## Bobcats Upset Lynx, 13 - 12

### Extra Point Trys Fail; Season Opener Spoiled

The stingy Sunray Bobcats refused to let the Spearman Lynx have the football here Friday night and upset the Lynx 13-12 in the season opener.

Sunray dominated the football and was able to make the big play or get the big break at the critical points. Sunray ran a total of 83 plays to Spearman's 37.

In the second half when the Bobcats were trying to make a 13-6 halftime lead stand up, they ran 50 plays to Spearman's 10.

Bobcat backs Ronnie Dugan, Jimmy Hoyle and Frank Northcutt ground out 167 yards on the ground. With everyone throwing passes, the Bobcats gained 71 yards in the air. They completed six of 11 throws.

The first time Sunray got the ball, they threatened Northcutt and Dugan pushed the ball down to the Spearman nine, then Lynx cornerbacks Bobby Smith and Steve Jordan bogged the drive down.

Smith cut Dugan down after a one yard gain on a pitchout, Dugan then tried the other side and the little fireplug, Jordan knocked him down for a one yard loss to put the ball back to the nine. Dugan went to Smith's side again and he and tackle Randy Moore rolled him up at the five.

Spearman got out to the 14 and when Jerry Holton went back to punt, the snap from center was on the ground and went into the end zone, Holton got the ball and ran it out to the four.

It took only two plays for Sunray to score with Dugan going over from the two. Richard Harris kicked the extra point to make the score 7-0.

A hard charging defensive Lynx line set up the first Lynx score. They blocked a Sunray punt and the Lynx took the ball on the Bobcat 34 as the second quarter began.

Quarterback Charles Shield-knight picked up 12 on two carries. Gary Cates added 14 on a sweep, then Wesley Jenkins dashed over from the nine yard line. He went through a big hole in the right side of the line and scored untouched. A flag went down, but it was against Sunray and the penalty was refused.

Spearman got a delay of game penalty of five yards, then a Bobcat secondary man got over-anxious and hurdled the entire Lynx line trying to block the extra point try. The ball had not been snapped, so the Lynx moved back to the three.

The blocking for Wesley Jenkins broke down and he was stopped when he tried to run for two extra points. The score stood 7-6, Sunray.

Sunray drove 66 yards in 12 plays to get their final six points. Good defensive play by Harley Reeves, Jerry Holton and Ronnie Gilbert stopped the Bobcats in midfield on two plays and left the Cats facing third and needing 11 yards.

# Texas Leads Nation with its Museums

The eyes of the nation are upon Texas, watching the growth of Texas' record-breaking number of museums---243---and waiting to see how their vast educational and cultural potentialities will be developed to preserve history and attract tourists.

"No other state has so many museums as Texas, and only one other state---New York---has organized on a statewide basis to coordinate the work and goals of its museums," says John Ben Shepperd of Odessa, president of the Texas State Historical Survey Committee.

TSHSC is the agency that has spearheaded the development of county historical mu-

seums. There were 82 museums in Texas in 1964; today there are 243, with about two dozen in the planning stage.

It also is the agency that will sponsor the first official Texas Institute for Small Museums at Woodville, Sept. 30-Oct. 1.

"This institute will cover all phases of museum development and operation based on the needs of the small museum," said Shepperd. "There is a nationwide trend to recognize the value of small museums because they make an invaluable contribution to culture, education and tourist industry.

"A museum's purpose is to preserve and interpret the cultural, technological and natu-

ral history of American life.

"Consequently, museums offer an entertaining, effective way of teaching Texas history by showing picturesque, tangible evidences of the past. They enrich the educational and cultural life of their neighborhoods.

"History and tourism are inseparable---this is why museums are excellent tourist attractions," Shepperd continued.

"Last year more than 15,561,700 persons visited Texas museums. Out-of-state tourists are especially fascinated by Texas history. And the U.S. Travel Service reports that museums are a top attraction to tourists from other countries.

"People in the museum profession realize that small museums are beginning to dominate the profession---they have set the pace, and large museums are using their innovations," said Shepperd.

"For example, consider the development of interpretive exhibits. Large museums had such a wealth of items that often they simply displayed them in cases. But the little museums had a limited number of objects, so they had to use every item to its utmost...and the result was creative, interpretive exhibits.

"The small museums also originated the concept of museum education programs for children and adults."

Shepperd concedes that the museum boom in Texas has brought problems, and that many small museums need professional guidance before they can serve the desired purposes as historical and archival repositories.

"There is a lack of financial support, standardization, trained personnel, and reference sources for small museums. Many people involved in museum operation don't know how to properly display, preserve and identify their articles," he said.

"This is why Texas is expanding its program to offer professional counseling to small museums. The large museums have helped a great deal but still more assistance is needed.

"The Texas State Historical Survey Committee started the action by encouraging and assisting in the development of individual county history museums.

"Now the museum institute will initiate statewide coordination. If the personnel of small museums can meet and counsel with experts in the museum profession, they will overcome their problems.... and the contributions they can make to the state are boundless."

## Scroggs Return From Reunion

O.A. Scroggs, his four sisters and a brother-in-law, recently returned from a trip to Canada and Alaska. Members of the group were Miss Jean Scroggs of Waka, Mrs. Mary Overton of Hardesty, Okla., Mr. and Mrs. Sam Janzen of Perryton. They visited in Empress Alberta Canada with the Hern families, relatives of their mother, and in Soldotna, Alaska with a fifth sister, Mrs. Annie Woods and family.

This was the first time all the five sisters had been together for over 30 years.

While visiting in Soldotna, they took side trips to Homer and Seward where much earthquake damage was yet to be seen, spent two days in Anchorage and on their return trip down the west coast, they visited with Mr. Janzen's sisters, Mrs. Anna Sawatzky in Darrington, Wash. and Mrs. Susan Newfield in Reedley, Calif.

## Nemsgerm Ties for Top Cowboy Prize

A nephew and cousin of two Spearman women is one of the Boys Ranchers to tie for the title of Top Cowboy at Boys Ranch Rodeo.

The boy was Ronnie Nemsgerm of Perryton, a junior in Boys Ranch High School. This was only the second time in 22 years that co-winners were named.

Ronnie is the nephew of Mrs. Bill Whitford and a cousin of Sharon Dosssett, both of Spearman. He has been at the Ranch for five and a half years.

The award is presented to the boy or boys on the basis of highest points, best attitude, sportsmanship and performance.

## GUN PERIL CITED FOR HUNT FANS

Scores of hunting trips are marred every year in Texas by shooting accidents, many of them fatal, grimly reminds the Texas Parks and Wildlife Department.

In a pre-dove season opener plea (north zone September 1); the Department said that since the oldest causes are the most common causes of field tragedies, they are being repeated:

Removing a loaded gun muzzle first from a vehicle; Crawling through or over a fence with a loaded gun; Falling to notice that dirt or mud substance blocks gun barrel; Jumping up in front of a companion into the line of fire; Dropping a loaded gun; Pointing a loaded gun at another person; And, of course, "I didn't know it was loaded."

Besides being careful with fire arms, hunters, according to the Department, should operate

There are many different foods that can be served to go with familiar foods like pot-roast to make the entree come to table in different dress.

Have you tried a pot-roast without vegetables, for example, but with potato pancakes? Or what about Spanish rice for a change? Try the variously shaped noodles, too, for variety and sprinkle them with finely chopped parsley as well as melted butter for a spring-like touch.

A new irrigation project in Arizona includes plans to pump 3 billion gallons of water per day, up 880 feet, to a storage basin--then let it flow by gravity to areas where it will be used.

## September--Better Breakfast Month

Why not promise to give yourself as well as the family an appetizing and balanced breakfast for at least a month? At the end of the month, check to see how much better every one feels. Take a vote. No one will want to go back to breakfast-skipping!

That breakfast should include a citrus fruit or juice, or a combination that's fascinating. What about grapefruit-pineapple juice with a dash of apricot nectar? Add to this a sausage nest or bacon curls with a poached egg, then a quick cinnamon-raisin roll and a glass of milk or chocolate. Sound good? It tastes even better.

cautiously in hot weather. This is because of the general utilization of air conditioning that provides a serious contrasting temperature hazard, particularly for persons not in the best of health.

## Best Buys At The Supermarket

Turkey is a good buy price-wise and from the standpoint of food value.

With production about 6 per cent greater than a year ago, you'll find supplies of various sizes of turkeys on the market, reminds Mrs. Gwen Ciyatt, Texas A&M University Extension consumer marketing specialist.

Turkey products--such as turkey parts, boneless turkey rolls, smoked sliced turkey, turkey slices in gravy and many others--add convenience to menu planning and preparation. They will be featured in some meat departments this week, Mrs. Ciyatt adds.

Beef prices are about the same as a week ago, with chuck roasts and steaks generally carrying the most attractive price tags. Pork continues short with only scattered features.

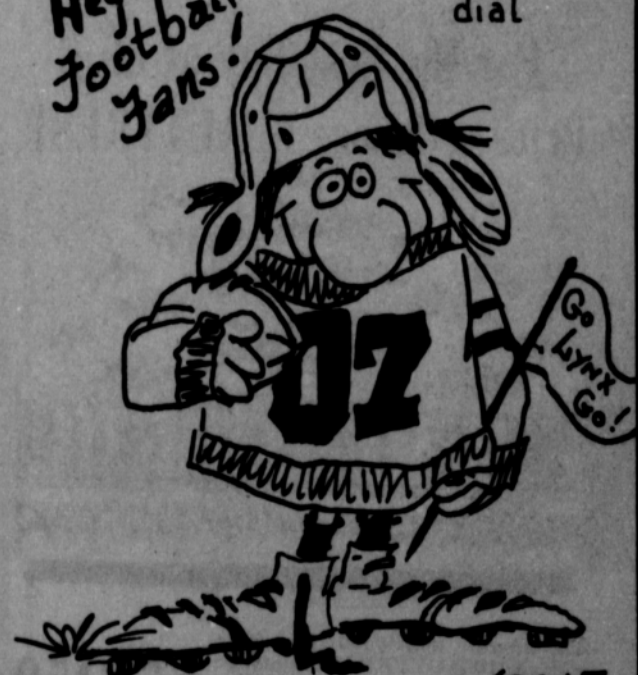

New crop sweet potatoes are now available. Squash, carrots, blackeye peas, and dry onions are among the more economical vegetable choices. Head lettuce prices vary with the best quality moderately priced. Shipped-in tomatoes are of good quality and in fair supply.

In the fruit department, Italian prunes and white seedless grapes are good buys at most produce counters. New crop apples of several varieties are now on the market. Peaches, nectarines and plums are nearing the end of their season. Bananas are being featured in some stores.

Milk production is down somewhat, and prices are edging upward. There is a lot of good eating and vitality in milk, cheese and ice cream.

Tom Gibner, son of Mr. and Mrs. Woodrow Gibner and Lloyd McWhirter, son of Mrs. and Mrs. Jack McWhirter, left for Abilene to enter McMurry College. The Gibners and McWhirters took the boys to Abilene Sunday.

## 1-AA Teams Break Even

It was a break-even night for the eight teams of District 1-AA Friday as they won four and lost four in the season openers.

Phillips and Dalhart showed they have the power of the district. Phillips beat Class AAA Canyon 18-6 in Canyon. Dalhart was probably more impressive in beating big, strong Guymon, Okla., 20-0.

Panhandle had an easy time beating Claude 22-0 and Stinnett showed strength in beating a strong Gruver team 12-0.

Spearman's mistakes cost them an upset as they were upended 13-12 by Sunray. Shamrock got a surprise, also. McLean beat them 6-0 in the traditional opener for both teams.

White Deer showed plenty of power in whipping Boys Ranch 49-6. The Bucks are picked to go far in 1-A football. Sanford-Fritch found the boys from Tucumcari, N.M., too tough and were dropped 14-0.

## Rhonda Linn Selected To Lead Jr. High Band

A drum majorette and twirlers for the Spearman Junior High Band were selected this week in tryouts. James Petty, band director for Perryton Ju-

nior High School, was the critic judge.

Leading the band this year will be Rhonda Linn as drum majorette.

Twirlers selected are Diane Gregg, head twirler, Karen Waggoner, Lee Watson and Rita Simmons.

The big junior high band is under the direction of Frank Porter.

## Gruver Falls To Stinnett In Opener

Stinnett's Rattlers moved up in the power struggle in district 1-AA Friday night when they shut-out the strong Gruver Greyhounds 12-0.

Stinnett scored in the second and third quarters.

Rattler quarterback Joe Shields hit Keeton Johnson with a 35-yard pass play for the first score, then in the third quarter, Teddy Gaddis scored from 10 yards out.

Stinnett increased their standing in the district race with the victory since Gruver had done a good job with Phillips and Dalhart in pre-season scrimmages.

This was the opening game for Greyhound Coach Bill Mayfield.

## Party Honors Jeff Hand

## Open House Today at Methodist Parsonage

The new Methodist Parsonage at Linn and Eleventh streets in Spearman will be on display to the public from 2 until 5 p.m. today.

The Rev. and Mrs. Wesley Daniel and members of the church will be hosts for the open house and everyone is invited to see the new home.

It is a three bedroom home with a large living room with formal dining area in one end. It also has a large den with wood burning fireplace and informal dining area.

The kitchen is all electric with built-in appliances, dishwasher and disposal. The kitchen has a large pantry and a large amount of cabinet space. Just off the kitchen is a utility room and a built-in sewing room.

Mrs. Daniel said it was the first house she had lived in which had ample closet and storage space for her family.

The three bedrooms are built around a large island of closets that open into a hall, the bedrooms also have closet space.

Contractor for the house was E.J. Callaway. Louis Schnell did the electrical contracting. Charlene Bulls and Barbara Schnell did the curtains. Most

of the paintings were given by Nelda Sheets.

The Rev. and Mrs. Daniel said this was the first new parsonage they had lived in since being in the Methodist ministry. At Seagraves the parsonage was only two years old when they moved in.

They said they had served in seven churches and four of the parsonages had been torn down

after they moved.

The family said they were certainly proud of their new home and hoped everyone would visit them this afternoon.

There's no excuse for a homely, concrete retaining wall. A pretty cover-up can be made with wood. Bolt a 2x4 to the wall's top and bottom edges. Then nail on 2x4s vertically. Use preservative-treated Douglas fir or cedar lumber.

The "Piney Woods Rooter" or wild pigs of our southern states, are thought to be descendants of the herd of pigs that escaped from DeSoto's trip in search of Fountain of Youth, 1539-1543.

Visitors traveling through the Douglas fir region of the Pacific Northwest are often dismayed by the sight of bare strips or patches where logging operations have taken place. These bare-looking patches are, however, a sign of good forestry practice, for young Douglas fir seedlings will not grow in the shade of parent trees.

## Morse Comes from Behind To Defeat Yarbrough 28 - 14

Morse was the only Hansford County team to come out on the winning side of the scoreboard Friday night. The Mustangs came from behind to

beat Yarbrough, Okla., 28-14 in an eight-man game. Trailing 14-12 in the final quarter, Morse scored twice in the final quarter to win the game.

Morse jumped into a first quarter lead when Mike Johnson scored from four yards out. Yarbrough drove in for a first quarter score to tie the game, then when ahead in the second quarter when Jerry Sinning caught a 16-yard pass from quarterback Larry Taylor who had pushed over the first tally. Taylor passed to Mark Gunther for the extra points to lead 14-6.

Morse scored again in the third quarter when Johnson again scored from the two. In the final quarter Jesse Vera came off the bench to score twice. He ran one in from two yards out and the second one from seven yards out. Alva Henderson passed to Johnson for two points to make the score 28-14.

Bermuda first minted its own coins in the early 1600's. The very few of these coins still in existence are of great value, now.

## GRASSROOTS OPINION

Howard, S. D., Pioneer: "The constitutional right of a free press belongs to the people of the United States--those who subscribe to and buy newspapers and those who advertise in them. Without these free and independent readers and advertisers, there could be no free press as we know it. There would be no freedom to seek and report the news; no freedom to express opinions and even criticize when necessary...It is not easy for newspapers to collect, report and comment on fast-breaking events. Nor is it easy for readers to always understand what is reported and why. But it is very important that both newspapers and readers understand clearly the role of each other as 'partners in freedom'."

a 15 yard pass, then Hoyle picked up 16 on a scamper. Two plays later quarterback Smith hit Dugan for an 18 yard pass play at the six.

As Dugan was being pulled down, a Lynx got there late and Spearman was penalized back to the three for piling on.

Smith rolled out and was hit at the line of scrimmage, but got an assist as Northcutt slammed into the ballcarrier and tacklers to move them to the two before the play was whistled dead.

Smith was stopped on a quarterback sneak, then on his second effort, he tried to sneak again and the three running backs slammed into the pile-up to inch the ball across.

Smith was dropped on his attempt to run the extra points leaving the score at halftime at 13-6.

A good defensive play on third down by Steve Jordan gave Spearman the ball midway of the third quarter in good field position. Jordan cut down Dugan for a six yard loss when the Bobcats were needing four for a first down. Then Dugan got off only a 14 yard punt and Spearman had the ball on their own 42.

Shieldknight tried one pass, then handed the ball to halfback Wesley Jenkins who was sprung past the line of scrimmage. He cut back to his right through the Sunray secondary and the footrace was one.

At the 10 yard line end Harley Reeves outran the closest defenders and cut them down with a jarring block. Jenkins completed the 58-yard run untouched.

Fullback Holton bulled his way just over the goal line trying for the extra points, but the ball was left on the one-foot line under a Bobcat, so Sunray led 13-12.

At midfield the Bobcats were forced to punt, but Spearman bumped the punter trying to block the kick and it gave Sunray an automatic first down and Spearman a 15 yard penalty.

The Lynx were finally able to halt the drive at their own 21.

Holton and Du, exchanged punts. Holton booted one 41 yards and Dugan went 46, but Cates ran Dugan's back 25 yards to put Spearman in business at their own 41.

Shieldknight hit end Mike Hendrick with a 19 yard pass, but on the next play when Shieldknight decided to run on a pass play, he was dropped and fumbled the ball.

Sunray got down to the Lynx four before being stopped. After a 2.5 yard penalty against Spearman put Sunray inside the five, Gilbert killed the drive on fourth down when he dropped Northcutt for a yard loss.

Shieldknight had another pass go through a receiver's hands, then on the next passing attempt, Sunray intercepted on the 16.

The Lynx defense gave ground slowly, but Sunray got a first and goal at the five with about a minute on the clock. A backfield in motion penalty put them back to the 10 and the defense held on the last two plays.

Shieldknight had only two completions in eight tries, but he overthrew only twice. The others went through his receivers' hands.
