

Hospital outlook brighter for county!

Hansford County business and professional people were taking a new look at the importance of a hospital to a community this week as Jerry Taylor, Hospital Administrator, seemed rather optimistic about the possibility of locating new physicians in the county.

A clinic, complete with examining rooms, X-ray facilities and emergency treatment room and a laboratory will open in Gruver November 15. The clinic will bring medical treatment facilities to Gruver for the first time since a similar clinic closed here 10 years ago! The success of any clinic, business, or operation will depend on "how many people will use the facility!"

So, in a matter of simple arithmetic, it will be up to the people of the Gruver area whether the clinic is successful or not.

Since the clinic closed, Gruver residents who have needed medical care were required to drive either 16 miles to Spearman, 35 miles to Guymon, or 45 miles to Dumas to see a doctor.

After more than a year of planning, citizens of Gruver have raised enough money to re-open the clinic, which will operate in conjunction with Hansford Hospital.

The building that will house the clinic, across the street from City Hall in downtown Gruver, is currently being remodeled. "The whole town

has pitched in and is doing a good job!"

Clinic doctors will Dr. Nygun Vong, 34 and Dr. Le Thu, 33, both natives of Vietnam, and the only doctors in Gruver. The doctors and their families moved to Gruver about 13 months ago, according to Hospital Manager Jerry Taylor.

While awaiting the opening, Thu and Vong have passed medical proficiency tests, taken English classes at the University of Oklahoma, and have worked as trainers for Gruver High School athletic teams. And, incidentally, they apparently have done a great job with the Greyhounds as they are currently No. 1 in the tough Class A football district race!

In June, the doctors will take their final tests that will grant full certification, according to Taylor. "Generally," says Taylor, "the clinic will be able to do anything that can be done in a doctor's office." The doctors will be able to admit their patients to the Hansford Hospital, Taylor stated, when the need arises!

Besides these two doctors, the Hospital Manager and Board are interviewing several other doctors interested in coming to Spearman. Dr. Park, who recently came to look at the Hansford situation, is seriously considering making Spearman as his home. Dr. Maddiwar is also considering Spearman, and Dr. Lee, a staff surgeon, also

is seriously considering coming to Spearman.

Besides these doctors, Dr. Hudson is flying into Spearman this Saturday and will be present to meet with the Chamber of Commerce officials and friends at a reception this Saturday night. The Chamber of Commerce is working with the hospital in flying in doctors to look at Hansford County for future practice. Dr. Hudson will be able to begin practice in July. He is an osteopath.

All in all, the hospital picture is looking very bright, and with our improving and expert ambulance service, medical care is on the improvement in the county.

The Chief of Staff, Hansford Hospital, is Dr. R. L. Kleeberger, M.D. Dr. Thomas, who now practices in Spearman, is planning to move in December.

An election to vote for the Board members of the hospital, instead of having the Commissioners appoint them, will be held as soon as possible. In a talk with Judge Lee Friday morning, he stated that even though the Commissioners will meet this Monday, a definite date on the election will not be decided until he can talk with Secretary of State Mark White. The election was declared illegal and the ballots were impounded during the general election Tuesday of this week!

LYNX Win 34-6

The Spearman Lynx captured a win over River Road at Lynx Stadium Friday night with an easy 34-6 win. This was exactly as expected. The first team defense for the Lynx allowed 23 yards rushing for the Wildcats. Zane "the train" Newton, garnered 101 yards on 9 carries. He put the Lynx on the scoreboard first with a 55 yard scamper.

The Lynx are now 4-0 in league play and 8-1 for the year. The Purple Power from Spearman rolled up 21 points in the second stanza and added their final TD in the last quarter. The score could have been in the triple figures, most fans believe.

The 21-point second quarter spree came on a 42-yard romp by Billy "White Shoes" Sellers, a one-yard dive by the Baker & Taylor Bullet Hargis, and a 76-yard bomb from Scott "Mad Bomber" Sherwood to Martin.

Mike "the body" Bodey added a final Lynx tally. The Wildcats' only score came in the last quarter on a 63 yard aerial from Randy Rogers to Curtis.

Spearman rolled up 429 yards total offense while the Wildcats, winless in seven outings, totalled 104 yards.

The Lynx almost had the district championship handed to them when Boys Ranch scored the winning touchdowns against Dalhart, but had it called back on a clipping play. The Lynx will journey to Canadian next Friday night to play the Wildcats in the "game of the year"! If the Lynx win or tie, they will be declared the District Champs. If they lose, and this is quite possible, the district will end up in a three-way tie!

Golden Spread Meet

Sixty people were in attendance at the pot luck dinner of the Golden Spread Club on Tuesday, November 2, at the Home Demonstration Club Room. Twenty of the sixty were visitors from Gruver.

Kent Guthrie played his guitar and sang four lovely numbers, including an English ballad, two country and Western numbers, and a country

Gospel number.

The remainder of the evening was spent in playing table games.

Golden Spread Center Board is still looking for a building so that the group can meet for a variety of activities every day. The Board will meet Tuesday, November 9, at 6:00 p.m. at the bank.

People needing transportation to attend the Veterans' Day service on Thursday, November 11, at 11:00 a.m. at the Varsity Gym may call 3495, 2478, 2246, or 2059.

Another game night will be held Tuesday, November 16, at 7:00 p.m. at the Home Demonstration Club Room. Anyone needing transportation may call any of the numbers listed above.

A crisis in pricing and supply of natural gas for farm use will be discussed at an organizational meeting of the North Plains Energy Consumers Association, set Wednesday in Spearman.

The meeting will enlist farmers and agri-businessmen from Hansford area in the NPECA, which is already organized in four other North Plains counties.

Formed early last summer at twin meetings in Dumas and Perryton, the NPECA now includes organizations in Moore, Sherman, Ochiltree, and Hemphill counties.

The NPECA has recently joined with the Plains Gas Users Association, headquartered in Hereford, and the Southwest Gas Users Association, whose membership runs from Kansas to California, to form an umbrella group, the National Federation of Irrigation Farmers.

The North Plains group and its allies focus on the rising price of natural gas, and the need for guarantees on supply

to farms as chief problems for agriculture.

"The Federal Power Commission has not yet given farmers any secure priority rating on natural gas and we could be cut off in the near future. The NPECA hopes to rally farmers and businessmen in this area to insure that we

get a priority rating instead of cut-off notices," declares Troy McNeill of Dumas, acting executive secretary for NPECA.

The meeting for Spearman is open to everyone in the agriculture community, and is set for 7:30 p.m. Wednesday, November 10, at the Hansford County Library.

POSTED THIS 5TH DAY OF NOVEMBER 1976

Carl Cooper, representative of the Loomix for Gruver area.

Loomix, New Agri-Business

Loomix, which is billed as a different liquid feed supplement, is now being dispensed in the Gruver area by Carl Cooper. A family enterprise which has been based in California since the early 1900's, the Loomix Firm had as its primary activity the buying and selling of hay, grain, and beans.

Located in Arroyo Grande, California, Loomix, Inc. corporate offices are located on a site adjacent to the original warehouse. In 1923, the firm expanded with the construction of a retail outlet in San Luis Obispo, and in 1934 the elder Loomix retired from the business and his three sons continued in the business, adding a feed processing facility to the San Luis Obispo warehouse. During the period from 1930 to the present time, the nature of the business has changed a great deal in order to keep pace with the many technological advancements in agriculture.

The E. C. Loomix and Son operations now include four retail farm supply stores in Central Coastal California

along with an insurance agency and various real estate interests. In 1952 E. C. Loomix and Sons of San Luis Obispo embarked upon a pioneering venture into the liquid feeding of livestock and soon after trademarked their product as "Loomix".

The original research and development program was under the direction of the Santa Ynez Research Farms. Loomix operations grew and in 1965 launched into an aggressive expansion program which eventually took their marketing facilities in the San Joaquin Valley of California; and the states of New Mexico, Texas, Colorado, Oregon, Nevada, and Arizona. New mixing plants were constructed in 1968 in San Jose, California, and in Farwell, Texas.

Carl Cooper who is the new representative for the Loomix, Inc. products in the area is a native of Gruver. He and wife, Sue, and their children, Chris, Capi, and Craig, live just east of Gruver.

If you don't already know Carl, get in touch with him and

discover all about Loomix, the high-energy liquid feed supplement, Mr. Cooper is anxious for you to become acquainted with this different food supplement which is specifically formulated for your cattle.

Next meeting will be Nov. 10 at the church.

Insurance Corner

INSURANCE AFTER HEART ATTACK

Say you've had a heart attack or contracted a terminal disease. Does this mean you can no longer buy life insurance? No - thanks to a relatively new development known as the guaranteed insurability rider.

This is a provision that can be added to a policy for an extra premium, under which the insured person is guaranteed the right to purchase additional insurance at definite future dates, REGARDLESS of his insurability.

The rider is particularly valuable to young people. For example, a young man buys a ten thousand dollar policy with this rider at age 21. He then has the option to purchase, at standard rates, up to an equal additional amount of insurance within a

limited period of time following each of his birthdays at ages 25, 28, 31, 34, 37 and 40.

Thus, even if he became uninsurable - because of a heart condition at age 21, he could still purchase an additional \$60,000 of life insurance on the anniversaries indicated and purchase all of it at standard rates for his age.

This information has been brought to you as a public service by John R. Collard, Jr. your one stop answer to complete business and personal insurance protection. Life, home, auto, group insurance, and profit-sharing plans. See John R. Collard, Jr., 405 Davis St., Telephone 659-2501.

Social Security News

If you receive a monthly social security check and plan to move across the street, across town, or across the country, the Social Security Administration should be notified promptly of your change of address. You can do this by calling or visiting your local social security office at 1541 North Hobart Street, Pampa, Texas - phone 669-3381.

About one out of every eight social security beneficiaries has elected to have his social security check sent directly to his bank account. This process has worked very smoothly with no delays in the issuance of social security checks.

Many social security beneficiaries have expressed appreciation for the direct deposit procedure, because it saves them from making a special trip to the bank. For others it eliminates any worry that the social security check might be lost or stolen. Some

beneficiaries like the direct deposit procedure because they know the money will be available to them even if they are away from home on a vacation trip when the check arrives.

The Government will also save money by sending social security checks directly to banks. There is a savings in postage and check handling costs as well as fewer lost or stolen checks.

If you wish to arrange for the direct deposit of your social security checks, you should contact your bank or savings and loan association to complete Form SF-1199.

NEWS OF SAFETY

Know Your Snow Thrower
Don't let the snow throw you this winter. Learn to use your snow thrower wisely and well by following these tested tips from experts at the Outdoor Power Equipment Institute.

1. Remember always to read the owner's manual. Test your machine and become familiar with it before attempting to throw the snow.
2. Never direct discharge at bystanders or allow anyone in front of the machine--debris may be hidden in the snow.
3. Adjust height to clear gravel or crushed rock surface.
4. Keep machine in good operating condition and keep safety devices in place.

Love Thy Neighbor

Let your neighbor park his parking problem in your driveway. When he's planning a party and you're not using your car, offer the space for company.

The elevator isn't a smoking car, so observe the no-smoking rule (No butts about it).

When someone you know is in the hospital, sending flowers can help to cheer him up. If you ask your florist to "please FTD it" you're availing yourself of the Florists' Transworld Delivery network of "extra touch" florists--and it costs no more.

Offer your bus or train seat to someone who looks as if he or she needs it more than you do.

Public Forum On Problems Of Older People Set

Mrs. Briscoe, DPW Commissioner Raymond Vowell, and Vernon McDaniel, executive director of the Governor's Committee on Aging. Working with the statewide task force, the following agencies are officially co-sponsoring The Generation Connection forums: Texas Association of Regional Councils, Texas Senior Citizens Association, National Retired Teachers Association, American Association of Retired Persons, National Association of Retired Federal Employees, First Lady's Volunteer Program, Governor's Committee on Aging, and State Department of Public Welfare.

Plan To Eliminate Deficit Spending
HOUSTON--The president of the 2,500,000-member-family American Farm Bureau Federation says that farm and ranch families have a sure-fire plan to do away with federal deficit spending. The solution? No salary increases for any elected federal official until the federal budget is balanced.

Steering committee for the Amarillo conference and the co-sponsoring groups they represent include Potter County Judge Branch T. Archer and Mrs. R. M. Nugent, Generation Connection task force members; Mrs. Jack Hazelwood, regional coordinator, First Lady Volunteer Program; Mrs. Zoe Henry, Amarillo Retired Teachers Association; Fred Ochs, director, Amarillo Senior Citizens Association; Gus F. Keith, National Association of Retired Federal Employees; Walter Jameson, American Association of Retired Persons; Mike McQueen, coordinator of the Panhandle Regional Office on Aging; Nathan Martin, regional administrator, State Department of Public Welfare (DPW); and Mrs. Sharon E. Boatman, DPW regional adult program specialist.

"We hope everyone in the Panhandle who is interested in helping senior citizens will come to the Generation Connection Forum," Mrs. Hazelwood said. "We need everyone's involvement, ideas and participation. We expect the forum to generate new ideas, renewed enthusiasm and an increased awareness of the opportunities and challenges which confront us as we seek to improve the quality of life for our senior friends. We want to involve the total community because we know government cannot provide all services."

"Society today tends to isolate older people, and many of them are desperately lonely," Martin said. "More tangible problems for some include their need for assistance with housing, transportation, jobs, legal matters, nutrition, and health matters. Some elderly persons are abused, neglected, or exploited, and need additional protection."

"Much is already being done for older people by such groups as the Area Agencies on Aging and the Governor's Committee on Aging. The state welfare department is currently spending \$400 million a year on aging programs, but more than half of this goes for the small percentage of older Texans who need nursing home care."

"We all need to be thinking about what we want life to be like when we get older," Ochs said, noting that the numbers of older people is increasing at a faster rate than that of younger people. "The National Council on Aging says that if present population trends continue, most Americans will be 50 or older by the year 2000," he said.

"While state and federal governments are effectively helping certain groups of senior citizens, we know there are many others in the Panhandle whose needs are not being met," McQueen said. "We are all seeking to coordinate the combined efforts so as to reach more people. We are not seeking to duplicate services, but rather to strengthen support for the fine programs already in existence, expand them where desirable, and to develop new services in areas not covered."

Plan To Eliminate Deficit Spending
HOUSTON--The president of the 2,500,000-member-family American Farm Bureau Federation says that farm and ranch families have a sure-fire plan to do away with federal deficit spending. The solution? No salary increases for any elected federal official until the federal budget is balanced. Speaking Thursday (Oct. 28) before an agribusiness seminar called by the Houston Chamber of Commerce, Federation President Allan Grant praised Texas state "pay as you go" fiscal policies. "If states like Texas can operate on a strict, balanced budget, so can the rest of the states, and so can this nation..." Grant said. He said that farm and ranch people suggest an amendment to the U. S. Constitution requiring that Congress operate on a balanced budget each year, and that only in extreme national emergencies should this requirement be waived through concurrence of the House, Senate and executive branch. "And while we're at it, let's knock out legislative authority for wage and price controls. They deal with symptoms and not the causes of inflation. They are a broken crutch, and a temptation for political misuse..." Grant said. The farm leader noted that the economic climate of Texas has been attractive to industrial growth, and linked this attraction to the fact that Texas is a right-to-work state "known for its fair-but firm attitude toward organized labor." "Agriculture has been concerned about what appears to be the growing monopoly power of labor unions. We see government officials, political candidates and social leaders going out of their way to appeal to, and appease, organized labor. "If you--as businessmen--were to engage in some of the practices common to organized labor, you would be vulnerable to Federal Trade Commission and Justice Department scrutiny, and possible action. "While raising food prices through harvesttime strikes of fruit and vegetable processors, through antiquated methods to make work, through featherbedding and slow-downs, union leaders have tried to distract consumer attention by suggesting that farmers cause higher food prices," Grant said. He added that labor costs now represent more than half of the total food marketing bill, and make up 67.4 percent of the average food store's total operating costs. Grant said it is unfortunate that repeal of the state right-to-work laws has become a major issue in the Presidential campaign. He noted that in 20 states, including Texas, the right of a worker to freely decide whether to join a union or not, has been protected by law. "In 30 other states, that precious right of free decision has been abridged. "Farmers believe that the Constitution of the United States guarantees to each individual the freedom to engage in worthwhile work of his choosing, and that this freedom must not be contingent upon paying homage, or union dues, to any individual or organization," Grant concluded.

Robb Will Be Revival Evangelist

Rev. Ed Robb, evangelist, will be conducting revival services at the First United Methodist Church here, Sunday, Nov. 14 through Thursday, Nov. 18.

Sunday services will be at the regular hours and services will be held at 7 a.m., 10 a.m., for women, and 7:30 p.m. Monday through Thursday.

Milk, coffee, juice and doughnuts will be served at the morning service in Fellowship Hall.

Rev. and Mrs. Gene Moore will be the singers for the revival.

A youth rally will be held Saturday, Nov. 13 at 7:30 with Rev. Steve Harper, evangelist.

Rev. H. O. Abbott, Jr., pastor, and the members of the local church cordially invite one and all to these revival services.

Edmund W. Robb is an approved evangelist in the United Methodist Church. After almost three years as pastor of the 2,200 member St. Luke's Church of Lubbock, Texas, Mr. Robb returned to the work of full-time evangelism this past September.

Mr. Robb is foremost a preacher. United Methodist Bishop Alsie Carleton recently declared, "As pastor of St. Luke's, Dr. Robb demonstrated the fact that people today are hungry for positive, Bibli-

cal preaching."

"There is no substitute for preaching," according to Mr. Robb. "One reason for our nation's moral breakdown is our current lack of vital, prophetic preaching," insists Mr. Robb.

Mr. Robb's preaching ministry has carried him to 40 states and 39 countries. He has frequently traveled abroad preaching the Good News of Jesus Christ in such countries as Brazil, Chile, India, Japan and Indonesia. Asked why he bothers to preach in dirty villages in India or freezing outdoor weather in southern Chile, Mr. Robb quickly answers, "Why should any person be privileged to hear the gospel more than once, until all have heard it?"

Since the beginning of his ministry in 1947, Mr. Robb has had keen interest in "the church beyond the local church." In 1966 he participated in the World Congress on Evangelism (Berlin, West Germany); and in 1974 he was an official participant in the International Congress on World Evangelization (Lausanne, Switzerland).

But Mr. Robb has never neglected the local "body of Christ." He effectively pastored churches for over 20 years. And according to Bishop Alsie Carleton, "Dur-

ing the two years and eight months of his pastoral leadership at St. Luke's, more than 800 members were received, attendance at worship and Church School increased dramatically, and financial support of all the causes of Methodism was generous...."

Mr. Robb is chairman of Good News - a national organization of United Methodists for Scriptural Christianity - which Billy Graham says, "... represents one of the encouraging signs for the church fulfilling its evangelistic mission, under the Bible's authority and the leadership of the Holy Spirit...."

Journalism is a primary interest to Mr. Robb. As executive secretary of the Ed

Robb Evangelistic Association, he publishes "Challenge to Evangelism Today," a quarterly religious publication with a circulation of 15,000. He has also authored three books and had articles appear in several national magazines, including Christianity Today, Good News, and The Herald.

In 1972 Asbury Theological Seminary conferred an honorary doctor of divinity degree on Mr. Robb.

Mr. Robb is the father of five children, with a son and son-in-law in the United Methodist ministry. He lives a simple lifestyle with his wife on their family farm near Marshall, in the piney woods of east Texas.

Special Youth Rally Set

There will be a Special Youth Rally on Saturday, November 13, at the First United Methodist Church in Spearman. The main service will begin at 7:30 p.m. with everyone that is young at heart welcome.

The special speaker of the evening will be Rev. Steve Harper of Borger, Texas. Steve Harper is a graduate of Haskell High School where he was Salutatorian of his class. He graduated Summa Cum Laude from McMurry College in Abilene and then went to Seminary at Asbury Theological Seminary where he graduated with honors.

Rev. Steve Harper has been preaching since he was 15 years of age. In that time he has spoken nearly 3,000 times in all types of ministries and settings. Steve has served as Youth Director in Hamlin, as student pastor in Weinert, as youth Evangelist with the Ed Robb Association, as pastor in Kentucky, as pastor of the Roby United Methodist Church and presently is pastor of the Wesley United Methodist Church in Borger, Texas. He has published one book, "Prayer Ministry in the Local Church" (Baker). Steve's wife is named Jeannie and they have two children, John and Katrina.

Everyone is invited to come for this special service.

Singers For Revival

Rev. and Mrs. Gene Moore will be the special singers for the Revival at the First United Methodist Church of Spearman on November 14-18. This fine couple will be bringing special music for the services and leading in the congregational singing. The local church choir, under the direction of Mrs. Dick Countiss, will also be singing and bringing special music. Everyone will want to come and hear all of this great singing.

Both Gene and Bobbie Moore are graduates of Be-

thany (Oklahoma) Nazarene College. They have two children at home, Susan and Jonathan, and one son Timothy Gene in heaven. They have served in the pastorate at the United Methodist Church in Hamlin, Texas and at Polk St. United Methodist Church in Amarillo as minister of evangelism. They were with the Ed Robb Evangelistic Association for a number of years.

Everyone is invited to come for the Revival Services where Gene and Bobbie will be singing from November 14-18.

COMMUNITY THANKSGIVING DINNER THURSDAY, NOV. 18 UNION CHURCH

Engagement Announced

Mr. and Mrs. Ray Surllet of Bridgeton, a suburb of St. Louis, Missouri, have announced the engagement of their daughter, Carolyn Kay, to Frank Robert Lemons, son of Mr. and Mrs. Louis Lemons of Spearman, Texas. Miss Surllet, a 1972 graduate of Pattonville High School, will receive her Bachelor of Science degree from the School of Nursing, University of Missouri, Columbia in December. Frank Lemons, a graduate of Spearman High School and 1975 graduate of the University of Missouri, is now teaching and coaching in the Hannibal Missouri High School.

After the December 18, 1976 wedding, the couple will be at home at 419 Bird Street, Hannibal, Missouri.

County H.D. Club Meet Set

There will be a meeting of Hansford County Home Demonstration Club members November 9 at 10:00 a.m. at the La Casita Room of the Gruver State Bank. A program on FESTIVE FOODS will be presented by Joy Stephenson, home service advisor for Southwestern Public Service, according to Peggy Marrs, assistant County Extension Agent.

Home Demonstration Club members extend a special invitation to all homemakers

interested in obtaining holiday recipes, learning new methods of preparation and having a chance of winning a door prize. A 'tasting bee' will follow the presentation.

Extension programs are open to all, regardless of race, color, ethnic background, economic circumstances, sex or age.

Winkler-Landrum Vows Read

Michele Ann Winkler and Donald V. Landrum, Jr., were united in marriage in a candlelight ceremony October 16th in the Trinity Episcopal Church of Fort Worth with Father James Hazel officiating.

Parents of the bride are Mr. and Mrs. J. M. Winkler of Burleson, Texas; and the bridegroom is the son of Mr. and Mrs. D. V. Landrum of Mansfield, Texas.

The bride, escorted to the altar by her father, wore a formal length gown of white satin, designed with an empire waistline, ruffled collar, and a full skirt which extended into a short train. Her finger length veil fell from a band of white roses and lilies of the valley and her bridal bouquet was a circle of white carnations crested with a white orchid and lilies of the valley attached to the white satin streamers.

As the radiant bride approached the altar, she paused to present her mother a long stemmed red rose from her bridal bouquet and as the couple left the altar following the ceremony, they paused to give the groom's mother a red rose from the bridal bouquet.

Miss Beverly Beene served as maid of honor and the bridesmaids included Mrs. Don Tingle, Mrs. Robert Carle, and Miss Donna Landrum, sister of the groom. The attendants wore formal length gowns of blue floral printed crepe and carried nosegays of white daisies. Petite Lynn Winkler, sister of the bride served as flower girl. She wore a blue floral printed gown which was designed like the other attendants. Mr. John Gainey served as

best man and the groomsmen included Lawrence Courington, David Landru, brother of the groom, and James Landlois. Master Dow Winkler, brother of the bride, served as ring bearer.

The male attendants wore blue tuxedos with blue ruffled shirts and the groom wore a white tuxedo with a blue ruffled skirt.

For her daughter's wedding Mrs. Winkler chose a formal length gown of sky blue crepe and the groom's mother chose a violet formal length knit dress. Both mothers wore white orchid corsages.

Grandmothers of the bride, Mrs. Ira Williams of Fort Worth and Mrs. Clark Winkler of Gruver, wore formal length dresses of pink and green respectively and the groom's grandmother, Mrs. Landru, wore a brown formal length dress. Each of the grandmothers wore a corsage of white daisies.

Out-of-town guests included Mr. and Mrs. Wayne Winkler, Laurie and Jeff of Beford, Texas; Mrs. Fred (Janelle Winkler) Talkington, Mark and Clark of Dallas; Mr. and Mrs. Allen Winkler, Troy and Sonja and Mrs. Wilma Lambert of Richardson, Texas; and Mr. and Mrs. Clark Winkler of Gruver.

odist Church to work on Christmas decorations.

Mrs. Smith demonstrated how to make Christmas decorations for the patients' rooms. Each member will make one or more.

Peggy Ellsworth and Gayle Smith made tray favors for Halloween.

Buena Lyon and Mrs. C. A. Kleeberger will furnish favors for Thanksgiving.

Other members will be assigned a month at a later date. With no further business, the meeting was adjourned.

Members present were Doris Ellison, Edith Smith, Buena Lyon, Alicia Pipkin, Helen Etter, Gayle Smith, Peggy Ellsworth, Michele Davis, Virginia Trindle, Billie Carrell, Mary Brown, Judy Nelson, Jeanette Allen, and Clementine Renner.

Finances & Economy Strong

AUSTIN—Comptroller Bob Bullock said Monday that the numbers in his annual report show that state government finances and the Texas economy have grown as strong as a Brahma bull.

The state collected \$8 billion in total revenues and spent \$6.4 billion during fiscal 1976, which ended August 31, Bullock said.

"That left a record cash balance of \$1.6 billion," he said, noting that the cash balance had swollen by \$200 million since the beginning of the fiscal year.

The Comptroller said that total state revenues during fiscal 1976 climbed 16 percent over fiscal 1975 levels, while expenditures rose by 15.3 percent. Both revenues and expenditures were record highs.

Economic trends which led his office to issue a rosy revenue forecast in April have held true, Bullock said.

"Texans regained confidence in the economy quicker than the average national consumer and their spending—combined with inflation—pushed all consumer tax revenues to new highs," he said. "And oil and gas production tax income has never fal-

Baptist Young Women Meet

The Baptist Young Women met Wednesday, Nov. 3, at the First Baptist Church.

Mrs. Bobby Vallery presided over the meeting.

The Prayer Calendar was read by Mrs. John Hutchison, who also led in prayer for the birthday missionaries.

Posters were made to put at the church for the Buckner's Children Home donations.

Mrs. Jimmy Kuykendall served refreshments to members. Mmes. Bobby Vallery, Boyd Dean, Glen Gray, Buford Baker, John Hutchison, and Tommy Reger.

Next meeting will be Nov. 10 in the home of Mrs. Tommy Reger.

tered." The result was record tax revenues of \$3.9 billion, said the Comptroller. He added that all other state revenues were at record highs—including \$1.8 billion in federal funds, \$340 million in licenses and fees, \$234 million in investment income and \$246 million in income from state-owned lands.

The Comptroller's 81-page annual report on state finances was delivered Monday to Gov. Dolph Briscoe, Lt. Gov. Bill Hobby, House Speaker Bill Clayton, the Legislative Budget Board and members of the Legislature.

Peggy's Pointers

Steer away from green potatoes—they may taste bitter and even be poisonous to some people.

Solanin, an alkaloid found in the green portions, is responsible for this. Greening of potatoes is caused by exposure to natural or artificial light. Sometimes only the skin is affected, but greening may penetrate the flesh.

Home gardeners should discard green potatoes harvested from their gardens. Healthy homegrown and commercially grown potatoes should be stored in a dark place away from sunlight or artificial light to prevent greening.

Proper storage can prevent greening and keep baking potatoes edible for several months, and new potatoes for several weeks. Don't wash potatoes before storing. The dampness increases the likelihood of decay. Use any cracked or bruised potatoes first.

Store potatoes in a cool (45 to 50 degrees F., if possible) dark place with good ventilation. Potatoes stored at 70 to 80 degrees F. should be used within a week or two because this high temperature often causes sprouting and shrivel-

ing. Avoid purchasing badly sprouted or shriveled potatoes or potatoes with irregular or knob-shaped growths because they are likely to cause a good bit of waste.

The Hansford County 4-H Food Show will be held in Spearman at the County Barn on Saturday, November 20. You are invited to attend the presentation of awards at 12 noon and enjoy a Tasting Bee following the awards. The 4-H project groups are busy preparing exhibits of information they have learned. More tips on safe foods, holiday centerpieces, and nutritious meal planning will be presented. Make plans now to attend and support these 4-H members.

Baptist Women Meet

The Baptist Women met Wednesday, November 3, at the First Baptist Church for their general meeting.

President, Mrs. L. L. Anthony presided over the meeting. Mrs. Woodville Jarvis read the Prayer Calendar.

Mrs. Roscoe Nelson presented the program on "India and Gaza".

Those present at the meeting were Mmes. Arthur Adkinson, L. L. Anthony, J. L. Denman, Mable Edwards, Glen Hiller, Fred Holt, F. J. Hoskins, Ed Hutton, Woodville Jarvis, Don Jones, Carl Kizziar, A. F. Loftin, Roscoe Nelson, Joe Novak, Russell Pogue and F. W. Thomas.

Next meeting will be Nov. 10 in the home of Mrs. J. L. Denman.

Annual Thanksgiving Dinner Set

The Annual Community Thanksgiving Dinner will be held Thursday, November 18, at the Union Church from 11:30 a.m. until ...

Tickets are \$3.00 for adults, \$1.50 for children 6 to 12, and free for children under 6.

GI Bill Education Benefits Altered

The President signed a new G.I. Bill on October 15, 1976 which terminates the existing education benefits for individuals recruited into the military service after December 31, 1976.

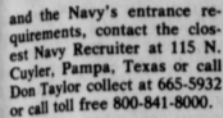

Persons currently serving on active duty or who join the Navy or enlist in the Navy's Delayed Entry Program before January 1, 1977 are considered eligible for the present G.I. Bill.

Individuals who are interested in volunteering now for one of the Navy's officer or enlisted programs and want to take advantage of the current education benefits are encouraged to contact the local Navy Recruiter at 115 N. Cuyler, Pampa, Texas or call Don Taylor collect at 665-5932 to determine whether they qualify.

Persons recruited into the military service after December 31, 1976 will be eligible for education aid if they elect to participate voluntarily in contributory program. Service members would contribute between \$50 and \$75 a month up to a total of \$2700. These funds would be matched by the Veteran's Administration on a two to one basis.

The Navy offers professional training for job skills in several programs which lead to commissioning as a Naval officer, plus more than sixty enlisted career fields including the Nuclear Field, the Advanced Electronics Field, and the Advanced Technical Field.

Hold a paper bag and turn it upside down. A blown-up balloon falls out. Let the air out of the balloon and put it back in the bag. Blow hard into the bag and reach in and pull out a blown-up balloon.

To do this trick, one of many to be found on Dixie Magic Tricks Cups for Kids, blow up two balloons and use a bit of tape to stick one to the bottom of the bag. Then drop the other on top.

Hospital

Patients in Hansford Hospital are Ollie Haebour, Pearl Burkham, Mary Miesner, Anita Limbocker, Deanne Kenney, Janet York, Linda Tosh, Craig Cooper, Winnie Urban, Mary Langley, Elena Pardon and daughter.

Dismissed were Becky Kelp, Marilyn Scroggs, Karen Crawford, Clotilde Buestos, Janice Harvey, Neal Dowdy, Susie Hand, Elvin Garrett and Buddy Harper.

Parents: Don't Let Your Children Burn

This is the second of a five part series by Dr. Gary S. Nelson, safety engineer with the Texas Agricultural Extension Service, designed to help parents teach their children and themselves how to survive a house fire.

To determine whether your children qualify as "firemen," put them through the recommended "fire drills" in this series and then give them the paper-and-pencil test below.

You can read the questions to the test while they mark the answers. Don't accept a score of less than 80. When they pass, they might get a toy fireman's badge, fire truck or other reward, symbolizing their new status and achievement.

As a further project, the family can visit their local fire department. Available firemen would be glad to show their equipment to visitors. Even then, don't let this be the end. Children need "refresher courses" and much practice to make escape from fire an automatic response.

Fire Quiz—True or False

1. If you awaken in the night and smell smoke, you should run and open the bedroom door to see where it is coming from.
2. Smoke contains poisonous gases and can kill you if you breathe much of it.
3. When phoning the fire department, say "Our house is on fire!" and hang up quick.
4. If there is a fire in your house, you should not tell anyone but should go directly to the phone and call the fire department.
5. If there is a grease fire in the oven or skillet, you should throw water on it.
6. In a fire, stairways are usually filled with smoke and heat.
7. If your clothes catch on fire,

you should run for help.

8. You should always get out of a burning building even if the fire is small.

9. If a closed door feels warm to your hand, it means that flames and smoke are on the other side and you should not open the door.

10. You should never go in buildings in which there is a fire.

Answers: 1. (F) Never open the door without first placing your hand on the panel or knob to determine if they are warm. 2. (T) 3. (F) State your name and address and wait until the fire department repeats the address back to you before you hang up. 4. (F) Always get everyone out first, and then notify the fire department if you have time to do so safely. 5. (F) Water will splatter the flames. Instead, toss baking soda or cover the skillet with a lid to smother the fire. 6. (T) 7. (F) Running is the worst thing to do. Roll up in a rug or blanket or roll on the floor. 8. (T) 9. (T) 10. (T).

A fact sheet summarizing this five-part series on teaching children how to survive a fire may be obtained by calling or writing your county Extension agent.

Planning Grant Approved

AUSTIN—Governor Dolph Briscoe has approved a criminal justice planning grant of \$44,311 for the Panhandle Regional Planning Commission, which serves 25 counties.

The local grant was among 101 approved by Governor Briscoe from Law Enforcement Assistance Administration (LEAA) funds under the Crime Control Act of 1973.

Health Tips

Food poisoning danger increases during Thanksgiving because even usually careful cooks have to deal with unique problems of amounts and timing. Even the traditional turkey poses a problem, the Texas Medical Association says.

A stuffed turkey is a tempting treat for both people and germs. Germs thrive on the ingredients in stuffing and the warm, moist inside of a turkey is a perfect breeding ground. The thick turkey meat protects germs from heat or cold that usually would kill them.

The best way to avoid potential problems is to cook turkey and stuffing separately. If you do decide to stuff the turkey, store stuffing in the refrigerator separate from the bird. Stuff the turkey just before cooking. Use a meat thermometer to make sure the interior of the stuffing reaches 165 degrees fahrenheit. Take out all leftover stuffing and refrigerate bird and stuffing separately.

Even food kept at proper temperatures can pick up dangerous germs if it comes in contact with dirty hands, contaminated raw food or dirty utensils.

Thawing the turkey also can be tricky. Doing it wrong can let germs grow on the outer meat surface while the inside is still frozen. If it is necessary to thaw a turkey out of the refrigerator, it can be unfrozen in a water-tight package under cold running water. Or the bird can be put in two brown paper bags to insulate it against overly warm temperature and prevent uneven thawing. Even these methods are not as good as thawing the bird in the refrigerator.

Thawing foods in the refrigerator takes longer and requires more pre-planning. Fresh meat and poultry should be frozen immediately after purchase. If they are not, they should be refrigerated and used within three to five days after purchase.

Sunray Stuns Gruver, 25-0

GRUVER--Pesky Sunray, not a factor in the District 1-A football race, dealt Gruver a crushing blow last night, clubbing the district-leading Greyhounds, 25-0, here.

The Gruver loss leaves it one-half game behind Stratford. Stratford is 4-0-1 in the loop, Gruver drops to 4-1.

Gruver meets Stratford next Friday to decide the district championship.

Brent McCallie and Ricky Vasquez were the primary Sunray trouble makers for Gruver. Each scored twice.

McCallie opened with a 20-yard field goal, after Sunray covered the game's opening kickoff. Then, Vasquez scored on a 20-yard jaunt to boost Sunray to a 13-0 lead after three periods.

McCallie came back with a two-yard TD and Vasquez added a four-yarder in the final period to ice the game.

Sunray's stifling defense kept Gruver to 96 yards total offense and just four first downs.

The Bobcats are 2-3 in the district and 5-3-1 for the year. Gruver is 7-2 for the year.

Irwin To Open Bankers Conference

LUBBOCK--The economic uncertainty affecting agricultural credit as well as current fiscal and monetary policies will be discussed at the fourth annual Bankers Agricultural Credit Conference at Texas Tech University Dec. 3-4.

Dr. J. Wayland Bennett, conference coordinator, said that bankers will hear reports on the outlook for 1977 production costs and the market potential for Texas agricultural commodities.

Worldwide production problems, economic conditions and national policies affecting the export demand for primary Texas agricultural products will be discussed, Bennett said.

Bennett is director of industry relations for the Texas Tech College of Agricultural Sciences.

The conference will begin with registration at 6 p.m. in the ballroom of the University Center Dec. 3.

Sessions beginning at 8:45 a.m., Saturday, Dec. 4, will deal with the borrower's points of view, future trends in capital requirements, and the outlook for 1977 in cotton, grains, oil seeds and livestock.

Kenneth Irwin, president of the Gruver State Bank, is president of the conference board of directors, and Gene McLaughlin, vice president of the Security State Bank and Trust Company of Ralls, is vice

president. Irwin will make the opening address at the conference.

Others who will participate in major discussions include: Norman O. Briscoe Proposes More Education Funds

Governor Dolph Briscoe today recommended that the State increase its share of the Foundation School Program to 90 percent, with the remaining 10 percent assigned to the districts on the basis of estimates of taxable value.

The Governor's Office, Education Resources, has just completed a 14-month market value study of all school districts and estimated the State's total taxable wealth as \$238 billion.

In recommending the \$640 million increase of State support, Briscoe said, "As education costs have risen, State support has not kept pace. Even with the increase in funding provided by H. B. 1126 (passed by the last session of the Legislature), State

The largest work force of a civilian organization belongs to the United States Post Office which employs over 696,000 hard-working postal workers. Ever try and figure out how many miles our dedicated letter carriers have walked on their daily rounds since the Post Office was established in 1792 so that our mail arrives safely on time?

Our own jobs probably depend on electricity, and we rely on the people who make it to have it there. Just as we rely on them to have it waiting when we come home at night.

Seldom are we disappointed.

But what about tomorrow? Or 10 years from now? Will there still be enough electricity when we want it, as always? The experts at Edison Electric Institute, the principal association for the nation's electric companies, feel that the answer is hopefully yes, but it will have to cost more.

The people at our electric companies rely on us to understand this just as we rely on them for dependable service.

People once grew leaks on their roofs to ward off lightning and similar evils which could cause leaks in their roofs.

In Central America, gold is believed to have a soul.

support only covered 75 percent of the total cost."

The net effect of this recommendation will be a 60 percent reduction in the amount the districts will contribute. The level of the local share will require approximately 9 cents per \$100 in effective tax effort, compared to the existing 35 cents rate. Thus, with the State picking up more of the cost, there should be some relief for local taxpayers. In fact, to insure that his recommendations will bring about taxpayer relief, the Governor is conditioning his commitment for increased State support on the legislature placing a ceiling on taxation in each school district. "I will not approve legislation placing additional State funds into public education unless this ceiling or cap on local taxes is part of that legislation," he said.

In addition to the increase in State support for Foundation School Program, the Governor recommended several other major changes in school finance. Altogether they entail an increase of \$850 million in new State money over the next biennium.

Discretionary funds to cover school district maintenance and operating expenses should be increased \$50 million. The Governor cited escalating costs of materials, supplies and skilled labor associated with maintaining facilities and equipment as reasons for the increase.

Transportation costs have also risen and the Governor recommends an increase of \$25 million to be made available over the next biennium.

Small districts face unique problems in providing adequate staffing. H. B. 1126 provided an adjustment formula for these districts. The Governor recommends ex-

panding the formula to include all districts with fewer than 1000 ADA, not just those with over 300 square miles as set forth in the present law. The additional cost will be \$15 million over the biennium.

The Governor recommended increasing State Equalization Aid to \$250 million. A provision for equalization aid was included in H. B. 1126 to assist poorer districts which lack local resources to enrich their programs. The increase and new allocation formula will provide as much as \$210 per ADA (Average Daily Attendance) which is nearly four times the amount provided by H. B. 1126.

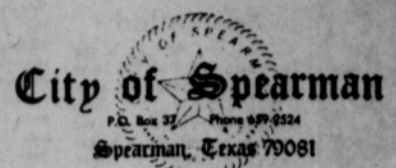

The Governor also recommended \$10 million for "renewal and accountability" terms used by the Education community to denote evaluation of educational goals and an orderly process of change. To encourage the improvement of school district tax administration, Briscoe recommends the allocation of \$10 million over the next biennium to the tax offices.

Dear Tim, Ronnie, John, and Bob:

I've received a lovely letter from Tim's mother and a newspaper clipping from The Spearman Reporter describing the fantastic job you did raising money to help us win the fight against muscular dystrophy.

I salute your efforts to make good things happen for those less fortunate. Thanks to beautiful people like you, we'll win this battle for "my kids" soon. Stay in the fight with me. God bless you.

Sincerely,

Jerry Lewis

Editors note: your local newspaper did not deserve any of the credit for this successful drive. The local radio station, and the people of Spearman made this possible. However, we do thank Jerry Lewis for the personal letter to the local men...

Leann Shieldknight Honored

PLAINVIEW, TX.—Leann Shieldknight, daughter of Mr. and Mrs. Jimmy Shieldknight of 724 Gibner, Spearman, Texas, was one of twenty students chosen for Who's Who Among American Colleges and Universities on the Wayland Baptist College Campus.

Leann, a 1973 graduate of Spearman High School, carries a 3.32 grade average. She is active in Student Foundation, Student Union Board, Omega Phi Alpha, and Fellowship of Christian Athletes. She has held several previous offices in the Student Foundation and presently serves as president. She is Co-captain of the Flying Queens, and has been on the Dean's Honor Roll several times. Last year she was a nominee for Homecoming Queen.

4-H Meeting Scheduled

The next meeting of the Spearman 4-H Club has been scheduled for November 11 at 7:00 p.m. at the Spearman County Show Barn. We strongly encourage each and every 4-H member to attend this meeting if at all possible. Business session, Veterinary program and recreation will be enjoyed by all. Parents and youth are invited.

If there are any individuals between the ages of 9 - 19 interested in becoming a 4-H member, we encourage you to attend our meeting and enroll in one of our programs. All programs and information of the TAEX are available to everyone without regard to color, race, religion, sex, age, or national origin.

Letter To The Editor

Dear Editor: I clipped a part of The Reporter out and sent it to Jerry Lewis and thought possibly you would like to publish his reply. I was very proud of Spearman and their wonderful work for Muscular Dystrophy.

Sincerely,
Mrs. J. B. Woodington

Twirlers Win Honors

The Spearman High School Twirlers competed in the U.I.L. twirling competition on Tuesday, October 26.

They competed in the twirling ensemble line-up and received a Division I (or excellent) rating. This qualifies them to compete in the State meet in May.

Glenda Cook and Brenda Cook competed in the twirling

solos. Glenda received a Division I rating which qualifies her for the State solos also held in May.

In the competition were Dalhart, Pampa, Panhandle, Spearman, Phillips and Stratford, with only Spearman's twirlers receiving the excellent rating. We should be proud of our twirlers!
