

The Hansford Plainsman

VOLUME V., NUMBER 37

SPEARMAN, TEXAS

THURSDAY, JUNE 25, 1964

The new female bathing suits that allow the girls to go around like the boys have managed to get several dollars worth of free advertising for the designer. Heard this week that in quaint "ole England" they have come out with a topless or bosomless dress.

There is one thing the females had better remember: "Familiarity breeds contempt."

We really do not expect to worry about the new fashion. It will probably just be a big flop.

Some mighty odd conversations can get started over coffee cups. This week at one of the sessions talk got around to atheism and the arguments a smart atheist can put up to support his beliefs.

The ways to combat these people were discussed pro and con until one of the group closed the conversation like this.

"I am not smart enough to argue with them on the subject. But I always figure like this about believing in God and trying to be a Christian. If he is right I still don't have anything to worry about when I die, but if I am right, then he is the one with problems."

Charles Shuman in the American Farm Bureau magazine says Secretary of Agriculture Freeman is preparing to blame the farm troubles on research and improved methods. He backs up his statement by pointing out that \$2.5 million were cut from the Extension Service budget and research got only a small increase in funds.

President Shuman may be right, but we do not think the politicians are going to worry too much about the farm problems any more. The votes are in the cities and that is where the wooing will be done from now on.

The fact that farm prices are on the bottom in an election year and no serious effort being made to prop them up seems to indicate neither party is worried about the farm vote.

It sure would be nice if Hansford County could get a rocket base, then people could travel from here in just about any mode of travel except water.

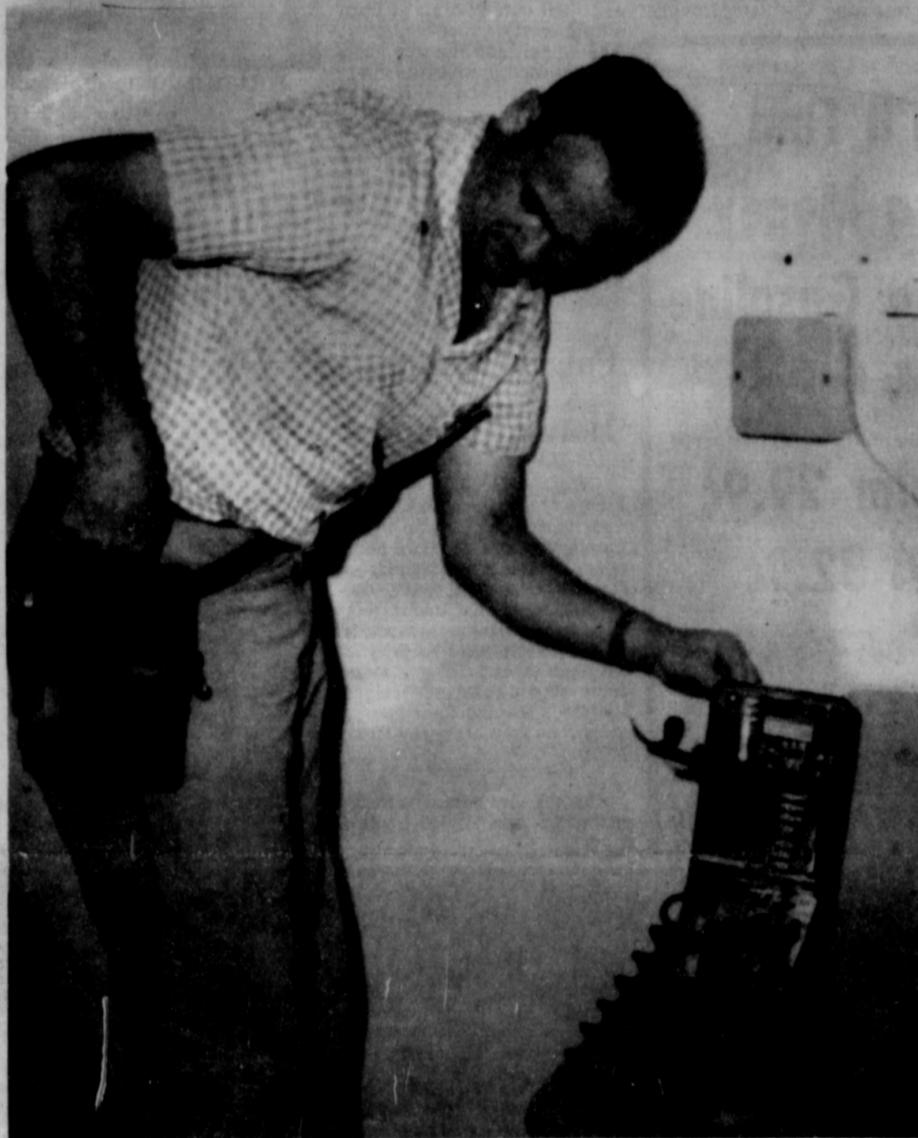

Spearman and Hansford County hustle out of here in fast cars, trucks and private planes when on business, but for fun they take the horse and wagon travel.

The Mule Trainers just returned from a long trip to Graham and now the Spearman Riding Club will make a three day ride from Spearman to Canadian for the July 4 celebration down there.

The Toastmasters Club which the Jaycees are trying to organize is something that will be a help to every man in Spearman. This is not a fun club nor is it a civic work organization. Its purpose is to help a person learn to speak before a group.

It might be considered a

(Con't. on page 2.)

REPLACING PHONE--Laurence Fryer, General Telephone representative in Spearman, replaces the pay telephone in the Easy Laundry. Burglars stole a phone from the laundry, but the telephone company had taken the money from it just a few days before.

Plainsman Photo

Telephone Men Beat Thieves To Money

Burglars were just about four days too late. The telephone company beat them to the money in the pay telephone at the Easy Laundry.

Sunday night after 9:30 p. m., someone pried the pay telephone from the wall. They took the entire instrument. The telephone was the biggest

loss, according to Lawrence Fryer, General Telephone representative here.

Fryer said there probably was not more than two or three dollars in the pay telephone. "We took the money out last Wednesday, there could not have been much." The telephone cost \$160. That is the big loss, he said.

Mrs. Jack Prater said the phone was not missed until Monday morning. It was in the laundry at 9:30 p. m. Sunday night when Prater was in the laundry.

Marks on the wall showed that the thief took a pry bar and pried the phone from the wall. He used wire cutting pliers to clip the wires to the phone.

Mrs. Prater said shortly after the phone theft was discovered Monday, a man rushed into the laundry, went to the spot where the phone had been hanging and began hunting a number in the phone book. "He did not notice the phone was missing until I told him I wouldn't be leaving my fingerprints around there until the police get through investigating," she commented.

Tennis Meet Starts Early

Because of the great number of players signing up for the Jaycee Tennis Tournament this Saturday, the starting time has been changed.

Jaycee Tournament Director Bill Partridge originally set the starting time for 2 p. m. But, 39 players had signed up at noon Wednesday, so the starting time was moved back until 9 a. m., Saturday.

Partridge said the deadline for entering is 6 p. m., Friday, June 26. Any boy or girl who attends school in Spearman may enter the contest.

There are divisions for both boys and girls in three different age groups. The brackets are 14 and under, 16 and under and 18 and under.

Winners in the local tournament will be eligible to enter the State Jaycee Tennis Tournament.

This is the second year for the tournament here. Last year only three or four players signed up to play. The increase in interest is attributed to the free tennis lessons being given this summer by tennis coach Perry Cousey.

Lawmen Having Quiet Harvest

Sheriff J. B. Cooke reported a relatively quiet harvest season this year.

The only thefts reported to the sheriff's office involved some tools and a combine tire stolen from a truck at a trailer park here.

Officers also jailed six drunks during the past week.

Two Men Recovering In Amarillo Hospitals

Two area men are in Amarillo hospitals recovering from injuries received in accidents during the past few weeks.

Tom Penn of Perryton and a farmer in this area, and Otto Walker of Spearman are both in serious condition from in-

juries, but are reported improving.

Penn, a farmer and aerial crop dusting firm owner, was injured late Friday when he fell from a tractor and was run over by a tandem disc plow.

Penn was plowing out a corner of his field while his regular tractor driver ate supper. The tractor got in rough ground and Penn fell or was thrown off.

The disc passed over him. He suffered multiple lacerations around the legs, body and head, and several bone fractures.

After undergoing treatment here, he was rushed to Amarillo. There doctors had to remove part of his right leg.

Reports from persons visiting him this week says he is improving.

Walker has been in the local and Amarillo hospital several weeks recovering from internal injuries received when he was caught between two pick-up trucks.

It is reported that Walker was trapped between the two pick-ups when one rolled up on the other, while Walker stood there talking to a man.

Toastmasters To Organize

A Toastmasters Club will be organized here in the near future, if enough men are interested, Jaycee President J. D. Helms said this week.

Helms pointed out that this club will be completely independent from the Jaycees. Organizing the club is all the Jaycees will have to do with it.

A team of Toastmaster members from Amarillo will meet with the local group when an organizational date is set, Helms said.

After the club is organized and chartered, it will be af-

public speaking class for adults.

Not many of us have any ambitions to be a public speaker, but almost everyone has to express himself before groups at one time or another. This organization is to help a person talk.

In today's world of oral communications a clear expression of ideas is very important. This organization is for all ages and will be very separate from the Jaycees.

Watch for the meeting date and come out to see if you do not think it will be worthwhile.

affiliated with the National Toastmasters organization.

The purpose of the club is to help men learn to speak before a group. At each meeting members will make different kinds of talks.

New Hampshire originally was called the Province of Laconia.

Food rationing began on March 1, 1943.

On April 18, 1949, Eire became the Free Republic of Ireland, cutting last ties with Britain.

Four Boys Compete In Soapbox Derby

Four Spearman youths will be coasting for possible fame and education Sunday afternoon in the Amarillo Soapbox Derby at Thompson Park in North Amarillo.

The boys are Ronnie Burch, Ricky Butler, Tim Fisher and Mike Larson. All have built rax cars and will be representing local firms in the races.

Burch is sponsored by Excel Chevrolet-O ds, Butler represents Owens Sales, Fisher is representing Cut Rate Grocery

and Larson represents Western Auto.

Burch, Butler and Larson will be having their second tries at the coasting event. Fisher is the rookie in the bunch.

All four cars were taken to Amarillo last weekend and checked-in, weighed and approved by the Amarillo Jaycees who co-sponsor the race with the Chevrolet Co.

The boy and the car cannot weigh more than 250 pounds and all cars have to be built within certain specifications. The wheels and steering gears are provided by the sponsors.

Burch and Larson finished third in their divisions in the Amarillo race last year.

The winner of the Amarillo race will receive a \$500 savings bond and a free trip to the National Soapbox Derby in Akron, Ohio.

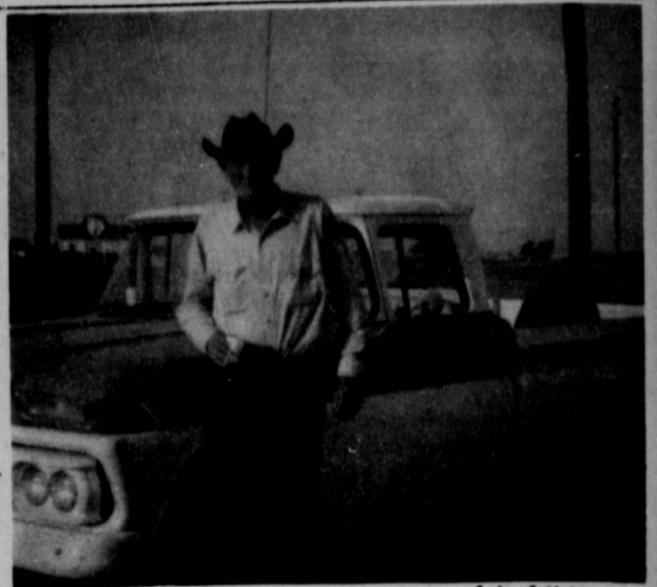

Last year the national winner received \$7,500 in college scholarships.

Police Hunting House Breakers

Chief of Police Wayne Pierce issued a warning to Spearman residents who leave their houses open. There have been some minor burglaries reported in the last week.

Chief Pierce has investigated two house burglaries this past week. He said very little has been taken, but said residents should take precautions against leaving their houses open when they are away from home.

Thomas Alva Edison patented more than 11,000 inventions.

FULLTIME COWBOY--Doss Atchley is one of the fulltime cowboys who will make the trip to Canadian next week.

Riders Leave Tuesday On Annual Saddle Trip

It will be boots and saddles for the Spearman Riding Club next week when they make their annual three-day

saddle trip to the Canadian Rodeo and July Fourth Celebration.

This will be the third year the parttime and fulltime cowboys and cowgirls will hit the saddles and wagons for the three day ride through the Canadian River breaks country to Canadian.

The riders will leave Spearman at 7:30 a.m. Tuesday, June 30. The first campsite will be on Pat's Creek. The second night the riders will camp on the Killebrew Ranch, and the third night the Riders will be in Canadian.

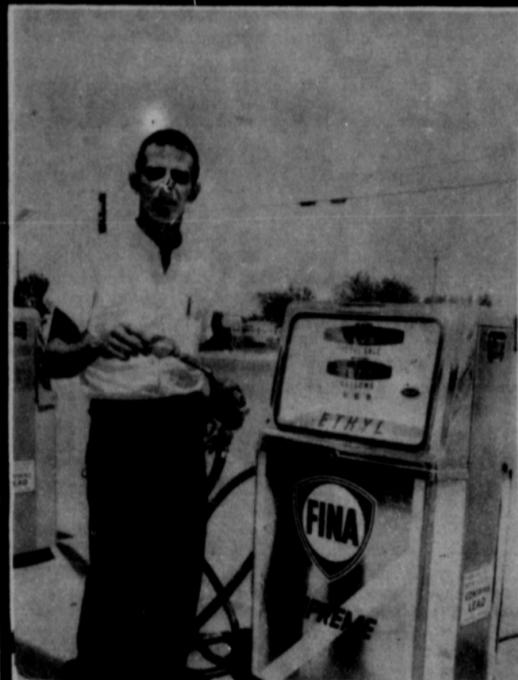

The riders will participate in the Canadian Rodeo parade on July 3.

Everyone is invited to join the club for the trip along the Canadian River.

Rock McLeod will be in charge of the chuckwagon and will do the cooking. All the meals will be chuckwagon style.

Singing Problems

It seems like before the city government can get around to finishing one problem there are three staring them in the face. Right now, they have probably several million problems singing to them.

The rains were nice, but they do bring those nice little house-pets, mosquitoes. The dry weather had left them without places to live, but now the rains have provided the breeding grounds and the tall weeds and grass the homes.

There is no need hoping the little fellows will starve to death. There are too many nice fat people for them to feed upon. Therefore, there is only one big thing to be done. The property owners are going to have to get the weeds cut, the breeding places cleaned up and the city start using the fogging machine.

City manager Ken Conrey said this week he hoped to get the street repairs completed this week, then he would have more people available for pushing the park improvement program, and also get to striping the parking areas on Main Street.

We hope he can find the manpower and the funds to put the big fogging machine in operation. The sound and sight of that thing at work sure makes mosquito plagued taxpayers feel better.

Compare Highways

Summervacation season is here and as in all past years Texans will be traveling all over the country on vacation trips. This is an opportunity to feel and compare the work of the Texas Highway Department and that of similar organizations all over the nation.

When one compares the mile after mile of federal-state, state, and farm-to-market roads all over this state with those of other states the people of Texas can truly drive with pride on the best statewide system of roads in the nation.

D.C. Greer, head of the Texas Highway Department has built a department that gives the people of the state a dollar's worth of highway for each tax dollar spent.

This is truly an unusual accomplishment for a department as

Calm Opinions!

We attended the Republican state convention Tuesday and talked briefly to the apparent GOP nominee for the Presidency, Barry Goldwater.

For us one of the highlights of the day, however, was the address by Bud Wilkinson, former Sooner football coach and now a candidate for the US Senate from Oklahoma.

We predict that if Bud gets into the Senate he'll wind up being just as smooth in politics as he has been on the gridiron. Bud is no orator yet but give him a few years of experience before crowds and he may even be eloquent. He has a gift for a well turned phrase and crowds do not rattle him.

He was heckled by a Scranton supporter but it didn't seem to faze him. Most poignant phrase of a day filled with oratory

came when Bud noted that politicians have been saying they are for the "little man." "Well," said the Sooner coaching great, "I want to save freedom for the littlest people of all, my children and yours."

We spent several hours with the press corps which was on hand for Goldwater's appearance. It doesn't take a crystal ball for us to predict that the press generally will clobber him.

We hope to make a campaign trip this fall with each of the Presidential candidates. If we do so our mission will be to analyze the attitude of the reporters on the tours.

Troy Martin-Canyon News

A NEW Supreme Court rul-

large and as sprawling as the vast highway department. The fact that he has kept corruption out of a department that is a chief source of graft in so many other states marks Greer and his assistants as men of character and dedication.

The system of highways is a pleasure to drive upon and is a big asset to our late developing tourist business. A Californian even likes Texas Highways. He told us once, "It is a long way across that darn state of yours, but the highways are the finest I have driven on."

ing on apportionment of legislative representation according to population increases the pressure on the Texas Legislature to do something about its own unbalanced make-up without much further delay.

The Legislature is already under federal court order to reapportion the state's congressional action, it's a dead certainty that all Texas congressmen will be running "at-large" two years from now. This has already happened in other states where legislative heel-dragging went on too long.

But the latest Supreme Court ruling extends the equal-representation requirement to not one, but both, houses of state legislatures. . . and this is going to be a real blow to that tight little private club known as the State Senate.

It's tough enough for the state legislature to have to redraw its legislative districts to get them in line with shifting population; but when the order is applied to the private bailliwicks of the 31 state senators, there's going to be some real blood flowing along with the tears in Austin.

Still, when one State Senator represents one and a quarter million voters (as does Senator Criss Cole of Houston) and another represents fewer than 150,000 (as does Senator Louis Crump of San Saba) then there are obvious inequities and the system needs overhauling.

-Canadian Record

It is amusing at times to sit back and lend an objective ear to conversations revolving around national political figures. For instance, we heard

one fellow say that he thought President Johnson had done "an excellent job" as President these past five months. The man went on to add that he lacked faith in Mr. Johnson's 'capacity', and that he thinks the President will eventually make a mistake!

Rogers Introduce Cigarette Bill

Congressman Walter Rogers introduced a bill June 18 requiring that packages of cigarettes carry a clear warning that a smoker's health may be endangered.

Congressman Rogers' proposal would require that packages of cigarettes sold in interstate commerce carry this warning: "Caution: Cigarette Smoking May Be Hazardous to Your Health."

The Congressman said the purpose of the bill is to insure that all cigarette purchasers, especially young persons, be aware that smoking is a potential risk to physical well-being.

"Although many words have been written and spoken on this matter, I feel certain that many of our citizens are not yet aware of the danger I believe it is the Government's responsibility to be certain all Americans are warned of the possible consequences of smoking, just as it is its responsibility to be certain other potential health hazards are properly identified as such," Congressman Rogers said.

The bill would make it "unlawful, and an unfair method of competition in commerce, and an unfair or deceptive act or practice in commerce, under the Federal Trade Commission Act, for any person to manufacture, import or package for sale in commerce any package of cigarettes which does not bear a plainly legible warning as follows: "Caution: Cigarette Smoking May Be Hazardous to Your Health."

The Act, titled the "Federal Cigarette Labeling and Advertising Act," would take effect 120 days after the date of its enactment.

FHA Officers Attend Workshop

Five officers of the Spearman High School Future Homemakers and their sponsor attended a four-day FHA Workshop at Texas Tech in Lubbock last week.

The workshop was for chapter officers and teaching them their duties. The officers attended workshops each day. There was also entertainment for the girls after the class sessions.

Officers attending from Spearman were: President Linda Leslie, Vice President Shirley Ayres, Secretary Susan Hutchison, Treasurer Dorothy Smith and Reporter Marnell Simmons.

Mrs. Dick Hudson went as the Chapter Sponsor.

After returning from the workshop Thursday, the FHA held a "workshop report meeting" at Linda Leslie's home. However, when the sponsor arrived it was turned into a surprise birthday party for Mrs. Hudson.

Safer American Families To Be Theme of Week

"Safer American Families Everywhere" is the theme for National Farm Safety Week. President Lyndon B. Johnson in a special proclamation has designated the week of July 19-25 as the period when all persons, especially those working agriculture, should unite in a strong and purposeful effort to reduce rural accidents.

"Notwithstanding the fact," said the President "that hundreds of thousands of volunteer leaders and members of rural organizations actively participate in community, state, and national safety programs which have proved effective in reducing the number and rate of accidents among farm residents, accidents still cause thousands of deaths and nearly a million disabling injuries to farm people each year. This loss of human and economic resources causes a significant adverse impact upon the economy of the nation and must be viewed as a matter of national concern.

"I feel that the many public spirited persons responsible for past and present farm safety efforts should be commended for their notable achievements and that these efforts should be given renewed public recognition and support. In addition, I urge that vigorous new efforts be made to eradicate, insofar as feasible, all of the reasonably foreseeable causes of farm and rural accidents. Accomplishment of that objective should be the goal of National

Farm Safety Week, 1964." For many years, the Texas Farm and Ranch Safety Council has played a major role in farm and home safety efforts and will again support activities planned for the week in Texas. The Texas Agricultural Extension Service through its 4-H and adult programs will also participate and cooperate with other organizations, agencies, groups and individuals in calling public attention to the need for more intensive efforts to prevent farm, home and rural highway accidents.

Grain Drying Helps Farmer Get Safe Storage

Grain harvesting time is here and some checking up on farm storage facilities may be in order, especially if you plan to install grain drying equipment, says W. S. Allen, Extension agricultural engineer at Texas A&M University.

Mechanical grain drying is often a logical answer when harvested grain is too wet for safe storage. Grain dryers do their job by forcing air through the grain to take out excess moisture. Grain can be stored safely after its water content has been reduced to about 12 or 13 percent, says Allen.

In-storage drying, found on most farms, takes place in the storage bin. It isn't necessary to move the grain after it's dried. This method can be used for milo, rice, peanuts, and soybeans, explains the engineer.

An in-storage drying system has three components: one or more storage bins, air distribution systems, and a source of forced air. Round metal bins are quite popular for on-farm drying facilities and are available with air distribution systems. A common method of distribution the air is to force it under a crop-drying floor having small openings through which the air can move upward.

This type of drying may use natural air or supplemental heat. In a natural air system, unheated air is forced through

with a motor-fan unit. Supplemental heat may be utilized where humidity is high. This will raise the air temperature, lower the relative humidity, and increase drying speed.

Allen warns of overdrying grain by using air that's too warm. Heaters should not raise the air temperature more than about 10 to 12 degrees.

Two methods are used to load bins for drying in storage.

One is to fill the bin and dry the grain as a single layer, but a more practical way is the multiple layer system. With this method, a layer of grain is placed in the bin and when it is almost dry, an additional layer is added and dried.

Local county agents, says Allen, can supply detailed information on drying systems.

Lansing is the capital of Michigan.

More Wheat Cut Than Expected

Except for a few scattered fields, the 1964 wheat harvest is over and a better than expected crop of grain is in the elevators and on-farm storage.

A survey of local grain elevators this week revealed that more grain was cut this year than had been expected. This is attributed to many more acres of irrigated wheat than last year and better yields per acre on the watered acres.

The dryland acres cut were too small to have much effect on the harvest. This is the third dryland failure in succession for the county.

The yields from irrigated acres covered a wide scale. They ranged from 25 bushels per acre to as much as 65 bushels. The 25 bushels per acre were just about a break-even proposition for the farmers.

The price settled to \$1.35 per bushel. This low price sent wheat into the farm storage where it was available.

Jimmie Hicks of R.L. McClellan Grain Co., Inc., reported receiving the heaviest wheat this year that he has seen. Garland Head brought some wheat to the elevator that could not be tested accurately for weight. The test bucket is only calibrated to 65 pounds per bushel and it exceeded that figure.

The traveling custom combine crews have been moving out this week. Last week farmers were hunting crews. This week the crews were running out of work and moving on.

The Texas Employment Commission harvest bulletin reported Monday that the harvest is nearing completion all over the Panhandle.

The eastern part of the Panhandle reported the best wheat production with an average of 10 to 15 bushels per acre on dryland wheat. The harvest is 85 percent complete in that area.

A great increase in the number of irrigation wells drilled in the county since the wheat was seeded last fall sets the stage for Hansford County's ir-

rigated wheat acreage to be more than doubled at seeding time this fall.

Tests Help Farmers Add To Income

Important contributions are being made to stabilize wheat production and farm income by the outstanding test weight of new varieties of wheat. These varieties have been developed by the Small Grain Section of the Texas Agricultural Experiment Station.

Crockett, Tascosa and Caddo wheat varieties have produced an average test weight ranging from 2 to 4 pounds per bushel greater than varieties grown 10 to 20 years ago. This has resulted in the grower receiving No. 1 wheat prices most season. Normally No. 1 wheat sells from 3 to 10 cents more than No. 2 wheat which means an additional return of \$3.00 on each 100 bushels.

Comparative tests in Texas over an 8-year period gave an average test weight of 61.5 for Caddo, Tascosa and Crockett while Comanche, Tenmarq and Turkey averaged 58.5 pounds per bushel in the same tests.

The Tascosa and Caddo varieties have also proved desirable due to their non-shattering characteristic. Tascosa has repeatedly withstood severe hail storms with less damage than other commercial varieties. Thus it has been widely adopted in the Southern High Plains where some counties seed more than 75 percent of their acreage to this variety.

Tascosa was developed by I.M. Atkins and K.B. Porter, TAES researchers, and released as recently as 1958. It was grown on more than 300,000 acres in 1963.

County Agent's Report

Two Hansford County 4-H members are attending the State 4-H Council meeting in Houston this week, representing District I.

Allen McCloy and Elaine Kelly both of the Morse Junior Leaders 4-H Club are at the State 4-H Council meeting being held at the University of Houston, June 23-27.

Allen is now serving as Chairman of the District I 4-H Council and Elaine is now serving as girl Vice-Chairman.

The theme for the 1964 Texas 4-H Council meeting is "Leadership in Action".

SOYBEANS
Soybeans look like real "comers" on the Plains. Not only are they usually a profitable crop in their own right, but they also have an advantage in their late planting date. According to Area Extension Agronomist Billy Gunter, soybeans are fast gaining acceptance as a "catch crop" for hilled-out cotton when it's too late to replant.

Gunter points out that soybeans are recommended for planting on the Plains between June 1 and June 20. However, they can be planted as late as July 1 in the southern portion of the Plains if required.

Another advantage of the late planting date is in weed control on weedy fields. Mechanical tillage can be practiced up until the time beans are planted.

In the last few years, soybean acreage on the Texas High Plains has mushroomed. From 18,000 acres in 1956 to a record approximate 90,000 acres in 1963, this crop has boomed in planted acreage. Gunter says over 90% of the total Texas soybean acreage is on the High Plains. While 40-45 bushels are not uncommon, average yield last year for the Plains was approximately 32 bushels an acre. Support price for soybeans on the Plains this year will be around \$2.17 a bushel. In recent years, market price has been higher than the support price.

To grow soybeans successfully--for both high per acre yields and high net profit--an ample amount of management knowhow is needed, continues Gunter. He outlines recommendations for soybean production as follows.

Varieties: Hill and Lee varieties are recommended for the High Plains. The variety Hinn looks promising, but at present is available only to certified seed producers. Soybeans are well adapted to all major soils of the High Plains. The only exception is where chlorosis shows up in the grain sorghum.

Planting: Seed one bushel (60 pounds) per acre. Use good quality seed and place them two inches deep in the soil. Plant with a shallow bed to assure getting cutter bar of the combine below bottom pods. (On the last cultivation, lay by so cutter bar can still get under lower pods.)

Irrigation: For maximum yields, three to four summer irrigations are required. However, 30 to 35 bushels are frequently made on only two summer irrigations. The first irrigation should normally be made when bloom buds begin to appear. The last irrigation is normally in September--and can be the most important watering. Though not recommended for dryland, an occasional producer has made good yields on dryland.

Fertilizer: Soybeans are a legume and supply their own nitrogen--when properly inoc-

ulated. An exception to this is when they follow a high residue crop such as grain sorghum. In such situations, Gunter recommends adding about 20 pounds of nitrogen to act as a "starter." Soybeans phorous and a soil test is recommended to learn if a phosphorous deficiency exists.

Grain sorghum is more tolerant to 2,4-D when it is from 6 to 12 inches tall. If you spray for weeds when the sorghum is smaller than 6 inches some damage could occur to the plant. No more than 1/2 pound of acid equivalent (1 pint of 4 pounds per gallon material) per acre should be used.

Extreme caution should be used when applying 2,4-D as the spray drift and fumes could damage susceptible crops.

4-H News

Four members of the Happy Helpers 4-H Club met June 17 for an all-day clothing workshop in the Home Demonstration Clubhouse.

The group was Mrs. Don Kunselman's Food Group. Rebecca Hutchison and Cindy Hutchison, Junior 4-H Leaders, assisted the four girls, Karen Kunselman, Kathi Brown, Becky Sparks and Leslie Nollner in completing their aprons for the 4-H Dress Revue.

Members of the 4-H Clovers who have completed their garments that they will enter in the dress revue Friday, June 26 are Jolinda Lee, Lynn Hohertz, Deborah Jackson, Cindy Hutchison, Jan Jones, Becky McClellan, Jyniece Callaway, Lynna Mackie, Vicki Rosen-

baum, Deanna Sheets, Patsy Powell and Jan Jones.

Janice Trindle helped 4 4-H girls with their record books Monday, June 22 in the John Trindle home. Vickie Rosenbaum and Lynna Mackie met with Janice early in the afternoon. Later in the evening Janice helped Debby Sell and Patsy Powell work on their record books. Each girl will have her book ready for the dress revue Friday, June 26 in the high school auditorium.

Mr. and Mrs. Dennis Geneva and son left for their home in Coetla, Okla. Tuesday after spending the weekend visiting friends in Spearman.

Card of Thanks

For your prayers, letters, cards, gifts and beautiful flowers I received while in the hospital at Temple I am deeply grateful. They all meant so much to me. May God richly reward you in my prayer.

Lula Womble

The zinnia is the state flower of Indiana.

Holt Exhibits At PAMC

Roger C. Holt, Jerome, Arizona artist will exhibit twenty-five paintings in the Gallery of the No Man's Land Historical Museum July 1 through July 24, Dr. Nolan McWhirter, museum curator, stated today.

The Arizona artist's show represents one of the series of outstanding art shows in the Panhandle institution during the current year. A total of eleven shows are being featured through 1964 in the museum's gallery.

Holt was born in New Haven, Conn., graduated from Rollins College, studied in Paris, France and later at the St. Paul (Minnesota) School of Art. He has exhibited extensively throughout the United States. Among the galleries and museums where Holt's work has been exhibited are the Metropolitan Museum of Art; the Carnegie Institute, the Corcoran Gallery of Art; the National Academy of Design; the Berkshire Art Center; the United Nations Club, Washington, D.C.; the Santa Barbara Museum of Art; the High Museum of Art, Atlanta, Ga.; the Sarasota Art Association Gallery; the Gulf Coast Artists Gallery, Clearwater, Fla.; the Oakland Art Gallery; La Galleria, Beverly Hills, Calif.; Fleamarket, San Diego; the Verde Valley Artists Gallery, Jerome, Arizona; the University of Arizona; the Farnsworth Museum of Fine Arts, Rockland, Maine; the Phoenix Art Museum; the Sedona Art Center, Sedona, Ariz.; and the Rosequits Galleries, Tucson.

His paintings are represented in the collections of John McCloy, Vincent Price, Burl Ives, Abraham Ribicoff, Artie Shaw, the University of Georgia, and the University of Florida.

Communion Service Held

The two weeks religious instruction classes for Sacred Heart Parish closed Sunday, June 15. More than 40 children were in attendance.

Seventeen children received their First Communion at the 10 o'clock Mass Sunday. Included in this group were: Ann Bort, Joe Escamillo, Debbie Gregg, Isabel Vera, Jimmie Reimund, Seferino Escamillo, Johnny Vera, Greg Brothers, Susan Maldonado, Elvira Vera, Maria Herrera, Bobby Joe Cassillas, Juanita Mendoza, Violet Vialpondo, Rosa Maldonado and Pete Vera.

A First Communion breakfast was served to the Pastor, Fr. Hyland, the Mass Servers, Carlos Lopez, Kenneth Banks, Leon Mendoza, Mike Banks, and the First Communicants. Hostesses for the breakfast were Mmes. Frank Carmody, Don Allen and Charlie Lopez.

Besides the teachers, Mmes. Joe Cassillas, C.A.D. vis, Jr., Phillip Mendoza and Keith Gross helped with the transportation from Gruver and Morse.

Films, depicting the Life of Christ, were shown each day and enjoyed by the children. A picnic was held Thursday, June 11.

The parish wishes to thank all who helped in any way and special thanks go to the three Extension Lay Volunteers—Misses Janice Gleichner, Josephine Feustle and Adorene Gleichner, who taught throughout the year and for the two weeks course.

Mrs. Mable Edwards was surprised Sunday when her daughter, Mr. and Mrs. Billie Weant and family, came and made homemade ice cream to help her celebrate her birthday which was on June 19. Others present were her sisters, Mrs. Dot Jenkins and Mattie Ruth Richardson.

Mattie Ruth Richardson and Pauline Fox of Gruver spent Wednesday, Thursday and Friday of last week at Eagle Nest, N.M. fishing. They report that fishing was poor with high winds and a muddy lake.

Mrs. W.L. Campbell and son Bill of Ft. Worth came last week and spent the weekend with her sister, Mr. and Mrs. John Berry. John and Bill went on to Eagle Nest fishing while the ladies visited and spent Saturday afternoon in Pampa at guests of Mrs. J.E. Gunn.

day. Mr. and Mrs. Eli Reagan and Mr. Johnie Reagan of Plainview were Sunday dinner guests of Mr. and Mrs. Charles Da is. Mr. Johnie Reagan will spend a week or so visiting the Davis's.

Mrs. Bertha Jenkins was a Sunday night guest of her daughter, Mr. and Mrs. Bob Tevebaugh and Robert at Claude.

Mr. and Mrs. Bob Phelps and family of Forgan, Okla. and Mr. and Mrs. Don Chisum of Stinnett enjoyed home made ice cream Sunday afternoon with Mr. and Mrs. Dan Jackson.

Eddie and David Campbell of Levelland are visiting their grandparents, Mr. and Mrs. John Campbell.

Holt News

Mmes. Maye Board of Morse and Martha Batton were Thursday dinner guests of Mr. and Mrs. Owen Pendergraft.

Mr. and Mrs. LeRoy Rosson of Erick, Okla. visited Thursday with Mr. and Mrs. Vernie Rosson of Spearman, then spent the night with Mrs. Maude Rosson.

A surprise birthday party was given Mrs. Wesley Jenkins Friday afternoon June 19. Gifts were presented to the honoree and refreshments were served to Mrs. Marguerite Jenkins and Kathy, Cheryl Jo Weant of Spearman, Mmes. C.W. Kirk, Owen Pendergraft, Bertha Jenkins, Anna Lee Kirk, Charles Davis, Oliver Jones, Maude Rosson, Janet Reger and children and Betty Gaines and girls.

Mrs. Ruby Lee Bowden of Lubbock and Mrs. Wanda Lee Collins of Perryton visited Tuesday with Mr. and Mrs. Owen Pendergraft and Mr. and Mrs. Charles Davis.

Nancy Martin, who has been visiting her parents, Mr. and Mrs. Herbert Kirk, returned to her home in Dallas Saturday.

Coffee Honors Mrs. Reed

Mrs. Eddie Reed was honored with a neighborhood introductory coffee Tuesday morning in the home of Mrs. Pete Fisher.

The serving table was laid with a white cutwork linen cloth and was centered with an arrangement of yellow flowers flanked with yellow candles in crystal holders.

A fruit dish, coffee cake and coffee were served by the hostesses to Mmes. Hugh Banks, Jim Walker, Wesley Garnett, Marcus Larson, Carl Archer, Luther Berry, H.H. Chevalier and the honoree, Mrs. Reed.

The Reeds are new residents of Spearman living on South Dressen. He is employed by Baker & Taylor.

Mrs. White Is Guild Hostess

The Arts & Craft Guild met June 19 in the home of Mrs. Kiff White.

Attending were Mmes. Clay Gibner, Fred Hoskins, Joe Traylor, P.A. Lyon and Ned Turner.

The next meeting will be June 26 with Mrs. W.L. Russell as hostess.

New Number For Society News

Beginning next week, Mrs. Jim Davis will replace Mrs. Alma Remy in gathering society news for The Plainsman and Sunday Plainsman.

Call 2266 to report society and local items of any kind.

Bud Brigrance of Tulsa, Okla. visited this week with his sister, Mr. and Mrs. W.L. Wilkerson and family.

Mr. and Mrs. George Buzzard spent one day last week in Dumas on business.

Nicki and Brent Nicholson of White Deer have been visiting their aunt and uncle, Mr. and Mrs. Omar Cotter, this past week.

Lee Keys returned home Sunday night from Ponca City, Okla. after attending the funeral services for his father-in-law M.W. Robinson. Mrs. Keys stayed to spend the week with her mother.

Mrs. Viola Boyd and Winnie Carol, Mrs. Mattie Reynolds and Dallasene and Mrs. Carl Hull left Thursday for New York where they will attend the World's Fair and many other places of interest enroute. They expect to be gone 4 weeks.

When you are using chocolate, pay careful attention to melting it over low heat; too much heat may scorch it and affect its color and texture.

Some cooks like to sieve cottage cheese before using it in cheese cake to promote smooth texture.

Open the oven door, when you are baking, as little as possible; each time you open it, you lower the temperature and affect the baking process.

While it was still a territory, women in Wyoming were given the right to vote.

Day By Day

We got into a discussion Monday at the office about whether or not chickens have eyelids, a rather thought provoking subject. The subject came to my attention when I was reading the Perryton newspaper and came upon a lifesize photo of a chicken being fitted for contact lenses, no less.

It seems there's this chicken grower (that's what the story called him) in Tucson who had 2,000 layers fitted with contact lenses but he decided the glasses "were not for the birds" after all.

The theory was that the lenses would curb cannibalism. By distorting the chicken's vision, the lenses would prevent it from knowing when another chicken was wounded. The man has 90,000 layers and figures he loses \$20,000 a year from birds being pecked and trampled to death.

Well anyway, the contact lenses were to cost him only \$2,800 with putting the plastic covers in the chickens' eye costing another cent per bird. Even if the lenses were only 50 per cent effective, he figured he would save \$10,000 with an investment of only \$2,890.

The idea was a good one, according to growers and University of Arizona researchers, but the chickens developed an eye infection which could have caused blindness so the plan was abandoned pending more research.

While wearing the contact lenses though, the chickens became quiet and made only a limited attempt to remove their specs. They walked slowly and sedately and didn't squawk all over the place when picked up.

Oh yes, and when I got to the end of the story, I found that chickens do have eyelids, which work crosswise by the way.

Maybe this will be a field for ambitious young people of the future. "Chicken optometrist" isn't a very impressive title though, is it.

...

Mark Twain, in his reporting days, was instructed by an editor never to state anything as fact that he could not verify from personal knowledge. Sent out to cover an important social event soon afterward, he turned in the following:

"A woman giving the name of Mrs. James Jones, who is reported to be one of the society leaders of the city, is said to have given what purported to be a party yesterday to a number of alleged ladies. The hostess claims to be the wife of a reputed attorney."

4-H Dress Revue Slated Friday in HS Auditorium

The Hansford County 4-H Dress Revue will be presented Friday, June 26 at 3:30 p.m. in the Spearman High School Auditorium. The public is cordially invited to attend the 1964 4-H Dress Revue and presentation of awards.

Mrs. Etter Is Book Reviewer

Helen Etter reviewed "My Life with Mother Superior" by Jane Trahey at the Monday night meeting of the book club held in the home of Virginia Cates.

Refreshments were served to Lois Gibner, Johanne Blodgett, Nan Ballenger, Etoile Renner, Pat Donnell, Faye Lynch, Helen Etter, and a guest, Vashti Akon of Shawnee, Okla.

Mrs. Fox Gives Program On Garden's Word Origin

Mrs. Jim Fox was hostess to the Gladiola Flower Club June 18 in her home.

Sylvia Robertson, president,

conducted the business session. Roll call was answered with "Name and Explain a Gardening Term." It was decided by the group that the annual club picnic will be held Thursday evening, July 2 at 7 p.m. at the Swimming Pool Park.

Beth Fox gave a very interesting program titled "Word Origin of Your Garden." Lovely refreshments were served by the hostess to Jackie Banks, Wanda Brown, Colleen Brummett, Betty Jean Davis, Genevieve Fields, Dorothy Haner, Gloria Knox, Sylvia Robertson and Alice Snyder.

Mrs. Dyora Jones, Home Demonstration Agent, Moore County, will judge the garments.

Women's Swim Lessons Available

Swimming lessons and special sessions for women only, besides the regular swimming hours are available at the Spearman swimming pool.

Life guard Bobby Witcher gives lessons Monday through Saturday at 9:30 a.m. The lessons are 50 cents per hour.

On Tuesday and Thursday from 10:30 until noon there is a session for women only. No children are allowed.

Regular swimming hours at the pool are from 2 until 5 p.m. each day and from 6:30 until 8:00 p.m. on Monday, Tuesday, Thursday and Friday.

Women's Golf

Tourney Thursday

A ladies golf tournament will be held Thursday July 2. Tee off time will be 4 p.m. There will be an entry fee of \$1.00 and there will be a beginners flight.

MISS JOAN GREENE

Miss Joan Greene Leaves for Hawaii

Miss Joan Greene left Monday for California and Hawaii as part of a 51-girl tour that will attend the University of Hawaii for six weeks.

Miss Greene, daughter of Mr. and Mrs. Everett Greene, is traveling with Miss Juanna Jo Moore of White Deer and

Miss Sondra Stargle of Memphis. All the girls are students at Texas Tech.

The three girls will join the rest of the group in Los Angeles, Calif., and fly to Hawaii. All are college students. Twelve are from Texas schools.

It Must Be Record For County Clerks

Sunday, Mr. Lee McClellan probably set some kind of record for county clerks. He and Mrs. McClellan attended the Golden Wedding Anniversary celebration of Mr. and Mrs. Hardy Keylon of Texhoma, Okla.

The record? This was the fourth Golden Wedding Anniversary celebration McClellan has attended where he issued the marriage license to the couple.

McClellan served as the Hansford County Clerk when the courthouse was at Hansford.

Next year Mr. and Mrs. McClellan will celebrate their Golden Wedding anniversary June 6. This will be the fifth couple, because McClellan issued his own wedding license.

Keylon lived in Hansford County as a youth and he and

McClellan were close friends.

Mr. and Mrs. Keylon have eight children. The children live all the way from West Virginia to California. All were home for the anniversary. There are 22 grandchildren and 21 of them were present.

Mrs. Maize Is Canasta Hostess

Mrs. Ben Maize entertained her Canasta Club Tuesday afternoon. Those playing and enjoying refreshments were Mmes. J.H. Buchanan, H.W. Bagley, W.E. Bratton, A.W. Mobley and W.H. Neilson.

Visiting Mr. and Mrs. Francis L. Perkins and daughters this week are her sister, Mrs. Lucille Forbes and her mother, Mrs. Verna Ward of Unionville, Mo.

Scout Day Camp Is Announced

The Girls Scouts of Spearman are planning a day camp for all Scouts, from Brownies to Seniors to be held July 20 through 24 from 8:30 a.m. to 2:30 p.m. at the Willie Seitz ranch.

Any Scout who is interested in going may contact their Troop Leader or Day Camp Manager, Mrs. Howard Thomas, 221 S. Hazelwood by July 10. The fee for the camp is \$2.50 for Brownies and \$4.00 for all other girls. Fees must be in by July 10. If enough girls do not register, money will be refunded.

Mr. and Mrs. Marshall Sexton of Cache, Okla. were guests from Friday till Tuesday in the homes of their daughters, the Pete Fishers and the Bud Kings.

Mr. and Mrs. Ralph Blodgett had as Sunday dinner guests her parents, Mr. and Mrs. C.A. Studer and her aunt, Miss Lola Studer, all of Canadian.

Mr. and Mrs. Truitt Tarrent of Vernons spent the weekend as guests of his sister, Mr. and Mrs. Loyd Carroll and Loyd D. They left for their home Monday morning.

By Linda Webb
Home Demonstration Agent
Several major supermarket chains are reluctantly making plans to issue scrip in an effort to overcome a worsening coin shortage, according to an article in the June 8 issue of Wall Street Journal.

Housewives may soon be paying for their groceries with red, blue, or orange bits of paper, along with the more familiar green U.S. currency. The chain stores are planning to issue scrip in amounts less than \$1 to help ease the coin shortage.

The scrip would simply be pieces of paper--in denominations of 1, 5, and 10 cents--which would be redeemable in currency, coin in dollar amounts, or goods. It would be backed by the good faith of the issuer. A major tea company, with 350 stores in the Midwest and New England, already has approved a design and is now printing what it hopes will be several week's supply of scrip. They plan to issue the scrip in September--unless something happens between now and then to ease the coin shortage.

Supermarket chains have been forced into making plans for scrip because they have been hit the hardest by the coin shortage, their executives claim. Food stores are a major user of coins because of a large volume of sales involving small amounts and because they cash millions of pay checks for Americans each week.

While U.S. Treasury rules explicitly prohibit private individuals from issuing any "note, check, memorandum, token or other obligation for a sum less than \$1 intended to circulate as money," food chain attorneys believe the scrip would be legal because it would not be intended for general circulation. To back up their case for scrip, they call attention to the cents-off coupon and the trading stamp.

The modern ham steak-lean, milder and pre-cooked-has become the ideal meat for barbecuing. Special flavor is attained by marinating the steak in a tangy, citrus sauce for several hours before cooking, then using the marinade to baste the ham while it sizzles over the coals.

For really carefree cooking, select a canned ham for grilling. Simply slice the meat into steaks about 1/2 inch thick and place them in the marinade for several hours or overnight.

When you're ready for the meal, place the steaks right on the grill over the glowing coals...but not too close. Canned ham is already fully-cooked. Baste the meat once or twice with a little of the 7-Up sauce, and turn the ham steaks just once.

California Marinated Ham Steaks
1 can (6-ounce) frozen orange juice concentrate, thawed
1/2 cup brown sugar
1/2 tsp. allspice
1 tsp. Worcestershire sauce
1 bottle (7-ounces) 7-Up
Canned ham steaks, cut 1/2 inch thick

Combine orange juice, sugar, allspice, Worcestershire sauce and 7-Up. Place in shallow dish. Add ham steaks, spooning sauce over steaks. Place in refrigerator for several hours or overnight.

Remove steaks from marinade and place on grill over glowing coals. Brush once or twice with 7-Up sauce during cooking. Turn once. Cook just until heated thoroughly and lightly browned.

Mrs. Emma Koechel of Enid is spending the summer here with her sister, Mr. and Mrs. George Buzzard and other relatives. Her niece, Mrs. Georgia Holt went to Enid for her and took her to Graham for the wagon train celebration.

MASSAD'S

THE MORSE CODE

Allen McCloy and Elaine Kelly are in Houston this week attending the state 4-H council meeting. They were elected as council delegates at a district council 4-H meeting earlier in the spring.

Allen is currently serving as District 14-H chairman and Elaine is the girls district vice chairman.

Mr. and Mrs. Ernest Leib entertained her brother Harry Forrester of California, with a dinner Sunday. Among the guests attending were Mr. and Mrs. S. Jimmy Culp and Mr. and Mrs. Willie Watters of Amarillo; Mr. and Mrs. Lee Richardson of Stinnett; Mr. and Mrs. Chesta Leib and Billy of Gruver, Mr. and Mrs. Billy Willard and boys of Borger; Mrs. Ella Parks and the H.B. Parks family of Morse.

Mrs. Junior Davis (Linda Gillispie) and new son are at the home of her parents, Mr. and Mrs. Jack Gillispie.

Joan (Womble) McCullough of Denver is visiting her family, the D.M. Wombles, this week.

The Carson McCloy of La Junta, Colo. were weekend visitors in the home of his mother, Mrs. M.W. McCloy.

Mr. and Mrs. Wayne Kelly and family of Lubbock were visitors in the homes of the Desmond Kellys and Mrs. Roberta Kelly over the weekend.

Mr. and Mrs. Clay Gibner and Mr. and Mrs. Freeman Barkley of Spearman were guests in the home of the Desmond Kellys Thursday evening.

Evelyn Kelly is attending a summer missionary Bible school in Denver, Colo. this week.

Mrs. D.M. Womble and Mack Dortch visited with Mrs. H.I. Gay Monday in Amarillo. Mrs. Gay's sister, Mrs. Rita Razor, recently passed away. Services for Mrs. Razor were held in Hereford on Tuesday.

Mrs. John Thompson spent a few days in Amarillo with her sister, Mrs. Ezelia Alexander. Mrs. Alexander's son, Donnie, underwent surgery in an Amarillo hospital.

Mrs. Besse Henderson visited in Dumas with Mrs. Roy McNutt and Mr. and Mrs. Tom Mills Friday.

The Sunbeam groups of the Baptist church will be studying the Orient for the next quarter with emphasis on Hong Kong, Thailand and Taiwan. The theme will be "Sharing the Bible with others." July meetings will be the 13 and 20 with meetings scheduled each week in August. August 9-15 will be the Sunbeam Band Focus week and the Christmas in August party will also be held during August.

Mrs. Arnie Kirkpatrick, the former Shirley Davis, from Gallup, N.M., has been visiting in the Lynn Davis and Boss Davis homes.

HANSFORD HOSPITAL NEWS

Patients in Hansford Hospital this week are Juanita Boxford, Barbara Moran, Arvilla Vance, Ruth Shelton, Vern Osborn, Zelpha Galbreath, Sam Barr, Maude Mathews, Mary Connelly, Mary Miesner, Myrtle Blodgett and Pearl Miles.

Dismissed were Peggy Ellsworth, Paulette Laxson, Archa Morse, Homer Allen, May Gross, David Hall, Dortha Niel, Anson Ward, Jan Vinyard, Leona Morrison, Claude Dunnson, Gala Reitsman and son.

Future Readers Of

The Plainsman

Mr. and Mrs. Daniel Reitsman are the parents of a son, Johnny Daniel born June 18 in Hansford Hospital. He weighed 5 lbs. 9 oz.

Mr. and Mrs. Alfred C. Shelton are the parents of a son born June 20 in Hansford Hospital. He weighed 9 lbs. 8 1/2 oz.

Openings at Camp

There are plenty of openings at Black Mesa Camp for 5th and 6th grade girl scouts for the week of June 28 through July 4.

If interested, contact Mrs. Harold Crooks for information, phone 2068.

The camp is located near Boise City, Okla.

Mrs. Jess Womble has returned home from Scott and White Clinic in Temple. She underwent surgery at the clinic.

Beef Supply Is Plentiful

Cooking is a real challenge. June brides and other beginning cooks are fortunate in having an abundance of that favorite meat--beef--to use in planning menus.

Estimates of June beef production range from 5 to 10 percent above a year ago, says Mrs. Gwen Clyatt, Extension Service consumer marketing specialist.

Among the best values are beef chuck roasts, ground beef, hams, bacon, lamb shoulder roast and luncheon meats.

Grade AA and Grade A large size eggs offer shoppers the most in quality and food value for the egg dollar. All eggs are low priced in comparison to their food value.

Green beans vary in quality and price, but are worthy of your investigation. Sweet corn is featured at attractive prices in many supermarkets. Lettuce quality is improved and prices are lower. Good quality squash, cucumbers, green peppers, radishes, green onions and carrots are available at reasonable prices.

It's the time of year for retailers to move out stocks of frozen foods to make room for the anticipated new season, so watch for good values in vegetables.

Bananas are featured items in some stores now. Valencias are the leading orange variety. Fresh strawberries are coming in from California. Other fruits available include cantaloupes, watermelons, pineapples, cherries and apricots.

Mr. and Mrs. Bill Devers of Canyon were Saturday overnight guests of his parents, Mr. and Mrs. Ray Devers. Peggy Devers, who has been in Canyon for the past 2 weeks came home with them. An added Sunday dinner guest was Jasper Scheer of Plainview.

THE WAY I SEE IT

Robert Cordes, Pastor
Oslo Lutheran Church

The windup was completed and the ball sizzled toward the plate in a high arch. Strike three. You're out! The Little League batter dazed at this call, slowly turned, removing his batting helmet as he walked dejectedly toward the players bench.

The baseball umpire working our little league games deserves a great thank-you from all of us. His devotion to coming out and calling the games surely is appreciated. In Gruver, especially, this is the first year we have had so many men doing our "umping".

The boys love to play ball and show such enthusiasm over a run. And the win column is mighty sweet. Sure, they make many mistakes. But some spectacular plays too are completed.

All that any of us can do to help the boys should deserve our utmost attention. Some boys are slow in developing a sports feeling. Some are timid at the plate, or when a ball comes their way. But together as a team, they develop and learn to take defeats, or wins with grace. Even tears show when the hurts come. But they rise and move ahead. Life is

this way too, isn't it. We all are hurt, but need to rise up and fight back to overcome our defeats and learn from our mistakes.

Have you come out to see some ball games? Is life so busy you can't watch the little leaguers play their heart out?

Thank you again Umps for your loyal work. While you may not receive much public thanks, we do want you to know you are doing a great work.

David Hutto, owner of Western Auto, was in Amarillo Sunday at the Holiday Inn-West to attend a showing of new Sylvania television sets and stereos.

Mrs. Julia Billingsley and Gary of Lubbock, and Mrs. Mary Hazelwood and Travis of Fort Worth have been recent visitors in the homes of their sisters, Mr. and Mrs. Joe Dan Bryan and Mr. and Mrs. Ray Phelps.

Mr. and Mrs. Frank Massad and Pat were in Perryton recently for the wedding of Miss Lou Carol Saled to Benjamin Newton Conley.

Low-cost protective area lighting

THE AUTOMATIC

NITE-LITER

FOR HOME AND BUSINESS

The Nite-Liter is one of the most effective outdoor lighting units ever devised for private use. Its mercury vapor brilliance gives freeway-type illumination around home or business . . . for protection, work and recreation. Automatically turning itself on at dusk and off at dawn, the Nite-Liter provides effective light up to 150 feet away. And for only \$4.00 per month, CPS furnishes the Nite-Liter, installs it on a wooden pole, maintains it and provides replacement lamps and electricity used. Call our office for complete information on the Nite-Liter.

"It is written that man shall not live by bread alone, but by every word of God."
Dueteronomy 8:3

Even in this modern world today, bread alone is not enough. A man may achieve fame and great wealth, only to discover something still "missing" in his search for happiness. Whatever his means, the man lives by the words of God is richest of all.

Damaged Crop Sometimes Can Produce Regrowth

Hail damage to grain sorghum can be very devastating if it is sometimes possible to produce a crop from the regrowth if the damaged stalks are shredded, says Ben R. Spears, Extension agronomist, Texas A&M University.

Success of this regrowth crop in the central and south central portion of the state, says the agronomist, depends primarily on these factors: insect damage, temperature and soil moisture, and disease.

Insect damage results primarily from the sorghum fly. The larva or maggot of this destructive fly feeds on the internal content of the seed, causing the grain heads to appear "blighted" or "blasted."

The first crop is usually harvested around July 15 in the Delton area. If damaged by hail, the crop, shredded in the bloom stage, will require another 30 to 60 days before reaching this stage again, says Spears. Although occurrence of the midge in damaging numbers cannot be predicted, it may be serious if soil moisture is adequate for host plants such as Johnsongrass or Sudan grass.

Spears warns that precautions should be taken to detect the midge and that promises of a good yield may warrant the use of an insecticide as a control measure. Among the approved insecticides are Sevin, Dieldrin, Trithion, diazinon, malathion and parathion. Recommended instructions should be followed in their application and all restrictions should be carefully observed.

Temperature and soil moisture are also important considerations. Heat will often limit yields from a regrowth of sorghum as will poor soil moisture, comments Spears.

Head smut is one of the most damaging diseases to grain sorghum and may also be an important growth-limiting factor. In regrowth of a susceptible hybrid, the disease has been observed to range from about the same as the

first growth to 400 percent more, Spears adds.

Research and experience has shown that the best height at which to shred the sorghum is four inches. At this height tillers are produced at ground level, resulting in stronger stalks and better heads than when shredded higher.

Ticket Holders To Get Credit

June 18, 1964

To The Residents of The Panhandle Dear Friends:

Thank you for your response to "Fandangle" and the theatre in the Palo Duro Canyon when we finally had a make-up performance last Sunday.

And thank you for your good nature in the rain.

And thank you for your persistence in returning.

Like a football stadium, an outdoor theatre has to choose whether to make refunds or to arrange a make-up performance when rained out. It cannot do both and survive, and of course the performance was the choice made.

However, you were so interested that the executive board of the Texas Panhandle Heritage Foundation wants you to see the theatre under lights on another occasion. We have decided to give to you who held tickets and could not return on Sunday the same privileges which donors have. So:

1. Send your tickets or stubs in a stamped self-addressed envelope to Fandangle, Box 268, Canyon, Texas before July 1, 1964.

2. You will be registered as a donor to the Texas Panhandle Heritage Foundation, Inc. and will receive an acknowledgement.

3. When our own summer-long production opens, you will have a credit of \$2.50 or \$4.00 for each ticket or stub returned to use for tickets to that show, or... if you prefer.

1. We will send you a ticket to "Fandangle" which is to play in Albany, Texas on June 26 and 27, 1964.

Sincerely,
Mrs. Ples Harper
Texas Panhandle Heritage Foundation, Inc.
Box 268
Canyon, Texas

HOBO PARTY--These members of Brownie Troop #260 enjoyed a hobo party recently to close the year.

Brownies Have Hobo Party

Brownie Troop #260 finished the year with a Hobo Party recently.

All of the troop were present except Peggy Floyd who was sick.

Each girl was dressed as a hobo and brought a sack lunch. The leaders furnished the drinks.

The group looked so cute all were given prizes for their costumes.

The girls are looking forward to working together again in the coming year.

Having a party, a house full of company or returning from your vacation? The Plainsman would like to know about it. Phone 2266.

Alaska has a longer ocean coastline than the United States.

Two Boys Join Army

Two Spring graduates of Spearman High School have enlisted in the Army and will report for duty in July and August.

Ovid Batson and Roddy Woodson have enlisted for two years of duty. They both are members of the 1964 graduating class.

Batson will leave for recruiting on July 31, and Woodson will leave Aug. 22. Both will take recruit training at Leonard Wood, Mo.

After basic training the two will go to Fort Monmouth, N. J. to attend microwave radio air school. They will be assigned duty stations after completing the 33-week school.

Batson is the son of Mr. and Mrs. Jack Batson. Woodson is the son of Mr. and Mrs. Will Wilkerson.

MISS MOHAIR OF 1964—Miss Becky Crouch, 19, of Fredericksburg, who is "Miss Mohair of 1964" displays some of her suits and dresses on her first visit to New York City. The tall, slim brown-eyed blonde is an art student at the University of Texas.

Nellie Bly was the pen name of Elizabeth Seaman.

The late Franklin D. Roosevelt's hobby was stamp collecting.

Louisiana's state capitol building at Baton Rouge, is the tallest in the nation.

Nebraska is the only state in the Union with a unicameral or one-house legislature.

Nevada is the driest and least populated state in the U.S.

Andrew Jackson's home was called "The Hermitage."

Local Men Help Drive

Three Hansford County men are on the board of directors for the special memorial fund for the late Dr. Floyd S. Newman of Shattuck, Okla.

The local men are Bruce Sheets and Joe Day of Spearman and Eugene Barnes of Gruver.

This special memorial fund will be used in the construction of new additions to the Newman Memorial Hospital that replace older portions of the hospital damaged by fire on Sept. 9, 1963.

The directors point out that all donations are tax-deductible because the hospital is a non-profit corporation. The hospital was founded by the late Dr. O.C. Newman in 1907. It became a non-profit corporation in 1949.

Ochiltree County men serving on the board are H.C. Brillhart, Sr., Dave Schoenhals and Woods King of Perryton.

G.W. Schults of Shattuck is chairman of the drive.

"You're through, sir . . .
soon as we pry these hands
loose!"

The iron lung was invented by Prof. Phillip Drinker of Harvard University.
Leo Hendrick Baekeland invented bakelite.

**DON'T
MISS**

Wouldn't it be a shame not to get all the profit you can from this year's crop. If your young plants don't now have all the nitrogen they need, you're liable to miss the big end of the profit. A side dress of Nitromite, Shamrock's anhydrous ammonia, is the sure way to get the maximum yield. Considering how little it costs compared to the extra yield it's a mighty shrewd investment. Call or come in soon.

Spearman

"LET'S GO!"

... to a hidden world in
General Telephone Country

Carlsbad Caverns National Park

Renowned throughout the Nation, Carlsbad Caverns is proclaimed by millions to be the world's first natural wonder. Created through countless centuries by giant earth upheavals and water erosion, the Caverns have rooms as big as 14 football fields and ceilings as high as a 22-story building. Several tours are offered visitors. There is even elevator service, to a lunchroom deep in the heart of the cave. Overnight accommodations in hotels, motels and trailer courts are nearby. Shops, restaurant, nursery and kennels are at the service of visitors. Situated in Southwestern New Mexico, open the year 'round, Carlsbad Caverns is readily accessible by major highways from any point. It is an underground fairyland — one of the truly great places to go and things to see in General Telephone Country.

GENERAL TELEPHONE

OF THE SOUTHWEST

Collard Lays Cornerstone

The cornerstone of the new Lockney grade school building will be leveled by the Grand Master of the Masonic Grand Lodge of Texas at a 1:30 p.m. ceremony Thursday.

John R. Collard of Spearman will be the honored guest at the leveling ceremony, which will be under the direction of Lockney Masonic Lodge No. 287. Masons from 21 area lodges have been invited to attend.

The visiting Masons will gather at 6 p.m. for a banquet at the high school cafeteria. Following the meal, elected and appointed officials from lodges in the 96th Masonic District are to be installed by Collard in the high school auditorium.

Nevada means snow covered.

One Wreck In Harvest

Only one minor accident was reported during this wheat harvest, according to Sheriff J.B. Cooke.

A grain truck turned over west of Gruver, but no one was injured.

Two other minor accidents were investigated this week, but they caused little property damage, the officers said.

Mr. and Mrs. Aubrey Covington and daughters of Midland and formerly of Spearman visited friends in Spearman this week on the way to Kansas.

Mr. and Mrs. Everett Vanderburg and Mr. and Mrs. Ellzey Vanderburg went to Pampa Wednesday to attend a funeral and also visited with relatives.

Louisiana is divided into parishes instead of counties.

OUTDOORS IN TEXAS

By VERN SANFORD

Bats are not attracted to lights because of the illumination. They zoom in only to catch the insects which are drawn to the light.

The "song" of the tiny cricket, an insect which is less than an inch long, sometimes can be heard a mile away. Mister Cricket is the only vocalist. Mrs. Cricket is mute.

The bald eagle is an exceedingly loyal and affectionate parent. It will not desert its young even if the tree on which it nests is in flames.

Bats are not "blind as bats." As far as naturalists can tell, they have fair daytime vision.

Rattlesnakes, contrary to belief, do not seek to avenge the death of a mate. They probably are attracted to the death scene by scent.

When the Pacific horned lizard is frightened, it squirts blood out of its eyes.

The skeleton of the ant is on the outside of its body.

The so-called silver eel is just a common green eel with a date. When they are six to eight years old, eels stop feeding and change to a silvery color for their long trip into the ocean to spawn and die.

The kangaroo rat is neither a kangaroo nor a rat. He is a near relative of the pocket mouse which shares his desert haunts.

Three common myths are that bats snarl themselves in women's hair, falling cats always land on their feet, and elephants are afraid of mice. All are untrue.

Surprisingly enough, the small Ruddy duck lays the largest egg of all wild ducks.

Regardless of his name, the main diet of the sparrow hawk is grasshoppers.

TO HOUSTON--Allen McCloy and Elaine Kelly of Morse boarded the train Monday on their way to the University of Houston for a meeting and workshop of the State 4-H Council. Allen is Chairman of District I 4-H Council and Elaine is Vice-Chairman. Theme of the meeting is Leadership in Action.

Frogs are able to sing under water because they normally sing with their mouths and nostrils closed.

Except for vultures and parrots, wild geese live longer than any other birds. Authentic records given them as much as 70 years.

The bald eagle was adopted as our national emblem by Congress on June 20, 1782.

The weird, mournful cry of the loon has given rise to the phrase "crazy as a loon." But the bird is far from crazy.

Deer, elk and moose have no gall bladders.

The carp, a native of Asia, was introduced in the United States in 1872.

Birds have the highest body temperature of all creatures—104 to 110 degrees Fahrenheit.

A snake's teeth are pointed backward to prevent escape of animals captured for food.

It is quite doubtful that camels, as many suppose, can go without water for a week without great discomfort or physical danger. Two or three days is believed to be the limit.

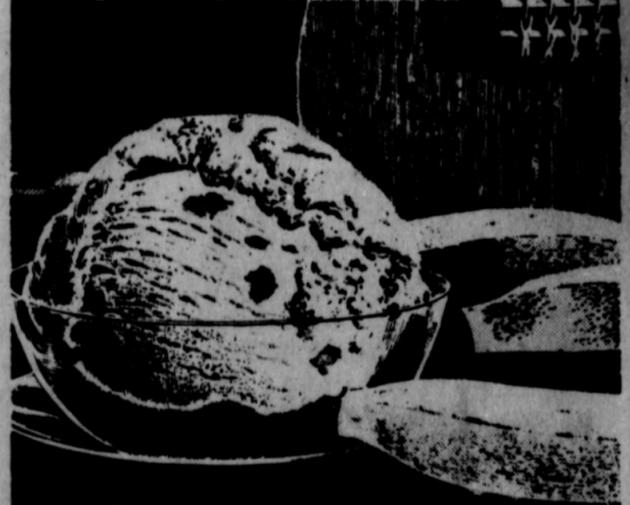

Washington was the only President ever to receive the entire electoral vote, (1789).
