Outstanding year projected

Other officers named at the Luncheon Thursday were; Lynn Anne Maize, President Elect; Scott Beedy 2nd Vice President; Don Townsen was named Treasurer. New Directors for 1987 will be Wirt Davis and Randall Sauer.

Some of the top priorities for 1987 include Supporting the work at the Palo Duro Dam north of Spearman; The Valley View Energy Project north of Gruver; and Improving the Manor and Hospital Facilities in the County.

Recently the Chamber of Commerce conducted a poll among members and citizens of Spearman and the above mentioned projects were rated as the most important for the area.

Dear Santie Claws:

I live way out in the sticks from Spearman. Please bring me (1) A map of the worl. (2) a book on Edison's latest inventuns (3) a book on astronmie.

Santy you can't imagine how eager I am to learn! The reason I am so ignorant about astronmie is becaus I go to bed early and I never see a star unless one happens to fall by my winder.

Santie if you have a book on "How

to Overcome Bashfulness" would you be so kind as to include it in the list. My motto is: "Insist on gittin' what you want," and believe me I shure crave to know somethin.

Mama said when I grew up that uncle had predicated or subjuicated. I don't remember now jist what-but that I would be a great quarter-back. Now Santie what did she mean? The only quarter-back I have dreamed of was the one I spent at a circus, where it said "See the wild West show-and if you are not satisfied you may have your quarter-back."

Well, I didn't like the show, so I asked a clown for my quarter-back, and he shot a whole thru my Sunday and Monday hat.

Santie please remember me cause I've been so good.

Your for more nolege,
LITTLE BILLY JARVIS

Dear Editor,
Someone has taken my Santa Claus, his Reindeer and Sleigh from my front porch.

I hope who ever took them will have as happy a holiday as my grandchildren will have unhappy, when Santa and his Reindeer are not on my porch Christmas Eve. It has been there for the last 6 years. They are

Crochet items. Santa is red, white with white Pom Poms for his mustache and beard. Reindeer is brown with dark brown felt, red pom pom for his nose. Sleigh is red and white about 2 1/2 ft. long by 18 in wide.

If anyone see's them please bring them home. 203 S. Archer

Ruth Mary Whitson gave a wonderful Christmas program including the loved story of the Holy Birth, a poem "I Remember" and by Sue Monk Kedd, "How to Stop, Look, and Listen for Christmas."

Those enjoying the delicious meal program, and visiting were Nellie Albrecht, Karen Babitzke, Sammie Bishop, Deta Blodgett, Marjorie Curtis, Cleo Denman, Mabel Edwards, Sada Hoskins, Hazel Loftin, Hollie Riley, Ora Sanders, Margaret Shedeck, Jewel Turner, Ruth Mary Whitson, and Ethel Ellsworth.

"Say No"

"Do you want to know how to say 'No' and still be able to keep your friends?" Sharon Scott, a licensed professional counselor and president of Scott & Associates- a Dallas based firm offering training and consulting to schools will be coming to Spearman Jan. 22-23. She will conduct workshops with Jr. High & Sr. High students & will speak to parents on night.

Be watching for further details in the next few weeks. Ms. Scott is a dynamic speaker and we feel fortunate to have her coming to Spearman!

The annual year-end news conference of the Texas Cattle Feeders Association will be Dec. 30 at the TCFA office in Amarillo. We'll begin at 10 a.m. and should be done by 10:30 or 10:45.

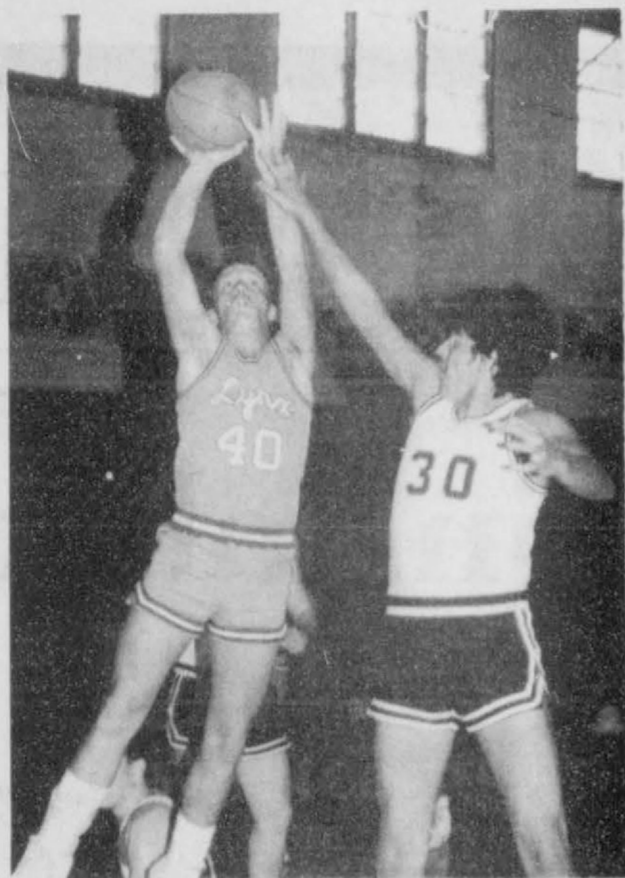

It's been an eventful year in the cattle business, and our newly-elected president, Zay Gilbreath of Gruver, will run down the top 10 events in the industry for 1986. Charles E. Ball, TCFA executive vice president, will do the same for the top 10 around TCFA this year. We'll round out the news conference with TCFA Market Director Jim Gill, who will look at what the cattle market may have in store for cattle feeders in 1987.

I hope you or one of your people can attend.

You Make The CALL

With the Best Christmas Gift Of All — GTE's Custom Calling Services

For Spearman Customers

CALL FORWARDING is so easy, we even use it when we go over to visit the grandchildren or go out for an evening to play cards with the Johnsons. I just dial a code number and the number where we'll be, and our calls go where we go."

buttons to reach the fire department, or the police, or an ambulance, or Mrs. Murphy down the street, even my grandma and grandpa. And I can always call dad and mom at work. SPEED CALLING is pretty nifty."

"Sometimes I get home from school before everybody else, since dad and mom both work. So they got SPEED CALLING on the phone and it's really neat. They've already programmed all the code numbers into the phone's memory. So if there's an emergency or something, all I have to do is push a couple of buttons to reach the fire department, or the police, or an ambulance, or Mrs. Murphy down the street, even my grandma and grandpa. And I can always call dad and mom at work. SPEED CALLING is pretty nifty."

"I was telling Victor just the other day about how he ought to get THREE WAY CALLING just like I've got. I may be retired, but I haven't slowed down yet. It just makes it a whole lot easier to handle my consulting work. When I'm talking to Fred, I just push the switch down and dial Dudley's number. Then when he answers, we're all three talking on the phone to one another. THREE WAY CALLING is also a great way to get our children all on the phone with us once in a while, since they live so far apart."

"Being a teenager, you know, isn't the easiest thing in the world in general. So CALL WAITING sure helps out. Since we got it, our phone is never really busy, and my dad and mom sure like that. Like if I'm talking to Jennifer or Chris or somebody for a long time, I'll hear a little beep on the line that means someone's calling our number. So with this CALL WAITING, I just push the switch to click over and see who it is, and the same way to get back to my friend to tell him I've got to get off the phone now."

Congratulations on a Job Well Done!

Dear Wanda and Student Council Members,

Congratulations on a job well done! As usual, the Spearman Community certainly showed how much they care about their fellowman! This was the second best blood drive in the history of Spearman, Texas. The time, effort and enthusiasm demonstrated by you and the Student Council is unmatched. Your efforts certainly paid off.

The 91 donations our center received will benefit at least 364 different patients in the 21 area hospitals we serve. Without the help of the Spearman High School Student Council, this would not have been possible.

I am looking forward to working with you again next year. Again, thanks for SHARING!

Sincerely,
 Kim Killian

Among the Neighbors

On Wednesday of last week Helen Etter fell at home and broke a bone in her foot. Helen and Tom, now both with impaired mobility, have found some medical devices very convenient. They have been most grateful for the consideration and kindness of their friends.

 Danny Jackson, of Huntsville, Arkansas, has been here several days. His "headquarters" are at his brother, Pat and Charlottes home. He is visiting other relatives and friends also.

 Pheasant hunting guests of Mr. and Mrs. R.L. Huse are Ann and Doug Johnson of Freeport, and Kim and Mike Connelly, Round Rock, with Erin Renee. Five month old Erin Renee is not too interested in pheasant hunting, but is visiting her great grandparents for the first time.

 As most are well aware, the Cattleman's Supper Club is under new ownership. Tom Collier is the new owner-manager and is dedicated to developing a restaurant reputation as having the best food, and the best

service in the Panhandle. It is his intention to serve only the finest quality, and best prepared food at reasonable prices.

As soon as his new equipment arrives, he will serve a luncheon buffet Monday thru Friday.

Tom grew up in this area, graduating from Gruver High School in 1963. He served 11 years in the U.S. Navy; had 4 combat tours in Viet Niem, berthed at practically every naval port in the Orient; traveled extensively in the Far East as well as Australia and New Zealand. Incidentally Tom is entitled to wear 8 military decorations.

He has an excellent background for restaurant management as his naval career included all aspects of the Naval Food Service and Lodging, and he is a graduate of Amarillo College School of Restaurant management; and was the operator of the Elks Club restaurant in Guymon.

Unmarried at this time, he has three step-daughters and is living at the Collier home place north of Spearman.

When asked how he could come back to the wind-swept prairies after such travel, and life in such exotic cities, Tom replied "This is Home".

Museum

The Stationmaster's House Museum Board has great hopes for the future. A replica of Old Zulu is just waiting to be built. You know or may not know Zulu was the first Trading Post and later a Post Office north of the Canadian River. It was located on the Perry Hawkins ranch now owned

by his son, Jeff. The site has been excavated by archaeologist, Bill Harrison. We have the dimensions and other pertinent information. Hansford County residents, in reminiscence, have contributed much. One of these is Viola (McNabb) Whitson. She spent many enjoyable hours at Zulu.

Would you like to make Old Zulu a reality? This can be accomplished if we only had the money. There is one Hansford County resident who is willing to do his share. He will donate \$5000.00 to the Museum if that sum can be matched. How about you, the public, making this possible? Surely there is someone out there who is willing and able to match the \$5000.00.

1986 is almost gone. Your deductible donation can serve two purposes - save on your income tax and help make Old Zulu live again, your children and future generations will thank you for preserving history for posterity. Write your check today. Bring it by the Museum or give it to any Board member.

SEASON'S GREETINGS
 May the warmth of the great holiday fill your stocking with joy and peace.

Empty Stocking Fund

It's that time of year again when the Hansford Manor is collecting donations for their "Empty Stocking Fund". The manor has several needy residents who have need of this fund. The money goes to buy these residents clothing, toiletries and other personal items throughout the year. Your tax deductible donations are greatly needed and appreciated. Send them to the Hansford Manor in care of Jody Harnish or Carol Hergert.

Remember Your Museum on Christmas

Christmas gifts are on our minds at this time of the year. Why not make this an unusual one and remember your museum. Give a tax deductible donation and help yourself at the same time.

If history is not preserved now, children will never know how their ancestors lived and how hard they worked to make the future better for them and for generations to come. Let

them see the many changes that have taken place over the years.

Your Museum Board is anxious to preserve Hansford County's history; but it takes money to do this. The doors are kept open only by donations. Any size gift is greatly appreciated and assure you of the best possible use. Will the \$5000.00 check earmarked for Old Zulu go unmatched and consequently lost? We hope not.

help people figure out how to apply enough conservation practices to keep them in compliance with the 1985 farm bill."

Such plans may include crop residue management, terraces, waterways or other practices.

Farmers with highly erodible land may also want to consider placing it in the Conservation Reserve Program, Edwards said. There will probably be another sign-up for the CRP in early 1987.

Department of Public Safety

Each year we observe several state and national holidays. Some of these holidays are more meaningful to us than others and from a traffic safety standpoint, some are more deadly than others.

"In the past, the New Year holiday is usually the most deadly period we have on Texas streets and highways", stated Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety. "There are several reasons for this, but the main one is the fact that this is a celebrated holiday and much of that celebration includes alcohol", Major Cawthon added.

Many people have the misconception that as long as they remain under the legal limit of intoxication, they are not impaired as drivers. "Nothing could be farther from the truth. Even small amounts of alcohol begin to slow a persons ability to make quick,

accurate judgements and reduces their reactions, both of which are vital to the safe operation of a motor vehicle", Major Cawthon said.

Each year over 25,000 people are killed by the drinking driver nationwide. In Texas, at least 55 1/2 of the fatal accidents are alcohol related.

Once again, your Department of Public Safety troopers will be highly visible with all available troopers working this holiday. They will be trying to remove as many intoxicated

drivers as possible to make our highways a safer place. Please don't drink and drive. Together we can make this a happy New Year for all.

There is probably no other holiday that gets people in a more festive spirit than Christmas. With all the gift shopping, holiday music, and the excitement of having the family all together, it's no wonder why this is a favorite holiday among Americans.

But for some Texas families, this will be a special holiday, one to be remembered forever. Not because it was such a good time, but because they have lost a friend or loved one in a traffic accident.

Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety stated, "Last year 15 people lost their lives on Texas streets and highways during the Christmas holidays. This was with the holiday period falling during middle of the week. This year however, most Texans will have four days off during this holiday, so the potential is there for a more deadly period."

"Historically, speed and the drinking driver have been responsible for most of these holiday fatalities," Major Cawthon added. Each year roughly 20,000 people die in this nation because of speeding, and that many or more will be directly or indirectly related to alcohol. Once again extra D.P.S. troopers will be on the roads watching specifically for these and other traffic violations to keep the road a safer place for you and your family.

Please don't become one of this year's highway death statistics. Slow down, don't drink and drive, and make sure everyone is buckled up.

Tax Time

The Stationmaster's House Museum Board invites you, the public to be a part of your County Museum. To do this a tax deductible donation will help make this possible. At this time of the year many people are striving to reduce their income tax. Time is running short when this can be accomplished. Ask your accountant how much you can give to help yourself and the Museum. Any donation, large or small, will be greatly appreciated. Remember it is tax deductible.

USDA News

A list of highly erodible soils was recently released by the USDA Soil Conservation Service as mandated by the Food Security Act of 1985. The list revealed that all land in Hansford County is highly erodible.

The conservation compliance provisions of the Act denies most USDA farm program benefits to farmers who farm highly erodible land unless the land is being farmed in accordance with a conservation plan approved by the local Hansford Soil & Water Conservation District.

The Act allows a grace period for those who are not using a conservation plan. They have until January 1, 1990 to develop and begin actively applying a plan. They have until January 1, 1995 to have the plan fully in effect.

The provisions will have no effect on farmers who are using up-to-date conservation plans. If you are farming highly erodible land with a conservation plan, check with the Soil Conservation Service office in Spearman to find out if it meets conservation compliance provisions.

"We are ready to help anyone prepare a conservation plan that doesn't have one", Monnie Edwards, district conservationist for the SCS said. "We will do our best to try to
