Negress Chased By Clerk; Garlic All That's Found

An eenie, meenie, minie, mo chose of a negress down Main street provided the only election day excitement here.

A negress was chased down after Mrs. Zinn, who sells butter to grocery stores here, locked up to find her purse missing from the counter where she said she had left it. A fruit stand clerk recalled a negress had been in the store, and took after her.

The negress, taken to jail, admitted she had "picked up" some garlic, but had not taken the purse. Mrs. Zinn found the purse under her car later. Whether the negress had tossed it away while in flight had not been determined.

FAMOUS FOOTBALL FEATS! OHIO STATE had one of the greatest passing pair in the Big Ten when Hoge Workman was flipping them to Pete Stinchcomb. Wisconsin found that out in the game against the Buckeyes in 1920. The Badgers had run up a 7-0 margin

after 11 minutes of play. Ohio State countered with a tally in the last quarter, but failed to kick the point after.

Workman then filled the air with passes and finally connected with one, heaving it into Slyker's arms on the 40-yard line. With 20 seconds left to go, Workman dropped back into punt formation, confusing the Badgers, and leaving the way open for his STINCHCOMB, pal, Stinchcomb, to cut into the open. Hoge flipped one to Pete, and the receiver scored easily. The game ended 13-7.

HOW TO MAKE DARNING more DIFFICULT!

Sewing and darning demand even more from the eyes than reading. Nature didn't plan for such tasks! She had outdoor, distance seeing in her mind. So, to keep the nervous muscular tension as low as possibleand to avoid eyestrain-we must give care to light. For light is the scientific partner of seeing. Let's not do the equivalent of wearing smoked glasses!

KEEP THESE LIGHTING RULES IN MIND

- 1. Use lamp bulbs of the correct wattage . . . never less than 40-watt MAZDA lamps for three-socket lamps, 60-watt for two-socket lamps, 100-watt for single-socket lamps.
- 2. Have all lamp bulbs shaded. For portables, a shade of light color, wide in spread, and open at the top. 3. Never read in the glaring light from bare bulbs, or in your own shadow. Always use bulbs of rep-

STUDY LAMP Darning or any other close-up task is a cinch if a Reading and study Lamp is furnishing the illumination. Just the right amount of light with no glare or shadows makes it much easier to study, read or sew. We have these lamps on display the prices are low and the terms make it easy to buy. We invite you to come in and look them over.
