Drama." In the absence of the author, Mrs. E. H. Ellison read a paper, "Modern Opera Since Wagner," by Mrs. Fred Wilcox. Mrs. Clark, hostess for the afternoon, read "Carmen" by Bizet. Mrs. Marsh was a guest and Mrs. Joe Hemphill was a new member enrolled at the meeting. Members present were: Mmes. Elliott Barron, T. Paul Barron, Tom C. Bobo, Harvey Conger, Alden Donnelly, Elliott, Howard, Lodge, Paul Moore, E. Hazen Woods, E. H. Ellison, Bob Hamilton, Joe Hemphill, Misses Stella Maye Lanham, Leona McCormick, and the hostess. Officers were elected for 1935-1936 and the study of Alaska was continued at the meeting of the Wednesday club. Mrs. O. B. Holt, president, was in charge of the meeting. The nominating committee submitted the following nominations for officers and its report was accepted as a whole: President, Mrs. W. G. Whitehouse; vice president, Elliott, Cowden; secretary, Mrs. Sam Cummings; treasurer, Mrs. Sam Cummings; corresponding secretary, Mrs. Frank Cowden; parliamentarian, Mrs. R. L. Miller. Mrs. Whitehouse, as chairman, outlined the suggestion of the prospectus committee on a course of study for next year. The majority of club members favored a miscellaneous program and the committee was instructed to present such programs for consideration. Continuing this year's study of Alaska, Mrs. Andrew Pasken spoke on "Nome" and Mrs. Elliott Cowden discussed "Sitka." At the conclusion of the study period, refreshments were served to 13 club members including: Mmes. Jno. Butler, J. M. Caldwell, Elliott Cowden, Frank Cowden, J. M. DeArmond, Andrew Pasken, M. R. Hill, O. B. Holt, M. D. Self, W. T. Walsh, W. G. Whitehouse, R. L. Miller, and the hostess, Mrs. Frank Elkin. The program meeting of the Junior Woman's Wednesday club centered about the life and works of John Galsworthy. Mrs. Alfred Reese Jr. gave a sketch of the life of the famous author and reviewed the first volume in his series, "The Forsyte Saga." Other books of the series were reviewed by Miss Lucile Thomas and Mrs. Ralph Geisler. The club, under the leadership of Miss Marie Louise Nobles, is selling tickets for the President's Birthday ball. Tickets were distributed at the meeting. One visitor, Mrs. Chas. Edwards Jr., was present. At the conclusion of the program, refreshments were served to the most and the following club members: Mmes. Julia Ann Aycock, Annie Laurie Hix, Martha Louise Nobles, Mary Bell Pratt, Bennie Sue Edliff, Dorothy Radliff, Lucile Thomas, Mmes. John C. Radliff, Alfred Reese Jr., Hugh West, Ralph Geisler, and the hostess, Mrs. Wade Stevens.

FEMININE FANCIES BY KATHLEEN ELAND

New York reports that breakfast dances are a new amusement. Guests arrive at four o'clock in the morning and dance until working people are setting off for their jobs. Of course the Four Hundred didn't think of this first. Harlem, we are told, has been doing it for years. Another fad, to quote Paul Harrison our New York columnist, is having a portrait painted of one's favorite room in your house. Or of your favorite pet. One society lady went to the length of having an unvelvet party for the picture of her prize poodle.

Helen Welshimer is in favor of women working. She believes that every woman has the right to marry for love alone and not because she must in order to have a sufficient supply of bread and butter not to mention cake. Says she: "If Elaine, the Lily Maid of Astolat, had had a job she wouldn't have drifted down the stream in pursuit of the vanished Launcelot, if Cleopatra and Dido had taken their queenships seriously the Egyptian queen wouldn't have stung herself with the asp when her love went stale, and the girl from Carthage wouldn't have burned up with hopelessness when Aeneas said he must be getting on. They would have suffered, yes. But they would have had a prop out which to lean. A prop called work—more priceless than the trees of Lebanon or the worth of the Biblical emeralds and rubies.

FINDS JAIL EMPTY

BRADY, (P)—When the McCulloch county grand jury convened here recently it found the local jail empty for the first time in seven years. Since then Sheriff Love Kimbrough has rounded up two boarders on misdemeanor charges. The session of district court, which convened here Jan. 7, has the lightest docket in many years. Judge E. J. Miller, in commenting on the fact that only four cases in which charges had been filed awaited action of the grand jury, said: "This is the smallest number of board-over cases coming to any grand jury since I have been on the bench." He is serving his seventh year as district judge for McCulloch, Brown, and Coleman counties.

Announcements

Friday The Lucky Thirteen club will meet with Mrs. W. N. Cole, 507 W. Tennessee, Friday evening at 7:30.

The Belmont Bible class will meet with Mrs. C. B. Ponder, 725 W. Louisiana, Friday afternoon at 3:30.

Saturday The Busy Bee club will entertain members of the Midland Farmers Union local No. 4, in the assembly room of the courthouse Saturday night at 7:30.

The Busy Bee club will have a food sale Saturday at Addison Wessley's department store.

Paraffin wax, the petroleum by-product formerly considered of least value as a lubricant, has been found to have in it the element most desired by oil chemists in their search for a perfect lubricant.

The females of the bustard quail, of Africa and Asia, are the larger and prettier birds. They do the calling and fight over the males, while the males set upon the eggs.

The classified way—the fastest and cheapest!

Clean Out Kidney Poisons

Wash Out Your 15 Miles Of Kidney Tubes. If kidneys don't pass 3 pints a day that contain nearly 4 pounds of waste matter, the 15 miles of kidney tubes and filters become clogged with poisonous waste products and the danger of acid poisoning is greatly increased. Bladder passages are difficult, which often smart and burn like scalding water and cause discomfort. This acid condition, brought about by poor kidney functions is a danger signal and may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and dizziness. Most people watch their bowels which contain only 27 feet of intestine but neglect the kidneys which contain 15 miles of tiny tubes and filters. If these tubes or filters become clogged with poisons, it may knock you out and lay you up for many months. Don't run any risk. Make sure your kidneys empty 3 pints a day. Ask your druggist for DOAN'S PILLS, an old prescription, which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 miles of kidney tubes. But don't take chances with strong drugs or so-called "kidney cures" that claim to clean up in 15 minutes. Treatments of this nature may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS, the old reliable relief that contains no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-Milburn Co.

BOOTS AND HER BUDDIES

WHERE? NOT DIDYA WANT ME T'SEE? WHY, I DON'T SEE IT, NOW! COME ON, LET'S LOOK INSIDE

THERE IT IS... THAT LITTLE JADE BUDDHA

AWWWW... ISN'T IT CUTE?

I NEVER SAW ONE JUS' LIKE IT B'FORE

OH SAY, BOOTS... I JUST THOUGHT OF AN ERRAND I HAVE TO DO... EXCUSE ME FOR A FEW MINUTES, WILL YOU?

SURE... RUN ON... GEE, I COULD SPEND A WEEK LOOKIN' AT THINGS HERE

WASH TUBBS

TO THE FINISH!

TICKLES MULE, ESCAPES!

DOOMED TO BE EXECUTED, EASY HITS UPON NOVEL IDEA.

MULE KICKS HOLE IN PRISON WHEN TICKLED WITH STRAW.

NOW OR NEVER, LADDIE! WHOOPEE!

SOLDIERS ARE CAUGHT OFF GUARD. WASH AND EASY ON 'EM LIKE WILDCATS.

Wham! Bam!

WHAT A FIGHT!

TWO AGAINST SIX. A BATTLE FOR FREEDOM—A BATTLE FOR LIFE. WASH IS DOWN! HE'S UP! HE'S DOWN! EASY TO THE RESCUE, SLUGGING, KICKING, BUTTING. HE GRABS AN ENEMY RIFLE—HE'S BATTING THEIR HEADS BOY, BOY, BOY!

WOTTA FIGHTER!

ALLEY OOP

THE LOST IS FOUND!

COME ON, ALLEY—HURRY! THIS MAY BE OUR ONLY CHANCE TO ESCAPE! WE MUST MAKE THE BEST OF IT!

YEAH—I KNOW IT—BUT, GEE, OOOO, I SURE HATE TO HAVE TO LEAVE SUCH A PEACH OF A SCRAP!

AM I EVER GLAD TO BE OUT OF THAT AWFUL VALLEY!

IT SURE WAS A KINDA NIGHTMARE PLACE—BUT I WONDER WHAT EVER HAPPENED TO OL' DINNY—

THERE'S THE ANSWER! LOOK AT THE BIG, NO-GOOD, LAZY LOAFER!

WELL, I'LL BE—

SALESMAN SAM

YEP, THIS IS DUEZEM'S GENERAL STORE, THE PLACE OF MAJOR SERVICE! PRIVATE SAM HOWDY SPEAKING!

WELL, I'M MRS. ZUPTF! AND I'M CALLING FOR MRS. MOOCH!

SHE HAIN'T A PHONE AND SHE ASKED ME TO ORDER FOR HER A JAR OF ROUGE

OKAY! I HAPPEN TO KNOW MRS. MOOCH AND I'LL SEND IT RIGHT OVER!

COME TO THINK OF IT, YA BETTER SEND TWO JARS!

GEE! WE ONLY GOT TWO JARS IN THE PLACE, AN' THAT WON'T LEAVE ANY HERE FER US TO SELL! ONE OUGHTA BE ENOUGH!

NOT FOR HER! SHE'S SO DOGGONED TWO-FACED!

FRECKLES AND HIS FRIENDS

IT WAS BAD ENOUGH, WRITING A COMPOSITION LIKE THE ONE YOU WROTE ABOUT THAT TRAIN... BUT WHEN YOU PRETENDED IT ALL HAPPENED TO YOU... PHOOEY!!

I HOPE THE TEACHER GIVES YOU AN F-MINUS... IT'S SILLY ENOUGH TO HAVE CRAZY DAY DREAMS, WITHOUT LYING IN THE BARGAIN!!

MR. WILSON SENT ME TO BRING FRECKLES TO HIS OFFICE!

VERY WELL!!

HAHA! THE PRINCIPAL WANTS TO SEE YOU! WELL, YOU HAVE IT COMING TO YOU!!

HE WANTS FRECKLES TO ADDRESS THE ASSEMBLY, AND TELL THE SCHOOL HOW HE AND NUTTY COCK AVERTED A TERRIBLE TRAIN WRECK!

PARDON MY FACE FOR LAUGHING IN YOURS!!

OUR BOARDING HOUSE

HEY! YOU BETTER GET YOUR ORDERS BY PHONE! YOU GOT TH' CUSTOMERS' WALKS CLEAN BEFORE YOU ASK 'EM!

WHY DIDN'T YOU FIND OUT THE HORSES AGE BEFORE YOU BOUGHT HIM?—NOW I AM POSITIVE THAT THE HOOPLE FAMILY TREE IS ROOTED BACK TO SIMPLE SIMON!—YOU'RE ALWAYS DIGGING A WELL FOR A PUMP HANDLE YOU BOUGHT AT A BARGAIN! IF YOUR RACE HORSE IS TEN YEARS OLD, YOU'D BETTER NOT ENTER HIM IN ANYTHING FASTER THAN A PARADE!

NOT TEN YEARS OLD—NINE! AT LEAST, THAT'S WHAT THEY SAY HE IS—BUT I AH—MUMBLE MUMBLE OH, DASH IT I HAVE FAITH IN HIS RACING ABILITY!

NINE YEARS OLD! EE-GAD

RETIRE HIM WITH YOU, MAJOR!

HEROES ARE MADE—NOT BORN

LAST "SHACK" GONE

AUSTIN (AP)—Coincident with the first steps in construction of the new \$1,000,000 unit of the University of Texas administration-library building, the last wooden "shack" has disappeared from the University campus. For a decade and a half numerous makeshift frame structures were used as emergency classrooms, due to the overcrowded condition of the brick and stone structures comprising the physical plant. In recent years these have gradually been torn down, following completion of one after another of almost a dozen modern classroom and administrative buildings. The last of the shacks, formerly known as "home economics hall," has been razed since the first of the year. The University's recent building program has been financed by means of bonds issued by the University and purchased out of its own permanent fund, thus occasioning no cost to taxpayers of the state. The Texas Agricultural and Mechanical College has a one-third share in the income from the permanent fund.

One of the world's greatest books on etiquette was written by Napoleon Bonaparte.

PAGE THE LEGION

AUSTIN (AP)—Gariand Adair, editor of the Texas Legion News, Austin, has compiled the American Legion connections of the state's new administrative officers.

He finds that Governor James V. Allred is a member of the Wichita Falls post of the American Legion; Lieut.-governor Walter Woodruff's membership is at Houston; Attorney General William McCraw's Legion affiliations are in Dallas; adjutant General Carl Nesbit is a member of the Mineola post and Senator Ken Regan, president protem of the Senate, is a Pecos post member. Col. Paul Wakefield of the governor's staff, a Travis Post member at Austin, represented the enlisted men of Texas at the entombment of the Unknown Soldier, Patrick D. Moreland, personal representative of the governor, belongs to the Kaufman Legion.

Brazil's greybeard plant not only grows on trees, but on telegraph wires as well. Birds use it for nesting, and the plant continues to grow, making a living fabric of the nest.

CLASSIFIED ADVERTISING

HILTON ORCHESTRA TO PLAY HERE FOR PRESIDENT'S BALL

The Lubbock Hilton orchestra will play the dance music for the President's Birthday ball to be given at the Scharbauer hotel next Wednesday night, according to Hugh West, dance committeeman. Ticket sales were started this morning by the young ladies of the Junior Woman's Wednesday club. General chairman Alf Reese says that unprecedented interest is being shown in the affair and is looking forward to a great attendance.

More than \$200,000.000 in benefits to insured workers is annually paid by employers in this country.

YOUNG WOMANHOOD

FOR young girls growing into womanhood, for women in middle life going through the "change," or those who suffer from headache, weakening drains, backache, Dr. Pierce's Favorite Prescription is a dependable tonic. Mrs. A. L. Turnbull of 112 Roosevelt St., Hot Springs, Ark., said: "Dr. Pierce's Favorite Prescription has been used in our family over a period of years. Both my grandmother and my mother found it an excellent system builder. Before using the 'Prescription' I was so weak, but after taking this tonic I felt just fine."

New size, tablets 50 cts., liquid \$1.00. Large size, tabs. or liquid, \$1.35. All drugstores.

Herbert Romance Ideal Background Laurel-Hardy Antics

When Laurel and Hardy, as apprentice toymakers, attempt to take care of the mortgage of the Widow Peep, who lived in "The Shoe," in the Hal Roach M-G-M extravaganza, "Babes in Toyland," Friday and Saturday at the Yucca Theatre, their efforts result in a group of madly hilarious events that makes the film an outstanding laugh success as well as a beautiful musical presentation.

The mortgage on Widow Peep's home is held by Barnaby, the only villain in the Kingdom of Toyland. A sinister figure, he insists that either Widow Peep pay up or give him the hand of her daughter, Bo-Peep, fifty years his junior. When Stan Laurel's dumbness kills their plan to borrow the necessary money from their toymaker employer, Stan and Oliver are forced to other means to obtain the necessary funds.

Only Bo-Peep's intervention saves them from this end. But Tom-Tom, Bo-Peep's sweetheart, finds himself banished, when the villain refuses to be done. In his exile, he is voluntarily accompanied by Bo-Peep. Again Stan and Oliver come to the rescue.

The beautiful rendition of Victor Herbert's stirring musical and vocal numbers is a decided highlight of this film, to say nothing of the really gorgeous settings.

Charlotte Henry as Bo-Peep is charming. Henry Kleinbach, 22-year-old actor, does a great piece of work as the 88-year-old Barnaby. Felix Knight, Atwater Kent finalist, and Virginia Karus,

CHAS. RENARD ORCHESTRA TO BE HERE TOMORROW

The famous Chas. Renard orchestra will be presented by Hotel Scharbauer tomorrow night at a dance.

This orchestra is en route to the Adolphus hotel at Dallas for a long engagement. It is featured regularly over the N. B. C. network through Station KFI and is one of the famous orchestras of the Pacific coast.

"Midland is indeed fortunate to have this type of orchestra presented," Scharbauer Manager C. A. Sheffield said this morning, "and it was just one of those things that enabled us to get them for this dance."

Personals

Mrs. Chas. Christian of Odessa was in town yesterday.

Mrs. L. E. Byers of Lovington, N. M., was in Midland Wednesday.

Mrs. Millard Eidson is here from Lovington, N. M.

Jackie Kenney has been out of school this week because of an attack of flu. He is a little better today, relatives reported.

Mrs. Nettie C. Romer is ill with

radio singer, and considerably to the film as Tom-Tom and Mother Goose, respectively.

the flu.

Miss Marguerite Hester has returned to her post in the county library after a short illness.

Miss Myrtle Miller, county home demonstration agent, is confined to her home on account of illness.

M. M. Collier, office manager of the Hughes Tool company, is ill with the flu.

Carl Young has returned from a business trip to Alpine and other towns in that area. He reported a light snow.

W. A. Nelson and Manly Myatt of Abilene are here on business.

T. Paul Barron is confined to his home with an attack of flu. Charles Barron, who has been ill for some time, is reported recovering.

Miss Alma Lee Hankins arrived last night from Fort Worth to accept a position with the county agent's office here.

Elwood McWilliams has returned from Corpus Christi College Academy where he has been attending school.

Gene and Frank Dickinson of Abilene are in Midland.

Mrs. Jim Buchanan of Wichita, Kansas, is visiting her daughter, Mrs. E. A. Boch.

Mrs. Alsie Newman is still confined to her home by illness.

Mrs. W. S. Elkin is suffering from an attack of flu.

Nightingales brought to America and placed at the Bok Singing Tower in Florida, soon died, imitating birds learned their songs and carried on.

1934 "Hottest Year" For Amarillo Citizens

AMARILLO, (P)—Nineteen-thirty-four was the hottest in the 43-year history of the U. S. weather bureau here.

Weatherman H. T. Collman said the record-breaking heat and 17-month of dust storms teamed with a deficiency of rainfall to bring about the most devastating drought the Panhandle has experienced. Last year was the third driest on record.

Amarillo received a total of 13.35 inches of moisture during the year—7.66 inches below normal. The deficit was exceeded only in 1910 when the total precipitation was 11.15 inches, and in 1933 when the total was 12.22 inches. The wettest year on record was 1923 with 39.75 inches.

The average daily temperature was 61.5 degrees, which was 5.2 degrees higher than the normal. The second highest yearly mean temperature was 60.7 degrees in 1933.

Temperatures soared above 100 degrees 22 days between June and August compared with an average of about five days. Temperature records fell in four different months. July 31 was the hottest day of the year. The mercury rose to 105 degrees, only one below the all-time record set June 17, 1924.

Ninety-six dust storms between January 1, 1933 and May 31, 1934, were held by Collman to have been the underlying causes of many crop failures. Sandstorms were more frequent and more severe during the first five months of 1934 than in the corresponding period of 1933, he said.

The most severe dust storm was last January 18 and 19 when sand filled the air for 27 consecutive hours and wind velocity ranged from 26 to 61 miles an hour.

Collman said the most spectacular of the 17-month period was January 21, 1933, when a dust wall about 10,000 feet high was swept in from the southwest by a 60-mile wind. During the height of the storm visibility was less than 50 feet, he said.

WHERE ARE 24 OTHERS?

AUSTIN, (P)—Students came to The University of Texas last year from 230 of Texas' 254 counties, according to the annual report of the University registrar's office. Aside from Travis County, in which the University is situated and which is naturally represented by the largest proportion of students, the county

furnishing the largest number of students was Dallas, with 409; the next, Harris, with 357; the third, Bexar, with 348; the fourth, Tarrant, with 295; the fifth, McLennan, with 122. Total enrollment was 6,752.

Approximately 200 of the 400 genuine Stradivarius violins existing in the world today, are in the United States.

Russia exported more than a million pounds of candy to this country during the first three months of 1931.

A London society is loaning pictures and sculptures at hire rates depending on the value of the work.

"End of the world" rumors can be traced back to the earliest antiquity.

A MONEY SAVING OPPORTUNITY TO YOU:

Mr. Property Owner, if you could save money in your business you would be interested.

Here's an opportunity to save your County money, thereby saving yourself money as a citizen.

If you will come to the Court House and render your taxes at the office of the Assessor, either when you pay your taxes or before February 1st, 1935, you will enable the County Officials to carry on their program of economy and to hold down the tax rate.

The forms are ready and it will take only a few minutes time to make your rendition.
