CLEMENTS ENTERS PLEA

This has been a rather interesting week to be in the news reporting business in Spearman. It was enjoyable to get a chance to talk shop with so many boys of the dailies and watch them fight the deadlines. (If I had not done so much watching, maybe I would have made mine Wednesday.)

A majority of the newsmen were disappointed that the Clements trial ended without Billie Sol Estes getting on the stand.

It seems that some of them had fat files of unstantiated information in their heads and they are just hoping someone will testify about the facts and they can use them.

Probably one of the greatest bits of newspaper humor in a long time developed Monday night when Daily News reporter Clyde Walters was dictating his story to a rewrite man at the paper.

Walters was quoting Judge Max Boyer's statement about working in the library on the Sabbath. When he got to the word Sabbath, he apparently stumped the man on the other end of the wire.

The one-sided conversation went like this:

"Sabbath. S-a-b-b-a-t-h. You know Sabbath, S-a-b-b-a-t-h!" There was a slight pause, then Walters said:

"Sabbath, you know Sunday." another pause then: "You better put Sunday in brackets beside it. May someone else does not know what it is."

The story appeared with Sunday in brackets beside the word Sabbath.

With all the daily papers and television covering every move made at the trial, it seemed the local paper's would have little to write about.

However, we did score one first on everyone with our picture of Estes leaving the courthouse. All during the trial numerous photographers had tried to get a picture of the man. Everyone said the U.S. Marshalls blocked the view and Estes covered his face.

We stumbled on to our picture though dumb luck. We just happened to go by the courthouse early Wednesday.

LEAVING SPEARMAN — Billie Sol Estes (center) is smiling as he leaves the Hansford County Courthouse accompanied by two U. S. Marshalls, Bob Nash (left) and Pat Davidson. Estes did not get a chance to testify in the Robert Earl Clements trial here.

Estes Throws Shadow On Trial from Jail

Billie Sol Estes has drawn large crowds and small ones when he spoke at religious gatherings, but the chance he might speak on different subjects emptied the 84th District Courtroom in Spearman Tuesday afternoon.

The courtroom emptied rapidly after Robert Earl Clements of Amarillo entered a plea of nolo contendere to a felony theft charge and received a two-year suspended sentence.

Clements was being tried in 84th District Court on a charge which grew out of the sale of Superior Tank Co. to five men, three of whom have been convicted on charges growing out of the Billie Sol Estes agriculture empire collapse.

According to the Texas Code of Criminal Procedure, Article 505 nolo contendere has "the legal effect of such plea shall be the same as that of a plea of guilty, but the plea may not be used against a defendant as an admission in any civil suit based upon or growing out of the act upon which the criminal prosecution is based."

After receiving the plea the state recommended that Clements receive a sentence of two years in prison and the sentence be suspended. The recommendation was made by

Hansford County Attorney James P. Linn because of Clements age, 71, and his poor health.

Judge Max Boyer accepted the recommendation and set the sentence. Should Clements be convicted of any other felony charges he would be required to serve the sentence.

In his closing remarks Judge Boyer said despite testimony by several local people that Clements could not get a fair trial here because of the great amount of publicity, he thought an impartial jury would have tried the case.

Clements' lawyer, Clyde Woody of Houston, sent several local people, and numerous newsmen from Amarillo to the witness stand Monday in an attempt to prove that Clements could not get a fair trial here. The reason being the large amount of publicity given Clements' previous trial and the Billie Sol Estes scandal in Amarillo news media.

Woody presented the witnesses to support his motion for a change of venue.

Prosecutor Linn countered Woody's moves by showing under cross-examination that the local witnesses had talked to very few local people and their opinions were based

Former Postmaster Arraigned

Former Spearman Postmaster Donald H. Smith is free on \$500 bond after being arraigned before U. S. Commissioner H. B. Bagwell in Amarillo on a charge of converting postal funds to his own use.

Smith was arraigned before Bagwell on Feb. 23, 1965, just four days after he resigned the postmaster's position Feb. 19. Postal inspectors were in the post office the day he resigned.

The federal charge alleges that Smith converted to his own use \$6,224.30 in postal funds which came into his hands as postmaster at Spearman, Texas.

The next federal grand jury will meet in Dallas soon, according to the Federal District Clerk in Amarillo.

Smith was postmaster in Spearman for 11 years. He assumed the duties on Feb. 15, 1954.

During the 11 years Smith was postmaster the local office has quadrupled its receipts. In 1953 receipts were approximately \$12,000 and in 1964 the receipts were \$51,000.

Trial Effects Spearman

The Robert Earl Clements trial and its quick conclusion here Tuesday had its effect on Spearman.

Because the charges in the trial grew from investigations into the operations of Billie Sol Estes, the trial had state-wide news value. It probably put many people to looking for maps to find Spearman.

One down-state radio announcer was broadcasting the news about the trial and when he came to the word Spearman, he seemed surprised there was such a town in Texas.

Locally the arrival of Billie Sol Estes as a probable witness in the trial caused a flurry of interest among the people, but there were few who made an effort to see the man.

His wife and children were quietly welcomed to town by a number of people who met her. Had the trial not ended so abruptly, she and her children were going to stay with a local family.

Tuesday afternoon some of

the members of the Rolling Plains Mule Train who had their wagons out, took the

Estes children riding. Motels were crowded with witnesses, lawyers, defendants news reporters and law enforcement officers.

The law enforcement agencies, our court and facilities were said to be first class by the out-of-town visitors. The County Jail is now a federally approved jail and can be used for housing federal prisoners in the future.

Reporters and others here for the trial were very much impressed with the work of District Judge Max Boyer and County Attorney James Linn.

Even the courtroom, which was crowded at times, was said to be better than many others over the state.

When the trial ended so quickly the loss of visitors was felt around town. One cafe owner was overheard telling his help not to open the dining room Wednesday because the trial was over.

Band Sets Record With Sweepstakes

A new record was established last week by the Spearman High School Band as it took the AA High School Band Sweepstakes award in Amarillo.

This was the eighth consecutive sweepstakes award for the band and this is the longest string of wins of any band in Region XI.

There were seven bands in the AA competition and Spearman and Phillips repeated as Sweepstakes winners. This award is made to bands scoring 1 ratings in the marching contest last fall and the concert and sightreading contests last week.

Education in Soviet Union Discussed by Gilbert Mize

"Education of the Soviet Union" was discussed by Gilbert Mize, Superintendent of Perryton Schools at the Delta Kappa Gamma entertained the Beta Delta chapter of Hemphill and Gray Counties with a coffee at 2 p.m. in the Fellowship Hall of the Methodist Church of Perryton.

Guests were served from a table centered with an arrangement of pink roses. Flora Champion poured. Hostesses were Mabel Bowen, Katie Price, Maurine Flathers, Faith Kelley, Flora Champion, and Anna Belle Love.

Mrs. Love, vice-president, presided and welcomed the guests. Mrs. Champion introduced the speaker, Mr. Gilbert Mize, superintendent of the Perryton Schools, who spoke on "Education in the Soviet Union" relating observations he made while visiting educational facilities in Moscow, and Leningrad.

"Work" is a status symbol in Russia. And due to the shortage of labor, children are put

to work as soon as possible. Emphasis is placed on their so-called 'classless society'. However, Mr. Mize noted numerous instances where some had better living standards than others. Also some expressed desire to go to the universities to become doctors, and lawyers in order to make more money. When questioned as to the possibility of this in a 'classless society' they stated they could achieve this by working longer hours. Thus went many conflicting stories about equality.

Russian elementary schools are for grade one through fourth or fifth grade. Work with hands is stressed in this, same as other schools. Comprehensive schools are for grade 1 through high school. These are for students in grades one through high school. The children live in dorms, and come from homes where both parents are members of the Communist Party (as the parents are sent away from home so much, to do work for the

party, they are unable to rear their children), or the parents are ill, or from homes where one or both parents are dead. They are regimented as in military schools. All are members of Young Pioneers (communist organization), and are solemn, shake heads if offered gum etc. They sang two patriotic songs for guests, after presenting their colors, with so much volume and fire, and all looking at the ceiling, it seemed eerie.

Ninety percent of the men on the street, and many women are so-called engineers, or doctors. But this is due to a difference in the language, as technical school graduates are called engineers, and registered nurses are called doctors. Their university trained doctors, and engineers compare to ours. America became upset when hearing how many more doctors, and engineers Russia had than us, so began putting so much more emphasis on math and science.

Teachers are paid for eighteen hour weeks, but do volunteer work much longer. Much time is required for them to promote communism appreciation. Heroes such as chess champions, and astronauts visit the schools.

The president of the University of Leningrad was asked if they had a Dept. of Theology. He said No, but we have a Dept. of Atheism. Being an avowed atheist is the first step in becoming a member of the Communist Party. So schools are designed to make good Communists.

Following Mize's talk, Annie Love led the group in singing two Delta Kappa Gamma songs, accompanied by Wilma Clark. A ten minute visitation period preceded separate business meetings of the two chapters represented.

Mrs. Mabel Bowen gave accounts of six prospective members of Eta Alpha chapter, who were voted on, and will be accepted in the chapter in September.

Members were told to send their reservations with check for the dinner to be held at the Berger Country Club May 8, to Lucille Kimmons, 9 Standish Street, Phillips, Texas before May.

Teachers assisting with hostesses duties from Hansford County were Wilma Clark, Lucy Mundy, Nickie Cotter and Jeffie Mae Hoy.

Jenna V. Ownbey

A volume of poetry written by a local author was released in Spearman and this area this week.

The book, "Cloud Trails" by Jenna V. Ownbey of Spearman went on sale in local firms and several book stores in neighboring towns and Amarillo.

Mrs. Ownbey, wife of Robert J. Ownbey, has been cited by the Texas Women's Press Association for excellence in TV and Radio script and poetry. She has had nearly 400 poems published prior to this first original collection of her work.

The poems have been described by one authority as "poetry pertinent as today's headlines, as personal as yesterday's yearnings and as timely as tomorrow's temptation."

Mrs. Ownbey said the poems just grew with her seven children, but now the children worry for fear they will be expected to memorize them.

She is a past vice president of the Texas Women's Press Association, a past state poet laureate, and was once a director of a cattleman's association.

She has been active in many local church, and civic organizations.

Besides her writing, she paints with both oils and water color.

In presenting the certificate to Mrs. Doyle Jackson of the Kimberly Jr. Study Club, Worley congratulated all the club members for their interest in making Spearman an even better place in which to live.

F.H.A. Week Observed By Local Members

National Future Homemakers of America Week, April 6-10, was observed in the local high school chapter of F.H.A. The week included varied activities planned by the club and their advisor, Mrs. Frances Hudson.

A different activity for each day of the week kept the club members busy. Sunday twenty-one girls attended services together at the Catholic Church. On Monday each girl observed Color Day by wearing red and white.

Communications Day was held Tuesday. Linda Lesley, Dorothy Smith, Susan Hutchison, Shirley Ayers, and Kyra Crum appeared on "Staff Breakfast" where they talked with Coy Palmer concerning F.H.A.

Wednesday the entire student body participated in the No Gripe Day. Anyone heard griping had to wear a sign proclaiming that he was a "griper".

Thursday the girls baked cookies and took them to the Pioneer Manor. Be Nice to Teacher Day was observed Friday. Each teacher found a shiny red apple on his or her desk that morning.

Friday night a Hobo Party was given for all the high school teachers and FHA girls. Approximately fifty attended this supper. Mrs. Ed Mundy and Mr. Robert Barker received prizes for being the best dressed Hobos. Entertainment was provided by the teachers. A Hobo Band composed of Messrs. Buddy Benton, Jerry Day, Robert Barker, Jerry Jackson, Jerry Felder, Worley Smith and Coy Palmer presented several musical selections. A short play was given by Misses Pat Howard, Dorothy Roden, Mmes. Ed Mundy, Russell Townsend and Coy Palmer.

As a proper close for the week, the girls observed a Help Mom Day Saturday.

Day by Day

My round-robin letter came this week and I can't remember when I've enjoyed anything so much. It is written and mailed from place to place by a group of five who went to high school together. This time the letters were dated from the fall of 1963 through the spring of 1965 so they were very newswy.

Especially interesting was the letter from my one "world traveler" friend who fills us in on life in West Pakistan where she lives with her husband and young daughter.

She mentioned that her little daughter attends school in a beautiful 16-room mansion complete with swimming pool and beautiful grounds and that there are hundreds of Americans there with whom they can socialize.

She says "Our meat supply is pretty good. I now have my own meat man who comes around on a bicycle and butchers right in my kitchen. Beef is about 15¢ a pound but must be cooked very well done for health's sake."

Can you imagine your kitchen being turned into a butcher shop! That would surely be a bigger mess than I make when I try to fix dinner for six.

Our high school music departments, both instrumental and vocal, have again won the top awards in Canyon and Goodwell.

I understand our band has the longest string of Sweepstakes, or number one awards in marching, concert and sight reading, in this Region of Interscholastic League.

Both the band and choir will be going to Enid, Okla. soon to cap off another outstanding year.

I never have made the annual trek to Enid but I've heard that everyone has so much fun over there that some of the mothers who no longer have children in school are still looking for an excuse to go along.

During this Easter season I have been reading about the Crucifixion in Halley's Bible Handbook and of course, the different accounts in the Bible.

Easter is a beautiful spring holiday that I love but I believe it will be more significant to me this year because I've made an effort to re-examine and remember the events of that tragic week preceding Resurrection morning.

It's a mysterious thing, but no matter how many times you re-read a Bible passage, there's always something new to become aware of each time.

I wish I could encourage any one of you who hasn't already, to spend some time this week becoming aware again of what Easter really means. It's too beautiful a holiday to take nonchalantly.

Some of my favorite recipes have been ones I've clipped out of newspapers and magazines and experimented with. If you enjoy making something different, perhaps you'll like this different coffee cake-like recipe. As it bakes, the crust becomes golden and kind of crisp but the fluffy crumb texture of the inside stays soft and moist.

mostly on personal opinions. Also, that some of the witnesses have known Clements and had done business with Superior Tank Co. when he owned it.

Judge Boyer denied the change of venue motion, but said if enough prospective jurors were found to be biased, he would change the trial. He said it again in his closing remarks.

However, he added, he thought Clements would have received as fair a trial from a Hansford County jury as he would have received in the most remote county in Texas.

All of the pre-trial motions came to a halt about noon Tuesday when it became evident that Estes would testify.

Prosecutors Linn and 47th District Attorney Dee Miller of Amarillo had conferences with Estes. And, although Judge Boyer would not bring Estes to the courtroom, he agreed to let Woody talk to Estes, it is not known if he did.

However, after the noon recess, and a couple of hours conference between counselors and with the judge, Clements entered his plea.

After the trial Clements held a press conference in his room at the Patton Motel. He read from a prepared statement that he did not plead guilty and he was not guilty.

He said he was the first victim of the swindle by Estes and associates.

Clements said he entered the plea when it appeared that chances of getting a fair and impartial jury have been blocked by a saturation of misinformation by both press and TV.

He called his plea a "strategic retreat."

Clements had been convicted earlier on the same charge in 47th District Court, but the conviction was reversed. The reversal came on a faulty indictment.

The trial was moved to Hansford County on a change of venue from the Amarillo court.

Board Increases Values For School Tax Purposes

The percentage of actual value of property to be used in figuring the value for school

taxes was increased from 30 to 40 per cent by the Spearman School Board Tuesday night.

Revival Starts Sunday At First Baptist

The Rev. Joe Dee Ray, pastor of the First Baptist Church in Borger will open a week of revival services at the Spearman First Baptist Church Sunday.

The evangelist will be assisted by Bob Callahan, music director of the Paramount Baptist Church in Amarillo.

There will be two services daily. The morning service will be at 10 a.m. and the evening services will be at 7:30 p.m.

The Rev. Ray is a graduate of Oklahoma Baptist University and Southwestern Theological Seminary. He pastored nine churches in Oklahoma before coming to the Borger church.

Callahan was minister of music and education at the Central Baptist Church in Pampa.

The board also appointed Ray Phelps, P. A. Lyon Jr. and Everett Vanderburg to the board of equalization. R. C. (Pete) Fisher was named as an alternate.

Two contracts for the seeding and watering of the lawn at Spearman High School were let by the board.

Texas Lawn and Sprinkler Co. was low bidder for the installation of a sprinkler system in the front lawn of the high school. The bid was \$2,844. The only other bid was by Amarillo Lawn and Sprinkler Co. for \$4,305.

Shaver and Jones of Spearman was the low bidder for seeding the lawn. The bid for leveling, fertilizing and seeding the lawn was \$1300. Don Schmehr was the other bidder with a bid of \$1941.

Architect John Work met with the board to go over plans for remodeling the old school building and get the board's approval of work and material to be used.

Additional Plans For Annual Celebration

Spearman's annual Hansford County Celebration is being divided into two separate programs for the spring and fall.

In an effort to change the program, make it more interesting and also have enough workers to take care of all events, the celebration is being divided.

This spring, May 14-15 and 16, there will be many of the usual celebration events, then in the late summer or early fall a new program will be started to replace the things deleted from the spring program.

This spring the Jaycees will have their annual Miss Hansford County Contest and the

Gruver FFA Team Wins

Gruver FFA's land judging team recently won the annual Hansford SCD Land judging contest. Five FFA teams competed.

The Spearman team won first and Mobeetie was third. Perryton and Booker were the other two teams entered.

The teams had to class the land, describe characteristics and recommend treatment for it.

Hootenanny which was so successful in its initial performance.

In conjunction with this the Spearman FFA Chapter will have a two-day rodeo for High School competitors only.

Also, during the spring celebration the Chamber of Commerce will sponsor the dances.

It is expected that the Old-Timers reunion will be held again this Spring and also, the Lions Club will have a carnival of rides, if it can be secured.

The only features left out of the celebration will be the parade and barbecue.

These features will be worked into the fall celebration. Some type of city-wide picnic is being planned. There will be food and entertainment in an all-day city holiday.

Chamber of Commerce, Jaycee and others who have helped with the celebration during the past few years decided on the split program after polling the business firms of Spearman and seeking volunteer workers.

Manager Don Floyd said this was not a move to drop the celebration, but an effort to keep the things most popular and try and add new features.

Methodist Revival Begins Here Tonight

Revival services at the Spearman First Methodist Church will begin at 7:30 p.m. tonight (Thursday) with the Maundy Thursday Communion Services. An all-night prayer vigil will begin at 8 p.m. Thursday.

A covered dish supper will begin at 7:30 p.m. Friday in Fellowship Hall of the church. Services will follow at 8:30 p.m.

Saturday the Men's Prayer Group of Spearman will begin Holy Saturday services at 7:30 p.m. in the church.

The Rev. Clifford Trotter, pastor of the First Methodist Church of Dumas will begin revival services at 7:30 p.m. The services will be held each night through Friday.

There will be a breakfast service from 7 until 7:45 a.m. Monday through Friday.

Music for the services will be led by the church choir director Lewis Tilford.

WILDLIFE HABITAT-This scene on the Vera B. Wroten ranch shows Mrs. Wroten's efforts to provide cover and water for wildlife. The area has been fenced to protect from grazing.

**Mrs. Wroten Wins Ft. Worth Press
Outstanding Conservation Award**

Mrs. Vera B. Wroten has won the State Fort Worth Press Awards Contest for outstanding work in conserving wildlife on her ranch southwest of Spearman. She will be honored at the awards banquet in Fort Worth to be held May 1st. A plaque will be awarded to her for her outstanding work.

With Soil Conservation technical assistance Mrs. Wroten has developed several wildlife habitats that provide food, water and protection for dove and quail. The areas are fenced out to protect them from grazing.

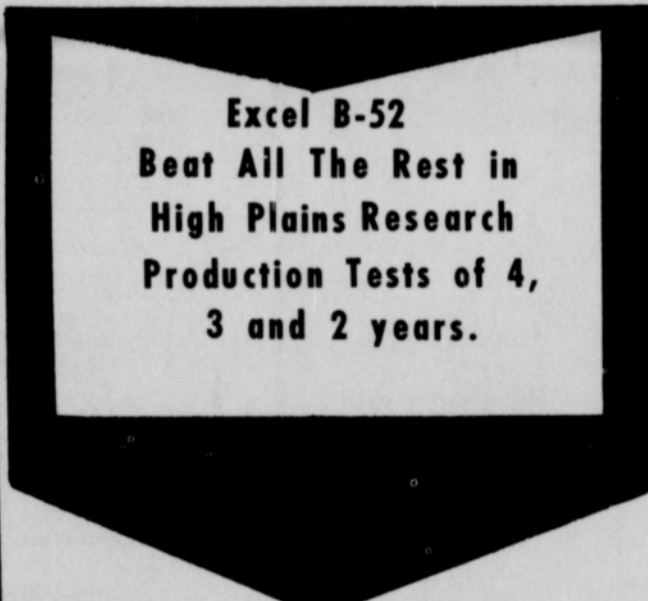

Brush piles have also been located at strategic areas throughout the ranch.

She plants maize with a hand garden plow to provide food. Maize is scattered or placed in feeders which are filled at all times. Water is provided from nearby windmills. In the high plains there is very little cover to be found naturally, so habitat and food must be provided by man. Mrs. Wroten says wildlife just seem to flock to her place.

She is planning to add to wildlife areas this year by planting more wild plums for cover and food.

Summer cooking leave you "droopy"?

Change to COOL ELECTRIC cooking!

Your kitchen will stay degrees cooler when you cook the flameless electric way. The flameless electric oven needs no draft of air into and out of it because there's no combustion. The oven is insulated on all six sides to keep heat inside where it is needed. And flameless electric surface units fit snugly against pan bottoms. The heat goes directly into the food—not up the side of the pan and into your kitchen. For fresh-as-a-daisy cooking this summer, see your electric range dealer now.

May State Draft Quota Largest in Over a Year

The state draft quota for May is the biggest monthly call in nearly a year and a half, Colonel Morris S. Schwartz, state Selective Service director, said Tuesday. The May quota of 639 men compares with 812 in January 1964 and 512 in April 1965. The May call is the Texas share of a national quota for

15,100 men, all for the Army. The state Selective Service director also announced that state draft boards will forward 3,626 males for Army mental-physical examinations in May, 1,791 of whom will be 18-year-olds. These tests for 18-year-olds are the result of President Johnson's action in 1964 which ordered the Director of Selective Service and the Secretary of Defense to examine all newly registered men who are out of school and available for service. Males married at age 18 and those known to be in school at that age will not be examined. Colonel Schwartz stressed that these youths will not be considered for the armed forces at this time. Normally, draft for service is about age 22. The May quotas already have been figured and sent to the state's 137 local boards.

Mr. and Mrs. Ray Devers came home from Luther, Okla. Tuesday of last week where they had been called due to an automobile accident in which his parents were seriously injured. They were called back Thursday and returned home again Sunday. The father, 75 years of age, is doing well but the mother, 73, is still in a very critical condition.

LAWN CARE

For an attractive lawn this summer, homeowners should review and plan lawn care, reports J. Neal Pratt, area Extension Agronomist with Texas A&M University.

Proper fertilization, watering and mowing are important, he says.

Fertilization should continue through the growing season. Start when grass begins to grow using a complete fertilizer if needed. He suggests one having equal amounts of nitrogen and phosphate for this first application. Apply at the rate of two pounds of actual nitrogen per 1,000 square feet.

During the growing season,

apply nitrogen every eight to 10 weeks at the rate of one to two pounds of nitrogen per 1,000 square feet. Pratt points out that nitrogen is the key element in turf growth. It produces the deep green color homeowners desire.

When watering the lawn, Pratt believes you should soak the soil to a depth of six inches. "This encourages a deep root system that will utilize plant nutrients more efficiently and be more resistant to diseases," Pratt said. "Light sprinkling produces shallow, week root systems that encourage weed infestation and disease."

Mowing should be frequent with a small amount of plant growth removed with each cutting.

"Lawn mowers should be sharp," he said. "The blade should cut the leaves, not shredding or crushing tips. The machine should be in good running condition and have adequate safety devices. Stones, sticks and other objects should be removed so they won't dull the blade or be thrown dangerously by power mowers."

Additional information about lawn care can be found in the Extension publication B-203, "Home Lawns" available at my office.

THE WAY I SEE IT

"And he came up to Jesus and said Hail Master!" And he kissed Him. (Matt. 26:49)

We wonder what must have gone through the minds of both Jesus and Judas. Judas probably kissed Jesus on the cheek--and both knew the kiss was not meant as an expression of love. It was "The traitor's kiss". It is difficult to imagine anything more revolting. Judas could not have been happy about it even though it brought him thirty pieces of silver. His later action showed his despair.

This incident shows how low a man can stoop. It also shows again the amazing love of Christ. Jesus was grieved, too, not because of what the kiss did to Him, but because of what it did to Judas.

In a last minute effort to reach Judas with His compassion, Jesus still called him friend. The greatest treachery man has ever known and the greatest love, God's love, face to face. And Easter showed that the victory was on the side of love.

But what a terrible thought that man can be a Judas and not avail himself of that love! How have you betrayed your Lord. Not with a kiss I'm sure, but in many other ways. You have sinned against Him in thought and word as well as in deed or action. None of us stands before Christ perfect. We have all fallen short in sin and are found guilty of breaking God's law.

But Jesus went on to die for all sin. Even Judas could have found peace and forgiveness if he had gone to Jesus instead of working out his own solution--hanging. Let each of you go to

Jesus this Easter and see there the greatest act of love you have ever known--God dying to forgive your guilt and sin. God there acts to restore you to His saving presence.

Lord, we thank you that you do love us even though we have betrayed you. Grant that we may respond to your love. May none of us think we have never betrayed you--for when we think this, we are admitting we do not need your forgiveness. Help us not to reject your love.

(Con't. from page 1.) day morning and found the federal officers still here. With no one but officers, federal and local, and one camera, there was no big effort by anyone to avoid pictures. No one posed, nor stopped to visit, but we had a clear shot for a picture. We really did not know our fame as a photographer had spread so far. The officers and prisoners probably knew we were shooting with the lens cap still on, a switch turned wrong or no film in the camera, so there was no danger of us getting a picture. We learned from a good source that the officers stay close to Estes and shield him from crowds not because they expect him to cause trouble, but they do not want another Oswald-Ruby situation on their hands.
